Administrative Change to DAFI 36-120, *Civilian Personnel Management Workforce Shaping Policy Guidance for Reduction in Force and Transfer of Function*

OPR: AF/A1C

Glossary Term for Retention Standing is corrected to read:

Retention Standing—an employee's relative position or ranking that determines their likelihood of being retained or separated during workforce reductions. The DoD retention factors are ranked in descending order of priority: 1) Rating of Record, 2) Tenure Group, 3) Average Score, 4) Veterans Preference (with disabled veterans receiving highest preference), and 5) DoD Service Computation Date (DOD SCD) for RIF purposes.

OPR: AF/A1C

Supersedes: DAFI36-120, 14 April 2022

Pages: 18

This publication implements Department of the Air Force Policy Directive (DAFPD) 36-1, *Appropriated Funds Civilian Management and Administration,* and is consistent with Department of Defense Instruction (DoDI) 1400.25, Volume 351*, DoD Civilian Personnel Management System: Reduction in Force.* This publication applies to Appropriated Fund Title 5 employees, Title 10 employees, Air Force Reserve Command employees, Air National Guard employees, and employees of Combatant Commands (CCMDs) supported by the United States Air Force (USAF) or United States Space Force (USSF). The Chief of the National Guard Bureau will determine the extent to which this Instruction will apply to the Title 5 U.S.C. civilians of the National Guard Bureau or whether they will be governed by separate regulations issued by the Chief of the National Guard Bureau. It does not apply to positions in the Senior Executive Service, Non-Appropriated Fund employees, Title 32 Air National Guard Technicians and employees covered by an alternative personnel system (e.g., the Acquisition Demonstration; Science and Technology Reinvention Laboratories; Cyber Excepted Service and the Defense Civilian Intelligence Personnel System). In collaboration with the Chief of Air Force Reserve (AF/RE), the Director of the Air National Guard (NGB/CF), and the Deputy Chief of Space Operations for Human Capital (SF/S1), the Deputy Chief of Staff for Manpower, Personnel, and Services (AF/A1) develops personnel policy for labor-management relations. The authorities to waive wing/Space Force equivalent/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, Table A10.1, for a description of the

authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the requestor's commander for non-tiered compliance items. Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) listed above using the DAF Form 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate chain of command. To the extent its directions are inconsistent with other Air Force publications, the information herein prevails, in accordance with Department of the Air Force Instruction (DAFI) 90-161, *Publications and Forms Management*. This publication may not be supplemented or further implemented/extended.

SUMMARY OF CHANGES

This revision adds a glossary of terms, including clarification of pre-Reduction in Force (RIF) responsibilities, adds a list of office symbols, eliminates obsolete references, and makes administrative corrections throughout.

Chapter 1—CIVILIAN PERSONNEL MANAGEMENT WORKFORCE SHAPING OVERVIEW **4**

1.1. Overview. 4

1.2. Department of the Air Force Guidance. 4

Chapter 2—GENERAL GUIDANCE **5**

2.1. Approving Authority. 5

2.2. Consider Using Workforce Shaping Tools. 5

2.3. Outplacement Assistance. 5

Chapter 3—ROLES AND RESPONSIBILITIES **6**

3.1. Civilian Force Management Directorate (AF/A1C): 6

3.2. Civilian Policy and Management (SF/S1C): 6

3.3. Human Resource Service Providers (AFPC, AFMC, ETMO): 6

3.4. Civilian Personnel Section (CPS): 6

3.5. Commanders and Management Officials: 7

Chapter 4—REDUCTION IN FORCE **9**

4.1. An organization, in conjunction with the servicing CPS, must utilize all workforce shaping efforts aimed at minimizing or mitigating the need for a reduction in force prior to, during and after requesting approval to initiate RIF. 9

4.2. Competitive Areas. 9

4.3. Competitive Levels. 9
4.4. Retention Standing. 10
4.5. RIF Assignment Rights. 10
4.6. Alternative Offers. 11
4.7. Use of Vacancies. 11
4.8. Qualification Determinations. 11

