This manual implements Department of the Air Force Policy Directive (DAFPD) 36-26, *Total Force Development and Management* and is consistent with DAFPD 36-20, *Recruiting Programs and Accession of Air Force Military Personnel*, and DAFPD 36-30, *Military Entitlements*. This manual explains how to compute service dates and dates of rank (DOR) and establishes who computes, records, reports, and corrects them in accordance with Department of Defense Instruction (DoDI) 1310.01, *Rank and Seniority of Commissioned Officers*. This manual applies to the uniformed members of the Regular Air Force (RegAF), United States Space Force (USSF), Air National Guard (ANG), and Air Force Reserve (AFR). In collaboration with the Chief of Air Force Reserve (AF/RE), the Director of the Air National Guard (NGB/CF), and the Chief Human Capital Officer of the Space Force (SF/S1), the Deputy Chief of Staff for Manpower, Personnel, and Services (AF/A1) develops personnel policy for military accession policy. This manual may be supplemented at any level; all major or field command-level supplements must be approved by the Human Resource Management Strategic Board prior to certification and approval. Refer recommended changes and questions about this manual to the office of primary responsibility using Department of the Air Force Form (DAF) 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate functional chain of command. Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed of in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. This Instruction requires the collection

and or maintenance of information protected by the Privacy Act of 1974 authorized by Department of Defense Directive (DoDD) 5400.11, *DoD Privacy and Civil Liberties Programs*. The applicable System of Record Notice (SORN) DOD-0020, *Military Human Resource Records (MHRR)* and DoD-0008, *Freedom of Information Act and Privacy Act Records (FOIA/PA Records)* are available at **http://dpcld.defense.gov/Privacy/SORNs.aspx**. The authorities to waive wing-, unit-, or delta-, level requirements in this manual are identified with a tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, for a description of the authorities associated with the tier numbers. Submit requests for waivers through the chain of command to the appropriate tier waiver approval authority, or alternately, to the requestor's commander for non-tiered compliance items. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this manual does not imply endorsement by the Department of the Air Force (DAF).

Chapter 2

COMPUTING, RECORDING, AND REPORTING SERVICE DATES

2.1. Overview. The military has many different service dates. A member can have different service dates for different purposes ranging from promotion eligibility to military pay. Generally speaking, service dates are established upon original entry into the military. These dates may be modified, however, due to a break in service, promotion, or time lost under 10 USC § 972. See *Table 2.1 for an explanation of all service dates and Table 2.2 for required service dates for enlisted, warrant officer, and officer. For additional guidance on service retirements, refer to DAFI 36-3203, *Service Retirements*, Chapter 10.

Table 2.1. Explanation of Service Dates.

RULE	A If service date to be computed is	B and individual is	C then this date includes
1	TAFMS date. See **note 1**.	enlisted, warrant officer, or officer	all periods of active federal military service in commissioned, warrant, flight officer, or enlisted status. When there is no break in active-duty service from date of original entry of such duty, TAFMS date is the date of original entry on active duty. When there is a break in active duty, TAFMS date is later than the date of original entry on active duty by a period equal to the break or breaks. Does not include active duty while a student at the Uniformed Services University (USU) or Health Professions Scholarship Program (HPSP) or Financial Assistance Program (FAP). For enlisted only, includes concurrent enlisted cadet status and solely cadet status at a service academy.
2	TAFCS date. See **note 1**.	an officer and warrant officer	all periods of active-duty federal commissioned service. When there is no break in active duty commissioned service from original date of entry on active duty in such status, TAFCS date is the date of original entry on active duty in commissioned status. When there is a break the TAFCS date is later than the date of original entry on active duty in commissioned status by a period equal to the break or breaks. Does not include active duty while a student at USU, HPSP, or FAP.
3	TFCSD	an officer and warrant officer	all periods of federally recognized commissioned service, whether active or non-active duty. When there is no break in commissioned service from date of acceptance of original commission or from date of original federal recognition, TFCSD is the date of acceptance of original commission or the date of federal recognition, as appropriate. When there is a break, the TFCSD is adjusted, as required, due to creditable/non-creditable service. See **note 10**.
4	TYSD	enlisted, warrant officer, or officer in the ARC	all service as a commissioned officer of any uniformed service. See **notes 2, 3 and 10**.

RULE	A If service date to be computed is	B and individual is	C then this date includes
5	DOR	an ARC warrant officer or officer	all service in the current Reserve grade except periods of service in a non-promotable category, i.e., Temporary Disability Retired List or Inactive Status List Reserve Section. See **note 4 and 5**.
6		enlisted	initial DOR equal to the date of enlistment or effective date of promotion. Adjust the DOR to account for time served in the grade.
7	CGDOR	Warrant officer or a Regular component officer	service credit awarded in accordance with DAFMAN 36-2032, *Military Recruiting and Accessions*, that exceeds the service credit required for appointment in the entry grade; or all service in the grade in which ordered to active service except period of service in a non-promotable category, i.e., Temporary Disability Retired List or Inactive Status List Reserve Section. **(T-0)** For Accession incentive monetary bonuses for officers in critical skills, refer to DoDD 1304.21, *Policy on Enlistment Bonuses, Accession Bonuses for New Officers in Critical Skills, Selective Reenlistment Bonuses, and Critical Skills Retention Bonuses for Active Members*; and DoDI 1304.29, *Administration of Enlistment Bonuses, Accession Bonuses for New Officers in Critical Skills, Selective Reenlistment Bonuses, and Critical Skills Retention Bonuses for Active Members*.
8	Total Enlisted Military Service Date (TEMSD)	enlisted	all periods of active and inactive enlisted service creditable for basic pay, usually, the TEMSD is the same date as the pay date. See **note 6**.
9	Pay Date	enlisted, warrant officer, or officer	service computed according to the Department of Defense (DoD) Financial Management Regulation (FMR), Vol. 7A, *Military Pay Policy – Active Duty and Reserve Pay*, Chapter 1. For Accession incentive monetary bonuses for officers in critical skills, refer to DoDD 1304.21, *Policy on Enlistment Bonuses, Accession Bonuses for New Officers in Critical Skills, Selective Reenlistment Bonuses, and Critical Skills Retention Bonuses for Active Members*; and DoDI 1304.29, *Administration of Enlistment Bonuses, Accession Bonuses for New Officers in Critical Skills, Selective Reenlistment Bonuses, and Critical Skills Retention Bonuses for Active Members*.
10	Extended Active Duty. See **note 7**.	enlisted	time from the date the member entered on current tour of extended active duty (Regular or Reserve).
11		Warrant officer or a Regular officer or	service from the date of acceptance of commission or appointment in the RegAF or USSF.
12		an ARC warrant officer or officer	service from the date the member entered on current tour of extended active duty. **NOTE:** Do not change this date for officers who are appointed in the DAF while serving on extended active duty as an Airman or Guardian in the DAF, or for non-career officers with an established date of

