Supersedes: KEESLERAFBI31-218, 13 January 2021

Pages: 24

This instruction requires the collection and or maintenance of information protected by the Privacy Act of 1974 authorized by 10 U.S.C. 8013 and E. O. 9397 (SSN), as amended. This instruction implements several Department of Defense (DoD) directives requiring all installations to adopt a model traffic code based on the locale. This instruction implements and extends guidance for Department of the Air Force Instruction (DAFI91-207), *The Traffic Safety Program*, Air Force Instruction (AFI31-218), *Motor Vehicle Supervision*, Army Regulation (AR190-5), *Motor Vehicle Traffic Supervision*, and Department of Defense Instruction (DoDI6055.04), *DoD Motor Vehicle and Traffic Safety.* This publication will be used to enforce the "Keesler Air Force Base Rules of the Road" in accordance with (IAW) DAFI91-207, *The Traffic Safety Program*, and encourage compliance. This publication applies to assigned, attached and/or associate units supported by the 81st Training Wing, Keesler Air Force Base (AFB), Mississippi (MS), including Air Force Reserve (AFR) and Air National Guard (ANG) on Title 10 orders. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW AFI33-322, *Records Management and Information Governance Program*, and disposed of IAW Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using DAF Form 847, *Recommendation for Change of Product;* route DAF Form 847s from the field through the appropriate functional's chain of command.

SUMMARY OF CHANGES

This instruction has been completely rewritten and needs to be reviewed in its entirety. Chapter 1 establishes installation authority and responsibilities. Chapter 2 outlines driving requirements, citation point system, violations, and rebuttal procedures. Chapter 3 outlines suspension and revocation. Chapter 4 outlines prohibited stopping, standing and parking actions. Chapter 5

outlines emergency vehicles. Chapter 6 outlines recreational vehicle compliance. Chapter 7 outlines responsibilities for unit parking monitors and the parking monitor program.

Attachment 1--GLOSSARY OF REFERENCES AND SUPPORTING INFORMATION……23

1. INTRODUCTION

1.1. Delegation of Authority. Installation commander (81 TRW/CC) may delegate their responsibilities to the 81st Training Wing Deputy Commander (81 TRW/CD), 81st Mission Support Group Commander (81 MSG/CC), or 81st Mission Support Group Deputy Commander (81 MSG/CD) IAW AFI31-218.

1.1.1. The 81 TRW/CC delegates the authority under this instruction to the 81 MSG/CC and 81 MSG/CD. All instances within this instruction will be the responsibility of the 81 TRW/CC's designees.

1.1.2. The 81st Security Forces Squadron Commander (81 SFS/CC) will be the principal advisor to the 81 MSG/CC on issues pertaining to the safe movement of personnel and traffic. The 81 SFS/CC exercises staff responsibility for directing, regulating and controlling traffic, and enforcing installation rules pertaining to traffic control. The 81 SFS/CC through the coordination and approval of the 81 MSG/CC, administers the suspension and revocation of on-base driving privileges as required by this directive pursuant to the traffic point system.

1.1.3. Implied consent to blood, breath, or urine tests. Persons who drive in the installation shall be deemed to have given their consent to evidential tests for alcohol or other drug content of their blood, breath or urine when lawfully stopped, apprehended or cited for any offense allegedly committed while driving or in physical control of a motor vehicle on Keesler AFB to determine the influence of intoxicants. Refusal to submit to tests may result in a revocation of driving privileges for no less than one (1) year.

1.1.4. Traffic violations by military personnel and/or DoD civilian employee operators of government vehicles are cited via DD Form 1408, Armed Forces Traffic Ticket. The traffic violation and copy of the DD Form 1408 will be reported to the violator's First Sergeant and/or Commander. Traffic violations by all civilians not operating government vehicles are cited via Central Violation Bureau (CVB) Form 1805, United States District Court Violation Notice, and charged in accordance with state codes under the Assimilative Crimes Act, or other federal code as appropriate, regardless of exclusive or concurrent jurisdiction, and will be referred to the US District Court Federal Magistrate for prosecution if required.

1.1.5. Any person operating a motor vehicle on the installation that violates Air Force traffic or Mississippi State Code, Motor Vehicles and Traffic Regulations has committed a traffic violation.

1.1.6. This instruction applies to anyone who operates a motor vehicle or human-powered vehicle on Keesler AFB to include contractor-owned unique vehicles.

1.1.7. Government owned Government Vehicle Other (GVO), tactical vehicles, utility vehicles (UTVs), all-terrain vehicles (ATVs), and other recreational off-highway vehicles (ROHVs) must be operated according to manufacturer's specifications. Operators must be trained and certified via approved training program prior to operating these vehicles on the installation.

1.1.7.1. Operators will adhere to all speed limits, traffic signs and traffic devices in the same capacity as a Privately Owned Vehicle (POV).

1.1.7.2. Manufacturer specifications for Personal Protective Equipment (PPE) will be adhered to regardless of use.

1.1.8. Unique vehicle operators must adhere to the manufacturers' PPE and operating

specifications.

1.1.9. Carrying or storing privately owned firearms on an individual's person or within a vehicle is strictly prohibited on Keesler AFB. Members may receive a 30-day driving suspension or debarment from the installation.

1.1.10. Security Forces (SF) will report all citations to the violators squadron commander or agency civilian equivalent. Specific violations may include additional reporting to the violators group commander and the TRW/CC.

1.1.10.1. Commanders will have violators report in person to document counseling via memorandum for record (MFR). The MFR will be forwarded to SF for record keeping and may be forwarded to the violators group commander or the TRW/CC as specified in this supplement.

2. TRAFFIC SUPERVISION

2.1. Requirements of Driving Privileges. Driving a government vehicle or POV on military installations is a privilege granted by the installation commander. Persons who accept the privilege must:

2.1.1. Lawfully be licensed, and able to produce current proof, to operate motor vehicles in appropriate classifications such as state or commercial driver's license (CDL) and not be under suspension or revocation in any state.

2.1.2. Comply with laws and regulations governing motor vehicle operations on any U.S. military installation.

2.1.3. Possess proof of vehicle ownership or State registration if required by the issuing State.2.1.4. Possess proof of insurance which consists of an insurance card, other documents issued by the insurance company, or electronic proof that has a policy effective and expiration date.

