STANDARDS OF PROFESSIONAL CONDUCT

1.1. Purpose. The purpose of this instruction is to provide necessary guidance for Air Force Reserve Recruiting personnel to recruit qualified individuals to meet Air Force Reserve (AFR) manning requirements, without regard to race, color, religion, sex, or national origin. This chapter provides standards of professionalism and integrity for AFR recruiters. Malpractice, misconduct, and irregularities by recruiting personnel will not be tolerated.

1.2. Recruiting Malpractice.

1.2.1. Recruiters will not conceal or conspire to conceal a disqualifying factor, or take any action to qualify an ineligible applicant in violation of directives. **(T-0)**.

1.2.2. Do not mislead or misinform a prospect or applicant regarding any aspect of recruiting policy, procedures, entitlements, benefits, or any intentional misinformation, designed to induce an applicant to apply for, or accept enlistment, commissioning, assignment or appointment. **(T-0)**.

1.2.3. Do not initiate any action to influence attorneys, law enforcement officials, or judicial authorities to release, dismiss, drop charges, or otherwise mitigate dispositions in order to qualify an individual for AFR accession **(T-0)**. Recruiting personnel will not accompany applicants to court. **(T-0)**.

1.3. Recruiting Misconduct. IAW DoDI 1304.33 *Protecting Against Inappropriate Relations During Recruiting and Entry Level Training,* recruiters will maintain high standards of conduct and be professional in their relationships with applicants. Refer inquiries to the local Flight Chief.

1.3.1. Do not attempt to develop an intimate personal relationship with applicants, such as making sexual advances toward applicants or seeking, or accepting, sexual advances from applicants. This includes, but is not limited to comments, actions, gestures, inappropriate texting, email, and social networking. **(T-0)**.

1.3.2. Do not date any applicant whose processing has not been terminated by applicant withdrawal (no longer interested), or by failure to meet accession requirements (disqualification). Dating Delayed Enlistment Program (DEP)/Delayed Entry for Training (DET) members or accessed Non-Prior Service (NPS) applicants who have not completed all Initial Active Duty for Training (IADT) requirements, including Split Training Option (STO), is also prohibited. **(T-0)**.

1.3.3. Do not use rank, position, threats, pressure or promise of return of favors, or favorable treatment, in an attempt to gain sexual favors from an applicant or trainee. **(T-0)**.

1.3.4. Do not become involved or otherwise assist in General Educational Development (GED) testing of individuals beyond advising them to contact the nearest state education official authorized to administer the GED test. **(T-1)**.

1.3.5. Do not use personal resources to provide applicants with lodging or transportation. **(T-1)**.

1.3.6. Do not accept an applicant's personal belongings or household goods for storage or any other reason. **(T-1)**.

1.3.7. Do not sponsor an alien for permanent residence by citing the AFR as a prospective employer. **(T-1)**.

1.3.8. Any inclination towards an unprofessional relationship must be identified at the lowest level and immediately reported to all levels of Recruiting Service.

1.4. Inspire, Deter, Detect and Accountability (ID2A). Nothing destroys the Air Force and our recruiting organization's reputation faster than even the perception of a Recruiter in an inappropriate relationship with an applicant. The AETC institutional safeguards of "Inspire, Deter, Detect and Accountability (ID2A)" program will assist us in educating our newest Airman on the professional relationship roles and responsibilities of all members of the Air Force. The ID2A program also assists leaders in identifying and holding those accountable who breach standards of the Air Force's defined professional relationships. Any inclination towards an unprofessional relationship must be stopped at the lowest level and reported to the highest level. This includes, but is not limited to, improper texting, email, and social networking. Such breaches of conduct undermine our values and destroy our reputation and our ability to effectively prosecute our mission. Commanders are responsible to ensure all members receive annual training on DoDI 1304.33 and Air Education and Training Instruction (AETCI) 36-2909 *Professional and Unprofessional Relationships* (especially the provisions specific to unprofessional relationships between recruiters and recruits). Annotate on DD Form 2982, *Recruiter/Trainer Prohibited Activities Acknowledgement*.

1.4.1. Flight Chief Responsibilities:

1.4.1.1. Complete the Department of Defense (DoD) Form 2982 with each assigned recruiter.

1.4.1.2. Ensure all recruiters are familiar with DoDI 1304.33 and AETCI 36-2909.

1.4.1.3. Flight Chiefs will annually conduct and document one-on-one professional relationship training with recruiters. **(T-2)**. Flight Chiefs will ensure recruiters understand they will only have a professional relationship with applicants. The Flight Chief will document the training and upload into the recruiter's Total Force Training Record (TFTR) **(T-2)**.

1.4.2. Recruiter Responsibilities:

1.4.2.1. Read and become familiar with DoDI 1304.33.

1.4.2.2. Read and complete the DoD Form 2982 with supervisor (or designated member). This must be completed prior to performing recruiter's duties.

1.4.2.2.1. This training will be accomplished and the recruiter will be recertified each fiscal year (FY). The most current will be uploaded in the members TFTR initially and annually. **(T-2)**.

1.5. Referring Complaints and Inquiries. Refer official inquiries, allegations, or complaints received directly from AFR members, parents, legal officials, or legislative representatives from any level of government to the Flight Chief, who will subsequently contact the 367th Recruiting Group Inspector General (367 RCG/IG) and notify Squadron Staff regarding receipt of any inquiry. Do not release the personal phone numbers of recruiting or medical personnel.

1.5.1. 367 RCG/CC responsibility. The 367 RCG/CC will ensure every allegation of recruiting improprieties is fully investigated to determine the validity of the allegations. Depending on the severity of a substantiated allegation, training or disciplinary action may be necessary, i.e. additional training annotated on an AF Form 623A, *On The Job Training Record Continuation Sheet*, Letter of Counseling, Letter of Admonishment, Letter of Reprimand, etc. AFI 36-2907, *Unfavorable Information File (UIF) Program*, will be the official guidance when disciplinary action is required. Ultimately, 367 RCG/IG will be informed of ALL allegations. Based on this information, the following procedures will be adhered to when situations arise.

1.5.2. Squadron Commanders, First Sergeants, and/or Flight Chiefs will.

1.5.2.1. Ensure compliance of this instruction by all recruiting personnel.

1.5.2.2. Serve as Officer of Primary Responsibility (OPR) for all inquiries and/or complaints within their Squadron (NAF/SQ level) or Flight Office (Flight Chiefs/local level).

1.5.2.3. Flight Chiefs will notify Squadron, Squadrons will notify 367 RCG/IG via phone or email when an allegation has been acknowledged.

1.5.2.4. If necessary the recruiter will be read their rights. This can be found on AF Form 1168 *Statement of Suspect/Witness/Complainant.* **Note:** This must be done anytime the individual's statement could incriminate them in anyway and is used for their protection. The First Sergeant must be notified.

1.5.2.5. Gather necessary information during investigation or inquiry (facts, data, documentation, etc.) from constituent/applicant and recruiter or personnel involved, if applicable.

1.5.2.6. Compose an informative summary/report of allegations and revelations, to include whether a CDI (Commander Directed Investigation) or any other additional action is required.

1.5.2.7. Forward final report to the appropriate chain of command to include any documentation obtained during the inquiry investigation. Regardless of whether inquiry was initiated at the local or Squadron level, a copy of all final reports must be forwarded to 367 RCG/IG.

1.6. Personnel Information File (PIF). Flight Chiefs may maintain a PIF or similar file on any subordinate personnel, according to current directives.

1.7. Basic Military Training (BMT) Elimination. If a BMT elimination is traced to recruiter lack of responsibility or negligence, accession credit may be removed, and appropriate training/counseling/discipline provided.

Chapter 2

RECRUITER MANAGEMENT GUIDANCE

2.1. Purpose. This chapter provides directives for recruiter management items.

2.2. Inter-service Recruitment Committee (IRC). Designated individuals identified by Department of Defense Manual (DoDM) 1145.02, Military Entrance Processing Station (MEPS) will attend IRC or enlisted IRC/Military Entrance Processing Station (MEPS) liaison meetings. Regular Air Force (RegAF) will collaborate with Air National Guard (ANG) and AFR as liaisons. **(T-2)**

2.3. Enlisted Incentive Programs. The AFR Enlisted Incentive Program aids recruiters in accessing qualified individuals into critical skills. Recruiters must understand and consistently market all available incentives. For specific information concerning incentive programs, refer to AFI 36-2638, *Air Force Reserve Enlisted Incentives*. Questions should be directed to the local servicing force support unit or the Readiness & Integration Organization (RIO) detachments for the Individual Mobilization Augmentee (IMA) Program, also known as Individual Reserve (IR).

2.4. Recruiting Zones.

2.4.1. Headquarters (HQ) AFRC/RSOA, with coordination from the Flight Chiefs through Squadron Superintendents (SQ SUPT), must establish a distinct and separate recruiting zone, or area of responsibility (AOR), for each recruiter assigned a goal. **(T-2)**. Squadrons will ensure Flight Chiefs coordinate all recruiting zone changes with HQ AFRC/RSOA. **(T-2)**.

2.4.2. Recruiters will not process applicants outside of their assigned zone unless specifically tasked by the Flight Chief (and/or losing Flight Chief if outside of flight). If a prospect prefers to work with a specific Recruiter, written approval must be received from the recruiter who works the zone where the prospect lives, and the Flight Chief must approve the request (if different flight, losing Flight Chief must provide approval). The only valid method of approval is email, and this email must be copied and pasted in Air Force Recruiting Information Support System- Total Force (AFRISS-TF). **(T-2)**.

2.4.3. Zone Binders will be maintained in each Recruiters'' office according to Squadrons' standards. See **paragraph 2.12** **(T-3)**.

2.4.3.1. Recruiters will provide a Zone and Safety briefing to all Recruiting Service (RS) staff visitors. Recruiters will also have the visitors sign the visitor log which will have at a minimum space for name, rank, date, organization, title and purpose of visit.

2.5. Prospecting.

2.5.1. Flight Chiefs will ensure their recruiters identify and interview qualified applicants. Recruiters must effectively work all available resources to maximize success (i.e. student centered schools visits, RegAF separations from all services, perpetuation, Center of Influence (COI) events, etc.). The minimum amount of prospecting activities will be established in writing by the Flight Chief.

2.5.2. A prospecting activity is defined as an activity outside of the recruiters' office in which they have the opportunity to speak with multiple individuals (whether in a group or one-on-one setting) about the opportunities within the Air Force Reserve.

2.5.3. Schools are assigned one of three priorities based on productivity (actual or potential). Some of the factors to be considered when determining priorities are size, academic standing and diversity of the student population, accessibility, distance from the recruiting office, and number of schools assigned to an individual Recruiter. Priority 1 schools are the most productive schools, Priority 2 schools are fairly productive, Priority 3 schools are least productive.

2.5.3.1. Recruiters will establish an effective school program for each school they are responsible for, prior to the beginning of the school year. **(T-2)**. Recruiter school programs are administered as follows:

2.5.3.1.1. Line recruiters will assign a minimum of three Priority 1 schools and each will be visited quarterly. Priority 2 schools will be visited once a year. Priority 3 schools will be visited at Flight Chief discretion, based on production needs.

2.5.3.1.2. Officer Accession (OA) and Health Professions (HP) recruiters will visit a minimum of one Priority 1 School per quarter during the school year. **(T-2)**.

2.5.3.1.3. HP Recruiters can substitute school visits with Hospital visits as determined by the Flight Chief. **(T-2)**.

2.5.3.1.4. ISRs with a line goal will conduct Priority 1 schools visits as required by the Flight Chief. **(T-2)**.

2.5.3.1.5. Line Recruiters may work high schools, vocational schools, colleges, and/or other service branch's monthly TAPS briefings (minimum of 3 total). **(T-2)**.

2.5.3.1.6. Recruiters will annotate the school event planned and action accomplished in AFRISS-TF. **(T-2)**.

2.5.3.1.7. Flight Chiefs will evaluate the number of Priority 1 schools being worked and adjust accordingly to the needs of the recruiter or zone. Flight Chiefs may increase the number of school visits required, but will not decrease below the minimum requirement.

2.5.3.1.7.1. Flight Chiefs/Senior Recruiters will visit a minimum of one Priority 1 School per school year per recruiter. **(T-2)**.

2.5.3.1.7.2. Squadrons will ensure Flight Chiefs have validated and ensured their Priority 1 schools are being properly managed. **(T-2)**.

2.5.4. Media/Radio Visits

2.5.4.1. Flight Chiefs will ensure that, at a minimum, one media visit is conducted during each recruiting year by all assigned recruiters. **(T-2)**.

2.5.4.1.1. Recruiters will visit a media outlet as determined by the Flight Chief, focusing on those already playing AFR Public Service Announcements (PSA), to perpetuate further cooperation; a list can be obtained from the HQ AFRC/RSAA Dashboard.

2.5.4.1.2. In-Service recruiters are required to visit the local installation Public Affairs (PA) office (when available) as determined by the Flight Chief. This includes the base

paper, services flight, Wing access channel, marquee and any other media outlets to generate awareness.

2.5.4.1.3. Flight Chiefs ensure that recruiters document these activities in AFRISS-TF, as required.

2.6. Leads.

2.6.1. Leads obtained from any source must be refined using AFRISS-TF.

2.6.2. Lead refinement is considered complete when the recruiter has either conducted an applicant interview, or is convinced the individual is disqualified, or no longer interested (NLI) in joining the AFR. The recruiter must document all disqualifying factors and the reason for NLI.

2.6.3. Recruiters will attempt to contact all leads within 5 working days of receipt. Emphasis should be placed on the actual contacting of leads (email, phone, text, etc.) versus number of attempts to contact.

2.6.4. The recruiter must document in detail all actions and follow-ups in AFRISS-TF.

2.6.5. Leads for all recruiters are normally acquired through, but not limited to:

2.6.5.1. Call center/E-Advisor.

2.6.5.2. School visits/student lists.

2.6.5.3. Palace Chase/Palace Front briefing.

2.6.5.4. Individual Ready Reserve (IRR)/Defense Manpower Data Center (DMDC) mail-out replies.

2.6.5.5. Center of Influence events, air shows, mall visits, high school/college career fairs, etc.

2.6.5.6. IRR Musters.

2.6.5.7. Armed Services Vocational Aptitude Battery (ASVAB) Rosters located in AFRISS-TF.

2.6.6. ISRs must make contact with 100% RegAF separatees **(T-2)**. Recruiters will create an account on the portal by selecting "Admin Portal" located at the bottom of the screen and follow the instructions to create a profile. Once a profile has been confirmed, recruiters could input the NVRA data daily. This will allow FVAP to have real-time access to voting assistance metrics at any given time.

