Supersedes: AFI 36-807_MACDILL AIR FORCE BASE Supplement, 10 March 2004

Pages: 11

AFI 36-807, *Scheduling of Work, Holiday Observances, and Overtime,* is supplemented. This publication provides guidance and procedures on weekly and daily scheduling of work, holiday observances, overtime, and compensatory time. This publication applies to all assigned, tenant, and attached units/staff agencies serviced by the Civilian Personnel Office (CPO) at MacDill AFB (except Title 32 ANG Technicians, non-US citizen employees employed outside the United States and the District of Columbia). This publication may not be supplemented or further implemented and/or extended. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*; route AF Forms 847 from the field through the appropriate functional chain of command. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, *Publications and Forms Management*, **Table 1.1.** for a description of the authorities associated with the Tier numbers. Submit requests for waivers

through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items.

SUMMARY OF CHANGES

This supplement has been substantially revised and must be completely reviewed. Major changes include an addition of a provision for nursing mothers; holiday observation with regards to work schedules; detailed guidance on scheduling, approving, and monitoring overtime, compensatory time, compensatory travel time and credit hours; guidance for establishing flexible and alternative work schedules; and incorporates a change in the title of this AFI. **Attachment 2** (Added-MACDILL) includes details of the Maxiflex work schedule. Eliminated three separate work schedule forms and combined into MACDILLAFB Form 43, *Work Schedule Form* that is prescribed by this publication**.** Finally, a sample AF Form 428, *Request for Overtime, Holiday Premium Pay, and Compensatory Time*, with a Routing Flow Chart, was added at **Attachment 3** (MACDILL)**.**

2.7.1. Organization and Tenant Commanders are delegated the authority to establish the daily hours for beginning and ending work and the basic 40-hour tour of duty including uncommon tours of duty and Alternate Work Schedules (AWS) as well as rest and lunch periods for their respective organizations.

2.7.9. **(MACDILL)** Union notification for tours of duty deviating from the regular tour of duty for employees covered by a memorandum of agreement must be coordinated with the CPO prior to implementation in accordance with the provisions contained in the applicable memorandum of agreement.

3.2.1. Work schedule requests will be submitted on MACDILLAFB Form 43, *Work Schedule Form*.

4.1.3.1. **(MACDILL)** Alternative Work Schedule (AWS). Employees will submit a written request on MACDILLAFB Form 43, *Work Schedule Form*, of preferred work hours to their immediate supervisor for approval. The request should cover a minimum period of two (2) weeks unless the supervisor, based upon upcoming workload requirements, determines another period to be more appropriate. An indefinite request may be submitted to the supervisor. The request must be submitted at least one (1) full week prior to the start of the next pay period. Supervisors may adjust schedules to accommodate management or employee requirements not known in advance of the pay period.

4.1.3.2. **(MACDILL)** Timekeeping. Supervisors will be responsible for certification of timecards in Automated Time Attendance and Production System (ATAAPS). Employees will concur and complete timecards as instructed within the ATAAPS system. The employee will record daily the appropriate information on MACDILLAFB Form 43 and transfer into ATAAPS.

4.1.3.3. **(MACDILL)** Employees must be productively engaged in work assignments even though a supervisor may not be present.

4.1.3.4. **(MACDILL)** Supervisors will approve or disapprove individual requests for AWS within the guidelines established herein or in the appropriate Union memorandum of agreement, and will ensure employees on AWS work or otherwise account for scheduled duty hours plus a lunch break if applicable.

4.1.3.5. **(MACDILL)** Schedules, in approved AWS request, will be adhered to by supervisors and employees subject to supervening unit mission exigencies.

4.1.3.6. **(MACDILL)** Supervisors may deny an employee's request for continued use of AWS if there is documentation of the employee's abuse of the AWS in the supervisor's work folder. Employees who abuse AWS may also be subject to disciplinary action.

4.1.3.7. **(MACDILL)** AWS will be suspended during periods of TDY.

4.1.3.8. **(MACDILL)** If an employee participates in an AWS and is involuntarily detailed, upon termination of the detail and return to his/her position, the employee should resume the same AWS as before the detail.

4.1.3.9. **(MACDILL)** At the supervisor's discretion, newly appointed employees to federal service may be subject to a maximum 90-day waiting period before the employee is permitted to work AWS. Employees who are rated less than fully successful will not be permitted to work AWS. Also, employees whose performance begins to fall below fully successful during the rating period may also be subject to the above provisions

4.1.3.10. **(MACDILL)** Security measures as prescribed by existing regulations will be maintained.

4.1.3.11. **(MACDILL)** Absences, Tardiness, or Early Departures. For tardiness and leave purposes, the first hour of the workday commences at the individual's scheduled arrival time. Supervisors have authority in case of tardiness, short term absences, and early departure to (1) charge the period of time to an approved leave category; (2) charge absent without leave; or (3) extend the individual's scheduled workday (not beyond 1800 hours) to compensate for tardiness.