2.1.5. Operators of Government motor vehicles must have proof of authorization to operate the vehicle.

2.1.6. Fix-it Citations: If proof of valid vehicle registration, valid insurance, or valid driver's license is not produced, the operator may be issued a fix-it citation along with an immediate thirty (30) day driving suspension. The suspension of driving privileges will be enforced until proof of valid documentation dated prior to the citation is produced to SF. This does not preclude the driver from appearing in civilian or magistrate court for the citation. If the individual did not have valid, current insurance, or registration at the time of the citation, the citation and suspension will stand.

2.2. Traffic Point System. The traffic point system provides a uniform administrative device to impartially judge driving performance of motor vehicle operators on Keesler AFB. This system is not a disciplinary measure or a substitute for punitive action. Further, this system is not intended to interfere in any way with the reasonable exercise of an installation commander's prerogative to issue, suspend, revoke, deny or reinstate installation driving privileges. The point system will be established and enforced IAW Table 2.1. and Table 2.2. The accumulation of 12 points within 12 consecutive months or 18 points within 24 consecutive months may result in suspension or revocation of base driving privileges for a period of up to one (1) year. Additionally, three (3) citations for violating Keesler AFB moving or non-moving violations in a 12-month period, or

four (4) within an 18-month period may receive a six (6) month suspension of their installation driving privileges. If any subsequent violations within the same period occur, the violator may be subject to an additional suspension of up to 12-months.

2.3. Points Assessed. When two or more violations are committed on a single occasion, points may be assessed for each violation. Point assessment for violations will be IAW Table 2.1 of this instruction and additional actions may be taken as specified in this supplement.

2.4. Moving/Non-Moving Violations. The following information is not all inclusive but is a baseline for violations on Keesler AFB. Citations may be issued for any of these violations. Specific violations may include suspensions for repeat offenses unless requirements in paragraph 2.2. are met.

2.4.1. Skitching (Other moving violations). Operators or passengers in any type of personnel conveyance (including bicycles, motorcycles, or mopeds) shall not grab or hold on to any conveyance in motion nor will the operator of any such conveyance allow any person or other transportation means to grab or hold on to their conveyance.

2.4.2. Bypassing normal traffic flow (Other moving violations). Driving through any parking area for the purpose of bypassing normal traffic flow on the street is prohibited. Additionally, motor vehicles are restricted from crossing solid white or yellow lines outlining parking spaces in a parking area.

2.4.3. Excessively loud mufflers and sound systems (Other moving violations). Excessively loud mufflers and sound systems that can be heard from 50 or more feet away constitute a safety hazard as they prevent operators from hearing emergency sirens and vehicle horns; therefore, no vehicle will operate with an excessively loud muffler or sound system.

2.4.4. Unauthorized off-roading (Other moving violations). Vehicles operated on Keesler AFB are prohibited from creating new driving paths or new off-road parking. Vehicles must remain on already existing unimproved or paved roads, with the exclusion of emergency vehicles when actively responding to situations, and grounds maintenance crews when performing official duties.

2.4.5. Restraint systems (seatbelt) will be worn by all vehicle occupants (unless medically waived for safety reasons). Children under four (4) years of age must be in a proper passenger restraint device or system (car seat) in adherence to Mississippi Transportation Code 63-7-301, Child Restraint Requirements. Children at least four (4) years of age but less than seven (7) years of age must be properly secured in a belt positioning booster seat system (booster seat) if either: (a) they measure less than four (4) feet, nine (9) inches in height, or (b) they weigh less than 65 pounds. The car seat or booster seat will be certified by the manufacturer to meet all applicable Federal performance standards and will be installed in accordance with the manufacturer's instructions.

2.4.5.1. First offense – points assessed.

2.4.5.2. Second offense – three (3) calendar day suspension.

2.4.6. Failure to Obey Speed. The maximum permissible vehicle speed on Keesler AFB is 25 miles per hour (mph), unless otherwise posted. The following special speed limits also apply, unless hazards (roadway, traffic, pedestrians, or weather) exist which warrant a slower speed. For all applicable speed limits, signs may or may not be posted. If Security Forces cite speeding

offenses, Security Forces will do so via the Assimilative Crimes Act for civilian personnel. MS Code 63-3-511 allows local authorities to set speed limits in their jurisdictions.

2.4.6.1. Driving suspension actions will be taken when requirements in paragraph 2.2. are met. Additionally, driving suspensions may be issued for repeat speeding violations within 24-months as specified in this supplement. Action taken on repeat speeding violations assessed at different mph intervals and within different areas will be made on the most current violation. For example, a violator receives a citation for speeding five (5) to 10 mph over in military housing as the first offence. The same violator receives a second citation for speeding 15 to 20 mph over outside of paragraphs 2.4.6.7. and 2.4.6.8. The action taken for the second violation will meet the thirty (30) calendar day suspension requirement specified for speeding 15 to 20 mph over the posted speed limit.

2.4.6.2. The speed limit in all Military Family Housing Areas is 15 mph.

2.4.6.3. The speed limit on certain roadways near the Temporary Living Facilities is 10 mph.

2.4.6.4. The speed limit in the elementary school drop-off/pick-up area as well as the roadways adjacent to the Child Development Center (CDC) and Youth Center is 5 mph.

2.4.6.5. The speed limit for parking lots on Keesler Air Force Base is 5 mph.

2.4.6.6. The speed limit approaching all Entry Control Points is 15 mph. Upon entering the installation, all operators will stop at the entry control point and proceed only after being cleared by the posted sentry.

2.4.6.7. Speeding 5 to 10 mph over in military housing, roadways adjacent to the CDC, roadways adjacent to the Elementary School gate, roadways adjacent to the Medical Treatment Facility, and any parking lot on Keesler AFB will generate a report to the violators group commander or civilian agency equivalent along with the following actions:

2.4.6.7.1. Violators will report in person to their group commander or civilian agency equivalent to document counseling via MFR which will be forwarded to SF and the MSG/CC.

2.4.6.7.2. First offense – points assessed.

2.4.6.7.3. Second offense – three (3) calendar day suspension.

2.4.6.7.4. Third offense – seven (7) calendar day suspension.

2.4.6.7.5. Fourth offense – fourteen (14) calendar day suspension.

2.4.6.8. Speeding 10 mph or more in military housing, roadways adjacent to the CDC, roadways adjacent to the Elementary School gate, roadways adjacent to the Medical Treatment Facility, and any parking lot on Keesler AFB will generate a report to the violators group commander or civilian agency equivalent along with the following actions. (Excessive speed will be subject to additional driving suspensions or administrative action):

2.4.6.8.1. Violators will report in person to their group commander or civilian agency equivalent to document counseling via MFR which will be forwarded to SF, the MSG/CC, and the TRW/CC.