Chapter 5—TRANSFER OF FUNCTION (TOF) 12

5.1. A TOF takes place when the work of one or more employees is moved from one competitive area to another. 12
5.2. Volunteers may be used whenever possible in identifying personnel to transfer to competitive areas outside the commuting area. 12
5.3. A minimum of 60 days' notice will be given to employees affected by a TOF outside the commuting area. 12
5.4. TOF notices will be prepared by the servicing CPS and sent to the losing management officials for signature and delivery. 12
5.5. Employees have no opportunity to decline a transfer with the function to a position within the same local commuting area. 12
5.6. Employees who decline TOF outside the commuting area will. 12

Chapter 6—SEPARATION INCENTIVES 13

6.1. Out-of-cycle VERA/VSIP requests will be coordinated through the MAJCOM/CCMD to AF/A1CP. 13
6.2. Employee requests to decline/withdraw separating by VERA after signing applicable forms. 13
6.3. Incumbents of abolished positions and employees expected to be involuntarily separated (and other employees in positions for which these incumbents qualify for placement). 13

Attachment 1—GLOSSARY OF REFERENCES, SUPPORTING INFORMATION AND TERMS 14

Attachment 2—SAMPLE REDUCTION IN FORCE REQUEST MEMORANDUM 17

Chapter 1

CIVILIAN PERSONNEL MANAGEMENT WORKFORCE SHAPING OVERVIEW

1.1. Overview. This instruction establishes guidance, delegates authority, assigns responsibilities, defines roles, and prescribes procedures concerning RIF and Transfer of Function (TOF) actions for appropriated funds positions.

1.2. Department of the Air Force Guidance. RIF and TOF shall be conducted in a manner that minimizes adverse impact on employees and limits disruption to the operations of as few organizations as possible, consistent with employees' assignment and displacement rights.

Chapter 2

GENERAL GUIDANCE

2.1. Approving Authority. Approval of RIF remains with the Secretary of the Air Force unless it is further delegated. Approval and announcement of voluntary separation programs is delegated to Deputy Chief of Staff of the Air Force, Manpower, Personnel and Services (AF/A1), with the exception of actions specified in Headquarters Air Force Management Directive (HAFMD) 1-24_Addendum-A, *Re-Delegation of Authorities, HAFMD 1-24, Assistant Secretary of the Air Force (Manpower and Reserve Affairs)*.

2.2. Consider Using Workforce Shaping Tools. The proactive use of voluntary separation programs such as Voluntary Separation Incentive Program (VSIP), Voluntary Early Retirement Authority (VERA), waiver of qualifications, and retraining programs, are designed to minimize involuntary separations and are encouraged. Additional tools to utilize for RIF avoidance include management directed reassignments, and freezing hiring actions to stockpile vacancies.

2.3. Outplacement Assistance. Outplacement assistance will be provided for employees affected by RIF or declination of TOF if they cannot be placed within the Department of the Air Force to include registration in the Department of Defense Priority Placement Program (PPP).

Chapter 3

ROLES AND RESPONSIBILITIES

3.1. Civilian Force Management Directorate (AF/A1C):

3.1.1. Develops policy, manages programs, and provides regulatory guidance and direction pertaining to workforce shaping programs. **(T-0)**

3.1.2. Ensures approval and coordination of all workforce shaping actions and notifications to Congress occur in accordance with DoDI 1400.25v351. **(T-0)**

3.2. Civilian Policy and Management (SF/S1C):

3.2.1. Develops policy, manages program, and provides regulatory guidance and direction pertaining to workforce shaping programs for USSF personnel.

3.2.2. Ensures approval and coordinates on USSF workforce shaping actions and notifications to Congress.

3.3. Human Resource Service Providers (AFPC, AFMC, ETMO):

3.3.1. Provides operational guidance and assistance to major commands (MAJCOMs), combatant commands (CCMDs), field commands, (FLDCOMs), direct reporting units, field operating agencies, and Civilian Personnel Sections (CPSs). **(T-1)**

3.3.2. Executes pre-RIF, RIF and post-RIF processes and procedures in accordance with the AFPC Procedures Guide. **(T-1)**

3.3.3. Determines qualifications for RIF assignments to include experience and training, physical requirements and security requirements, and undue interruption determinations. In addition, Air Reserve Technician (ART) positions will require a military qualifications determination from the appropriate military personnel office and coordination with the Air Force Reserve Command. **(T-1)**

3.3.4. Obtains additional work years and funding to support retraining programs. **(T-3)**

3.3.5. Accomplish TOF determinations when CPSs cannot make a determination and the affected positions belong to more than two installations across more than two MAJCOMs/FLDCOMs. **(T-1)**

