FORCE SUPPORT READINESS PROGRAMS

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

ACCESSIBILITY: This publication is available for downloading or ordering on the e-Publishing website at **www.e-Publishing.af.mil**.

RELEASABILITY: There are no releasability restrictions on this publication.

OPR: AF/A1XO

Certified by: SAF/MR

Supersedes: DAFI36-3802, 9 January 2019

Pages: 58

This publication implements Department of the Air Force Policy Directive (DAFPD) 36-38*, Force Support Readiness*. It provides guidance on organizing, training, and equipping Force Support Personnel to deliver core readiness capabilities. It applies to individuals at all levels including Department of the Air Force (DAF) civilian employees and uniformed members of the United States Space Force (USSF), the Regular Air Force (RegAF), the Air Force Reserve (AFR), the Air National Guard (ANG) and the Civil Air Patrol when conducting missions as the official Air Force Auxiliary. This instruction applies to the USSF unless and until such time as separate service guidance is published. In this event, Air Force (AF) guidance shall prevail in application to the USSF. Any conflict between this instruction and the Joint Travel Regulations (JTR), *Uniformed Service Members and DoD Civilian Employees,* is resolved based on the JTR, not this instruction. This instruction has been developed in collaboration between the Deputy Chief of Staff for Manpower, Personnel and Services (AF/A1), Deputy Chief of Space Operations for Human Capital (SF/S1), the Chief of the Air Force Reserve (AF/RE), and the Director of the Air National Guard (NGB/CF). Ensure all records generated as a result of processes prescribed in this publication adhere to AFI 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with (IAW) the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using the DAF Form 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all supplements that directly implement this publication must be routed to the OPR for coordination, and all MAJCOM-level supplements must be approved by the Human Resource

Management Strategic Board (HSB) prior to certification and approval. The authorities to waive wing, unit, delta level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Process and Procedures*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the publication OPR for non-tiered compliance items. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the DAF.

SUMMARY OF CHANGES

The interim change revises DAFI 36-3802 by (1) updating terminology within this instruction to align with the new Department of War religious affiliation codes guidance and (2) updating AFRC's office symbol. **A margin bar (|) indicates newly revised material**.

Chapter 1—FORCE SUPPORT READINESS PROGRAMS **6**

1.1. Overview..... 6

Chapter 2—ROLES AND RESPONSIBILITIES **7**

2.1. Assistant Secretary of the Air Force for Manpower and Reserve Affairs (SAF/MR):..... 7

2.2. Deputy Chief of Staff Manpower, Personnel and Services (AF/A1):..... 7

2.3. Deputy Chief of Space Operations for Human Capital (SF/S1):..... 7

2.4. Directorate of Civilian Force Management (AF/A1C):..... 8

2.5. Directorate of Military Force Management Policy (AF/A1P):..... 8

2.6. Directorate of Services (AF/A1S):..... 8

2.7. Directorate of Plans and Integration (AF/A1X):..... 8

2.8. Directorate of Plans and Integration, Force Support Career Field Management and Readiness Division (AF/A1XO):..... 8

2.9. Deputy Chief of Staff for Operations (AF/A3):..... 10

2.10. Air Force Surgeon General (AF/SG):..... 10

2.11. Air Force Personnel Center, Force Generation Operations and Readiness Division (AFPC/DPMW) is responsible for:..... 11

2.12. AFPC Director of Military and Family Care (AFPC/DPF):..... 12

2.13. AFPC Military and Family Division (AFPC/DPFF):..... 13

2.14. AFPC Military and Family Care, Casualty Sustainment Branch (AFPC/DPFCM): 13

2.15. AFPC, Directorate of Personnel Support, Sustainment Support Branch (AFPC/DPSTSB):..... 14

2.16. Air Force Installation and Mission Support Center (AFIMSC) Functional Area Management (FAM) and Readiness Support Branch (A35): 14

5.1. Overview. 32
5.2. Use of Air Force Personnel Accountability and Assessment System (AFPAAS). 32
5.3. Strength Accounting Duty Status Program (SADSP). 33
5.4. Non-Contingency Strength Accounting Duty Status. 33
5.5. Authorized and Unauthorized absences. 34
5.6. Actions Taken After an Absentee is Returned to a Servicing Military Installation. 35
5.7. Escorts. 35
5.8. Special Requirements for ANG and AFR Members. 35
5.9. Commander's Determination Upon Return to Military Control. 35
5.10. Erroneous Reports of Unauthorized Absence. 36
5.11. Personnel Tempo (PERSTEMPO). 36
5.12. Installation Personnel Readiness (IPR) function. 37
5.13. Contingency, Exercise, and Deployment (CED) Orders. 37
5.14. Identification (ID) Tags. 38
5.15. Red Medical Alert Tags. 38
5.16. Destruction of obsolete Identification Tags: 39
5.17. Personnel Support for Contingency Operations (PERSCO) Function. 39

Chapter 6—EVACUATION OF US CITIZENS AND DESIGNATED ALIENS FROM THREATENED AREAS ABROAD 41

6.1. Overview. 41
6.2. Noncombatant Evacuation Operation (NEO) Mission. 41
6.3. Policy. 41

6.4. Organizational Responsibilities and Relationships. 42
6.5. Evacuation Planning and Processing. 45
6.6. Reception Plans and Assistance in CONUS and in Temporary Safe Haven Overseas. 46

Attachment 1—GLOSSARY OF REFERENCES AND SUPPORTING INFORMATION 47

Chapter 1

FORCE SUPPORT READINESS PROGRAMS

1.1. Overview.

1.1.1. This instruction provides guidance for managing the Force Support Readiness Program which organizes, trains, and equips personnel to meet combatant commander (CCDR) needs for wartime, contingency, and installation incident response requirements. It provides policy and guidance for providing capabilities to support the core functions for the warfighters. The Force Support community contributes by providing total force accountability, casualty reporting, personnel policies, fitness, recreation, force beddown, laundry, food services, mortuary, resale capabilities, and postal operations.

1.1.2. It delivers policy and guidance for Force Support Readiness Operations from pre-planning and training, through employment and redeployment actions. Additional guidance is available in AFI 10-403, *Deployment Planning and Execution*; Air Force Instruction (AFI) 10-404, *Base Support and Expeditionary (BAS&E) Site Planning* and AFI 10-401*, Operations Planning and Execution*.

1.1.3. It offers guidance for establishing and maintaining personnel accountability in the event of natural disasters or national emergencies for Department Air Force (DAF) personnel and dependents IAW Department of Defense Instruction (DoDI) 3001.02, *Personnel Accountability in Conjunction with Natural of Manmade Disasters*. It applies to both the continental United States (CONUS) and locations outside the continental United States (OCONUS). It also provides guidance on the use of the Air Force Personnel Accountability and Assessment System (AFPAAS).

1.1.4. It establishes guidance and assigns responsibilities for evacuation of DAF members, dependents, other United States (US) citizens and designated aliens from threatened areas abroad or in anticipation of, or in response to any natural or man-made disaster. It requires all commanders to develop plans for evacuating people from their installations, as well as for receiving and repatriating evacuees.

1.1.5. It supplies guidance on Installation Personnel Readiness (IPR) and Personnel in Support of Contingency Operations (PERSCO) functions, unit Strength Accounting Duty Status Program (SADSP) (including desertion and unauthorized absences), developing and maintaining reporting systems, procedures, and processes to support managing service members' personnel tempo (PERSTEMPO) tracking requirements, issuance of identification (ID) and red medical ID tags, and contingency exercise deployment (CED) orders to USAF service members.

1.1.6. For specific guidance on Postal Operations and Official Mail, refer to DODI4525.09_DAFI36-3804, *Postal Operations and Official Mail.*

Chapter 2

ROLES AND RESPONSIBILITIES

2.1. Assistant Secretary of the Air Force for Manpower and Reserve Affairs (SAF/MR):

2.1.1. Applicable to this DAFI, and IAW with Headquarters Air Force Mission Directive (HAFMD) 1-24, Assistant Secretary of the Air Force (Manpower and Reserve Affairs), SAF/MR is responsible for overall supervision of all matters pertaining to Air Force manpower, military and civilian personnel policy; reserve and auxiliary component affairs; medical readiness; family readiness; services; morale, welfare, and recreation programs; all matters pertaining to the formulation, review and execution of plans, policies, programs, and budgets relative to Reserve Affairs and Airman Readiness; Force Management Integration; Personnel Tempo (PERSTEMPO) events; accounting for DoD-affiliated personnel following a disaster; and evacuation of US citizens and designated aliens from threatened areas abroad.

2.1.2. Refer to HAFMD 1-24, Attachment 1 for additional delegation information.

2.2. Deputy Chief of Staff Manpower, Personnel and Services (AF/A1):

2.2.1. Serves as functional authority and provides overarching guidance and supervision of the Force Support Readiness program.

2.2.2. Ensures the Force Support Readiness program complies with Office of the Secretary of Defense (OSD), Joint Staff, SecAF, and HAF direction including DAFPD 10-2, *Readiness*.

2.2.3. Advises the CSAF on USAF-wide execution of AF/A1 Mission Essential Functions regarding Continuity of Operations (COOP) and on matters related to Force Support functions regarding and capabilities to ensure support for warfighter objectives.

2.2.4. Provides overarching guidance and oversight to the USAF and USSF PERSTEMPO program.

2.2.5. Serves as the USAF and USSF OPR for personnel accountability and the strength accounting duty status program.

2.3. Deputy Chief of Space Operations for Human Capital (SF/S1):

2.3.1. Assists the SecAF and the Chief of Space Operations by developing policies, programs, and processes to meet all personnel and manpower requirements.

2.3.2. Ensures all applicable USSF guidance is written and includes coordinated content provided by HAF.

2.3.3. Provides overarching USSF guidance and oversight for applicable Force Support Readiness programs.

2.3.4. Ensures USSF Force Support Readiness programs complies with OSD, Joint Staff, SecAF, and HAF direction including DAFPD 10-2, *Readiness*.

2.3.5. Provides overarching USSF guidance and oversight to manage the PERSTEMPO program.

2.3.6. Advises Deputy Chief of Space Operations for Human Capital on USSF-wide execution of S1 Mission Essential Functions, COOP, and Force Support functions regarding capabilities to ensure support for warfighter objectives.

2.3.7. Provides support to FLDCOMs on all strength accounting duty status and PERSTEMPO issues.

2.3.8. When the Crisis Action Team (CAT) is activated, serves as the USSF representation cell, advises the CAT leadership and reports status of S1 functions and capabilities to senior leaders, as required.

2.4. Directorate of Civilian Force Management (AF/A1C): Develops policy and provides human resource guidance and entitlement/compensation information to/for AF civilians relating to evacuation operations.

2.5. Directorate of Military Force Management Policy (AF/A1P):

2.5.1. Develops policy and provides procedural guidance for personnel programs and entitlement/compensation information to/for AF members/families, (e.g., STOP MOVEMENT).

2.5.2. Serves as the functional OPR for policy aspects of the Absence Without Leave (AWOL)/Deserter program.

2.5.3. Directs AF policy for AWOL/Deserter duty status reporting.

2.6. Directorate of Services (AF/A1S):

2.6.1. Develops policy and provides guidance on assistance and support to AF Family members (military and civilian).

2.6.2. Ensures required Force Support Services, Sustainment capabilities, and programs are in place for evacuation reception and repatriation operations, according to CCDR evacuation plans and policies.

2.7. Directorate of Plans and Integration (AF/A1X):

2.7.1. Establishes force support readiness doctrine and guidance and manages the Force Support Readiness program.

2.7.2. Appoints, by name, an individual from AF/A1XO as the Force Support Functional Area Manager (FAM) and follows FAM responsibilities as provided in AFI 10-401.

2.7.3. Provides operational status and situational reporting to AF Senior Leaders on the status of the Force Support contingency and wartime operations.

2.7.4. Ensures all guidance is written and includes content provided by Total Force components (RegAF, ANG, and AFR).

2.8. Directorate of Plans and Integration, Force Support Career Field Management and Readiness Division (AF/A1XO):

2.8.1. Has overall responsibility for personnel readiness and accountability programs, to include strength accountability duty status reporting and PERSTEMPO, and any policy or directives pertaining to these programs. Develops concepts and policies to ensure Total Force accountability of USAF and USSF members.

2.8.2. Serves as the OPR for personnel readiness and PERSCO policy and provides guidance to all Component NAFs, Service Component Commands, MAJCOMs/FLDCOMs, Air Force Installation and Mission Support Center (AFIMSC), Direct Reporting Units (DRU), and Field Operating Agencies (FOA) on the posturing, scheduling, coding and the use of personnel assets 38F and 3FXXX to support the full range of military operations.

2.8.3. Develops and oversees Force Support Readiness policy for all levels of command. Provides policy to all Component NAFs, Service Component Commands, MAJCOMs/FLDCOMs, DRUs, and FOAs on Force Support Readiness programs.

2.8.4. Provides headquarters oversight of Force Support Readiness After Action Report (AAR) corrective actions.

2.8.5. Assigns Manpower and Equipment Force Packaging (MEFPAK) responsible command to manage Force Support Unit Type Codes (UTCs).

2.8.6. When activated, serves as the Air Force Crisis Action Team (AFCAT) A1 cell, advises the AFCAT leadership, and reports status of A1 functions and capabilities to senior AF leaders, as required.

2.8.7. Assigns personnel to the AFCAT in coordination with AF Directorate of Current Operations, Air Force Operations Group, Warfighter Support Division (AF/A3OW).

2.8.8. Advises Air Force Personnel Center (AFPC) Operations Center when a contingency operation begins. Refer to the AF COOP for next in line for continuity purposes.

2.8.9. Serves as the AF personnel policy OPR for Deliberate and Crisis Action Planning and Execution System (DCAPES), repatriation and Evacuation Operation, Augmentation Duty Program, and Force Support Squadron (FSS) (or equivalent) Defense Readiness Reporting System (DRRS).

2.8.10. Serves as the AF/A1 OPR for evacuation operations, specifically regarding personnel accountability. Establishes guidance and provides oversight for Force Support capabilities regarding evacuation operations.

