AIR COMBAT COMMAND

AIR COMBAT COMMAND INSTRUCTION
17-202, VOLUME 2

10 SEPTEMBER 2025

Cyberspace Operations

CYBERCREW STANDARDIZATION/EVALUATION PROGRAM

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

ACCESSIBILITY: This publication is available for downloading or ordering on the e-Publishing website at www.e-Publishing.af.mil.

RELEASABILITY: There are no releasability restrictions on this publication.

OPR: ACC/A3TV | Certified by: ACC/A3T

Supersedes: ACCI 17-202V2, 12 January 2021 | Pages: 74

This instruction implements Department of the Air Force Policy Directive (DAFPD) 17-2, *Cyber Warfare Operations*. This instruction establishes the Crew Standardization/Evaluation (Stan/Eval) Program that supports AF objectives and provides guidance on how to structure and monitor a Stan/Eval program. This publication applies to all Air Combat Command (ACC), AF Reserve (AFR), Air National Guard (ANG), and third-party governmental and contract support agencies serving as crewmembers in accordance with (IAW) appropriate provisions contained in memoranda, support agreements, and AF contracts. This publication does not apply to the United States Space Force. Refer to mission system volumes (MSVs) (e.g., Air Combat Command Manual (ACCMAN) 17-2 [MSV] Volumes) for specific Stan/Eval requirements unique to individual and crew positions. This publication requires the collection and or maintenance of information protected by the Privacy Act of 1974 authorized by DoD 5400.11-R, *Department of Defense Privacy Program*. System of Records Notice (SORN) F011 AF AFMC B, *Patriot Excalibur (PEX) System Records* applies and is available at **https://pclt.defense.gov/DIRECTORATES/Privacy-and-Civil-Liberties-Directorate/Privacy/SORNsIndex/DOD-Component-Notices/Air-Force-Article-List/**. SORN OPM/GOVT-1, *General Personnel Records*, applies and is available at **https://www.fpc.gov/resources/SORNs/**. Ensure all records generated as a result of processes prescribed in this publication adhere to AFI 33-322, *Records Management and Information Governance Program*, and are disposed in IAW the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Submit suggested improvements to this instruction on Department of the Air Force (DAF) Form 847, *Recommendation for Change of Product*, through Stan/Eval channels, to ACC Standardization/Evaluation Branch (ACC/A3TV), **accdotvsrtb@us.af.mil**. This publication may

be supplemented at any level, but all supplements must be routed to the Office of Primary Responsibility (OPR) of this publication for coordination prior to certification and approval. The authorities to waive wing or unit level requirements in this publication are identified with a Tier ("T-0, T-2, T-3") number following the compliance statement. Waiver authority for non-tiered paragraphs remains with ACC Director of Operations (ACC/A3). Waiver authority for Tier 3 compliance statements will not be delegated lower than Wing-Director of Operations. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the DAF.

SUMMARY OF CHANGES

This edition has been substantially revised to 1) standardize the format and layout across all three volumes for readability; 2) improve the organization of chapters and content within each chapter; 3) clarify waiver authorities; 4) update position descriptions and associated duties; 5) further clarify position qualification standards; 6) update operational requirements and activities; and 7) update organizational and individual roles and responsibilities.

Chapter 1

PURPOSE

1.1. General. The purpose of the Cybercrew Stan/Eval program is to provide commanders (CCs) a tool to validate readiness and the effectiveness of unit operations, including documentation of individual member qualifications and certifications.

1.1.1. This instruction applies to crewmembers, defined as individuals who conduct cyberspace operations and are assigned to a specific cyberspace mission system and position, including those who are augmenting standard mission system units. Specific crew positions for a given cyberspace mission system may be found in the applicable mission system volume. This instruction also applies to members in formal training for immediate assignment to a cyberspace mission system position.

1.1.2. Each cyberspace mission system has its own 3-volume set of supplementary manuals, called MSV. This document uses the shorthand ACCMAN 17-2 [MSV] to refer to these cyberspace mission system manuals.

1.2. Objectives.

1.2.1. Provide a system to assess and document individual crew proficiency and capability to accomplish assigned cyberspace operations duties.

1.2.2. Develop and ensure standardization of operational procedures for mission system employment.

1.2.3. Ensure compliance with appropriate operational, training, and administrative directives.

1.2.4. Evaluate and revise operational directives, procedures, and techniques as necessary.

1.2.5. Recognize trends to recommend/initiate changes to training programs and directives.

Chapter 2

STAN/EVAL FUNCTIONS AND ORGANIZATION

2.1. Scope. For the purposes of this publication, the National Guard Bureau (NGB) will be treated as a Major Command (MAJCOM).

2.2. ACC Standardization/Evaluation Branch (ACC/A3TV) Functions

2.2.1. Set guidance and guide the conduct and execution of the Stan/Eval program.

2.2.2. Primarily responsible for establishing administrative processes. Lower echelons of command are primarily responsible for the cyberspace operations and evaluation functions.

2.2.3. Review and maintain this instruction.

2.2.4. Coordinate with the applicable MAJCOM Functional Area Managers (FAMs) on the development and management of all MSV guidance documents. The MAJCOM FAM will determine policy precedence for mission system-specific guidance, in coordination with the other publication OPRs.

2.2.5. Review supplements to this publication to ensure compliance with basic guidance.

2.2.6. Maintain liaison with other MAJCOMs and cyber career-field professionals to ensure AF enterprise-wide compliance by all ACC personnel.

2.2.7. Coordinate on and process applicable DAF Form 847 submissions through Stan/Eval channels, to include Operations Group (OG) Stan/Eval (OGV), NAF (if applicable), and MAJCOM. ANG units will utilize the NAF or MAJCOM command structure with oversight responsibility, and notify National Guard Bureau Cyber Warfare Branch (NGB/A2/6CW).

2.2.8. ACC Stan/Eval cyber evaluators may perform missions to maintain current and qualified expertise.

2.2.9. Provide staff coordination and control of all Crew Information File (CIF) items issued from the MAJCOM level to units (see **Chapter 7**).

2.2.10. Establish guidance for MAJCOM-mandated Stan/Eval software.

2.2.11. Ensures units utilize PEX or United States Cyber Command (USCYBERCOM)-defined Stan/Eval software alternative. Units will utilize PEX until USCYBERCOM directs transition to alternative software. Further reference to PEX in this document applies to USCYBERCOM-defined alternative(s), as applicable.

2.2.12. Assist units and agencies in evaluation of operational mishaps (i.e., Operational Review Board), as requested.

2.2.13. In the absence of a NAF Stan/Eval function, assume responsibilities listed in **paragraph 2.4**.

2.2.14. Observe and/or augment subordinate NAF Stan/Eval visits when feasible.

2.2.15. Observe execution of unit missions and provide feedback when feasible.

2.2.16. Provide functional area compliance inspection guidance to MAJCOM/Inspector General (IG) in support of IG inspections.

2.2.17. MAJCOM Stan/Eval staff will consist of a chief and one crewmember per crew position for each mission system, or as directed by MAJCOM/A3s. **Note:** This requirement does not apply to the NGB.

2.2.18. MAJCOM/NAF Examiners may receive their evaluations from any like-qualified crew examiner in the same crew position.

2.2.19. Coordinate with appropriate agencies to develop the crew Stan/Eval Self- Assessment Checklist (SAC) as specified in Department of the Air Force Instruction (DAFI) 90-302, *The Inspection System of the Department of the Air Force*. IAW DAFI 90-302_ACCSUP, *The Inspection System of the Department of the Air Force*, uploads the SAC in the Management Internal Control Toolset (MICT).

2.2.20. Assist with the review, updating, and distribution of Master Question Files (MQFs) (See **Chapter 6**).

2.2.21. Convene conferences and working groups, as necessary, to review and improve command Stan/Eval policies and procedures.

2.2.22. Support the ACC Inspector General (ACC/IG) as a representative of ACC Stan/Eval Chief to execute the inspection programs IAW DAFI 90-302 and applicable supplements.

2.2.23. Coordinate on operational procedures, evaluation criteria, and guidance.

2.3. NAFs.

2.3.1. Scope. NAF Stan/Eval will maintain a tactical focus and perform the operational role in evaluating unit Stan/Eval functions within its chain of command.

2.3.2. Functions.

2.3.2.1. Maintain oversight of Stan/Eval functions in lower echelon units, in gained units, and in AFRC and ANG units for which oversight responsibility is assigned.

2.3.2.2. Conduct Stan/Eval visits IAW MAJCOM directives. Coordinate with MAJCOM Stan/Eval and/or MAJCOM/IG functions to schedule visits.

2.3.2.3. Plan and Execute the Higher Headquarters (HHQ) Evaluation Standardization Assessment Program (ESAP).

2.3.2.4. Coordinate and process applicable DAF Form 847 submissions through Stan/Eval channels. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility and notify NGB/A2/6CW.

2.3.2.5. Provide staff coordination and control of all CIF items issued from the NAF level to units (see **Chapter 8**).

2.3.2.6. Provide qualified Standardization/Evaluation Examiner (SEE) to augment other MAJCOM and NAF agencies when requested.

2.3.2.7. Administer periodic crew evaluations, when practical, to Chiefs of Stan/Eval or senior Stan/Eval crews in lower echelon units, in gained units, and in AFRC and ANG units for which oversight responsibility is assigned.

2.3.2.8. Observe execution of unit missions and provide feedback when feasible.

2.3.2.9. Review and coordinate on subordinate unit supplements to this instruction.

2.3.2.9.1. Unit supplements will be reviewed and returned to units with comments within 60 days of submission. To ensure adequate time for review and implementation, units should submit supplements at least 7 months before a scheduled ESAP. If units submit their supplement less than 3 months before a scheduled ESAP, the NAF may complete the review during the scheduled ESAP.

2.3.2.10. Review subordinate unit Standardization/Evaluation Board (SEB) minutes and, at a minimum, address any action items requiring HHQ assistance.

2.3.2.11. Initiate corrective action to eliminate noted discrepancies or deficiencies when HHQ action is required. Ensure unit corrective actions are satisfactory.

2.3.2.12. Review, coordinate, and distribute applicable MAJCOM-provided guidance.

2.3.2.13. Coordinate and ensure oversight of the unit trend analysis program.

2.3.2.14. Provide staff coordination and perform distribution actions on all CIF items issued from the MAJCOM level to units.

2.3.2.15. Assist ACC/A3TV with the review, updating and distribution of mission systems-specific MQFs.

2.3.2.16. Administer periodic crewmember or objectivity evaluations, when practical, to Chiefs of Stan/Eval or senior Stan/Eval crewmembers in lower echelon units and in ANG and AFR units.

2.3.2.17. Identify, in writing, what specific duties are being delegated to the wing(s), if any.

2.3.3. Organization. Typical NAF Stan/Eval staff includes a chief and one Examiner per crew position per mission systems. Manning may be adjusted by the NAF/CC.

2.3.4. Augmentation. Each NAF may use qualified augmentees to support or conduct reviews, evaluations, and inspections with concurrence of all the NAF Stan/Eval organizations involved.

2.4. Stan/Eval Staff Assistance Visits (SAVs). HHQ Stan/Eval staff may visit units for several reasons. These include the administration of formal inspections, SAVs that were requested by the Unit/CC, or in an informal capacity. Formal unit visits will be coordinated and scheduled with the MAJCOM Gatekeeper IAW DAFI 90-302.

2.4.1. Each ACC NAF may use augmentees from other ACC NAFs to support or conduct SAVs, crew evaluations, or ACC ESAP visits.

2.4.2. The Chief of NAF Stan/Eval will identify, in writing, NAF HHQ assigned SEEs and provide ACC/A3TV with a copy of the most current Examiner document.

2.5. The HHQ Evaluation Standardization Assessment Program (ESAP).

2.5.1. HHQ ESAP Description:

2.5.1.1. The HHQ ESAP consists of a series of crew evaluations performed by HHQ Examiners. The intent of the program is to ensure that the unit crew evaluation system is providing accurate assessment information to the unit/CC regarding the qualification of the unit's crew. The program assesses the capability of the unit's Examiners to make accurate

objective decisions and consistent subjective decisions during unit crew evaluations. The program evaluates the Examiner's ability to construct and execute a thorough and fair evaluation. The program also assesses the consistency of the evaluation results by comparing Qualification Levels and numbers/types of downgrades issued during the HHQ ESAP visit(s) with Qualification Levels and downgrades issued during the current IG inspection cycle.

2.5.1.2. The evaluations are conducted IAW this publication, ACCMAN 17-2 [MSV] V2, the unit's Designed Operational Capability (DOC) statement and associated publications. Unit Stan/Eval administrative programs are inspected separately under DAFI 90-302 (see **Attachment 3**).

2.5.1.3. The HHQ ESAP is part of the IG inspection cycle. The results are reported to the ACC/IG and may be included in the wing's final Unit Effectiveness Inspection (UEI) report. The HHQ ESAP may be completed in one visit, or in multiple visits, depending on the unit's schedule and availability of HHQ evaluators. The timing of the ESAP visit(s) may be aligned with any UEI on-site inspection, or conducted as stand-alone HHQ Stan/Eval visits, but should be completed before the end of the Capstone visit to ensure the results are incorporated into the wing's final IG report.

2.5.1.4. The ESAP visit schedule is coordinated between NAF Stan/Eval, MAJCOM Stan/Eval offices and the unit's OGV office based on the unit's schedule and HHQ evaluator availability. ACC Stan/Eval office then provides the final ESAP visit schedule to ACC/IG Gatekeeper. HHQ evaluators are primarily sourced from HQ/ACC and aligned NAF Stan/Eval offices. If not available, HQ/ACC and NAF Stan/Eval may source HHQ evaluators from other MAJCOMs (with ACC/A3TV coordination), NAFs and/or wings. Attempts to source evaluators from other units should be made for objectivity, but HHQ evaluators may be sourced from the inspected unit as a last resort.

2.5.1.5. All ESAP HHQ Examiners that are not assigned to the MAJCOM or NAF Stan/Eval Offices are identified on a temporary HHQ Examiner letter for the period identified for the ESAP event. The temporary letter requires a memorandum signed by the Chief of ACC Stan/Eval.

2.5.1.6. HHQ Examiners are not required to obtain or generate a Memorandum of Agreement (MOA) between the HHQ Stan/Eval Office and the host OG/CC when conducting evaluations as part of a HHQ ESAP visit.

2.5.2. HHQ ESAP Team Composition and responsibilities.

2.5.2.1. HHQ ESAP Visiting Team Lead and responsibilities.

2.5.2.2. The Visiting Team Lead for subordinate unit ESAP events is a NAF identified Examiner, appointed by the NAF or MAJCOM Chief of Stan/Eval. The Team Lead acts as the primary liaison between the identified unit OGV and ACC Stan/Eval to coordinate event functions, garner MAJCOM perspective, and manage the ESAP event.

2.5.2.3. Further procedures for planning and developing ESAP visits can be found in the ACC Examiner Guide.

2.5.2.4. HHQ ESAP Examiners duties and responsibilities are found in the ACC Examiner Guide.

2.5.3. Unit receiving the ESAP visit responsibilities.

2.5.4. Upon notification or when initiating the planning of the ESAP visit, OGV designates a local coordinator to establish the schedule, determine the objectives of the ESAP visit and act as a representative of the OG/CC. Further guidance can be found by contacting the Visiting Coordinator or NAF Stan/Eval function.

2.5.5. HHQ ESAP Goals:

2.5.5.1. Accomplish Examiner Objectivity (SPOT) Evaluations on 75% of the unit's Examiners.

2.5.5.2. Accomplish Qualification (QUAL)/Mission (MSN)/Emergency Procedures Examination (EPE) evaluations on 15% of the unit's crew. This percentage is accomplished by two means:

2.5.5.3. Direct evaluations by HHQ Examiners.

2.5.5.4. Direct crew position evaluations administered by unit examiners receiving an objectivity SPOT evaluation as administered by an HHQ Examiner, where the results in the objectivity evaluation grade was Q1 or Q2.

2.5.5.5. Crew Evaluations should contain an even sampling of QUAL/MSN/EPE evaluations. The exact composition of evaluation types is decided by the ESAP visit team lead and coordinated with the unit chief of Stan/Eval.

2.5.6. HHQ ESAP Reporting.

2.5.6.1. The ESAP visit team lead reports the results to the Unit/CC using the format in **Attachment 6** as an unclassified marked document. Copies should be sent to the inspected wing (WG)/CC, WG/IG, OG/CC, OG/OGV, SQ/CC, Squadron Standardization/Evaluations (SQ/CCV), NAF Director of Operations (NAF/A3), NAF Stan/Eval Division (NAF/A3V), ACC/A3, ACC Flight Operations Division (ACC/A3T) and ACC/A3TV no later than 2 weeks after each ESAP visit. ACC/A3TV submits the report to ACC/IG for inclusion in the wing's UEI report. If the ESAP visit is executed at the same time as the UEI Capstone Visit, the ESAP visit report should be submitted to the ACC/IG in time to be included in the inspected wing's UEI final report.