3.4. Civilian Personnel Section (CPS):

3.4.1. Conducts pre-RIF, RIF and post-RIF processes and procedures in accordance with the AFPC Procedures Guide. **(T-2)**

3.4.1.1. As part of pre-RIF and RIF mitigation, once an employee has been identified as surplus due to position abolishment or organizational restructuring, the CPS will identify the employee under their local priority list and conduct reviews of vacancies and hiring requests to determine viable management reassignment opportunities. The CPS will identify potential matches to the hiring official before further recruitment actions can be

conducted. During pre-RIF (prior to RIF being authorized), the selection of a surplus employee is not mandatory. However, managers are highly encouraged to select surplus employees to mitigate the need for RIF. Selection of an identified match is mandatory once RIF authority is granted in accordance with Table 3.3 of DAFMAN 36-203, *Staffing Civilian Positions*.

3.4.2. Accomplish TOF determinations when a transfer impacts two installations within a MAJCOM/FLDCOM. The losing and gaining CPSs will coordinate and agree on the final determination. **(T-2)** Should the losing and gaining CPSs disagree on the determination, forward to AFPC for final determination.

3.4.3. Establishes and maintains RIF competitive areas. **(T-2)**

3.4.4. Publicizes competitive areas at least annually and 90 days before conducting a RIF. **(T-2)**

3.4.5. Notifies AFPC of employees within an impacted competitive area who have physical restrictions, unsatisfactory performance, conduct problems, and other non-documented conditions that may affect their RIF placement. **(T-2)**

3.4.6. Notifies AFPC of employees who will require exceptions to the regular order of release in RIF. **(T-2)**

3.4.7. Maintains accurate valid vacancy information in the Defense Civilian Personnel Data System (DCPDS) and verifies the accuracy of this information when requesting RIF actions. **(T-2)**

3.4.8. Requests exceptions to the Department of Air Force standard lines of promotion. **(T-1)**

3.4.9. Notifies AFPC when RIF assignments may result in "undue interruption" to an impacted organization. The CPS also provides statements from the organization to document the critical elements of the position they believe cannot be learned by a newly assigned employee within 90 days. **(T-2)**

3.4.10. Notifies AFPC when commanders/management officials approve discretionary exceptions to RIF retention order. **(T-2)**

3.4.11. Exceptions to the stockpiling of vacancies may be requested if 1) the use of vacancies are mission critical; 2) will not provide a valid RIF assignment; and 3) will result in skills imbalance or other unique workforce shaping problems. Requests for an exception will be submitted to AFPC for review and forwarded for approval by AF/A1CP or SF/S1CP for USSF. **(T-1)**

3.5. Commanders and Management Officials:

3.5.1. Conduct pre-RIF and post-RIF processes and procedures in accordance with the AFPC Procedures Guide. **(T-2)**

3.5.1.1. As part of pre-RIF and RIF mitigation, once an employee has been identified as surplus due to position abolishment or organizational restructuring, conducts reviews of vacancies to determine viable management reassignment opportunities. Hiring Officials will review surplus candidates that are considered local priorities, as identified by the CPS, for potential selection. During pre-RIF (prior to RIF being authorized), the selection of a surplus employee is highly encouraged but not mandatory, selection is mandatory once RIF authority is granted and has been initiated in accordance with Table 3.3 of DAFMAN 36-203.

3.5.2. Effect consistent, transparent, and minimally disruptive workforce shaping actions. **(T-0)** See the Office of Personnel Management (OPM) *Workforce Reshaping Operations Handbook* and the Department of Defense Instruction (DoDI) 1400.25, Volume 351*, DoD Civilian Personnel Management System: Reduction in Force*, for additional information.