RULE	A If service date to be computed is	B and individual is	C then this date includes
			separation who accept Career Reserve Status while serving under a specified period of time contract. However, the extended active-duty date of an ARC officer who transfers to the Air Force while on extended active duty with another service is the date the officer is ordered to extended active duty with the DAF. When an officer enters extended active duty while serving on a specified short tour of active duty for training, the extended active duty is the date the officer enters extended active duty.
13	1405 Service Date (service for retirement pay multiplier)	Enlisted, warrant officer or officer with "18-plus years active military service"	all service creditable under 10 USC § 1405, *Years of service*, (AFR and ANG) computed according to DAFI 36-3203, *Service Retirements.* Include service for basic pay before 1 June 1958; all active duty after 31 May 1958; one day for each inactive-duty point earned while not on active duty limited to maximum allowable points, including membership points in any one retirement year in accordance with 10 USC § 12733, *Computation of retired pay: computation of years of service*. **(T-0)**
14	DIEUS	enlisted, warrant officer, or officer	service from the date of initial acceptance of commission, appointment, or enlistment in any branch of a Uniformed Service (Regular or Reserve; active or inactive). This is a fixed date and is not adjusted for time lost or breaks in service. It includes enlistment as a Reserve in the Reserve Officers Training Corps (ROTC) program, or as a scholarship cadet or midshipman under 10 USC § 2107, *Financial assistance program for specially selected members* or 10 USC § 2107a, *Financial assistance program for specially selected members: Army Reserve and Army National Guard,* enlistment under 10 USC § 12103, *Reserve components: terms*, enlistment in active component delayed entry/enlistment program, and entrance as a cadet or midshipman at a service academy.
15	DIERF	any ARC enlisted, warrant officer or officer	the date of initial acceptance of commission, appointment, or enlistment in any Reserve component of the Armed Forces. This is a fixed date and is not adjusted for time lost or breaks in service. Enlistment or commissioning not for initial affiliation with a participating Reserve program, the DIERF is the subsequent date that the individual re-affiliates with the Reserve component. This date does not include time in the active component, delayed entry/enlistment program, ROTC, or professional appointment program. See **note 8**. This date can be later than the pay date.
16	Current Grade Effective Date/Permanent Grade Effective Date	enlisted, warrant officer, or officer	the date an individual is entitled to the pay and authority of the grade. See **note 9** for officers.

RULE	A	B	C
	If service date to be computed is	**and individual is**	**then this date includes**

NOTES*:*
1. If a Reserve member is not on extended active duty, compute the TAFMS date and TAFCS date in years, months, days from the point credit summary (AFMAN 36-2136, *Reserve Personnel Participation*) or equivalent from any uniformed service.
2. DOR is used to determine a warrant officer and officer's eligibility for an ARC promotion. TFCSD determines active ARC status based on maximum service under 10 USC § 14507, *Removal from the reserve active-status list for years of service: reserve lieutenant colonels and colonels of the Army, Air Force, and Marine Corps and reserve commanders and captains of the Navy*, or 10 USC § 14508, *Removal from the reserve active-status list for years of service: reserve general and flag officers*, (a) and (b) for officers appointed on or after 1 July 1955.
3. Limit service credit according to DAFMAN 36-2032.
4. Use DOR to determine the eligibility for a Reserve member's promotion under Public Law 103-337, 108 Stat. 2663, *The Reserve Officer Personnel Management Act*. When promoted, award a DOR according to AFI 36-2504, *Officer Promotion, Continuation and Selective Early Removal in the Reserve of the Air Force*. ARPC/PB is the office of primary responsibility for Reserve officers. NGB/A1 is the office of primary responsibility for ANG officers.
5. When on extended active duty, DOR equals permanent grade DOR unless one of the following applies: either the officer's permanent grade is higher than the current grade, or the permanent grade DOR is earlier than the CGDOR when the permanent and current grade are equal.
6. TEMSD applies only to E-7s and E-8s.
7. For ARC members, active-duty pay begins in compliance with an extended active-duty (EAD) order. The EAD date cannot be earlier than the date reflected on the AF Form 766, *Extended Active Duty Order*, block 13. If the order states the "Effective date of duty is on or after", the travel voucher is used to determine the EAD. If travel is earlier than the date on the EAD order, establish the EAD as the date stated on the order. If travel is on or after the date on the order, establish the EAD date as the first day of travel determined by the travel voucher.
8. If an ROTC graduate chooses to participate in the Selected Reserve instead of RegAF or USSF, the DIERF is the date of commissioning, if there is no earlier qualifying date.
9. These dates are never earlier than TFCSD. If the officer receives constructive credit according to DAFMAN 36-2032 do not reflect it in either date.
10. For ANG officers include all service in a federally recognized commissioned status in the National Guard; all service in the National Guard after 14 June 1933, when such service was continuous from the date of federal recognition as a National Guard officer to the date of appointment in the National Guard; and all service credited under 10 USC § 12207, *Commissioned officers: service credit upon original appointment* (service in the Women's Army Auxiliary Corps is not creditable). TYSD is the member's Retention/Retirement (R/R) Date

NOTES:
1. Pertains only to enlisted personnel in grades E-7 and E-8.
2. The 1405 service date (for the retirement pay multiplier) for officers and enlisted on attaining 18 years of active military service.
3. If an ARC member is on extended active duty, compute the TAFMS date and TAFCS date in years, months, and days from the point credit summary.