2.8.11. Provides guidance on accounting, tracking, and reporting of personnel throughout the evacuation process, in coordination with AFPC.

2.8.12. Directs the FSS Military Personnel Flight (MPF) offices to continue to follow established procedures for producing identification tags IAW this instruction.

2.8.13. In coordination with AF/SG4/10, provides policy guidance on ID tags to include Red Medical Alert ID tags.

2.8.14. Establishes guidance and manages the DAF PERSTEMPO program.

2.8.15. Submits, advocates, and defends Program Objective Memorandum (POM) for organizing, training and equipping the Force Support community to build capability for contingency and wartime.

2.8.16. Chairs the Force Support Warfighter Requirements Review (WFRR) working group, which meets biennially via conference or virtually and makes recommendations on policy, training, and resource allocation issues.

2.8.17. Establishes Total Force A1 guidance related to all aspects of the contingency and wartime deployment and redeployment process.

2.8.18. Conducts DAF level shortfall risk assessments and provides courses of action for functional authority decision regarding Force Support Readiness capability to deploy.

2.8.19. Develops AF/A1 Force Support Functional Area Prioritization and Sequencing guidance, as required, IAW codified USAF UTCs posturing guidance.

2.8.20. Serves as the functional OPR for the DAF personnel functions of DCAPES.

2.8.21. Provides guidance for reporting Force Support status via resource and capability readiness reports. Updates and maintains the AF Tables in DRRS IAW AFI 10-201, *Force Readiness Reporting*.

2.8.22. Monitors MAJCOM posturing and coding efforts to ensure compliance with AF Prioritization and Sequencing guidance.

2.8.23. Serves as functional OPR for all Force Support Readiness training curriculum and must review and approve all readiness curriculum for all Force Support courses.

2.8.24. Collaborates with Force Support Career Field Managers (CFMs) and MAJCOM/FLDCOM functional advisors to ensure readiness training requirements determined by the Utilization and Training Workshop or Training Planning Teams meet the needs of the Force Support Readiness community.

2.8.25. Develops and oversees personnel accountability and duty status reporting policy and guidance.

2.8.26. Directs AFPC to create and activate a worldwide accountability event in the disaster/emergency personnel accountability system (e.g., Air Force Personnel Accountability and Assessment System (AFPAAS)) upon direction from the OSD, the Joint Staff, USAF and/or USSF leadership.

2.8.27. Monitors personnel accountability systems to track progress and provide status report as directed.

2.8.28. Notifies AF Military & Family Readiness Policy (AF/A1SAA) to include Needs Assessments related information to active events.

2.9. Deputy Chief of Staff for Operations (AF/A3): Serves as the AF OPR for evacuation and repatriation operations. Refer to **Chapter 6** for further information on Evacuation of US Citizens and Designated Aliens from Threatened Areas Abroad.

2.10. Air Force Surgeon General (AF/SG):

2.10.1. Develops a process to ensure the accuracy of blood type on deployer ID tags.

2.10.2. Develops a process and a standardized form for all medical groups (MDGs)/medical squadrons (MDSs) to ensure the proper information is placed on the Red Medical Alert ID tag.

2.10.3. Subject to availability of Congressional appropriations, funds the purchase of Red Medical Alert ID tags for all AF MDGs/MGSs.

2.10.4. Directs all USAF MDGs/MDSs, to include Reserve and Guard Medical Units equipped to produce Red Medical Alert ID tags, to continue production as long as funding is provided. Ensure medical staff will adhere to DoDI 6025.18. *Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule Compliance in DoD Health Care Programs.*

2.11. Air Force Personnel Center, Force Generation Operations and Readiness Division (AFPC/DPMW) is responsible for:

2.11.1. Oversees Total Force accountability for all DAF personnel supporting contingency, wartime, exercise, and emergency operations.

2.11.2. Assists MAJCOM planners with planning responsibilities and factors for operation plan requirements and UTCs sourcing.

2.11.3. Serves as the OPR for deployment availability (DAV) codes and contingency duty status reporting program.

2.11.4. Serves as the personnel readiness subject matter experts for Force Support Readiness plans and programs, tactics, techniques, and procedures (TTPs), develops training guides and curriculum, and procedural guidance, as required.

2.11.5. Ensures operational execution of the Force Support personnel readiness programs by establishing procedures and implementing standards/program guidance approved by AF/A1.

2.11.6. Responsible for equipment management, research and development to support Force Support personnel readiness capabilities.

2.11.7. Serves as the personnel accountability systems program manager (e.g., AFPAAS and SADSP Manager).

2.11.8. Develops, coordinates, and executes personnel accountability guidance and approves procedural guidance for the management of personnel accountability and duty status reporting programs.

2.11.9. Develops and manages changes to Personnel readiness training in collaboration with, to include but not limited to, Force Support CFMs, MAJCOM/FLDCOM functional advisors, FOAs to ensure readiness training requirements determined by the Utilization and Training Workshop or Training Planning Teams meet the needs of the Force Support Readiness community.

2.11.10. Conducts staff assistance visits (SAVs) as requested for FSS unit readiness programs.

2.11.11. Maintains web-based Readiness guidance for use by Force Support planners and deployed teams and manages any SharePoint related websites and updates material as needed.

2.11.12. Assigns AFPAAS Commanding Officer Representatives (COR) access to MAJCOM, FLDCOM readiness staffs and to AFCAT A1 members as required.

2.11.13. In the event reporting MAJCOM or FLDCOM COR cannot perform their duties, Force Generation Readiness Branch (AFPC/DPMWR) will assume reporting responsibilities until the MAJCOM or FLDCOM can resume their duties.

2.11.14. Ensures all assigned MAJCOM and FLDCOM personnel readiness offices are trained on the use of the AFPAAS and to include tracking, accounting, reporting, and follow-up support is provided.

2.11.15. Creates and activates an AFPAAS event either when notified by DAF, an installation commander, MAJCOM or FLDCOM leadership and provides event management in support of personnel accountability operations.

2.11.16. Contacts AFPC Public Affairs (PA) office to ensure appropriate link to AFPAAS is prominently highlighted on AF Portal and on AFPC main webpage for impacted personnel within 24 hours of the event. Coordinates with the AFPC/PA office on personnel accountability events, news releases, and media outreach capabilities.

2.11.17. Utilizes AFPAAS to report and account for evacuated/displaced personnel and Defense Enrollment Eligibility Reporting System (DEERS) enrolled family members who physically reside in the Geographical Area of Interest (GAOI).

2.11.18. Serves as the primary distribution and collection point for information regarding impacted/affected personnel.

2.11.19. Utilizes all systems available in conjunction with AFPAAS to identify and track evacuees throughout the continuum of evacuation operations.

2.11.20. Administers the PERSTEMPO program and serves as PERSTEMPO program manager and is responsible to train, advise, and assist MPF/units with PERSTEMPO procedures. Provides PERSTEMPO system access, Tempo Management Tracking System (TMTS) control and help desk, monitors PERSTEMPO field operations, and monitors/reports compliance and data accuracy.

2.11.21. Ensures PERSTEMPO events data is available to commanders and others on AFPC Secure or equivalent dashboard system.

2.11.22. Ensures PERSTEMPO Events data transactions are available and provided to Defense Manpower Data Center (DMDC) upon request.

2.11.23. Assigns PERSCO profile permissions to DCAPES operator accounts upon receipt of request forms.

2.11.24. Develops procedures to implement USAF policy for personnel readiness and PERSCO.

2.11.25. Monitors PERSCO team operations, to include when PERSCO teams are established at new locations during contingency or wartime operations.

2.11.26. Analyzes accountability data, identifies trends/deficiencies, and provides weekly reports to AF/A1XO, AFIMSC, supported/supporting MAJCOM or FLDCOMs.

2.11.27. Reviews AAR and provides a cross-feed program for AF/A1XO, Components, MAJCOM/FLDCOM, AFPC, AFIMSC, MPFs and PERSCO teams.

2.11.28. Serves as the Program Management Office for DCAPES personnel applications including managing access, preparing procedures for usage, updates and distribution of DCAPES hardware and accounts. Assists customers with problems with DCAPES personnel applications, communications, or readiness-type questions.

2.12. AFPC Director of Military and Family Care (AFPC/DPF):

2.12.1. Disseminates policy, plans, and operational guidance for Military & Family Readiness response to evacuation operations and repatriation.

2.12.2. Provides guidance/coordination to the installation Military & Family Readiness Centers (M&FRC) at evacuating locations, the temporary safe haven or intermediate stop (if applicable), and the repatriation sites processing families back into the US.

2.12.3. Serves as the OPR, through M&FRCs, for contacting, reporting, and coordinating information and referral for required support.

2.12.4. Ensures all M&FRCs contact, report, and coordinate information & referral for evacuation and repatriation operations.

2.13. AFPC Military and Family Division (AFPC/DPFF):

2.13.1. Serves as AFPAAS Needs Assessment Program Manager.

2.13.2. Assigns AFPAAS Needs Assessments to Case Managers.

2.13.3. Monitors AFPAAS evacuation/emergency events to track Needs Assessments of personnel and families.

2.14. AFPC Military and Family Care, Casualty Sustainment Branch (AFPC/DPFCM):

2.14.1. Serves as the DAF Deserter Information Point (DIP) and program manager providing policy oversight and administration of the AWOL/Deserter program for the RegAF, USSF, AFR and ANG who are serving on active duty orders.

2.14.2. Develops procedures to implement DAF policy for AWOL/Deserter duty status reporting.

2.14.3. Maintains statistics on AWOL, Deserter and Returned to Military Control.

2.14.4. Updates duty status in Military Personnel Data System (MilPDS) for AWOL, Deserter cases.

2.14.5. Follows DoD requirement to send Absentee and Deserter Statistics to the Office of Special Investigation (OSI). Submits a monthly roster of active USAF and USSF deserters cases to Air Force Office of Special Investigations (AFOSI) Investigations, Collections, and Operations Nexus (ICON) Center, AFOSI Watch (AFOSI ICON Center/ICTW) and AF/A1XO.

2.14.6. Provides guidance to all military personnel units on management of the AWOL/Deserter SADSP.

2.14.7. Conducts a quality review of Human Resources (HR) type Personnel Processing Application Duty Status Change (AWOL/Deserter) Case Management System (CMS) case and other required documents and updates or corrects duty status in MilPDS. Forwards HR Type Personnel Processing Application Duty Status Change (AWOL/Deserter) CMS to the Total Force Service Center for coordination.

2.14.8. Coordinates and distributes procedures for managing unauthorized absences (UAs). Forwards Department of Defense (DD) Form 553/DD Form 616 to AFOSI ICON Center/ICTW for update in National Crime Information Center.

2.14.9. Monitors disposition of absentees returned to military control and provides guidance as needed.

2.14.10. Maintains a case file for each member declared AWOL or deserter and ensures documents received are reviewed and are sent to Military Records Section (AFPC/DPSORM), Automated Records Management System (ARMS) Office, for filing in the member's Master Personnel Record.

2.14.11. Maintains access to electronic master personnel records via ARMS Office from AFPC/DPSORM.

2.14.12. Ensures member's MilPDS file is dropped from unit rolls and reassigned to AFPC/DPFCM personnel accounting symbol code on the 90th day of absence.

2.15. AFPC, Directorate of Personnel Support, Sustainment Support Branch (AFPC/DPSTSB):

2.15.1. Reviews HR Type Personnel Program Application (AWOL/Deserter) CMS cases and forwards to appropriate offices for coordination.

2.15.2. Forwards completed HR Type Personnel Processing Application (AWOL/Deserter) CMS case to MPF or member's commander for closure. Sends CMS product DAF Form 2098, *Duty Status Change*, to AFPC/DPSORM (ARMS Office) for filing in the member's Master Personnel Record.

2.15.3. In the case of AWOL or Deserters returned to military control and placed in civilian/military confinement, updates duty status in MilPDS.

2.16. Air Force Installation and Mission Support Center (AFIMSC) Functional Area Management (FAM) and Readiness Support Branch (A35):

2.16.1. Provides FAM support to supported MAJCOMs IAW AFI 10-401.

2.16.2. Centrally manages the Air Force Force Generation (AFFORGEN) Force Support UTC capability portfolio for the MAJCOMs they support and ensures the appropriate Force Support UTC capability is apportioned in each AFFORGEN cycle IAW AFI 10-401.

2.16.3. Designated as the MEFPAK system responsible agency for appointed UTCs. Updates and maintains the Force Support UTCs in Manpower Force (MANFOR) Packaging System and logistics detail data in DCAPES.

2.16.4. Executes AF/A1 Force Support UTC posturing guidance.

2.16.5. Monitors supported MAJCOM Force Support Resource and Capability readiness report inputs. Provides reports to supported MAJCOM/A1s and AF/A1X on readiness status of the Force Support community.

2.16.6. Conducts quarterly analysis to identify and provide guidance to resolve negative trends involving personnel, training and equipment resourcing.

2.16.7. Coordinates proposed AFFORGEN UTC posturing and/or any deviations with the AF FAM(s) and supported MAJCOMs, as required, and updates the AF UTC Availability data.

2.16.8. Evaluates training effectiveness by measuring deployment and employment capabilities and equipment availability through the Force Readiness Reporting Program.

2.16.9. Provides IPR oversight to all regular component IPR offices and coordinates with component MAJCOMs when AFFORGEN forces work in support of non-Air and Space Expeditionary Force organizations such as special operations.

2.16.10. Coordinates with and advises Air Reserve Component (ARC) A1s on IPR operations and training requirements.

2.16.11. Manages DCAPES Wing Level User course by conducting data calls, managing and distributing quotas based on established priorities outlined in the A1/Force Support Readiness Guide.

2.17. Air Force Services Center, Training and Development (AFSVC/VIT): Centralized authority for Services training development using certified instructional designers.

2.17.1. In collaboration with the Readiness and Plans Division (AFSVC/VMR), develops, reviews, publishes, and implements Force Support readiness training programs aligned with AF/A1XO and Career Field Manager-approved requirements.