4.2.1.1. **(MACDILL)** 5/4/9 Work Plan. A full-time employee working a 5/4/9 Work Plan is required to work an 80 hour bi-weekly work schedule consisting of five (5) days in one (1) week of the two (2) week pay period and four (4) days during the other week of the pay period. Eight (8) of the nine (9) days will be nine (9) hours in duration and the ninth day will be eight (8) hours in duration to accomplish the 80-hour requirement. For a part-time employee, the basic work requirement is the number of hours the employee must work each day and the number of hours the employee must work during nine (9) days in a bi-weekly pay period. Schedules are subject to supervisor discretion and approval based on mission requirements.

4.2.1.2. **(MACDILL)** 4/10 Work Plan. A full-time employee must work four (4) 10 hour days per week, 40 hours a week, and 80 hours in a bi-weekly pay period. For a part-time employee, the basic work requirement is the number of hours the employee must work in a four (4) day workweek and an eight (8) day bi-weekly pay period.

4.2.4. **(MACDILL)** Work hours for the 5/4/9 work plan and 4/10 work plan will be scheduled between 0600 and 1800. Employees are authorized between a 30 minute and 90 minute lunch period based on the established schedule; lunch periods are not mandatory unless required by the supervisor. If a duty free lunch period is requested and approved or required by the supervisor, this time is non-compensable and will be in addition to the number of hours of work each day (i.e., 9 hours of work plus lunch period).

4.2.5. **(MACDILL)** Off Day. An employee will coordinate approval of their regularly scheduled day off, one (1) day per pay period for a 5/4/9 work plan, or 1 day per week for a 4/10 work plan, with their supervisor. For bargaining unit employees, in case of conflict between two

(2) or more employees choosing the same day off, the employee with the earlier date of participation in the program will have preference. Where two (2) or more employees have chosen to participate in the program on the same date and there is a conflict concerning the desired off day, service computation date, i.e., seniority will resolve the conflict.

4.3. Flexible Work Schedule/Flextime (FWS). Use of flextime is encouraged since it is known to increase job productivity, service to the public, and increase job satisfaction among employees. If flextime is disapproved, the employee/union will be forwarded a written copy of the supervisor's objective determination and the criteria used to arrive at his/her decision. Flextime will not be approved/disapproved indiscriminately or be used to reward or punish an employee. Mission Partners may choose to use/develop a flextime program, as deemed appropriate by the commander for non-bargaining unit employees. Bargaining unit employees are covered by the applicable memorandum of agreement.

4.3.1. Definitions.

4.3.1.1. **(MACDILL)** Morning Flex. An employee may begin work at 15 minute intervals (on the ¼, ½, or ¾ past the hour) from 0600 to 0900. Arrival times must be approved by the supervisor.

4.3.1.2. **(MACDILL)** Core Time. Common working hours are from 0900 to 1130 and 1300 to 1500. During these periods, all employees in duty status must be present for duty or on leave. Normally, meetings will be held during these hours; however, supervisors will be expected to arrange the employee's workday to attend meetings, training, conference, etc., scheduled outside these hours.

4.3.1.3. **(MACDILL)** Midday Flex. Employees are authorized between a 30 minute and 90 minute lunch period based on the established schedule normally to be taken between 1130 and 1300; lunch periods are not mandatory unless required by the supervisor. Lunch periods are non-compensable and will be in addition to the 8 hour work day.

4.3.1.4. **(MACDILL)** Afternoon Flex. Departure times normally from 1500 to 1800 are determined by adding eight (8) hours plus the amount of time taken for lunch (if applicable) to arrival time.

4.3.1.5. **(MACDILL)** Work Day. The total hours available during the day (0600-1800) in which the individual may complete eight (8) working hours plus lunch period if applicable.

4.3.3. **(MACDILL)** Maxiflex Work Schedule (MWS). The MWS is a type of flexible work schedule that contains core hours on fewer than 10 workdays in the bi-weekly pay period for a full-time employee who has a basic work requirement of 80 hours for the bi-weekly pay period. The employee may vary the number of hours on a given workday or the number of hours each week and may vary start/stop times daily with supervisor approval. (See **Attachment 2** for program details).

5.1.1.3. Proper documentation and justification is key in validating overtime and compensatory time and supporting the use of government funds. The AF Form 428, *Request for Overtime, Holiday Premium Pay, and Compensatory Time,* must contain a detailed justification for why overtime is required to meet mission requirements. More specifically, supervisors should address why the work cannot be accomplished during normal duty hours and why military personnel cannot be used to accomplish the work. Lack of or limited manning is not a sufficient

justification. If more space is required, attach a supplemental word document to the AF Form 428.

