This instruction implements DAFPD 35-1, *Public Affairs Management*. This instruction explains the procedure for posting information on the CAC. It applies to all US personnel, regardless of branch of service, within the confines of Misawa Air Base. Ensure that all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction 33-322, *Records Management and Information Governance Program*, and are disposed of in accordance with the Air Force Records Disposition Schedule which is located in the Air For Records Information Management System," or any updated statement provided by the AF Records Management office (SAF/CNZ). Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, Recommendation for Change of Publication; route AF Form 847s from the field through the appropriate functional' s chain of command.

SUMMARY OF CHANGES

This instruction was re-accomplished to implement changes to the CAC approval process. It gives specific guidance on revised CAC procedures, general information, and contact information. This instruction supersedes 35 FWI 35-102, 12 April 2018.

1. Purpose.

1.1. The CAC is the commander's tool to reach members with command and control and/or emergency information. During non-emergency times, the CAC can be used to inform the installation of security notifications and various base-wide events and programs.

2. Releasable information.

2.1. There are two types of information that can be posted on the CAC:

2.2. Command and Control Items, to include: severe weather, natural disasters, and real world or exercise Force Protection Conditions (FPCONs), Mission-Oriented Protective Postures (MOPP), and alarm conditions.

2.3. Commander's Special Interest Items (SII) are items that the commander designates as important information for installation-wide dissemination but do not fall into the command and control category. These include: upcoming exercise announcements, customer service closures affecting majority of base populace, power outages, road construction, and other announcements as approved by the 35 FW/CC or his designated representative. SII's will be posted on a time-available basis and may not be posted when higher priority command and control activities or events are in progress.

3. Limitations.

3.1. Although not all-inclusive, the following are examples of information that will not be run on the CAC: birthdays, birth announcements, farewell parties, retirement ceremonies, promotion parties, changes of command other than group and wing level, sales and concessionaire promotions, tickets and tour trips, individual or unit awards, job announcements, yard sales and announcements promoting commercial businesses.

4. Procedures.

4.1. To submit slides, the office of primary responsibility (OPR) will create the slide(s) using Microsoft Powerpoint, inputting text necessary for their advertisement and e-mail them to the 35th Fighter Wing Public Affairs org. box (**35fw.pa@us.af.mil**). CAC submissions will be in bullet format and must answer who, what, when, where, and why. Submissions will have a valid point of contact and telephone number. Public Affairs reserves the right to make changes to submitted slides for brevity, clarity, and style.

4.2. The OPR is responsible for ensuring their chain of command is notified of the pending CAC submission before turning it in to the 35 FW/PA office.

4.3. Included in the e-mail to the FW/PA office will be the inclusive dates to run the slide(s). Slides having no listed expiration date will be run for a 4 week period, or until the OPR requests removal or modification.

5. General information.

5.1. The Commander's Access Channel is updated once weekly, or as needed. Submissions to the CAC are due 10 duty days prior to the event, and will air for no more than 4 weeks, unless otherwise directed by the 35 FW/CC or designated Public Affairs representative. Slides containing emergency or time-critical information will be posted sooner, as required to support mission critical communication objectives.

6. Contact information.

6.1. Please direct any questions concerning the Commander's Access Channel to the 35 FW/PA DSN: 315-226-3075, or e-mail **35fw.pa@us.af.mil**.
