This instruction implements AFPD 36-28, *Awards and Decorations Programs*, and prescribes nomination procedures for 3rd Wing (3 WG) safety awards. The safety awards program rewards outstanding safety acts and achievements, and recognizes quality performers who contribute to the prevention of mishaps through either sustained superior performance or a one-time act. Recognition of deserving individuals and units is a vital avenue for building a culture of pride, performance and mishap prevention. Recognition for heroic acts will not be considered for a safety award. This publication applies to all units in the 3 WG on Joint Base Elmendorf-Richardson (JBER), Alaska. Safety awards in this instruction are for the submittal of safety award nominations through command channels to HQ PACAF. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*. Route the AF Form 847 through the appropriate chain of command. Ensure that all records created as a result of processes prescribed in this publication are maintained according to AFI 33-322, *Records Management and Information Governance Program*, and disposed of in accordance with the Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS) located at **https://www.my.af.mil/afrims/afrims/afrims/rims.cfm**. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.