2.2. Computing Service Dates. AFPC, ARPC, and NGB/A1 compute service dates. **Table 2.3** shows the service that may be credited when computing the TAFMS date, Total Federal Military Service Date (TFMSD), TAFCS date, TFCSD, TYSD, TEMSD, the pay date, and the 1405 service date (terms explained in **Table 2.1**.). The DoD FMR, Vol. 7A, **Chapter 1**, *Military Pay Policy – Active Duty and Reserve Pay*, explains how to compute the basic pay date. Use **Table 2.1**., Rules 14 and 15, to determine the DIEUS and DIERF dates.

2.2.1. Do not adjust service dates and DOR for RegAF officers appointed before 15 September 1981, because of Public Law 96-513, *Defense Officer Personnel Management Act*, except as the Act authorizes. Continue to apply regulations in effect before 15 September l981, when you need to verify or adjust these officers' service dates.

2.2.2. Do not adjust service dates and DOR for Reserve officers appointed before 1 October 1996, because of the *Reserve Officer Personnel Management Act*, except as the Act authorizes. Continue to apply regulations in effect before 1 October 1996, when you need to verify or adjust these officers' service dates.

2.2.3. AFPC/DPMLT or ARPC/DPT restores service dates to the member's original dates prior to separation or discharge when a court order or the DAF Board for Correction of Military Records mandates reinstatement.

2.2.4. In computing the TFCSD of AFR officers or chief warrant officers, begin with the date the officer accepted a commission. For ANG officers or chief warrant officers, start with the oath date.

2.2.5. In converting months into days and days into months, consider each month as 30 days (including February).

2.2.6. In subtracting inclusive dates, add one day to the remainder. **Exception:** If remainder is 31 do not add a day to the total.

2.2.7. If a computed service date is 30 February, record it as 1 March. If a computed service date is 29 February, record it as 29 February, even if the year is not a leap year.

2.2.8. If a computed service date is in a leap year, change 29 February to 30 February, but do not change 28 February. In other than leap year, change 28 February to 30 February. Never change the beginning date.

2.2.9. If a member enters on extended active duty while on a tour of active duty for training, or active duty, or on the day after the last day of the active duty for training or active-duty tour, there is no break in active service. Consider TAFMS date and TAFCS date as the first day of the tour and backdate them by previous creditable active-duty service.

2.2.10. In computing the TAFMS date, TFMSD, TAFCS date, TFCSD, TYSD, and TEMSD, include all periods of active duty for training. For a tour of 30 days or less, count the actual number of days.

NOTES*:* 1. Credit extended active duty, including active duty for training for active AFR and ANG								

personnel, as an officer, warrant officer, Army field clerk, and enlisted member of the uniformed services (to include service under 32 USC § 503, *Participation in field exercises*, 32 USC § 504, *National Guard Schools and small arms competitions*, and 32 USC § 505, *Army and Air Force schools and field exercises*).
2. Credit extended active duty, including active duty for training as an officer, warrant officer of the uniformed services (to include service under 32 USC §§ 503, 504, and 505).
3. Credit active and non-active duty as an officer, warrant officer. This includes any period for which a member of the armed forces is on one of the following: the Regular retired list as an officer, warrant officer; a non-Regular retired list (such as Reserve Retired), if the member concurrently holds a valid commission, or a Temporary Disability Retired List. Do not count any period more than once.
4. Credit only enlisted service. This date only applies to E-7s and E-8s. See AFI 36-2502, *Enlisted Airman Promotion and Demotion Programs*, for further information.
5. Do not credit active duty while a student in the HPSP or the USU as active military or active commissioned service. Credit service while in the HPSP or USU for TFCSD and TYSD. For Regular or Reserve members who have been reappointed to Medical Service Corps, Biomedical Sciences Corps, or Nurse Corps or who graduated from the HPSP or USU, reduce credited service by the amount of time in the HPSP or USU program.
6. For USU participants whose enrollment is terminated before graduation, the service at USU is creditable in determining years of service for retired pay multiplier under 10 USC § 1405.
7. Do not credit time spent in the Inactive Status List Reserve Section, or any other inactive Reserve service after 31 May 1958. In accordance with 10 USC § 12733, creditable service includes: all service for basic pay before 1 June l958; all active duty after 31 May 1958; one day for each inactive-duty point earned while not on active duty (including membership points) in any one retirement year, limited to: 60 points (1 June 58 through 22 September 96); 75 points (23 September 96 through 29 October 00); 90 points (30 October 00 through 29 October 07); 130 points (30 October 07, and in any subsequent year of service).
8. Table **2.1**, Rule 13, defines creditable service. It is not retroactive or grandfathered for retirement.
9. For officers, do not credit service performed in advanced ROTC after 12 October 1964, for any purpose except military service obligation (10 USC § 2106, *Advanced training; commission on completion*, and 10 USC § 2107). For enlisted members, credit only pay for members disenrolled from ROTC.
10. Service as an enlisted member in the AFR under the delayed entry/enlistment program before 1 January 85 is creditable for pay. The time between the date of enlistment in the delayed entry/enlistment program and the date the member begins serving on active duty in a Regular component is creditable for pay if the date of enlistment in the Reserve component is before 1 January 1985. For Reserve enlistments after 27 November 1989, the time served in a Reserve component prior to the member's entry on active duty or active duty for training is creditable if the member performs inactive duty for training between the date of enlistment in the Reserve component and the date of entry on active duty, or active duty for training.
11. Include the constructive service credit in computing the pay date and 1405 service date authorized under 37 USC § 205, *Computation: Service Creditable,* paragraph a(7) and (8) as repealed by the Defense Officer Personnel Management Act for persons who on 14 September 1981 were medical or dental officers in the armed forces, or participating in a program leading to a Medical Corps or Dental Corps appointment and were subsequently