2.17.2. Provides subject matter expertise and formal instructional design recommendations to AF/A1XO and DAF Career Field Managers regarding Air Education and Training Command developed specialty training standards. Ensures alignment between readiness objectives, instructional outcomes, and enterprise training doctrine.

2.17.3. Leads Services curriculum development efforts in support of requirements identified through Utilization and Training Workshops and Training Planning Teams, collaborating with CFMs, MAJCOM Functional Managers, and key A1 stakeholders. Course content is developed to meet Total Force operational demands and integrates the latest Force Support doctrine, tactics, techniques, and procedures.

2.17.4. Conducts course validation, lifecycle management, and education oversight for all assigned formal courses to ensure curriculum currency, quality assurance, and standardization of learning materials, instructional strategies, and evaluation methods.

2.18. Air Force Services Center, Mission Operations, Readiness and Plans Division (AFSVC/VMR): Represents the Force Support readiness community in forums, councils and working groups for Basic Expeditionary Airfield Resources (BEAR), home station readiness equipment and equipment modernization efforts.

2.18.1. Serves as the Services readiness subject matter experts for Force Support Readiness plans and programs, tactics, techniques, and procedures (TTPs).

2.18.2. Supports operational execution of the Force Support Services readiness programs by establishing procedures and implementing standards/program guidance approved by AF/A1.

2.18.3. Serves as the Air Force Contract Augmentation Program (AFCAP) services manager. Provides services technical expertise and guidance to AF contractors and AF components utilizing DAF contractors in support of Force Support beddown and sustainment augmentation.

2.18.4. Serves as the Air Force's Joint Technical Staff advisor to the DoD Combat Feeding Research and Engineering Board.

2.18.5. Develops Services readiness training curriculum and guides in coordination with subject matter experts and AFSVC, Training & Development Division.

2.18.6. Responsible for equipment management, research and development to support Force Support Services capabilities.

2.18.7. Provides guidance to Force Support community and pilot units on Services readiness equipment.

2.18.8. Chairs, plans, and hosts the Field Integrated Research and Modernization (FIRM) working group which focuses on Force Support equipment research, development and fielding, and meets biennially via conference, virtually, or as needed but typically just prior to the WFRR working group.

2.18.9. Coordinates with AFSVC/VMF and MAJCOMs to conduct the annual update for War Reserve Material (WRM) Wartime Consumable Distributed Objective with AF logistics planners.

2.18.10. Responsible for providing operational and resourcing guidance to affected installations during evacuation operations in support of emergency feeding and beddown actions.

2.18.11. Reviews AAR and provides a cross-feed program for AF/A1XO, Components, MAJCOMs and AFIMSC.

2.19. Headquarters Air Force Reserve Command (AFRC/A1XO):

2.19.1. Develops, coordinates, and approves personnel policies and procedures for duty status management and PERSTEMPO codes for AFR personnel.

2.19.2. Monitors personnel readiness for reserve personnel and oversees readiness requirements of reserve Force Support personnel.

2.19.3. Provides functional guidance on reserve Force Support readiness matters.

2.20. Headquarters Air Force Reserve Command and Headquarters Individual Reservist Readiness and Integration Organization (HQ RIO):

2.20.1. Monitors readiness, utilization and accountability of Individual Reservists.

2.20.2. Implements personnel policies and procedures for duty status management and PERSTEMPO codes for Participating Individual Ready Reservist and Individual Mobilization Augmentees (IMAs).

2.21. Headquarters National Guard Bureau (NGB/A1X):

2.21.1. Provides functional guidance on ANG Force Support readiness matters.

2.21.2. Manages ANG's A1 role for Defense Support of Civil Authorities (DSCA) and associated functions (e.g., Fatality Search & Recovery Team, Disaster Relief Mobile Kitchen Trailer, and the Expandable Single Pallet Expeditionary Kitchen).

2.21.3. Monitors personnel readiness for ANG members and oversees readiness requirements of ANG Force Support personnel.

2.21.4. Develops, coordinates, and approves personnel policies and procedures for duty status management and PERSTEMPO codes for ANG personnel.

2.22. MAJCOM Directorates of Manpower, Personnel and Services (MAJCOM/A1).

2.22.1. Responsible for Command and Control to support contingency and wartime operations as required.

2.22.2. Utilizes the Force Support supplement to AFFORGEN Support Plan to conduct adaptive and crisis action planning.

2.22.3. Responsible for acquiring and maintaining continuous total force accountability for assigned personnel to include personnel impacted by natural disaster or national emergency and any personnel on Leave/Temporary Duty (TDY) in the GAOI.

2.22.4. As required, oversees total force accountability within assigned theater of operation, including deployed DAF civilian and contract personnel (overseas contractors only).

2.22.5. Provides functional and subject matter expertise for Force Support Readiness operations and capabilities.

2.22.6. Ensures bases within their MAJCOM develop processes to accurately and timely report duty status and PERSTEMPO codes IAW SADSP and PERSTEMPO programs management as outlined in Department of the Air Force Manual (DAFMAN) 36-3805, *Personnel Accountability Program Management*.

2.22.7. AF District of Washington will function as the MAJCOM responsible for the accountability of AF members assigned to HQ USAF and AF Elements.

2.22.8. For purposes of this instruction, the Air Force Office of Special Investigations (AFOSI), a field operating agency, will function as a MAJCOM.

2.22.9. Serves as MAJCOM MEFPAK system manager for appointed command UTCs and other manpower readiness programs per Air Force Manual (AFMAN) 38-102, *Manpower and Organization Standard Work Processes and Procedures*, and AFI 10-401.

2.23. Field Commands (FLDCOM/S1):

2.23.1. Responsible for acquiring and maintaining USSF accountability for personnel assigned to all units impacted by natural disaster or national emergency and any personnel on Leave/TDY in the GAOI.

2.23.2. As required, coordinates with the supported combatant command (CCMD) on total force accountability within assigned theater of operation, including deployed DAF civilian and contract personnel (overseas contractors only).

2.23.3. Ensures units within their FLDCOM develop processes to accurately and timely report duty status and PERSTEMPO codes IAW SADSP and PERSTEMPO programs management as outlined in DAFMAN 36-3805.

2.23.4. Ensures subject matter expert input on USSF-level personnel series instructions and revisions, providing accurate wartime guidance.

2.23.5. Develops procedures to implement USSF policy for personnel readiness and PERSCO.

2.23.6. Oversees accountability for assigned USSF personnel supporting contingency, wartime, exercise, and emergency operations. Works with Delta commands and deployed PERSCO teams to correct accountability data.

2.23.7. Analyzes accountability data, identifies trends/deficiencies, and provides quarterly reports to AF/A1XO, Component NAFs, AFIMSC and supporting MAJCOMs or FLDCOMs.

2.23.8. Serves as the FLDCOM AFPAAS program manager and SADSP.

2.23.9. Assigns and manages AFPAAS CORs through AFPAAS website as required.

2.23.10. In the event reporting MAJCOM/FLDCOM cannot perform their AFPAAS duties as MAJCOM/FLDCOM CORs, AFPC/DPMWR or USSF, S1 Personnel Strength (S1PS) will assume reporting responsibilities until the MAJCOM/FLDCOM can resume their duties.

2.23.11. Ensures all assigned FLDCOM personnel readiness offices are trained on the use of the AFPAAS.

2.23.12. Conducts a monthly quality review of the "Duty Status Change" application in the CMS to ensure all applicable fields are filled in correctly, and that members' strength accounting duty status/lost time are appropriately updated.

2.23.13. Provides support to Deltas and field units on all readiness issues.

2.23.14. Assists Deltas and USSF planners with planning responsibilities and factors for operation plan requirements and UTCs sourcing.

2.23.15. USSF/S1PS will serve as the FLDCOM and is responsible for the accountability of USSF members assigned to HQ USSF and USSF elements during exercises and approved events.

2.24. AF Component MAJCOM/Service Component Command/Component Numbered Air Force:

2.24.1. Develops adaptive and crisis action plan requirements for their respective areas of responsibility.

2.24.2. Prepare plans in coordination with MAJCOM A3/A4/A5 to support DoD Directive (DoDD) 3025.14, *Evacuation of US Citizens and Designated Aliens from Threatened Areas Abroad,* DoDI 3001.02*,* and Joint Publication (JP) 3-68, *Joint Noncombatant Evacuation Operations* and this DAFI.

2.24.3. Ensure all subordinate commanders/units prepare evacuation, reception, and repatriation plans.

2.24.4. Utilize the Noncombatant Evacuation Operation (NEO) Tracking System (NTS) in conjunction with the AFPAAS to identify and track evacuees.

2.24.5. Determines command staff augmentation requirements utilizing UTCs with Force Support capabilities (e.g., AF Forces Staffs in support to Service Component Commands).

2.24.6. Supports forward operating locations by planning and deploying Force Support personnel, equipment and rations to meet CCMD requirements.

2.24.7. Develops Force Support inputs for Base Support Plans and Expeditionary Site Plans to Annex D (Food/Lodging/Mortuary/ Laundry) and Annex E (Manpower/Personnel/Services Annex) for each tasked operation plan.

2.24.8. Coordinates proposed UTC posturing and/or any deviations with the AF FAM(s), as required, and coordinates updates to the AF UTC Availability data.

2.24.9. Ensures AAR, lessons learned from exercises, real world contingencies and ARC deployments, end of tour reports and unit AAR are completed and shared with MAJCOM/A1s, AFSVC/VMR, AFPC/DPMW and AF/A1XO.

2.24.10. Develops concepts, plans, and procedures to support Force Support readiness capabilities to include, but not limited to beddown of forces, feeding, casualty, mortuary, emergency evacuations (e.g., NEO, humanitarian, natural disaster), repatriation, personnel accountability and reception processing at all installations under their control.

2.24.11. Validates deployed personnel data and monitors home station IPR requests to assigned PERSCO teams for duty status 20 or 21 MilPDS and DCAPES data reconciliation requests for personnel deployed to their area of responsibility.

2.24.12. Will maintain accountability of their personnel assigned to any base or living in an outlying area impacted by natural disaster or national emergency and any personnel on Leave/TDY in the GAOI.

2.24.13. Will develop plans and procedures for delegation of personnel accountability responsibilities IAW Emergency Management or COOP.

2.24.14. Ensures units accurately and timely report personnel accounting duty status within 48 hours of disaster or national emergency in compliance with this instruction.

2.24.15. Grant appropriate accountability systems access and ensure needed training is provided to all assigned IPR offices, GSUs and Tenant Units located on other MAJCOM's installation(s).

2.25. Supported Component Command Director of Manpower, Personnel and Services:

2.25.1. Serves as the supported component command 38FX/3FXXX Functional Manager.

2.25.2. Develops concepts, plans, and procedures (to include for contingency and exercise support) for Force Support readiness capabilities to include, but not limited to beddown of forces, feeding, casualty, mortuary, emergency evacuations (e.g., NEO, humanitarian, natural disaster), repatriation, personnel accountability and reception processing at all installations under their control.

2.25.3. Will maintain accountability of their personnel assigned to any base or living in an outlying area impacted by natural disaster or national emergency and any personnel on Leave/TDY in the GAOI.

2.25.4. Develops and publishes procedures for reviewing and validating replacement requests.

2.26. Installation Commander:

2.26.1. Inherent responsibility to ensure awareness of the status of personnel under their command at all times.

2.26.2. Request AFPC create and activate an AFPAAS accountability event in response to a disaster/emergency situation in their geographic area of responsibility.

2.26.3. Directs all assigned units, including tenants and GSUs, in the affected GAOI to use AFPAAS during a disaster/emergency to obtain and report accountability until 100% accountability is achieved or reporting is suspended. **Exceptions**: accountability of Air Force Office of Special Investigations (AFOSI) personnel is accomplished by AFOSI, Requirements Directorate, Warfighter Readiness, Planning, and Execution Division (AFOSI/XRW) and are not to be accounted by the host unit/wing. Accountability of Defense Health Agency (DHA) civilian personnel, contractor personnel, overseas employees, and dependents is accomplished using Fourth Estate Personnel Accountability and Assessment System (FEPAAS).

2.26.4. Ensures all unit commanders identify at least two (2) individuals to serve as the AFPAAS COR and personnel accountability duty status monitors. (**Note**: May appoint the same two personnel or four different personnel.)

2.27. Unit Commanders/Directors:

2.27.1. Inherent responsibility to ensure awareness of the status of personnel under their command at all times.

2.27.2. Responsible for the unit SADSP.

2.27.3. Ensures all assigned personnel are familiar with AFPAAS and their responsibility to keep their information current.

2.27.4. Directs all assigned personnel, including IMAs, in the affected GAOI to use AFPAAS during a disaster/emergency to obtain and report accountability until 100% accountability is achieved or reporting is suspended.

2.27.5. Identifies at least two (2) individuals to serve as the AFPAAS COR and SADSP monitors and provides the servicing MPF SADSP manager the contact information of the unit SADSP manager. (**Note**: May appoint the same two personnel or four different personnel.)

2.27.6. Direct unit members to verify contact information in DEERS (e.g. current addresses, marriage/divorce, change in contact etc.) for themselves and their DEERS enrolled dependents, upon changes in status.

2.27.7. Establish personnel accountability procedures for all duty status changes of assigned personnel and report in MilPDS (Refer to **Chapter 5** for reporting guidance).

2.27.8. Investigate a member's absence to determine whether or not the absence is voluntary or involuntary. If determined the member's absence may be involuntary, contact the FSS Casualty Assistance Representative immediately for possible Duty Status Whereabouts Unknown reporting IAW DAFI 36-3002, *Casualty Services*. (Refer to **Chapter 5** for further guidance)

2.28. Force Support Squadron (FSS) Commander/Director:

2.28.1. Directs all assigned personnel, including IMAs and Nonappropriated Fund (NAF) personnel, in the affected GAOI to use AFPAAS during a disaster/emergency to obtain and report accountability until 100% accountability is achieved or reporting is suspended.

