Pages: 10

This supplement implements and extends the guidance of Air Force Instruction (AFI) 16-601, 7 August 2018 covering Air Force implementation of, and compliance with International Arms Control and Non-Proliferation agreements within the United States European Command (USEUCOM) Area of Responsibility (AOR). This supplement is not to be supplemented below MAJCOM level. This supplement applies to active duty United States Air Force (USAF) units located throughout the USEUCOM AOR. It also applies to Air Force (AF) detachments and offices located on Host Nation (HN) sites in theater. This instruction applies to Air Force Reserve Command (AFRC) or Air National Guard (ANG) units under OPCON of COMUSAFE. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, Publications and Forms Management, Table 1.1 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363,

Management of Records, and disposed of in accordance with the Air Force Records Information Management System Records Disposition Schedule. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, Recommendation for Change of Publication. Route AF Forms 847 from the field through the appropriate functional chain of command to HQ USAFE-AFAFRICA/A8XA, Unit 3277, APO AE 09094 or **USAFEA8.A8XA.ArmsControlBranch@us.af.mil**

SUMMARY OF CHANGES

This supplement has been revised and requires a complete review. This revision modifies language to be consistent with the parent instruction. It also incorporates the education and training guidance formerly found in the USAFE Supplement Air Force Instruction 16-603, Education and Training Requirements for Implementation of, and Compliance with, Arms Control Agreements.

Chapter 2

ROLES AND RESPONSIBILITIES

2.4.1. HQ USAFE-AFAFRICA/A8XA serves as the Command Treaty Office responsible for implementation of, and compliance with, arms control treaties and agreements in the United States European Command (USEUCOM) Area of Responsibility (AoR).

2.4.2.2. USAFE-AFAFRICA employs a Regional Treaty Compliance Officer (TCO) concept to support Wing/Unit treaty compliance responsibilities in the USEUCOM Area of Responsibility (AoR). With manpower resources from AF/A10 (USAFE FYDP), USAFE-AFAFRICA will maintain a team of full-time Regional TCOs at Operating Locations (OLs) to assist all permanently-stationed and deployed USAF assets in theater in carrying out their treaty compliance responsibilities.

2.4.2.2.1. **(Added)** As the functional authority for treaty compliance, the Regional TCOs will require assistance on treaty compliance matters from arms control points-of-contact (POCs) at each supported Wing/ Geographically Separated Unit (GSU). At those locations with a resident Regional TCO, the Host Wing will designate a primary arms control POC. For those Wings/GSUs with significant treaty compliance responsibilities (e.g. located on a designated potential inspection site under one of the treaties) that do not have a resident Regional TCO at their location, Wing/GSU commanders will designate a primary and an alternate arms control POC. The recommended rank for an arms control POC is any commissioned officer, a senior NCO (E-7 or above) or GS-12 and higher. However, local commanders may select qualified individuals of a lower rank based on their qualifications. At locations with limited treaty compliance responsibilities, the installation commander, parent Wing Commander or their designee will be the single POC at the installation. USAFE-AFAFRICA Wing/GSU commanders will specify their designated POCs in writing and a copy of the appointment letter will be provided to HQ USAFE-AFAFRICA/A8XA. (T-2)

2.4.2.2.2. **(Added)** Wing/Unit Commanders will ensure that arms control POCs have at least one year of retainability at the time of appointment. In addition, appointed individual(s) will not be scheduled for extended TDYs nor deployments during the 12 months following their appointment. Wing/Unit Commanders must appoint replacement arms control POCs at least 30 days before a current appointee is scheduled to PCS or depart the program. (T-3).

2.4.2.2.3. **(Added)** Arms control POCs must be allowed an appropriate amount of time on a recurring basis to work with the Regional TCO in order to maintain arms control implementation and compliance proficiency. Primarily, the Wing arms control POC supports the TCO during exercises, inspections, and visits, as well as during the preparation phase for these events. The Wing arms control POC has to be allotted time with the TCO to accomplish training on general TCO duties for actual events, as well as, for their preparation, sustainment, and post operation protocols. The Regional TCO will work with the appointed individuals to determine the amount and duration of the proficiency training required.

2.4.3.2.1. HQ USAFE-AFAFRICA Regional TCOs shall provide their arms control budgetary requirements to HQ USAFE-AFAFRICA/A8XA, which consolidates these requirements and submits them to AF/A10P. HQ USAFE-AFAFRICA/A8XA must ensure that all USAFE-AFAFRICA arms control budgetary requirements are identified and defended, as necessary.