3.5.3. Waive or modify OPM qualification requirements to place employees in vacancies to avoid RIF, except minimum licensures and/or educational requirements, to assign employees to vacancies both within and outside their competitive area. **(T-0)** The servicing CPS and appropriate management officials must agree on the placement. The employee must have the capacity, adaptability, and skills needed to perform the duties of the position. **(T-2)**

3.5.4. Select displaced DAF civilian employees, from other competitive areas for vacancies in their organization to lessen the impact of RIF. **(T-2)**

3.5.5. Assists and supports the delivery of RIF notices to affected employees within their organization.

3.5.6. Identifies vacancies restricted from fill action and the reason for restriction; i.e., funding limits, manpower reduction and work year utilization. **(T-2)**

Chapter 4

REDUCTION IN FORCE

4.1. An organization, in conjunction with the servicing CPS, must utilize all workforce shaping efforts aimed at minimizing or mitigating the need for a reduction in force prior to, during and after requesting approval to initiate RIF. Mitigation efforts will be documented in the request. Requests for RIF will be requested by the Installation Commander or applicable appointing authority and endorsed by the applicable MAJCOM/FLDCOM. Requests must contain the data found in Appendix 1 and be submitted through AFPC to HAF/A1C for Air Force and SF/S1C for USSF.

4.2. Competitive Areas.

4.2.1. USAF and USSF activities in a commuting area serviced by the same CPS constitute one competitive area, regardless of command jurisdiction.

4.2.2. USAF and USSF activities within the same commuting area, serviced by different CPSs, are in separate competitive areas.

4.2.3. USAF and USSF remote positions outside the commuting area, serviced by the same CPS, are in separate competitive areas determined based on the official remote worksite codified on the Standard Form 50, *Notification of Personnel Action*.

4.2.4. Serviced activities of a different agency or DoD are in separate competitive areas.

4.2.5. Competitive areas smaller or larger than those described above must be approved by AF/A1C. **(T-1)** Requests for exceptions are submitted to AF/A1C for approval by the CPS through AFPC.

4.2.6. Requests for changes in competitive areas that require OPM approval must be submitted to AF/A1C 90 days prior to the projected issue date of RIF notices. **(T-0)**

4.2.7. Competitive areas must be made a matter of public record by the CPS and information must be readily available to employees and labor organizations. **(T-2)**

4.2.8. Servicing CPS must keep employees informed of the competitive area in which they will compete for retention in RIF. **(T-2)** Competitive areas must therefore be publicized prior to RIF and when changed. **(T-2)**

4.3. Competitive Levels.

4.3.1. Special qualifying conditions for the position will be considered in determining the appropriate competitive levels where applicable. ART positions, Personnel Reliability Program positions, and positions with OPM-approved Selective Placement Factors or Federal or state licensure or certification requirements will be in separate competitive levels from those in the same series and grade that do not have the same qualification requirements.

4.3.2. See the OPM *Workforce Reshaping Operations Handbook* for additional information.

4.4. Retention Standing.

4.4.1. When a single pattern rating is used, the CPS will establish a cut-off date for the acceptance of appraisals prior to submitting the RIF request package to AFPC. **(T-2)** This will preclude the need to rerun a RIF if an employee with an appraisal from a different pattern is added to the rolls. Employees added to the rolls of the competitive area after the established cut-off date will receive credit for performance in the RIF in accordance with the rules for the single rating pattern used.

4.4.2. When using a multiple rating pattern, additional retention service credit will be the same for all rating patterns (A through H) to ensure equity.

4.4.3. Additional service credit for employees who do not have three ratings of record during the 4-year period prior to the cut-off date period will be determined by the modal rating for the competitive area. **(T-2)** For equity purposes, the modal rating is the summary rating level assigned most frequently among the actual ratings of record given in the competitive area.

4.5. RIF Assignment Rights.

4.5.1. Employee assignment rights will be determined by AFPC upon release from a competitive level. In accordance with Title 5 of the Code of Federal Regulations (CFR) Part 351 Federal agencies must follow the procedures contained in the CFR when conducting a RIF. OPM's RIF regulations must give effect to four factors in releasing employees: performance rating, tenure of employment (e.g., type of appointment); veterans' preference; and length of service. **(T-1)** In accordance with Department of Defense Instruction (DoDI) 1400.25v351, competing employees must be listed on a retention register based on rating of record, tenure group, average score, veterans' preference, and DoD service Computation date for reduction in force (SCD-RIF) categories. **(T-1)**

4.5.2. Position data within DCPDS will be used to identify available positions to satisfy employee assignment rights and for use in placement in lieu of RIF separation.

4.5.3. Vacant positions at all grade levels in other competitive areas within the USAF and USSF will be used when there are no positions available to satisfy RIF assignment rights and there is no vacancy in the competitive area for placement in lieu of RIF separation. **(T-1)** Vacancies in other competitive areas on the installation will be considered first and then within the commuting area.