5.1.6. **(MACDILL)** The civilian overtime tracker will be provided to group commanders and the Director of Staff no later than the 10th of every month and reviewed quarterly at the Financial Management Board (FMB).

5.2.1.1. **(MACDILL)** For overtime and holiday premium pay approval, supervisors must coordinate with their respective squadron commander, director or agency chief on overtime and holiday premium pay requests prior to work being performed. Overtime requests must be coordinated through 6th Comptroller Squadron, Financial Management and Accounting Office, (6 CPTS/FMA) and approved by the respective group commander prior to work being performed. In emergency situations, supervisors must obtain verbal approval from their respective group commanders prior to authorizing overtime. The AF Form 428 must be processed for approval no later than the next duty day.

5.2.1.2. **(MACDILL)** If the actual number of hours worked exceeds the estimated amount on the original AF Form 428, then an updated AF Form 428 must be processed through the same routing chain with the same request number. Pen and Ink changes are authorized; however, the authorized approving official must sign and date the AF Form 428 in the lower right-hand margin to show agreement with the increase. A copy of the updated AF Form 428 must be provided to 6 CPTS/FMA and the unit's timekeeper. Only after final approval of the adjusted AF Form 428 can premium pay be input into ATAAPS.

5.7.3. Requests for compensatory time must be prepared using AF Form 428 and coordinated through respective squadron commander, director or agency chief and 6 CPTS/FMA. All requests must be approved by the respective group commander or Director of Staff. In emergency situations, supervisors must obtain verbal approval from their respective squadron commander, director, or agency chief prior to authorizing compensatory time. The AF Form 428 must be processed for approval no later than the next duty day.

STEPHEN P. SNELSON, Colonel, USAF
Commander

Attachment 2 (MACDILL)

MAXIFLEX WORK SCHEDULE (MWS)

A2.1. Maxiflex Work Schedule (MWS): A type of FWS that contains core hours on fewer than 10 workdays in the bi-weekly pay period and in which a full-time employee has a basic work requirement of 80 hours for the bi-weekly pay period, but may vary the number of hours worked on a given workday or the number of hours each week within the limits established for the organization.

A2.2. MWS Participation: Employees desiring to work MWS will submit a written request to their supervisor. Approval will be based on the organization's mission needs, such as mission accomplishments, peak workload periods, and necessary contact with other organizations. Mission accomplishment will be the priority consideration for a supervisor's denial of an employee's request to participate in a MWS.

A2.3. Supervisors are responsible for coordinating work schedules within their areas of responsibility to ensure adequate coverage exists to meet all mission requirements. Supervisors have the authority to restrict an employee's requested daily schedule due to mission requirements.

A2.4. Credit Hours: Hours that an employee elects to work, during the flexible hours, in excess of the employee's basic work requirement under a flexible work schedule. Organizations may require supervisory approval prior to working credit hours.

A2.4.1. Earned and used credit hours must be documented in the civilian payroll system.

A2.4.2. If an employee requests to work past 1800 or before 0600, the employee is not entitled to night pay (GS employees) or night differential (prevailing rate employees/federal wage system). If the mission dictates that an employee is required to work between 1800 and 0600 then the employee is entitled to night pay or night differential as appropriate.

A2.4.3. Due to the requirement to pay Sunday premium pay, flexible hours will not be worked on Sunday. Work can be performed on Sunday, but it must be coded as credit time, rather than part of the regular schedule to avoid the payment of additional premium pay.

A2.4.4. Per 5 USC Section 6126(a) the maximum number of credit hours an employee may carry over from one (1) pay period to the next pay period is 24 hours for a full-time employee. For a part-time employee, not more than one-fourth of the hours in the employee's bi-weekly basic work requirement may be carried over to the next pay period. Credit hours may continue to be carried over so long as it does not exceed 24 hours. The use of credit hours will be scheduled by the employee and approved by the supervisor or designee in advance, similar to annual leave.

A2.5. Employees on the MWS must account for eight (8) hours prior to earning compensatory time for travel.

A2.6. Employees on the MWS are limited to eight (8) hours of excused time on a holiday and/or base closure days. Holiday work during the normal scheduled duty hours must be for holiday premium pay.

A2.7. MWS may not be combined with other types of alternative work schedules (i.e., 4/10, 5/4/9, flextime).

A2.8. Overtime: "Overtime hours" when used with respect to flexible schedule programs means all hours in excess of 8 hours in a day or 40 hours in a week which are officially ordered in advance, but does not include credit hours.

A2.9. Timekeeping. An employee working a MWS will record the daily number of hours and time worked as well as earned and used credit hours daily in ATAAPS or other method approved by the supervisor (i.e.: MACDILLAFB Form 43 then transferred into ATAAPS). **Note**: In the event of a conflict between the foregoing information on the Maxiflex Work Schedule and guidance in Title 5 of the United States Code (USC), the USC shall take precedence
