SUMMARY OF CHANGES

This Revision incorporates procedures specific to the 910AW regarding AFMAN 65-144 Commute Area.

1.1.2. (Added-910AW) Purpose. Establishment of a local commute area is necessary for proper determination of entitlements when reserve personnel are on active duty orders or while on inactive duty status (UTA, RMP, AFTP, AGTP). Requests for waivers must be submitted to the OPR listed above for consideration and approval.
1.1.3. (Added-910AW) Responsibilities. Squadron Commanders have the responsibility to ensure that all Reserve Orders (RO), AF Form 938, Request and Authorization for Active Duty Training/Active Duty Tour, or equivalent computer generated orders accurately reflect the commute status of the individual while performing a tour of active duty.
1.1.4. (Added-910AW) Procedures. Localities classified as being within the commute area of the 910 Airlift Wing, located at Youngstown Air Reserve Station, Vienna, Ohio, have been determined solely by zip code and are reflected in Attachment 2. Only the identified zip codes are within the commute area. City name cannot be used to determine eligibility. Unit orders clerks must utilize this publication during preparation of AF Form 938 to determine the correct status for reserve personnel performing active duty.
1.1.5. (Added 910AW) Corporate Limits. The 910 Airlift Wing, Youngstown Air Reserve Station, is located within Vienna Township, Trumbull County, Ohio, but not within the legal corporate limits of any city.