2.4.6.8.2. First offense – three (3) calendar day suspension.

2.4.6.8.3. Second offense – ten (10) calendar day suspension.

2.4.6.8.4. Third offense – thirty (30) calendar day suspension.

2.4.6.8.5. Fourth offense – sixty (60) calendar day suspension.

2.4.6.9. Speeding 5 to 10 mph over the posted speed limit in areas outside of paragraph 2.4.6.7 – 2.4.6.8 will constitute the following actions:

2.4.6.9.1. Violators will report in person to their squadron commander or civilian agency equivalent to document counseling via MFR which will be forwarded to SF.

2.4.6.9.2. First offense – points assessed.

2.4.6.9.3. Second offense – three (3) calendar day suspension.

2.4.6.9.4. Third offense – seven (7) calendar day suspension.

2.4.6.9.5. Fourth offense – fourteen (14) calendar day suspension.

2.4.6.10. Speeding 10 to 15 mph over of the posted speed limit in areas outside of paragraph 2.4.6.7. – 2.4.6.8. will constitute the following actions:

2.4.6.10.1. Violators and their squadron commander or civilian agency equivalent will report in person to their group commander to document counseling via MFR which will be forwarded to SF and the MSG/CC.

2.4.6.10.2. First offense – points assessed.

2.4.6.10.3. Second offense – three (3) calendar day suspension.

2.4.6.10.4. Third offense – fourteen (14) calendar day suspension.

2.4.6.10.5. Fourth offense – thirty (30) calendar day suspension.

2.4.6.11. Speeding 15 to 20 mph over of the posted speed limit in areas outside of paragraph 2.4.6.7. – 2.4.6.8. will constitute the following actions:

2.4.6.11.1 Violators and their squadron commander or civilian agency equivalent will report in person to their group commander to document counseling via MFR which will be forwarded to SF, the MSG/CC, and the TRW/CC.

2.4.6.11.2. First offense – three (3) calendar day suspension.

2.4.6.11.3. Second offense – thirty (30) calendar day suspension.

2.4.6.11.4. Third offense – ninety (90) calendar day suspension.

2.4.6.11.5. Fourth offense – six (6) calendar month suspension.

2.4.6.12. Speeding greater than 20 mph over of the posted speed limit in areas outside of paragraph 2.4.6.7 – 2.4.6.8 will constitute the following actions:

2.4.6.12.1. Violators and their group and squadron commander or civilian agency equivalent will report in person to the TRW/CC for counseling.

2.4.6.12.2. First offense – three (3) calendar day suspension.

2.4.6.12.3. Second offense – sixty (60) calendar day suspension.

2.4.6.12.4. Third offense – six (6) calendar month suspension.

2.4.6.12.5. Fourth offense – one (1) calendar year suspension.

2.4.7. Littering from a vehicle (Other moving violations). Littering is prohibited. No person will dispose trash on a roadway, parking lot, or any other area not designated for waste disposal.

2.4.8. Failure to obey traffic control devices or signs. No driver of a vehicle shall disobey the instructions of any official traffic-control device, unless at the time otherwise directed by a security forces member. This includes, but is not limited to: stop signs, one-way street signs, yield signs, etc.

2.4.9. Instrument Landing System Lights (Other moving violation). All traffic will come to a complete and full stop when the Instrument Landing System Warning/Signal lights are flashing red. These systems are located on Ploesti Drive North of First Street near the softball fields, on Ploesti Drive across from Marina Park and at north exit of Marina Park.

2.4.9.1. First offense – points assessed.

2.4.9.2. Second offense – three (3) calendar day suspension.

2.4.10. Failure to yield to pedestrians in crosswalks or intersections. Where traffic control signals are not in place or in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping, if need be, to yield to a pedestrian crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection. Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass the stopped vehicle.

2.4.11. Failure to yield to, or improper passing of marching formations. Vehicles must stop when approaching an active marching formation or closer than 50 feet (ft). It is unlawful to pass a marching formation.

2.4.11.1. First offense – points assessed.

2.4.11.2. Second offense – three (3) calendar day suspension.

2.4.12. Failure to yield to emergency vehicles. Upon the immediate approach of an authorized emergency vehicle, when the driver is giving a visual or audible signal by flashing lights, siren, exhaust whistle, or bell, the driver of every vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a Security Forces member. This section is not intended to relieve the drivers of authorized emergency vehicles of the duty to drive with due regard for the safety of all persons using the roadway.

2.4.13. Failure to yield to or stop for a school or shuttle bus. All vehicle operators shall stop for shuttle buses or school buses while lights are activated allowing passengers to enter or exit the vehicle.

2.4.13.1. First offense – points assessed.

2.4.13.2. Second offense – three (3) calendar day suspension.

2.4.14. Failure to yield, or otherwise interfere with funeral procession. All vehicle operators shall yield to funeral processions.

2.4.15. Failure to obey Security Forces personnel. Any driver of a motor vehicle who willfully

flees or otherwise attempts to elude any Security Forces member is subject to having their installation driving privileges suspended between six (6) and twelve (12) months.

2.4.16. Failure to signal lane change, turn, or decrease of speed (Other moving violation). No person shall turn a vehicle from a direct course unless such movement can be made with reasonable safety and only after signaling.

2.4.16.1. Drivers will give a signal of intention to turn left or right continuously for a reasonable distance before turning.

2.4.16.2. No driver shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal to the driver of any vehicle immediately to the rear when there is opportunity to react to such signal.

2.4.17. Failure to maintain single lane of traffic (Other moving violation). A vehicle shall be driven as nearly as practical entirely within a single lane. In the event of road hazards, the vehicle shall not be moved from the lane of traffic until the driver has first determined that such movement can be safely made.

2.4.18. Improper passing and overtaking another vehicle. Unless prohibited by roadway markings, the driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width. The left lane shall be the preferred passing lane. No person shall drive off the pavement or upon the shoulder of the roadway overtaking or passing on the right.

2.4.19. Following too closely. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the roadway.

2.4.20. Failure to properly secure cargo on motor vehicle/bicycle (Other moving violations). Driver of a motor vehicle shall ensure all cargo is secure to prevent destructive and injurious harm to motorist on the roadway.

2.4.21. Careless driving. Any person who drives a vehicle in a careless or imprudent manner, without due regard for the width, grade, curves, corner, traffic and use of the streets and highways and all other attendant circumstances, is guilty of careless driving. Careless driving shall be considered a lesser offense than reckless driving.