Chapter 3

STANDARDS OF BASIC ELIGIBILITY

3.1. Eligibility Requirements. Applicants must meet all eligibility requirements identified in this instruction. Recruiters must question applicants to determine if they meet standards of basic eligibility. Tactfully dismiss disqualified applicants, (EXAMPLE: based on current AFR criteria you are ineligible for processing) unless a waiver/determination is requested, warranted and authorized, and accession of the applicant would be in the best interests of the AFR. Waivers/determinations are processed as outlined in **Attachment 20**. In questionable cases, use the recruiting chain of command for clarification and guidance.

3.2. Recruiter Discretion. Accession to the Selected Reserve (SelRes) may be denied to any individual even though the applicant meets enlistment, appointment, and/or assignment criteria when accession is not in the best interest of the AFR, with Flight Chief concurrence and Squadron Superintendent approval. EXAMPLE: Trend of missed appointments, presenting false documents, failure to disclose potentially disqualifying factors, etc. Detailed documentation of the reasons must be entered in AFRISS-TF for the Flight Chiefs review.

3.3. Applicant Screening.

3.3.1. Applicants will be tentatively qualified using this instruction which is based on AFMAN 36-2032, and the specific program chapter under which they are being accessed. Use the recruiting method "CCMAPPEDDS" (Citizenship, Conscientious Objector, Moral, Age, Prior Service (PS), Physical, Education, Dependency, Drugs, SSN).

3.3.2. Recruiters will process applicants after face-to-face interview has been conducted, unless otherwise directed. **(T-2)**.

3.3.3. Information may be obtained over the telephone or electronic correspondence after briefing the Privacy Act of 1974.

3.4. Initial Interview .

3.4.1. Conduct the interview and document applicant information and responses in AFRISS-TF. Processing and follow-up activities should be documented in detail in AFRISS-TF as an outreach. **(T-2)**.

3.4.2. At the beginning of the initial face-to-face or telephonic interview, brief the applicant on the Privacy Act of 1974. Provide all applicants with a copy (electronic is permitted) of the AF Form 883, *Privacy Act Statement - U.S. Air Force Application Record*.

3.4.3. Applicants will be briefed on the *Applicant Briefing Item on Separation Policy* prior to any processing **(T-2)**. See **Attachment 3**.

3.4.4. Complete the following forms:

3.4.4.1. AF Form 2030, *USAF Drug and Alcohol Abuse Certificate*. If an applicant refuses to complete the AF Form 2030, terminate the interview and dismiss the applicant. **(T-2)**.

3.4.4.2. Medical screening form DD Form 2807-2, *Medical Prescreen of Report of Medical History*, for all applicants (**Exception:** Palace Chase/Palace Front accessions), and DD Form 2697, *Report of Medical Assessment*, as applicable.

3.4.4.3. Once tentatively qualified, provide NPS applicants for enlistment (not leading to commission) with a Non-Prior Service Information Handout. Health Professions recruiters provide their applicants with an AFRC Form 136, *Health Professions Officer Application Worksheet*.

3.4.4.4. *Professional Relationship Contract (PRC):* During the initial interview, the recruiter will present and explain the "Professional Relationship Contract" (located in AFRISS-TF) to all applicants. **(T-2)**. The contract will be signed by the applicant and the recruiter, and the recruiter will provide a copy to the applicant, then upload the signed contract into AFRISS-TF as a single document under the "PRC" drop- down option. **(T-2)**. The recruiter will title the document "PRC."

3.4.4.4.1. An individual may be promoted to applicant status in AFRISS-TF without meeting the applicant and completing a PRC as long as a social security number (SSN) verification is completed. **(T-2)**. A statement must be entered in AFRISS-TF stating that "Member was promoted to applicant status for the purpose of initiating the scroll process/uploading documents and no PRC was completed." Similar statements are acceptable.

3.4.4.4.2. In the event an applicant changes recruiters, a new PRC must be accomplished with the new recruiter. **(T-2)**.

3.5. Professional Conduct Contract.

3.5.3. Recruiter will provide all applicants, regardless of status, with the contact information via the *AFRC/RS Applicant's Rights Card* (located in AFRISS-TF) that can be used to notify someone if they believe their recruiter has acted unprofessionally, and may be provided electronically. **(T-2)**.

3.5.4. During the initial interview, all applicants (with the exception of those currently serving in any Air Component working with a recruiter) will have the opportunity to view the "Professional Relationship Video". The video is located on the HQ AFRC/RSOT SharePoint page and can be downloaded to the recruiter's desktop. When viewed, the recruiter will discuss the video with the applicant and ensure the applicant understands its contents.

3.5.5. The DD Form 2983, *Protecting against Inappropriate Relations during Recruit/Entry Level Training (PAIRDRELT),* is required for all NPS and completed at time of enlistment. **(T-2)**.

3.6. Conscientious Objector and Interests of National Security.

3.6.1. Applicants are ineligible, with no waiver authorized when one or more of the following conditions exist: **(T-1)**.

3.6.1.1. Conscientious objector or person with personal beliefs, convictions, or religious practices, which preclude unrestricted duties or assignments.

3.6.1.2. Engaged in disloyal or subversive activities, or accession is not clearly consistent with national security interests.

3.6.1.3. A Federal and Non-Federal sector employee classified as a key or emergency-essential employee. (See AFI 36-2110, *Total Force Assignments*).

3.6.2. Applicants who formerly served in the Peace Corps are eligible to enlist in an Air Force specialty other than intelligence in accordance with DoDI 1315.18, *Procedures for Military Personnel Assignments*.

3.7. Citizenship.

3.7.1. U.S. citizens, U.S. nationals, and aliens lawfully admitted into the U.S. for permanent residence are eligible for initial accession.

3.7.2. Legally admitted aliens are eligible for accession into an Air Force Specialty Code (AFSC) that does not require U.S. citizenship as long as the document verifying legal status does not expire within two years of the date of enlistment. These applicants are ineligible for further processing if their document verifying legal status is within two years of their enlistment date. No waiver authorized. **(T-0)**.

3.7.3. Recruiters must brief NPS alien applicants that once they enter the AFR they cannot reenlist until they have attained United States citizenship. **(T-1)**. In addition, they must understand United States citizenship is not automatically conferred upon enlistment.

3.7.4. Applicants unable to speak, read, write, or understand the English language sufficiently to ensure the applicant can satisfactorily absorb required training are not eligible for the AFR. No waiver authorized. **(T-1)**.

3.7.5. Obtaining Citizenship. In order for a foreign national (non-U.S. citizen) entering the AFR to receive a "certification of honorable service" (required for the purposes of expedited naturalization/citizenship), he or she must:

3.7.5.1. Complete all security screening requirements and receive a favorable Military Security Suitability Determination (MSSD). **(T-0)**.

3.7.5.2. Complete the initial military training requirements (BMT and/or Technical Training School (TTS)) of the service of which they are a member. **(T-0)**.

3.7.5.3. Complete at least 180 consecutive days of active duty service (BMT/TTS/Reserve Personnel Appropriation (RPA), etc.), or at least one year of satisfactory service in the selected reserve. **(T-0)**.

3.7.5.4. This is a change from the current practice of providing a "certification of honorable service" for the purpose of expedited naturalization after "one day of service" as stated in previous communications.

3.7.5.5. For current service members, to include those in the Development and Training Flight (D&TF), they must complete all security and suitability screening requirements prior to a "certification of honorable service" being provided. Those who may have received a "certification of honorable service" prior to the completion of all security and suitability screening requirements mentioned above will have that certification recalled and decertified until, at a minimum, screening requirements are complete (security clearance must have a FAVORABLE determination or a waiver must be annotated in Joint Personnel Adjudication System (JPAS).

3.7.5.6. DoD and U.S. Citizenship and Immigration Service (USCIS) have established a process to allow for the review and recertification of recalled forms once the individual completes prerequisite screening requirements.

3.8. Moral Conduct.

3.8.1. All applicants must be of sound moral character. Applicants convicted or adversely adjudicated for offenses shown in **Attachment 10** may be ineligible for accession. The recruiter may submit for an authorized waiver determination. For Morals Conduct Waiver Authority see **Attachment 11**. **(T-2)**.

3.8.2. The primary source of criminal history and law violation information is the personal interview, and will be documented on the Applicant Data Report (ADR) and any other application form. During the initial interview, recruiters must question the applicant and document all civilian law violations and adverse military justice actions including administrative punishments, non-judicial and judicial military justice actions. Administrative actions are not considered law violations but are recorded as a means of identifying the underlying conduct that caused the action (this conduct then may be evaluated and may disqualify the individual). Recruiters will record all offenses, documented or self-admitted on the ADR, regardless of the final disposition (NPS or PS, regardless if a waiver is required) and any other accession forms calling for this information **(T-2)**. **Exception:** Overtime parking tickets or any ticket written by a private security firm or campus police agency.

3.8.3. Self-admitted offenses cannot be retracted and are considered the same as a documented offense. **(T-2)**. These may require waiver determination.

3.8.4. For NPS applicants (including NPS with prior military time), consider all occurrences of convictions and adverse adjudications (including UIF, convictions of domestic violence, UCMJ action, e.g., Article 15, courts martial, etc.) regardless of when the incident occurred. **(T-2)**.

3.8.5. For PS applicants, do not consider convictions or adverse adjudications for waiver consideration that occurred before, or during, active duty or active participation in a reserve component, provided the applicant received a separation or discharge that is eligible for AFR affiliation. **(T-2)**. Drug related incidents, other than marijuana, will be evaluated no matter when they occur. **(T-2)**. All special interest items must be considered.

3.8.6. Individuals with a subpoena or open warrant (such as bench warrants) discovered during the recruiting process will be disqualified. **(T-2)**. Recruiters will report the incident to their Flight Chief, who will determine if notification of other agencies is required. Flight Chiefs will contact HQ AFRC/RSOO for guidance in questionable cases.

3.8.7. Consider all applicant convictions that occurred while assigned in the IRR. Although these individuals are already members of the AFR, they are subject to the misconduct offense criteria of **Attachment 10** for accession purpose. Applicants who disclose disqualifying misconduct violations that occurred since being assigned to the IRR are ineligible for further processing **(T-2)**. See **Chapter 8** for waiver/review requirements and authority.

3.8.8. Waivers, exception to policies, or service eligibility determinations, previously approved for enlistment in an Air Force component, do not require a subsequent action for enlistment if as follows. **(T-2)**.

3.8.8.1. They were approved at the same level or higher, as required by this publication. **(T-2)**. See **Attachment 20**.

3.8.8.2. The applicant is going into the Air Force specialty for which the initial waiver was approved (AFMAN 36-2032, **paragraph 3.7.4.1**).

3.8.9. When applicants disclose they had a documented offense as an adjudicated youth offender or have a sealed/expunged record, they must reveal the actual charge and disposition. **(T-2)** If they refuse, recruiters will terminate the interview and dismiss them. It is imperative for the recruiter to inform the applicant to disclose all charges regardless of the disposition, if they wish to be considered for accession. Detailed information on documented offenses is available to agencies performing security clearance investigations such as Defense Investigative Service (DIS) and Air Force Office of Special Investigation (AFOSI). A waiver is required if any offense is disqualifying including (see **Chapter 8** for waiver/review procedures): **(T-2)**.

3.8.9.1. Charges that are dropped, dismissed, or expunged.

3.8.9.2. Findings of not guilty.

3.8.9.3. Criminal cases placed into sealed records.

3.8.9.4. Criminal cases adjourned in contemplation of dismissal.

3.8.9.5. Youthful offender adjudications.

3.8.9.6. Criminal convictions of domestic violence, which have been pardoned or set aside.

3.8.9.7. Charges that occurred while participating in military service in any component.

3.8.10. Use of the DD Form 369, *Police Record Check*, is mandatory when the applicant discloses a potentially disqualifying offense. **(T-2)**. When the DD Form 369 is provided to the appropriate agency, record the date on the ADR. Maintain a copy in the case file. When authorities refuse to honor a DD Form 369 or a law enforcement agency does not reply to your DD Form 369 within 21 days from date the form was submitted; annotate this on the ADR. Rely on the information/documentation provided by the applicant to determine eligibility and further processing.

3.8.10.1. If an applicant discloses a disqualifying offense and a waiver/review is warranted, the applicant bears the burden to obtain all documents and all expenses incurred for police record checks and court document fees.

3.8.10.2. When a DD Form 369 is required, forward it only to the location(s) where the offense(s) occurred, to include continental United States (CONUS) and overseas U.S. military installations. Do not send a DD Form 369 to any foreign law enforcement agency.

3.8.10.3. The DD Form 369 is not the only document that may be used to determine the law violation history of an applicant (e.g., legal documents). **(T-2)**. When documents other than the DD Form 369 are used, these documents must be treated like the DD Form 369 and uploaded into AFRISS-TF, as shown in **Attachment 20**.

3.8.11. Applicants are ineligible when one or more of the following conditions exist (no waiver authorized): **(T-2)**.

3.8.11.1. Civil suit, criminal charges or open violations filed or pending against an applicant, including those released from charges on the condition that they enter military

service. **Exception:** In civil cases only, an applicant may enlist, provided a statement of nonappearance is obtained from legal or court officials.

3.8.11.2. A formal complaint or investigation filed, or pending, which may lead to judicial action, under restraint imposed by any court, participation in a pretrial diversion program or subject to a subpoena ordering attendance at a future date (includes those released from restraint on the condition of entering military service).

3.9. Morals Conduct Offenses.

3.9.1. The Morals Conduct Offenses is a listing of offenses categorized by the degree of seriousness. This list of offenses is a guide and applies to all accessions (see **Attachment 10**). Consider a violation of a similar nature or seriousness the same as the categories listed. See **Attachment 20** for waiver/review authority for all enlistment applications. Contact HQ AFRC/RSOO with any questionable interpretations or questions.

3.9.1.1. Category 1 "Major Misconduct" Moral Offenses. In doubtful cases, treat violations of a similar nature of seriousness as a Category 1 offense. A conviction or adverse adjudication of one or more of these offenses is disqualifying for entry into the Air Force Reserve. Refer to **Attachment 20,** Rule 1**,** for proper authority.