4.5.4. AFPC will use only positions submitted for fill action to identify vacancies for consideration. Both the gaining and losing CPS must agree with the placement offer. **(T-1)**

4.5.5. Because there is a three-grade or grade-interval limit on assignment rights (except for 30% disabled veterans when determining retreat rights), AFPC will establish USAF and USSF standard lines of promotion for each series and grade. **(T-1)** These standards will be used for all RIFs unless different lines of promotion are submitted by the CPS.

4.5.6. Pipeline-funded positions are not available for RIF assignment of employees who are not receiving injury compensation. These positions are funded solely to reemploy employees who are receiving compensation. The funding ends if another employee is placed in the position. Since the position is not expected to last at least 90 days, due to lack of funding, it does not meet the definition of an available position.

4.6. Alternative Offers.

4.6.1. Alternative offers may be made in lieu of RIF separation or other RIF actions for positions within the competitive area or in other USAF and USSF competitive areas in and outside the commuting area.

4.6.2. Grade limits that apply when offering an employee their RIF assignment rights do not apply when making an alternate offer in lieu of RIF separation or other RIF action.

4.6.3. Alternative offers to other competitive areas outside the commuting area are not subject to any RIF retention order.

4.7. Use of Vacancies.

4.7.1. Vacancies in different work schedules may be used for placement in lieu of RIF separation when it is determined that an employee has no RIF assignment rights in their present work schedule.

4.7.2. An employee reached for RIF may not displace another employee if an available vacancy exists in the competitive area that will satisfy their assignment rights.

4.7.3. Vacancies in other USAF or USSF competitive areas will be used as alternate RIF offers to place employees to avoid RIF separation. Vacancies will first be considered in competitive areas on the same USAF or USSF installation and then in the same commuting area.

4.7.4. Placement of employees in vacancies serviced by another CPS will be done only with the concurrence of the selecting official. **(T-2)**

4.7.5. Vacancies within an employee's competitive level and elsewhere in the competitive area will be considered for pre-RIF placement as a management directed reassignment.

4.7.6. Vacancies in other competitive areas may be used as pre-RIF placement only with the concurrence of the servicing CPS and selecting official.

4.7.7. Vacancies not used for RIF placement may be considered for retraining programs designed to avoid RIF separation.

4.7.8. An employee reached for RIF may not displace another employee if an available vacancy exists that will satisfy the employee's right of assignment.

4.7.9. See the OPM *Workforce Reshaping Operations Handbook* for additional information regarding use of vacancies.

4.8. Qualification Determinations.

4.8.1. The servicing CPS should consult with management officials of vacant positions used for RIF placement when determining whether an employee has the capacity to perform the duties of the position without causing undue interruption to the organization.

4.8.2. If management officials determines that a preference eligible with a compensable, service-connected disability of 30% or more is not able to fulfill the physical requirements of a position, they submit notifications through AFPC to AF/A1C for processing to OPM in accordance with Title 5, CFR 351.702 (d). **(T-0)** See the OPM *Workforce Reshaping Operations Handbook* for additional information.

Chapter 5

TRANSFER OF FUNCTION (TOF)

5.1. A TOF takes place when the work of one or more employees is moved from one competitive area to another. To be considered a TOF, the function must cease in the losing competitive area and continue in an identical form in the gaining competitive area. The movement of work solely within a competitive area is a reorganization and is not a transfer of function. All TOFs will follow guidance found in the OPM *Workforce Reshaping Operations Handbook* and the AFPC Business Processes.

5.2. Volunteers may be used whenever possible in identifying personnel to transfer to competitive areas outside the commuting area. The action will be processed as a management directed reassignment. **(T-1)**

5.3. A minimum of 60 days' notice will be given to employees affected by a TOF outside the commuting area. (T-1)

5.4. TOF notices will be prepared by the servicing CPS and sent to the losing management officials for signature and delivery. (T-2)

5.5. Employees have no opportunity to decline a transfer with the function to a position within the same local commuting area. At its option, the gaining competitive area of the TOF within the same commuting area may separate an employee who declines to report, using adverse action procedures.

5.6. Employees who decline TOF outside the commuting area will. Be considered for vacancies within their competitive area, at their present grade and lower grades, from the date of their declination until the date of transfer. The losing competitive area must use adverse action procedures if it chooses to separate an employee.

