This publication implements Air Force Policy Directive 32-90, *Real Property Asset Management.* It is applicable to the 6th Air Mobility Wing (AMW)/927th Air Refueling Wing (ARW) personnel/units and tenant units assigned to MacDill Air Force Base (AFB). This instruction establishes guidance and procedures on hangar usage for non-maintenance activities. Commanders within each unit assigned to MacDill AFB are responsible for ensuring the contents of this instruction are followed. Ensure that all records created as a result of processes prescribed in this publication are maintained IAW Air Force Manual (AFMAN) 33-363, Management of Records, and disposed of IAW Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the Air Force (AF) Form 847, Recommendation for Change of Publication; route AF Forms 847 from the field through the appropriate functional chain of command. This publication may not be supplemented or further implemented/extended. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, Publications and Forms Management, **Table 1.1** for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

SUMMARY OF CHANGES

This is a rewrite of MacDill Air Force Base Instruction (AFBI) 21-103, same subject. Major changes include changing series to align under facilities; changing control number to avoid confusion from other publications; certifying and approval authority update; Hangar Request Checklist removal; Hangar Use Request SSS Sample format and routing update; SharePoint calendar/template location for scheduling.

1. Overview. The use of hangars for non-maintenance activities shall be kept to a minimum and shall have no adverse impact on scheduled or unscheduled maintenance. For the purpose of this instruction, the term "hangar" refers to MacDill AFB Hangars 1, 3, and 4, which are under the direct custodial charge of the 6th Maintenance Group Commander (6 MXG/CC. Hangar usage is reserved for aircraft maintenance, and any other use will be accommodated on a space available basis. All non-maintenance hangar use request must be coordinated with the 6 MXG Facility Manager and approved by the 6 MXG/CC. Once a request is approved, specific details will be coordinated through the 6 MXG Facility Manager. Maintenance will clean-up any chemical or maintenance related spills prior to non-maintenance use of hangar.

2. Roles and Responsibilities.

2.1. 6 MXG/CC is the approval authority for use of hangars for non-maintenance activities.

2.2. Group Commanders or equivalents in the grade of O-6 or above (or on their behalf) must request non-maintenance hangar use which is limited to group, wing, combatant command, and major command (MAJCOM) level functions.

2.3. Requesting Unit.

2.3.1. Identifies Point of Contact (POC)

2.3.2. Is responsible for preparation and post event cleaning of the hangar.

2.3.3. Ensures coordination with 6 MXG Facility Manager.

2.4. 6 MXG Facility Manager.

2.4.1. Coordinates with maintenance function to clean up chemical and maintenance spills prior to non-maintenance hangar use if required.

2.4.2. Schedules pre-use and post-use meetings, and explains POC expectations.

2.5. Maintenance Operations (MXO)

2.5.1. Ensures coordination of request of non-maintenance use of hangar is routed to approval authority.

2.5.2. Maintains non-maintenance hangar use schedule.

3. Procedures.

3.1. Non-maintenance hangar use is limited to group, wing, combatant command, and major command (MAJCOM) level functions. If alternate facilities are available, they should be used in lieu of the aircraft hangars.

3.2. When requesting hangar usage for non-maintenance activities, the requesting party must complete a Hangar Use Request Staff Summary Sheet (See sample at Attachment 3). To

facilitate coordination of hangar use and event activities, the requesting unit must identify a POC on AF1768. A digital sample of AF1768, *Staff Summary Sheet*, is available at the following SharePoint location: **https://eim.amc.af.mil/org/6mxg/HangarCalendar/default.aspx**.

3.3. Approved AF1768 will be sent to MXO to initiate workflow for group leadership approval or denial of non-maintenance hangar use. This may result in returning approval of an alternate hangar location if requested hangar is not available for requested event.

3.4. 6 MXG Facility Manager will ensure any spills from maintenance activities are cleaned and support equipment is removed from Hangar prior to approved scheduled non-maintenance use.

3.5. 6 MXG Facility Manager will contact POC with location, date and time for pre and post use meetings.

3.6. The event POC will attend both required meetings with the 6 MXG Facility Manager or designated representative, and will ensure hangar has been cleaned after event prior to post use meeting.

3.7. The POC shall be solely responsible for ensuring completion of the Hangar Use/Cleanup Checklist (See sample at Attachment 2). A digital copy of Hangar Use/Cleanup Checklist on AF2519, *All Purpose Checklist*, is available at the following SharePoint location: **https://eim.amc.af.mil/org/6mxg/HangarCalendar/default.aspx**.

3.8. This publication is only for short-term ceremonial use less than 5 days. For longer use of real property, requests must comply with AFI 32-10142, *Facilities Board.*

STEPHEN P. SNELSON, Colonel, USAF
Commander