3.9.1.2. Category 2 "Major Misconduct" Moral Offenses. In doubtful cases, treat the offense as a Category 2 offense when the maximum possible confinement under local law exceeds one year. Conviction or adverse adjudication of one or more of these offenses is disqualifying for entry into the Air Force Reserve. Refer to **Attachment 20**, Rule 2, for proper authority.

3.9.1.3. Category 3 "Misconduct" Moral Offenses. In doubtful cases, treat the offenses as a Category 3 offense when the maximum possible confinement under local law exceeds four months but no more than one year (including boating, aviation and similar recreational vehicular offenses). Conviction or adverse adjudication of one or more of these offenses is disqualifying for entry into the Air Force Reserve. Refer to **Attachment 20**, Rule 3, for proper approval authority.

3.9.1.4. Category 4 Moral Offenses. In doubtful cases, treat serious traffic violations by law enforcement agencies as Category 4 offenses (including boating, aviation, and similar recreational vehicular offenses). In doubtful Category 4, non-traffic cases, treat similar offenses as Category 4 offenses when the maximum possible confinement under the local law is four months or less. Two convictions or adverse adjudications in the last three years or three or more convictions or adverse adjudications in a lifetime are disqualifying for entry into the AFR. Refer to **Attachment 20**, Rule 4, for proper approval authority.

3.9.1.5. Category 5 Moral Offenses. In doubtful cases, treat offenses of a similar nature (including boating, aviation, and similar recreational vehicular offenses) and those traffic offenses treated as minor by local law enforcement agencies, as Category 5 offenses. Conviction or adverse adjudication for six or more Category 5 offenses in a 365-day period in the last three years or five Category 5 offenses and one Category 4 traffic-related offense in a 365-day period in the last three years is disqualifying for entry into the AFR. If the offense is for parking tickets, count and document only tickets written by law enforcement officers for parking in prohibited zones, regardless of location. Do not count or document

any overtime parking tickets. Do not count any parking tickets issued by private security firms, campus police, etc. Refer to **Attachment 20**, Rule 5, for proper approval authority.

3.10. Age.

3.10.1. NPS applicants must be between 17-39 (must be enlisted prior to their 40th birthday) years of age and all applicants must be able to accrue 20 satisfactory years of service prior to age 60 to be eligible for enlistment. **(T-1)**. The AFR has no obligation to enlist applicants who apply but become ineligible due to the passage of time.

3.10.1.1. If the applicant is a traditional High School Graduate (HSG) with a high school diploma or an enrolled high school senior, the minimum age for enlistment is 17. **(T-0)**. Both parents must give their consent for a 17-year old enlistee unless the parents are divorced or legally separated or one parent is deceased. **(T-1)**. In those situations, the divorce decree, separation agreement, or death certificate must be included in the application or hand-carried by the applicant to the MEPS. The consenting parent must be the custodial parent (or both, if joint custody). **(T-2)**. If the applicant has a court-appointed guardian, the guardian's consent is required and a copy of the court order must be included in the application or hand-carried by the applicant to the MEPS. If a court order, separation agreement, or death certificate is not available, the consenting adults must make a sworn affidavit in the presence of a notary public attesting to the fact of custody. **(T-2)**. This document must be included in the application or hand-carried to the MEPS. Parental consent is required on the DD Form 1966, *Record of Military Processing - Armed Forces of the United States*, before enlistment processing (Exception: aptitude testing). The form must be signed in the presence of an Air Force recruiting official or notarized. When signed by only one parent (because the other parent is absent for an extended period), a notarized statement from the parent signing the form will be attached, showing (1) the specific reason for the absence of the other parent, and (2) that the absent parent is aware of and consents to the enlistment. **(T-2)**. When one parent cannot be contacted (desertion of one party), the signing parent will provide a notarized statement, giving the reason and period of other parent's absence. **(T-2)**. Parental or guardian consent is not required for a married 17-year old applicant. Emancipated 17-year-olds may enlist with an approved parental consent waiver from the Squadron Commander.

3.10.1.2. A PS applicant must have an actual or adjusted age, which is less than 40 years old on the date of enlistment to be eligible. **(T-1)**. Satisfactory reserve service only accrues in one year increments. Validate satisfactory service with either a DD Form 214 or Point Credit Summary. Burden to provide these documents falls on the applicant. Age waivers are not authorized. For Exception to Policy (ETP) guidance, reference AFMAN 36-2032.

3.11. PS or NPS with Prior Military Time with Conditions. Use **Attachment 12** for conditions of prior military ineligibility.

3.12. Prior Service or Non-Prior Service with Prior Military Time

3.12.1. Contracted Reserve Officer Training Corps (ROTC) cadets are enlisted in the applicable service's reserve component and can't be reassigned to the Air Force's Selected Reserve unless a release is obtained. **(T-1)**. A release is obtained by completing an AF Form 1288, *Application for Ready Reserve Assignment*, for AFROTC and a conditional release for all non-AFROTC programs. **Note:** Air Force ROTC (AFROTC) graduates are appointed as

reserve officers by their AFROTC detachment commander and, if approved for subsequent reassignment to an AFRC unit by the Registrar, HQ AFROTC (HQ AFROTC/RR) based on an AF Form 1288 facilitated by HQ AFRC/A1K, the 367 RCG coordinates with ARPC/DPAR to transfer the lieutenant from the Obligated Reserve Section of the Ready Reserve to the Selected Reserve."

3.12.2. All RegAF Delayed Entry Program (DEP) discharged applicants receive an order reflecting the reason for discharge. This reason may appear as a narrative or as a DEP discharge code. Reserve and Guard will receive a discharge order from their unit. **(See Attachment 4**)

3.12.2.1. Recruiters must obtain an appropriate source document (e.g., MEPS document showing DEP discharge code [including a MEPCOM 680ADP, *Request for Examination*], DEP discharge order, etc.) showing the reason for the discharge action prior to processing an individual who has been DEP discharged. **(T-2)**.

3.12.2.2. In addition to a DEP discharge order, the MEPS maintain DEP discharge codes on file in their computer system for 2 years following discharge. **(T-1)**.

3.12.2.3. Depending on the amount of time that has passed since discharge and other circumstances, this order may be obtained from the individual, the MEPS discharging the individual or National Personnel Records Center (NPRC).

3.12.2.4. A PS applicant's background must be reviewed by recruiters to ensure the AFR only accesses those individuals who have shown past honorable service. **(T-2)**. Accession of applicants with unacceptable prior service records is not in the best interest of the AFR. Verification of the applicant's character of prior service is imperative.

3.12.2.4.1. Before processing for accession into the Selected Reserve (SelRes), documented proof verifying character, affiliation, and term of prior military service must be obtained. Use **Attachment 17** to determine the appropriate verification documentation and minimum requirements for verifying character of service.

3.12.2.4.2. Recruiters must verify accession eligibility codes of each period of military service the applicant served. **Attachment 13** lists three different types of service (AD/EAD, National Guard, and Reserve) an applicant could have potentially served. **(T-1)**. Recruiters must use this table to determine if the applicant is eligible based on separation from each branch. **(T-2)**.

3.12.2.4.3. Eligibility can be determined based on the last active component for accession to the AFR (regular, participating Guard or participating Reserve), provided all previous separations were either "Honorable" or "Uncharacterized". Use **Attachment 13** to determine PS applicant eligibility.

3.12.2.4.4. Applicants determined ineligible due to Re-enlistment Code (RE Code) or character of service may be referred to the nearest Veterans Administration Office for guidance.

3.12.2.4.5. A recruiter may submit a fully justified request for a waiver for an applicant who was discharged from any branch of the Armed Forces, but whose DD Form 214/215, *Certificate of Release or Discharge from Active Duty*, contains an RE Code or Separation Program Designator (SPD code) that is a bar to enlistment. However, the discharge must not have been due to punitive or administrative action that involved

defective character traits, unsuitability, or dereliction of duty. **(T-2)**. Waivers should only be done when processing the waiver is clearly in the best interest of the Air Force Reserve. The waiver can be disapproved at any level in the approval process. Refer to **Chapter 8** for waiver procedures. **(T-2)**.

3.13. Physical Standards . Applicants must be physically qualified according to United States Military Entrance Processing Command Source (USMEPCOM) Regulation 40-1, *Medical Processing and Examinations,* AFI 48-123, *Medical Examinations and Standards,* DODI 6130.03 V1, *Medical Standards for Military Service Appointment, Enlistment, or Induction* and DODI 6130.03 V2, *Medical Standards for Military Service: Retention*. For required Medical documents **See Attachment 14**.

3.13.1. All applicants will meet physical standards in accordance with AFI 48-123, DODI 6130.03 V1 & V2, prior to enlistment, to include height and weight standards in accordance with DoDI 1308.3, *DoD Physical Fitness and Body Fat Programs Procedures*. An exception to policy to medical standards may only be requested after all waivers have been considered and denied. **(T-0)**. An exception to policy should only be submitted if strong justification can be provided to support such a request. It is intended only for rare and truly exceptionally qualified applicants.

3.13.2. Applicants will be asked their birth gender and their preferred gender. All applicants, regardless of any statements in regards to gender will be treated with professionalism and respect. **(T-0)**.

3.13.3. Individuals with a history of gender dysphoria will be adjudicated IAW OSD policy and DODI 6130.03 V1.

3.13.4. Medical Facilities:

3.13.4.1. PS Physicals may be accomplished at any military medical facility. However, they must be reviewed and countersigned by an authorized Air Force medical authority or AFRC/SGO prior to further processing. The review and countersign requirement does not include MEPS physicals.

3.13.4.2. Air Reserve Component (ARC) IRR applicants may be given a required medical examination in an active duty Military Treatment Facility (MTF) when an ARC medical unit is not available. This includes going to an active duty MTF for specialty consultation and diagnostic laboratory tests to evaluate abnormal findings on initial physical examinations and/or to determine their medical qualification for continued military duty.

3.13.5. Medical Screening

3.13.5.1. Screen all applicants for potentially disqualifying medical conditions that may render them unfit for service in the AFR. Ensure all applicants complete a DD Form 2807-2, *Medical Prescreen of Medical History Report*. **Exception:** Palace Chase/Palace Front accessions. (See **Attachment 21**, located on SharePoint).

3.13.5.2. If an applicant reveals a medical condition listed in Section III:

3.13.5.3. Send the medical records for evaluation by the MEPS Chief Medical Officer (CMO) prior to scheduling the physical. **(T-0)**.

3.13.5.4. If the CMO does not authorize the applicant to physical, the recruiter must submit supporting medical documents to AFRS/SG for authorization to physical.

3.13.5.5. A physical examination will not be administered until the applicant has received qualifying ASVAB scores (unless enlisting for Officer Training School (OTS)). **(T-1)**

3.13.5.6. The date of the physical must be within 24 months of date of enlistment except PALACE FRONT/PALACE CHASE applicants. Initial Flying Class physicals are valid for 48 months from the date of the certification stamp (not the date the physical was accomplished). Commissioning and enlistment physicals are valid for 24 months from the date the physical was accomplished, not the date of certification.

3.13.5.7. When a medical review, waiver, determination is required, the working copy of the physical MAY NOT be used in lieu of the final MEPS/RMU physical with annotated Drug and Alcohol Testing (DAT) results. **(T-2)**.

3.13.5.7.1. All applicants who are qualified for enlistment may be enlisted and gained in AFRISS-TF with a working copy of the MEPS physical as long as all the following apply:

3.13.5.7.2. The applicant is otherwise qualified for enlistment into the AFR.

3.13.5.7.3. Completed DAT results (Must display date) are reflected on the MEPCOM 680 ADP.

3.13.5.7.4. Completed HIV results (Must display date) are reflected on the MEPCOM 680 ADP. **(T-2)**.

3.13.5.7.5. The recruiter will acquire the complete physical after it is signed by the medical authority or ensure it is uploaded in AFRISS-TF by the MEPS Liaison. The completed physical must be uploaded no later than (NLT) 5 business days after enlistment. **(T-2)**.

3.13.5.7.6. If the recruiter is notified or observes that either the DAT or HIV results have changed after it has been entered originally on the MEPCOM 680 ADP, and/or before the doctor signs the complete physical, notify HQ AFRC/RSOO for further guidance.

3.13.5.8. If an applicant reveals a medical condition and is using an existing physical or other valid medical document, or is taking a physical examination at a facility other than MEPS, then the applicant's medical records must be reviewed by the gaining Reserve Medical Unit (RMU). **(T-1)**. If the medical Air Reserve Technician (ART) is unavailable, or your location does not have one assigned, contact HQ AFRC/RSOO, they will coordinate your request with AFRC/SGO.

3.13.5.9. Prior air component applicants can be accessed regardless of height/weight/Body Fat Measurement (BFM) as long as they have official documentation to verify passing their most recent fitness test and it is dated within 12 months (not necessarily current). **(T-2)**. All other applicants must meet current height and weight or BFM.

3.13.5.10. Recruiting personnel will not perform body fat measurements. **(T-2)**. Approved air component (AC) military medical personnel or Fitness Assessment Cell (FAC) personnel will administer BFMs.

Note:

1. Applicants who fall below the minimum weight and BMI standards shall be referred for medical evaluation. If no disqualifying causes are found a waiver may be considered by AFRC/SGO.

3.13.6. Applicant BFM Standard. If an applicant exceeds the listed maximum weight standards, then BFM will be performed as described in DoDI 1308.3, to qualify for entry use the following:

3.13.6.1. For applicants 29 years of age (YOA) or younger, male BFM can be no more than 20%; female BFM can be no more than 28%.

3.13.6.2. For applicants age 30 and older the BFM limit is no more than 24% for male and 32% for females. **(T-0)**.

3.13.6.3. The minimum body mass index (BMI) for applicants to be qualified for military is 19.% If the applicant's BMI is between 17.5% and 19%, the provider will determine if there is any underlying medical condition/cause for applicant being underweight and at a low BMI and document any medical findings and profile accordingly **(T-0)**. **Note:** If applicant is under minimum weight standards and the BMI is 19% the CMO may qualify applicant without waiver.

3.13.6.4. If applicant passes the BFM, processing can continue, and if during subsequent processing the applicant's weight is found to be at or below the maximum weight standard, no further BFM is required.

3.13.6.5. If the initial BFM exceeds standards, the applicant will be temporarily disqualified until they meet the maximum weight standard or BFM.

3.13.6.6. Any AFR applicant enlisting who is TDQ'd for height/weight (with no other medical disqualifying conditions) will either subsequently return to the MEPS for a repeat HT/WT/BFM measurement and have the physical/profile updated to reflect the changes or following a successful recheck at the local Reserve medical unit (RMU) with an update to the PULHES reflecting the member now meets HT/WT/BFM standards.