2.5.6.2. Superior performers may be recognized on the ESAP report at the discretion of the ESAP visit team lead.

2.5.6.3. A template for the ESAP visit report can be found at the ACC/A3TV SharePoint Site at **https://usaf.dps.mil/sites/ACC-A3/A3T/A3TV/SitePages/Home.aspx**.

2.5.6.4. Include the following statement as the first line in the comments section on the ACC Form 4418, *Certificate of Cybercrew Qualification*: "This evaluation was administered as part of the HHQ Evaluation Standardization Assessment Program."

Chapter 3

UNIT STAN/EVAL FUNCTIONS AND ORGANIZATION

3.1. Scope. For purposes of this instruction, "unit" includes levels of organization under HHQ required to establish a Stan/Eval function. Most units are composed of an OG and cyber squadrons/detachments (henceforth in this publication, "OG" will be considered any group-level command, and "squadron" is used synonymously with "detachment"). Where there is no parent OG, squadrons will assume duties listed for OGs.

3.2. Operations Group (OG). The conduct of the unit level Stan/Eval program is directed by the OG/CC. ANG OG/CCs may delegate OGV responsibilities to the SQ/CCV when OG manning does not have Stan/Eval billets IAW **paragraph 3.2.2.5**.

3.2.1. OG/CC Responsibilities.

3.2.1.1. Provide manpower to the unit Stan/Eval function to execute the duties directed by this publication.

3.2.1.2. Direct supplementary evaluations (see **Chapter 7**). Supplementary Evaluations are directed by unit supplements.

3.2.1.3. Chair the SEB.

3.2.1.3.1. Board members will include Chief of Stan/Eval, Chief of Training, Chief of Weapons and Tactics, and all available SEEs.

3.2.1.3.2. At a minimum, the board should address:

3.2.1.3.2.1. Stan/Eval manning levels.

3.2.1.3.2.2. A summary of all evaluations, examinations, waivers, and extensions since the last board and any trends identified.

3.2.1.3.2.3. Stan/Eval Program Inspections and Reviews since the last board.

3.2.1.3.2.4. Pending or completed Stan/Eval related publication changes.

3.2.1.3.2.5. Results of evaluations conducted at both the OGV and squadron level.

3.2.1.3.2.6. Old business including open or completed business items since the last board.

3.2.1.3.2.7. New business.

3.2.1.3.2.8. Items requiring HHQ assistance.

3.2.1.3.2.9. Due outs.

3.2.1.4. Establish procedures to implement MAJCOM-mandated Stan/Eval software.

3.2.1.5. Determine delegation of group's Stan/Eval functions for organizations not collocated with the group.

3.2.1.6. Designate and certify OG Stan/Eval crew Examiners.

3.2.1.7. Select SEE from the most highly qualified and experienced instructors (**Exception:** Senior SEE, see **paragraph 4.5**.).

3.2.1.8. Approve the update of mission system-specific MQFs.

3.2.1.9. Provide a suitable facility and resources to accommodate the Stan/Eval function.

3.2.1.10. Provide the means to procure the necessary materials for mission planning, pre-mission briefings, and supervision.

3.2.1.11. Ensure adequate crew briefing facilities are provided at the unit level. **Attachment 7** contains guidance for the minimum mission planning materials required to conduct an adequate crew briefing.

3.2.1.12. OG/CCs of an integrated total-force structure will address the relationship between the active and reserve component Stan/Eval organizations via a Memorandum of Understanding (MOU) and/or MOA IAW AFI 90-1001, *Total Force Associations (TFAS).*

3.2.1.12.1. The MOA will address cross-component evaluation procedures, restrictions, and administrative and operational control (OPCON) relationships.

3.2.1.12.2. The MOA will address the routing process for ACC Form 4418, specifically who will sign as Reviewing Official and Final Approving Officer.

3.2.2. OGV Organization. OGV staff will consist of a Chief of Stan/Eval and will include at least one Examiner per crew position for each mission system. Manning and organization may be adjusted IAW MAJCOM instructions or with OG/CC approval.

3.2.2.1. The Chief of Stan/Eval will be a certified Examiner in a unit assigned mission system. For units undergoing conversion, the Chief of Stan/Eval may be qualified in the mission system to which the unit is converting, even if none are yet assigned.

3.2.2.2. The Chief of Stan/Eval will report directly to, and be rated by, the OG/CC. For units not collocated with the parent wing/group, the Chief of Stan/Eval will report directly to and be rated by the unit commander, or as specified by MAJCOM instruction.

3.2.2.3. The OG/CC may designate additional OGV SEEs who are not assigned to OGV when necessary to meet unique unit requirements. Document in the SEB minutes (see **Attachment 2**).

3.2.2.4. The OG/CC may designate Stan/Eval Liaison Officers (SELOs) to assist OGV in administrative duties.

3.2.2.5. At the discretion of the OG/CC, OGV and SQ/CCV functions may be combined.

3.2.2.6. Review, update, and distribute mission system-specific MQFs. May be delegated to the SQ/CCV.

3.2.3. OGV Functions.

3.2.3.1. At the OGV level, emphasis is on overall unit standardization. Under direction of the Chief of OGV, Examiners will ensure standardization throughout SQ/CCV functions and squadron-assigned Examiners.

3.2.3.2. Oversees evaluation profile development.

3.2.3.3. Establishes ACC Form 4418 local procedures and quality control.

3.2.3.4. Establish procedures to maintain and review unit Cyber Evaluation Folders (CEFs). If no squadron Stan/Eval is assigned to perform this function, the OGV will maintain unit CEFs.

3.2.3.5. Establish procedures for requisite Crew Examinations (see **Chapter 6**).

3.2.3.6. Approved MQFs will be provided to ACC/A3TV.

3.2.3.7. Establish and maintain a trend program. The scope should include, but not be limited to, trend analysis of all evaluations. For units with more than one type of mission system and/or crew position, combine discrepancies common to all mission systems/crew positions to determine trends.

3.2.3.7.1. For units conducting formal training, maintain separate trend data for students and instructors.

3.2.3.7.2. When trends are noted, OGV will accomplish the following:

3.2.3.7.2.1. Recommend an OPR and Office of Collateral Responsibility (OCR). **(T-2)**

3.2.3.7.2.2. Recommend corrective action and a method to verify that this trend has been corrected.

3.2.3.7.2.3. Ensure the trend is closed when corrective action is successfully implemented and verified by the OPR/OCR.

3.2.3.7.2.4. Report trends and status to the OG/CC during the SEB until closed (see **Attachment 2**).

3.2.3.8. Conduct supplementary evaluations as directed by the OG/CC. (see **paragraph 7.4**.).

3.2.3.9. Conduct SEBs and document IAW **Attachment 2** and MAJCOM instruction.

3.2.3.9.1. At a minimum, SEBs will be held semiannually and as early as practical after the end of the previous 6-month period. SEB minutes will be kept on file until the next ESAP.

3.2.3.9.2. Attendees should include SQ/CCs and OGV/squadron Examiners. Absent SEB members will read SEB minutes.

3.2.3.9.3. Send a copy of the SEB minutes to the following, at a minimum: ACC/A3TV, NAF/A3V, AFRC Information Warfare Branch (AFRC/A3OI) (AFR units only), 10th AF Stan/Eval Division (10 AF/A3V) (AFR units only), and NGB Director of Operations (NGB A3/10).

3.2.3.10. Establish and maintain the unit CIF program to include the Read File.

3.2.3.11. Establish unit no-notice program to be utilized at the discretion of the OG/CC or SQ/CC.

3.2.3.12. Publish a unit supplement of procedures for the implementation of this instruction as needed.

3.2.3.13. Units will administer evaluations in a pyramid style evaluation structure, IAW **Table 3.1,** where higher-level Examiners or Examiner-qualified supervisors evaluate subordinate crew and lower-level Examiners.

Table 3.1. Pyramid Evaluation Structure.

EXAMINEE	EXAMINER
SQ assigned/attached personnel, MAJCOM or NAF Examiners	Any Examiner
SQ/Det/CC, DO, Superintendent & SQ Examiner	OGV/NAF/MAJCOM Examiner, or Examiner higher in chain-of-command
OGV Examiner, WG/CC/CV & OG/CC/CD Examiner	NAF or MAJCOM Examiner, or Examiner higher in chain-of-command

3.2.3.13.1. When no qualified Examiner is available above the Examinee in the pyramid evaluation structure or chain of command, the next Examiner in the pyramid should administer the evaluation. Exceptions are documented in the additional comments section of the ACC Form 4418.

3.2.3.13.2. Units with Examinees requiring NAF or MAJCOM evaluation will contact their HHQ Stan/Eval for availability before the fourth month of the Examinee's eligibility period. The HHQ Stan/Eval may delegate if no appropriate Examiner is available.

3.3. Squadron.

3.3.1. SQ/CC Responsibilities:

3.3.1.1. Ensure a safe and functional Stan/Eval testing area.

3.3.1.2. Designate squadron cyber SEEs in a Squadron Letter of Certification.

3.3.1.3. May designate SELOs to assist in administrative Stan/Eval duties.

3.3.1.4. Ensure that individuals whose periodic evaluations expire either within three months after their departure for a Permanent Change of Station (PCS) to an operational assignment in the same mission system, or during an upcoming Temporary Duty (TDY) (operational or non-operational), complete the required evaluation(s) before departing. Coordinate with the gaining OG/CC for any instances where this requirement cannot be met. **Note:** Applies to extended TDY that may preclude the member from completing a required evaluation within the prescribed eligibility period.

3.3.2. SQ/CCV Functions. The focus of the Stan/Eval program is at the squadron level. The SQ/CC establishes the program and the SEEs are the administrators. Any or all of the following responsibilities may be assumed at a higher-level in situations where a SQ/CCV function does not exist, as specified in MAJCOM and/or unit supplements to this instruction. OG supplements outline local guidance on managing the Stan/Eval function for operational squadrons where a Stan/Eval function does not exist.

3.3.2.1. Manage and conduct crew evaluations and supplemental evaluations IAW published guidance.

3.3.2.2. Implement Stan/Eval crew exam procedures IAW published guidance.

3.3.2.3. Implement OGV CEF maintenance and review guidance.

3.3.2.4. Assist OGV in managing the trend program.

3.3.2.5. Coordinate and process applicable DAF Form 847 through Stan/Eval channels. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility and notify NGB/A2/6CW.

3.3.2.6. Assist OGV in implementing the mission system publications program IAW Technical Order (TO) 00-5-1, *The Air Force Technical Order System*, and ensure compliance with the OG CIF program.

3.3.2.7. Ensure proper completion, routing, and filing of approved forms IAW ACCMAN 17-2 [MSV].

3.3.2.8. Advise squadron leadership of crew progression toward completion of requisites and performance evaluations.

3.3.2.9. Implement OG guidance on the usage of MAJCOM-mandated Stan/Eval software.

3.3.3. SQ/CCV Organization.

3.3.3.1. The SQ/CCV function will consist of a Chief of Stan/Eval who is a certified Examiner in a squadron mission system and one person for each crewmember position of each squadron crew mission system. Each person assigned to the SQ/CCV function must be a certified Examiner and must maintain Mission Ready (MR) in their assigned mission system.

3.3.3.1.1. Waiver authority is the OG/CC. Document waivers in SEB minutes (see **Attachment 2**).

3.3.3.1.2. For units undergoing conversion, the Chief of Stan/Eval may be qualified in the mission system to which the unit is converting, even if none of the new mission systems are yet within the unit.

3.3.3.2. The squadron Chief of Stan/Eval will report directly to and be rated by the SQ/CC, or as specified by MAJCOM instruction.

3.3.3.3. The SQ/CCV Function will consist of a certified Examiner in each crew position for each mission system.

Chapter 4

CREW STAN/EVAL EXAMINERS (SEE)

4.1. General. The evaluation portion of the Crew Stan/Eval Program is administered by Examiners at the HHQ and unit levels.

4.2. Selection:

4.2.1. The chief of the respective MAJCOM or NAF Stan/Eval function will select and designate, in writing, HHQ Examiners. Copies of the designation memo will be sent to all units where HHQ Examiners are attached to operate and conduct missions.

4.2.2. The OG/CC and SQ/CC will each select, and designate in writing, all OGV and Squadron SEE (respectively).

4.2.2.1. The OG/CC and SQ/CC may designate additional OGV or Squadron SEEs (respectively) who are not assigned to OGV or the squadron when necessary to meet unique unit requirements.

4.2.2.2. Annotate all SEEs (to include attached and senior SEEs [see **paragraph 4.5**]) in the Squadron Letter of Certification.

4.3. Stan/Eval Examiner (SEE) Functions.

4.3.1. Conduct crew evaluations IAW **Chapter 5** and document IAW **Chapter 8**.

4.3.2. Administer evaluations only within their mission system/crew specialty and only evaluate those mission/skill sets in which they maintain qualification and/or certification. **Exception:** SPOT evaluations and where specifically authorized in ACCMAN 17-2 [MSV] V2.

4.3.3. Waiver authority for SEE to evaluate mission/skill sets in which they are not certified is the OG/CC; the OG/CC may waive this requirement on a case-by-case basis. For senior SEE (see **paragraph 4.5**), waiver authority is the next commander in their operational chain of command.

4.3.4. Conduct a thorough pre-mission briefing and post-mission debriefing for the Examinee and applicable crewmembers on all aspects of the evaluation.

4.3.5. Immediately correct breaches of safety or crew discipline impacting real-world operations during an evaluation (applies to both the Examinee as well as any accompanying crew).

4.3.6. As soon as possible, notify the Examinee's SQ/CC, Director of Operations, and direct supervisor whenever Qualification Level 2 or 3 (Q2 or Q3) performance is observed (see **paragraph 5.3.3**.).

4.3.7. If an Examiner instructs for at least half of an Examinee's training, or recommends a trainee for upgrade, a different Examiner should conduct the evaluation. The Examinee's squadron commander may waive this restriction. This waiver is documented in the Remarks Section of the ACC Form 4418 and is reportable in the SEB minutes.

4.4. Stan/Eval Examiner (SEE) Currency. To maintain SEE status, Examiners must conduct evaluations in their primary assigned mission system every 120 days (180 days for AFRC and MAJCOM/NAF SEEs).

4.5. Senior Stan/Eval Examiner (SEE) Program.

4.5.1. NAF/CCs and OG/CCs may maintain SEE status in their primary assigned mission system.

4.5.1.1. NAF/CVs and OG/Deputy Commanders (CDs) may perform this function if the principal incumbent is not qualified or available.

4.5.1.2. OG/CDs that operate different mission system from the OG/CC in multi-mission system WGs or occupy a different crew position in the same mission system, may be designated as SEEs at the OG/CC's discretion.

4.5.1.3. Document designations IAW **paragraph 4.2.2.2**.

4.5.2. Individuals eligible for Senior SEE status do not require, nor do they have to maintain, instructor qualification, but they must have completed SEE certification IAW unit standards.

Chapter 5

CREW EVALUATIONS

5.1. General. The Stan/Eval Program utilizes crew evaluations to ensure qualification of crewmembers and supplementary evaluations to ensure standardization of operations.

5.1.1. For efficiency, an individual's crew qualification evaluations should be accomplished concurrently whenever practical.

5.1.2. Evaluations in different (dual/multiple) crew positions will be addressed in ACCMAN 17-2 [MSV] V2. For guidance on supplementary evaluations, see **Chapter 7**.

5.2. Categories. Crew evaluations are divided into four categories: QUAL, MSN, SPOT, and Instructor (INSTR). Each consists of two structured phases, written and performance. (**Exception:** A SPOT evaluation may consist of only one phase, depending on its purpose.) Each phase requires the completion of requisites (see **paragraph 5.5**.).

5.2.1. QUAL Evaluations. Units will assist OGV in the creation of QUAL evaluations to ensure it meets their operational needs. Creation may be delegated down to individual units to accomplish.

5.2.1.1. Purpose. Ensure basic qualification in a mission system and/or crew position.

5.2.1.2. Execution. All crew will complete a basic QUAL evaluation in their primary assigned mission system/crew position as specified in the applicable ACCMAN 17-2 [MSV] V2. QUAL evaluations may be combined with MSN evaluations IAW ACCMAN 17-2 [MSV] V2.

5.2.2. MSN Evaluations. Squadrons are responsible for creating MSN evaluations based on OGV-approved profiles or certifications but can request development support from OGV and other operational squadrons. All MSN evaluations or certifications will be approved by the squadron's Certifying Official and will be provided to OGV.

5.2.2.1. Purpose. To ensure qualification to employ the crew's assigned mission system/crew position in the accomplishment of the unit’s operational mission(s).

