Chapter 3

OFF-LIMITS ESTABLISHMENTS

3.1. Off-Limits Establishments and Areas . The 22 ARW/CC may place establishments and areas off-limits to maintain good order and discipline, health, morale, safety, and welfare of personnel assigned to, or performing temporary duty, at McConnell Air Force Base. Off-limits restrictions are intended to prevent personnel from being exposed to, or victimized by, crime-conducive conditions. The 22 ARW/CC has discretion to declare establishments or areas temporarily off-limits to active duty military members and Reserve and National Guard members on Title 10 status where sufficient cause exists. Temporary off-limits restrictions issued in an emergency situation by the 22 ARW/CC will be acted upon by the Board as a first priority. As a matter of policy, a change in ownership, management, or name of any off-limits establishment does not, in and of itself, revoke the off-limits restriction. Personnel in a law enforcement capacity will not visit these establishments unless the 22 ARW/CC or Board President specifically determines that visits or surveillance are warranted.

3.1.1. Military members assigned to or performing temporary duty at McConnell Air Force Base are prohibited from entering establishments or areas declared off-limits according to this instruction. Violators may be subject to disciplinary action per Air Force instructions and the Uniform Code of Military Justice. Military family members and others associated with the installation should be made aware of off-limits restrictions. Personnel are informed of off-limits establishments when processing into billeting (which they acknowledge with their signature), at the new comers briefing, First Term Airman Center, and applicable SharePoint sites.

3.1.2. The 22 ARW/CC or Board President will attempt to correct adverse conditions or situations through the assistance of civic leaders or officials prior to initiating any Board action unless an emergency situation exists.

3.1.3. The Disciplinary Control Board will send a notification letter by certified mail with a return receipt requested to the individual or firm responsible for the alleged condition or situation prior to recommending off-limits restriction except when emergency situations exist. (Refer to **Attachment 3**. Use the most current 22 ARW letterhead in blue font.) The Board will specify a reasonable time for the condition or situation to be corrected and offer the individual or firm an opportunity to present any relevant information to the Board. The Board will recommend the imposition of the off-limits restriction if subsequent investigation reveals the responsible person has failed to take corrective action.

3.1.4. A specified time limit will not be established when an off-limits restriction is invoked. The determining factor for removing an off-limits restriction will be the adequacy of corrective actions taken by the responsible individual.

3.1.5. A person whose establishment or area has been declared off-limits may petition the Board to remove the off-limits restriction. The petition will be in writing and include a detailed report of action taken to eliminate the condition or situation that caused the restriction. The Board President may direct an investigation to determine the status of corrective actions noted in the petition. The Board will recommend removal or continuation of the off-limits restriction to the 22 ARW/CC based on the results of the investigation.

3.2. Off-Limits Procedures . Invoke off-limits restrictions only when substantive information indicates an establishment or area presents conditions adversely affecting the health, safety, welfare, morale, or morals of personnel assigned to or performing temporary duty at McConnell Air Force Base. It is essential the Board does not act arbitrarily or take actions of a punitive nature. The decision tree at **Attachment 4** illustrates how the off-limits decision should occur. The Board should cooperate with local officials and proprietors of business establishments to accomplish their mission through mutually cooperative efforts. The Board should encourage personal visits by local military and civilian enforcement or health officials to establishments considered below standard. The Board should point out unhealthy conditions or undesirable practices to establishment owners or operators to produce the desired corrective action.

3.2.1. The Board should not rely solely on letters written by the Equal Opportunity Office and Military Affairs Committee or investigations of alleged racial discrimination in cases involving discrimination.

3.2.2. The Board President or a designee will prepare and submit a report of findings and recommendations at the next meeting if an investigation or inspection of an establishment is deemed necessary.

3.2.3. The Board will send the establishment owner or manager a notification letter when it concludes conditions are adverse to military members (refer to **Attachment 3**). The proprietor will be advised to raise standards by a specified date or off-limits proceedings may be initiated if such conditions or practices continue. Send any correspondence to people responsible for adverse conditions which may lead to off-limits action using certified mail.

3.2.4. The Board should send a letter of appreciation recognizing a proprietor's cooperation and remedial action(s) to correct undesirable conditions when appropriate. (Refer to **Attachment 5**. Use the most current 22 ARW blue letterhead.)

