This instruction implements DAFI 61-104, Management of Scientific and Technical Information (STINFO), Department of Defense Instruction (DoDI) 5230.24, Distribution Statements on Technical Documents; DoD Directive 5230.25, Withholding of Unclassified Technical Data from Public Disclosure, and must be used in conjunction with the implementing publications. This document outlines AFSC STINFO policy and organizational responsibility. This guidance is applicable to all AFSC system, subsystem, components, contracting/organizations that conduct or are involved with STINFO. This Instruction is applicable to all Air Force personnel assigned or attached to AFSC, except where explicitly noted. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, Recommendation for Change of Publication; route AF Form 847 from the field through the appropriate chain of command. Ensure that all records created as a result of the process prescribed in this publication are maintained IAW Air Force Instruction (AFI) 33-322, Records Management and Information Governance Program, and disposed of IAW Air Force Records Management System (AFRIMS) Records Disposition Schedule (RDS).

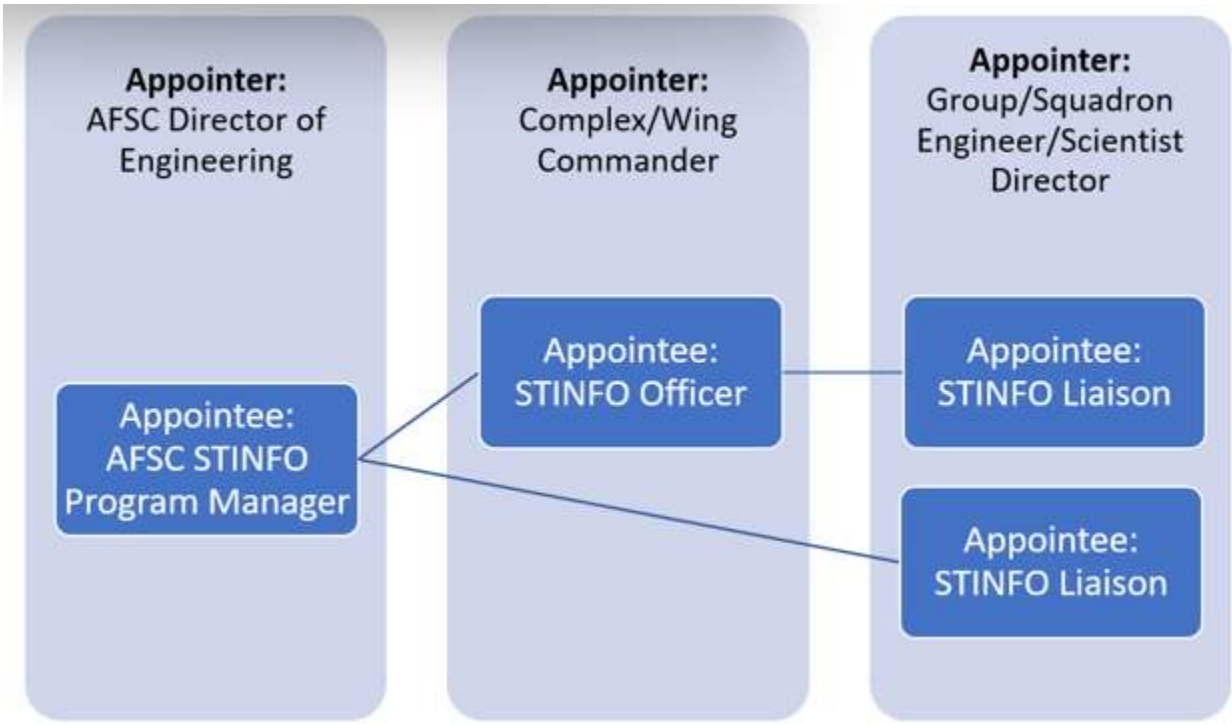

SUMMARY OF CHANGES

This interim change revises AFSCI 61-201 by providing a new link to STINFO training. A margin bar (|) indicates newly revised material.

1. Purpose: The purpose of this policy is to identify activities to implement a STINFO program in AFSC.

2. Roles and Responsibilities: The roles concerning the AFSC STINFO program and their hierarchal relationship are depicted in **Figure 1**.