2.4.4.1. **(Added)** Depending on the subject matter, HQ USAFE-AFAFRICA/A8XA will also identify any arms control requests, issues, or concerns to USEUCOM in order to coordinate expedient resolution, including those involving other DOD components or government agencies.

2.4.4.2. **(Added)** If required, coordinate and develop Intra-Agency Support Agreements, Memorandums of Understanding, Memorandums of Agreement, and other documents with appropriate service, command, and local agencies required to support USAFE-AFAFRICA Arms Control Implementation.

2.4.7.1. **(Added)** HQ USAFE-AFAFRICA/A8XA represents USAFE-AFAFRICA as required on appropriate Air Force and USEUCOM arms control working groups.

2.4.8. HQ USAFE-AFAFRICA works through the Regional TCOs network to ensure consistent implementation of and compliance with arms control and nonproliferation agreements across a large theater consisting of roughly 50 countries in Europe. Regional TCO responsibilities include:

2.4.8.1. **(Added)** Assisting all USAF forces (permanent or deployed) in their assigned countries except for any forces assigned to another TCO's host unit. A TCO is responsible for all USAF forces (permanent or deployed) assigned to their host unit regardless of location.

2.4.8.1.1. **(Added)** Assisting other Services if required to ensure protection of U.S. interests during arms control treaty events or operations. However, permanent and deployed units belonging to other Services, MAJCOMs, Agencies, etc. should seek arms control guidance from their respective headquarters.

2.4.8.2. **(Added)** Assisting wings/installations and USAF units operating in the USEUCOM AoR to develop, maintain, review, and execute unit arms control compliance plans, supplements, Operating Instructions (OI) and checklists based on higher headquarters' plans, instructions, policy and guidance documents in accordance with Treaty-specific Instructions and AFI Supplements.

2.4.8.3. **(Added)** Serving as Subject Matter Experts for their AoR. This includes analyzing, and interpreting treaty documentation pertaining to the unit treaty compliance plans.

2.4.8.4. **(Added)** Updating treaty data into management notification and tracking systems.

2.4.8.5. **(Added)** Acting as the regional arms control resource advisor. Provide budget requests for TDY, supplies, and equipment to HQ USAFE-AFAFRICA/A8XA who will consolidate and program all treaty funding requirements.

2.4.8.6. **(Added)** Serving as back-ups to other Regional TCO.

2.4.10.1. **(Added)** USAFE-AFAFRICA's wings/installations develop treaty supplemental instructions and or implementation and compliance plans as directed by HQ USAFE-AFAFRICA/A8XA in Treaty-specific guidance documents. (T-2)

2.4.10.2. **(Added)** USAFE-AFAFRICA is affected by multiple treaties and agreements including: Conventional Armed Forces in Europe (CFE), Vienna Document 2011 (VDOC), Intermediate-Range Nuclear Forces (INF), Open Skies (OS), Chemical Weapons Convention (CWC), Anti-Personnel Landmine Ban (Ottawa Accord), and CFE 1A agreement. HQ USAFE-AFAFRICA/A8XA will publish Supplements or stand-alone Instructions for these treaties and

agreements as required. The HQ USAFE-AFAFRICA Supplement or Instruction will provide requirements for Command staff and subordinate units.

Chapter 3

GUIDANCE AND PROCEDURES

3.2.2.2. Treaty Compliance Officers will complete the Introduction and Role of the Wing TCO computer based training (CBTs) within 30 days of initial assignment and the Treaty Specific CBTs that directly impact their supported organizations on an annual basis. Treaty Compliance Points of Contact will only be required to complete Treaty Specific CBTs on an annual basis if they directly impact their organization, i.e. Open Skies Gateway, VDOC Chart or CFE Declared Site.

3.2.2.3. As soon as possible, new Headquarters (HQ) Staff and Regional TCOs will attend the Air Force Arms Control Course and other classes in accordance with the USAFE-AFAFRICA training plan, published separately and stored on the USAFE-AFAFRICA/A8XA SharePoint site. In general the following DTRA and North Atlantic Treaty Organization (NATO) treaty courses will be required: DTRA Conventional Armed Forces in Europe (CFE) Treaty Course, DTRA Open Skies (OS) Treaty Orientation Course, and DTRA- CWC Challenge Inspection Course, NATO Combined CFE Arms Control Verification Inspector/Escort Course (M5-18), NATO Arms Control - Open Skies Orientation Course (P5-60), and NATO Arms Control - VDOC Compliance and Verification Course (M5-65). HQ USAFE-AFAFRICA/A8XA personnel will also be considered for other DTRA, NATO School and professional development courses on a case-by-case basis throughout their tenure.

