SUMMARY OF CHANGES

This document has been substantially revised and must be completely reviewed. Changes include: publication type change (Air Force Instruction (AFI) to AFMAN), updating contact information to reflect new organizational structure, and updating waiver routing processing.

1.2. **(AFDW) Waiver Authority.** Unless otherwise specified, Headquarters (HQ) Air Force District of Washington (AFDW)/A3/5/6 is the waiver authority for guidance in the AFDW

supplement to AFMAN 11-202V1, *Aircrew Training*. Units will route waiver requests for individual aircrew training requirements and for both the parent and supplement publications through 316 OG/OGV to HQ AFDW/A3OV. To ensure ample time for coordination, waiver requests should reach HQ AFDW/A3OV at least 15 days (individual aircrew training requirements) or 30 days (publication waivers) prior to waiver requirement. NOTE: waiver requests to parent publication guidance may require longer coordination times. Submit waiver requests to **AFDW.A3OV.Workflow@us.af.mil**. HQ AFDW/A3OV will track all waivers. Current and approved waivers are listed on the HQ AFDW Helicopter Operations Branch SharePoint website: **https://usaf.dps.mil/sites/afdw-a3-5-6/A3OV/SitePages/Home.aspx**.

Table 1. Flight Surgeon Sortie Requirements (See Notes).

Sortie	Semi-Annual Period	Annual Sortie
Total	Minimum: 6	Minimum: 12

Notes:

1. Flight surgeons may log more than one sortie per day; however, no more than one sortie per single calendar day will be credited towards semi-annual and annual sortie requirements (Credit hours flown in accordance with AFI 11-401) **Exception:** Credit ARC flight surgeons with a maximum of two sorties for separate flights performed in a day (Zulu), provided the interval between flights does not exceed 60 days and a minimum of six missions are flown each six months.

2. Flight surgeons are conditional fliers and must meet *Department of Defense Financial Management Regulation* flying requirements for entitlement to Aviation Incentive Pay. See also AFMAN 11-421, *Aviation Resource Management.*

3. To maintain currency, time between flights must not be more than 60 days. MAJCOMs establish procedures for flight surgeons to regain flying currency.

3. **(AFDW)** Noncurrent flight surgeons will regain currency by reviewing egress procedures and location and use of firefighting equipment prior to the next sortie. The next flight will be under the supervision of any aircrew instructor current and qualified in the aircraft. Flight surgeons flying multiple aircraft, will complete the re-currency requirements whenever the previous sortie in a specific aircraft type exceeds 60 days.

4. Squadron Aviation Resource Managers (SARM) will set up flight surgeon training profiles on an annual cycle. Reference **https://cs2.eis.af.mil/sites/12984/default.aspx** for ARMS training event identifiers.

4. **(AFDW)** The Host Aviation Resource Management (HARM) office will notify AFDW/SG if a flight surgeon exceeds 60 calendar days between sorties

5. MAJCOMs establish procedures to assess continued active flying authorization.

5. **(AFDW)** AF/SG3P has oversight on all flight surgeon API-5 authorizations. AFDW/SG will coordinate annually with AF/SG3P to assess/validate all AFDW active flying authorizations. The HARM office will notify AFDW/SG and AFDW/A3/5/6 when flight surgeons fail to meet semi-annual or annual training requirements.

3.12.2. **(AFDW)** Mission essential personnel (MEP) will complete LL03 and LL06. Following AFEO recommendation and OG/CC approval, MEP will maintain a 120-day LL03 currency. Loss of currency is grounding until LL03 is re-accomplished.