3.13.7. Flying Physicals & Firefighter Physicals:

3.13.7.1. Refer to AFI 48-123 for flying physical certification before accession to the AFR. Applicants applying for flying positions must be administered a flight physical examination.

3.13.7.1.1. For Prior Service: Initial Flying Class III physicals must be accomplished by an Air Force flight surgeon. **(T-1)** Of those needing flight physicals, schedule them at MEPS with the understanding that the rest of the flight physical will need to be completed through an Air Force MTF, ARC, MDG, or MFS to have their physical examinations/waivers processed. **(T-1)**. All of these physicals will be processed using PEPP and AIMWTS if a waiver is required. **(T-1)**. AFRC/SG has delegated certification authority for IFCIII physical exams to the 559 MDG at JBSA-Lackland, TX. Reference AFI 48-123, **Chapter 6**.

3.13.7.1.2. For Non-Prior Service: MEPS physicals are sent to HQ AFRC/RSOO Waivers and Accessions section for coordination/review and completed at BMT.

3.13.7.1.3. Inform applicants for flying positions wearing contact lenses is prohibited 72 hours before a Flying Class III (FCIII) physical examination and 90 days for Flying Class I and IA (pilot and navigator) physical examinations.

3.13.7.1.4. The local military medical facility may forward FCIII physicals to the appropriate waiver and certifying authority according to AFI 48-123, **Chapter 6**. In those cases where the examining facility declines to do so, contact HQ AFRC/RSOO for guidance.

3.13.7.2. Firefighter Physicals require special coordination:

3.13.7.2.1. For Prior Service: requires an occupational health assessment/physical IAW National Fire Protection Association (NFPA) standards, obtained from the RMU/MTF. Once an enlistment physical is completed at an authorized location, the completed enlistment physical and the completed occupational health assessment/physical is sent in AFRISS-TF as firefighter to HQ AFRC/RSOO Waivers and Accessions section for coordination. Once certified, enlistment/assignment may occur.

3.13.7.2.2. For Non Prior Service: The completed enlistment physical is sent to HQ AFRC/RSOO Waivers and Accessions for coordination and approval to enter the AFSC. Once certified, enlistment may occur. The firefighter physical is completed at BMT. If the trainee does not successfully complete the firefighter physical, the trainee is either reclassified into another AFSC or discharged.

Table 3.2. NPS Dental Processing Considerations.

2	X			X	With Letter	With Letter	Yes	3, 4
3		X	X		Yes	Yes	No	
4		X		X	Yes	Yes	Yes	5

Notes: (1, 2, & 6 apply to all)

1. Permanent orthodontic appliances may be removable or attached. Temporary appliances (also known as retainers) may be fixed or removable also.

2. Military training includes AD, Active Duty for Training (ADT) and Initial Active Duty for Training (IADT) but does not include initial Inactive Duty Training (IDT) performed on the Date of Enlistment (DOE).

3. Applicants may be scheduled for physical examination and enlistment only if they provide a letter from their orthodontist stating active treatment is complete and all orthodontic appliances (except retainers) will be removed at the applicant's expense before IADT.

4. Applicants must obtain an additional letter from the orthodontist verifying removal of the orthodontic appliances before departing for military training.

5. Advise applicants wearing retainers that the AFR assumes no responsibility for continuing care.

6. PS applicants are eligible and require no further consideration or action.

3.13.8. MEPS Medical Issues:

3.13.8.1. When a disqualified (DQ) MEPS physical shows the applicant does not meet medical standards for accession, the applicant cannot take a new physical at an RMU. Applicants whose completed physical is DQ for entrance into military service by MEPS requires a waiver approved by appropriate waiver authority.

3.13.8.1.1. If the MEPS places a written recommendation for a waiver on the physical, the waiver must be submitted unless the applicant is otherwise not qualified. **(T-1)**.

3.13.8.2. An applicant may be DQ'd by MEPS prior to the physical process being completed. An applicant determined disqualified by the MEPS CMO (further processing not justified) on the DD Form 2807-2, will not be allowed to process further (complete the physical) without a written memo from the appropriate waiver authority requesting the MEPS to complete the medical examination.

3.13.8.2.1. Flight Chiefs may request waiver for disqualified physicals without a MEPS recommendation. **(T-2)**. Contact HQ AFRC/RSOO in questionable cases.

3.13.8.2.2. Forward required physical documentation (e.g., DD Form 2807-2, etc.) to HQ AFRC/RSOO.

3.13.8.2.2.1. The recruiter must ensure MEPS Physicals are uploaded appropriately in AFRISS-TF according to HQ AFRC/RSOO Aeromedical Waivers Division (AMWD) Waiver guide (located on the Share Point). **(T-2)**.

3.13.8.3. Any NPS or PS applicant who receives a "3" profile on a MEPS physical is disqualified. The RMU cannot override a MEPS disqualification, or re-profile any "3" profile generated by MEPS except for repeat height/weight/BFM at RMU. Any additional medical information must be referred to the MEPS. The CMO makes the appropriate waiver determination

3.13.8.3.1. No profile done at MEPS may be changed by another medical facility except as follows:

3.13.8.3.1.1. An H-2 (hearing) profile given by MEPS may be adjusted to an H-1 profile provided the individual meets the hearing requirements in accordance with AFI 48-123 and the Medical Standards Directory (MSD). An Air Force RMU may correct this profile on the back of the DD Form 2808 *Report of Medical Examination*, and add a remark showing the hearing profile was adjusted to USAF standards. **(T-1)**.

3.13.8.3.1.2. An E-3 (eyes) profile granted by MEPS cannot be adjusted and is considered disqualifying for enlistment except for those prior service applicants processed under retention standards according to AFI 48-123. RMUs may re-test Color Vision and Depth Perception.

3.13.8.3.1.3. A P-3 profile given by MEPS for height/weight/BFM measurement can be re-checked at RMU. If member meets height/weight/BFM standards, it will be documented on the DD form 2808 and adjusted on the profile.

3.13.8.4. A history of Radial Keratotomy (RK), is disqualifying for all AFR affiliation. Waivers are not authorized. Waivers will be considered for Photo-refractive Keratoplasty (PRK) or Laser in-Situ Keratomileusis (LASIK) procedures.

Table 3.3. Physical Conditions, Which Render Applicants Ineligible.

RULE	Applicants Are Ineligible When One Or More Of The Following Conditions Exist	Waiver Authorized		See Note

1	Applicant has disqualifying physical impairment, disease, or medical condition.	X		
2	Separated/discharged for physical disability or medical reasons from any of the U.S. Armed Forces.	X

Notes:

1. Hand tattoos are limited to one single band ring tattoo on one finger no more than 3/8” on one hand. Tattoos/brands anywhere on the body that are prejudicial to good order and discipline or of a nature that tends to bring discredit upon the AFR in or out of uniform. Reference AFI 36-2903, Dress and Personal Appearance of Air Force Personnel. Contact HQ AFRC/RSOO in questionable cases. Professional judgment will be exercised in these sensitive situations.

2. For Palace Chase/Palace Front members with disqualifying tattoos, contact HQ AFRC/RSOO with questions.

3. PS members with approved hand tattoos who enlisted before 2016 are not subject to the current hand tattoo policy.

3.13.9. PS Physical Standards:

3.13.9.1. Anyone who is currently a member of the Armed Forces (active or inactive) or a PS applicant within 180 days of discharge date (at time of oath administration) is exempt from pre-accession drug and alcohol testing. DAT is required if over 180 days have passed since their discharge date.

3.13.9.2. In accordance with AFI 36-2110, assignment of members who have an ALC "X (C1), Y (C2) and C (C3)" on the Records Review Report on their Individual Personnel (RRRIP) or Detailed Single Unit Retrieval Format (SURF), must have their medical records reviewed and approved by AFRC/SGO prior to assignment or enlistment into the AFR. **(T-1)** Include the following statement for the gaining Wing/CC's signature on the AF Form 1288: "I am aware of this individuals" Assignment Limitation Code "C" Medical Deferral". This statement must be signed and dated by the gaining Wing/CC or RIO/CC. Refer to HQ AFRC/RSOO for guidance. This item still requires AFRC/SGO approval.

3.13.9.2.1. The gaining commander (unit accessions) or HQ RIO/CC (Individual Reserve Program accessions) must express acceptance in writing when the applicant may be medically restricted to certain duties.

3.13.9.3. Any member transferring from an Air Component will be reviewed by RMU or AFRC/SGO. Unless otherwise directed by HQ AFRC/RS. **(T-1)**.

3.13.9.4. Processing Pregnant Applicants.

3.13.9.4.1. Pregnant members in the non-participating IRR, the Standby Reserve or on Active Duty (AD) with a remaining military service obligation may ask for an assignment to the Participating Ready Reserve. The recruiter must obtain a document from the member's healthcare provider which states that the member's pregnancy is uncomplicated and allows for an assignment. The recruiter provides the gaining Career Development Element (CDE) or HQ RIO/CC the AF Form 1288 and the physician's statement. Once the CDE or HQ RIO/CC completes the second endorsement on the AF Form 1288, both documents will be forwarded to HQ ARPC/DPAA for update of the required gain action. Unless otherwise directed by HQ AFRC/RS.

3.13.9.4.2. Pregnant members requesting assignment for retraining (non-flying) must obtain approval from the gaining commander before their assignment or enlistment. **(T-3)**. Pregnant members must complete any non-flying course of training before their 34th week of pregnancy. Pregnant applicants may not perform any military duties past the 34th week of pregnancy according to AFMAN 36-2136 *Reserve Personnel Participation* and AFI 36-2110, **paragraph 8.9.4**. **NOTE:** Physicals may be accomplished after delivery when the member presents a letter from her obstetric provider stating there are no restrictions to strenuous physical activity. **(T-1)**.

3.13.9.4.3. Pregnant active duty members currently serving in aircrew AFSCs will not be DQ'd for AFR affiliation due to pregnancy. **(T-1)**. However, the servicing recruiter must obtain a document from the member's healthcare provider which states that the member's pregnancy is uncomplicated and allows for an assignment. Reference AFI 36-2110, **paragraph 5.18**, on processing procedures for pregnant applicants.

3.13.10. The Strength Aptitude Test (SAT) or X-Factor is used by the Air Force as a classification tool to ensure enlisted recruits have the physical strength to perform the physical demands of military jobs.

3.13.10.1. The SAT is a weight lifting test performed on an incremental lifting machine (ILM). The Air Force Liaison NCOs assigned to MEPCOM will conduct the strength test as part of the classification and counseling process, per USMEPCOM Regulation 40-1 *Medical Services Medical Qualification Program*. Written instructions on proper weight lifting techniques have also been issued to MEPS personnel by AFRS/RSO. **Note:** Recruiters are NOT permitted to administer the SAT (X Factor) to applicants under any circumstances. **(T-2)**.

3.13.11. Strength standards required for entry into all career fields are listed in the current AFECD. **(T-1)**.

3.13.12. In the event that the applicant cannot, for whatever reason, complete the SAT at the MEPS, they can complete the test at:

3.13.12.1. Military Fitness Assessment cell (FAC) or civilian fitness centers (although military is preferred). **(T-2)**.

3.13.12.2. The X-Factor form (**See Attachment 25**, located on SharePoint) is completed and signed by the fitness center staff.

3.13.12.2.1. Form must have the printed name, date and signature of the staff member.

3.13.13. X-Factor is required for all enlisted AFSCs. The only time an applicant does not need a current X-Factor is when the applicant is PSAF and is not required to lift additional weight (based on the X-Factor required for current/previous AFSC), or they are PS other in a convertible skill as outlined in the AFECD and are entering that AFSC.

3.14. Education.

3.14.1. The minimum educational requirement for 17 year old NPS applicants to be eligible to enlist in the AFR must meet one of the following:

3.14.1.1. Possess a high/home school diploma

3.14.1.2. Have completed one semester of college level credit (15 Hours)

3.14.1.3. Be a high/home school junior, senior, or graduate and begin IADT within 365 days after enlistment possess a letter of intent to graduate from the school they are presently attending (school must be an accredited educational institution).

3.14.1.4. Completed an alternate education program (Refer to **Table 3.5**).

3.14.2. There is no other minimum educational requirement for enlistment; however, aptitude criteria differs between educational tiers. Use **Table 3.5** for education and ASVAB requirements.

3.14.3. Unless otherwise provided in this instruction, all college and university course credits must have been earned from a school listed in the *Accredited Institutions of Postsecondary Education* (AIPE), published by the *American Council on Education* (ACE). It is also authorized to use the following websites to validate college accreditation, (**http://ope.ed.gov/accreditation/**) or (**http://www.acenet.edu/**) to determine if credit should be awarded. Use the most current AIPE guide or the edition for the last year individual attended the institution. In questionable cases contact HQ AFRC/RSOO to ensure the school is accredited. Schools not listed are unacceptable for advanced enlistment grade under the *Stripes for Education and Training Program* (**See Attachment 18**). If high school transcripts are used to determine high school accreditation, they must be the original sealed unopened envelope from the issuing institution, not maintained by the student.

3.15. The ASVAB, Armed Forces Qualification Test (AFQT) Predictor Test (APT), Pending internet-based Computerized Adaptive Testing (PiCAT)

3.15.1. The ASVAB evaluates specific aptitude areas and provides percentile scores that are used for selecting and classifying individuals for the Armed Forces. The AFECD prescribes the minimum scores required to enter an Air Force Specialty (AFS)

3.15.1.1. There are two ASVAB testing programs: production and student.

3.15.1.1.1. The production test involves authorized testing, such as testing at a MEPS or Mobile Examining Team (MET) site. It is an Internet-based Computerized Adaptive Testing (iCAT), also known as CAT-ASVAB. It is the primary test used to select and classify military applicants. The iCAT- ASVAB consists of ten subtests. The test results are given directly to the appropriate recruiting service and are for its use only.

3.15.1.1.2. The student ASVAB test is offered on a voluntary, "no cost" basis to educational institutions (high schools and vocational trade schools). Test results are provided to the school, student, and all recruiting services. Although test scores may be used for enlistment purposes, the Department of Defense advertises the student version primarily as a counseling tool. Guidance concerning the student ASVAB program is in AFJI 36-2016, *Armed Services Military Personnel Accession Testing Program.*

3.15.1.2. An ASVAB test within 2 years of any previous ASVAB test is a retest. This includes both student and production tests. A valid retest invalidates all previous test results. Applicants who have taken an initial ASVAB, student or production, can retest after 1 calendar month has elapsed. Applicants who have taken the first retest, whether student or production, can retest after 1 calendar month has elapsed. Third and subsequent retests can be administered after 6 calendar months have elapsed from the date of the last test. USMEPCOM Regulation 611-1 *Enlistment Qualification Tests,* describes the retesting policy

3.15.1.3. Parental or guardian consent is not required for ASVAB testing of an applicant less than 18 years of age. However, applicants 16 years of age may not be administered a production version of the ASVAB.