2.4.22. Reckless driving. Any person who drives any vehicle in such a manner as to indicate either a willful or a wanton disregard for the safety of persons or property is guilty of reckless driving. Reckless driving shall be considered a greater offense than careless driving.

2.4.22.1. Speed contests and exhibitions are prohibited on the roadways of Keesler AFB. Speed exhibitions include intentional breaking of traction when cornering or initiating movement from a slower speed or stop. Drivers engaging in speed contests or exhibitions will be charged with reckless driving.

2.4.22.2. No motorcycle shall be operated in an improper or unsafe fashion such as popping a wheelie or standing on the seat.

2.4.23. Driving off road. Unless hazards exist, vehicles operated on Keesler AFB will only be driven on paved surfaces unless in the performance of official duty or as directed otherwise by a

Security Forces member. Driving on walkways or sodded areas is prohibited.

2.4.24. Open alcoholic beverages (Other moving violations). Driving or riding in a vehicle with an open container of alcoholic beverage in the passenger compartment of the vehicle is prohibited. For the purpose of this instruction, the term open container includes, but is not limited to, a bottle, can, or any other receptacle containing an alcoholic beverage with the seal around the lid, cap, or cork having been broken, removed, or otherwise nonexistent. Regardless of whether this action is legal under Mississippi state law, it constitutes a violation of this Security Regulation and will be cited for civilians via CVB 1805 under 50 U.S.C. 797 (Violation of Security Regulation) and for military members via DD 1408 under Article 92, Uniform Code of Military Justice.

2.4.25. Unattended running vehicle. No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, and removing the key, and, when standing upon any perceptible grade, without effectively setting the brake and turning the front wheels to the curb or side of the roadway

2.4.26. Unattended children and animals. Children under the age of 12 shall not be left unattended in vehicles. Animals may only be left in vehicle if no dangers exist (e.g. extreme weather conditions, inadequate ventilation, etc.).

2.4.27. Personal radar detection. The use of radar or laser detection devices is prohibited on Keesler AFB as well as all other DoD installations. Radar and laser detectors brought on base must be disconnected from their power source and stored out of view.

2.4.28. Electronic Device Use. Use of non-hands-free electronic devices while operating a motor vehicle on base is prohibited. Vehicle operators using non-hands-free electronic devices must exit the main roadway and bring their vehicle to a complete stop out of the flow of traffic before using the device. This policy extends to text messaging or “texting.” Texting is defined as, “reading from or entering data into any handheld or other electronic devices.”

2.4.28.1. First offense – points assessed.

2.4.28.2. Second offense – three (3) calendar day suspension.

2.4.29. Driving under the influence (DUI). It is unlawful for any person to drive or otherwise operate a vehicle on Keesler AFB who:

2.4.29.1. Is under the influence of any substance which has impaired such person's ability to operate a motor vehicle.

2.4.29.2. Has an alcohol concentration of eight one-hundredths percent (0.08%) or more for persons who are above the legal age to purchase alcoholic beverages under state law, or two one-hundredths percent (0.02%) or more for persons who are below the legal age to purchase alcoholic beverages under state law, in the person's blood based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of such person's breath, blood or urine.

2.4.29.3. Is under the influence of any drug or controlled substance, the possession of which is unlawful under the Uniformed Code of Military Justice (UCMJ) or Mississippi Controlled Substances Law.

2.4.29.4. Has an alcohol concentration of eight one-hundredths percent (0.08%) or more in

the person's blood, based upon grams of alcohol per one hundred (100) milliliters of blood or grams of alcohol per two hundred ten (210) liters of breath as shown by a chemical analysis of such person's blood, breath or urine for persons operating a commercial motor vehicle (CMV).

2.4.29.5. If a military member driving a motor vehicle is found to have a blood, breath, or urine alcohol percentage of 0.08% or higher, they will receive a DD Form 1408 after all other appropriate DUI processing has occurred. If a civilian is driving a motor vehicle and found to have a blood, breath, or urine alcohol percentage of 0.08% or higher, then they will receive a CVB Form 1805 and be referred to the Federal Magistrate after all other appropriate DUI processing has occurred. See Chapter 3 for suspensions and revocations.

2.4.30. Driving while impaired (DWI). If the blood, breath, or urine alcohol percentage is found to be 0.05%, but less than 0.08%, the driver may be presumed to be impaired. This standard will be considered with other competent evidence in determining whether the driver is under the influence of alcohol.

2.4.30.1. If a military member driving a motor vehicle is found to have a blood, breath, or urine alcohol percentage of 0.05% but less than 0.08%, then they will receive a DD Form 1408 and be processed via the UCMJ and administratively, as appropriate. If a civilian is detained on Keesler AFB for driving while impaired, a blood, breath, or urine alcohol percentage of 0.05% but less than 0.08%, they will not be permitted to continue operating the motor vehicle. See further in this instruction for additional guidance about DWIs. See chapter 3 for suspensions and revocations.

2.4.31. Involuntary extraction of bodily fluids in traffic cases. The procedures outlined herein pertain only to the investigation of individuals stopped, apprehended, or cited on a military installation for any offense related to driving a motor vehicle and for whom probable cause exists to believe that such individual is intoxicated. For additional information, see parent regulation Army Regulation 190-5 para 4-10 through 4-16.

2.4.31.1. Special rules of refusal of blood tests without penalty exist for persons who have hemophilia, other blood clotting disorders or any medical or surgical disorder under treatment with an anticoagulant. These include breath test and/or urine test may be offered to individuals meeting this exemption rule. For additional information see parent regulation Army Regulation 190-5 para 4-10 through 4-16.

2.4.32. Motor Vehicle Accidents. All military members and on-duty federal employees involved in an accident that results in damage to military property shall inform Security Forces and their respective Unit Safety Representative, regardless of whether the incident occurred on- or off-installation.

2.4.33. Traffic accidents occurring on base in which the damage is estimated to be less than $10,000 will be investigated by the on-duty Security Forces operations flight personnel via Keesler AFB Form 109, Minor Vehicle Accident Report.

2.4.33.1. A certified traffic accident investigator from 81 SFS will investigate accidents occurring on base resulting in more than $10,000 damage, a pedestrian is involved, where any vehicle is immobilized, or where injuries or fatalities have occurred. Accidents meeting any of these thresholds will be documented via an Air Force Justice Information System (AFJIS) Incident Report.