reappointed as a Medical Corps or Dental Corps officer, or who held a Medical Corps or Dental Corps commission in the Public Health Service. USU credit is for post-Defense Officer Personnel Management Act students only. The maximum constructive service credit is four years for Medical Corps or Dental Corps officers and one additional year for medical officers who completed a medical internship or equivalent or entered military status while serving such internship. Credit Public Health Service for pay provided it does not duplicate a period of professional training awarded under computation of constructive service credit under 37 USC § 205 paragraph a (7) and (8). Only officers who took the oath of office on 14 September 1981 or earlier are eligible for this service credit. Members entitled to this constructive service credit on 14 September 1981, who are subsequently discharged and later reappointed a Medical Corps or Dental Corps officer remain eligible for this constructive service credit regardless of the break in service.
12. Credit service as a cadet or midshipman at a military service academy only for enlisted personnel. Do not credit such service for officers in accordance with 10 USC § 971, *Service credit: officers may not count service performed while serving as a cadet or midshipman*. **(T-0)** However, if a commissioned officer who attended a military service academy reverts to an enlisted status, then credit the time served at an academy. Do not credit such service if re-commissioned from enlisted status. Credit the time served at a military service academy preparatory school in an enlisted status for both enlisted and officer personnel.
13. The ARCs do not use specific dates for the TAFMS date and TAFCS date; instead, they work with an amount of time (years, months, and days).
14. Officers who commissioned in the USU School of Medicine after 15 September 1981, service is creditable in computing retirement pay for actual time spent in the program in accordance with DoD 7000.14, *Department of Defense Financial Management Policy* and DoD FMR, Vol B, *Military Pay Policy and Procedures –Retired Pay*. **(T-0)**

2.3. Changing Service Dates of Personnel with Lost Time. DAFMAN 36-3805, *Personnel Accountability Program Management*, provides guidance and procedures for the DAF duty status program and defines the conditions that may result in lost time reporting. DoD FMR, Vol 7A, Chapter 1, provides specifics and illustrations on how to compute service dates for Airmen and Guardians with lost time.

Chapter 3

COMPUTING, RECORDING, AND REPORTING CGDOR AND DOR

3.1. Determining the Initial CGDOR and DOR of Commissioned and Warrant Officers. Use **Table 3.1** to determine which service is creditable for CGDOR and DOR calculations.

3.1.1. The CGDOR or DOR, as appropriate, in a grade held as a result of a promotion is the effective date of the promotion.

3.1.2. The CGDOR of a warrant officer or officer on original appointment is the date of appointment, unless:

3.1.2.1. The warrant officer or officer receives constructive service or entry grade credit, the CGDOR reflects an earlier date determined by the extent to which the service credit exceeds the credit required for the officer's appointment grade.

3.1.2.2. The warrant officer or officer transferred from another DAF component in the same or comparable competitive category without a break in service, the CGDOR is the same as that held by the officer immediately before reappointment. Refer to DAFMAN 36-2032, *Military Recruiting and Accessions,* for guidance when a WO who transfers is on a promotion list to the next higher grade.

3.1.3. Warrant officer or officers ordered to extended active duty in a grade established in accordance with DAFMAN 36-2032, paragraph 5.12. For physicians appointed in the grade of lieutenant colonel or colonel and ordered to extended active duty, the CGDOR is equal to the commissioning date and the CGDOR effective date is the extended active-duty date.

3.1.4. For Line of the DAF warrant officer or officer ordered to extended active duty in the grade of second lieutenant, credit one day for each day that the officer performed active--but not active duty--commissioned service, if all of the following conditions apply:

3.1.4.1. The officer was commissioned through ROTC before 1 July 1992.

3.1.4.2. The officer's extended active duty was delayed under DAFMAN 36-2032, paragraph 6.3.1.16.4, consider officer for promotion as long as they are not receiving financial assistance to pursue that education. **(T-0)**

3.1.4.3. The officer receives the graduate or professional degree before beginning extended active duty; or the officer's delay terminates because of an order to meet DAF requirements, in accordance with DAFMAN 36-2032, Chapter 6. **(T-0) Note:** Do not use this provision when a delay terminates because the officer fails to maintain acceptable academic or retention standards or fails to comply with DAF Institute of Technology requirements in accordance with DAFMAN 36-2032, paragraph 6.9.2.10. **(T-0)**

3.1.5. Adjust the CGDOR or DOR, as appropriate, of a retired officer ordered to extended active duty by adding the period between the retirement date and the effective date of extended active duty to the CGDOR or DOR, as appropriate, held at retirement.

3.1.6. An officer on the Temporary Disability Retired List retains the CGDOR or DOR, as appropriate, held prior to going on the Temporary Disability Retired List. The active-duty order announces the DOR.

3.1.7. A Regular warrant officer or officer who accepts a Reserve commission and transfers to the Reserve Active Status List in the same grade and competitive category without a break in service retains their CGDOR. The DOR is the CGDOR.

3.1.8. An ARC warrant officer or officer who accepts a Regular commission and transfers to the Active-Duty List in the current Reserve grade held retains their DOR. The CGDOR effective date is adjusted to the date the officer transferred to the Active-Duty List if the officer was continuously assigned to the Selected Reserve since the most recent promotion.