3.15.1.4. An ASVAB score is valid for 2 years from the date of the test. Use the most recent valid ASVAB results for enlistment. For prior service only: test scores that can be verified in the Reenlistment Eligibility Data Display (REDD), do not expire.

3.15.1.5. For Prior Service applicants (to include NPS w/PS time), use the most recent ASVAB scores listed in the REDD or a valid retest, whichever is most current (must be re-normed if taken prior to 1 July 2004). If a SURF is utilized from AFPC, re-norming is not required.

3.15.1.6. For the purpose of this instruction, the Armed Forces Classification Test (AFCT) will be treated equivalent to the ASVAB for all applicants as long as the AFCT is properly utilized in accordance with AFJI 36-2016 and AFI 36-2605, *Air Force Military Personnel Testing System*.

3.15.1.7. Use **Table 3.4** for ASVAB testing guidance.

3.15.2. AFQT Predictor Test (APT).

3.15.2.1. The APT is a 20 minute web based test that provides a potential AFQT score, for applicants with no ASVAB score. Recruiters will have them take the APT prior to any other testing if available. **(T-2)**.

3.15.2.2. Recruiters must register to administer both APT and PiCAT. **(T-2)**. All Recruiters and Site Security Managers (SSMs) with access to the APT will automatically have access to the PiCAT. Recruiters can register applicants to take the APT. The registration process provides an access code that the Recruiter provides to the applicant. Applicants will use the "Test Delivery" application to take the APT on any computer using Internet Explorer or Chrome browsers, at the following link **https://www.dmdc.osd.mil/icat/apt**.

3.15.2.3. Access codes are valid for 30 days; once an access code is used, the applicant has 48 hours to complete the test. There is no limit on the number of times an applicant can be registered and receive an access code to take the APT.

3.15.2.4. Recruiters will follow the PiCAT User Guide to register an applicant to test and retrieve their test scores. (See **Attachment 22,** located on SharePoint). **(T-2)**

3.15.3. Pending internet-based Computerized Adaptive Testing (PiCAT):

3.15.3.1. The PiCAT is a computerized ASVAB test similar to the CAT-ASVAB and may be used as the official ASVAB. The PiCAT is an unproctored test (test administrator is not required) that may be taken anytime and anywhere an applicant has internet access. It has the same number of subtests and test length as CAT-ASVAB. Only applicants who have never taken the ASVAB (school or CAT) are eligible to take the PiCAT. The PiCAT is only administered once per applicant, no PiCAT retesting is authorized. **Note:** The PiCAT will not be used as a practice test. Refer to **paragraph 3.15.2** for APT.

3.15.3.2. Recruiters will make every effort to administer the APT and PiCAT to applicants who have not taken an ASVAB. Once registered, access codes are good for 72 hours. If an applicant fails to log into PiCAT within 72 hours of registration the code will become invalid and the Recruiter must re-register the applicant. Once an applicant logs into PiCAT they have 24 hours to complete the test. Failure to complete the test within 24 hours will prevent the applicant from PiCAT testing and the applicant will need to take the ASVAB at the MEPS or METS site.

3.15.3.3. A "Verification" test (Vtest) can only be administered to an applicant who has taken the PiCAT test within the last 30 days and obtained an AFQT score of 25 or above.

As well, the applicant must have not taken the ASVAB prior to Vtest. The Vtest (20 min exam) verifies the applicant's PiCAT score. If the Vtest is successful, the PiCAT score becomes the applicant's score-of-record. In the event the Vtest does not verify the PiCAT score, a follow-on ASVAB will be administered, and that ASVAB score will then become the applicant's score-of-record. To schedule the Vtest at MEPS, the Recruiter must do the following:

3.15.3.3.1. Load PiCAT score in AFRISS-TF.

3.15.3.3.2. Annotate “PiCAT Verification Test" across the top of the applicant’s USMEPCOM Form 680-3A.

3.15.3.3.3. MEPS Liaisons will be able to project verification test through United States Military Entrance Processing Command Integrated Resource System (USMIRS). **(T-1)**.

3.15.3.3.4. Inform the applicant that they will take a PiCAT verification test. **(T-2)**. **Note:** 5% of PiCAT testers will be selected to take the full ASVAB at the MEPS.

Table 3.4. ASVAB Test Guidance.

RULE	If The Applicant's Initial Test Was	Then Retesting On	Is	If Administered After The Initial Test	See Notes
1	A Production Or Student Version	Production Version	Prohibited	0-30 days	1
2			Authorized By FC	1-6 months	2-6
3			Authorized	6 months	2-4
4		Student Version	Prohibited	0-6 months	1
5			Authorize	6 months	2

Notes:

1. No waivers or exceptions.

2. For retest purposes, 6 months is defined as 6 calendar months.

3. Two retests may be authorized before 6 months have elapsed from the initial test. After the second retest, a 6-month wait for any further retesting is mandatory. There is a mandatory 6-month wait for retesting whenever the previous test is invalidated.

4. A properly completed USMEPCOM Form 680-3, Request for Examination, is the authority for a retest. However, if the retest occurs less than 6 months after the initial test, approval must be obtained from the Flight Chief.

5. Retesting after 1 month and before 6 months following the initial test date is permitted if the following criteria are met:

5.1. One month has lapsed between the initial test and the first retest and between the first

retest and the second test.

Notes: ASVAB Test Guidance (cont.).

5.2. Retesting is being requested because the initial scores do not appear to reflect the applicant's true capability (consider the applicant's education, training, and experience).

5.3. The retest is not being requested solely because the applicant's initial scores did not meet the standards prescribed for an enlistment option or program.

6. In cases where student testing occurs after an individual has previously taken an ASVAB test, use the resulting scores from the student version for enlistment, provided the student test is administered more than 30 days after the previous test.

3.15.4. Use **Table 3.5** for education credentials and tiers guidance. High school seniors and covered graduates in their senior year may start the enlistment process with a statement from school officials stating he or she has or will obtain sufficient acceptable credits to be awarded a high school diploma.

Table 3.5. Education Credentials and Tiers for ASVAB Processing.

11	National Guard Youth Challenge (Challenge) Program		X			2-3

12	Non-High School Graduate			X	65 QT	4

Notes: Education Credentials and Tiers for ASVAB Processing (cont.).

1. Applicant must meet all the qualifications listed in one of Rules 1-9 prior to departure for IADT. Applicants educated in schools not in a U. S. educational system must have their education level evaluated before enlistment. (See **Attachment 17**)

2. See Glossary for definition of terms.

3. This program must be completed prior to enlistment.

4. An applicant who holds none of the above credentials.

5. Those with 15 or more semester hours of college credit from an accredited institution are considered a High School Graduate for classification purposes (AFSC's that require HS Diploma or completion of High School). Applicants must be a high school graduate, covered graduate (non-traditional high school graduate), or alternate credential holder, to include holder of General Education Development (GED) or completion of one semester of college credit (15 semester hours or 22.5 quarter hours). Applicants that have not attained a listed education level must meet the additional Armed Services Vocational Aptitude Battery (ASVAB) requirement.

3.16. Dependency Status and Family Care. Determines if the applicant's dependent status will adversely impact readiness and if the applicant can afford to support family members on less than E-4 pay and allowances during IADT/ADT. **(T-2).** There are no restrictions for applicants being assigned or enlisted in the grade of E- 4 or above (except military married to military) in which family member status was not a factor in their separation. (Does not include separation due to pregnancy). There are no restrictions for those being assigned, appointed or enlisted for OTS.

3.16.1. Ensure all applicants fully understand the unique demands of military service, the necessity for making and maintaining family care arrangements, and that failure to make such arrangements may subject the member to disciplinary action or involuntary separation according to AFI 36-2908, *Family Care Plans*.

3.16.2. Use **Attachment 15** to determine eligibility for enlistment based on family member status. This table does not apply to Palace Front, Palace Chase, or accessions from an Air Reserve Component.

3.16.3. HQ AFRC/RSOO is the final approval authority for all Family Care Determinations (FCD). **(T-2).**

3.17. Drugs. The AFR policy is to prevent illegal drug use and eliminate alcohol abuse. The illegal or improper use of drugs and alcohol is not condoned and, in most cases renders an applicant ineligible for accession. It may also seriously damage an AFR member's physical and mental health, place the safety of others in jeopardy, and result in criminal prosecution and discharge under less than honorable conditions.

3.17.1. In most cases, applicants are ineligible for accession (see **Attachment 16**) if they:

3.17.1.1. Have ever illegally used drugs.

3.17.1.2. Have been convicted of illegal use or involvement with drugs.

3.17.1.3. Have had any adverse adjudication for illegal use or involvement with drugs.

3.17.1.4. Have been diagnosed as an alcoholic (does not apply to those who have maintained a minimum of 2 years sobriety).

3.17.1.5. Self-admits to alcoholism or alcohol abuse.

3.17.1.6. Applicants are not allowed to change their minds concerning admissions of drug abuse. If an applicant admits to drug abuse, but then claims to have misunderstood or been confused when told such drug abuse is disqualifying, the original statement must stand.

3.17.2. Consider all admissions of drug use, no matter when they occurred.

3.17.3. Use **Attachment 16** for applicant eligibility for drug or alcohol use.

3.18. Social Security Number and Selective Service Registration.

3.18.1. Applicants are qualified for accession if they have a valid social security card, or other authorized document that may be used to verify an applicant's social security number.

3.18.2. IAW 50 U.S.C. Section 3802, *War and National Defense Section: Registration*, all male applicants between the ages of 18 and 26 must register with the Selective Service.

3.19. Special Interest Requirements. All recruiters must be knowledgeable of the following special accession guidance; it applies to all AFR accessions

3.19.1. Delinquency of Government Travel Card. At the initial interview, recruiters must question applicants for misuse or delinquency of their government travel card and annotate their response on the appropriate form as required. **(T-2)**.

3.19.1.1. An applicant with a history of misuse or delinquency of the government travel charge card is not automatically disqualified for entry to the AFR, if otherwise qualified. No waiver is required. The Wing/CC or Det/CC will review and make the determination to accept the applicant. **(T-3)**. Non-acceptance does not disqualify, nor prevent the applicant from requesting affiliation with any other AFR position.

3.19.1.2. Responses to special interest questions (e.g. Government Travel Card, Unfavorable Information File (UIF), etc.) are recorded on the ADR and transferred to DD Form 1966, *Record of Military Processing--Armed Forces of the United States*, or AF Form 1288, *Application for Ready Reserve Assignment*, when appropriate.

3.19.1.2.1. Annotate the following statements on the statement page of the DD Form 1966, as applicable:

3.19.1.2.1.1. "I certify I have/have not misused any government travel charge card (used for other than official government travel), or been seriously delinquent (payments not received by card issuer within 60 days from the billing date). I understand if I make a fraudulent statement, I am subject to immediate discharge action."

3.19.1.2.1.2. The applicant will circle the appropriate "have/have not" area of the statement and initial above the circled response. A "have" response requires the applicant to provide a written statement detailing the specific misuse or

delinquency. Attach the applicant's statement to the AF Form 1288 or DD Form 1966 and forward it to Wing/CC or HQ RIO/CC for determination. **(T-3)**. If the applicant has a "have not" response, continue processing if otherwise qualified.

3.19.1.2.1.3. The gaining Wing/CC or HQ RIO/CC will annotate acceptance or non-acceptance by endorsing the AF Form 1288 or DD Form 1966. **(T-3)**. Forms will be returned to the recruiter for appropriate action.

3.19.2. UIF, Letter of Reprimand (LOR), Article 15. At the initial interview, recruiters must question applicants on history of UIF or similar derogatory information contained in their military records and annotate their response on the appropriate form as required.

3.19.2.1. Prior service applicants (or NPS with prior service time) will answer the following questions on DD Form 1966 for enlistments, or on AF Form 1288 for assignments to unit or IMA positions:

3.19.2.1.1. "I certify I have/ have not had an UIF established (or similar derogatory information file which may include an Article 15, Captain's Mast or Court Martial action) within the last two (enlisted) or ten (officer) years. I understand that if I make a fraudulent statement I am subject to immediate discharge action.

3.19.2.1.1.1. A "have not" response requires no further action, continue processing if the applicant is otherwise qualified.

3.19.2.1.1.2. A "have" response requires the recruiter to complete the following actions:

3.19.2.1.1.2.1. Obtain the appropriate derogatory information to determine eligibility for continued processing. Recruiters should be prepared to provide copies of the UIF documentation (or similar derogatory information contained in the applicant's military service records to the gaining Wing/CC or HQ RIO/CC if requested. **(T-3)**.

3.19.2.1.1.2.2. Include the following statement for the gaining Wing/CC's signature: "I am aware of this individuals' UIF (or similar derogatory information file) history." This statement must be signed and dated by the gaining Wing/CC or HQ RIO/CC.

3.19.3. Domestic Violence. During initial interview, recruiters must question applicants on any history of a conviction for a crime of domestic violence. **(T-1)**.

3.19.3.1. The Lautenberg Amendment to the Gun Control Act of 1968. This amendment prohibits the possession of firearms by persons convicted of a misdemeanor crime of domestic violence and prohibits the knowing sale or disposition of any firearm or ammunition to a domestic violence misdemeanor. Furthermore, the Lautenberg Amendment alters the traditional public interest exception to the possession of firearms under the Gun Control Act by making the prohibition applicable to any individual convicted of a domestic violence misdemeanor, including federal, state, and local law enforcement officers.

3.19.3.1.1. The policy does not apply to major military weapons systems or "crew served" military weapons and ammunitions such as tanks, missiles, aircraft, etc.

3.19.3.1.2. Policy Exception (use the following for accession purposes).

3.19.3.1.2.1. No exceptions or waivers are authorized for non-prior service, initial enlistment, direct commission, or entry into a program leading to commission except as follows:

3.19.3.1.2.2. RegAF, Guard, Reserve member (active or inactive with status), or prior service applicants who received a summary court-martial conviction or imposition of non-judicial punishment (Article 15, UCMJ) conviction of a misdemeanor crime of domestic violence are exempt from this policy, and are eligible for affiliation to the AFR. **(T-1)**.

