Pages: 3

This Mission Directive implements guidance in AFI 38-101, *Manpower and Organization.* It delineates the mission, command relationships, and responsibilities of Aerospace Medicine Squadrons/Flights. This Mission Directive applies to individuals assigned to HQ AFRC. It does not apply to Regular Air Force, Space Force, or Air National Guard units. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW AFI 33-322, *Records Management and Information Governance Program*, and disposed of IAW the Air Force Records Information Management System and Records Disposition Schedule. Contact supporting records managers as required. Refer recommended changes and questions about this publication to the OPR using DAF Form 847, *Recommendation for Change of Publication*; route DAF Forms 847 from the field through the appropriate functional chain of command. Submit requests for waivers through the chain of command to the publication OPR for non-tiered compliance items. This publication may not be supplemented or further implemented or extended.

SUMMARY OF CHANGES

This publication has been revised to update the purpose, and the references and supportive information sections.

1. Mission. Provides trained citizen airmen medical personnel to accomplish the periodic health assessment and deployment screening process for AFRC population and RegAF associated personnel to ensure an individual's medical requirements for deployment/contingency operations are met and current. At AFRC host locations, when activated, also provides capability to provide

aerospace medicine/primary care base operating support to a mobilized population. Additional responsibilities for Aerospace Medicine requirements can be found in AFI 48-101, *Aerospace Medicine Enterprise*.

2. Command. The Aerospace Medicine Squadrons/Flights Commander:

2.1. Reports to the Commander of their assigned parent Wing or Group.

2.2. Exercises administrative control over assigned personnel.

3. Responsibilities.

3.1. Execute commander's responsibilities as outlined in AFI 1-2, *Commander's Responsibilities*.

3.2. Provides oversight and execution of the Aerospace Medicine mission.

JOHN P. HEALY, Lt Gen, USAF
Commander
