This publication, also referred to as the Pre-Commissioning Terminal Learning Objectives, supports Department of the Air Force Instruction (DAFI) 36-2614, *Pre-Commissioning Education and Training Program*. This pamphlet provides an approved list of terminal learning objectives (i.e., qualitative learning requirements) authored by the Commissioning Training and Education Committee (CTEC). Terminal learning objectives describe what a learner is expected to accomplish upon completion of the instruction. This pamphlet also identifies and defines the knowledge, skills, and attitudes that graduates should demonstrate at the conclusion of their respective pre-commissioning program. It applies to the United States Space Force (USSF), the Regular Air Force, the Air Force Reserve, the Air National Guard, and government-contracted personnel executing and/or directly supporting the pre-commissioning programs identified by this publication. This publication may be supplemented at any level; supplements must be reviewed by the publication office of primary responsibility (OPR) prior to a supplement's certification, approval, and implementation. Refer recommended changes and questions about this publication to the OPR using the Department of the Air Force (DAF) Form 847, *Recommendation for Change of Publication*; route DAF Forms 847 from the field through the appropriate functional chain of command. Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System.