5.2.2.2. Execution. All crewmembers maintaining Basic Mission Capable (BMC)/MR/Combat Mission Ready (CMR) status (IAW Air Combat Command Instruction [ACCI] 17-202, Volume 1, *Cybercrew Training*) will complete a periodic evaluation as specified in the applicable ACCMAN 17-2 [MSV] V2.

5.2.2.3. The MSN evaluation should reflect the type and difficulty of tasks required to fulfill the mission system operational mission.

5.2.3. SPOT Evaluations.

5.2.3.1. Purpose. Evaluate a specific event or requirement without intending to satisfy the requirements of a periodic evaluation and/or an INSTR evaluation.

5.2.3.2. Execution. A SPOT has no specific requisites, unless specified in unit supplements, but may be no notice (N/N) IAW **paragraph 5.2.5.3**.

5.2.3.2.1. When the SEE administering a SPOT evaluation is not qualified in the mission system (e.g., a senior Examiner), the evaluation will not be credited towards a periodic evaluation.

5.2.3.2.2. Any qualifying event and/or evaluation not listed in paragraphs **5.2.1** through **5.2.3** will be documented as a SPOT evaluation.

5.2.3.3. Examiner Objectivity SPOT Evaluations are evaluations that may be used to assess the objectivity, decision making, and skill of an Examiner in administering an evaluation. Examiners can administer Examiner Objectivity SPOT evaluations to evaluators that hold the same or similar crew positions qualifications, in the same or similar mission system, at the discretion of the Examinee's OG/CC or ESAP team leader.

5.2.4. INSTR Evaluations.

5.2.4.1. Purpose. To assess a crewmember's instructional ability in their mission system/crew position and to obtain/maintain Instructor Qualification.

5.2.4.2. Execution. Crewmembers obtaining/regaining instructor qualification in a mission system/crew position must complete an evaluation of instructional capability in that position. Guidance for dual and/or multiple qualified crewmembers will be specified in unit supplements and/or ACCMAN 17-2 [MSV] V2. **Exception:** When a complement of current and qualified AF instructors does not exist to accomplish initial unit INSTR Evaluations, with ACC/A3 approval and mission system FAM coordination, the OG/CC may establish an initial cadre (minimum required for initial conversion) of cyber instructors who do not require an Initial (INIT) INSTR evaluation. OG/CCs will notify ACC and provide initial cadre list for each crew position with current qualification and total mission and instructor hours if applicable. OG/CCs will use discretion when establishing initial cadre instructors and consider availability of suitable instructor courses. (See also **paragraph 5.12**.).

5.2.4.2.1. Accomplish INIT INSTR evaluations by instructing an actual student on an instructional mission to the maximum extent practical. When students are not available or mission/crew composition requirements prevent inclusion of students, another crewmember or the evaluator will serve as the student.

5.2.4.2.1.1. INIT INSTR evaluations may be used to update a required QUAL and/or MSN evaluation if all required graded area requirements are completed during the INSTR evaluation and the Examinee subsequently completes all requisites for the evaluation within the periods described in **paragraph 5.5.3**. Label the evaluation appropriately (**Example:** "INIT INSTR/MSN"). Do not add on missions/crew shifts to complete the requirements for a periodic evaluation unless the OG/SQ/CC concurs.

5.2.4.2.2. To promote the efficient use of time, as a best practice, periodic INSTR evaluations should be conducted during periodic QUAL and/or MSN evaluations.

5.2.4.2.3. Instructors whose QUAL and/or MSN evaluations have expired are not qualified to instruct in those areas (e.g., if an instructor's Mission Qualification expires, he/she may still instruct in Basic Qualification related areas as specified in ACCMAN 17-2 [MSV] V2).

5.2.5. Prefixes. The following prefixes should be used, when applicable, to further describe the evaluations listed in paragraphs **5.2.1** through **5.2.3**.:

5.2.5.1. INIT. The first evaluation of any type, to include instructor qualification, in a specific mission system/crew position (e.g., INIT QUAL, INIT MSN, INIT INSTR).

5.2.5.2. Requalification (RQ). An evaluation administered to remedy a loss of qualification due to expiration of a required periodic evaluation, loss of currency exceeding six months (as specified in the applicable ACCMAN 17-2 [MSV] V1), following a failed evaluation, or a CC-directed downgrade. An RQ evaluation requires documentation.

5.2.5.2.1. Expiration of a required periodic evaluation. The RQ will be IAW the guidance for that periodic evaluation.

5.2.5.2.2. Loss of currency exceeding six months requires an RQ evaluation (IAW ACCMAN 17-2 [MSV] V2). Loss of currency up to six months will be documented as an RQ SPOT (see **Chapter 8**). The RQ SPOT will include specific events or requirements as directed by the SQ/CC and will include, as a minimum, those items for which the individual is non-current and which require an evaluation IAW the applicable ACCMAN 17-2 [MSV] Vs 1/2.

5.2.5.2.3. Completion of a QUAL evaluation in a different mission system. The RQ will be IAW the guidance for the periodic evaluation in the applicable ACCMAN 17-2 [MSV] V2.

5.2.5.2.4. A performance RQ following a failed periodic evaluation. The RQ will be IAW the provisions of **paragraph 5.6.1**.

5.2.5.2.5. Loss of qualification due to a CC-directed downgrade (see **paragraph 5.9**.). The RQ profile will be as directed by the CC on the ACC Form 4418 (see **Chapter 8**).

5.2.5.2.6. The RQ prefix will not be used to prefix an RQ following a failed INIT evaluation. No qualification was achieved, thus RQ is not possible.

5.2.5.3. N/N Evaluation.

5.2.5.3.1. The N/N evaluation provides CCs a sampling of daily crew performance and an assessment of unit training effectiveness.

5.2.5.3.2. A N/N evaluation is one where the Examinee is notified of the evaluation at or after the beginning of the crew changeover/beginning of the mission/crew shift.

5.2.5.3.3. A N/N cannot be combined with an INIT evaluation.

5.2.5.4. Multiple Prefixes. More than one prefix may be used to describe an evaluation. The applicability of any prefixes to portions of any combined evaluations and the purpose for any prefixes (if not obvious by the context of the evaluation) will be explained on the approved form as discussed at **Chapter 8**.

5.2.5.5. Examiner Objectivity Evaluations. An evaluation of the objectivity and skill of a lower echelon Examiner in administering an evaluation. Use SPOT as the type of evaluation, then explain in the mission description that the evaluation was an Examiner Objectivity Evaluation. Overall rating for this type of an evaluation will be either qualified (1) or unqualified (3).

5.2.5.5.1. The grading criteria in **Attachment 5** will be used.

5.2.5.5.2. A qualified rating (1) indicates that the Examiner objectivity Examinee complied with HHQ and local Stan/Eval directives, properly briefed and debriefed the Examinee, correctly identified discrepancies, awarded the correct grade for each evaluated area, awarded the appropriate overall grade and, if required, assigned appropriate additional training.

5.2.5.5.3. An unqualified rating (3) will be awarded when the Examiner failed to satisfy the requirements of a qualification rating (1). The certification of the lower-level Examiner receiving an unqualified Examiner Objectivity Evaluation will be determined by the SQ/CC or OG/CC as applicable. The SQ/CC or OG/CC may, at his/her discretion, issue a commander directed ACC Form 4418 for the Examinee based upon the higher-level Examiner recommendation.

5.3. Grading System.

5.3.1. A two-step grading system is used to evaluate and document crew performance.

5.3.1.1. In the first step, individual grades are assigned to each requisite to include the grading of areas/subareas of crew performance against established evaluation criteria (see **paragraph 5.4**.). Performance less than fully qualified must be documented.

5.3.1.2. In the second step, an overall qualification level is assigned based on a compilation of all individual requisite grades (see **paragraph 5.3.3.5**.).

5.3.2. Performance Areas/Subareas.

5.3.2.1. Areas/subareas will have a two-tier (Q/U) or three-tier (Q/Q-/U) grading system. Discrepancies will be documented against the established areas/subareas.

5.3.2.1.1. Q indicates the Examinee demonstrated both a satisfactory knowledge of all required information and performed crew duties within the prescribed tolerances.

5.3.2.1.2. Q- indicates the Examinee is qualified to perform the assigned area/subarea tasks but requires debriefing or additional training as determined by the SEE. Deviations must not exceed the prescribed Q- tolerances, jeopardize safety, or be a breach of crew discipline.

5.3.2.1.3. U indicates that performance was outside allowable parameters thereby compromising crew safety; that deviates from prescribed procedures/tolerances adversely affected mission accomplishment; and/or evaluated performance constituted a breach of crew discipline. An Examinee receiving an area/subarea grade of U requires documented additional training, as determined by the SEE.

5.3.2.2. Remedial Action. All grades of Q- or U require remedial action that includes either debriefing discrepancies and/or assignment of additional training. All areas/sub-areas graded as U require additional training.

5.3.2.2.1. Debriefed Discrepancy. Remedial action accomplished during the post-evaluation debrief. SEEs may query previous actions concerning potential discrepancies and may provide clarification or instruction to determine if the Examinee has attained/maintained the necessary proficiency.

5.3.2.2.2. Additional Training. Any training recommended by the SEE to remedy deficiencies identified during an evaluation.

5.3.2.2.2.1. May include self-study, academic instruction, use of a simulator (SIM)/Cybercrew Training Device (CTD), or mission.

5.3.2.2.2.2. Will be complete no more than 60 calendar days (120 calendar days for Air Reserve Component (ARC)) following the date of the discrepancy.

5.3.2.2.2.3. If a crewmember exceeds the allotted time for completion of additional training, the SQ/CC will review the situation and direct appropriate action. Document the circumstances with a Memorandum for Record (MFR) to be included in the ACC Form 4418 (see **Chapter 8**).

5.3.2.2.2.4. Document additional training on the ACC Form 4418 IAW paragraphs **8.3.5.5** and **8.3.7.3.4**.

5.3.2.2.2.5. Units will outline procedures for ensuring additional training is accomplished.

5.3.2.3. The SEE must grade the areas/subareas listed as required in the general and specific evaluation sections of the applicable ACCMAN 17-2 [MSV] V2 or as approved within the evaluation profile.

5.3.2.4. In addition to required areas/subareas, the SEE will grade any area/subarea observed during an evaluation if performance in that area/subarea impacts the specific evaluation accomplished or overall crew safety.

5.3.2.5. Grading criteria tolerances assume optimal network and stable mission system conditions.

5.3.2.6. Momentary deviations from tolerances will not be considered in the grading, provided the Examinee applies prompt corrective action and such deviations do not jeopardize safety. Cumulative deviations will be considered when determining the overall grade. The SEE will state the Examinee's overall rating, review with the Examinee the area grades assigned, thoroughly critique specific deviations, and recommend/assign any required additional training.

5.3.2.7. The SEE may further identify any area/sub-area as Commendable if, in the Examiner's determination, the crewmember has demonstrated exceptional skill and knowledge. Document IAW **Chapter 8**.

5.3.3. Qualification Levels. Qualification levels are assigned both to individual evaluations (i.e., performance evaluations) as well as overall performance. Individual evaluations are graded as a compilation of all area/sub-area grades. Overall performance is graded as a compilation of all requisites associated with the required evaluation. Both individual and overall grades are based on the following.

5.3.3.1. Exceptionally Qualified (EQ) Designation. An EQ may be given, but will only be applied to the overall grade; EQ will not be given to separate area/subarea requisites. Document on the ACC Form 4418 IAW paragraphs **8.3.5.6** and **8.3.7.2**. An EQ may only be given when all of the following criteria are met:

5.3.3.1.1. The crewmember has demonstrated exceptional skill and knowledge in all phases of the evaluation.

5.3.3.1.2. The crewmember has not failed any requisite.

5.3.3.1.3. The crewmember received a Q on all areas/subareas evaluated.

5.3.3.1.4. The operator passed the written exam with a score of 95-100.

5.3.3.2. Q1. The crewmember demonstrated desired performance and knowledge of procedures, equipment and directives within tolerances specified in the grading criteria. This will be awarded when no discrepancies were noted, but may be awarded when discrepancies are noted if:

5.3.3.2.1. No U grades were awarded for any discrepancy area/sub-area.

5.3.3.2.2. In the judgment of the SEE, none of the discrepancies preclude awarding of an overall Q1.

5.3.3.2.3. All areas/sub-areas graded as Q- during the evaluation were cleared during the evaluation debrief.

5.3.3.3. Q2. The crewmember demonstrated the ability to perform duties safely, but:

5.3.3.3.1. There were one or more area(s)/subarea(s) where additional training was assigned.

5.3.3.3.2. A non-critical area/subarea grade of U was awarded.

5.3.3.3.3. In the judgment of the SEE, a Q2 may be given if there is justification based on Q- performance in one or several areas/subareas.

5.3.3.4. Q3. The crewmember demonstrated an unacceptable level of safety, performance or knowledge.

5.3.3.4.1. Any critical area graded U requires an overall Q3 (applicable to both performance evaluations and EPEs).

5.3.3.4.2. In the judgment of the SEE, a Q3 may be given if there is justification based on Q-/U performance in one or several non-critical areas/subareas.

5.3.3.5. Assigning the overall qualification level.

5.3.3.5.1. The performance-phase SEE is the Examiner responsible for assigning the overall qualification level.

5.3.3.5.2. An overall grade of Q1 or Q2 will be given only after all evaluation requirements (to include required examinations) have been completed and given due consideration.

5.3.3.5.3. An overall grade of Q3 may be awarded at any time.

5.3.3.5.4. While ACCMAN 17-2 [MSV] V2 may dictate the highest grade for a performance or EPE based on area and subarea performance, SEE judgment will always be the determining factor in deciding the overall grade.

5.4. Evaluation Criteria.

5.4.1. The MAJCOM will establish and maintain standardized MSN, QUAL, and INSTR evaluation criteria in the appropriate ACCMAN 17-2 [MSV] V2. The MAJCOM will coordinate with the program managers of any command-mandated software on any updates of evaluation criteria to aid in the expeditious revision of evaluation criteria. The MAJCOM is also responsible for coordinating the establishment of the following:

5.4.1.1. Areas/subareas including the identification of critical areas and those areas required for evaluation completion. These areas/subareas will be arranged into general and specific evaluation areas.

5.4.1.1.1. Critical areas are those areas that, upon failure, would most adversely affect the qualification of a crewmember. Critical areas will include, but are not limited to, safety and crew discipline.

5.4.1.1.2. Actions that deem a U grade in a critical risk will result in an overall rating of Q3. Under these circumstances, the Examinee will not operate mission again until a successful reevaluation is accomplished either written, verbally, or in a SIM/CTD as determined by the SEE.

5.4.1.2. Publications Checks are required for QUAL evaluations and may be accomplished on other evaluations.

5.4.1.2.1. Each crewmember is responsible for utilizing required crew publications as outlined in applicable ACCMAN 17-2 [MSV] volumes.

5.4.1.2.2. Q performance requires individual crew publications be current and properly posted. In units that do not issue individual crew publications, crewmembers are still responsible for utilizing the most accurate and current of all publications required for the mission.

5.5. Requisites. These include both written and performance phase items. The written phase includes a series of examinations (see **Chapter 6**) as well as evaluation of crew performance in a controlled emergency procedures environment (i.e., EPEs, see **paragraph 5.5.1.2**.). The performance phase includes a mission and/or SIM evaluation of crew performance.

5.5.1. Written Phase Requisites.

5.5.1.1. Written phase requisites for each evaluation include the following.

5.5.1.1.1. QUAL: Open book examination and/or closed book examination, and EPE as specified in ACCMAN 17-2 [MSV] V2.

5.5.1.1.2. MSN: As specified in ACCMAN 17-2 [MSV] V2.

5.5.1.2. Emergency Procedures Evaluations (EPEs).

5.5.1.2.1. Purpose. Evaluate a crew member's knowledge of mission system-Specific emergency procedures (EPs) and systems for all QUAL evaluations (as applicable); evaluate mission-specific EPs and tactical systems knowledge during MSN evaluations.

5.5.1.2.2. Execution. ACCMAN 17-2 [MSV] V2 will specify contents of EPEs, areas to be evaluated, grading criteria, and whether EPEs may be done during mission performance, in a SIM/CTD, or verbally.

5.5.1.2.2.1. Only one EPE needs to be accomplished for each combined evaluation (e.g., one EPE for a QUAL/MSN).

5.5.1.2.2.2. A single EPE may be used for separate evaluations (e.g., an MSN and INSTR/QUAL evaluation) as long as the combined EPE is of a scope and duration to cover required areas and is conducted within the eligibility period for each evaluation (see **paragraph 5.8**.).

5.5.1.2.3. Grading. Q1 performance for EPEs requires taking the proper action in the correct sequence. Each crewmember is responsible for the critical action procedures (CAPs) applicable to their crew position.

5.5.1.2.4. Additional Training. For an EPE requiring additional training, the SEE will indicate if the additional training must be accomplished before the next unsupervised mission (see also **paragraph 5.3.2.2.2**.). Document IAW **Chapter 8**.