2.28.2. Executes the installation Force Support Readiness program.

2.28.3. Work with the Installation Deployment Officer and Installation Medical Commander to develop a Memorandum of Understanding to outline processes for producing the Red Medical Alert ID tag, the frequency of production and distribution to members' readiness folders.

2.28.4. Trains and prepares Force Support capability for deployment during wartime and contingency response considering Total Force utilization.

2.28.5. Budgets and requests funding for all training, to include Home Station Readiness Training, formal training, equipment UTC and other UTC requirements.

2.28.6. Ensures Home Station Readiness Training requirements are accomplished each AFFORGEN cycle, approves the annual readiness training plan, and receives monthly comprehensive updates on training status of assigned personnel.

2.28.7. Develops plans outlining military workload mitigation factors supporting maximum personnel contribution during rotational and surge deployment operations while still maintaining home-station personnel service support utilizing the A1 supplement to the AFFORGEN Support Plan. Plans should include supporting emergency response, DSCA, emergency evacuations (e.g., NEO, humanitarian, natural disaster) repatriation, wing-level augmentation requirements, and individual augmentation taskings.

2.28.8. Budgets and plans for contingency contracts and/or NAF Memorandum of Agreement.

2.28.9. Budgets for travel and per diem to fund Force Support manning assistance from all outside sources (e.g., IMA support on Military Personnel Appropriation man-day tours, if available, other AF units, etc.).

2.28.10. Plans for temporary civilian appointments in the event civilians deploy from the unit.

2.28.11. Serves as the base functional manager for all AF Force Support Specialty Codes (38F, 3FXXX, and 8CXXX), contingency taskings and other matters. Assist local resource managers with supporting wing postured Force Support UTCs and/or UTCs with Force Support assets.

2.29. Installation Chief, Civilian Personnel Flight (CPF) or Equivalent:

2.29.1. Assists the FSS IPR element and the installation deployment process with developing and implementing local civilian personnel policy and procedures.

2.29.2. Provides personnel data to IPR for creation of civilian personnel CED orders for those tasked to deploy in support of contingency support operations.

2.29.3. Provides contingency personnel support options for inclusion in the base support plans.

2.30. Installation Military Personnel Flight (MPF) Commander or Equivalent:

2.30.1. Provides PERSCO to support emergent contingency operations, natural disasters, etc.

2.30.2. Ensures IPR personnel complete DCAPES training within 12 months of assignment and are appointed to the position for no less than 18 months (12 months for overseas short tour bases). Ensures, to the maximum extent possible, personnel are not tasked for deployment during their assignment to IPR to avoid disruption of Installation Plan and Integration operations and continuity.

2.30.3. Provides personnel planning inputs to base deployment, base support, COOP and emergency action plans to include reception and accountability processes.

2.30.4. Assigns, equips, and trains personnel to operate the Personnel Deployment Function IAW AFI 10-403.

2.30.5. Ensures the MPF SADSP Manager is appointed and receives training within 30 days of appointment.

2.30.6. Ensures annual refresher training is provided to all assigned unit SADSP managers.

2.31. Force Support Squadron (FSS) Operations Officer:

2.31.1. Manages and provides oversight of day-to-day unit readiness program operations.

2.31.2. Ensures the Force Support Readiness program complies with prescribed directives to organize, train, and equip the unit.

2.31.3. Ensures Force Support representation in planning for installation emergency and incident response DAFI 10-2501, *Emergency Management Program*.

2.31.4. Coordinates, reviews, and develops applicable Force Support content in Adaptive, Crisis Action, and the Base Support and Expeditionary Plans.

2.31.5. Oversees the unit IMA Program and ensures IMAs are fully qualified to perform wartime duties.

2.31.6. Briefs the FSS Commander/Director on Designed Operational Capability statements annually.

2.31.7. Ensures annual budget and resources for readiness program management and execution are submitted to Resource Management.

2.31.8. Provides management and oversight of Unit Deployment Manager (UDM).

2.31.9. Oversees all unit readiness training.

2.31.10. Reviews Force Support resource and capability readiness reports for accuracy based on criteria established in AFI 10-201, *Force Readiness Reporting*.

2.31.11. Develops and implements home station military workload mitigation plans to maximize deployable capability during AFFORGEN rotational and surge operations.

2.31.12. Details the planning of contingency contracts, ARC force utilization and temporary civilian appointments, hours of operation, etc.

2.32. Force Support Squadron (FSS) Readiness Manager/UDM (or Unit Readiness Manager):

2.32.1. Ensures all assigned Force Support personnel are assigned to the appropriate AFFORGEN Employment Force Indicator (AEFI) as outlined in AFI 10-401 and AFI 10-403.

2.32.2. Follows requirements and procedures for UDM as outlined in AFI 10-403.

2.32.3. Implements all Force Support readiness training plans.

Chapter 3

FORCE SUPPORT READINESS PLANNING AND REPORTING

3.1. Force Support UTC Capabilities. A1 UTCs and/or cross functional UTCs with A1 capabilities are approved by AF/A1XO and documented in the Air Force UTC library. Reference AFI 10-401 and the Force Support Readiness Guide on the AF/A1XO Readiness SharePoint site (**https://usaf.dps.mil/sites/10097/KM/SitePages/A1XOR.aspx**).

3.2. Installation Level Planning.

3.2.1. Force Support units are responsible for planning at the installation level for Force Support capabilities. Specifically, units will ensure Force Support requirements are updated in the BAS&E Plan, installation level emergency response plans, operation plans, and local plans as directed by the parent wing. **(T-2)**

3.2.2. FSS leadership will develop and implement home station workload mitigation plans to offset deployed capability during deployment operations. **(T-2)** Mitigation plans should include, but not limited to, contractual support, contingency NAF Memorandum of Agreements, utilization of available ARC capabilities, civilian over-hires, delay of non-essential training and exercises and lastly a reduction in facilities and/or service.

3.3. Crisis Action Planning. Units must develop local checklists or operating instructions to outline actions and procedures to support base operation plans and contingency situations. **(T-2)** Plans should include, but not limited to, mobility deployments, major accident response, natural disaster response (including emergency sheltering of off-base civilians), terrorist attack response, Force Protection Condition changes, Chemical, Biological, Radiation and Nuclear attacks, reception and beddown of incoming forces, and non-combatant evacuation.

3.4. Control Center. Force Support units must establish a control center, as outlined in DAFI 10-2501, with the capability for Command and Control of unit resources for response to actual or exercise situations. **(T-1)**

3.5. Posturing Guidance. A1 UTCs and/or cross functional UTCs with A1 capabilities are postured to support Defense Planning Guidance. The AF/A1 FAM publishes guidance in the current Global Force Management cycle to ensure proper capabilities are postured. UTCs are postured at a level consistent with the most stringent demand for surge and post-surge operations to meet CCMD requirements.

3.6. Air Task Force (ATF)/Deployable Combatant Wing (DCW). The ATF/DCW is constructed using the following: Command-and-Control (C2) Command Echelon with A-Staff and Special staff functions, Combat Airbase Squadron (CABS), Mission Generation Force Elements (MGFEs), and Mission Sustainment Teams (MSTs). Capability Enhancement Teams (CETs) augment rotational forces, such as the ATF/DCW, when there is a threat level increase or a non-organic capability required.

3.7. Force Support Readiness Program Funding. Force Support readiness requirements (personnel, training, equipment, and supplies) are funded through appropriated funds.

3.7.1. Basic Recreational Program Funding. While deployed, authorized basic recreational programs will be funded IAW AFI 65-106, *Appropriated Fund Support of Morale, Welfare, and Recreation (MWR) and Other Nonappropriated Fund Instrumentalities (NAFIS)*.

3.7.2. Funding for Nonappropriated Fund resale operations. The Component NAF/Service Component Command is responsible for deployed installations and will coordinate funding for NAF Fund resale operations with AFSVC/VF. **(T-1)** This funding includes requirements for startup operations as well as sustained and enduring programs in the deployed area of responsibility.

3.8. Equipment and Supplies.

3.8.1. Purpose. Units with Force Support UTC requirements will plan for equipment, supplies, and funding annually to ensure program success. **(T-2)** The plan must address budgetary needs to maintain and acquire equipment for home station use as well as deployment requirements. **(T-2)**

3.8.2. Equipment UTCs. Units with Force Support UTC requirements must be equipped with required equipment as postured in the UTC Availability. **(T-1)** Equipment is built to be deployed based on the lead and follow-on concept. Specific line item requirements can be found in the Logistics Detail. Other base agencies/units may need to procure, store, maintain, and issue deployment equipment, for the Force Support teams to meet their deployment commitment.

3.8.3. Prime Readiness in Base Services Decals. Units are authorized to use Prime Readiness in Base Services decals for identification of supplies and equipment. The AF visual aid (AFVA) numbers are:

3.8.3.1. AFVA 10-215, *Two-Inch Prime Readiness in Base Services Decal.*

3.8.3.2. AFVA 10-216, *Four-Inch Prime Readiness in Base Services Decal.*

3.8.3.3. AFVA 10-217, *Eight-Inch Prime Readiness in Base Services Decal.*

3.8.4. Manpower and Equipment Force Packaging System (MEFPAK). Force Support UTCs are registered in the MEFPAK System under the alphanumeric series “RF". Mission capability statements and manpower force element listings for each UTC are contained in the MEFPAK system located within DCAPES. A Logistics Detail for each UTC is maintained in the Logistics Force Packaging System.

3.9. Force Support Readiness Reporting. Reference AFI 10-201 and the Force Support Readiness Guide on the AF/A1XO Readiness SharePoint site.

Chapter 4

FORCE SUPPORT READINESS EDUCATION AND TRAINING

4.1. Force Support Readiness Education and Training.

4.1.1. The Force Support community organizes, trains, and equips capability to support specific geographic and CCMD's requirements based on the Defense Planning Guidance and other planning guidance. In order to support these needs, the community structures capability through both posturing UTCs and coding manpower authorizations to perform these functions.

4.1.2. Force Support readiness training guidance is based upon UTC Mission Capabilities (MISCAPs), Operation Plans (OPLANs), Component and/or mission requirements.

4.1.2.1. Refer to the Force Support Readiness Guide on the AF/A1XO Readiness Branch SharePoint for further guidance.

4.1.2.2. For Airmen assigned to ATF/DCW UTCs, additional training requirements are outlined in the associated Training Plan and annexes and are the core documents providing guidance regarding the training and preparation to deploy as a Unit of Action.

4.1.3. All Total Force Support Airmen will follow requirements and procedures for Ready Airman Training (RAT) as outlined in AFI 10-405, *Ready Airman Training*. Additional Force Support readiness training requirements can be found in the Force Support Readiness Guide on the AF/A1XO Readiness Branch SharePoint site.

4.1.4. Training for Force Support UTCs is coordinated with the CFMs and program functional authorities (e.g., Sexual Assault Response Coordinator (SARC), Manpower, Personnel or Services, etc.) with AF/A1XO determining any additional mandatory courses for readiness training requirements. **(T-1)** All Force Support personnel will receive targeted mission specific education and training as required to meet the assigned UTC MISCAP statement.

4.1.5. Course curriculum and additional materials are developed in conjunction with key A1 stakeholders (included but not limited to representation from FOAs, MAJCOMs and Service Component Commands). A1 stakeholders provide subject matter expertise and review readiness training curriculum prior to implementation with Force Support units, Silver Flag sites, and Air Education and Training sites.

4.1.6. Training completion can be documented in Automated Readiness Information System (ARIS) and/or myLearning, if not tracked via another Air Staff and/or MAJCOM-approved automated system or tool as defined in AFI 10-403, Deployment Planning and Execution.

4.2. Force Support Readiness Training Responsibilities. The following responsibilities are in addition to those outlined in **Chapter 2** of this DAFI.

4.2.1. AF, Directorate of Plans and Integration, Force Support Career Field Management and Readiness Division (AF/A1XO):

4.2.1.1. Serves as functional OPR for all Force Support Readiness training curriculum and reviews and approves all readiness curriculum for all Force Support courses.

4.2.1.2. Chairs the Readiness Training Working Groups.

4.2.1.3. Develops Silver Flag - Force Support Contingency Training program and Site Certification guidance.

4.2.2. Air Force Personnel Center, Force Generation Operations and Readiness Division (AFPC/DPMW):

4.2.2.1. Develops and manages changes to Personnel Readiness training curriculum.

4.2.2.2. Participates in Readiness Training Working Groups.

4.2.2.3. Participates in Silver Flag – Force Support Contingency Training staff assistance visits and site certifications.

4.2.3. Air Force Services Training and Development (AFSVC/VIT):

4.2.3.1. Participates in Silver Flag – Force Support Contingency Training staff assistance visits and site certifications. Ensures curriculum delivery is aligned with certified instructional standards, and that course content, instructional methods, and training materials meet validated readiness objectives.

4.2.3.2. Develops, reviews, and manages changes to Services Readiness training curriculum.

4.2.4. Air Force Services Center, Mission Operations, Readiness and Plans Division (AFSVC/VMR):

4.2.4.1. Develops and manages changes to Services Readiness training curriculum, in coordination with AFSVC/VIT.

4.2.4.2. Participates in Readiness Training Working Groups.

4.2.4.3. Participates in Silver Flag – Force Support Contingency Training staff assistance visits and site certifications.

4.2.5. Force Support Professional Development School (FSPDS) at the Eaker Center:

4.2.5.1. Develops and facilitates Readiness training courses as outlined in the Force Support Readiness Guide posted on the AF/A1XO Readiness SharePoint.

4.2.6. MAJCOM Directorates of Manpower, Personnel and Services (MAJCOM/A1):

4.2.6.1. Directs force support readiness doctrine, guidance and manages the Force Support Readiness program for their respective MAJCOMs.

4.2.6.2. Provides Silver Flag program oversight to their respective units assigned to their MAJCOM, using AF/A1XO approved curriculum and program guidance.

