This instruction aligns with Air Force Instruction (AFI) 32-6000, Housing Management. It establishes and defines procedures and responsibilities for identifying key and mission essential positions at Robins Air Force Base (AFB). It applies to all persons designated as key and essential and establishes responsibilities for Hunt Military Family Housing as the Privatized Owner, 78th Civil Engineer Group (CEG), and the Military Housing Office (MHO). Also, it establishes dormitory inspection criteria and ensure base leadership conducts regular, standardized and consistent inspections at a minimum monthly. This publication may not be supplemented at any level. Requests for waivers must come through the chain of command from the Commander of the office seeking relief from compliance. Waiver requests must be submitted to the OPR; waiver authority has not been delegated. The waiver approval authority for all compliance items within this publication are at Wing Level (Tier T-3). SUMMARY OF CHANGES

This publication is substantially revised and must be completely reviewed. It establishes the Air Force key and mission essential positions for organizations at Robins AFB. It establishes key and essential positions are designated when there is a compelling need for a member in that position to live on-base. In addition, Squadron commanders and first sergeants must implement the installation dormitory inspection program to ensure residents comply with installation standards in private and common areas.

2.10. (RAFB) Key and Essential (K&E) and Command Housing Positions

2.10.1.1. **(RAFB)** Incumbents of certain key and essential positions known as Command Positions are required to reside in specific privatized homes as a matter of military necessity or as a condition of employment. The positions are identified by the Installation Commander (**Attachment 2**).

2.10.2.1. **(RAFB)** The Installation Commander determines those positions considered as key and essential (**Attachment 2**). Although specific homes are not designated for these positions, certain areas or groups of homes may be reserved for them as determined by the MHO. Hunt Military Communities will work closely with the MHO with regard to key and essential personnel and will accept rent at the Basic Allowance for Housing (BAH) "without dependent" rate less a utility allowance should the individual be drawing BAH at the without rate. Personnel assigned to key and essential positions who do not have a home available for them upon arrival to the base will move to the top of the appropriate waiting list. Occupancy of an identified General Officer Home by any resident other than a General Officer must be approved by the Installation Commander.

7.15. RAFB) Leadership Programs

7.15.3.1.2. **(RAFB)** Airmen deserve to be treated with respect and to live in a clean, healthy and safe environment. The chain of command has an inherent responsibility to ensure proper living standards and conditions are maintained in areas assigned to their Airmen. Unaccompanied Housing must provide a safe and predictable living standard regardless of the unit of assignment.

7.15.3.1.3. **(RAFB)** All commanders retain the authority to conduct legal searches, and health and welfare inspections. However, they must also ensure housekeeping and living conditions meet acceptable standards. As such, each unit commander shall establish internal policies to ensure Airmen living in unaccompanied housing meet acceptable standards and is environmentally safe.

7.15.3.2.3. **(RAFB)** Morale and welfare visits should be conducted when Airmen are present; however, Airmen are normally present during legal searches, and health and welfare inspection. Ensure 100% morale and welfare visits occur every 30 days and logged in the Dormitory Management Office located in building 780.