3.1.8.1. Effective 1 October 1996, ARC officers transferred to the Active-Duty List from the Reserve Active Status List maintain their rank and DOR, except as noted in paragraphs **3.1.8.2** through **3.1.8.4**. No officer will be transferred between the Active Duty List and the Reserve Active Status List with a precedence or relative rank higher than held on the day before such transfer occurs. (see: DAFMAN 36-2032, para A29.4.10.4)

3.1.8.2. For warrant officer or officer assigned to the Inactive Status List Reserve Section or the Retired Reserve since the most recent promotion, their DOR is adjusted when transferred to the Active-Duty List. Compute adjusted DOR by subtracting current DOR from the date assigned to the Inactive Status List Reserve Section or the Retired Reserve, resulting in years, months, and days of creditable service in current grade. Subtract creditable service from Effective Date Change Strength Accountability (date returned to an active status) resulting in an adjusted DOR. CGDOR effective date is Effective Date Change Strength Accountability.

3.1.8.3. For any Other Than Selected Reserve assignment, except the Inactive Status List Reserve Section or the Retired Reserve, since the most recent promotion, credit half a day for each day of commissioned service while assigned to Other Than Selected Reserve.

3.1.8.4. Warrant officer or officers on the Reserve Active Status List, selected for promotion by a mandatory promotion board or a special selection board, and who before being promoted are placed on the Active-Duty List of the same armed force and in the same competitive category, shall be placed on an appropriate promotion list for officers on the Active-Duty List. **(T-0)** The effective date of promotion and DOR shall be the same as if the officer had been selected to the grade concerned by the promotion board for Active-Duty List officers. **(T-0)**

3.1.9. Warrant officer or officers who separate from and later return to active status retain the CGDOR held at time of separation, provided one of the following applies:

3.1.9.1. The warrant officer or officer is returning to active status in the same grade and same competitive category (regardless of branch of service) within one year of release or discharge.

3.1.9.2. The officer is a Medical Corps officer returning to active status after completing a military leave of absence (redeferment) authorized by the AFPC Physician Career Management Branch (AFPC/DPMNP).

3.1.10. ROTC cadets appointed as second lieutenants in the AFR under 10 USC § 2106 or 10 USC § 2107 use the following rules.

3.1.10.1. For officers who commission and are ordered to RegAF or USSF active duty in May or June, the CGDOR equals the graduation date of the United States Service Academy for that particular year.

3.1.10.2. For all officers, regardless of when ordered to RegAF or USSF Active duty, compute according to **paragraph 3.1.8.3**..

3.1.10.3. For a Reserve or ANG officer entering extended active duty under Title 32 or Title 10 the CGDOR equals the Reserve DOR.

3.1.11. For an officer or WO transferring from another branch of service (regular to regular) according to DAFMAN 36-2032, the CGDOR equals the DOR announced in the active-duty order.

3.1.11.1. AFPC/DPMLT, Medical Career Management Division (AFPC/DPMN), and Chaplain Career Management Division (AFPC/DPMH) Professional Development Directorate, Office of The Judge Advocate General, Professional Development Directorate (AF/JAX) manually computes constructive service credit in accordance with DAFMAN 36-2032, Chapter 5.

3.1.11.2. Constructive service credit may consist of, but not limited to, advanced degrees, professional and work experience in the specialty, or prior service as an officer to include United States Public Health Service as applicable, prior to entering military service.

NOTES*:*
1. Adjust an officer's DOR to deduct credit if the warrant officer or officer is removed from active status as defined in AFI 36-2504 or if the warrant officer or officer is deferred from promotion. When a first lieutenant returns to active-duty status, do not credit the officer with more than 3 years of promotion service; do not credit captains and majors with more than 6 years promotion service. Do credit time on the Temporary Disability Retired List.
2. Include service:
a. Under a 5-year term appointment that terminated on acceptance of an indefinite term appointment.
b. In the AFR for an ANG officer whose AFR appointment terminated on acceptance of the ANG appointment.
c. In the ANG for an AFR officer whose ANG appointment terminated on acceptance of the AFR appointment.
d. Or from the date the officer accepted an Army appointment or promotion to the current grade, if the officer has served continuously in the Army and the Air Force in that grade and transferred to the Air Force before 26 July 1950.
3. Do not count service twice. If you credit a certain period of service under one rule, do not credit it again under another rule.
4. Do not credit a warrant officer or officer whose DOR takes effect on appointment or reappointment according to DAFMAN 36-2032, Chapter 5, which makes the warrant officer/officer eligible for promotion or promotion consideration within 12 months of the date the warrant officer/officer accepted the appointment. This restriction gives the warrant officer/officer enough time to earn at least one officer performance report before promotion consideration under AFI 36-2504.
5. Adjust an officer's DOR to deduct credit if the officer is removed from active-duty status as defined in AFI 36-2504. Do credit time in a non-promotable category, i.e., Temporary Disability Retired List or the Inactive Status List Reserve Section.

3.2. Determining DOR of Enlisted on Enlistment or Reenlistment in the RegAF and USSF. The AFPC Promotions, Evaluations and Recognition Branch (AFPC/DPPSP), AFPC Accessions Branch (AFPC/DPPDA), and Military Personnel Section Customer Support determine DOR on enlistment or reenlistment.