2.4.33.2. Damage discovered to vehicles with no known cause of the damage or suspects will be classified as Damage to Personal Property via AFJIS Incident Report. Damages Discovered to vehicles with witnesses or evidence of the vehicle accident will be treated as a Hit and Run and require an AFJIS Incident report.

Table 2.1. Points Assessment Table.

Number	Violations	Points Assessed
1.1	Reckless driving (willful and wanton disregard for the safety of persons or property)	6
1.2	Owner knowingly/willfully allowing physical impaired driver to operate a motor vehicle	6
1.3	Fleeing the scene (hit and run) - Property Damage Only	6
1.4	Driving vehicle while impaired (BAC more than 0.05% and less than 0.08%)	6
1.5	Speed contests	6
1.6	Speed too fast for conditions	2
1.7	Speed too slow and/or impeding traffic, causing safety hazard	2
1.8	Failure of operator or occupants to use available restraint system devices while moving (operator assessed points)	2
1.9	Failure to properly restrain children in a child restraint system while moving (when child is 4 years of age or younger or the weight of child does not exceed 45 pounds)	2
1.10	One to 10 miles per hour over posted speed limit.	3
1.11	Over 10 but not more than 15 miles per hour above posted speed limit.	4
1.12	Over 15 but not more than 20 miles per hour above posted speed limit.	5
1.13	Over 20 miles per hour above posted speed limit.	6
1.14	Following too close	4
1.15	Failure to yield right of way to emergency vehicle	4
1.16	Failure to stop for school bus or school-crossing signals	4
1.17	Failure to obey traffic signals or traffic instructions of an enforcement officer or traffic warden; or any official regulatory traffic sign or device requiring a full stop or yield of right of way; denying entry; or requiring direction of traffic	4
1.18	Improper passing	4
1.19	Failure to yield (no official sign involved)	4
1.20	Improper turning movements (no official sign involved)	3
1.21	Wearing of headphones/earphones while driving	3
1.22	Failure to wear an approved helmet and/or reflectorized vest while operating or riding on a motorcycle, MOPED, or a three or four–wheel vehicle powered by a motorcycle–like engine.	3
1.23	Improper overtaking	3

1.24	Other moving violations (involving driver behavior only)	3
1.25	Operating an unsafe vehicle Note: 2	2
1.26	Driver involved in accident, deemed responsible (only added to points assessed for specific offenses)	1

Table 2.2. Points Assessment Table Non-Moving.

Notes:

1. When two or more violations are committed on a single occasion, points may be assessed for each violation.

2. This measure should be used for other than minor vehicle safety defects or when a driver or registrant fails to correct a minor defect (for example, a burned-out headlight not replaced within the grace period on a warning ticket).

2.5. Citation Rebuttal Process. The violator must notify 81st Security Forces Reports and Analysis (81 SFS/S5R) within five (5) duty days from the date of citation issue of their intent to rebut the citation. Notification can be sent in person or via email.

2.5.1. Violator will provide name, unit, and date/time of citation, ticket number, offense and issuing SF patrol name.

2.5.2. 81 SFS/S5R will advise the violator on the rebuttal process.

2.5.3. Military members and DOD civilian personnel must submit their rebuttal letter with their commander's endorsement within 14 duty days from date of citation issue.

2.5.4. Commander endorsement is to ensure commander-level involvement. The individual's commander must add substantive comments supporting the individual's guilt or innocence.

2.5.5. The completed package will be submitted to the 81 SFS/CC and will evaluate rebuttal circumstances, surrounding alleged violations.

2.5.6. The 81 SFS/CC will endorse the suspected violator's rebuttal with their recommendation and subsequently forwarded to the 81 MSG/CC.

2.5.7. The 81 MSG/CC is the final authority on traffic citation rebuttal. The results of the rebuttal review will be forwarded to the 81 SFS/S5R for disposition.

2.5.8. 81 SFS/S5R will notify the suspected violator of the outcome of the ticket rebuttal.

3. SUSPENSION AND REVOCATION

3.1. Defined. Driving a government vehicle or privately owned vehicle on Keesler Air Force Base is a privilege granted by the 81 TRW/CC.

3.1.1. Suspensions are issued when other measures fail to improve a driver's performance. Driving privileges may be suspended up to twelve (12) months. Suspensions apply to on base driving privileges only.

3.1.2. Revocations are severe administrative measures to be exercised for serious moving violations or when corrective actions have failed. Revocation of driving privileges will be six (6)

months or more. Revocation applies at all military installations and remains in effect upon reassignment.

3.1.3. Based on the severity of the violation, a pre-signed suspension letter of base driving privileges will be effective after written notice is received, pending resolution of an intoxicated driving incident involving active duty, dependent family members, retired military, and DoD civilians, regardless of the geographic location of the intoxicated driving incident.

3.1.4. Driving privileges can be suspended or revoked for a period up to one (1) year when a serious incident involving a motor vehicle occurs and it is determined immediate revocation of driving privileges is required to preserve public safety or the good order and discipline of Keesler AFB personnel. Individuals will be notified in writing when their driving privileges are under consideration for suspension or revocation and will be offered a chance to appeal the suspension or revocation.

3.2. Notification. All military and DoD civilian employees will notify their first sergeant or commander/agency civilian equivalent within 24 hours or next duty day on all moving/non-moving violations.

3.3. DUI/DWI Suspensions/Revocations. An intoxicated or under the influence driving incident on or off the installation involving active-duty, guard, reserve, dependents, retirees, DoD civilians, and contractors will immediately result in an immediate suspension of installation driving privileges until adjudication. See table 3.1. for specific suspensions and revocations.

3.4. Random Installation Entry/Exit Vehicle Check (RIEVC) Suspension. RIEVCs are derived from an approved computer-generated, random list signed by the 81 TRW/CC or their designee identifying the date, time, and criteria for vehicle checks. RIEVCs are an inspection procedure under Military Rule of Evidence 313. The 81 TRW/CC has delegated the authority to the 81 MSG/CC to determine where, when, and how the RIEVCs will be conducted.

3.4.1. Refusal of RIEVC. If permission is denied, advise the person refusal to permit the check may result in the loss of base driving privileges or possible debarment action under the UCMJ for civilian personnel, and apprehension under Article 92 “Failure to Obey Order or Regulation” for active-duty military members. First time refusals may result in a 6-month installation driving privileges suspension. Second time refusal may result in a 12-month suspension. Third time refusal may result in an indefinite driving suspension.

