This United States Air Force in Europe (USAFE) Instruction implements AFPD 36-26, *Total Force Development*. It supports policy in AFI 36-3009, *Airman & Family Readiness Centers*, Department of Defense (DoD) 1342.6-M, *Administrative and Logistic Responsibilities for DoD Dependents Schools*, which requires installations to appoint school liaison officers and to provide certain logistic and administrative support to schools. It establishes a baseline for services as outlined in the Air Force School Liaison Officer/Military Child Education Desk Guide which is designed to ensure consistency and predictability offered at installations AF-wide. It prescribes and explains the duties of commanders and school liaison officers in discharging the school support responsibilities established by the Commander, United States Air Forces in Europe (COMUSAFE). It further covers support responsibilities for School Advisory Committees under DoDI 1342.15, *Educational Advisory Committees and Councils*; reporting requirements under European Command (EUCOM) Instruction (ECI) 1305.01, *Overseas Dependents Education in USEUCOM*; and responsibilities under DoD Directive 1015.5, *DoD Student Meal Program.* It applies to USAFE commanders and school liaison officers who have DoD Dependents Schools in their community and who are responsible for students enrolled in the Non DoD Schools Program (NDSP). It does not apply to Air Force Reserve Command (AFRC) or Air National Guard (ANG) units. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. Refer

**1. Mission Statement.** The Installation School Liaison Officer (SLO) connects commands, schools, and communities in advancing student literacy and promoting a diverse workforce that fosters stewardship and informed decision making for the nation. The SLO's primary mission is to ensure equal access to education and to develop educational excellence throughout the command.

**2. Introduction:**

2.1. Department of Defense Dependents Schools – Europe (DoDDS-E) operates elementary and secondary schools on United States military installations throughout Europe for the dependent children of assigned military and civilian personnel. At USAFE locations where no DoD schools exist, school age dependents may enroll in the HQ DoDEA NDSP and be advised of international school options.

2.2. Installation commanders are responsible to support all school age dependents and provide logistical support to DoDDS-E school. The installation commander is required to appoint a senior officer as the military SLO who will appoint a staff member to serve as the civilian installation SLO [DoD 1342.6 M, Chapter 1, Section C1.4.3.13].

2.3. The SLO provides a focal point on the military installation for school support matters. The SLO assists the installation commander in accomplishing school support responsibilities and serves as the liaison between the installation, school, and community.

2.4. The diversity of commands, schools and communities dictates that each installation has local policies and directives that affect the roles and responsibilities of the SLO.

2.5. A glossary of references and supporting information is at **Attachment 1.**

**3. Roles and Responsibilities:**

3.1. **Commanders.** Military child education is a Chief of Staff of the Air Force reportable quality of life initiative and strong commander involvement is essential for ensuring our children receive a high quality education that prepares them for an ever changing global environment. To strengthen parental involvement and provide an avenue for collaborative partnership between the command, parents, and schools beyond the classroom, installation commanders will accomplish the following:

3.1.1. Commander Forums. Commander forums provide an opportunity to influence, educate, and support all military child education stakeholders by maintaining open communication channels. **(T-3).**

3.1.1.1. Administrator Forums. The commander will host meetings between commanders, senior enlisted representatives, DoDDS-E principals or local Non DoD school leaders, and district administrators as needed or requested. To strengthen the home, school, community partnership it is recommended that installations host at least two meetings per school year. **(T-3).**

3.1.1.2. DoDDS-E Teacher Forums. The installation commander will host an annual forum with DoDDS-E teachers at each installation with a DoD school. Forum topics may include, but are not limited to, welcome back, mission briefing, safety, high priority issues, etc. **(T-3).**

3.1.1.3. DoDDS-E Hosted Forums: The commander encourages each level of the military command (First Sergeants, Chiefs, deputy commanders, etc.) to engage in DoDDS-E hosted forums. The commander, or his or her designee within the military command, attends at least one DoDDS-E hosted forum per year, in an official capacity [i.e., School Advisory Council (SAC), Parent Teacher Student Association (PTSA), faculty meeting, open house, awards night, graduation ceremony, curriculum meetings, sporting events, student performances, etc.]. **(T-3).**

3.1.2. Commander's School Evaluation. Commanders at DoD and Non DoD school locations will provide an annual evaluation to COMUSAFE within 30 days of the end of each school year. Information should address issues of concern to the commander as well as specifically address: facility conditions, staffing, budget, class sizes, parental concerns, effectiveness of school leaders, and responsiveness of school officials to resolve problems, discipline, student achievement, and public affairs actions. The IMSC/OL/Detachment Child and Youth Specialist(CYS)/SLO champions commander recommendations. **(T-2).**

3.1.3. If established by European Command, Wing and Numbered Air Forces (NAF) commanders attend the biannual Component Commanders Advisory Council (CCAC), co-chaired by Commander HQ USAFE (HQ USAFE/CC) or Vice Commander HQ USAFE (HQ USAFE/CV) and Director, DoDDS-E. Commanders submit Installation School Advisory Board (SAB) or Installation Advisory Council (IAC) education related issues that cannot be resolved locally, for resolution or forwarding through the military advisory council chain. **(T-2).**

3.1.4. School Liaison Officers (SLO). The SLO should function as the commander's primary advisor on school-related issues. Commanders ensure the installation SLO secures guidance from the IMSC/OL/Detachment CYS/SLO as well as any annual training requirements. The SLO tracks all SAC, IAC, or SAB issues and analyzes data to identify trends. The installation SLO should work closely with IMSC/OL/Detachment to resolve issues and ensure compliance with all applicable instructions and directives. **(T-2).**

3.1.5. DoD Education Advisory Committees. Commanders responsible for DoD schools ensure SABs and IACs are organized and functioning at the beginning of the school year.

3.1.7.3. Commanders are encouraged to endorse unit sponsorship and mentorship of DoDDS-E classrooms. **(T-3).**

3.1.8. DoDEA Attendance Policy. All bases will engage with school personnel to ensure all parents or sponsors are advised of the DoDEA attendance policy. When requested by the school, the SLO or designated command representative will provide assistance to ensure appropriate action or services are implemented to improve school attendance. **(T-3).**
