Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using the DAF Form 847, *Recommendation for Change of Publication*; route DAF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all supplements that directly implement this publication must be routed to the OPR of this publication for coordination prior to certification and approval. The authorities to waive wing, unit, delta or garrison level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, **Table A10.1**, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of

Terms

Morale, Welfare, and Recreation Capabilities—Those capabilities which for Airmen, Guardians and their families enhance their quality of life, improve retention, build and sustain resiliency and readiness, and are not the responsibility of other DAF agencies. The DAF uses the terminology "capabilities" versus "programs" or "activities" to emphasize the point that MWR programs are resources capable of enhancing resiliency and readiness skills for Airmen, Guardians, and their families. These capabilities provide opportunities for connectedness and recharge individuals physically and mentally in an environment that also develops unity and a sense of trust. MWR capabilities include (but are not limited to) the following programs: fitness, sports, library, child development, youth, arts and crafts, auto skills centers, recreation equipment checkout, outdoor recreation, clubs and gaming, bowling, golf, aero club, and other membership programs.

Nonappropriated Funds—Cash and other assets that NAFI both generate and receive from sources other than Congressional appropriations. They are government funds separate from funds of the United States Treasury, but entitled to the same privileges, immunities, and fiduciary responsibilities. NAF include dividends from Army and Air Force Exchange Service operations; fees, charges, dues, and retail proceeds from NAFI-supported activities; income from NAF concessionaire contracts and commercial sponsors; contributions and donations; and grants from other NAFI. NAF are government funds entitled to the same protection as APF.

Nonappropriated Fund Instrumentalities—Instrumentalities of the United States Government, as well as fiscal and organizational entities of the DoD, which provide MWR and MWR-related programs and services. DAF NAFI operate on successor relationships in which higher headquarters nonappropriated central funds are financially responsible for lower echelon NAFI.
