CFETP4JOX2AC2
Change 2
11 October 2022

ACCESSIBILITY: Publications and forms are available on the e-Publishing website at: www.epublishing.af.mil for downloading or ordering.

RELEASABILITY: There are no releasability restrictions on this publication.

AFSC 4J0X2/A
PHYSICAL MEDICINE/ORTHOTIC SPECIALTY
CAREER FIELD EDUCATION AND TRAINING PLAN

Summary: This change effective immediately. CFETP 4J0X2/A, dated 7 July 2014 is changed as follows:

1. Replace the A-Shred (Orthotic) Specialty Training Standard.

Effective immediately: Remove the Orthotic Specialty Training Standard, which was change 1 to this CFETP, and replace it with this change 2 Orthotic Specialty Training Standard.

2. After necessary action, file this sheet in the back of the CFETP.

BY ORDER OF THE SECRETARY OF THE AIR FORCE

OFFICIAL

ROBERT I. MILLER
Lieutenant General, USAF, MC, SFS
Surgeon General

Attachment:
Orthopedic Specialty Training Standard

STS 4J0X2A

QUALITATIVE REQUIREMENTS

Proficiency Code Key		
	Scale Value	**Definition: The individual**
Task Performance Levels	1	Can do simple parts of the task. Needs to be told or shown how to do most of the task. (Extremely Limited)
	2	Can do most parts of the task. Needs only help on hardest parts. (Partially Proficient)
	3	Can do all parts of the task. Needs only a spot check of completed work. (Competent)
	4	Can do the complete task quickly and accurately. Can tell or show others how to do the task. (Highly Proficient)
*Task Knowledge Levels	a	Can name parts, tools, and simple facts about the task. (Nomenclature)
	b	Can determine step by step procedures for doing the task. (Procedures)
	c	Can identify why and when the task must be done and why each step is needed. (Operating Principles)
	d	Can predict, isolate, and resolve problems about the task. (Advanced Theory)
**Subject Knowledge Levels	A	Can identify basic facts and terms about the subject. (Facts)
	B	Can identify relationship of basic facts and state general principles about the subject. (Principles)
	C	Can analyze facts and principles and draw conclusions about the subject. (Analysis)
	D	Can evaluate conditions and make proper decisions about the subject. (Evaluation)

Explanations

* A task knowledge scale value may be used alone or with a task performance scale value to define a level of knowledge for a specific task. (Example: b and 1b)

** A subject knowledge scale value is used alone to define a level of knowledge for a subject not directly related to any specific task, or for a subject common to several tasks.

^ This mark is used in column 2 to indicate the task has to be certified when signed off.

- This mark is used alone instead of a scale value to show that no proficiency training is provided in the course or CDC.

X This mark is used alone in the course columns to show that training is required but not given due to limitations in resources.

NOTES:

--All tasks and knowledge items shown with a proficiency code are trained during war time.
--Column 2 Core tasks, when this includes the numbers 5 or 7, this task is a requirement for 5-skill level or 7-skill level upgrade respectively

1. Tasks, Knowledge And Technical References	2. Core Tasks	3. Certification For OJT					4. Proficiency Codes Used To Indicate Training/Information Provided (See Note)