5.5.1.2.5. CAPs Failure. An incorrect response to a CAP situation (if applicable) during an EPE requires an EPE grade of unqualified. Under these circumstances, the Examinee will not operate mission again until a successful reevaluation is accomplished (either written, verbally, or in a SIM/CTD as determined by the SEE).

5.5.1.2.6. Unqualified EPE. An Examinee receiving an EPE grade of unqualified will be placed on supervised status IAW **paragraph 5.7**.

5.5.2. Performance Phase Requisites. The performance phase for crew evaluations include execution in the mission system and/or a suitable SIM/CTD (unless restricted by ACCMAN 17-2 [MSV] V2).

5.5.2.1. Evaluation profiles will be realistic, reflect unit tasking, be consistent with daily training missions, and incorporate current tactics applicable to the unit mission. Evaluation profiles outline additional evaluation policies and profiles for all mission systems and crew positions.

5.5.2.2. The evaluation profile used to fulfill the performance phase requisite must incorporate all appropriate requirements set in the applicable ACCMAN 17-2 [MSV] V2, and allow accurate measurement of the proficiency of the Examinee.

5.5.3. Requisite Completion.

5.5.3.1. In-the-Eligibility Period. For scheduled or N/N periodic evaluations in the eligibility period, all requisites must be completed within the eligibility period of the current evaluation (see **paragraph 5.8**.). The OG/CC may waive this requirement on a case-by-case basis (document on the ACC Form 4418 IAW **Chapter 8**).

5.5.3.2. Out-of-the-Eligibility Period. For periodic evaluations accomplished outside the eligibility period, all requisites must be completed within a six-month period beginning with the month in which the first written/phase requisite or performance evaluation was administered, whichever occurs first. **Exception:** For extended evaluations (IAW

paragraph 5.8.3.2), requisites may be completed between the beginning of the six-month eligibility period prior to the original expiration date and the extended expiration date.

5.5.3.3. One set of requisites may be used to satisfy the requirements of combined evaluations as defined in ACCMAN 17-2 [MSV] V2.

5.5.3.4. Requisites from a completed evaluation may be used for subsequent evaluations provided they cover all required areas and are within the ACCMAN 17-2 [MSV] V2 defined zone for each evaluation.

5.6. Failure to Pass a Performance Evaluation.

5.6.1. RQ. If a crewmember fails a performance evaluation, a successful performance RQ must be completed by 75 calendar days (150 calendar days for ARC crewmembers).

5.6.1.1. OG/CCs may approve waivers to the time limit on a case-by-case basis.

5.6.1.2. Certifying official will determine the requirements that need to be accomplished prior to RQ, based on the individual's experience level, present qualifications and hours of training required.

5.6.1.3. The SEE that administered the original evaluation will not normally administer the RQ unless approved by the Certifying Official.

5.6.1.4. An RQ is successfully completed when the crewmember performs to Q or Q- on each area graded U.

5.6.1.5. SIM RQs may be directed when the SEE deems a full performance RQ unnecessary, but are accomplished subsequent to the debriefing of a Q3 evaluation (document IAW **Chapter 8**).

5.6.1.6. Requisites that were valid for a failed evaluation per paragraph **5.5.3.1** or **5.5.3.2** remain valid, IAW the paragraphs above.

5.6.2. Status Downgrade. Crewmembers receiving a Q3 QUAL and/or MSN evaluation are non-mission ready (N-MR)/non-combat mission ready (N-CMR)/non-basic mission capable (N-BMC)/ IAW ACCMAN 17-2 [MSV] V1. For instructor evaluations, crew status (i.e., MR/CMR or BMC) need not be downgraded if the discrepancies were only in instructor areas/subareas.

5.6.3. Restrictions. When called for by this instruction or deemed necessary in the judgment of the SEE, performance restrictions will be imposed on the Examinee until successful completion of assigned additional training and/or an RQ.

5.6.3.1. Restrictions address the specific description of mission events and/or operation that requires supervision and the criteria for removal of the restrictions.

5.6.3.1.1. QUAL Evaluation: Place the Examinee on supervised status (see **paragraph 5.7**) in the mission system/mission in which the evaluation was administered.

5.6.3.1.2. MSN Evaluation: The Examinee may perform basic qualification tasks unless specifically restricted. Place the Examinee on supervised status for mission tasks.

5.6.3.1.3. INSTR Evaluation (or any evaluation where instructor qualifications are being evaluated): Instructors receiving an unsatisfactory grade in any instructor area(s) will not perform instructor duties until a successful RQ evaluation is completed.

5.6.3.2. Restrict crewmembers receiving a Q3 on any evaluation until a successful RQ is completed (see **paragraph 5.6.1**.).

5.6.3.3. Document restrictions on approved forms.

5.7. Supervised Status.

5.7.1. If unsatisfactory performance or restrictions require an Examinee be placed on supervised status.

5.7.2. Supervision will only be accomplished by instructors current/certified in that position.

5.7.3. Units will establish processes to track unit personnel placed in supervised status, through a consolidated list to be utilized for operations and mission planning purposes.

5.8. Timing of Cyber Qualification Evaluations.

5.8.1. Expiration Date. Required periodic evaluations expire on the last day of the 24th month following the month in which the performance phase was successfully completed (e.g. a periodic evaluation in which the performance phase was completed on 10 Oct 22 expires on 31 Oct 24.).

5.8.2. Eligibility Period. Periodic evaluations will be scheduled in the eligibility period, defined as the six-month period prior to the expiration date.

5.8.3. Out-of-the-Eligibility Period. On a case-by-case basis, periodic evaluations may be scheduled before or after the eligibility period according to the following criteria:

5.8.3.1. Evaluations Conducted Prior to the Eligibility Period. SQ/CCs may authorize individuals to complete periodic evaluations prior to the eligibility period (document IAW **Chapter 8**).

5.8.3.2. Extended Evaluations.

5.8.3.2.1. SQ/CC-Extended Evaluations. SQ/CCs may extend the expiration date of periodic evaluations up to three months for the reasons listed below (document IAW **Chapter 8**, **paragraph 8.7.3.2.2**.). Extensions will be on a case-by-case basis and this paragraph is not authority to grant blanket extensions. For individual extensions longer than three months, group or blanket extensions, see **paragraph 5.8.3.2.2**. Requisites not completed during the original eligibility period must be completed prior to the extended expiration date.

5.8.3.2.1.1. PCS/Permanent Change of Assignment (PCA) to a non-operational assignment.

5.8.3.2.1.2. Departing PCS or TDY for retraining in another mission system type.

5.8.3.2.1.3. Undergoing unit mission system conversion, as directed by MAJCOM.

5.8.3.2.1.4. Removal from active operations status (e.g., separation or retirement).

5.8.3.2.1.5. Participation in real-world operations (to include operations other than war, alert, etc.) who are not able to complete the required performance evaluation(s)

before or during deployment.

5.8.3.2.2. MAJCOM-Extended Evaluations. MAJCOM/A3 may extend evaluation expiration dates for crewmembers for up to six months. Units will submit extension requests through normal Stan/Eval channels and report approved extension requests in the SEB minutes.

5.8.3.3. Non-Standard Approval Authority.

5.8.3.3.1. For SQ/CCs and above (e.g., OG/CCs, WG/CCs), the approval authority is the next CC in the Examinee's operations chain of command.

5.8.3.3.2. In all other cases, if the operations chain of command differs from administrative chain of command (e.g., HHQ attached operators), approvals will be by the attached unit/CC with the concurrence of the Examinee's immediate administrative supervisor. **Exception:** 688th Cyber Wing (688 CW) units will acquire approval from the OPCON OG/CC.

5.8.3.3.3. For individuals not assigned to a MAJCOM, the Air Force Spectrum, Information, and Cyber Effects Directorate (AF/A3C) is the approval authority.

5.8.4. Failure to Complete a Periodic Evaluation within the Eligibility Period. If a crewmember fails to complete an evaluation (either written/non-performance phase or performance phase) within the eligibility period for an in-the-eligibility period evaluation (see **paragraph 5.8.2**) or within the period for an out-of-the-eligibility period evaluation (see **paragraph 5.8.3**), the crewmember loses the qualification covered by the evaluation and the restrictions of **paragraph 5.6.3** apply.

5.8.4.1. Qualification will be re-established by accomplishing a complete RQ evaluation (to include requisites) or by completion of the expired evaluation.

5.8.4.2. OG/CCs may waive the re-accomplishment of completed requisites on a case-by-case basis (document IAW **paragraph 8.7.3.2.2**.).

5.9. Commander (CC)-Directed Downgrade. Any CC (squadron or above) may direct a downgrade (Q-/U) in a specific area/sub-area without unqualifying an individual. Additionally, a CC may direct a downgrade that either removes a qualification (e.g., instructor to operator) or completely unqualifies an individual (e.g., qualified operator to unqualified operator). Downgrades may be directed without administering an evaluation using the following guidance:

5.9.1. For operational-related cases, use for cause only (e.g., breach of crew discipline, safety). Incidents do not have to be directly observed by an Examiner, but may be recommended by an Examiner from any mission system/crew specialty.

5.9.2. For non-operational-related cases, do not use as a substitution for, or in lieu of, administrative or judicial actions (e.g., Letter of Counseling, Article 15). (Consult with the supporting Staff Judge Advocate office for legal advice in these cases.) Use in cases where such incidents directly affect the CC's confidence in the crewmember's ability to safely operate the mission system and/or equipment (e.g., a lapse in judgment significant enough to cast doubt on the crewmember's decision-making abilities on the mission system).

5.9.3. For downgrades that either remove qualifications or completely unqualify an individual, the affected crewmember will cease acting in the qualification(s) from which they have been downgraded effective with the date the CC initiated the downgrade.

5.9.4. CC-Directed Downgrades will be documented IAW **paragraph 8.4**.

5.10. Multiple Qualification. Multiple qualification guidance applies to crewmembers who maintain qualification in two or more mission systems.

5.10.1. Wings may authorize qualification in more than one mission system for crewmembers only when such action is directed by command mission requirements and is economically justifiable. This authority cannot be delegated below the group level.

5.10.2. When separate qualifications are not required, document certification in different mission system series using MAJCOM guidance on approved use of a unit certification document signed by an authorized official.

5.10.3. Documentation. Document MAJCOM authority for multiple qualification, including a list of mission systems in which qualification will be maintained IAW **paragraph 8.7.3.2.2**.

5.10.4. QUAL and MSN Evaluations. All crewmembers require a QUAL evaluation, and, if applicable, an MSN evaluation, to include requisites, in each mission system they maintain qualification according to applicable ACCMAN 17-2 [MSV] V2. Unit supplements may provide guidance for evaluation profiles of crew who hold multiple qualifications to ensure graded areas that are common among those qualifications are only evaluated once within a single evaluation cycle.

5.10.5. Failure to Pass an Evaluation. A downgrade resulting from a Q3 in a QUAL or MSN evaluation applies only to the mission system for which the evaluation was administered unless, in the opinion of the Examiner, the discrepancy is applicable to additional mission systems.

5.11. Crew Operating in Non-AF mission Systems and with Non-AF Units. Crewmembers authorized to perform duties in non-AF mission systems or on duty with or attached to non-AF units (e.g., the National Security Agency [NSA]) for operations, abide by host service/agency or host country guidance.

5.11.1. Crew assigned to non-AF units (Joint cyber teams) may not be required to abide by Air Force Cyber (AFCYBER) policies, including this publication and ACCMAN 17-2 [MSV] V2. As a result, personnel returning from Joint cyber units must complete applicable training and evaluations that may have expired during their joint assignment. The restrictions in **paragraph 5.6.3** apply to such individuals until successful evaluations are completed.

5.11.2. MAJCOM/A3s may approve exceptions to requirements for returning crewmembers to complete applicable requisites and expired AF evaluations, if they determine non-AF evaluations are equivalent to applicable ACCMAN 17-2 [MSV] V2 evaluations (document IAW **paragraph 8.7.3.2.2**.).

5.11.3. AF units that use non-AF platforms to execute an AF mission/program will comply with current AF guidance, unless platform owner has established guidance.

5.12. Initial Cadre.

5.12.1. Crewmembers will be nominated by the Cyber Operations Group (COG)/CCs as initial cadre. Initial cadre appointment letters are approved at the COG/CC or the OG/CC (if the unit does not have a COG) level, then routed to ACC/A3TV. Copies of the signed memoranda are retained on the ACC/A3TV SharePoint Site located at **https://usaf.dps.mil/sites/ACC-A3/A3T/A3TV/SitePages/Home.aspx**.

5.12.2. . Members who are appointed by ACC/A3 as initial cadre either for a new mission set requiring an MSN qualification or for a new mission system where no SEE currently exists will comply with the intent of this instruction. These members will be the initial qualified crew as well as instructors and/or evaluators.. See **Chapter 8** for appropriate documentation.

5.12.3. Units will indicate through MFR which crew are appointed as initial cadre and include in the CEF IAW **paragraph 8.7.3.2.2**.

5.12.4. Tailor periodic evaluations to program requirements and mission system capabilities. SIMs may be used to satisfy periodic evaluation requirements.

5.12.5. Units approved to onboard new/modified capabilities where **paragraph 5.12.4** does not meet the requirements will be addressed in ACCMAN 17-2 [MSV] V2.

Chapter 6

CREW EXAMINATION PROGRAM

6.1. Purpose. The crew examination measures crewmember knowledge of normal/EPs, threats, and other information essential for the safe and effective operation of their assigned mission system through the administration of written or computer-based examinations.

6.2. Scope. This chapter applies to all designated crewmembers who require an examination to establish mission system qualification. The examinations in this chapter include requisites for periodic evaluations and unit periodic examinations. Requirements include qualification closed and/or optionally open book examinations, and EPEs as described in **paragraph 5.5.1.2**.

6.3. Administrative Procedures.

6.3.1. Documentation. Units will document the unit-level crew examination.

6.3.2. Computer-Based Examinations. MAJCOM directed Stan/Eval software may fulfill the requirement for examinations as outlined in this instruction.

6.3.3. Retention of Examination Records. Retain graded exam answer sheets/computer records until the ACC Form 4418 is completed.

6.4. Written Exam Sources.

6.4.1. Open Book Exams. Open book questions will come from publications containing information pertinent to the operation of applicable mission system (and/or components) and performance of the assigned mission.

6.4.1.1. The open book subject areas and the publications used to generate the exam will be made available to crew during testing. Electronic publications may be used as references for open book examinations.

6.4.1.2. Each unit will develop, as required, an open book Secure Question Bank (SQB) that serves as the source for the open book exam. Do not distribute the SQB to unit crews and safeguard it in the same manner as any other required Stan/Eval exam.

6.4.1.3. The emphasis of open book exams is placed on TOs, manuals, handbooks, crew aids, or instructions that may not require immediate recall or are not regularly referenced.

6.4.2. Closed Book Exams. Questions will come from MQFs.

6.4.2.1. Each unit will maintain an MQF that serves as the source for the closed book exam. OGV will review all MQFs and prepared exams for accuracy annually and after any changes in source documents. Crewmembers may have access to MQFs.

6.4.2.2. Local Procedures MQF. Units may develop and distribute a local procedures MQF to augment mission system/crew position-specific MQFs. Units may include any information necessary for mission accomplishment not included in the MAJCOM MQF. Local instructions, procedures, unit supplements to ACCMAN 17-2 [MSV] V3, are examples of sources for the Local Procedures MQF. If used, no more than ten percent (10%) of closed book examination questions will come from the local procedures MQF. **(T-3)**

6.4.3. Exam Question Review. The OGV functions will review all mission system/crew position-specific MQFs, SQBs, and prepared exams (if used) annually and after any changes in source documents. If a complete review was accomplished due to a source document change it may be annotated as the annual review. Units should document procedures for the exam reviews in local instructions or supplements.

6.5. End-of-Course Exams. Formal Training Units (FTUs) administering AF Formal School courses listed in the AF Education and Training Course Announcement (ETCA) database (**https://usaf.dps.mil/teams/app10-etca/SitePages/home.aspx**) may use end of course (EOC) exams to fulfill the requirements of the open book, closed book and EPE (if applicable) exams.

6.5.1. The MAJCOM Stan/Eval agencies responsible for training will ensure the EOC exam meets the requirements of this instruction and ACCMAN 17-2 [MSV] V2 before awarding credit for requisite completion.

6.5.2. EOC exam questions do not need to incorporate mission system/crew position-specific MQFs. All questions must reflect the latest changes to all systems and/or operational procedures and not conflict with any MQFs.

6.5.3. All EOC exams that fulfill the requirements of requisites will be graded according to **paragraph 6.8** and entered on the ACC Form 4418 according to **paragraph 8.3.5.1**.

6.6. Exam Management. With the exception of written EPE exams (if applicable), units will either maintain prepared exams for each crew position or generate a unique exam for each crewmember.

