This publication implements Department of Air Force Instruction (DAFI) 84-105, *Organizational Lineage, Honors and Heraldry*, 17 June 2021. It establishes the process for nomination, review, and selection of the Air Force Technical Applications Center's (AFTAC) Wall of Honor program. This program recognizes individuals who served with great distinction and contributed immeasurably to the successful accomplishment of AFTAC's long-range detection and nuclear treaty monitoring missions. The Wall of Honor preserves the legacy of AFTAC's former members, highlights their deeds, recognizes their contributions, and honors their service to the Center, the Air Force, the Department of Defense, the nation, and its allies. It applies to individuals at all levels including the Air Force Reserve and Air National Guard; and where specified applies to Air Force civilian employees. Refer recommended changes and questions about this publication to the Office of Primary Responsibility listed above using the Air Force Form 847, *Recommendation for Change of Publication*; route AF Forms 847 from the field through the appropriate functional chain of command to the Publications and Forms Manager, AFTAC/A6X. Ensure all records created as a result of processes prescribed in this publication are maintained in accordance with AFI 33-322, *Records Management and Information Governance Program*, and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located in the Air Force Records Management System. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

SUMMARY OF CHANGES

Removed verbiage and references to the AFTAC's Organizational Cultural Coordinator (OCC) and diversity, equity, inclusion, and accessibility per recent guidance in response to the Presidential Executive Orders ending DEI practices within the Federal government.
