Hill AFB
Environmental Policy
HAFBVA32–2

Hill AFB is committed to continued excellence, leadership, and stewardship in protecting the environment and sustaining the mission by implementing the following:

Promote efficiency: We will conduct activities in an efficient, integrated, and fiscally sound manner.

Obey requirements: We will comply with all federal, state and AF environmental laws, regulations, directives and instructions.

Work together: We will integrate our efforts as part of Team Hill to achieve our end goals.

Evaluate progress: We will continually evaluate performance and improve our process.

Reduce pollution: We will reduce or eliminate the use of hazardous chemicals and release of pollutants, while encouraging recycling.