6.6.1. If prepared exams are maintained for each crew position:

6.6.1.1. Units are required to develop and control a minimum of two exams for each crew position. There will be a minimum of a 10% difference between prepared exam versions for each crew position.

6.6.1.2. When different crew positions are responsible for the same information, units are not required to maintain separate exams for each crew position.

6.6.1.3. Units will change a minimum of 25 percent of the questions on each prepared exam each calendar year.

6.6.2. If a unique exam is generated for each crewmember:

6.6.2.1. Units may use MAJCOM-approved software for exam creation.

6.6.2.2. Requisite exam databases will contain at least twice the number of questions required for each exam (e.g., if a 50-question exam is generated, there must be at least 100 questions in the exam database).

6.6.3. When published guidance changes, the associated prepared exam or exam database (depending on method used) will be updated as soon as possible upon receipt.

6.7. Exam Security. Stan/Eval personnel will maintain positive control, document process-control, and distribution of all requisite exams, applicable answer sheets, and associated computer-based media. Stan/Eval will report breaches of exam security to the CC.

6.8. Grading.

6.8.1. EPEs. If required, grade EPE exams on the two-tier grading system (i.e., Q/U).

6.8.2. Written or Computer-Based Examinations. Grade written or computer-based examinations as a percentage of correct answers. The minimum passing grade is 80 percent. All questions missed will be reviewed immediately following the exam.

6.8.3. Units will grade all requisite and/or CAPs exams prior to the crewmember's next mission.

6.9. Failure to Pass a Requisite Examination.

6.9.1. Reexamination Guidance. A crewmember failing a requisite exam must be afforded an adequate study period IAW local procedures prior to reexamination. For other than CAPs, the crewmember will be reevaluated using an alternate exam.

6.9.2. Reexamination Period. Crewmembers who fail a requisite exam must complete a successful reexam by the end of the third month following the date of the first failure, or the end of their eligibility period, whichever occurs first. Waiver authority to extend the time allowed to successfully complete the reexam is the OG/CC (document IAW **paragraph 8.7.3.2.2**.).

6.9.3. CAPs Reexamination Restriction. Crewmembers failing a CAPs exam will not perform mission as crewmembers until a successful CAPs reexam is accomplished.

6.9.4. Supervised Status for Examination Failure.

6.9.4.1. Place crewmembers who fail a requisite open/closed book exam in supervised status IAW **paragraph 5.7** until successful retesting is completed.

6.9.4.2. For crewmembers who maintain dual/multiple qualifications, supervised status resulting from failure of either an open or closed book examination applies only to the crew position for which the examination was administered.

6.10. Unit Periodic Examinations (Optional). If used, MAJCOMs and/or units will include guidance in their supplements to include procedures for failed exams.

6.10.1. Each OGV/CCV function may conduct periodic testing for all crews. The intent of this testing is to evaluate additional knowledge beyond the scope of requisite exams, such as a cross-section of general knowledge, tactical/threat knowledge, and/or operational procedures, etc., to determine if knowledge deficiencies exist within the unit.

6.10.2. Periodic exams will not count as a requisite exam, nor will a requisite exam satisfy the requirement for a periodic exam.

6.10.2.1. Each unit will conduct periodic testing at least semiannually for all crewmembers. The OG/CC will determine whether the test is administered open or closed book and whether proctoring is required. A majority of the questions must come from sources other than MAJCOM-approved MQFs (e.g., manuals, Instructions, Special Instructions (SPINS)).

6.10.2.2. Track periodic testing IAW ACCMAN 17-2 [MSV] V2.

Chapter 7

ADDITIONAL PROGRAMS (CREW INFORMATION FILE (CIF), SPECIAL INTEREST ITEM (SII), GO/NO-GO, SUPPLEMENTARY EVALUATIONS)

7.1. Crew Information File (CIF).

7.1.1. Unit Stan/Eval will establish and maintain a library consisting of a current read file and publications. This library will consist of the items listed in **Table 7.1** in either hardcopy or electronic format. If a unit establishes a paper library, it will be organized into volumes as shown in the table. Co-located units may use a consolidated CIF library.

7.1.2. CIFs/Read Files will be issued to alert crewmembers to changes in written guidance that affect cyberspace operations, but actual publication changes must be accomplished IAW established procedural guidance, to include Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, (as applicable) and TO 00-5-1, *The Air Force Technical Order System*.

7.1.2.1. MAJCOMs will advise corrective actions when releasing a CIF item that affects a mission system. CIF items that affect mission systems will include designated MAJCOM applicability.

7.1.2.2. CIF items that contain mission system data will be controlled IAW the applicable distribution statement in the governing TO, if one exists.

7.1.3. Required Volumes. Volume I is a table of contents for all volumes and current read file items, Volumes II through IV are made up of publications and mission system manuals, and Volume V (optional) is reserved for safety information. If units choose hardcopy format and the contents of any volume exceed the capacity of its binder, use an additional binder and identify the first and subsequent binders by a letter of sequence (e.g., IIIA, IIIB). Label binders on the spine indicating Volume and Title as follows:

7.1.3.1. Wing/group agencies desiring to insert information into the CIF will submit the information to OGV for coordination and distribution (Volume V excluded). Items entered into Volume I, Current Read File, will be limited to those items that contain information which is temporary (<6 months) in nature. Subject matter may be condensed for incorporation into Volume 1 if necessary. Above the WG/group level, the NAF or MAJCOM Stan/Eval function is the focal point for CIF information.

7.1.3.2. Units utilizing electronic media should ensure electronic backup copies of CIF Volumes I and II (paper or electronic) are maintained.

7.1.3.3. If a hard copy library is used, OGVs will establish local procedures for maintaining accuracy and currency of HHQ issued messages in the local supplements or process guides.

Table 7.1. Required Volumes.

VOLUME	TITLE
VOLUME I	Table of Contents/Current Read File
VOLUME II	Publications—Air Force or MAJCOM Instructions/MAJCOM Supplements including, at a minimum, those listed in **Table 7.2**
VOLUME III	Publications—MAJCOM/NAF/Local Directives
VOLUME IV	Manuals/Checklists/Crew Aids/TOs
VOLUME V (optional)	Safety Information

7.1.4. Current Read File. Volume I consists of a minimum of two parts to include an Index (Part A) and Current Read Files (Parts B and C (**Note:** Part C is optional)). MAJCOMs may add additional components to Volume I as appropriate.

7.1.4.1. Part A is a table of contents listing all material contained in CIF Volumes I through V.

7.1.4.2. Part B is the Current Read File of CIF messages. Messages contain information temporary (<6 months) in nature and directly pertinent to the safe conduct of operations, which must be read before missions. CIFs that contain information related to the mission system will be disseminated to all MAJCOMs utilizing the system. **Note:** Items designated for Part B in the MAJCOM-directed CIF are subject to approval by ACC/A3 and must be coordinated with other MAJCOMs utilizing the system.

7.1.4.3. Part C is the Current Read File that contains information temporary (<6 months) in nature but not related to the safe conduct of operations and not required to be read before missions.

7.1.4.4. Refer to **Attachment 4** for a sample CIF template.

7.1.5. Publications Library. Volumes II through IV will consist of a CIF Functional Publications Library. See DAFMAN 90-161, paragraph 6.5, for basic library requirements.

7.1.5.1. All publications in the library will be current and complete. MAJCOMs may authorize units to withhold posting of information that does not apply based on mission system configuration.

7.1.5.2. Units will establish and maintain a table of contents for the publication library containing, as a minimum, a listing of basic publications numbers and short titles. Publication dates, supplements and changes are not required.

Table 7.2. Volume II Mandatory Publications.

PUBLICATION	TITLE
ACCI 17-202V1	*Cybercrew Training*
ACCMAN 17-2[*MSV*]V1	*MSV Cybercrew Training*
ACCI 17-202V2	*Standardization/Evaluation Program*
ACCMAN 17-2[MSV]V2	*MSV Standardization/Evaluation Program*
ACCI 17-202V3	*Cybercrew Operations and Procedures*
ACCMAN 17-2[MSV]V3	*MSV Cybercrew Operations and Procedures*

7.1.5.3. MAJCOMs may waive Volumes II-V requirements for special training units (e.g., Red Flag).

7.1.5.4. The CIF index and library will be filed IAW DAFMAN 90-161, regardless of hard copy or electronic format.

7.1.5.4.1. If any part of the CIF library is maintained electronically and not specifically addressed above (or in DAFMAN 90-161 and/or TO 00-5-1), units will ensure that the information is current and accessible for concurrent viewing by multiple crewmembers.

7.1.5.4.2. At a minimum, units will maintain the required index and location of electronic files in a hard-copy binder in the CIF library.

7.1.5.4.3. Documents in the CIF library will be made available for deployments (as required) via either electronic or hardcopy means.

7.2. Operations Related Special Interest Items (SIIs).

7.2.1. Operations Related SIIs are items of emphasis relating to existing procedure(s) designed to mitigate or eliminate specific risks or trends.

7.2.1.1. SIIs do not add to or amend established procedures (reference guidance on issuing CIFs in **paragraph 7.1**.).

7.2.1.2. SIIs will be based on analysis of risks and trends from a variety of sources to include Operational Review Boards and Safety Investigation Board (SIB) findings/recommendations, safety related incidences, trend analysis, deployed area of operations and potential problems with equipment/procedures.

7.2.2. SII(s) will be issued through the same process used to release CIFs with the following elements:

7.2.2.1. Specific mission systems applicability.

7.2.2.2. References (document, SIB, etc.).

7.2.2.3. Risk factors and trend details.

7.2.2.4. Specific emphasis actions to reduce/eliminate the risk or trend that generated the SII.

7.2.2.5. Effective date of rescission.

7.2.2.6. Subject Matter Expert (SME)/POC for further information.

7.2.3. SII(s) will be of limited duration (generally not to exceed 90 days).

7.2.4. SII(s) may be issued/rescinded from the HAF, MAJCOM, NAF or unit level. If issued from agencies outside the MAJCOMs (e.g., HAF, but not subordinate NAFs or units), the MAJCOM Stan/Eval function will coordinate the intent and verbiage of the SII in order to determine the level of applicability prior to release.

7.2.5. Units will place all applicable SIIs into the CIF, Current Read File, Part B, for dissemination to crewmembers.

7.2.6. All current mission system-Specific and Crew Resource Management (CRM)/Operational Risk Management (ORM) related SII(s) will be briefed during mission briefings for the duration of the SII(s). Mission-specific SII(s) need only be briefed on those missions for which the SII is relevant.

7.3. Go/No-Go Procedures. Units will establish a positive control system that ensures crewmembers have completed all training and Stan/Eval qualifications/restrictions required for missions. Units will provide guidance on this system in the unit operating instruction.

7.3.1. Units will utilize PEX for all Go/No-Go verification. Backup Go/No-Go procedures will be maintained to permit Go/No-Go verification procedures when information system connectivity difficulties are experienced. **(T-2)**

7.3.2. Units will verify ACC Forms 4418 are valid and/or current for the planned training or mission profile.

7.3.3. Units using the Letters of Certifications (LOXs) to track and document the listing of certifications will develop local processes to ensure it is accurate and complete IAW locally directed certifications and ACCMAN 17-2 [MSV] V1s.

7.3.4. An initial review and certification of all CIF volumes will be accomplished prior to an individual's first mission. Crewmembers on extensive absence from operations (90 days or more) will accomplish a complete review of all volumes and messages prior to mission.

7.3.5. Use the Go/No-Go procedures to document the review, certification, and acknowledgment of Volume 1 Part B information by crewmembers. Volume 1 Part C may be monitored by using Go/No Go procedures at unit discretion.

7.3.6. Crew Leads will verify all crew Go/No-Go status prior to releasing crewmembers for any scheduled mission. **(T-2).**

7.4. Supplementary Evaluations.

7.4.1. Purpose. Supplementary evaluations are administrative tools used by a CC to ensure standardization of operations and to identify and evaluate implemented solutions to operational problems, such as negative evaluation trends. The form and content of a supplementary evaluation is at the discretion of the CC directing it.

7.4.2. Supplementary evaluations are not crew QUAL evaluations.

7.4.3. The CC directing the supplementary evaluation will decide which areas will be evaluated. The Stan/Eval function, which operates directly under the CC, will determine the

evaluation method, oversee the administrative management of data collection, and report the results as directed by the CC.

7.4.4. Individuals other than SEEs, as determined by the CC directing the supplementary evaluation, may participate.

7.4.5. Supplementary evaluations may be administered in conjunction with a performance evaluation. If conducted during a mission, supplementary evaluations will not be all-encompassing, result in the assignment of an overall grade or be documented on an ACC Form 4418.

7.4.6. At a minimum, supplementary evaluations results will be documented in SEB minutes (see **Attachment 2**).

Chapter 8

DOCUMENTATION

8.1. Scope. Administration of the crew qualification evaluation requires accurate documentation. The qualifications for which a crewmember is to be evaluated are determined from the unit certification document.

8.1.1. The results of crew evaluations are recorded on the ACC Form 4418. The chronological history of evaluations for a crewmember is recorded on an ACC Form 4420, *Individual's Record of Duties and Qualifications*. These Forms are maintained in the CEF.

8.1.2. In all instances of documentation, use of electronic forms is authorized, to include use of electronic signatures and wholly electronic CEFs. In all instances, computer-generated forms must mirror the Form as published on the AF e-Publishing web site.

8.2. Qualifications versus Certifications. Qualifications are attained through evaluations and documented on the ACC Form 4418, as applicable. Certifications are attained through methods other than evaluation (e.g., mission commander certifications, upgrades) and may be documented on a unit certification document signed by an authorized official.

8.3. ACC Form 4418,*Certificate of Cybercrew Qualification***.**

8.3.1. Purpose. The ACC Form 4418 is the source document used to record and verify the qualification of a crewmember. The AF Form 8, *Certificate of Aircrew Qualification* is an equivalent aircrew document that is approved for use in PEX for crews.

8.3.1.1. Use the ACC Form 4418 to record crew qualification in a single mission system.

8.3.1.2. Completion of an ACC Form 4418 is accomplished by four individuals: the SEE, a Reviewing Officer, a Final Approving Officer, and the Examinee.

8.3.2. General Data Entry. See **Attachment 3** for sample ACC Forms 4418.

8.3.2.1. In all instances of data entry, if an electronic form is used, the format required by the electronic form will be used (see also **paragraph 8.1.2**.).

8.3.2.2. For date fields use a two-digit day, three-letter month and two-digit year format (e.g., 26 Aug 24).

8.3.2.3. The Eligibility Period and Expiration Date of Qualification blocks will use a three-letter month and two-digit year format (e.g., Aug 24).

8.3.2.4. Except where specifically noted otherwise (annotating the type of evaluation, e.g., INSTR), use upper- and lower-case letters.

8.3.2.5. Requirements for font, indentation, and justification (right, left or centered) of data are not specified.

8.3.3. Date Completed. Use the latest completion date of the evaluation requisites (non-performance/written or performance phase) or the additional training if assigned.

8.3.4. Examinee Identification.

8.3.4.1. Name, Rank (AF-standard abbreviated or non-abbreviated rank is acceptable) and DoD identification number.

8.3.4.2. Organization and Location.

8.3.4.2.1. Enter the unit designation and location where the Examinee is assigned/attached for performing mission (actual unit/office symbol will be annotated IAW **paragraph 8.3.6.4**.).

8.3.4.2.2. For FTU courses in which an evaluation is administered, the organization and location will reflect the FTU organization/location.

8.3.4.3. Mission System/Crew Position.

8.3.4.3.1. Enter the mission system in which the evaluation was given.

8.3.4.3.2. Enter the Examinee's highest qualification reflecting the intention of the evaluation in that particular mission system. **Note:** Examiner (e.g., Evaluator) is not a qualification, it is a certification, and should only be entered when the SEE is receiving a SPOT SEE Objectivity evaluation.

8.3.4.3.3. Each evaluation for the crew holding multiple mission systems and/or crew positions qualification will be documented on a separate ACC Form 4418.

8.3.4.4. Eligibility Period.

8.3.4.4.1. Enter the 6-month period preceding the expiration date from the last similar periodic crew qualification evaluation (e.g., if the last MSN evaluation expires Sep 12, enter Apr-Sep 12).

8.3.4.4.2. Enter N/A (not applicable) for INIT, SPOT, RQ, and out-of-the-eligibility period evaluations (see **paragraph 5.8.3**.).

8.3.4.4.3. For periodic evaluations where the evaluation expiration date of the previous evaluation is extended under the provisions of **paragraph 5.8.3.2**, enter the 6-month period preceding the original expiration date (SQ/CCs extend only the expiration date, not the eligibility period).

8.3.4.4.4. Dual entries are authorized for misaligned combined evaluations (e.g., if last INSTR evaluation expires Nov 24 and QUAL evaluation expires Jan 25, enter "INSTR: Jun-Nov 24/QUAL: Aug 24-Jan 25" for an INSTR/QUAL evaluation).