3.2.2.3.1. **(Added)** General Wing-level arms control training will be accomplished by the Regional TCOs IAW the “USAFE-AFAFRICA Arms Control Training Requirements" located at **Attachment 3**. Regional TCOs will develop a means to track and document the training conducted.

3.2.2.3.2. **(Added)** Specific training guidance associated with each treaty affecting USAFE-AFAFRICA operations is contained in the treaty-specific USAFE-AFAFRICA Instruction or the USAFE-AFAFRICA Supplement to a parent treaty instruction.

3.2.2.3.3. **(Added)** Individuals formally appointed by their Commander to perform arms control treaty compliance duties (e.g. Wing/Group POCs, etc.) will be considered for formal treaty training courses funded by HQ USAFE-AFAFRICA/A8XA.

MICHAEL KOSCHESKI, Brig Gen, USAF
Director, Plans, Programs and Analyses

USAFE-AFAFRICA ARMS CONTROL TRAINING REQUIREMENTS

Table A3.1. (Added) ARMS CONTROL TRAINING REQUIREMENTS

Group	Purpose	Key Points	Affected Sites	Frequency	Suggested Methodology
Formally-appointed Wing, Installation and GSU Arms Control Points of Contact (POCs)	Provide treaty overview, notification process and roles/responsibilities for relevant treaties	- Treaty Overview - Notification process/QRC - Roles/Responsibilities for relevant treaties -- CFE, VDOC 11, OS, and CWC	- U.S. CFE Declared Sites - U.S. VDOC 11 Chart Data Sites - OS Gateway - GSUs on a HN CFE Declared or VDOC Chart site - GSU Parent Wings	As required	One-to-One Briefing (Telecon, VTC or in-person)
New Commanders	Provide a general overview on primary arms control treaties and politically binding documents that will affect their organizations, the OPSEC mission and the general tasks commanders will be expected to execute	- HQ USAFE-AFAFRICA/A8XA Structure/responsibilities - Slide for major treaties that affect the installation -- CFE, VDOC 11, OS, and CWC	- U.S. CFE Declared Sites - U.S. VDOC 11 Chart Data Sites - OS Gateway (Only Commanders of organizations directly supporting the OS Gateway mission) - GSUs on a HN CFE Declared or VDOC Chart site - GSU Parent Wing Commanders	Within 30 days of taking command	One-to-One Briefing

Group	Purpose	Key Points	Affected Sites	Frequency	Suggested Methodology
Senior Leaders	Provide a general overview on primary arms control treaties and politically binding documents that will affect their organizations, the OPSEC mission and the general tasks senior leaders will be expected to execute	- HQ USAFE-AFAFRICA/A8XA Structure/responsibilities - Slide for major treaties that affect the installation - CFE, VDOC 11, OS, and CWC	- U.S. CFE Declared Sites (Group Commander and above, and major tenants) - U.S. VDOC 11 Chart Data Sites (Same as above) - OS Gateway (same as above) - GSUs on a HN CFE Declared or VDOC Chart site (Flight Commanders and above) - GSU Parent Wing (Group Commanders and above)	Annually	- Briefing conducted as part of Wing Staff Meeting - One-to-One Briefing
General Population	Provide a general overview on primary arms control treaties and politically binding documents that will affect their organizations, the OPSEC mission and the general tasks senior leaders will be expected to execute	- Slide for major treaties that affect the installation -- CFE, VDOC 11, OS, and	- U.S. CFE Declared Sites - U.S. VDOC 11 Chart Data Sites - OS Gateway - GSUs	As required	- Wing/unit newcomer's briefing - Public affairs items

Group	Purpose	Key Points	Affected Sites	Frequency	Suggested Methodology
HQ USAFE-AFAFRICA Command Center and Wing/Installation Command Post Controllers	Produce a cadre of trained Command Post controllers familiar with arms control notification C2 procedures and the appropriate quick reaction checklists (QRC)	- HQ USAFE-AFAFRICA/A8XA Structure/responsibilities - Overview of relevant treaties/politically binding documents - Review voice format notifications CP may receive and timelines - Review QRCs - ACES asset scans (HQ USAFE-AFAFRICA Command Center)	HQ USAFE-AFAFRICA Command Center and all Wing/Installation Command Posts	Annually	Briefing in Command Post
Wing/Installation personnel supporting specific treaty activities	Provide information necessary to execute their responsibilities under the applicable treaty/agreement.	General treaty background and specific roles, responsibilities, and tasks. See treaty-specific guidance documents for details.	- U.S. CFE Declared Sites - US VDOC 11 Chart Data Sites - OS Gateway - GSUs	As specified in treaty-specific guidance documents	As specified in treaty-specific guidance documents
