SUMMARY OF CHANGES

This document has been substantially revised and must be completely reviewed. Major changes include aligning this publication to be in compliance with DAFI21-101. Changes have also been made to the OPR to reflect 439 MXG/MXOS.

1. The Weekly Flying / Maintenance Schedule. This schedule is the final planning guide for both maintenance and operations. The 439th Operations Support Squadron (439 OSS) Current

Operations (OSO), 439 MXG/ Plans, Scheduling and Documentation (MXOS) and 439 AMXS/ MXAA maintain constant coordination in order to minimize the impact that changes have on achieving long range objectives and to maximize reaction times. In addition, daily coordination is necessary between these offices to ensure any changes are not only necessary but are kept to a minimum.

2. Procedures. The weekly flying schedule will be posted in accordance with DAFI 21-101. This schedule can be accessed electronically on the Westover SharePoint at: **https://afrc.eim.us.af.mil/sites/439AW/439MXG/DropOffLibrary/Forms/AllItems.aspx**. All schedule changes will be coordinated electronically and documented prior to the start of the flying period on an AF Form 2407. These changes require approval and coordination. Commanders may delegate the approving authority to their designated representatives and will be listed on a commander's authorized AF Form 2407 delegated approving authority letter. The AF Form 2407 form will be initiated by the requesting agency with specific reasons for the change. Upon approval, the AF Form 2407 will be forwarded for coordination as follows:

2.1. Operations as the requesting agency:

2.1.1. 439 OSS/OSO will route AF Form 2407 to **439awafform2407@us.af.mil** with read receipt request.

2.1.2. Maintenance, upon approval, will then route signed AF Form 2407 to **439awafform2407@us.af.mil** with read receipt request.

2.3. After coordination, a copy of the AF Form 2407 is filed in the MOC and disposed of IAW the Air Force Records Information Management System (AFRIMS). The MOC will ensure MMA receives all AF Form 2407s for deviation accounting.

2.3.1. A hard copy of the digitally signed AF Form 2407 will be attached to the weekly schedule it affects and placed on file.

2.3.2. A digital copy of the signed AF Form 2407 will be hyperlinked to the weekly schedule on the affected day located at L:\MOS\Plans & Scheduling\AFMS\Online Schedules\Weekly.