3.5. Perimeter Breach Suspension/Debarment. A perimeter Breach is defined as an incident where an individual whether walking or driving fails to show the posted sentry valid credentials to enter Keesler AFB or gains entry to Keesler AFB through unauthorized or fraudulent means.

3.5.1. In the event that this breach is facilitated by the driver of a motor vehicle, this driver will be issued a pre-signed Revocation of Driving Privileges Memorandum, and their driving privileges may be revoked for one (1) year. The 81 TRW/CC may issue a debarment based on the circumstances of the violation.

3.6. Partial/Restricted Driving. The 81 TRW/CC or designee may authorize partial or restricted driving privileges to those whose authority to drive on Keesler AFB has been suspended or revoked.

3.6.1. An operator applying for partial or restricted driving privileges must route a request containing proof of valid driver's license, letter of request stating the justification endorsed by their commander.

3.6.2. 81 SFS/S5R will compile and enclose copies of the revocation/suspension package pertaining to the request. The request will be routed through the 81 SFS/S5, 81 SFS/CC and 81 TRW/Staff Judge Advocate (SJA) office prior to being reviewed by the 81 TRW/CC or designee.

3.6.3. Personnel who have been granted partial/restricted driving privileges must maintain the letter of authorization on their person at all times while operating a vehicle on the installation. The letter of authorization must include under what circumstance the partial/restricted driving privileges apply (e.g., from gate to duty section).

3.6.4. Keesler AFB unit commanders have discretionary authority to initiate a request to suspend an individual's authorization to operate a motor vehicle on the installation. The unit commander or delegate forwards the request for suspension duration and justification through the 81 SFS/S5R, 81 SFS/CC, 81 TRW/SJA and 81 TRW/CC or designee for approval. Unit commanders' recommended suspension duration must match the suspension/revocation assessments established within this instruction.

3.7. Reinstatement of driving. Privileges occur the day after the suspension/revocation ends, provided no additional violations have occurred throughout the suspension/revocation period. Prior to reinstatement, unit commanders/first sergeants will ensure all requirements have been satisfied and contact the 81 SFS/S5R prior to reinstatement of privileges.

3.8. Reciprocal State–military action. Commanders will recognize the interests of the States in matters of POV administration and driver licensing. Statutory authority may exist within some States or host nations for reciprocal suspension and revocation of driving privileges. Installation commanders will honor the reciprocal authority and direct the installation law enforcement officer to pursue reciprocity with State or host nation licensing authorities. Upon receipt of written or other official law enforcement communication relative to the suspension/revocation of driving privileges, the receiving installation will terminate driving privileges as if violations occurred within its own jurisdiction.

3.9. Rebuttal Procedures. In addition to the citation rebuttal process described in paragraph 2.7., individuals may appeal the suspension or revocation of their driving privileges by submitting an appeal in writing through 81 SFS/S5R for decision by the installation commander or designee. An appeal may be submitted at any time during an existing suspension or revocation period. Only one appeal may be submitted per suspension or revocation. In addition to a written appeal, the appellant may request a hearing before the appellate authority. If an appeal is made, the appellate authority's decision will be provided to the appellant in writing through 81 SFS/S5R. The standard of proof for both initial suspension and revocation actions, and for appeals of suspension and revocation actions, shall be a preponderance of evidence.

Table 3.1. Driving Under the Influence Suspension/Revocation Table.

VIOLATIONS	1st Offense	2nd Offense

DWI – Driving While Impaired with a Breath Alcohol Content (BRAC)/Blood Alcohol Content (BAC) of at least .05% but less than .08% combined with other related factors.	6 Month Revocation	1 Year Revocation
DUI – Driving Under the Influence with a Breath Alcohol Content (BRAC)/Blood Alcohol Content (BAC) of .02% by volume or greater if under 21 years of age, or .08% by volume or greater if 21 years of age or older.	1 Year Revocation	Up to 5 Year Revocation
Breath, Blood, or Urine Test refusal upon request (Implied Consent) or refusal to complete testing.	1 Year Revocation	Up to 3 Year Revocation

***Note:** BAC levels as reported by blood work or evidentiary BAC system.

4. PROHIBITED STOPPING, STANDING, AND PARKING

4.1. Stopping, standing, and/or parking prohibited in the following locations.

4.1.1. In any position which obstructs or blocks a fire lane or in any position which hampers fire department operations.

4.1.2. Within 30 feet of the boundary of a restricted area in a non-designated parking spot.

4.1.3. In a reserved parking space not designated for the operator's use (spouses may park in spaces designated for their spouse).

4.1.4. At or near an intersection in any position that causes an obstructed view of approaching traffic, or against the direction of travel for the roadway.

4.1.5. Across painted parking lines in any manner which causes the vehicle to occupy more than one (1) parking space.

4.1.6. Within a loading zone unless engaged in the loading or unloading of passengers or material.

4.1.7. In a parallel manner within any area designated or designed for angled or straight-in parking, even if the area's parking spaces are not marked by painted lines.

4.1.8. Restrictions on parking off the paved surface. No person will park off of the paved surface or on any seeded or unimproved area, except when:

4.1.8.1. Directed to do so by a police or fire department official.

4.1.8.2. Absolutely necessary in the performance of authorized official duties.

4.1.8.3. Authorized by the installation commander.

4.1.8.4. Residents who own recreational vehicles (RV)s have the option of parking RVs at the RV Lot or they will follow Hunt Housing regulation on RV parking.

4.2. Local and state issued handicap, disabled veteran, decals placards, signs, and license plates will be honored on Keesler AFB. NOTE: IAW TRC Chapter 504.201 Persons with Disabilities, Disabled Veterans are NOT authorized to park in designated Handicapped Parking areas without a handicapped symbol embossed on the license plate or by hanging a handicapped placard from the rearview mirror. To obtain these requirements disabled veterans must contact the DMV.

4.3. Personally owned RVs such as boats, campers, trailers, and motor homes are not authorized to be parked/stored on Keesler AFB in non-designated storage areas. RVs are permitted to be parked in designated RV storage lots after proper coordination with the 81st Force Support Squadron (81 FSS). Additionally, recreational vehicles may be parked for a period not to exceed 24 hours, in residential/dormitory parking areas, only for the purpose of loading and unloading.

4.4. Abandoned vehicle is defined as giving up by leaving, ceasing to operate, or surrendering one's ownership or right to the vehicle in question.