3.19.3.1.2.3. Non-prior service civilian (to include civilian employee and contractor) applicants who have a conviction of a misdemeanor crime of domestic violence, with deferred prosecutions (or similar alternative dispositions) in a civilian court are eligible for affiliation to the AFR. **(T-1)**.

3.19.3.1.2.4. Individuals who have had the misdemeanor conviction expunged, set aside, pardoned or the person has had his or her civil rights restored, unless the terms of the expungement, pardon or restoration of civil rights expressly prohibits the individual from possessing firearms or ammunition are eligible for affiliation to the AFR. **(T-1)**.

3.19.3.2. Explanation of Terms for Domestic Violence (use the following definitions for accession purposes).

3.19.3.2.1. Expungements and Pardons. The process for seeking expungements and pardons depends on the jurisdiction where the conviction was rendered. If a civilian court issued the conviction, state law addresses who has the authority to grant an expungement or pardon (recruiting is not involved). In the military justice system, there is no procedure for expunging court-martial records. Convicted service members may seek to have these convictions entirely set aside through legal appeals. The President of the United States has authority to grant pardons for court-martial convictions. **(T-0)**.

3.19.3.2.2. Elements of Conviction for Domestic Violence. All of the following elements are necessary to constitute qualifying convictions for the purpose of the firearms restriction in the Gun Control Act for Military Personnel:

3.19.3.2.3. The person was convicted of a misdemeanor crime (including convictions by special or general courts-martial).

3.19.3.2.4. The offense had an element of use or attempted use of physical force, or threatened use of a deadly weapon.

3.19.3.2.5. The convicted offender was at the time of the offense: a current or former spouse, parent or guardian of the victim; a person with whom the victim shared a child in common; a person who is cohabiting with or has cohabited with the victim as a spouse, parent or guardian or a person who was similarly situated to a spouse, parent or guardian of the victim.

3.19.3.2.6. The convicted offender was represented by counsel, or knowingly and intelligently waived the right to counsel.

3.19.3.2.7. If entitled to have the case tried by jury, the person knowingly waived the right to have the case tried by a jury.

3.19.3.2.8. The conviction has not been expunged or set aside, or the convicted offender has not been pardoned for the offense or had civil rights restored, unless a condition of the pardon, expungement or restoration of civil rights provides that the person may not ship, transport, possess or receive firearms.

3.19.3.2.9. In all questionable cases relating to this accession standards policy, contact HQ AFRC/RSOO for guidance.

3.20. Service Credit and Military Service Obligation (MSO) Computation.

3.20.1. An individual's MSO starts at the time he or she first attains military status. The MSO ends if the member is discharged. However, if a discharged individual with an unfulfilled MSO later regains military status, the member incurs an MSO equal to the unfulfilled portion of the original MSO. **Note:** One year enlistments are not authorized for individuals who have not completed their MSO. (See **Attachment 9**) **(T-1)**

Table 3.6. Determining Military Service Obligation (MSO).

RULE	If Individual Initially Became A Member Of The U.S. Armed Forces	And Is A	Then The MSO Is
1	On or after 10 Aug 55, in a Reserve component upon completing an officer training program and serving 3 to 6 months ADT in lieu of 2 more years EAD	Male officer (before his 26th birthday)	8 years
2	On or after 1 Feb 78, in a Reserve component after completing an officer training program and serving 3 to 6 months ADT in lieu of 2 years EAD	Female officer (before her 26th birthday)	8 years
3	On or after 11 Nov 79, and through 31 May 84, **EXCEPTIONS**: those members covered in blocks 1 and 2 (see note).	Male or female, officer or enlisted, regardless of age	6 years
4	On or after 1 Jun 84	Male or female, officer or enlisted, regardless of age	8 years
Note: Between 1 Oct 1979 and 31 May 1984, if an enlisted member entered through Delayed Entry into Training, MSO began entry on active duty.

RULE	If The Applicant's Current Security Clearance Status	And The Applicant	Then Security Investigation Paperwork Is	
			Required	Not Required
1	Cannot be verified in JPAS	N/A	X	
2	Can be verified in JPAS	(on date gained into the AFR) discharged for less than 24 months from any component or has held status within the past 24 months, to include the IRR		X
3		(on date gained into the AFR) has been discharged for more than 24 months from any component (24 months from when they last held any status to include IRR)	X	
4		Is being accessed into a position or AFSC which requires a higher level clearance than currently or previously held	X	
5		Less than 24 months have elapsed since leaving federal government service/employment or military service		X

Notes: (Notes 1 – 4 apply to all)

1. If an applicant's security clearance was revoked or denied the recruiter will coordinate with the gaining wing security manager to determine if eligibility requirements are met to continue. processing

2. Applicants who cannot obtain a security clearance cannot be accessed into a mobility position. Coordinate with the gaining unit/program manager prior to accessing the individual.

3. Withdrawn due to lack of jurisdiction is not a concern-it is merely an administrative action due to no person category being identified in JPAS.

4. Security Clearances may only be verified by using JPAS (or information obtained from JPAS or OPM systems). For PF/PC a Career Data Brief (CDB) may be used. A SURF is not an acceptable method of clearance verification.

3.21. Verification of Age, Name, Citizenship, and Education.

3.21.1. Upload in AFRISS-TF all CCMAPPEDDS verification documents required for applications prior to initial Quality Control (QC) and coordination of casefiles for gain action while the recruiter may assist in obtaining the required documents, the ultimate burden of proof rests with the applicant.

3.21.1.1. After accession consummation, access to these records are limited to appropriate HQ and SQ personnel.

3.21.2. Acceptable Verification Documents. Use **Attachment 17** for document verification guidance.

3.22. Verification of Prior Service.

3.22.1. Verify RE Codes that appear to be altered, forged, or issued in error through the DMDC or REDD website. If a REDD report indicates an Inter service RE Code (IRE) 5, 9, 0, or "not on file," validate SSN, Date of Separation (DOS), and service branch, then make an additional DMDC check. If the additional DMDC check remains IRE 5, 9, 0, "not on file," or shows an RE Code different from that reflected on the "undeleted" DD Form 214/215, verify the RE Code and SPD by requesting records from National Personnel Record Center (NPRC). Additional efforts to locate documents may be required (unit, service personnel center, etc.).

3.23. Credit Report Requirement.

3.23.1. Following initial qualification, a credit check may be required on applicants requiring initiation of a Security Clearance. See **Table 3.7** and **Table 3.8** for Credit Report Requirements.

3.23.1.1. All waiver/determination requests will require a credit report excluding medical waivers. **(T-2)** This report must be less than 60 days old when being used for a waiver, security clearance review or accession purposes.

3.23.2. Instruct the applicant to obtain and provide a copy of their credit report for review from one of the following sources or similar:

3.23.2.1. **https://www.freecreditreport.com**

3.23.2.2. **http://www.transunion.com**

3.23.2.3. **http://www.equifax.com**

3.23.3. Common concerns with credit reports are as follows:

3.23.3.1. Delinquent debt is defined as past due amounts over 120 days, collections, charge-off (charge-offs are not forgiven debt until removed from a credit report), accounts that reflect unpaid and not current or over 120 days, foreclosures, short sales balances, judgments, liens and admitted delinquent debt not on credit report.

3.23.3.2. Foreclosures and short sales; if the applicant owes a balance to cover the difference of foreclosure or short sale, the individual is responsible for repayment.

3.23.3.3. Route any other issue reported on credit report not listed above to Flight Chief for review and consideration.

3.23.4. Utilize the credit report to determine the amount of delinquent debt.

3.23.4.1. Add any and all delinquent debt as defined in **paragraph 3.23.3.1**.

3.23.4.2. Do not count deferred student debt. **(T-2)**

3.23.4.3. Do not count debt that is in good standing or accounts listed as closed, current, or paid. **(T-2)**

3.23.4.4. Request information from applicant on any account past due, but not over 120 days unpaid. **(T-2)**

3.23.5. Send to HQ AFRC/RSOO workflow for review when credit report shows delinquent debt threshold is equal to or greater than $10,000 for (Top Secret (TS)) and $15,000 for (Secret).

3.23.5.1. Member may be denied with less debt depending on circumstances. **(T-2)**

3.23.6. Upon review, HQ AFRC/RSOO may request additional information/coordination with the gaining Wing CC, and/or the Wing Information Protection (IP) office to grant approval and continue processing. **(T-3)**

3.23.6.1. Flight Chiefs may be instructed to inform the Wing IP office (as appropriate) of the information, provide a copy of the Standard Form 86, *Questionnaire for National Security Positons*, and request a recommendation (not approval) based on the risk factors provided.

3.23.6.2. Recommendation will be provided to the Wing CC for approval. **(T-3)** Wing CC or designee must acknowledge in writing that they are aware of the potential risk of the applicant being deemed ineligible to obtain a security clearance, and if unable to obtain a clearance, the member will be required to separate or be discharged. **(T-3)**

3.23.6.3. If the gaining Wing/CC does not accept the risk, further processing is not authorized at unit. **(T-3)** Once delinquent debt falls below the required threshold for security clearance, then further review/processing may be initiated.

NON-PRIOR SERVICE (NPS) PROGRAM

4.1. Program Requirements.

4.1.1. Applies to applicants for enlistment in the AFR who have 83 days or less of AD or ADT with any branch of the United States Armed Forces, and those who have not previously completed IADT in its entirety. **Note: This is for applicants who have not completed TTS.**

4.1.2. Non-Prior Service. This program applies to applicants for enlistment who have 179 days or less of active duty or active duty for training with any branch of the United States Armed Forces or who have not previously completed BMT. **Note: This is for applicants who have not completed BMT.**

4.1.3. Individuals who enlisted under the Navy Reserve Advanced Pay Grade (APG) may be eligible for a BMT waiver if an individual has successfully completed 2 years of satisfactory military service; see waiver requirements in **Attachment 20,** Rule 17.

4.2. Commissioning of NPS Line of the Air Force (LAF) Applicants . AFR recruiters may recruit selected NPS individuals to fill unit and IMA commissioned officer LAF vacancies. Applicants must meet all other qualification requirements as outlined in AFMAN 36-2032. **(T-1)**

4.3. NPS Enlistment Grade and Incentives.

4.3.1. Recruiters must carefully review their applicants' qualifications to determine the appropriate enlistment grade and offer a NPS enlistment incentive to those who are potentially eligible (e.g. Stripes for Education and Training, or Stripes for Unit Bonus Skills). Current AFR enlistment incentive information is available in AFI 36-3012, *Military Entitlements*.

4.3.2. Determine NPS enlistment grade using **Attachment 18**.

4.4. Job Counseling Procedures.

4.4.1. Upon completion and passing of the ASVAB testing and MEPS physical examination, recruiters will conduct job counseling with their applicants. Job counseling will consist of the following: **(T-2)**

4.4.1.1. Recruiters will verify the applicant's ASVAB scores and physical examination to determine which jobs the member qualifies for **(T-2)**.

4.4.1.2. Recruiters will review the local Reserve Management Vacancy System (RMVS) listing to determine job availability based on the member's qualifications. **(T-2)**

4.4.1.2.1. Refer to the AFECD for entry or award of an AFSC. Requests for exceptions to AFECD requirements may be submitted as classification waivers. ASVAB scores will not be waived unless the Functional Area Manager (FAM) authorizes the exception. For questions contact HQ AFRC/RSOO.

4.4.1.3. Recruiter will explain each AFSC offered in detail. **(T-2)**

4.4.1.4. Once an AFSC has been determined, the recruiter will reserve the position in RMVS. **(T-2)**

4.4.1.5. Recruiters must make every attempt to locate/block positions through RMVS. If RMVS is not working or inaccurate at your location, notify your Flight Chief who in turn will elevate it to the local servicing force support unit. Recruiters may use other means (e.g. telephone, email, face-to-face contact, etc.) to search for vacancies and block positions (correspondence must be uploaded into AFRISS-TF). **(T-2)**

4.4.1.6. Recruiters will not block or hold positions for unqualified applicants. Processing out of sequence could result in administrative action to the Recruiter by the Flight Chief, along with loss of position by Flight Chief or servicing force support unit. **(T-2)**

4.5. Grade Change procedure after enlistment, but BEFORE shipping to BMT:

4.5.1. Prior to ship:

4.5.1.1. Trainee provides appropriate documentation for change in grade to recruiter.

4.5.1.2. Recruiter makes grade determination. **(T-2)** When a correction is appropriate, the recruiter presents documentation to the Flight Chief (or designee). **(T-2)**

4.5.1.3. Flight Chief or designee will inform the local Force Support Squadron (FSS) to retrieve the enlistment contract and make correction to enlistment pay grade. **(T-2)**

4.5.1.4. Correction Process:

4.5.1.4.1. Documents to be corrected: DD Form 4/1, Section B, Agreements, Block 8 (pay grade) and on DD Form 1966/3, Block 32a, pay grade/rank.

4.5.1.4.2. Member initials changes and signs in the right margins (both documents), authorizing official's (i.e. recruiting personnel and FSS) name, grade, organization, and date with signature are also provided in the right margin (both documents). Top margins receive the words: "CORRECTED CONTRACT."

4.5.1.4.3. Recruiter will upload corrected contract in AFRISS-TF.

4.5.1.4.4. Flight Chief, or designee will inform the local FSS of the change.

4.5.1.4.5. The local FSS will retrieve new contract from AFRISS-TF and dispose of all other copies of the contract. **(T-2)**

4.5.1.4.5.1. Appropriate Servicing force support unit makes grade correction in Military Personnel Data System (MilPDS).

4.5.2. Grade Change procedure AFTER recruit ships to BMT:

4.5.2.1. HQ AFRC BMT Training Liaisons will collect appropriate documents from trainees prior to BMT graduation. (Received in sealed envelopes from educational institutions). **(T-2)**

4.5.2.2. HQ AFRC BMT Training Liaisons will make grade corrections as described in **paragraph 4.5.1.4**. The liaison will inform the member that the correction is not complete until documentation has been processed by the member's local FSS. **(T-2)**

4.5.2.3. Once completed the liaison will provide the member with a copy of the corrected contract and upload it in AFRISS-TF.

4.6. Delayed Entry for Training (DET) Management.

4.6.1. The DET Management Policy is designed to assist recruiters in successfully following up on their NPS enlistees awaiting BMT or OTS for non-Undergraduate Flight Training (UFT) enlistments. This program provides continuity and allows for in-depth documented follow-up. All information maintained on member's disposition and contacts will be conducted utilizing outreach functions (i.e. face-to-face, phone, email, etc.) within AFRISS-TF as a running log until ship date. This record must present a vivid "word picture" of all events/conversations. The following procedures outline requirements for use and implementation.