3.2.1. Enlisted in the following categories receive a DOR equal to the date of enlistment in the RegAF or USSF:

3.2.1.1. Nonprior-service enlistees. **(T-1)**

3.2.1.2. Prior-service enlistees who have served less than 24 months TAFMS. **(T-1)**

3.2.1.3. Former members of a Regular component enlisting on or after their 6th anniversary of their date of separation (DOS). **(T-1)**

3.2.1.4. ARC members who enlist in a pay grade higher than their last grade held in a Regular component. **(T-1)**

3.2.1.5. ARC members who have never served in a Regular component. **(T-1)**

3.2.1.6. Prior-service members who reenlist for six or more years after DOS from a Regular component. **(T-1)**

3.2.1.7. Prior-service members who served in the Reserve or Guard component of a sister service and enlist in the DAF in a lower grade due to calculated TAFMS date. **(T-1)**

3.2.1.8. Enlisted ARC members transferring to USSF will maintain their current DOR. **(T-1)**

3.2.2. Prior-service members who separated from the RegAF or USSF and reenlist in the grade previously held and in an Air Force specialty code (AFSC) or Space Force specialty code (SFSC) at the 3-skill level or higher for a directed duty assignment or for retraining into a designated AFSC or SFSC, compute the DOR as follows (see examples in **Figure 3.1**.):

3.2.2.1. Adjusted effective DOR to account for time served in the grade held prior to DOS from RegAF or USSF. Member receives one hundred percent (100%) credit for time served if reenlistment occurs prior to four years from DOS.

3.2.2.2. Member receives one-half credit for time served if the reenlistment occurs between four and six years from DOS.

Figure 3.1. Example of DOR Computation.

Start with date of RegAF or USSF enlistment. Subtract the sum of the DOS (Block 12b, Separation Date This Period on the Department of Defense Form (DD Form) 214) + one day. The difference is the break in service between Regular components	00-03-20 95-01-12 05-02-08
DOS + one (Block 12b on DD Form 214). Subtract DOR (Block 12h, Effective Date of Pay Grade on the DD Form 214) Time in grade at time of discharge from Regular component	95-01-12 93-09-19 01-03-23
Time in grade at time of discharge from Regular component Time in grade credit as indicated above (multiply by ".5" for half credit and "1" for full credit computes time in grade for new DOR	01-03-23 x 0.5 00-07-27
Note: Months are computed as 30 days. Fractions in day column are rounded up to the next whole number.	

3.2.3. Prior-service members on active-duty orders with the RegAF or USSF thirty consecutive days or greater and discharged from the ARC one day prior to reenlistment in the RegAF or USSF have the effective DOR adjusted to include time served on the active duty only if the member meets TAFMS criteria.

3.2.4. Former Air Force or Space Force commissioned officers with reenlistment rights under 10 USC § 9138, *Regular Air Force and Regular Space Force: reenlistment after service as an officer*, receive the same DOR they held on discharge from enlisted status to serve on extended active duty as a commissioned officer, provided they reenlist within six months after release from commissioned officer status. **(T-0)**

3.2.5. Other enlisted ordered to extended active duty.

3.2.5.1. Former ROTC cadets ordered to repay their obligation to the DAF by serving on active duty as an enlisted member under 10 USC § 2105, *Advanced training; failure to complete or to accept commission*, and 10 USC § 2107, keep the DOR specified on their Reserve enlistment contract. **(T-0)**

3.2.5.2. Former USAFA cadets ordered to repay their obligation to DAF by serving on active duty as an enlisted member under 10 USC § 9448, *Cadets: agreement to serve as officer*, keep the DOR established on disenrollment. **(T-0)** The disenrollment order records the DOR.

3.3. Determining DOR of Reserve Enlisted Ordered to or Released from Extended Active Duty. AFPC/DPPSP, AFPC/DPPDA and AFPC/DPMLT determine DOR for Reserve enlisted ordered to or released from extended active duty. **(T-1)**

3.3.1. DOR is not adjusted for a Reserve Airman on voluntary extended active duty under 10 USC § 12301, *Reserve components generally*. The effective date equals the extended active duty start date. Member maintains the rank for the duration of extended active-duty tour.

3.3.2. For Airmen voluntarily ordered to extended active duty, compute the active-duty DOR by backdating the date entered extended active duty by a period equal to:

3.3.2.1. The creditable service the Airman received under **Table 3.1**, column B, while serving in or above the grade in which the Airman is entering extended active duty; or

3.3.2.2. One day for each retirement point the Airman earned in a DAF component while serving in or above the grade in which the Airman is entering extended active duty, excluding membership points.

3.3.2.3. Do not credit service the member performed before a break in service of more than 90 days.

3.3.2.4. Do not credit service that the member performed before a break in service when the break in service was followed with service in a grade lower than the one in which they entered extended active duty. **Note:** For Reserve Airmen voluntarily ordered to extended active duty with the RegAF or USSF, the Military Personnel Section servicing the RegAF or USSF unit to which they are reporting asks AFPC/DPMLT to determine the DOR.

3.4. Determining DOR of Prior Service Member at Enlistment/Reenlistment in the ARC. ARPC/DPT computes DOR for ARC enlisted Airmen and Guardians as follows:

3.4.1. An Airman or Guardian who is discharged or separates from any United States armed force with a military service obligation and transfers (no break in service) in the same grade held, to the ARC. **(T-1)** The DOR is the same as that held while serving with the previous component.

3.4.2. An Airman or Guardian who is discharged or separates from any United States armed force without a military service obligation and enlists in the ARC the following day (no break in service). **(T-1)** The DOR is the same as that held while serving with the previous component.

