Terms

Dependent: The North Atlantic Treaty Organization (NATO) Status of Forces Agreement (SOFA) defines a "dependent" as "the spouse of a member of a force or of a civilian component, or a child of such member depending on him or her for support." The United States has concluded bilateral agreements with NATO nations which extend dependent status to other family members (e.g., parents, parents—in-law, brothers, and sisters). In general, a person must be living with a military or civilian component sponsor and must be financially dependent on that sponsor for over 50 percent of their support to qualify for status as a dependent under these agreements.

Sponsoring Agency.—The employing unit or the unit that maintains the employee's personnel record. Verification of retired status is accomplished by reviewing employee's current DD Form 2 (ID Card), retirement order, DD Form 214, Certificate of Release or Discharge from Active Duty, or AF Form 1613, Statement of Service (formerly DD Form 13). Military Personnel Flight (MPF) verification is not required.