3.2.5. The proprietor will be sent an invitation to appear before the Board to explain why the establishment should not be placed off-limits if undesirable conditions are not corrected. (Refer to **Attachment 6**. Use the most current 22 ARW blue letterhead.) Any proprietor may designate a representative, in writing, to appear before the Board on their behalf.

3.2.6. The Board President will take the following actions if a proprietor has decided to appear before the Board:

3.2.6.1. Prior to calling the proprietor, review the findings and decision of the previous meeting, and call for completed inspection reports.

3.2.6.2. When the proprietor or their representative is called before the Board:

3.2.6.2.1. Present the proprietor with a brief summary of the complaint concerning the establishment.

3.2.6.2.2. Afford the proprietor an opportunity to present matters in defense.

3.2.6.2.3. Allow those present to ask questions and discuss the case.

3.2.6.2.4. Invite those present to question the proprietor. Provide the proprietor an opportunity to make a final statement before being dismissed after the questioning period.

3.2.7. Board members only will deliberate recommended actions in a closed session.

3.2.8. The Board should recommend off-limits restriction only when:

3.2.8.1. The letter of notification has been sent.

3.2.8.2. The proprietor has been given an opportunity to appear before the Board.

3.2.8.3. Further investigation indicates improvements were insufficient or have not been made.

3.2.9. Use the Board's meeting minutes to record the Board's actions for each case. Include the procedural steps taken in reaching a decision to recommend placing an establishment off-limits.

3.2.10. Submit Board recommendations to the 22 ARW/CC for approval.

3.2.11. The Board President will notify the proprietor that the off-limits restriction has been imposed upon approval of the 22 ARW/CC. (Refer to **Attachment 7**. Use the most current 22 ARW blue letterhead.)

3.2.12. The adequacy of corrective actions taken by the proprietor of an establishment is the determining factor for removing off-limits restrictions, not a specified time limit when the restriction is imposed.

3.2.13. The Board will publish a list of off-limits establishments and areas using 22 ARW Public Affairs media channels or other available means to insure the widest possible dissemination.

3.3. Emergency Declarations . The 22 ARW/CC may immediately and temporarily declare establishments or areas off-limits in emergencies when necessary. Detailed justification for this emergency action will be provided to the Board for deliberations. An emergency Board meeting will take place as soon as possible. The circumstances for the action will be reported to the Board and it will be their first priority. Send an emergency off-limits letter via certified mail to the proprietor if the restriction continues. (Refer to **Attachment 8**. Use the most current 22 ARW letterhead.)

3.4. Removal of Off-Limits Restrictions . Proprietors of establishments or areas declared off-limits may petition the Board for reconsideration at any time. Petitions should include the reason(s) why the restriction should be removed. The Board will consider submitted petitions at their next scheduled meeting and make recommendations to the 22 ARW/CC.

3.4.1. 22 SFS/S-2I will send notify the proprietor if a petition for reconsideration of off-limits restrictions was not approved. (Refer to **Attachment 9**. Use the most current 22 ARW blue letterhead.)

3.4.2. The proprietor may appeal the decision of the Board to the final appeal authority, the installation commander. The 22 ARW Judge Advocate will review any appeal information and advise the Board and Installation Commander accordingly.

3.4.3. 22 SFS/S-2I, with approval of the proprietor, of will inspect off-limits establishments as needed or when directed by the Board.

3.4.4. The Board will take the following actions when it learns the proprietor has taken adequate corrective measures:

3.4.4.1. Discuss the matter at the next meeting and make an appropriate recommendation.

3.4.4.2. Forward a recommendation to the 22 ARW/CC to remove the off-limits restriction.

3.4.4.3. Notify the proprietor by letter when the recommendation to remove the restrictions has been approved. (Refer to **Attachment 10**. Use the most current 22 ARW blue letterhead.)

3.4.4.4. Reflect action taken in the meeting minutes.

3.4.5. Establishments remain on the off-limits list indefinitely until such restrictions are removed pursuant to an appeal or adequate protective measures have been taken.

3.4.6. The Board will review off-limits establishments on an annual basis.