4.2.6.3. The follow outlines MAJCOM purview for established Silver Flag – Force Support Contingency Training locations:

4.2.6.3.1. United States Air Forces in Europe (USAFE): 435 Contingency Training Squadron, Ramstein Air Base, Germany

4.2.6.3.2. Pacific Air Forces (PACAF): 554 RED HORSE Squadron, Anderson Air Force Base, Guam

4.2.6.3.3. Air Force Reserve Command (AFRC): 622 Training Squadron, Dobbins Air Reserve Base, Georgia

4.2.6.3.4. Air Combat Command (ACC): 801 RED HORSE Training Squadron, Tyndall Air Force Base, Florida

4.2.6.4. Schedules and conducts Silver Flag – Force Support Contingency Training staff assistance and site certification visits, in coordination with AFPC, AFSVC and the training site.

4.3. Home Station Readiness Training.

4.3.1. Force Support Home Station Readiness Training is required and the mandatory blocks for each AF Specialty Code are outlined in the Force Support Readiness Training matrix posted on the AF/A1XO Readiness SharePoint site. Training reporting requirements and timelines are outlined in DRRS. For additional guidance on Readiness Reporting, refer to AFI 10-201. **(T-1)**

4.3.2. Institutional Forces. Institutional forces can be tasked to fill warfighter requirements, therefore, are recommended to complete applicable just-in-time homestation readiness training requirements as outlined in the Force Support Readiness Training matrix posted on the AF/A1XO Readiness SharePoint site. Members assigned to institutional force positions must attend training for their specific contingency/wartime duty as required by their unit and/or assigned UTC MISCAP. Examples of this include responding to crisis action teams/cells as required and executing the AF Forces staff functions.

4.3.3. Vehicle Training. Vehicle Training is required for Force Support personnel as outlined in the Force Support Readiness Training matrix posted on the AF/A1XO Readiness SharePoint site. Training reporting requirements and timelines are also outlined in DRRS. For additional guidance on Readiness Reporting, refer to AFI 10-201. **(T-1)**

4.3.4. Weapons Training. Forces Support personnel will be trained on the required weapons system according to their arming group referenced in DAFI 31-131, *Combat Arms Training and Maintenance Program.*

4.4. Silver Flag – Force Support Contingency Training.

4.4.1. Silver Flag provides training on core functions to prepare warfighters to deliver Force Support mission essential readiness capabilities. The Force Support Contingency Training title is identified for scheduling purposes in Automated Readiness Management System (ARIS), however, is an element of the overall Combat Support/Combat Service Support (CS/CSS) Silver Flag training program.

4.4.2. Force Support members will perform mission essential readiness tasks as a team. Silver Flag trains to complete bare base beddown, sustainment, and recovery operations using basic expeditionary airfield resource assets in a realistic environment. Where possible, combat skills are added to ensure realism and help fortify warrior ethos.

4.4.3. Units will ensure members complete Silver Flag in the Reset or Prepare Phase of their AFFORGEN Cycle. **(T-1)** Attendance and Air Force Specialty Code (AFSC) requirements are outlined in the Force Support Readiness Training matrix posted on the AF/A1XO Readiness SharePoint site. Training reporting requirements and timelines are outlined in DRRS. For additional guidance on Readiness Reporting, refer to AFI 10-201. **(T-1)**

4.4.4. To receive credit for DRRS reporting, Silver Flag must be conducted at an approved contingency training location. **(T-1)**

4.4.5. Approved Silver Flag Locations:

4.4.5.1. 435 Contingency Training Squadron, Ramstein Air Base, Germany

4.4.5.2. 554 RED HORSE Squadron, Anderson Air Force Base, Guam

4.4.5.3. 622 Training Squadron, Dobbins Air Reserve Base, Georgia

4.4.5.4. 801 RED HORSE Training Squadron, Tyndall Air Force Base, Florida

4.5. Silver Flag – Force Support Contingency Training Scheduling and Funding.

4.5.1. Refer to the Force Support Readiness Guide on the AF/A1XO Readiness Branch SharePoint for further guidance on scheduling.

4.5.2. Silver Flag - Force Support Contingency Training is centrally funded for RegAF members IAW Combat Support/Combat Service Support Contingency Training Funding guidance. AFIMSC will consolidate all requirements annually for inclusion in the Program Objective Memorandum. Funding requirements will be determined based on guidance outlined in the Force Support Readiness Training matrix posted on the AF/A1XO Readiness SharePoint. AFRC/A1X or NGB/A1X will provide funding guidance for their personnel.

4.6. Silver Flag – Force Support Contingency Training Exceptions.

4.6.1. MAJCOM A1R's will direct certain Overseas CCMD In-Place (PACAF/USAFE) units and members exemption from attending Silver Flag based on short or long tour lengths (e.g., Royal Air Force Fairford, Incirlik Air Base or Korea bases).

4.6.2. Force Support Airmen assigned outside of the FSS as CCMD In-Place or Other Government Agencies (e.g., missile chefs and personnel specialists) are exempt from attending Silver Flag and will train for their contingency/wartime mission determined by their unit and identified on their Unit Summary Statement(s). Upon reassignment to the FSS, members will attend Silver Flag IAW their assigned AFFORGEN cycle.

4.6.3. All Force Support AFSCs in Institutional Force or in-place home station units (e.g., Air Base Wing (ABW), In-Place Combat Wing (ICW)) forces may attend Silver Flag on a space-available basis IAW their assigned AFFORGEN cycle.

4.6.4. Personnel assigned to Fatality Search and Recovery Team UTCs (ANG only) are not required to Silver Flag. They will attend Fatality Search and Recovery Team training that is required to certify teams and meet designated response times. **(T-1)**

4.7. Silver Flag – Force Support Contingency Training Cadre.

4.7.1. Executes the Force Support approved curriculum in compliance with the Silver Flag - Force Support Contingency Training Site Assessment Checklist and Instructor Certification Training Plan. **(T-2)**

4.7.2. Trains and evaluates Force Support capabilities based on CCMD needs and requirements identified by the WFRR and approved by AF/A1XO. **(T-1)**

4.7.3. IAW the Enlisted Classification Directory requirement for T-prefix instructors, all instructors will complete a formal USAF instructor course available in the Education and Training Course Announcements (ETCA) catalog within 6 months of assignment (e.g., Classroom Instructor Course (CIC), Basic Instructor Course (BIC) or Principles of Instruction (POI)). **(T-2)** This requirement applies to the D-prefix Section Chief position as well.

4.7.4. All instructors are required to have a current Cardiopulmonary resuscitation (CPR) certification. All newly assigned instructors who do not have a current CPR with Automated External Defibrillator (AED) certification will be scheduled for CPR training within 3 months of arrival. **(T-2)**

4.7.5. Participates in Force Support readiness training curriculum review sessions and working groups, as required.

4.8. Silver Flag – Force Support Contingency Training Site Assessment.

4.8.1. A joint readiness team from the owning MAJCOM/A1R, AFPC, and AFSVC representatives will visit each site every 24 months and assess compliance with the approved Silver Flag - Force Support Contingency Training Site Assessment Checklist and Instructor Certification Training Plan. **(T-1)**

4.8.2. Silver Flag training site assessments are pass/fail. Pass/fail conditions are outlined in the Silver Flag - Force Support Contingency Training Site Assessment Checklist and Instructor Certification Training Plan.

4.8.3. An official certification report will be prepared by the assessment team, led by the host MAJCOM/A1 and forwarded to AF/A1XO with distribution to the Force Support staff at the Silver Flag site within 14 calendar days after completion of the visit. **(T-1)**

4.8.4. The Silver Flag - Force Support Contingency Training site owning MAJCOM/A1 is required to coordinate on the completed certification report and address all findings (critical and non-critical) and corrective actions to AF/A1XO within 45 days of receipt.

4.8.5. Certification Failure: The following conditions result in certification failure:

4.8.5.1. Non-compliance with any two (2) critical items on the certification checklist.

4.8.5.2. Non-compliance with any five (5) items total on the certification checklist.

4.8.5.3. Repeat non-compliance on any item identified on the previous two consecutive certifications.

4.8.5.4. If a Silver Flag – Force Support Contingency Training site fails a certification, it will be evaluated no earlier than 30 days and no later than 90 days from the completed certification report, unless otherwise coordinated. If the re-evaluation results in a second failure, AF/A1XO will determine the appropriate course of action through additional coordination with the owning MAJCOM/A1 and site leadership.

4.9. Force Support Training – Mission Specific.

4.9.1. Rapid Engineer Deployable Heavy Operations Repair Squadron Engineers (RED HORSE). Force Support personnel assigned to RED HORSE UTCs will be trained for their specific requirements to support that capability. Required training can be found in AFI 10-209, *RED HORSE Program*. **(T-1)** Force Support personnel assigned to RED HORSE units will work with their squadron's leadership to create realistic training scenarios utilizing Force Support HSRT material to complement the unit's mission and response time and remain current on wartime tasks.

4.9.2. Fatality Search and Recovery Team (ANG only). Personnel assigned to Fatality Search and Recovery Team UTCs will be trained and prepared to respond in humanitarian and disaster relief operations to include other contingency situations. **(T-1)**

4.9.2.1. Personnel assigned to Fatality Search and Recovery Team UTCs are not required to attend Silver Flag. They will attend Fatality Search and Recovery Team training that is required to certify teams and meet designated response times. **(T-1)**

4.9.2.2. Personnel assigned to these UTCs will accomplish Force Support Home Station Readiness Training to remain current on wartime tasks. **(T-1)** When this team is activated, they must be placed in an appropriate duty status (e.g., T-32, T-10, etc.).

4.9.3. Nonappropriated Fund (NAF) Accounting. For 3F1s deploying against the NAF Accountant Functional Accounting Code (FAC), that will require pre-deployment training will be identified and notified of training requirements via a component remark code or direct notification by the respective USAF Forces and/or Service Component Command staff. This training will be conducted to familiarize the members with the status of the funds as well as processes and procedures for the Area of Responsibility.

4.9.4. **Contracting Officer Representative.** For 3F1s deploying as a Contracting Officer Representative, personnel will require pre-deployment training and will be identified and notified of training requirements via a component remark code or direct notification by the respective USAF Forces and/or Service Component Command staff. This training will be conducted to familiarize the members with the processes and procedures for the Area of Responsibility.

4.9.5. Equal Opportunity. The responsibility for establishing and maintaining Equal Opportunity (EO) career field education, training, and certification standards resides with Assistant Secretary of the Air Force, Manpower and Reserve Affairs, Equal Opportunity (SAF/MRQ), in collaboration with AF/A1P, which holds functional oversight. AF/A1XO, in coordination with SAF/MRQ and AF/A1P, is responsible for determining deployment qualification requirements to ensure personnel meet the necessary standards for EO-related duties.

4.9.6. Sexual Assault Response Workforce (SARW). Requirements for SARW education, training, and certification rests with AF/A1Z, which is the office with functional oversight for the Sexual Assault Prevention and Response (SAPR) program and personnel. AF/A1XO, in coordination with AF/A1Z and AFPC/DPFZ, determines deployment qualification requirements.

4.9.7. Contingency Wartime Planners Course (CWPC). Readiness planners assigned to FOAs, MAJCOMs and Service Component Commands are encouraged to attend this course, pending class quota availability.

4.9.8. Installation Response Training Requirements. Force Support personnel are part of the installation response team as outlined in DAFI 10-2501. Each Force Support unit will follow their installation-specific plans and training requirements to meet this mission. **(T-2)** Some key areas that Force Support might be involved in are assisting families, mortuary/search and recovery, providing food support, shelter management, mass care, and ensuring mission continuity.

4.9.9. CCDR In-Place Training. Other forces assigned outside of FSS as CCMD In-Place/Other Government Agencies, such as missile chefs, personnel specialists, and Airmen supporting USSF operations, must train for their contingency/wartime mission determined by their unit and identified in their Unit Summary Statement(s). **(T-1)** This includes Space Force-aligned Airmen assigned to CCMDs such as US Space Command through component field commands, as well as deployable Space Force detachments aligned to other CCDMs. They must participate in and document the training in their Total Force Training Record to ensure in-place wartime readiness. **(T-1)**

4.9.10. Skill Enhancement Courses (SEC). Training courses offered by and for ANG members to conduct in-garrison readiness and program management.

4.9.11. Expeditionary Manpower Management Course. All enlisted and civilian Manpower personnel tasked to deploy on 3F3 taskings must complete this course during the certify phase of the AFFORGEN cycle. **(T-1)** This course measures the 3F3's knowledge of the students' Expeditionary Manpower Management capabilities, while preparing them for expeditionary operations.

4.9.12. Deliberate and Crisis Action Planning and Execution System (DCAPES). Individuals assigned to a Manpower Office, an IPR, assigned to UTCs that require a 295 Special Experience Identifier, and those preparing to deploy in a UTC that requires DCAPES access must attend the DCAPES course.

4.9.13. The courses listed in this section are not all inclusive. Additional Force Support Training – Mission Specific courses are listed in the A1 Readiness Guide posted on the AF/A1XO Readiness SharePoint site.

Chapter 5

PERSONNEL ACCOUNTABILITY AND PERSCO OPERATIONS

5.1. Overview. The DAF is required to quickly obtain and report personnel accountability to comply with DoD requirements in Department of Defense Directive (DoDD) 1100.4, *Guidance for Manpower Management*, DoDI 1336.07, *Management of Personnel Tempo*, and DoDI 3001.02. Personnel accountability provides commanders, planners, and managers with the status of the force and can be used in making force management decisions.

5.1.1. As defined, personnel accountability is the process for communicating, assessing, and confirming the status and condition of all personnel within an organization regardless of their location. The objectives of personnel accountability programs are to capture and immediately report all changes in a member's strength accounting duty status (TDY, leave, pass, quarters, etc) in the appropriate personnel database.

5.1.2. Personnel are considered "accounted for" when any of the following occur: 1) The individual is physically present, 2) The individual has been contacted or has made contact (e.g., by telephone or other means), or 3) The individual is in an official status such as, but not limited to Unauthorized Absence, desertion, deceased, or missing.

5.1.3. This chapter will provide guidance on personnel accountability, SADSP, PERSTEMPO management, IPR and PERSCO functions, and ID Tags.