3.4.3. An Airman or Guardian who is discharged or separates from any United States armed force without a military service obligation and does not immediately enlist with the ARC (a break in service occurs). **(T-1)** Add the break in service to the DOR held while serving in the previous component. **(T-1)** E.g., an E-5 with DOR of 1 May 1995, is discharged from United States Army on 13 November 1997, enlists with the AFR on 6 June 1999. The E-5 had a break in service of 1 year, 6 months, and 24 days. Add the break in service to the DOR held at discharge (1 May 1995) and the new DOR is 25 November 1996. **(T-1)**

3.5. Determining DOR of Retired Enlisted Ordered to Extended Active Duty. AFPC/DPMLT, ARPC/DPT, or NGB/A1P as appropriate, establishes the DOR of retired Airmen or Guardians ordered to extended active duty by adding the period between the date they retired and the date they returned to extended active duty to the DOR they held when they retired. **(T-1)**

3.6. Determining DOR of Promoted Enlisted. The Military Promotions, Evaluations, and Testing Branch (AFPC/DPSTSP); Reserve Office of Personnel Utilization, Retention, and Customer Service (AFRC/A1K); ANG Enlisted Programs Branch (NGB/A1PP); and Military Personnel Section Customer Support determine the DOR of promoted members. The DOR of member promoted to a grade above E-1 is the same as the effective date of the promotion, except when paragraphs **3.6.1** through **3.6.6** apply. **(T-1)**

3.6.1. Determining DOR when the commander withholds a promotion on the basis of AFI 36-2502, the member's DOR is the date the member would have been promoted originally. The effective date is the date the commander ends the withhold action.

3.6.2. When the commander defers a promotion in accordance with AFI 36-2502, the member's DOR and effective date are the first day of the month following the month in which the deferral ended. **(T-0)** If the commander ends deferral action on the first day of the month, the DOR and effective date are that date.

3.6.3. The DOR of a member selected for promotion, but by chance not promoted on the established promotion date, is the DOR the member would have received had the promotion occurred on time.

3.6.4. The DOR of a regular enlisted member selected in one cycle, but not promoted until the next cycle because of lack of grade vacancies, is the date the member would have received had the promotion occurred on the last day of the first cycle.

3.6.5. When an ARC enlisted member is voluntarily demoted and is subsequently promoted, adjust the DOR to credit previous service in the same grade or a higher grade. If an ARC enlisted member is involuntarily demoted, no credit is given back to member when promoted back to the higher grade.

3.6.6. Once an ARC enlisted member's (E-5 through E-9) promotion is approved, the DOR is the first day of the promotion month after the member first meets eligibility requirements. Once an AFR enlisted member’s (E-2 through E-4) promotion is approved, the DOR is the date the member meets eligibility requirements. This applies to unit, Individual Mobilization Augmentee, and Active Guard Reserve members.

3.7. Determining DOR of Demoted Enlisted. AFPC/DPSTSP, AFRC/A1K, NGB/A1PP and Military Personnel Section Customer Support determine DOR of demoted enlisted members.

3.7.1. The DOR in the grade to which an enlisted member is reduced under AFI 36-2502, due to failure to achieve or maintain skill levels, failure to fulfill responsibilities, or failure to keep fit is the same as the effective date of the demotion action. **(T-1)**

3.7.1.1. If the enlisted member is eligible to apply for retirement in lieu of demotion but does not elect to retire, the effective date and DOR are the fourth workday after the member acknowledges receipt of demotion approval notification.

3.7.1.2. If the enlisted member is demoted under AFI 36-2502, due to student status termination or failing to complete training, the DOR is the date on which the member first performed service in the reduced grade.

3.7.1.3. If the enlisted member is promoted to E-5, E-6, or E-8 with an approved enlisted professional military education waiver and later is dismissed for cause, declines distance learning or in-residence professional military education, the DOR is the original DOR and the effective date is the date the commander approves the demotion.

3.7.1.4. If the enlisted member is an Air Force Band member and is demoted under AFI 36-2502 for failure to perform or voluntary reassignment or reclassification, the DOR is determined by Manpower, Personnel, and Services (AFDW/A1).

3.7.2. The DOR in the grade to which an enlisted member is reduced under Article 15, *Uniform Code of Military Justice (UCMJ),* is the date punishment is imposed, as shown by the date the commander signs the action or corresponding block. **(T-1)**

3.7.2.1. If a reduction is "set aside," the DOR and effective date revert to the original DOR and effective date the member held before reduction.

3.7.2.2. If a reduction is later suspended, the DOR reverts to the one held prior to the reduction. The effective date is the date of the commander’s letter or action directing the suspension.

3.7.2.3. If a reduction is suspended but the suspension is later vacated, the DOR in the grade to which the member is reduced is the date the punishment was originally imposed, shown by the date the commander signed the corresponding block or action. The effective date, however, is the date of the commander’s action to vacate the suspension.

3.7.2.4. When the punishment is mitigated to the extent that the former grade is restored, the DOR and effective date are the date the commander signs the action directing mitigation.

3.7.3. If a grade reduction occurs because of a court-martial sentence, the enlisted member’s DOR and effective date are the earlier of 14 days after the date on which the sentence is adjudged, or in the case of a summary court-martial, the date on which the sentence is approved by the convening authority, unless the Entry of Judgment under Rule for Courts-Martial Rule 1111 specifies another date. **(T-0)**

3.7.4. The DOR of an AFR enlisted member demoted under AFI 36-2502, for unsatisfactory participation in reserve training or failing to fulfill NCO responsibilities, is the date of the demotion order. Prepare orders as soon as you receive the endorsement or letter directing the reduction. **(T-1)**

3.7.4.1. For an AFR enlisted member reduced under AFI 36-2502, for Failing to Fulfill NCO Responsibilities, the DOR is the former DOR of the grade to which the member is reduced.

3.7.4.2. For an AFR enlisted member reduced under AFI 36-2502, for Failing to Fulfill NCO Responsibilities, to a grade not previously held, the DOR for the reduced grade is the date on which the member first performs active service in the lowest grade held.

3.7.4.3. For an AFR enlisted member reduced under AFI 36-2502, due to apply for positions other than Air Reserve Technician positions, including submitting any applications for voluntary recall to extended active duty, the DOR is the former DOR of the grade to which the member is reduced. If the AFR member is reduced to a grade not previously held, the DOR for the reduced grade is the date on which the member first performs active service in the lowest grade held. For both, the effective date is the day prior to the Effective Date Change Strength Accountability of reassignment.