Chapter 6

SEPARATION INCENTIVES

6.1. Out-of-cycle VERA/VSIP requests will be coordinated through the MAJCOM/CCMD to AF/A1CP. The FLDCOMs will route requests through SF/S1C prior to submission to AF/A1CP for approval by AF/A1. **(T-1)**

6.2. Employee requests to decline/withdraw separating by VERA after signing applicable forms. Will be forwarded by the CPS through AFPC to AF/A1CP for review and approval on a case-by-case basis. **(T-1)**

6.2.1. Requests will only be considered under the following circumstances:

6.2.1.1. The position the employee is occupying has not been offered and accepted by an employee scheduled to be separated.

6.2.1.2. The position has not been committed to a PPP registrant.

6.2.2. Requests are submitted for approval no later than 120 days before the separation effective date.

6.3. Incumbents of abolished positions and employees expected to be involuntarily separated (and other employees in positions for which these incumbents qualify for placement). May be offered VSIP payments prior to issuance of RIF notices in accordance with the *National Defense Authorization Act for Fiscal Year 2003*. **(T-0)**

BRIAN L. SCARLETT, SES, DAF
Principal Deputy Assistant Secretary of the Air Force for Manpower and Reserve Affairs)

SF/S1C—Civilian Policy and Management

SF/S1CP—Civilian Policy

Terms

Competitive area—the geographical and organizational boundaries within which employees compete for retention in RIF. This policy establishes competitive areas as activities in a commuting area serviced by the same Civilian Personnel Section (CPS) constitute one competitive area, regardless of command jurisdiction. USAF and USSF activities within the same commuting area, serviced by different CPSs, are in separate competitive areas.

Competitive level—contain positions similar in duties and responsibilities that are in the same occupational series with the same or similar title.

Modal Rating—the rating of record most frequently given among the actual ratings of record to employees in the same competitive area.

Pre-RIF—any time before RIF approval authority (**para 2.1**) authorizes a RIF procedures to be initiated.

Retention Standing—an employee's relative position or ranking that determines their likelihood of being retained or separated during workforce reductions. The DoD retention factors are ranked in descending order of priority: 1) Rating of Record, 2) Average Score, 3) Tenure Group, 4) Veterans Preference (with disabled veterans receiving highest preference), and 5) DoD Service Computation Date (DOD SCD) for RIF purposes.

RIF Timeframe—an approved reduction in force that begins upon approval of the reduction by appropriate authority through the RIF effective date.

Post-RIF—the timeframe after a RIF effective date.

Surplus Employee—employee not assigned to a funded position.

Tenure Group—retention standing by the following descending order: Group I) career employees, Group II) career-conditional employees, and Group III) Term employees and those serving in any other non-status, non- temporary appointments.

Attachment 2

SAMPLE REDUCTION IN FORCE REQUEST MEMORANDUM

Figure A2.1. Sample Reduction in Force Request Memorandum.

MEMORANDUM FOR

FROM: (Requesting Installation CC)

SUBJECT: Request for Reduction in Force for XX

1. Name of Activity:

2. Location (City/State), Installation and CPO ID:

3. Applicable Bargaining Status Code(s), if applicable:

4. Nature of request: (i.e. Reduction in force of XX permanent employees)

5. Proposed Effective Date:
(If longer than 60 day employee notice is required please note here.)

6. Reason for requested action: Describe, in detail, the change in mission/reduction in funding/reorganization that is necessitating the request

7. Criteria and methodology used to support the workforce reshaping decision: Describe how and identify which positions were selected to be abolished or restructured

8. Number of personnel affected (include list of all employees and their position data):

9. Actions taken to mitigate reductions:

10. Funding Impact:

a. Savings: Include salaries and other costs avoided by this proposed action and specify if the savings are before or after deducting costs
b. Costs: For example, annual leave payouts/severance pay estimates/VSIP estimates and include costs for PCS who are relocated via PPP

11. Estimated impact on local economy:

12. Anticipated Congressional interest, including names and districts of members to be notified:

Senator (name) (state)
Senator (name) (state)
Representative (name) (state-district)
Representative (name) (state-district)

13. Proposed unclassified press release/announcement or statement if no press release is planned:

14. POC for additional information/discussion