8.3.5. Qualification.

8.3.5.1. Non-Performance/Written Phase.

8.3.5.1.1. Examination/Check.

8.3.5.1.1.1. Make a separate entry for each non-performance/written requisite exam/evaluation. Discrepancies will be noted in the Examiner's remarks (see **paragraph 8.3.7.3.3**.).

8.3.5.1.1.2. If requisites exceed available lines, make combined entries or document additional requisite completion in the Comments section.

8.3.5.1.1.3. Annotate an EPE as 1, 2, or 3 regardless of whether all or a portion of the EPE was discussed/performed.

8.3.5.1.1.4. Annotate "EPEs" as required by the applicable ACCMAN 17-2 [MSV] V2.

8.3.5.1.2. Date. In the date column, enter the date that the requisite is successfully completed. Enter the RQ (EPE)/reexam (test/CAPs) date if an RQ/re-exam was required.

8.3.5.1.3. Grade.

8.3.5.1.3.1. Enter failed exam score with a successfully completed reexam as follows: 74/98.

8.3.5.1.3.2. Enter failed CAPs with successful re-accomplishment as follows: U/Q.

8.3.5.1.3.3. Separate CAPs grades from other requisite examination grades when on the same line by enclosing them in parentheses as follows: 74/98 (U/Q).

8.3.5.1.3.4. Enter failed EPE grades with a successful RQ as follows: 3/1.

8.3.5.2. Performance Phase.

8.3.5.2.1. Mission/Check.

8.3.5.2.1.1. IAW **paragraph 5.2**, use the following designations to describe the purpose of the evaluation(s): QUAL, MSN, INSTR, or SPOT. If combined, include the designation of each evaluation (e.g., QUAL/MSN).

8.3.5.2.1.2. Use the following prefixes, when applicable, to describe the type of evaluation: INIT, RQ, N/N and/or SIM. More than one prefix may be used to describe an evaluation as outlined in **paragraph 5.2.5**.

8.3.5.2.1.2.1. The only annotations of INSTR used are INIT INSTR and RQ INSTR as described in **paragraph 5.2.3**.

8.3.5.2.1.2.2. INSTR will not be used for periodic evaluations as the ACC Form 4418 mission system/crew position is already annotated with the instructor designation.

8.3.5.2.1.2.3. When requalification deals with regaining a complete loss of instructor qualification, document it as RQ INSTR (not RQ SPOT).

8.3.5.2.1.3. Make a single line entry to document the performance(s)/event(s) used to complete the evaluation.

8.3.5.2.1.4. Make multiple single line entries for each mission/event if two or more missions/events are required and administered by either different SEEs or on separate days.

8.3.5.2.1.5. Where a single mission (such as Defensive Cyberspace Operations (DCO) tasking) consists of multiple missions over one or more days with the same SEE, a single line entry may be used.

8.3.5.2.2. Date.

8.3.5.2.2.1. Enter the date the mission/event was completed.

8.3.5.2.2.2. For evaluations where a single mission consists of multiple crew shifts over one or more days (see **paragraph 8.3.5.2.1.5**), enter the inclusive dates of the crew shifts. Document the details IAW **paragraph 8.3.7.3.2**.

8.3.5.2.2.3. For evaluations conducted on missions consisting crew shifts spanning more than one day (e.g., began at 2300 and concluded at 0100), use a single line entry with the date the mission was completed. Document the details IAW **paragraph 8.3.7.3.2**.

8.3.5.3. Qualification Level.

8.3.5.3.1. Annotate the Examinee's overall qualification level IAW the definitions of **paragraph 5.3.3** by placing a "1" (for Q1) or "2" (for Q2) in the qualified block or a "3" (for Q3) in the unqualified block.

8.3.5.3.2. Combined evaluations (e.g., QUAL/MSN) require only one grade if all evaluations were awarded the same overall level.

8.3.5.3.3. If the overall level varies for each type of evaluation accomplished, indicate the qualification level for each part separately (e.g., "MSN: 1" in the qualified block and "INSTR: 3" in the unqualified block).

8.3.5.4. Expiration Date of Qualification.

8.3.5.4.1. IAW **paragraph 5.8.1** for evaluations that establish a new eligibility period, enter the month and year that is 24 months after the month in which the performance phase of the evaluation was successfully completed.

8.3.5.4.2. For evaluations that do not establish a new eligibility period, enter "N/A."

8.3.5.4.3. Combined evaluations require only one date if all parts of the evaluation were successfully completed and/or "N/A" if all parts were assigned an unqualified grade.

8.3.5.4.4. For combined evaluations where one component is successfully completed and/or one component is assigned an unqualified grade, indicate by assigning a new expiration date for those portions completed successfully, and -N/A for those portions awarded an unqualified grade (e.g., MSN 1 and INSTR 3, then enter "MSN - Jul 12" under Qualified and "INSTR-N/A" under Unqualified).

8.3.5.5. Additional Training. If additional training not required, annotate each of the blocks described below with "N/A."

8.3.5.5.1. Due Date(s).

8.3.5.5.1.1. Enter a date not to exceed the last day of the third month following the event requiring additional training (e.g., 26 Jan 24 Eval, 30 Apr 24 due date).

8.3.5.5.1.2. If more than one date is required, preface the due dates with EPE or PFM (for performance) as appropriate.

8.3.5.5.2. Date Additional Training Completed.

8.3.5.5.2.1. Enter the date(s) the Examinee completed additional training, otherwise, enter "N/A."

8.3.5.5.2.2. If more than one date is required, preface the date completed with EPE or PFM, as appropriate.

8.3.5.5.3. Certifying Instructor. The instructor who completed the additional training (or final event if more than one instructor is used) will sign as the Certifying Official.

8.3.5.6. Restrictions/Exceptionally Qualified/Commander-Directed Downgrade. Place an "X" in the appropriate block when comments are annotated in Section IV. Do not annotate for restrictions resulting from failed requisite exams.

8.3.6. Certification Signatures.

8.3.6.1. Examiner.

8.3.6.1.1. The SEE signing Section III of the ACC Form 4418:

8.3.6.1.1.1. Is responsible for the content of the ACC Form 4418, and will not sign Section III until verifying all required items (IAW this publication and ACCMAN 17-2 [MSV] V2) are documented.

8.3.6.1.1.2. Will always place an "X" in the remarks block and make comments in the comments block.

8.3.6.1.2. If two or more missions are required to complete an evaluation, only the SEE completing the evaluation will sign Section III, any other evaluator(s) will enter remarks in the Mission Description block describing those parts of the performance evaluation they evaluated and sign a signature block immediately adjacent to their remarks (see examples in **Attachment 3**).

8.3.6.2. Reviewing and Final Approving Officers.

8.3.6.2.1. The Reviewing and Final Approving Officers (squadron operations officer and SQ/CCs or those acting in their stead during the period of the signature process -- not necessarily the date of the evaluation) will review the content of the ACC Form 4418 and the Examiner's overall assessment, ensure all required additional training is adequate to correct the noted deficiencies and is complete, and will place an "X" in the "Concur" block.

8.3.6.2.1.1. If either or both officers do not agree with any portion of the ACC Form 4418, the overall grade will not be changed, but the dissenting officer will place an "X" in the "Do Not Concur" block on his/her line of the ACC Form 4418. Remarks will not be modified without the concurrence of the individual who entered the original comments.

8.3.6.2.1.2. If "Do Not Concur" is marked, the non-concurring officer(s) will provide justification (e.g., reason for non-concurrence, suggested modifications to additional training as recommended by the Examiner) IAW **paragraph 8.3.7.4** and/or **paragraph 8.3.7.5**.

8.3.6.2.2. The Reviewing Officer will sign and date the ACC Form 4418 after the SEE, but prior to the Final Approval Officer.

8.3.6.2.3. The Final Approval Officer will sign and date the ACC Form 4418 after the Reviewing Officer but prior to the Examinee; the certification date will be the date of the evaluation. As applicable, the Final Approving Officer may recommend or give a commander-directed downgrade IAW **paragraph 5.9** if further action is warranted.

8.3.6.2.4. For evaluations completed at formal course FTU locations, the reviewing and final approving officers will be assigned to the FTU.

8.3.6.2.5. SQ/CCs will review and OG/CCs will approve evaluations given by or taken by the operations officer.

8.3.6.2.6. Squadron director of operations will review and OG/CCs will approve evaluations given by or taken by the SQ/CC.

8.3.6.3. Organization Block Format. The format and content of data for the Organization block for the Examiner and reviewing and final approving officers will be as follows:

8.3.6.3.1. Examiner. Annotate unit/organization and office symbol of the Examiner that completed the evaluation (e.g., 26 NOS/CCV, 16 AF/OV, MAJCOM/A3T or equivalent).

8.3.6.3.2. Reviewing and Final Approving Officers. Annotate unit/organization and office symbol (e.g., 33 COS/DO, 26 COG/CC, 688 CW/CC).

8.3.6.4. Examinee. The Examinee will sign and date after the Final Approving Officer certifying that they have been debriefed and understand the action(s) being taken. Annotate unit/organization and office symbol in the Typed Name and Grade block (e.g., MAJCOM/A3T or equivalent, 67 COG/OGV).

8.3.7. Comments.

8.3.7.1. Restrictions (if required).

8.3.7.1.1. Specific restrictions and the conditions for their removal will be documented as the initial entry in Section IV.

8.3.7.1.2. Document each restriction by annotating the specific restriction, level of supervision required, and criteria for removal of the restriction.

8.3.7.1.3. Restrictions associated with failed requisite examinations will not be documented on the ACC Form 4418.

8.3.7.2. EQ Designation (when used). Enter designation in all capital letters. Document justification (e.g., areas of excellence) before Examiner's Remarks. Do not use Officer Performance Brief (OPB)/Enlisted Performance Brief (EPB) style statements (e.g., stratification). See examples in **Attachment 3**.

8.3.7.3. Examiner Remarks.

8.3.7.3.1. General. For evaluations requiring two or more crew shifts, the mission description will be annotated with First Shift, Second Shift, etc., as applicable.

8.3.7.3.1.1. First Shift, Second Shift, etc. entries on subsequent paragraphs/subparagraphs will be annotated only if there are discrepancies or recommended additional training.

8.3.7.3.1.2. In all instances, except for the mission description, if no verbiage is needed annotate with "None".

8.3.7.3.2. Mission Description. The verbiage of the Mission Description will be IAW ACCMAN 17-2 [MSV] V2 and will verify that the required areas for the evaluation

were accomplished. Comments addressing specific areas in which instructional ability was demonstrated are mandatory for all evaluations of instructors (if the instructor taught throughout the entire mission and there were numerous areas in which instructional ability was demonstrated, one general comment will suffice).

8.3.7.3.3. Discrepancies. Document discrepancies by annotating the grading area number, grading area title (followed by any subarea title in parenthesis), grade (Q-/U), annotation if discrepancy was debriefed and synopsis of discrepancy. Associate all non-performance/written phase discrepancies under paragraph B. Discrepancies, 1. Non-Performance/Written, and all performance phase discrepancies under B. Discrepancies, 2. Performance.

8.3.7.3.4. Recommended Additional Training.

8.3.7.3.4.1. If discrepancies are documented in paragraph B and are not listed as "Debriefed", annotate Paragraph C with recommended additional training.

8.3.7.3.4.2. Descriptions of assigned additional training will include how satisfactory knowledge or proficiency will be demonstrated along with the correlated Master Training Task List task(s) to a SEE or an instructor.

8.3.7.3.4.3. If additional training items will not fit on the ACC Form 4418, at a minimum annotate the proficiency that will be required by the Examinee prior to the requalification.

8.3.7.3.4.4. Performance and non-performance phase discrepancies will be listed separately. If there is no additional training, annotate paragraph C as, "Recommended Additional Training. None."

8.3.7.3.5. Additional Comments.

8.3.7.3.5.1. Comments are restricted to significant information dealing with the evaluation not documented elsewhere.

8.3.7.3.5.2. Document any commendable items (see **paragraph 5.3.2.7**) under Additional Comments using the following format: Commendable followed by grading area number, grading area title (followed by any subarea title in parenthesis) and Examiner's description of commendable circumstances (see **Attachment 3**).

8.3.7.3.5.3. OPB/EPB-type comments or comments comparing the Examinee to other individuals are prohibited.

8.3.7.3.5.4. If the performance phase grade differs from the overall qualification level, the performance phase grade will be entered in this paragraph.

8.3.7.3.5.5. If an alternate evaluation method is used to satisfy a part of the non-performance or performance phase requirements (unless always accomplished verbally, or in the SIM/CTD according to the ACCMAN 17-2 [MSV] V2 grading criteria), enter area number, area title, reason not accomplished in the normal method, alternate evaluation method used and date.

8.3.7.3.5.6. If an individual received an overall Q3, indicate whether the entire evaluation must be reaccomplished, or just specific areas/subareas.

8.3.7.3.5.7. If the RQ Examiner of a non-performance phase RQ is different from the initial SEE, the RQ Examiner will sign and date a statement under this paragraph.

8.3.7.3.5.8. IAW **paragraph 5.2.5.2.2**, if a SPOT evaluation is used to update a periodic evaluation and/or the OG/CC authorizes additional missions after the SPOT to accomplish a periodic evaluation, document the circumstances in this section.

8.3.7.3.5.9. Incorporate the information contained in any applicable MFRs (e.g., extension, waivers) in this paragraph (see **paragraph 8.7.3.2.2**.).

8.3.7.3.5.10. Document individual or group waivers applicable to the evaluation.

8.3.7.4. Reviewing Officer’s Remarks. Reviewing Officers will annotate their remarks following the Examiner's Remarks in the space provided. If no remarks, annotate with "None."

8.3.7.5. Approving Officer's Remarks. Approving Officers will annotate their remarks following the Reviewing Officer Remarks in the space provided. If no remarks, annotate with "None."

8.3.7.6. Additional Reviews (Optional). Additional reviews are at MAJCOM/unit discretion and will be defined in the unit supplement, if used.

8.3.8. Temporary Evaluation Documentation.

8.3.8.1. File temporary evaluation documentation, ACC Form 4418, in the crewmember's CEF after all evaluation requirements are complete (i.e., all non-performance/written and performance requisites) as a temporary record of the performance evaluation results.

8.3.8.2. The temporary evaluation documentation will include Examinee, Examiner, type evaluation, qualification level, requisites results, and date completed. List any discrepancies by area/subarea, any restrictions, any additional training and any additional training due dates.

8.3.8.3. The Examiner completing the evaluation will sign and date the temporary evaluation documentation.

8.3.8.4. Remove temporary evaluation documentation when the permanent ACC Form 4418 is filed in the CEF.

8.3.8.5. File the completed ACC Form 4418 in the CEF no later than the end of the third month following the date completed annotated on the ACC Form 4418.

8.3.8.6. Units may use PEX printed versions as a hard copy temporary record.

8.3.9. RQs.

8.3.9.1. Performance RQs.

8.3.9.1.1. Use a separate ACC Form 4418 from the Q3 ACC Form 4418 for performance phase RQs.

8.3.9.1.2. The RQ ACC Form 4418 will only include documentation of the performance phase evaluation. Requisite completion dates from the Q3 ACC Form

4418 will not be annotated on the RQ form unless requisites were not completed or are required to complete the RQ.

8.3.9.1.3. If the performance RQ is completed prior to completion of required requisites, delay completion of the ACC Form 4418 until requisites are complete and enter the requisites on the RQ ACC Form 4418.

8.3.9.2. Written RQs.

8.3.9.2.1. A written RQ will be documented on the Q3 ACC Form 4418 that generated it.

8.3.9.2.2. Except as described below, the ACC Form 4418 will be documented as described in paragraphs **8.3.4** through **8.3.7**.

8.3.9.2.2.1. Date Completed. Use the latest completion date (written requisite or successful written RQ) of the evaluation.

8.3.9.2.2.2. Performance Phase. Document the date of the written RQ on a separate line as "Written RQ" below the performance evaluation entry under Performance Phase.

8.3.9.2.2.3. Qualification Level. Annotate the overall qualification level as "3/1" in the qualified block.

8.3.9.2.2.4. The SEE that completed the performance evaluation (i.e., the one that gave the overall Q3) will sign the front of the ACC Form 4418. If the RQ Examiner is different than the performance Examiner that gave the Q3, the RQ Examiner will sign and date an appropriate statement in Section IV - Comments, Examiner's Remarks (see **paragraph 8.3.7.3**.).

8.4. Commander-Directed Downgrade. (see also **paragraph 5.9**.). Except as described below, the ACC Form 4418 for a Commander-directed Downgrade will be IAW **paragraph 8.3**.

8.4.1. Date Completed. The effective date of the downgrade. This is the date the CC initiated the downgrade action. If this is a result of a downgrade for non-performance related issues, the date the CC mandated the downgrade action will be used.