4.5. Implied consent to impoundment. Any persons granted the privilege to operate a motor vehicle on Keesler Air Force Base shall be deemed to have given his or her consent for the removal or temporary impoundment of the POV when it is parked illegally, or for unreasonable periods, as determined by the installation commander or applicable authority, interfering with military operations, creating a safety hazard, disabled by accident, left unattended in a restricted or controlled area, or abandoned. Existence of these conditions will be determined by the installation commander or designee.

4.5.1. SF will actively identify possible abandoned vehicles on base. SF will also assist units that have identified possible abandoned vehicles. The Base Defense Operations Center (BDOC) will check the Abandoned Vehicle email workbox daily for reports of abandoned vehicles. BDOC will attempt to contact the registered owner to have them account for the vehicle. If the owner cannot be contacted, a patrol will be dispatched to identify the vehicle.

4.5.2. SF will complete a DD Form 1408 and affix the form to the windshield of POVs considered abandoned or improperly attended. BDOC will document the issuance in the blotter and ensure it is in the pass-on book. The owner has 3 days from the date on the DD Form 1408 to move the vehicle and report back to Bldg. 3501.

4.5.3. If the member does not move the vehicle or report in within the 3-day window, SF will complete a DD Form 2504, Abandoned Vehicle Notice, and attach it to the DD Form 1408 and wait 3 more days. BDOC will document the issuance in the blotter.

4.5.4. If the member does not move the vehicle or report within the 3-day window, BDOC will email the blotter entries for the initial and follow up citations to 81st Security Forces Squadron Investigations office (81 SFS/S2I).

4.6. Keesler AFB does not have an on-base vehicle towing capability and does not have any service agreements with off-base wrecker services. Owners and vehicle operators will use the following towing instructions.

4.6.1. Owners and vehicle operators involved in an accident or situation on Keesler AFB which deems the need for a servicing wrecker may contact and sponsor an off-base wrecker service. Coordinate the wrecker service through BDOC to ensure proper entry to the installation and directions on the location of service.

4.6.2. BDOC will keep a file of wrecker services provided by 81 SFS/S2I.

5. EMERGENCY VEHICLES

5.1. Emergency vehicles are defined as ambulances, Security Forces, fire, explosive ordnance disposal, disaster response, and command and control vehicles.

5.2. Emergency vehicles responding to an incident are authorized to exercise the privileges set forth in this section, subject to the conditions stated. The driver of an emergency vehicle may:

5.2.1. Park or stand, regardless of the restrictions in this code.

5.2.2. Proceed past stop sign, but only after clearing the intersection of oncoming traffic.

5.2.3. Proceed at a speed that is reasonable for existing weather, visibility, traffic, or roadway conditions.

5.2.4. Responding emergency units will not exceed posted speed limits by more than 10 mph.

5.2.5. Disregard regulations governing direction of movement or turning specified directions.

5.3. These exemptions granted only apply only when the driver of the vehicle sounds an audible signal by bell or siren as reasonably necessary while in motion and when the vehicle is equipped with at least one lighted lamp displaying a red light visible under normal atmospheric conditions from 500 feet to the front of the vehicle. A police vehicle may conduct a silent response during certain situations or emergencies.

5.4. This section does not authorize the drivers of emergency vehicles to disregard the safety of all persons, nor does it protect the driver from the consequences of reckless endangerment of others.

6. OTHER RECREATIONAL VEHICLE COMPLIANCE

6.1. Personnel who use skateboards, kick-scooters, roller skates, in-line skates, one-wheeled electric skateboards, and other similar equipment, not meeting Department of Transportation (DOT) motor vehicle standards are prohibited on Keesler AFB roadways. Non-Motorized Transportation Devices may be utilized on sidewalks, running trails, etc., (Exception: Incidental Road access associated with pedestrians must comply with all pedestrian-related traffic laws).

6.1.1. DOT approved protective helmets, eye protection, hard–soled shoes, long trousers, and brightly colored or reflective outer upper garment will be worn by operators and passengers when in operation.

6.1.2. Personnel will not wear portable headphones, earphones, or other listening devices. The use of non-hands-free electronic devices are prohibited while operating the recreational equipment.

6.2. Motorized recreation vehicles such as motorcycles, Mopeds, and Motor Scooters. Operators will adhere to all speed limits, traffic signs and traffic devices in the same capacity as a Privately Owned Vehicle (POV). Apply the following rules while operating on Keesler AFB.

6.2.1. Headlights will remain on at all times.

6.2.2. A rear-view mirror will be attached to each side of the handlebars.

6.2.3. The following Personal Protective Equipment (PPE) will be worn by operators and passengers.

6.2.3.1. DOT, Snell Memorial Foundations Standard M20xx, UN Economics Commission for Europe Standard 22, and British Standards Institute helmet properly fastened under the chin.

6.2.3.2. Eye protection designed to meet or exceed American National Standards Institute/International Safety Equipment Association Z87.1-2020 must be worn. Windshield or fairing does not constitute eye protection.

6.2.3.3. Over-the-ankle footwear.

6.2.3.4. Long-sleeved shirt and/or jacket, long trousers, and full-fingered gloves or mittens made from abrasion resistant material.

6.3. Personal transportation devices (PTDs) such as e-scooters and Segways may operate on bike paths, will cross roadways only at marked intersections, and will not exceed 15 mph. PTD operators will not consume alcoholic beverages or operate a PTD under the influence of alcohol or other substances that could affect operator control.

6.3.1. DOT approved protective helmets will be worn while operating PTDs. Hard–soled shoes, long trousers, and brightly colored or reflective outer upper garment should be worn by operators.

6.3.2. PTD operators will not wear portable headphones, earphones, or other listening devices. The use of non-hands-free electronic devices are prohibited while operating PTDs.

6.3.3. PTDs will be equipped with operational breaks, rear view mirrors, turn signals, and operational headlights which must be on at all times.

6.4. Violations. Failure to abide PPE requirements will result in a moving violation with three points assessed.

7. PARKING MONITOR PROGRAM

7.1. Purpose and Scope. The Parking Monitor program assists local SF/Military Police by citing parking violators in the immediate vicinity of their facility. Failure to follow established procedures outlined in this instruction may lead to removal from the Parking Monitor Program. Select Parking Monitors (active-duty E-5 or above, or DoD civilian employees E-5 equivalent or above) may be authorized by their commanders, with the concurrence of 81 MSG/CC or 81 SFS/CC, to issue traffic tickets for certain non-moving violations. Parking monitors must be trained and certified under the Parking Traffic Warden Program prior to issuing traffic tickets.