3.8. Adjusting Enlisted DOR to Deduct Lost Time. When adjusting a member's service date to deduct lost time (**paragraph 2.3**), also adjust the DOR to deduct the lost time. When computing DOR, compute the actual number of days lost in that grade on a day-for-day basis.

3.9. Transmittal of Commissioning Package on Regular Officer. Packages completed in accordance with **Table 3.2** are mailed by the commissioning/accession sources. **Table 3.2** specifies what documents are needed from each commissioning/accession source. Failure to provide proper documentation affects a new officer's service verification and presents unnecessary delays which may impact pay, promotion, etc.

3.9.1. The only medical/health documents required for the accession package are Standard Form (SF) 88, *Medical Record - Report of Medical Examination* and SF 93, *Medical Record - Report of Medical History* (or similarly approved forms serving the same purposes). These documents are forwarded in a sealed envelope with the sender's return address identifying the contents enclosed by form name and number and the subject's name. See **Table 3.2** for applicability. Any other medical documents maintained by the commission/accession source are either returned to the member or mailed directly to the member's gaining medical treatment facility with appropriate safeguards. Information in the health record is personal to the individual and should be properly safeguarded. Take necessary precautions to avoid compromise of medical information during the movement of the records. Any extraneous medical/health documents received at AFPC are returned to the sender for proper disposition.

3.9.2. Send completed package electronically or by mail directly to AFPC/DPSTTC, within 5 duty days of commissioning (necessary documents from your source of commissioning/organization as prescribed in **Table 3.2**.).

Table 3.2. Required Documents for Each Organization:

Terms

Active Duty—Full-time duty in a Military Service of the United States. A general term applied to all active military service, including full-time National Guard duty, without regard to duration or purpose.

Active-Duty List—A single list of all Air Force officers serving on active duty in a Regular component of the Armed Forces other than those excluded by 10 USC § 641, *Applicability of chapter*. The list is maintained by competitive category and, within each competitive category, in the order of seniority of the grade in which they are serving.

Active Service—Service on active duty or full-time National Guard duty.

Active Status—Status of all Reserves except those on an inactive status list or in the Retired Reserve. Reservists in an active status may train for points and/or pay and may be considered for promotion.

Armed Forces of the United States—A term denoting all components of the Army, Navy, Air Force, Space Force, Marine Corps, and Coast Guard.

Competitive Category—A group of officers who compete among themselves for promotion. The established categories are: Line of the Air Force-Air Operations & Special Warfare, Line of the Air Force-Cross Functional Operations, Line of the Air Force-Nuclear & Missile Operations, Line of the Air Force-Information Warfare, Line of the Air Force-Combat Support, Line of the Air Force-Force Modernization, Line of the Air Force-Judge Advocates, Medical Corps, Dental Corps, Chaplain, Medical Service Corps, Biomedical Sciences Corps, and Nurse Corps.

Constructive Service Credit—Education, training, or experience credit awarded at the time of original appointment, designation, or assignment to an officer category that requires advanced education, training, or special experience. Credit is not awarded for education, training, or experience obtained while serving as a Regular or Reserve commissioned officer, an officer on active duty or as a Reserve officer in an active status in any armed force, the National Oceanic and Atmospheric Administration, or the Public Health Service before such appointment, designation, or assignment.

Entry Grade Credit—For other than Line of the Air Force officers, entry grade credit determines the entry grade for extended active duty and the CGDOR to which the officer is entitled at time of entry. Entry grade credit equals the total service credit awarded according to DAFMAN 36-2032.

Extended Active Duty—Duty on the Active-Duty List of an armed force for a period of 90 days or more.

Inactive Status—Status of Reserve members on an inactive status list of a Reserve component or assigned to the Inactive Army National Guard. Those in an inactive status may not train for points or pay and may not be considered for promotion.

Inactive Status List Reserve Section—Officers are normally retained for three years before being discharged, once discharged they have no military status and may not retire. Enlisted are retained until discharged or their Expiration Term of Service. Airmen and Guardians cannot be promoted while in the Inactive Status List Reserve Section, this status is a break in active status and DOR is adjusted accordingly.

Lost Time—As defined in DAFI 36-3802. Any time a member (enlisted, WO or officer) spends in Absent Without Leave status, desertion, or any confinement whether it is pre- or post-trial confinement status is considered non-creditable service--also referred to as lost time or “bad" time. When lost time is charged, a member’s service dates are adjusted forward by the number of days of lost time charged.

Member—A person appointed to, enlisted in, or conscripted into a uniformed service.

Other Than Selected Reserve—All Reserve officers not in the Selected Reserve, assigned to an inactive status list, or in the Retired Reserve. This includes the Individual Ready Reserve (both participating and non-participating) and the active Standby Reserve.

Reserve Active Status List—A list containing the names of all AFR and the ANG of the United States officers in an active status other than those on an active-duty list or warrant officers (including commissioned warrant officers).

Reserve Components—Reserve components of the Armed Forces are the Army National Guard, the Army Reserve, the Naval Reserve, the Marine Corps Reserve, the ANG, the AFR, the Coast Guard Reserve, and the Public Health Service Reserve. Reserve component includes members appointed, enlisted, or inducted in the Army of the United States or the Air Force of the United States without component as defined by § 102(k) of Public Law 81-351, 63 Stat. 802, *The Career Compensation Act of 1949*.

Selected Reserve—That part of the Ready Reserves which consists of units and, as designated by the Secretary concerned, individual Reservists trained as prescribed in 10 USC § 10143, *Ready Reserve: Selected Reserve,* or 32 USC § 502, *Required drills and field exercises*.

Uniformed Services—The Army, Navy, Air Force, Space Force, Marine Corps, Coast Guard, National Oceanic and Atmospheric Administration, and Public Health Service.
