SUMMARY OF CHANGES

This publication has been revised to reflect the entitlements for Reservists inside and outside the local area. This publication has been updated to reflect the new travel guidance, Joint Travel Regulation (JTR) effective 1 October 2014, which replaced the Joint Federal Travel Regulation

(JFTR). Additionally, some zip codes have been re-designated or removed in regard to corporate and commuting areas.

1. POLICY FOR POC USAGE.

1.1. The Hurlburt Field POD consists of the Northwest Florida counties of Bay, Escambia, Okaloosa, Santa Rosa, and Walton only. Official travel outside of the Hurlburt Field POD will normally require temporary duty orders.

1.2. When available, US government transportation will be used for travel within the POD. Travelers will request US government transportation from the Transportation Vehicle Operations Section (1 SOLRS/LGRD). When US government transportation is not available and when it is otherwise more advantageous to the US government, the use of POCs may be authorized on a reimbursable basis. 1 SOLRS/LGRD will issue a certificate of non-availability prior to authorization for use of privately owned vehicle. This certificate will be submitted as an attachment to SF 1164 to support any payments for vicinity travel.

1.3. POC reimbursement rates are contained in the JTR.

1.4. When two or more persons travel together on the same trip and in the same POC, reimbursement will be made only to the owner of the vehicle.

2. VICINITY TRAVEL STATUS. A person is in vicinity travel status when directed to perform duty necessary to conduct US government business within the POD of Hurlburt Field for which official travel orders are usually not written. Official travel performed to any organization, auxiliary field, range, or site within the POD is accomplished in a vicinity travel status. Travelers will request US government transportation from the 1 SOLRS/LGRD. 823 Red Horse Squadron (RHS) personnel will coordinate requests with their Vehicle Operation Section (823 RHS/DOPV).

3. RESTRICTIONS.

3.1. Payment is not normally authorized for travel between home and place of duty. However, reimbursement of official travel originating and ending at the claimant's home is authorized when it is not necessary for them to begin or end travel at their duty station. Reimbursement will not exceed the cost had travel begun or ended at the traveler's place of normal duty.

3.2. Personnel proceeding to locations within the POD will not normally be placed on orders.

3.3. All claims for vicinity travel will have the following statement typed on the claim:

3.3.1. "I certify that official travel was performed by POC of which I was in fact the owner/operator, and my claim does not include mileage between place of duty and place where meals were taken."

4. APPROVING AUTHORITIES. Approving authorities will be the same as those listed in AFI 65-103, paragraph 1.2.4 and 1.2.5.

5. RESERVISTS. IAW JTR, **Chapter 2**, Part L, Section 2800, para B, the local area is, "within the PDS/TDY limits and the metropolitan area around the PDS/TDY area served by local public transit systems; within a local commuting area of the PDS/TDY station determined by the AO/local Service/DoD Agency in a written directive; or separate cities, towns, or installations

adjacent/close to each other, between which the commuting public travels during normal business hours on a daily basis".