4.6.1.1. It is the Wing/CCC's responsibility to educate DET members on BMT physical fitness requirements and encourage them to establish and conduct individual training activities that prepare them to successfully meet requirements. **(T-2)** Recruiters must not administer any fitness training to DET members. **(T-2)** Any fitness conducted will be completed by D&TF Flight Chief. A height and weight check is required for each DET member monthly. Annotate these results in the remarks section on the DET checklist. Any member found to be over their maximum allowable weight MUST be sent for appropriate Body Fat Measurement to determine eligibility. If member does not meet height and weight or BFM within 45 days of ship date, recruiter will coordinate with Flight Chief to cancel training dates and notify the FSS. **(T-2)**

4.6.1.2. DET members must meet face-to-face with a recruiter at least once a month. In addition, the assigned recruiter will have a documented outreach once a month in AFRISS-TF (face-to-face, text, call, email, etc.). **(T-2)** If DET member is within 30 days of ship date the recruiter must contact weekly and annotate in AFRISS-TF.

4.6.1.3. DET members are required to answer DET Checklist questions contained in AFRISS-TF each month until they depart for BMT (recruiter will verify). The DET Checklist is used by recruiters to ensure members are questioned thoroughly on issues that may alter their eligibility to ship. Any problems, issues, or concerns identified on the DET Checklist, will be evaluated by the recruiter and the Flight Chief for the proper course of action.

4.6.1.4. Flight Chiefs (regardless if a D&TF is present) are required to validate DET member qualifications prior to shipping to BMT. **(T-2)** Once a DET member is within 45 days (UTA is acceptable) of BMT report, the member's file will be sent (auto-system generated) to actions pending folder in AFRISS-TF. At that time, recruiter will be required to complete the DET Checklist; this action must be accomplished before you can ship the member. **NOTE**: Flight Chiefs have the option to complete the DET Checklist as often as needed and recommend the DET Checklist be utilized when problems are elevated for resolution. Upon member shipping to BMT, change gain status from ACW to ACG in AFRISS-TF.

4.6.1.5. Stress that an eligibility review will be conducted before departure for BMT. Advise each applicant the review includes:

4.6.1.5.1. A height, weight, and, if required, body fat measurement.

4.6.1.5.2. Females must obtain a pregnancy test from a medical facility (no home pregnancy tests) within 15 days of BMT departure. Females who test positive are not permitted to depart to for BMT. **(T-2)**

4.6.1.5.3. Law and drug violations, any changes to family status, as well as any other potentially disqualifying factors.

4.6.2. DET Discharge Process.

4.6.2.1. Cancel BMT/TTS dates in AFRISS-TF (Quota Allocation with AFRC/A1KB).

4.6.2.2. Upload a statement from the applicant on why they are requesting to be DET discharged or from the Flight Chief, if member is unable or unwilling to accomplish the statement. **(T-2)**

4.6.2.3. Inform the trainee to surrender their CAC and any Dependent identification cards.

4.6.2.4. Recruiter will cancel Standard Form (SF) 86 process.

4.6.2.5. Once the unit has generated the discharge order, upload into AFRISS-TF and initiate proper workflow in AFRISS-TF to request the discharge.

4.7. Initial Quota Allocation Procedures.

4.7.1. Recruiters will submit BMT/TTS requests through AFRC/A1K via AFRISS-TF unless otherwise directed (refer to the BMT/TTS *Quota Allocation Request Workflow Training Guide)*. **(T-2)** Any issues preventing the submission of school requests should be addressed with the AFRISS-TF help desk.

4.7.2. BMT departure dates that are approved within 30 days of shipping must be coordinated with the FSS.

4.7.3. Individuals projected into an AFSC which requires a secret security clearance upon entry into technical training (listed in the AFECD), must be scheduled to begin BMT no earlier than 60 days after enlistment. Individuals projected into an AFSC which requires a TS clearance must be scheduled to begin BMT no earlier than 180 days after enlistment. **(T-2)**

4.7.4. When a TTS departure date is not available through AFRC/A1KB, still make the request in AFRISS-TF, the Split Training Option (STO) should be encouraged. **(T-1)** Recruiters record BMT dates retrieved from AFRC/A1KB on the Applicant's Statement of Understanding. Applicants must understand they will attend TTS based on the needs of the AFR and will attend the first available class date. If member is agreeable to the date and conditions for STO enlistment, the applicant signs and initials the Statement of Understanding.

4.7.5. Recruiters must assist in coordinating the shipping process with the servicing force support unit and Development and Training Flight (D&TF) to ensure new members are prepared for BMT, thus preventing last-minute cancellations. **(T-2)**

4.7.6. Requested training dates are tentative and subject to change. Class dates may change based on class seat availability, as well as AETC/schoolhouse-driven course updates.

4.7.7. AFRC/A1KB's goal is to have applicants' training dates generated in-system 90-120 days prior to ship dates. **(T-1)**

4.7.8. Recruiters' responsibility is as follows:

4.7.8.1. Must counsel applicants that requested dates received from A1KB are tentative. **(T-2)**

4.7.8.2. Many 3-level AFSCs have multiple shreds which are not reflected at the 5-level. Also, school scheduling for aircrew applicants (1XXXX) is based upon the assigned weapons systems. Therefore, be sure to include the appropriate 3-level AFSC and/or the applicable weapons system in the remarks of the request (Shred).

4.7.8.3. Submit one request per applicant (except for cancellations and modifications). Successful transmission of the school request will result in a date stamp entry in AFRISS-TF. Data accuracy is the key to fulfilling BMT/TTS requests. **(T-2)**

4.7.8.4. Applicants must be fully qualified and ready for enlistment before requests are submitted.

4.7.8.5. Once enlisted (NPS), AFRISS-TF should generate transactions to be gained to file.

4.7.8.6. Members who attended and graduated from a recognized BMT will not attend Air Force BMT. The recruiter must schedule technical training only. Members will be briefed they must in-process the D&TF one week prior to their technical school start date. Recommend not scheduling these members for a school date less than 3 months from enlistment to allow member to be gained to file and clear finance.

4.7.8.7. Follow-up with FSS within 5 duty days following enlistment to ensure applicants gained without issue.

4.7.8.8. Follow-up on initial requests:

4.7.8.8.1. Check for updated spreadsheets for applicant blocks.

4.7.8.8.2. If class dates aren't blocked on the spreadsheet (A1K SharePoint) within 30 days, check AFRISS-TF for remarks from AFRC/A1KB.

4.7.8.8.3. If recruiter has not received BMT/TTS confirmation within 30 days of ship date, and member is blocked and gained to file, immediately inquire with AFRC/A1KB **(T-1)**.

4.7.8.9. Issues preventing members from shipping must be coordinated with the servicing force support unit, Flight Chief and D&TF immediately. Cancellations must be requested through AFRISS-TF.

4.7.8.10. Cancellations are requested automatically by AFRISS-TF in the event of a NLI, TDQ, PDQ or DET Discharge (any situation where the Trainee does not either ACG (Gain code in AFRISS) or DET Discharge).

4.7.8.10.1. If within 7 days of report to BMT, contact BMT liaison advising that trainee will not arrive as scheduled.

4.7.8.11. Submit rescheduled class dates as initial requests in AFRISS-TF once cancellations are processed. **(T-2)**

4.7.8.12. Once Training RIPs (Report on Individual Personnel) and TLNs (Training Line Numbers) are generated for applicants at the servicing force support unit, D&TF Flight Chief must validate dates and AFSC to ensure accuracy.

4.7.8.13. If incorrect, immediately notify AFRC/A1KB workflow box at **afrc.dptfrecruiter@us.af.mil** unless otherwise directed.

4.7.8.14. Within 30 days recruiters will coordinate with servicing force support unit and D&TF on the member's IADT orders and procedures to ensure applicants are prepared for out-processing requirements. **(T-2)** Recruiter and D&TF will identify any circumstances that would prevent the member from shipping on time. **(T-3)** Issues preventing members from shipping must be coordinated with the servicing force support unit, Flight Chief and D&TF immediately.

4.7.8.15. Flight Chief responsibilities are as follows:

4.7.8.15.1. Flight Chiefs or designee must ensure all trainees have BMT/TTS dates properly listed in AFRISS-TF as soon as received. **(T-2)**

4.7.8.15.2. Flight Chiefs or designee will ensure BMT/TTS dates (from TLNs) are validated and coordinated with D&TF and servicing force support unit within 30 days of shipping. **(T-3)** Ensure all cancellations are approved and expedited to AFRC/A1KB.

4.7.8.16. All BMT and TTS cancellations within 60 days of ship and BMT no shows will be reviewed by the Accession Credit Review Board (ACRB).

4.8. Inactive Duty Training (IDT) Participation.

4.8.1. All NPS, excluding those enlisting for OTS and NPS with PS time, are allowed to participate for one period IDT to establish a pay date preceding IADT. This pay date will be the same date they took the oath of enlistment and will perform the duty for pay and points. During this process, the NPS enlistee is exempt from the uniform requirement for IDT participation. Training or any administrative action will be provided during this period. AF Form 40A will be used to authorize and certify pay and points.

4.8.2. Recruiters will initiate the AF Form 40A by completing the form without signatures. **(T-2)** The authorizing official signs the AF Form 40A, prior to date of enlistment. The Flight Chief will certify training was performed by signing the AF Form 40A. **(T-2)** The authorizing official must be designated by the Wing/CC and sign the AF Form 40A upon completion of training (normally the enlistment process) by the enlistee. **(T-3)**

5.10.3. HYT applicants are ineligible to enlist if they have 33 or more years of Total Federal Military Service (TFMS) based on pay date at time of enlistment into the AFR.

5.10.3.1. Applicants who have between 28 and 33 years TFMS may be enlisted only for the exact number of years, months, and days necessary to establish their ETS commensurate with a total of 33 years TFMS.

5.10.3.2. For applicants who have less than 28 years TFMS, enlistment may be for 1, 2, 3, 4, 5, or 6 years as long as ETS does not exceed 33 years TFMS.

5.10.3.3. Once enlisted, applicants become subject to all AFR HYT program provisions.

5.11. Processing/ Enlistment Forms.

5.11.1. The DD Form 368 (with expiration date) is required on any individual holding active or inactive status with a component of a sister service who is making an application to join the Air Force Reserve. Complete all applicant processing paperwork prior to having an applicant submit a DD Form 368 to their unit (AF Form 2030, PRC, DD From 2807-2) to ensure eligibility. Recruiters will not process applicants beyond ASVAB testing without an approved DD Form 368. **(T-0)**.

5.11.2. Flight Chief/Senior Recruiter will ensure recruiters send a copy of DD Form 368 with bottom certification signed, DD Form 4 and DD Form 1966 to the losing agency. Pg. 2 of the DD form 368 will have the following statement prior to sending to the losing agency. “Please provide a copy of the discharge order and DD Form 256, *Honorable Discharge Certificate*, to APPLICANT NAME AND CURRENT MAILING ADDRESS. 5.12.1.1. Documentation in AFRISS-TF showing urgency to obtain a position

5.12.1.2. Adequate follow-ups keeping the applicant informed

5.12.1.3. Proper adherence to flight expectations in regards to Flight Chief comments and suspense's noted in AFRISS-TF

5.12.2. After 90 days applicants must be forwarded when requested to the recruiter responsible for the area applicant resides. **(T-2)** The only exception that allows an ISR to work an applicant more than 90 days is when it is no fault of the recruiter. In questionable cases use the proper chain of command.

5.13. Affected Accessions Action.

5.13.1. For all assignment processing reference AFI 36-2110. **Note:** The applicant must be otherwise qualified (complete determination, waivers and medically cleared IAW AFI 48-123, **Attachment 2**).

5.13.2.4. The Flight Chief or Senior Recruiter may "gain the accession" in AFRISS-TF. Once completed, the AF Form 1288 is then sent to the servicing force support unit /Det for continued processing. Air National Guard members will be forwarded to ARPC/RSOO. **(T-1)**.

5.14. Air Reserve Technician Recruiting.

5.14.1. ART Program Overview. Air Reserve Technician (ART) recruiters are responsible for all coordination of ART recruiting accessions. The ART program requires members to have dual status and must meet military and the civilian personnel requirements. Recruiters must comply with application processing, assignments, appointments, and enlistment guidelines within this instruction as it pertains to establishing military qualifications.**(T-1)**. ISR, Line, HP, and OA should at all times coordinate ART applications with ART recruiting in AFRISS-TF. For all ART processing requirements and accession credit contact the ART Program Manager.

5.15. IR Program. The Individual Reservist (IR) Programs include the IMA and the Participating Individual Ready Reserve (PIRR) programs. IR Program guidance is available in the RIO Individual Reserve Guide available through AFRC and ARPC public websites.

5.15.1. The IR Programs are primarily a prior service program for individuals fully qualified in their AFSC. In most cases an enlisted applicant must have a 5-skill level or higher to be eligible.

5.15.1.1. On a case-by-case basis, an applicant may be accepted with less than a fully qualified skill level or may qualify for the award of another AFSC based on military or civilian education, training, or experience. In unique situation a NPS member may be placed into an IMA positions. The hiring official/unit is under no requirement to entertain a NPS applicant.

5.15.2. Headquarters Air Reserve Personnel Center and RIO administers the personnel management and mobilization of individual reservists assigned to IR Programs (IMA and PIRR).

5.15.2.1. ARPC/RSOO, the Reserve Recruiting Liaison Office, is located at ARPC. Contact ARPC/RSOO for guidance related to IR Programs processing through ARPC.

5.15.3. Determine eligibility prior to beginning an application. For detailed guidance on application process reference AFI 36-2110.

5.15.4. Ready Reinforcement Personnel Section (RRPS) Assignment is a PIRR program for those applicants who are unable to find a vacancy in a paid category. Prior service applicants (including prior service applicants from other services) can enlist into RRPS.

5.15.5. This process is for applicants who must enlist in the AFR to obtain an IR Program assignment. Comply with application processing guidelines and enlistment directives within this instruction.

5.15.6. The servicing force support unit /RIO grants enlistment authority in the form of an endorsed AF Form 1288.

Chapter 6

OFFICER ACCESSION COMMISSIONING PROGRAMS

6.1. Purpose. The purpose of this chapter is to provide procedures for potential Health Professionals and Officer Accessions for the AFR. AFMAN 36-2032 is the source publication for all appointments and AFI 36-2110 is the source publication for assignments.