8.4.2. Examinee Identification.

8.4.2.1. Mission System/Crew Position. In addition to the crewmember's mission system, if the downgrade includes a loss of a qualification (e.g., mission commander) enter the downgraded crew position. If the individual is downgraded to a completely unqualified status, enter the crew position to which he/she will be re-qualified upon successful completion of either an RQ evaluation or non-performance/written RQ.

8.4.2.2. Eligibility Period. Enter "N/A".

8.4.3. Qualification.

8.4.3.1. Performance Phase. In the Mission/Check block enter the evaluation type commensurate with the downgrade being given (e.g., if the CC is downgrading an area/subarea related to the tactical mission of the mission system, then enter MSN) with the date of the situation that caused the downgrade.

8.4.3.2. Qualification Level.

8.4.3.2.1. If the CC does not intend to reduce the qualification(s) of the individual and is issuing a downgrade in a non-critical area/subarea (i.e., a Q- in one or more non-critical areas/subareas), then enter "2".

8.4.3.2.2. If the CC intends either to remove a qualification (e.g., instructor), or reduce the individual to a completely unqualified status, then enter "3".

8.4.3.2.2.1. Normally, RQ evaluations following a CC directed downgrade are documented on a separate ACC Form 4418 IAW **paragraph 8.3.9.1**.

8.4.3.2.2.2. If the CC intends for the individual to regain their qualification through a non-performance/written RQ, enter "3/1" (see **paragraph 8.3.9.2**.).

8.4.3.3. Expiration Date of Qualification. Enter "N/A".

8.4.3.4. Restriction(s) and Additional Training Due Date.

8.4.3.4.1. If a "2" is entered in the Qualification Level IAW guidance above, restrictions and additional training are not required.

8.4.3.4.1.1. Leave the box for Restriction(s) unmarked and enter "N/A" for Due Dates and "N/A" for Date Additional Training Completed.

8.4.3.4.1.2. If desired, the CC may still recommend restrictions and/or additional training. If used, document IAW the next paragraph.

8.4.3.4.2. If a "3" is entered in the Qualification Level, restrictions and additional training are required.

8.4.3.4.2.1. Place an "X" in the box for Restriction(s) and enter the Due Date as the last day of the third month from the effective date (i.e., the date entered into "Date Completed" at the top of the ACC Form 4418).

8.4.3.4.2.2. Enter a date into the Date Additional Training Completed block when required training is complete.

8.4.3.4.2.3. The instructor completing the additional training (or last training event if more than one) will sign and date the Certified Instructor block.

8.4.3.5. Commander-Directed Downgrade Block. Place an "X".

8.4.4. Certification Signatures.

8.4.4.1. Only the CC directing the downgrade and the individual concerned will sign the ACC Form 4418. Additional reviews (annotated under Section IV) are at the MAJCOM discretion.

8.4.4.2. Final Approving Officer. The CC directing the downgrade will sign and place an "X" in the remarks block.

8.4.4.3. Examinee. The crewmember will sign acknowledging the action being taken by the commander.

8.4.5. Comments.

8.4.5.1. At the top of the page enter, "RESTRICTIONS: COMMANDER-DIRECTED DOWNGRADE."

8.4.5.2. Paragraph A, Narrative: Describe the reason for the CC directed downgrade. Include "for cause" in the reasoning statement for all performance-related cases, but for non-performance cases enter only if due to disciplinary/adverse administrative action (e.g., Article 15).

8.4.5.3. Paragraph B, Discrepancies.

8.4.5.3.1. Non-performance cases: "None".

8.4.5.3.2. Performance-related cases: IAW **paragraph 8.3.7.3.3**.

8.4.5.4. Paragraph C, Recommended Additional Training.

8.4.5.4.1. Non-performance cases (not required): As desired or "None".

8.4.5.4.2. Performance-related cases IAW **paragraph 8.4.3.2.1** (not required): As desired or "None".

8.4.5.4.3. Performance-related cases IAW **paragraph 8.4.3.2.2** (required): Enter corrective action or training required prior to requalification.

8.4.5.5. Paragraph D, Additional Comments: As desired or "None".

8.4.5.6. Additional Reviews: As directed by MAJCOM and/or unit supplement or "None".

8.5. Initial Cadre. (see also **paragraph 5.12**.). Except as described below, the ACC Form 4418 for an Initial Cadre will be completed IAW **paragraph 8.3**.

8.5.1. Date Completed. The effective date as annotated on the MAJCOM/A3 memo described in **paragraph 5.11.2**.

8.5.2. Examinee Identification.

8.5.2.1. Mission System /Crew Position. Enter the crewmember's new mission system and crew position.

8.5.2.2. Eligibility Period. Enter "N/A".

8.5.3. Qualification.

8.5.3.1. Performance Phase. In the Mission/Check block enter "INIT CADRE QUAL" with the same date as noted in **paragraph 8.5.1**.

8.5.3.2. Qualification Level. Enter a "1" in the qualified block.

8.5.3.3. Expiration Date of Qualification. Enter expiration date.

8.5.3.4. Additional Training Due Date. Leave blank.

8.5.4. Certification Signatures.

8.5.4.1. Examiner. Leave blank.

8.5.4.2. Reviewing Officer. The SQ/CC (or equivalent) will sign and place an "X" in the remarks block. If the SQ/CC is being upgraded then leave blank.

8.5.4.3. Final Approving Officer. The OG/CC (or equivalent) will sign and place an "X" in the remarks block.

8.5.4.4. Examinee. The crewmember will sign.

8.5.5. Comments. Paragraph A, Narrative. Include a brief description of the new qualification as well as any training received before awarding qualification. Reference the MAJCOM/A3 memo described in **paragraph 5.11.2**.

8.6. ACC Form 4420, *Individual's Record of Duties and Qualifications*. The ACC Form 4420 is an index providing pertinent information extracted from all the ACC Form 4418 accomplished by the crewmember. The AF Form 942, *Record of Evaluation* is an equivalent aircrew document that is approved for use in PEX for crew.

8.6.1. Data Entry.

8.6.1.1. Except where specifically noted otherwise (e.g., annotating the type of evaluation, "INSTR"), use upper and lower case letters.

8.6.1.2. Requirements for font, indentation, and justification (right, left or centered) of data are not specified.

8.6.1.3. A one-line entry is used for all evaluations with the exception of those in which the qualification levels awarded on portions of a combined evaluation are not all the same.

8.6.1.4. For combined evaluations in which different qualification levels are awarded for any of the portions, a single line entry will be made for each different qualification level awarded indicating which portions of the combined evaluation received that qualification level.

8.6.1.5. Use each ACC Form 4420 until it is completely filled. If additional blocks not needed, "Z" out any unused blocks.

8.6.2. Item No. Enter chronological item number (e.g., 1, 2, 3). **Note:** Not applicable to PEX Form 942.

8.6.3. Date. Use the event completion date in YYYY, MM, DD format.

8.6.4. Action To Be Recorded. Enter the event to be recorded to include the type of evaluation, mission system used and crew position performed during the evaluation as it appears in the Wpn Sys/Crew Position area under Examinee Identification of the subject ACC Form 4418.

8.6.5. Score/Rate. Enter the appropriate qualification level as it appears on the subject ACC Form 4418.

8.6.6. Signature. Signature of official who conducted the event. **Note:** Not applicable to PEX Form 942.

8.6.7. MAJCOM Change. A one-line, undated entry containing MAJCOM title will be made for each change in the individual’s MAJCOM based on a PCS/PCA. Do not annotate a change of MAJCOM if the individual is receiving an evaluation from an evaluator in a different MAJCOM unless the individual is enrolled in a formal training program.

8.6.8. Computer Generated ACC Form 4420. A computer-generated ACC Form 4420 may be used as long as cumulative entries are retained. Electronic copies of the ACC Form 4420 should be forwarded with the CEF when the individual moves to a new squadron.

8.7. Crew Evaluation Folder (CEF). The CEF contains the source documents that constitute the history of cyber qualifications for each crewmember.

8.7.1. Maintenance.

8.7.1.1. Each crewmember who is on mission status must have a CEF that includes all ACC Form 4418, ACC Form 4420, and any additional MAJCOM and/or unit specified items.

8.7.1.2. The CEF must be maintained by a Stan/Eval functional office - normally in the organization to which the individual is assigned or attached for performing missions.

8.7.1.3. HHQ personnel on mission status may have their CEFs maintained by the Stan/Eval function of the unit to which they are attached for performing missions.

8.7.1.4. Individuals assigned or attached to other than AF units may use the format of the service to which they are attached to document their history of qualifications.

8.7.2. Electronic CEFs.

8.7.2.1. For electronic CEFs, any hard copy historical information (once incorporated into the electronic CEF system) will be archived with the Stan/Eval function that maintains the CEFs. Archive method will be at unit discretion.

8.7.2.2. Scanned versions of historical documents will be saved IAW AFI 33-322.

8.7.2.3. Electronic CEF systems must be able to produce hard copies of CEF products, when needed, consistent with the guidance in this publication. Additionally, the electronic CEF must be transportable.

8.7.2.4. Units will convert and maintain all CEFs in electronic format using PEX. Units must establish a viable backup system in the form of either a printed hard copy or soft copy that can be viewed if the primary system is down or lost.

8.7.3. Contents. Divide the CEF into two sections:

8.7.3.1. [left side]. This Section contains ACC Form 4420, and any items authorized by the MAJCOM and/or unit supplement. Section I may contain two sub-sections.

8.7.3.1.1. ACC Form 4420 will be placed on top in chronological order with the most recent on top.

8.7.3.1.2. Any additional information as directed by MAJCOM and/or unit supplement will be placed under the ACC Form 4420.

8.7.3.2. [right side]. This Section contains ACC Form 4418 and any related MFRs for all evaluations listed on the ACC Form 4420.

8.7.3.2.1. ACC Form 4418. File ACC Form 4418 in chronological order with the most recent on top. Individuals who maintain qualification in two or more mission systems or two or more crew positions in the same mission system will file ACC Form 4418 in chronological order – without consideration of mission system or crew position.

8.7.3.2.2. MFRs.

8.7.3.2.2.1. MFRs documenting extensions, and/or unusual circumstances to potentially be included in an ACC Form 4418 are filed on top of the affected ACC Form 4418.

8.7.3.2.2.1.1. Incorporate the information contained in the MFR onto the applicable ACC Form 4418 under Examiner Remarks paragraph D, Additional Comments, when action is complete.

8.7.3.2.2.1.2. Once MFR information is incorporated onto the ACC Form 4418, remove the MFR from the CEF.

8.7.3.2.2.2. Expiration Date Extensions (see also **paragraph 5.8.3.2**.).

8.7.3.2.2.2.1. On the expiration date extension MFR specify extension authority, the new expiration date, and a brief description of the extension.

8.7.3.2.2.2.2. MFRs will be dated prior to the expiration date of any affected periodic evaluation.

8.7.3.2.2.3. Permanent MFRs. MFRs become a permanent part of the CEF only when a Major discrepancy addressed by the MFR is not addressed or corrected by a later ACC Form 4418 (see **paragraph 8.7.6.1**) or an unusual circumstance cannot be documented any other way.

8.7.4. Hard-Copy Folders.

8.7.4.1. Folders must be letter size, able to separate contents into two sections and constructed of heavy stock (recommend press board folder or equivalent).

8.7.4.2. Affix a label bearing the individual's name and DoD identification number to the inside back cover so that the folder may be identified when filed. Include additional information on the label if required by MAJCOM and/or unit supplement.

8.7.4.3. Folders must bear the "Controlled Unclassified Information" label/stamp on both sides of the CEF.

8.7.5. Review of CEF. Document the procedures on how to accomplish an initial review and how to implement the periodic review of CEFs.

8.7.5.1. Initial Review. The initial/gaining unit will review the CEF for all newly assigned crewmembers to verify their qualification(s) prior to their first mission.

8.7.5.1.1. The reviewing organization is responsible for establishing the qualification of the crewmember as determined from the latest applicable documentation in Sections I and II of the CEF.

8.7.5.1.2. Following the initial review, the unit maintaining the CEF is responsible only for documentation subsequently placed in the CEF.

8.7.5.1.3. If the CEF of HHQ personnel on active mission status is maintained by the Stan/Eval function at the unit/SQ to which they are attached to perform mission, the Stan/Eval function of that unit/SQ will also review the CEF prior to their first mission.

8.7.5.2. Posting Review.

8.7.5.2.1. The Stan/Eval function will review each ACC Form 4418 and ACC Form 4420 when they are placed in the CEF to ensure accuracy and completeness.

8.7.5.2.2. The ACC Form 4418 review will confirm that the eligibility period and qualification as documented are correct, all required performance evaluation events and requisites were accomplished within the eligibility period and that all signatures and initials are obtained within the allotted time (see **paragraph 8.3.8.5**.).

8.7.5.2.3. Document the posting review IAW MAJCOM and/or unit supplement.

8.7.5.3. Periodic Review.

8.7.5.3.1. The Stan/Eval function will review all applicable CEFs to confirm expiration dates used to track required crew qualification evaluations are the same as those listed in the CEFs. Periodic review of CEFs for personnel in inactive status is not required.

8.7.5.3.2. The interval between reviews will not exceed the standard qualification period window unless a more restrictive review period is established by the MAJCOM and/or unit supplement.

8.7.5.3.3. Document the periodic review IAW MAJCOM and/or unit supplement.

8.7.6. CEF Discrepancies. CEF Discrepancies include those of the ACC Form 4418, ACC Form 4420, and any MAJCOM-directed documentation.

8.7.6.1. Major Discrepancies. Discrepancies that affect the qualification of the affected crewmember.

8.7.6.1.1. Major discrepancies are documented on a permanent MFR filed in Section I or II immediately above the affected ACC Form 4418, or in chronological order for items other than those found on ACC Form 4418.

8.7.6.1.2. MFRs documenting similar major discrepancies found on multiple ACC Form 4418 will be filed on top of the latest affected ACC Form 4418.

8.7.6.2. Minor Discrepancies. Discrepancies that do not affect the qualification of the affected crewmember (e.g., typos, formatting, and misspellings). Minor discrepancies are documented on a non-permanent record as defined by the MAJCOM or unit supplement to this instruction and need not reside in the CEF.

8.7.6.3. Corrections.

8.7.6.3.1. ACC Form 4418. As a source document, the ACC Form 4418 may be corrected by use of white-out or pen and ink alteration of the original document provided the Examiner signing Section III of the form initials the correction. If the original SEE is not available then document the discrepancy IAW paragraph **8.7.6.1** or **8.7.6.2**. When the original SEE is not available, OGV Chiefs may also correct minor discrepancies.

8.7.6.3.2. ACC Form 4420. ACC Form 4420, not being source documents, may be altered without restriction to reflect the assignment of the affected crewmember and the contents of the CEF.

8.7.6.3.3. Electronic Corrections. If the system used to store the record does not allow corrections to be made, then document the discrepancy IAW **paragraph 8.7.6.1** and/or **paragraph 8.7.6.2**.

8.7.7. Transfer of CEF.

8.7.7.1. Retention of Records. Retain all records in the CEF until reviewed by the gaining unit. After review, return to the individual those forms not retained in the CEF.

8.7.7.2. Formal Training Graduates. For formal training school graduates reporting directly to an overseas command for a short tour, retain formal training school records for transfer to the subsequent gaining unit.

8.7.7.3. PCS of Individual. Crewmembers will normally hand-carry their CEF to the gaining organization. Members may also hand carry electronic copies or ownership of electronic database records may be transferred to the gaining organization.

8.7.7.3.1. When circumstances prevent this, the losing organization will mail the folder to the gaining unit via registered mail.

8.7.7.3.2. Mail any records not included in the CEF to the gaining organization with clear identification of the individual concerned.

8.7.7.3.3. When mailing a CEF or any of its contents, retain a copy (hard or soft copy is acceptable) until the gaining organization has received the original CEF.

8.7.8. Disposition of CEF.

8.7.8.1. Dispose of the crew CEF according to the Air Force Records Disposition Schedule and Air Force guidance concerning the protection of Personally Identifiable Information.

8.7.8.2. Outdated certification documents and miscellaneous documentation identified during reviews will be returned to the crewmember for disposal.

BRIAN S. LAIDLAW, Brigadier General, USAF
Director of Operations

Terms

Additional Training—Any training recommended by an Examiner to remedy deficiencies identified during an evaluation that must be completed by a specific due date. This training may include self-study, non-performance based (academic/written) instruction, CTD, SIM, or mission. Additional training must include demonstration of satisfactory knowledge or proficiency to an Examiner, supervisor or instructor (as stipulated in the Additional Training description) to qualify as completed.