5.2. Use of Air Force Personnel Accountability and Assessment System (AFPAAS).

5.2.1. During natural disaster or national emergency (real world or exercise) events and when directed by DAF leadership, AFPAAS or equivalent DoD approved system will be used to attain and report Total Force DAF accountability. **(T-2)**

5.2.2. AFPAAS utilizes data from the DMDC Personnel Accountability Reporting System (PARS) database to identify members and/or family members assigned, living, or temporarily in the affected area.

5.2.3. AFPAAS provides valuable information to the DAF chain of command, enabling commanders at all levels to make strategic decisions and facilitating a return to normal operations after a disaster or national emergency.

5.2.4. MAJCOM/FLDCOM leadership and installation commanders may request a real-world event in lieu of DAF leadership directing local accountability events. The installation submits the request to the MAJCOM/FLDCOM, and the MAJCOM/FLDCOM will submit to AFPC/DPMWR for approval.

5.2.5. When the impacted area is outside the CONUS, all DAF sponsored military, civilians and DoD contractors, to include all family members, must be accounted for. Foreign nationals are excluded.

5.2.6. Refer to DAFMAN 36-3805 for AFPAAS procedural guidance.

5.2.7. Refer to **Chapter 6** for information regarding Evacuation of US Citizens and Designated Aliens from Threatened Areas Abroad.

5.3. Strength Accounting Duty Status Program (SADSP).

5.3.1. The DAF SADSP exists to enhance personnel accountability, improve crisis responsiveness and is the keystone of the PERSTEMPO reporting, tracking, and management process. The DAF SADSP is the unit commander's responsibility and is event-oriented which encompasses numerous and varied types of strength accounting duty status conditions.

5.3.2. During normal day to day operations, the DAF SADSP is used to depict the current status of the force and is designed to provide commanders, planners, and managers with strength-affecting information via updates in the MilPDS and other appropriate personnel systems (e.g., Civilian Personnel Data System, etc).

5.3.3. Wherever and whenever possible, personnel accountability procedures should follow the chain of command. **(T-2)** If regular reporting channels are not viable, individuals and units must use any available means to report accountability information.

5.3.4. DAF personnel accountability applies to total force personnel in any status to include but not limited to present for duty, TDY, leave, pass, permanent change of station enroute, terminal leave and unauthorized absence and applicable to:

5.3.4.1. RegAF members including those assigned to Joint and Defense organizations and their DEERS enrolled family members.

5.3.4.2. Regular Space Force members and Space Force members on Sustained Duty (SFAS-SD) orders.

5.3.4.3. Selected Reserve:

5.3.4.3.1. ANG, Active Duty United States Code (USC) Title 10, Active Duty Title 32, State Active Duty, Drilling Guardsmen (Traditional and ANG Technicians), and DEERS enrolled family members of these Guard categories.

5.3.4.3.2. Reserve on USC Title 5 or 10 status, Drilling Reservist (Traditional and Air Reserve Technicians), IMA, and the DEERS enrolled family members of these Reserve categories.

5.3.4.3.3. Space Force members in Space Force Not on Sustained Duty (SFAS-NSD) status (whether on active duty or not) and the DEERS enrolled family members of these members.

5.3.4.4. DAF and NAF AF civilian employees and their family members when they are receiving evacuation entitlements.

5.4. Non-Contingency Strength Accounting Duty Status.

5.4.1. Strength accounting duty status conditions are reported when an individual is or will be projected to be in a strength accounting duty status other than Present for Duty (PFD) for more than 24 hours. Most TDY strength accounting duty status conditions are updated prior to the event via MilPDS. Units will establish procedures to make timely and accurate duty status updates. Contingency TDYs (strength accounting duty status Codes 20 or 21) are updated by the IPR only.

5.4.2. Refer to DAFMAN 36-3805 for additional guidance on SADSP conditions.

5.5. Authorized and Unauthorized absences.

5.5.1. Units immediately report all duty status changes, lasting 24 hours or more, which includes both authorized absences (e.g., leave, TDY, sick in quarters, etc) and unauthorized absences (e.g., desertion, AWOL, confinement, etc). Units establish procedures to manage strength accounting duty status actions (e.g., in or outprocess, roll calls, etc.) and then make timely and accurate duty status updates. Contingency TDYs (strength accounting duty status Codes 20 or 21) are updated by the IPR only.

5.5.2. Authorized absence is an approved duty status from appropriate authority for Airman or Guardians who are voluntarily or involuntarily absent from their place of duty.

5.5.3. Unauthorized Absences are pay-effecting actions directly impacting a unit's personnel accountability and readiness; therefore, it is imperative that commanders and supervisors act promptly when a member is not present for duty. Unit commanders have the primary responsibility to determine the circumstances surrounding the absence. The commander, first sergeant, and/or supervisor should contact co-workers, family, friends and collaborate with local security forces and/or OSI Detachment to determine whether or not the absent is voluntary or involuntary.

5.5.4. If the unit commander determines the member's absence may be involuntary, contact the FSS Casualty Assistance Representative immediately for possible Duty Status Whereabouts Unknown reporting in accordance with DAFI 36-3002, Casualty Services.

5.5.5. If the unit commander determines the member's absence is voluntary, then the commander must classify the member as AWOL or Deserter. The commander must submit duty status change request to AFPC/DPFCM within 1 duty day. AFPC/DPFCM will update MilPDS with the appropriate duty status code (Duty Status Code 06 (Deserter) and 07 (AWOL)). Any Unauthorized Absence of 24 hours or less is considered as "failure to go" and is not reported to AFPC. **(T-1)**

5.5.5.1. Absence without leave (AWOL) is defined as a voluntary Unauthorized Absence greater than 24 hours and less than 31days.

5.5.5.2. Deserter is defined as a voluntary Unauthorized Absence greater than 30 consecutive days. However, commanders may report a member as a deserter immediately, regardless of the length of the absence if they meet the criteria listed below:

5.5.5.2.1. The commander has determined that the member has no intention of returning IAW Article 85, Uniform Code of Military Justice (UCMJ).

5.5.5.2.2. If travel or duty restrictions are imposed IAW DoDMAN5200.02_AFMAN 16-1405, *Department of the Air Force Personnel Security Program*.

5.5.5.2.3. Has had access in the past 12 months to Top Secret information or other classified information that requires special access authority.

5.5.5.2.4. Has gone to, or stayed in, a foreign country and, while there, has asked for or taken any type of asylum or resident permit from that country or its governmental agencies.

5.5.5.2.5. Has action pending on a previous Unauthorized Absence that has not been completed.

5.5.5.2.6. Is an escaped prisoner.

5.5.5.2.7. Is under investigation for violating the UCMJ or against whom charges for any offense have been referred to any level of court-martial.

5.5.5.2.8. Is believed likely to commit violent acts or may harm themselves or the general public.

5.5.5.2.9. AFPC/DPFCM has determined member is a deserter.

5.5.5.3. The unit Commander will provide periodic updates to AFPC/DPFCM and next of kin (NoK) in accordance with DAFMAN 36-3805.

5.5.5.4. Members are dropped from unit rolls and reassigned to AFPC Personnel Accounting System Code (PASCODE) after 90 consecutive days of absence. **(T-1)**

5.6. Actions Taken After an Absentee is Returned to a Servicing Military Installation. The unit commander, with the assistance from the FSS/MPF and unit SADSP manager, will immediately notify AFPC/DPFCM of the member's return to military control. **(T-2)** Refer to DAFMAN 36-3805 for procedural guidance.

5.6.1. Disposition of returned absentees is typically based on length of absence. AFPC/DPFCM coordinates with commanders and directs installation to receive members, as necessary. **(T-1)**

5.6.2. If absence is less than one year, the absentee will be returned to the unit they were assigned to at the time of their Unauthorized Absence.

5.6.3. If absence is greater than one year, the absentee will be transferred and assigned to the nearest DAF active-duty installation.

5.7. Escorts. The unit commander coordinates with Security Forces to determine if absentees need escorts.

5.8. Special Requirements for ANG and AFR Members.

5.8.1. This section applies to ANG or AFR members ordered to extended active duty voluntarily or involuntarily per DAFI 36-2110, *Total Force Assignments*.

5.8.1.1. When an extended active duty order calls an ARC member to active duty, the active duty unit where the member is temporarily assigned to processes the absentee only after coordination with the unit of assignment. **(T-1)**

5.8.2. If Special Activities Branch (AFPC/DP3SP) or Headquarters USAF Academy, Cadet Accessions (AFA/A1A) ordered the member to extended active duty, contact the appropriate office immediately to determine if substantial proofs of delivery of orders exist before taking any Unauthorized Absence action. **(T-1)**

5.9. Commander's Determination Upon Return to Military Control. The action unit commander will:

5.9.1. Take responsibility for disposition of Unauthorized Absence. **(T-1)**

5.9.2. Review case circumstances and consult with judge advocate (JA) to determine if the absence was avoidable or unavoidable. **(T-1)**

5.9.3. If a member dies during an Unauthorized Absence, the unit Commander must make a new status determination. After considering all available facts, the commander determines if the member was in duty status, absent on leave, absent without leave, or a deserter. **(T-2)**

5.9.4. Refer to DAFMAN 36-3805 for procedural guidance.

5.10. Erroneous Reports of Unauthorized Absence. When a commander determines that a desertion or Unauthorized Absence was reported in error, contact AFPC/DPFCM immediately to revoke the absence and remove the associated documents from the member's Master Personnel Record. **(T-1)**

5.11. Personnel Tempo (PERSTEMPO).

5.11.1. Overview. The National Defense Authorization Act of 2000 requires all Military Services to track, manage, and report high-deployment events. In addition, the OSD requires commanders to report and track activities that keep members away from their homes for 24 hours or more (e.g., individual training, hospitalization, operational TDY). The primary means to track high PERSTEMPO events is through accurate and timely strength accounting duty status reporting. PERSTEMPO is defined in Section 991(D)(f)(3) of Title 10, USC The term "personnel tempo" means the amount of time members of the armed forces are engaged in their official duties at a location or under circumstances that make it infeasible for a member to spend off-duty time in the housing in which the member resides. Refer to Attachment 3 in DAFMAN 36-3805 for a list of PERSTEMPO Deployment and Non-deployment Events.

5.11.2. It is the commander's responsibility to manage PERSTEMPO within their units by using an available PERSTEMPO tracking system (e.g., TMTS, etc) and must ensure all TDYs are reported for update in the member's MilPDS records.

5.11.3. SADSP reporting is the foundation of the PERSTEMPO reporting, tracking, and management process. The PERSTEMPO events must be reported via the SADSP updates in MilPDS. Refer to DAFMAN 36-3805 for SADSP procedural guidance.

5.11.4. Commanders are responsible for timely and accurate information ensuring members do not proceed on TDYs over the threshold of 400 days out of the preceding 730 days unless a waiver is approved. **(T-0)** Commanders must make every effort to avoid sending members on TDYs that count towards the threshold that would ultimately prevent them from supporting AFFORGEN requirements. **(T-0)**

5.11.5. Waivers. IAW DoDI 1336.07, DAF PERSTEMPO threshold waiver approval authority is delegated to not below the level of a one-star general or flag officer, or senior executive service–equivalent, in the Service member's chain of command. An service member's commander must request and obtain waiver approval prior to TDY orders being processed.

5.11.6. Documentation and Disposition of Threshold Letters. Copies of all threshold approval letters will be provided to the member, unit commander, waiver approval authority and MAJCOM/A1 or FLDCOM/S1. The unit CSS will maintain a copy at the unit for AF Inspection Agency or Audit Agency reviews.

5.11.7. Annual PERSTEMPO Threshold waiver reporting.

5.11.7.1. AF/A1XO will submit a data call to MAJCOM A1s/FLDCOMs S1s to provide an annual PERSTEMPO report as defined by DoD policy each fiscal year.

5.11.7.2. The Military Departments are required to submit an annual PERSTEMPO waiver report to the Office of the Under Secretary of Defense for Personnel and Readiness (USD (P&R)) each year summarizing, by component:

5.11.7.2.1. The total number of 400-day threshold waivers in the past fiscal year.

5.11.7.2.2. The pay grades and military occupations (e.g., AFSC) most waived.

5.11.7.2.3. Any primary event drivers that emerge based on patterns influencing the generation of waiver requests.

5.11.7.2.4. Subjective projections of long-range effects on Service members and units affected by 400-day PERSTEMPO threshold waivers, specifically related to readiness, retention, and quality of life.

5.12. Installation Personnel Readiness (IPR) function.

5.12.1. IPRs assist home station commanders in obtaining and maintaining accurate accountability for assigned personnel at all times regardless of location.

5.12.1.1. For personnel deployed in support of contingency, humanitarian or disaster relief operations or Chairman of the Joint Chiefs of Staff or Command exercises that require a Time-Phased Force Deployment Data (TPFDD), IPRs use DCAPES, MilPDS transaction registers and rosters for accurate duty status reporting.

5.12.1.2. IPRs use AFPAAS when personnel accountability is directed for natural disasters and/or emergencies. **Note**: IPRs may assume the PERSCO role for forces deployed to their location.

5.12.1.3. IPRs request DCAPES user account through assigned Sub-Functional Manager.

5.12.2. IPRs utilize the Deployment Requirements Manning Document (DRMD) to manage all deployed requirements tasked to units they service. IPRs monitor these requirements and coordinate with unit commanders to obtain sourcing action.

5.12.3. IPRs support activated Personnel Deployment Function maintaining personnel accountability, deployment eligibility, CED orders, ID tags and final outprocessing actions IAW AFI 10-403.

5.12.4. IPRs may support activated Reception Control Centers maintaining personnel accountability IAW DAFMAN 36-3805.

5.13. Contingency, Exercise, and Deployment (CED) Orders.

5.13.1. Administrative Orders. IPR or designated individuals on an activated Personnel Deployment Function are authorized to publish CED orders.

5.13.2. CED orders published by the IPR are the only type of orders authorized for deployment of DAF personnel assigned to DAF units in support of contingency, humanitarian or disaster relief operations or Chairman of the Joint Chiefs of Staff or Command exercises that require a Time-Phased Force Deployment Data (TPFDD).