7.1.1. The 81 SFS Training Section (81 SFS/S3T) has the responsibility of training Parking Monitors within the confines of Keesler Air Force Base. The appropriate 81 SFS Police Services (81 SFS/S3L) office is responsible for providing Traffic Ticket Books and Abandoned Vehicle Notices to appointed Parking Monitors. 81 SFS Police Service office will also maintain current unit delegation letters on file.

7.1.2. A facility manager may, in writing, request to be appointed as a parking monitor to write parking traffic tickets only at their facility. Only three parking monitors are authorized per facility. Facility managers must submit the appointment letter to the appropriate 81 SFS/S3T for training. Family Housing Area Leaders or Building Leaders issue traffic tickets within their assigned areas. Parking monitors must have at least one (1) year retainability in order to be appointed and must be retrained annually.

7.2. Selective Enforcement. Parking Monitors will not practice selective enforcement. Parking Monitors will only issue traffic tickets for areas under the control of their commander.

7.3. Parking Traffic Tickets. Traffic tickets issued by Parking Monitors are accountable items. Parking Monitors are responsible for the traffic tickets issued and will not delegate others to use them in any capacity. Parking Monitors should not issue a traffic ticket if there is any doubt about whether the traffic ticket should be issued.

7.3.1. Any traffic ticket that is requested to be voided due to an administrative error will be returned to 81 SFS/S3L and forwarded to the 81 SFS/S5R section with a concise typed letter annotating why the traffic ticket is to be voided. Do not throw the traffic ticket away.

7.3.2. Parking Monitors will only issue parking traffic tickets in the parking lot(s) for which they are authorized. They will not issue traffic tickets in parking lots where they have no jurisdiction or authority. SFS/S3L will brief Parking Monitors on their area of responsibility and will ensure traffic tickets are issued in the assigned area of responsibility.

7.3.2.1. When issuing DD Form 1408, the Parking Monitor will write special instructions on the back of the pink copy for the violator, to contact SFS/S5R if he/she wishes to rebut the traffic ticket. In addition, the violator will be instructed to notify their Commander or First Sergeant within 24 hours or next duty day.

7.3.2.2. If violators wish to rebut a Parking Monitor's ticket, he/she will have 5 duty days of receipt of the traffic ticket to contact the 81 SFS/S5R. Rebut the traffic ticket by providing a statement in writing to 81 SFS/S5R. The SFS/S5R will also obtain a written statement from the Parking Monitor who issued the traffic ticket for inclusion in the rebuttal package.

7.3.2.3. Parking Monitors will turn in the traffic ticket to the 81 SFS/S3L, where missing data in sections 1-7 will be filled in. The 81 SFS/S3L will forward the traffic ticket to the SFS/S5R for processing.

7.3.2.4. Traffic Tickets that are incomplete or were written by personnel not designated as Parking Monitors will not be processed and will be returned to the unit.

7.4. Abandoned Vehicle Notices. Parking Monitors may issue DD Forms 2504, Abandon Vehicle Notices, as well as traffic tickets, for vehicles violating the 3 day window rule described in paragraph 4.5. If an Abandoned Vehicle Notice is issued, a traffic ticket will be issued with it and titled "prohibited Long-term Parking." Vehicles will be cited as abandoned. Parking monitors may contact Security Forces for assistance.

7.5. Completion of the Traffic Ticket. Parking Monitors will follow these instructions when completing the DD Form 1408.

7.5.1. White copy:

7.5.1.1. Complete all of sections 8-13.

7.5.1.2. In section 14, "Other Violations (describe)" annotate "See Remarks".

7.5.1.3. In section 14, "Parking", "X" the appropriate block that pertains to the violation.

7.5.1.4. In section 15, "Remarks", annotate the specific violation in accordance with KAFB31-218, and if issued for being parked overtime, include the time the vehicle was first observed.

7.5.1.5. In section 16, "NAME OF PERSON ISSUING TICKET", print the entire first, middle initial and last name of the Parking Monitor issuing the traffic ticket.

7.5.1.6. In section 17, “ORGANIZATION/INSTALLATION”, print the Parking Monitor’s unit.

7.5.1.7. In section 18, “RANK/GRADE”, print the current rank or pay grade of the Parking Monitor.

7.5.2. Yellow copy. There are four questions, which must be answered. The questions are printed on top of each yellow copy.

7.5.2.1. “Any other hazard, which increased the seriousness of the violation”. Annotate any hazard such as hindering the flow of traffic, blocking the flow of traffic, etc., otherwise annotate “N/A”.

7.5.2.2. “Where violation was first observed and where contact was made”, self-explanatory.

7.5.2.3. “Total distance traveled during pursuit”, annotate “N/A”.

7.5.2.4. “Condition, attitude and instructions to violator”. Condition and attitude will only be completed if the Parking Monitor has personal contact with the vehicle operator when issuing the traffic ticket. “Instructions to violator” will always be “Report violation to First Sergeant or Commander within 24 hours or next duty day”.

7.5.2.5. Witnesses. Print rank and full name of any witnesses who observed the violation. Witnesses do not need to be Parking Monitors or active-duty military members.

7.5.2.6. Vehicle Defects. If any vehicle defects are observed, annotate them in this section. This is particularly important for abandoned vehicles. If no vehicles defects are observed, annotate “None noted”.

7.5.3. Pink copy. Once completed, this copy will be detached and placed underneath the driver’s side windshield wiper blade. For motorcycles, roll the pink copy head to foot and staple it together around the handbrake cable, ensuring it is visible to the vehicle owner.

7.5.3.1. “X” all three blocks in the upper left corner.

7.5.3.2. Print clearly in the “Special Remarks” column: “Report violation to First Sergeant or Commander within 24 hours or next duty day”. In addition to any other special instructions written on the back of the Yellow Copy.

7.6. Processing Traffic Tickets. Once the traffic ticket is issued, the Parking Monitor will hand deliver the stapled white and yellow copy of the traffic ticket to the appropriate S3L within 24 hours from the date of issue or the following duty day, if issued on a weekend or holiday. S3L will validate and process the traffic tickets and forward to the appropriate S5R. The pink copy of the traffic ticket will be attached to the vehicle as described in paragraph 7.5.3.

7.7. Warning Traffic Tickets. Parking Monitors will not issue warning traffic tickets.

CHRISTOPHER J. ROBINSON, Colonel, USAF
Commander, 81st Training Wing