Basic Mission Capable (BMC)—A crewmember who satisfactorily completed IQT, MQT, and a full Stan/Eval evaluation is awarded the BMC qualification status. The operator will maintain BMC operator qualification, with reduced lookback and event RTM requirements. BMC examples include but are not limited to CC, staff, etc. The BMC crewmember must be able to attain MR/CMR status, to meet operational taskings, as specified in the applicable MSVs. **(T-2)** Persons filling a BMC position must be able to meet MR/CMR currency requirements within 30 days (90 days for ARC). Due to the lower proficiency and currency levels, the BMC qualified operator must

always perform crew duty with a MR/CMR operator, in the same crew operator position, to ensure operational and mission requirements are met.

Certification—Procedure used to document competency in a particular task. Not interchangeable with "qualification", which requires ACC Form 4418 documentation.

Combat Mission Ready (CMR)—A combatant crewmember who has satisfactorily completed MQT and maintains qualification and proficiency in the command or unit operational mission.

Compliance Language—Terminology defined as follows:

Will—Indicates a mandatory requirement.

Should—Indicates a preferred, but not mandatory, method of accomplishment.
May—Indicates acceptable or suggested means of accomplishment.
Normally—Indicates under normal or usual conditions, as a rule.
Note:—Indicates operations procedures, techniques, etc., considered essential to emphasize.

Crew Discipline—Behavior and characteristics that are conducive to successful mission accomplishment.

Crew Information File (CIF)—A collection of publications and material determined by the MAJCOM and unit as necessary for day-to-day operations.

Crew—The total complement of crew personnel responsible for the safe operation of the cyber mission systems, or for duties essential to the accomplishment of the mission system's mission.

Cyber (adj.)—Of or pertaining to the cyberspace environment, capabilities, plans, or operations.

Cyber Evaluation Folder (CEF)—A two-part folder containing the source documents that constitute the history of cyber qualifications of each crewmember.

Cybercrew Training Device (CTD)—A training platform suitable to conduct evaluations.

Debriefed Discrepancy—Remedial action taken by an evaluator to remedy a discrepancy noted during a performance or, if applicable, SIM evaluation (e.g., EPE conducted in the SIM). This action is accomplished during post-evaluation debrief. SEEs may query previous actions concerning potential discrepancies and may provide clarification or instruction to determine if the examinee has attained/maintained the necessary proficiency. The discrepancy area/subarea description is annotated with "Debriefed" in the Evaluator's Remarks section of the ACC Form 4418 Comments.

Dual Qualification—Crewmembers who maintain qualification in two or more crew positions within the same mission system per applicable ACCMAN 17-2 [MSV] volumes.

Eligibility Period—The six-month period prior to the expiration date of an evaluation that includes the month in which the evaluation is due.

Emergency Procedures Evaluation (EPE)—A performance, SIM, or verbal evaluation used to evaluate EPs and systems knowledge.

Evaluation—Procedure to validate readiness and effectiveness of unit operations.

Education and Training Course Announcement (ETCA)—Air Force Database, reachable through the Air Force Portal. ETCA is prescribed by DAFI 36-2670, *Total Force Development*.

Formal Training Unit (FTU)—A unit with a primary mission to train crew personnel according to approved syllabi.

Initial Cadre—Those personnel assigned to conduct testing of experimental, developmental, or new cyber mission capabilities for which there are no established Formal Training programs nor standardized evaluation criteria. Initial Cadre designations are appropriate through Initial Operational Capability.

Initial Evaluation (INIT)—The first evaluation of any type for a mission system (e.g., INIT QUAL, INIT MSN, INIT INSTR).

Instructor Evaluation—An evaluation that initially grants instructor qualification or reestablishes instructor qualification of the Examinee in a mission system (i.e., INIT INSTR and RQ INSTR) as directed in ACCMAN 17-2 [MSV] Volume 1.

Master Question File (MQF)—Question bank used to construct closed book exams. Crewmembers have access to MQFs.

Mission Evaluation—Qualifies a crewmember to employ the member's assigned mission system in accomplishing the unit's operational or DOC statement mission. Requires ACC Form 4418 documentation.

Mission Ready (MR)—A non-combatant crewmember who has satisfactorily completed mission qualification training and maintains qualification and proficiency in the command or unit operational mission.

Mission System—A combination of one or more systems with all related equipment, materials, services, personnel, and means of delivery and deployment (if applicable) required for self-sufficiency.

No-Notice Evaluation (N/N)—An evaluation where the Examinee is notified of the evaluation at or after the beginning of normal preparation for the mission.

Non-Combat Mission Ready (N-CMR)—A crewmember that is non-current in the unit or command combat mission.

Office of Collateral Responsibility (OCR)—Any headquarters, agency, or activity having coordinating functional interest in, and responsibility for, a specific action, project, plan, program or problem.

Office of Primary Responsibility (OPR)—Any headquarters, agency, or activity having the primary functional interest in, and responsibility for, a specific action, project, plan, program or problem.

Operations Group Commander (ANG/AFRC)—ANG/AFRC may use Air Operations Officer/ Operations and Training Officer, if appropriate, when Operations Group Commander (OG/CC) is referenced.

Qualification Evaluation—Qualifies a crewmember to perform the duties of a particular crew position in the specified mission system. Requires ACC Form 4418 documentation.

Requalification Evaluation—An evaluation administered to remedy a loss of qualification due to expiration of a required periodic evaluation, loss of currency exceeding six months (as specified

in applicable ACCMAN 17-2 [MSV] V1), an RQ following a failed evaluation or a CC directed downgrade. Requires ACC Form 4418 documentation.

Requisites—Requirements such as exams, EPEs, CAPs, etc., that have to be accomplished before an evaluation is considered complete. Requires ACC Form 4418 documentation.

Requalification (RQ)—A subsequent evaluation used to remedy a failed evaluation. Requires ACC Form 4418 documentation.

Secure Question Bank (SQB)—Questions used to construct open book examinations. Crewmembers do not have access to the SQB.

SEE Objectivity Evaluation—An evaluation that certifies a new SEE to perform Stan/Eval Examiner duties. SEE Objectivity Evaluations should be conducted IAW ACCMAN 17-2 [MSV]V2.

SPOT Evaluation—Used to evaluate a specific event or requirement without intending to satisfy the requirements of a periodic and/or INSTR evaluation. SPOT evaluations may be N/N. Requires ACC Form 4418 documentation. SPOT is not an acronym.

Stan/Eval Board (SEB)—A forum convened at the group level to review and resolve crew related issues.

Stan/Eval Examiner (SEE)—A crewmember designated to perform evaluation duties as specified by this instruction. SEE must be qualified in the events they evaluate (**Exception:** SPOT evaluations). Unit SEEs include SQ SEE assigned to the operational cyber SQ, OGV SEE assigned to the OGV but attached to the operational cyber SQ and other wing individuals tasked with Examiner duties assigned above the SQ level. A HHQ SEE is an Examiner assigned to a NAF or MAJCOM. Senior SEEs are senior cyber CCs – specifically, NAF/CCs and OG/CCs (and/or, their deputies) – that act in the capacity of SEEs.

Stan/Eval Function—An organization at appropriate echelons of command that accomplishes the objectives of this instruction.

Stan/Eval Liaison Officer (SELO)—An individual tasked to perform Stan/Eval administrative duties.

Student Crewmember—A crewmember enrolled in a formal course or training under a MAJCOM approved syllabus.

Supervised Status—The status of a crewmember who must perform mission under the supervision of either an instructor or a designated supervisor (as specified in the applicable ACCMAN 17-2 [MSV]V1) qualified in that specific crew position. The Examiner determines when supervision is required. The type of supervisor, i.e., instructor or designated supervisor, is as specified in the applicable ACCMAN 17-2 [MSV]V1, or as determined by the SQ/CC.

Supplementary Evaluation—Administrative tools used by a CC to ensure standardization of operations and to identify and evaluate implemented solutions to operational issues

Trend Program—Analysis designed to identify areas requiring attention, monitoring or correction.

Unit—A level of organization under HHQs (MAJCOM and/or NAF) required to establish a Stan/Eval function (normally this is an OG and consists of both the group and operational cyber SQs).

User Command—Any Air Force MAJCOM/agency that possesses a mission system.

Attachment 2

STAN/EVAL BOARD MINUTES

A2.1. Note: The information below is an example of the minimum information a Board should address.

Table A2.1. Example Stan/Eval Minimum Board Minutes.

MEMORANDUM FOR (SEE DISTRIBUTION)

FROM: (UNIT'S COMPLETE ADDRESS)

SUBJECT: STAN/EVAL BOARD MINUTES

1. Personnel Attending: (name and organization)

2. Overview:

a. Manning. (Enter any Stan/Eval manning problems discussed or deviations from authorized manning. Record all current SEE including attached HHQ and/or attached squadron SEE.) Include any OG/CC designated additional OGV SEE.

b. Summary.

(1) Evaluations. Report EPEs and Performance evaluations by crew position and type of evaluation (QUAL and MSN as outlined in the appropriate ACCMAN17-2 [MVS] V2). Include SPOT, N/N, and INIT INSTR evaluations, when applicable. Show qualification levels, sub-levels and rates (Rate = # given divided by total given).

(a) Q1s

(b) Q2s

(c) Q3s

(d) Total evaluations for each crew position

(2) Examinations. Report examination results by crew position and type of examination (open book, closed book, and CAPs).

(3) Waivers and Extensions. Identify all waivers and extensions as identified in this ACCI.

(4) Trends. Identify new, continuing and resolved trends. Where necessary, report corrective actions as OPEN/CLOSED, the OPR(s) and any suspense date.

(5) Report progress toward achievement of no-notice requirements, if applicable.

c. Stan/Eval Program Inspections and Reviews (if applicable).

d. Cybercrew Publications. Review open DAF Form 847.

e. Supplementary Evaluations. Report results of evaluations conducted at both the OGV and squadron level.

3. Old Business. Enter the disposition of any items left open at the last Board meeting. If final action was taken on an item during the quarter, state the action taken and then close the item if closure is approved by the Board Chairman. If an item remains open, list the action taken since the last Board. Findings from formal Stan/Eval inspections will be addressed and covered until they are closed out.
4. New Business. Enter all new business discussed during the Board. The new business items are those included on the published agenda along with any unplanned items discussed.
5. Other: This is an optional paragraph that can be used as necessary.
6. Problems Requiring HHQ Assistance: Enter problems that, based on Board resolution, require HHQ assistance. The assistance may be in any form (for example, staff assistance visit requests, clarification of directives, change of directives, and so forth).

CREW INFORMATION FILE (CIF) TEMPLATE

A4.1. Note: The information below is an example of a template MAJCOMs may use when drafting a CIF.

Table A4.1. Example CIF Template.

MEMORANDUM FOR (SEE DISTRIBUTION)
FROM: (UNIT'S COMPLETE ADDRESS)
SUBJECT: The Subject Line contains the CIF number and title of the CIF (if applicable)
1. Applicability paragraph. This paragraph lists the MAJCOM(s) that the item is applicable to, and those MAJCOMs for which the CIF item is ―for information only. May also include applicable mission systems or units as necessary.
2. Directive paragraph. Use this paragraph to give direction to crews regarding procedures or guidance. This information should be placed immediately following the applicability paragraph in order to ensure a consistent place for new procedures or guidance.
3. Amplification paragraph. This paragraph should focus on background information to the crews or any other amplifying data deemed necessary by the CIF item author for crews to understand the impetus behind the CIF item. The CIF item should be limited to one or two pages in length. Additional supporting background documentation should be included in attachments or references.
a. Amplifying data may be organized into subparagraphs or follow-on paragraphs.
b. If follow-on paragraphs are used, ensure paragraphs are numbered correctly.
4. Administrative paragraph. Use this paragraph to show where the CIF item is to be placed (Part B or C), and for how for long the CIF item is to remain in effect. Other items of an administrative nature may also be placed in this paragraph.
5. Receipt/POC paragraph. This paragraph directs units to acknowledge receipt of the CIF item within a desired period of time, CIF item POC(s), and the POC phone number and email address.

Attachment 5

EXAMINER OBJECTIVITY EVALUATION GRADING CRITERIA

A5.1. Instructions. The following grading criteria will be used by CYBERCREW EXAMINERs when conducting CYBERCREW EXAMINER Objectivity Evaluations. A grade of Q- with corrective training or a U in any area will require an overall rating of "3." Cumulative deviations will be considered when determining the overall rating of either "1" or "3."

Table A5.1. Criteria.

GRADE	GRADE CRITERIA
AREA 1 -- COMPLIANCE WITH STAN/EVAL DIRECTIVES	
Q	Complied with all directives pertaining to the administration of a cybercrew evaluation.
Q-	Complied with most directives. Deviations did not jeopardize the effectiveness of the evaluation or safety.
U	Failed to comply with directives or allowed safety to be jeopardized.
AREA 2 -- EXAMINER'S BRIEFING	
Q	Thoroughly briefed the Examinee on the conduct of the evaluation, mission requirements, responsibilities, grading criteria, and cybercrew Examiner actions/position during the evaluation.
Q-	Items were omitted during the briefing causing minor confusion. Did not fully brief the Examinee as to the conduct and purpose of the evaluation.
U	Cybercrew Examiner failed to adequately brief the Examinee.
AREA 3 -- IDENTIFICATION OF DISCREPANCIES AND ASSIGNMENT OF AREA GRADES	
Q	Identified all discrepancies and assigned proper area grade.
Q-	Most discrepancies were identified. Failed to assign Q-grade when appropriate. Assigned discrepancies for performance which was within standards.
U	Failed to identify discrepancies related to cybercrew discipline or deviations which merited an unqualified grade. Assigned Q- grades which should have been U or assigned U grades for performance within standards.
AREA 4 -- ASSESSMENT OF OVERALL PERFORMANCE	
Q	Awarded the appropriate overall grade based on the Examinee's performance.
Q-	Awarded an overall grade without consideration of cumulative deviations in the Examinee's performance.
U	Did not award a grade commensurate with overall performance.

AREA 5 -- APPROPRIATE ASSIGNMENT OF ADDITIONAL TRAINING	
Q	Assigned proper additional training if warranted.
Q-	Additional training assigned was insufficient to ensure the Examinee would achieve proper level of qualification.
U	Failed to assign additional training when warranted.
AREA 6 -- MISSION CRITIQUE	
Q	Thoroughly debriefed the Examinee on all aspects of the evaluation. Debriefed all key mission events, providing instruction and references as required.
Q-	Failed to discuss all deviations and assigned grades. Did not advise the Examinee of additional training, if required. Failed to debrief or adequately reconstruct all key mission events.
U	Did not discuss any assigned area grades or the overall rating. Changed grades without briefing the Examinee. Did not debrief mission at all. Debriefed few or no key mission events.
AREA 7 -- EVALUATION DOCUMENTATION	
Q	Correctly completed all required documentation.
Q-	Minor errors in documentation which did not affect the validity of the evaluation.
U	Failed to complete all required documentation. Major errors caused the validity of the evaluation to be questioned.
AREA 8 -- BRIEFING THE SUPERVISOR ON THE EVALUATION	
Q	Thoroughly debriefed the Examinee's supervisor.
Q-	Debriefed the supervisor, but failed to discuss all discrepancies, grades, or additional training.
U	Failed to debrief the Examinee's supervisor on an unsatisfactory evaluation.
AREA 9 -- SEE'S PERFORMANCE	
Q	SEE performed as briefed and contributed to a thorough evaluation of the Examinee.
Q-	Committed minor errors which did not detract from the Examinee's performance.
U	Committed major errors disrupting the Examinee's performance or preventing a thorough evaluation.

BRIEFING FACILITIES GUIDANCE

A7.1. Scope. As a minimum, the following mission planning/briefing materials will be available in the briefing rooms and mission planning areas. Applicable items should provide readily accessible instructional value. Units may add/delete items appropriate for unit mission system.

A7.1.1. Network diagram.

A7.1.2. Dry Erase Board (or equivalent).

A7.1.3. Publications:

A7.1.3.1. Checklist, and crew aid.

A7.1.3.2. ACCMAN 17-2 [MSV] V3 and local directives

A7.1.3.3. Crew Information File (CIF).

A7.1.3.4. Cyber Tasking Order (CTO).

A7.1.3.5. Special Instructions (SPINs).

A7.1.3.6. AFTTP 3-1 / Joint Cyber Tactics Manual (JCTM).

A7.1.3.7. Technical Orders (TOs).

A7.1.4. Mission Planning Computer.

A7.1.5. Video Teleconference / Voice Communication.

A7.1.6. Current posting of all current and applicable Special Interest Items.

A7.2. Notes:

A7.2.1. Any of the above information may be maintained electronically if easily accessible to briefer.

A7.2.2. Squadrons may maintain manuals, ACCMAN 17-2 [MSV]V3 and local directives, and Information Publications in close proximity to briefing rooms.

A7.2.3. Units will maintain an effective backup capability (e.g., backup laptop computer, printouts of slides, and/or maps in a binder) in the event technical difficulties prevent crew from using electronic versions.

A7.2.4. Briefing rooms should be well lighted and of adequate size to comfortably seat all crewmembers.