5.13.3. Use of the computer-generated CED orders is authorized according to AFI 65-103, *Temporary Duty/Special Orders*.

5.13.4. Ensure the information appearing on computer-generated CED orders complies with guidelines outlined in the Joint Travel Regulations (JTR) *Uniformed Service Members and DoD Civilian Employees*. **(T-2)**

5.13.5. Do not authenticate CED orders for local exercises where movement is simulated. **(T-2)**

5.13.6. Generate North Atlantic Treaty Organization (NATO) orders to fulfill treaty requirements (refer to AFI 65-103)**. (T-0)**

5.13.7. CED Orders will be produced unclassified. **(T-2)** For classified deployments, use "****" to data mask information on all Contingency Exercise and Deployment Orders. **(T-2)**

5.13.8. Further guidance on CED order generation can be found in DAFMAN 36-3805.

5.14. Identification (ID) Tags. IAW AFI 10-403 and individual preparedness pre-deployment requirements, all DAF personnel are required to maintain a serviceable set of ID tags and medical ID tags, if required.

5.14.1. Issue ID tag set with two tags, one long-length neck chain, and one short-length chain **(T-2)** when:

5.14.1.1. Upon entrance into Regular AF or ARC. **(T-2)**

5.14.1.2. When information on ID tags is invalid or ID tags are missing. **(T-2)**

5.14.1.3. Upon notification of deployment for civilian personnel. **(T-2)**

5.14.1.4. Wear identification tags (regular or medical) IAW command guidance.

5.14.2. Each tag will consist of five lines of text:

5.14.2.1. First line – Last name.

5.14.2.2. Second line – First name and middle initial.

5.14.2.3. Third line – DoD ID Number/Electronic Data Interchange Personal Identifier.

5.14.2.4. Fourth line – Blood type.

5.14.2.5. Fifth line – Religious preferences. Religious preferences are listed in DAFMAN 36-3805, Attachment 4. Members are permitted to select preferences beyond this list.

5.14.2.6. **Notes:** If information exceeds the line maximum characters, prepare as follows:

5.14.2.6.1. Name: Input name until maximum characters is met. Any additional characters are not added.

5.14.2.6.2. Religious preference: Abbreviate, if required, using local procedures.

5.15. Red Medical Alert Tags. Home station MDGs/MDSs will provide a Red Medical Alert ID tag to deploying personnel with a documented medical allergic condition IAW AF/SG guidance. **(T-2)**

5.15.1. Reissue identification tags only to replace lost tags or to correct changed or erroneous data.

5.15.2. Do not reissue identification tags to correct administrative errors.

5.16. Destruction of obsolete Identification Tags:

5.16.1. Installations will destroy invalid or erroneous ID tags ensuring the information is unreadable and cannot be reconstructed. ID tags are not to be recycled.

5.17. Personnel Support for Contingency Operations (PERSCO) Function.

5.17.1. Overview. The primary mission of PERSCO is Total Force accountability and reporting, casualty reporting, and personnel program advice while supporting contingency, wartime, emergency and exercises operations.

5.17.2. Personnel accountability enables planners and managers to support the commander's concept of operations by providing strength and casualty information essential for the commander to make informed decisions concerning force allocation and capabilities.

5.17.3. The historical capture of personnel accountability data (who was deployed, location deployed and deployment length) is provided by AFPC Directorate of Personnel Programs (AFPC/DPP) through official requests. This allows tracking and analysis of personnel and their association to specific military operations for future personnel programs and initiatives (e.g., Gulf War Syndrome, follow-up treatment, medical counseling, state bonuses and entitlements).

5.17.4. Commanders, at all levels, are ultimately responsible for maintaining accountability of their forces. PERSCO assists deployed commanders in obtaining and maintaining accurate accountability for personnel within their assigned area of responsibility at all times including transient personnel IAW with CCMD guidance. Commanders must establish procedures to account for their forces and follow Service Component Command reporting guidance when there is no PERSCO at the deployed location. **(T-2)**

5.17.5. CCMD or Service Component Command can levy personnel accountability guidance to include reporting DoD civilians, DoD-essential contractor personnel, sister services, allied forces, coalition forces and/or other personnel.

5.17.6. If available, DCAPES is the primary system PERSCO utilizes to accomplish force accountability. If DCAPES is unavailable, PERSCO will establish procedures for manual or electronic accountability. **(T-2)**

5.17.7. Reception Processing and Responsibilities.

5.17.7.1. PERSCO establish initial beddown and reception processes in conjunction with supported command leadership. A review of site-specific reporting instructions and CONOPS are evaluated to determine the required courses of action to effectively receive deploying forces. The PERSCO team chief should work with component A1 to establish deployment processing reception policy, determine the scope of reception processing and establish reporting requirements.

5.17.7.2. The Employment Requirements Manning Document (ERMD) lists the requirements for a particular deployed location. PERSCO monitors these requirements and coordinates with deployed commanders and servicing Manpower office to determine if requirements are valid. The ERMD can also be used to forecast inbounds and reception requirements. **(T-1)**

5.17.7.3. There are several elements of force accountability that must be tracked:

5.17.7.3.1. Strength accountability. IAW component command policies, PERSCO Teams will maintain accountability for all personnel on the ground (to include transients) at their deployed and designated geographically separated locations regardless of status.

5.17.7.3.2. Unit accountability. The deployed unit commander will maintain accountability for the unit personnel assigned and/or attached which includes knowing their status and location (lodging assignment, work location, sick on quarters, etc) at any given time and reporting any changes to the servicing PERSCO team. **(T-2)**

5.17.7.3.3. Replacement accountability. Deployed commanders will initiate replacement actions to replace a deployed individual that departs prior to completing the specified tour length. **(T-2)** PERSCO will track the status and plans of all departing and/or replacement personnel. **(T-2)**

5.17.7.3.4. Transient accountability. Transient forces are those that spend at least one night at a location, but their final duty location is elsewhere. PERSCO teams, in coordination with contingency quarters and logistics operations, will track arrival and departure of transient personnel. **(T-2)**

5.17.7.3.5. Tasked Wing accountability. Unit commanders and IPR Elements will maintain accountability over their deployed personnel until they have returned to home station. **(T-2)**

Chapter 6

EVACUATION OF US CITIZENS AND DESIGNATED ALIENS FROM THREATENED AREAS ABROAD

6.1. Overview. The DAF will support emergency evacuation and repatriation operations, as well as assigned safe haven locations.

6.2. Noncombatant Evacuation Operation (NEO) Mission. NEO is defined in JP 3-68 as an operation whereby noncombatant evacuees are evacuated from a threatened area abroad, which includes areas facing actual or potential danger from natural or manmade disaster, civil unrest, imminent or actual terrorist activities, hostilities, and similar circumstances, that is carried out with the assistance of the DoD. As used by Department of State (DoS), a NEO is an ordered departure from a threatened area abroad that is carried out with the assistance of DoD, as opposed to ordered departures that do not require DoD assistance but are carried out using commercial or chartered transportation. The DoS may declare a NEO based on the nature of the threat or the lack of availability of alternative forms of transportation. Diplomatic or other considerations may make the use of the term "NEO" inadvisable and require the use of the terms for the operation instead. The US Government will consider evacuating host nation and other country nationals on a case-by-case, space available/reimbursable basis. Although normally considered in connection with hostile action, evacuation may also be conducted in anticipation of, or in response to, any natural or man-made disaster. Due to the nature of NEOs, which may require a broad US Government agency approach, interagency coordination needs to be established early in the planning of the NEO, preferably before the crisis begins, between DoS, DoD, and any other US Government agencies, if involved, to ensure success. Appropriate DoD, Joint Staff, and AF offices will be contacted prior to Service-level interagency coordination.

6.3. Policy.

6.3.1. In the event of an emergency abroad affecting the safety of US citizens, the DoD will support the Secretary of State's overall formal responsibility to:

6.3.1.1. Protect US citizens and nationals, and designated other persons, to include when necessary and feasible their evacuation to and welfare in relatively safe areas.

6.3.1.2. Reduce to a minimum the number of US citizens and nationals, and designated other persons, subject to the risk of death, harmful health exposures, or seizure as hostages.

6.3.1.3. Reduce to a minimum the number of US citizens and nationals, and designated other persons, in probable or actual combat areas so that the combat effectiveness of US and allied forces is not impaired.

6.3.2. CCMDs, with the support of USAF component commands, will prepare and implement plans for the protection, evacuation, and repatriation of DoD noncombatants in threatened areas abroad; integrate such plans into DoS's plans for evacuating non-DoD noncombatants from foreign countries; and assist the Secretary of State in carrying out those responsibilities where militarily feasible and when formally requested by the Secretary of State.

6.3.3. Personnel accountability occurs at the lowest unit level. Accountability during evacuation operations will be reported through command channels and may require reporting by CCMDs using the NTS up to DCS, J–1, and to the OSD, Personnel Readiness. When DoS directs evacuation operation reporting, the NTS system may be used by CCMDs to support accountability in AFPAAS upon arrival at safe haven location. Commanders will ensure personnel accountability during evacuation operation.

6.3.4. The NTS and AFPAAS personnel databases is derived from the PARS which is the primary DoD data source for personnel data. NTS is identified as the system CCMDs will use to report and track DAF personnel and their family members during an evacuation operation. Therefore, in order to meet DoD reporting requirements IAW DoDI 3001.02, DoDD 3025.14, and the Chairman of the Joint Chiefs of Staff Manual (CJCSM) 3150.13C, AFPAAS is designated as the DAF system of record for reporting the status of personnel and for tracking family member needs subsequent to an evacuation operation.

6.3.5. Evacuation operation personnel accountability processes apply to the following personnel:

6.3.5.1. Regular DAF personnel and their DEERS enrolled family members.

6.3.5.2. ARC personnel (to include dual-status technicians) and their DEERS enrolled family members.

6.3.5.3. DAF Civilians (both appropriated and nonappropriated funds employees), and their family members (when those family members are eligible to receive evacuation entitlements IAW the JTR).

6.3.5.4. When the affected area is OCONUS, evacuation operation personnel accountability also includes:

6.3.5.4.1. DAF sponsored and DoD affiliated US contractors and their affected family members.

6.3.5.4.2. Any personnel in the above categories on TDY status, on leave, or temporarily located in an affected area and are separating DAF personnel with remaining service obligation.

6.3.5.4.3. Evacuation operation personnel accountability is not applicable to the following:

6.3.5.4.3.1. DAF retirees and their family members.

6.3.5.4.3.2. CONUS-based, DAF-sponsored contractors and DoD contractors supporting the DAF.

6.3.5.4.3.3. Members of the Individual Ready Reserves and their family members.

6.3.5.4.3.4. Foreign nationals working for the DoD or the DAF.

6.4. Organizational Responsibilities and Relationships.

6.4.1. AF, Deputy Chief of Staff Manpower, Personnel and Services (AF/A1), is the OPR for personnel accountability reporting and will:

6.4.1.1. Provide guidance on accounting, tracking, and reporting of personnel throughout the evacuation process.

6.4.1.2. Monitor accountability of all DAF personnel (military and civilian) during all phases of evacuation to include evacuation to a safe haven, IAW CCDR evacuation plans and policies.

6.4.1.3. Directs personnel accountability reporting utilizing the NTS to identify and track all evacuees. Once evacuees are off-loaded at their established ports of debarkation, DAF personnel will be transferred, tracked, and reported within the AFPAAS. Only AFPAAS reporting will be accepted once evacuees arrive at their ports of debarkation safe haven locations. Command channel reporting with local procedures is not authorized. **(T-1)**

6.4.1.4. Provide personnel accountability reporting to DAF senior leaders and Joint Staff/J–1, IAW DAFPD 36-38, *Force Support Readiness,* and DoDI 3001.02.

6.4.1.5. Directs current evacuation and entitlements guidance is published to the AFPAAS website, and other locations as appropriate, to ensure maximum dissemination.

6.4.2. AF, Directorate of Civilian Force Management (AF/A1C), in coordination with Assistant Secretary of the Air Force, Financial Management and Comptroller (SAF/FM), develops policy and provides human resource guidance and entitlement and compensation information for DAF civilians relating to evacuation operations.

6.4.3. AF, Directorate of Services, Force Sustainment Division (AF/A1S), develops policy and provides guidance on assistance and support to AF Family members (military and civilian).

6.4.3.1. Ensures required Force Support Services, Sustainment capabilities, and programs are in place for evacuation reception and repatriation operations, according to CCDR evacuation plans and policies.

6.4.4. AF, Directorate of Plans and Integration, Force Support Career Field Management and Readiness Division (AF/A1XO), serves as the AF/A1 OPR for evacuation operations, specifically regarding personnel accountability. Establishes guidance and provides oversight for Force Support capabilities regarding evacuation operations.

6.4.4.1. Provides guidance on accounting, tracking, and reporting of personnel throughout the evacuation process, in coordination with AFPC.

6.4.5. AF, Deputy Chief of Staff for Operations (AF/A3), serves as the DAF OPR for evacuation, mobilization and repatriation operations.

6.4.6. Air Force Personnel Center, Force Generation Operations and Readiness Division (AFPC/DPMW)**,** serves as the primary distribution and collection point for information regarding impacted/affected personnel.

6.4.6.1. Utilizing the AFPAAS to report and account for evacuated/displaced personnel and DEERS enrolled family members who physically reside in the GAOI.

6.4.6.2. Utilizes all systems available in conjunction with AFPAAS to identify and track evacuees throughout the continuum of evacuation operations.

6.4.6.3. Publishes current evacuation and entitlements guidance to the AFPAAS website, and other locations as appropriate, to ensure maximum dissemination.

