This Air Force Application Technical Center Instruction (AFTACI) identifies the procedures and guidelines for the disclosure of information, both classified and unclassified, to foreign governments and the approval of visits by foreign nationals to center facilities and other facilities when related to Air Force Technical Applications Center (AFTAC) programs. It applies to all personnel assigned to AFTAC, its detachments, and operation locations. This publication does not apply to Air Force Reserve Command (AFRC), and other individual reservists administered by Headquarters AFRC. It does not apply to the Air National Guard. Refer recommended changes and questions about this publication to AFTAC/XPI using the Air Force (AF) Form 847, *Recommendation for Change of Publication*; route AF Form 847 from your directorate through Publications and Forms Manager, CYCS/SCXK. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363, *Management of Records,* and disposed of in accordance with the Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS) located at **https://www.my.af.mil/afrims/afrims/afrims/rims.cfm**. Additionally, if the publication generates a report(s), alert readers in a statement and cite all applicable Reports Control Numbers in accordance with AFI 33-324, *The Information Collections and Reports Management Program: Controlling Internal, Public, and Interagency Air Force Information Collections.*

SUMMARY OF CHANGES

This center instruction reflects modification to existing guidance on foreign disclosure and adds additional guidance relating to the visits of foreign nationals.

l. Foreign Disclosure.

1. 1. When any headquarters staff element or field unit receives a request for classified or unclassified information from an official representative of a foreign government or international organization, or wishes to initiate the disclosure of any information to a foreign government or international organization, they will provide the International Affairs Division of the Plans and Programs Directorate (XPI) with the following information:

1.1.1. The name of the requesting activity or intended recipient of the information.

1.1.2. A description of the data that has been requested or proposed for disclosure and copies of any documents or briefings, to include briefer's notes.

1.1.3. Any pertinent background information to include the rationale for the request and a recommendation for approval/disapproval.

1.2. XPI will use the unit's Delegation of Disclosure Authority Letter (DDL) and Product Area Manager recommendations as a guide for making decisions on disclosure of AFTAC information.

1.3. If disclosure of the requested information is considered to be in the best interest of the U.S. Government, and the DDL does not grant AFTAC disclosure authority, XPI will seek authority through appropriate channels.

1.4. Any recommended revision to AFTAC's existing disclosure authority will be forwarded to XPI. XPI will obtain staff coordination and provide a recommendation for approval/disapproval to the commander. If the commander concurs with the revision, the change will be forwarded to the appropriate organization for their approval/disapproval. If approved, a revision to the DDL will be issued.

1.5. When the approved release involves classified documents, offices of primary responsibility (OPR) will use AF IMT 349, *Receipt for Documents Released to Accredited Representatives of Foreign Nations*, to transmit the documents.

1.6. All requests for public release of AFTAC information must be in accordance with AFI 35-101, *Public Affairs Policies and Procedures*, and be routed through AFTAC/PA.

2. Foreign Visits.

2.1. When any headquarters staff elements or field units receive a visit request from a foreign national or international organization, or initiate such a request, they will provide the following information to XPI:

2.1.1. The name(s) of the individual(s), the country/organization they represent, the date and purpose of the visit, and a detailed explanation of information proposed for disclosure, to include copies of any briefings.

2.1.2. XPI will obtain the requisite visit approval and verify individual security clearances, if appropriate, through the DoD Foreign Visit System. XPI will also gain

approval for the disclosure of information not documented in the unit DDL from appropriate organizations.

2.1.3. XPI will then notify the staff OPR that the visit has been approved/disapproved. No formal invitation should be initiated/offered prior to receipt of visit approval through the Foreign Visit System or from the Deputy Under Secretary of the Air Force (International Affairs), Foreign Disclosure and Technology Transfer Division (SAF/IAPD).

2.1.4. XPI will notify the 45th Space Wing and obtain base access approval for all foreign visitors to AFTAC. In cases where the AFTAC Commander is the approval authority, XPI will notify the 45th Space Wing of the visit.

2.1.5. Personal or unofficial visits to any 45th Space Wing installation or facility, including base housing, require compliance with 45th Space Wing instructions regarding foreign visits.

3. Information Collections, Records, and Forms

3.1. Information Collections. No information collections are created by this publication.

3.2. Prescribed Forms. All Air Force Forms prescribed or adopted by this publication are available through the Air Force Publications Distribution system. Any other agency forms identified or required for use are available from AFTAC/XP. The form adopted by this publication is:

3.2.1. AF IMT 349, *Receipt for Documents Released to Accredited Representative of Foreign Nations.*