6.4.7. AFPC Director of Military and Family Care (AFPC/DPF), serves as the OPR, through M&FRCs, for contacting, reporting, and coordinating information and referral for required support. **(T-1)**

6.4.7.1. Disseminates policy, plans, and operational guidance for Military and Family Readiness response to evacuation operations and repatriation. **(T-1)**

6.4.7.2. Provide guidance/coordination to the installation M&FRC at evacuating locations, the temporary safe haven or intermediate stop (if applicable), and the repatriation sites processing families back into the US. **(T-1)**

6.4.7.3. Ensures all M&FRCs contact, report, and coordinate information & referral for evacuation and repatriation operations. **(T-1)**

6.4.8. AFPC Military and Family Division (AFPC/DPFF), serves as the Crisis Support Program Manager and provide operational oversight, and guidance to M&FRC providing emergency family assistance support as prescribed in JP 3-68, Chapter VII (Safe Haven and Repatriation Operations) and DAFI 36-3009, *Military & Family Readiness Centers*, ensuring support to the community before, during and after disaster, crisis, and or evacuation situations as appropriate within Center purview.

6.4.8.1. Serves as AFPAAS Needs Assessment Program Manager. **(T-1)**

6.4.8.2. Assigns AFPAAS Needs Assessments to Case Managers. **(T-1)**

6.4.8.3. Monitors AFPAAS evacuation/emergency events to track Needs Assessments of personnel and families. **(T-1)**

6.4.9. Air Force Commands, Air Force Component Commands, Space Force Commands and direct reporting units will:

6.4.9.1. Prepare plans to support DoDD 3025.14, DoDI 3001.02, and Joint Publication (JP) 3–68.

6.4.9.2. Ensure all subordinate organizations prepare evacuation, reception, and repatriation plans that support the CCMD evacuation operation Plan.

6.4.9.3. Use the NTS to identify and track all evacuees. Once evacuees are off-loaded at their established ports of debarkation, then assist in transferring, tracking, and reporting on affected DAF personnel within the AFPAAS. Only AFPAAS reporting will be accepted once evacuees arrive at their ports of debarkation safe haven locations. Command channel reporting with local procedures is not authorized. **(T-1)**

6.4.9.4. DAF component commands will support evacuation operation initiated by the Department of State (DoS) and executed by the CCMD.

6.4.9.5. In the absence of an evacuation operation designated by the DoS, the USAF component commands will determine the need for an evacuation of DAF personnel, and if required, issue such orders in writing to ensure the safety, health, and well-being of personnel and their Family members.

6.4.9.6. Tailor evacuation order to meet the specific circumstances. Evacuation orders must identify a safe haven location, a beginning and projected end date, and identification of eligible members to evacuate.

6.4.9.7. Place military members on TDY or permanent change of station orders if members are required to move out of a disaster area. For DAF civilians and civilian/military dependents, refer to the JTR Chapter 6 and AFMAN 65-114, *Travel-Procedures for Financial Management Flights, Finance Offices-Reserve Components, Air Force Installation and Mission Support Center-Finance Component* for evacuation travel guidance.

6.4.9.8. AF installations within these CCMDs will develop and maintain a plan for use during repatriation as necessary. **(T-1)** Installations will use the DD Form 2585, *Repatriation Processing Center Processing Sheet,* as directed. **(T-1)**

6.5. Evacuation Planning and Processing.

6.5.1. In the CONUS, emphasis should be on evacuations for natural and man-made disasters. In OCONUS areas, include evacuation situations involving political or armed conflict. Evacuation operation plans will ensure accountability of personnel as they depart the evacuation location, and arrive at the reception site, and include procedures to provide this information to higher headquarters on request**. (T-0)**

6.5.2. Installation commanders will issue an evacuation order only if there remains a continuing, significant threat to the safety or health of a significant percentage of those assigned to the installation, those working on the installation, or their immediate families. Commanders must ensure evacuation operations do not place personnel at further risk.

6.5.3. Post-evacuation, commanders may consider the availability of other sources of assistance, for example, Red Cross, Federal Emergency Management Agency (FEMA), private insurance, and government personnel claims assistance, before ordering an evacuation.

6.5.4. According to FEMA.gov, individuals cannot receive duplicate financial assistance for the same disaster-related expense from multiple federal sources. For example, if an evacuee receives FEMA relocation assistance to pay for emergency lodging, that lodging assistance may be deducted from any evacuation lodging assistance provided by the DAF.

6.5.5. Information regarding evacuation orders and entitlements can be found in the JTR, Chapter 6, Evacuation Travel.

6.5.6. Information regarding pet policy and procedures are outlined in DoDD 3025.14, JP 3-68, Defense Travel Regulation 4500.9-R-Part I Passenger Movement, JTR Chapter 6, sections 060204 and 060407.

6.6. Reception Plans and Assistance in CONUS and in Temporary Safe Haven Overseas.

6.6.1. Installations will coordinate with their respective component command to determine their reception and repatriation role.

6.6.2. Component commands will coordinate with NORTHCOM and the appropriate Air Component to ensure installations plan for reception and repatriation.

GWENDOLYN R. DeFILIPPI, SES, DAF
Principal Deputy Assistant Secretary of the Air Force for Manpower and Reserve Affairs

Terms

Abroad—In a foreign area; outside the United States, its territories, or possessions. (DoDD 3025.14)

Absentee—Any member of the Armed Forces not administratively classified as a deserter who is absent without authority or without leave from the assigned unit, organization, or other place of duty where the member is required to be. This does not include confinement.

Action Unit—For administration of Unauthorized Absence, the unit of assignment. After the absentee returns to the military, the organization that makes disposition of the Unauthorized Absence. The action unit for the absence is not necessarily the action unit for disposition of the Unauthorized Absence.

Active Duty for Training—A tour of active duty used to train members of the Air Reserve Components to provide trained units and qualified persons to fill the needs of the Armed Forces in time of war or national emergency and other times as national security requires. The member is under orders which provide for return to non-active duty status when the active duty for training is completed. It includes annual training, special tour of active duty for training, school tours, and the initial duty for training performed by no prior service enlistees.

Air Force Force Generation (AFFORGEN) —AFFORGEN is the Air Force's sustainable, capacity-driven model for presenting forces to the Joint Force. The intent is to enable operational preparedness and readiness recovery to compete with peer competitors while focusing USAF efforts on a predictable and sustainable force offering. AFFORGEN offers a multifaceted approach encompassing training, exercises, and certification over a 24-month, predictable cycle.

AFFORGEN Support Plan—Replaces the previously published War and Mobilization Plan, Volume 1, Basic Plan, providing functional supplements to plan and execute the tenets of AFFORGEN. Provides iterative supplementary guidance to Chairman Joint Chiefs of Staff policy, guidance and doctrine; Air Force 10-series publications; and Air Staff Orders, and General Administration (GENADMIN) messages. This guidance applies to Air Force Major Commands (Institutional Commands and Service Component Commands), Direct Reporting Units (DRUs), Field Operating Agencies (FOAs), ANG, Headquarters Air Force (HAF) staff, and base-level organizations. Explains "how to" execute AFFORGEN related processes, instructions and provides examples to USAF leaders and planners in order to support Great Power Competition.

Air Reserve Component (ARC) Members—Members of the ANG or AFR.

Beddown—The provision of expedient facilities for troop support to provide a platform for the projection of force. From the Force Support perspective, beddown includes reception processing, accountability, providing meals and temporary lodging according to CCDR plans and policies.

Casualty—Any person lost to the organization by reason of having been declared dead, duty status-whereabouts unknown, missing, ill, or injured (JP 1-0, *Joint Personnel Support*) (DAFI 36-3002).

Component Command—One of the subordinate organizations that constitute a Joint force. Normally a Joint force is organized with a combination of Service and functional components.

Concept of Operations—A verbal or graphic statement, in broad outline, of a commander's assumptions or intent in regard to an operation or series of operations. The concept of operations frequently is embodied in campaign plans and operation plans, in the latter case, particularly when the plans cover a series of connected operations to be carried out simultaneously or in succession. The concept is designed to give an overall picture of the operation. It is included primarily for additional clarity of purpose; it is also called a commander's concept.

Contingency Operations—Operations in response to an emerging or unexpected crisis caused by natural disasters, terrorists, subversives, or SECDEF directed operations involving the use of US military forces to achieve US objectives. Contingencies require plans, rapid response, and special procedures to ensure the safety and readiness of personnel, installations, and equipment. Contingency operations may evolve into sustained military operations.

Defense Manpower Data Center (DMDC)—DMDC is a DoD agency that collects and maintains an archive of automated manpower, personnel, training, and financial databases; operates personnel programs and conducts research and analysis.

Deliberate and Crisis Action Planning and Execution System (DCAPES)—The Air Force standard automated data processing subsystem of the Joint Operation Planning and Execution System, which is used by operations, logistics, manpower and personnel planners at all command levels to develop and maintain force packages and task requirements for Operation Plan Time-Phased Force Deployment Data.

Deserter Information Point (DIP)—A central focal point each military Service establishes to control, account for and pass on information about deserters and unauthorized absentees.

Detaining Unit—The unit that accepts an absentee's return to the military. To return, absentees may surrender to or be apprehended by military authorities, the FBI, or other civilian authorities.

Disposition of the Unauthorized Absence—Administrative actions taken when an Unauthorized Absence ends. Includes selection of the action unit, decisions about the member's status during the absence, and administrative or punitive action against the member, when appropriate.

Dropped from the Rolls (DFR) of the Organization—An administrative procedure that removes a member from the unit of assignment and reduces the unit's strength. It does not end the member's military status.

Employment Requirements Manning Document (ERMD)—A product providing total manpower requirements to be employed at a Temporary Duty location.

Exercise—A category of PERSTEMPO deployment events. Includes joint or combined exercises, Service exercises, and NATO exercises. See the "unit training" definition for exercises that have not received an official designation.

Family Member—Family members who are enrolled in DEERS in an active file status. For DAF and NAF employees, family members should be accounted for if they are receiving evacuation entitlements.

Geographical Area of Interest (GAOI)—Continental United States or overseas area of concern affected by a disaster or national emergency.

Individual Mobilization Augmentee (IMA)—An individual filling a military billet identified as augmenting the active component structure of the DoD or other departments or agencies of the US Government.

Installation Deployment Officer (IDO)—The individual acting for the installation commander in the overall direction and control of deployments from a base.

Mission Capability (MISCAP)—A short paragraph that describes the mission capabilities that planners expect of a specific UTC at execution. The statement usually contains pertinent information such as the type of base where commanders will deploy the unit, the unit's functional activities, and other augmentation requirements necessary to conduct specific missions.

National Emergency—A condition declared by the President or the Congress by virtue of powers previously vested in them that authorize certain emergency actions to be undertaken in the national interest. Action to be taken may include partial, full, or total mobilization of national resources.

Natural Disaster—Natural disasters include all types of severe weather, which have the potential to pose a significant threat to human health and safety, property, critical infrastructure, and homeland security.

Noncombatant—IAW DoDD 3025.14, US citizens who may be ordered to evacuate by competent authority.

Noncombatant Evacuation Operation (NEO)—Operation directed by the Department of State whereby noncombatants are evacuated as an ordered departure from a threatened area abroad that is carried out with the assistance of DoD. DOS may declare a NEO based on the nature of the threat or the lack of availability of alternative forms of transportation.

Operation Plan (OPLAN)—Any plan for the conduct of military operations prepared in response to actual and potential contingencies. A complete and detailed joint plan containing a full description of the concept of operations, all annexes applicable to the plan, and a time-phased force and deployment data. (JP 5-0)

Ordered Departure—Mandatory departure of some or all categories of personnel and dependents (such as military dependents, nonessential DoD civilian employees and their families, families of essential DoD civilian employees, and DoDEA4.9.1 staff and faculty) to designated safe havens is directed by DoS, with implementation of the theater evacuation plan. (JP 3-68) (DoDD 3025.14)

Overseas—All locations, including Alaska and Hawaii, outside the continental United States (OCONUS).

Personnel Accountability—The accurate accounting for personnel at all times, regardless of location.

Repatriation—Procedure whereby American citizens and their families are officially processed back into the United States subsequent to an evacuation. Evacuees are also provided various services to ensure their well-being and onward movement to their final destination. (DoDD 3025.14)

Safe Haven—Designated area(s) to which noncombatants under the US Government's responsibility may be evacuated during an emergency. A location within or outside the United States to which noncombatants are authorized to travel for the purpose of temporarily remaining there until they are authorized to return to the location from which evacuated, or until they are authorized to travel to their final destination. Safe havens are normally designated by DoS, in coordination with DoD. (DoDD 3025.14)

Stop Movement—An order to stop forward movement of military members, their dependents, nonessential DoD civilian employees and their families, families of essential DoD civilian employees, and DoDEA staff and faculty. (JP 3-68)

Strength accountability—Accountability of all personnel on the ground, including transients, at their deployed and designated geographically separated locations, regardless of status, IAW component command policies.

Supported Component Command—The command having primary responsibility for all aspects of a task assigned by the Joint Strategic Capabilities Plan or other Joint operation planning authority. In the context of Joint operation planning, this term refers to the commander who prepares operation plans or operation orders in response to requirements of the Chairman of the Joint Chiefs of Staff. The supported command receives assistance from another commander's force or capabilities and is responsible for ensuring that the supporting commander understands the assistance required.

Supporting Command—The command that provides augmentation forces or other support to a supported commander or who develops a supporting plan. Includes the designated CCMDs and Defense agencies as appropriate. The supporting command aids, protects, complements, or sustains another commander's force, and is responsible for providing the assistance required by the supported commander.

Threatened Areas—Includes areas facing actual or potential danger from natural or manmade disaster, civil unrest, imminent or actual terrorist activities, hostilities, and similar circumstances, as declared by competent authority. (DoDD 3025.14)

US Citizens—Citizens who may be authorized or assisted in evacuation (but not necessarily ordered to evacuate) IAW DoDD 3025.14, by competent authority.

Unit Summary Statement(s)—The document prepared by the parent Major Command that outlines each measured unit's unit summary statement(s) and contains the unit's identification, mission tasking narrative, mission specifics and measurable resources to equip, organize, design, task, and train.

Unit Type Code—A Joint Chiefs of Staff developed and assigned code, consisting of five characters that uniquely identify a "type unit." (JP 1-0). A potential capability focused upon accomplishment of a specific mission that the military Service provides. It can consist of manpower force element (MFE) only, equipment (Logistics Detail) only, or both manpower and equipment. (AFI 10-401)