6.2. Program Overview . Health Profession (HP) and Officer Accession (OA) recruiters are responsible for all officer recruiting. ISRs are responsible for the assignment of all officers separating RegAF except all medical officer AFSCs, Competitive Category Changes, and Enlisted to Officer Assignments.

6.3. Incentive Programs. AFRC Incentive Programs for health professionals include the HP Ready Reserve Stipend Program (HPRRSP), the Health Professions Special and Incentive (HPS&I) Pay Plan. The Health Professions and Officer Accessions Program Manager (HQ AFRC/RSOCC) provides specific incentive program guidance, program parameters, and a listing of eligible specialties for all specialized recruiting programs directed towards health professional or officer candidates. **NOTE:** Officer incentives are managed at ARPC.

6.4. Initial Interview and Qualification Procedures. Recruiters will follow the initial interview and qualification procedures. **(T-2)** Ensure applicants meet eligibility criteria set forth in AFMAN 36-2032 and this instruction.

6.5. Processing Applications. Initial interview and tentative qualification must take place before any processing begins; initial interview should be face-to-face, refer to section 3.4.

6.5.1. Use the program specific appointment or assignment checklist. (See **Attachment 27**, located on SharePoint) The commissioning application must be completed according to the requirements of AFMAN 36-2032. **(T-1)**

6.5.2. Once QC is completed by Flight Chief, the application is forwarded to the appropriate approving authority. The selection authority and/or ARPC/DPAR will notify the Flight Chief or recruiter for application issues/discrepancies found during the process. **(T-2)**

6.5.3. ARPC/DPAR notifies the recruiter in AFRISS-TF when to tender the Oath of Office. The recruiter will then upload the AF Form 133, *Oath of Office (Military Personnel)* and other day of oath documents into AFRISS-TF. **(T-1)** Ensure the applicant is provided all documents for in-processing purposes.

6.6. Basic Eligibility. Applicants must meet all eligibility requirements identified in AFMAN 36-2032, AFOCD and AFI 36-2110. Meeting commissioning qualifications does not guarantee acceptance. Unqualified applicants will be dismissed. Waiver procedures and waiver authorities are outlined in AFMAN 36-2032. In questionable cases, contact HQ AFRC/RSOCC for guidance.

6.7. CCMAPPEDDS . Recruiters will utilize the AFR recruiting CCMAPPEDDS prescreening method on all applicants as it applies in this instruction. **(T-2)** Since AFMAN 36-2032 is the source directive for commissioning programs, the following CCMAPPEDDS items provide the correlated reference to AFMAN 36-2032 for eligibility criteria.

6.8. Conscientious Objector . Conscientious Objectors are ineligible for appointment to the AFR.

6.12. Physical Examination . Applicants must be medically qualified or a medical waiver approved according to AFI 48-123, DoDI 6130.03 V1 (accession), and DoDI 6130.03 V2 (retention). **(T-0)**.

6.13. Prior Service . Record purges are mandatory to verify PS history and review for disqualifying factors. A DD Form 368, *Conditional Release/Resignation* from other military components including IRR signed by appropriate authority is mandatory; verify expiration date, get extension if expiring before package completion. Members of the ANG obtain their conditional using the AF Form 1288. Refer to AFMAN 36-2032 **Chapters 5**, Inter-service and Inter-component transfers.

6.14. Education. Education requirements for each AFSC Refer to AFMAN 36-2032 Section 5.4.9 and the AFOCD.

6.14.1. NPS applicants applying for OTS must have graduated, or be within 365 days of graduation from a college or university. The school must be listed in the current Accredited Institutions of Post-Secondary Education, by the board convening date or application date. **Note:** Applicant must have been awarded the required degree prior to being enlisted for the purpose of attending OTS.

6.17. Service Credit/Grade Computation and Scrolling. Refer to AFMAN 36-2032 **paragraph 5.12**, (MC, DC, BSC, MSC and NC) for service credit computation. Do not guarantee medical officer applicants they will be commissioned at a specific grade or rank. AFRISS-TF will be used to compute service credit, grade computation, and scroll the applicant, once approved ARPC/DPAR will validate and initiate the AF Form 133, *Oath of Office* (military personnel) at the grade to be awarded on execution of the commissioning oath. **(T-1)**.

6.18. For computation of Total Federal Commissioned Service Date (TFCSD) , refer to AFMAN 36-2032 and AFI 36-2604, *Service Dates and Dates of Rank*.

6.19. Substantiation of Eligibility Requirements. SF 180 will be used to obtain PS records through a records purge using AFRISS-TF when required. **(T-2)** It is the applicant's responsibility to furnish documents (original or a copy certified true by the issuing agency), which prove they meet all eligibility requirements.

6.19.1. Official transcripts of all college work should include day, month, and year degree was awarded. Transcripts/documentation must be mailed or sent electronically from the issuing institution directly to the recruiting agency or commissioning source. 6.20.1. Recruiters will have applicants sign the Release of Liability Statement and the Professional Qualifications worksheet located on the HQ AFRC/RS Sharepoint. **(T-2)**.

6.20.2. The recruiter transmits the Professional Qualifications pre-credential sheet and Release of Liability statement to AFCCVO. The AFCCVO will send the completed NPDB/FSMB report back to the recruiter. **(T-1)**.

6.21. Officer Accessions DET Management.

6.21.1. The Officer Accessions (Enlistment & DET Management Procedures) policy is designed to assist recruiters in successfully managing enlisted members awaiting officer training. These procedures promote program management continuity, while focusing on customer service and DET accountability. The following policy outlines these requirements.

6.21.2. An Officer Accession (OA) recruiter (or another 367 RCG recruiter) must have some type of contact with each member monthly. **(T-2)**. Annotate comments with your DET members using the outreach function in AFRISS-TF.

6.21.3. DET members must complete the DET checklist (located in AFRISS-TF) every month with an AFR recruiter either telephonic or face-to-face until orders are received and members are prepared to ship. **(T-2)**.

6.21.4. Recruiters must address any problems, issues, or concerns identified on the checklist, annotate them in AFRISS-TF, and provide solution(s). Inform your Flight Chief/supervisor if problems exist. **(T-2)**. This will ensure problems are addressed as soon as possible to prevent shipping delays.

6.21.5. In the event a separation is requested or required, the following actions must be taken to ensure ARPC is notified, if TFOT dates are cancelled and member is discharged:

6.21.5.1. Recruiter will complete the following actions:

6.21.5.2.2. Upload any additional supporting documentation for ARPC/RSOO review in AFRISS-TF.

Chapter 7

CASE FILE AND QUALITY REVIEW REQUIREMENTS

7.1. Purpose. This chapter provides guidance on case file requirements, recruiting Quality Control (QC) and servicing force support unit coordination for AFR accessions. Maintain all case files in the approved leads management system.

7.2. Quality Control and Coordination of Case Files.

7.2.1. All enlistment case files will receive a coordinated review, a joint responsibility of the recruiter, Flight Chief (or designated representative), and the servicing force support unit. **(T-3)**.

7.2.2. The Flight Chief fully controls all aspects of the enlistment process. The QC is the sole responsibility of the Flight Chief receiving accession credit. A thorough QC by the Flight Chief or the designated representative on every enlistment or assignment case file is mandatory prior to the accession. Recruiters performing courtesy enlistments for another flight office are not responsible to QC the case file. A thorough post-enlistment QC must be completed by the Flight Chief or designated representative utilizing AFRISS-TF. **(T-2)**.

7.2.2.1. The Flight Chief will be held accountable for establishing and ensuring:

7.2.2.1.1. A local QC process, to include the date, time, and location of enlistment. **(T-2)**.

7.2.2.1.2. The applicant meets all eligibility requirements. **(T-1)**.

7.2.2.1.3. The applicant meets all classification requirements. **(T-1)**.

7.2.2.1.4. The case file contains all of the required information and documentation. **(T-2)**.

7.2.2.1.5. All forms are complete and accurate. **(T-2)**.

7.2.2.1.6. The enlistment package (electronic) is provided to the gaining wing employment section within 72 hours of receipt. Utilize AFRISS-TF to transfer case file to the servicing force support unit unless it is not available. If not available, annotate reason in AFRISS-TF. The Flight Chief will determine if a tracking log is required for their location.

7.2.2.1.7. Ensuring fingerprints are properly completed and then transmitted to OPM within 14 days of enlistment/appointment.

7.2.3. The Flight Chief will ensure post-enlistment actions are coordinated, completed and all case file forms are correctly accomplished. The Flight Chief is responsible to ensure all errors are corrected that are identified after the enlistment is completed. The Flight Chief will take immediate corrective action as applicable.

7.3. Uploading Documents.

7.3.1. The following documents, at a minimum, are to be uploaded in the following manner: They are to be uploaded individually and labeled clearly and correctly. **Note:** If mislabeled, recruiter will be responsible to edit the description prior to submission for any review.

7.3.2. Once a recruiter makes someone an applicant you must upload the required source documents to verify name, SSN and DOB.

7.3.3. Source Documents. All applicable source documents to include items as: Driver's License or Valid ID, Social Security Document, Birth & Gender Verification, Age Verification, Citizenship Verification, USAF Drug and Alcohol Abuse Certificate (AF Form 2030), Education Verification, Prior Service Verification, SURF, Discharge/Separation documents, and Medical Prescreen (DD Form 2807-2). These items are to be uploaded individually and clearly labeled to indicate which specific items are in the file. Any items completed in the AFRISS-TF tree, do not need to be uploaded separately in supporting Documents, unless required to submit a waiver.

7.3.4. Physical Documents. Refer to **Attachment 19** for specific items required for each accession type and status held. Recruiters must include items as applicable: X-Factor verification, HIV testing, supplemental medical information, gaining unit/Wing/CC approval (when applicable for medical issues), among other items required during the QC & accession process. For SG waiver requirements, contact HQ AFRC/RSOO. **(T-2)**.

7.3.5. Gain Documents. Any form or document the applicant signs or initials at any point during the enlistment, appointment or assignment process must be validated for accuracy and proper completion. **(T-2)**. Any source document used to validate gains will also be considered gaining documents and must be uploaded. These items are to be uploaded individually and clearly labeled to indicate which specific items are in the file. Any items completed in the AFRISS-TF tree, do not need to be uploaded separately in supporting Documents.

7.3.6. QC Checklist. The standardized QC checklist provided by HQ AFRC/RSOT (HQ AFRC/RSOT SharePoint page) will be completed and uploaded in AFRISS-TF. **(T-2)**.

7.3.7. Waiver Documentation/Supporting Documents. Source documents as well as waiver documents (regardless of waiver type) must be uploaded in AFRISS-TF and clearly labeled with the description of the document before submission, e.g. SS Card, Birth Cert, Applicant statement, Court Docs. The description of the document should closely match the file content.

7.3.8. All required documents for enlistment/appointment/assignment must be uploaded in AFRISS-TF prior to gain action with the exception of the DD Form 2808 with DAT results (with dates of the results, not date of test/physical). **(T-2)**. The Flight Chief is responsible for ensuring the documents are uploaded.

7.4. Documentation Required For Claiming Accessions.

7.4.1. The document required in order to claim accession credit for "ENLISTMENTS" is the DD Form 4.

7.4.2. The documents required in order to claim accession credit for "ASSIGNMENTS" (including assignments that require an Enlistment) are one of the following:

7.4.2.1. Assignment orders showing projected AFR assignment.

7.4.2.2. Single Unit Retrieval Format (SURF) showing projected AFR assignment.

7.4.2.3. MilPDS "screenshot" showing projected AFR assignment and gain date.

7.4.2.4. An email from the "myPers - Total Force Service Center" referencing that the MilPDS projection has been completed based on the information that was provided on the

AF Form 1288. (Recruiters will add the position number in comment section on initial request).

7.4.2.5. Right Now Technology (RNT) number showing the pending projection.

7.4.2.5.1. You can request the RNT from the servicing force support unit once the AF Form 1288 has been sent by the servicing force support unit to ARPC for processing. (**Note:** Please include the DD form 4 if required (Reference **paragraph 5.5.3.1**).

7.4.3. Flight Chiefs are responsible for ensuring all recruiters are uploading all documentation for claiming accessions into AFRISS-TF. The applicant will not be gained in AFRISS-TF until the required documents are provided (with the exception of the DD Form 2808 with date of DAT results, not date of test/physical).

Chapter 8

WAIVERS AND WAIVER REVIEWS

8.1. Purpose. Waivers/determinations allow disqualified applicants an opportunity to be considered under the "whole person" concept, when circumstances clearly justify a waiver or review. The following paragraphs provide general guidance. Refer to the specific criteria in **Attachment 20** for complete waiver/determination criteria guidance.

8.2. Justification to Submit. Recruiters may submit requests only when other indicators such as test results, qualifications, previous service, etc., clearly indicate that a waiver is appropriate, and is in the best interest of the AFR. If this is not the case, dismiss the disqualified applicant. If justification does not meet the HQ AFRC/RSOO expectation of exceptional circumstances, HQ AFRC/RSOO may require coordination by, but not limited to, the Wing/CC or RIO Det CC.

8.3. General Information.

8.3.1. Waiver/determination requests must be processed through appropriate recruiting channels. Final approval authority for waivers/reviews is shown in **Attachment 20**. **(T-2)**.

8.3.2. Non-medical Waivers, Exception to Policy (ETP)s, or Service Eligibility Determinations previously approved for enlistment in an AF component, do not require a subsequent action for enlistment, provided they were approved at the same/similar or higher level as required by this instruction and the applicant is going into the AFSC for which the initial waiver was approved.

8.3.3. A master records purge will be conducted before the waiver is submitted on applicants having an RE/SPD code or discharge, which is a bar to enlistment. **(T-2)**. The recruiter requests the master records purge using the SF 180, *Request Pertaining to Military Records*. A complete purge should be obtained whenever possible. The records purge must be dated within 180 days of the date of any waiver submission.

8.3.4. Approved waivers/determinations are valid for 1 year from the date of approval, unless otherwise indicated. Do not give a copy of the waiver or determination to the applicant. Do not provide the applicant with contact information for HQ AFRC/RSOO, AFRC/SGP or HQ AFRC/RS.

8.3.4.1. Any potentially disqualifying information received after submitting the waiver/determination (prior to waiver approval) will be immediately reported to the Flight Chief who will contact HQ AFRC/RSOO for guidance. **(T-2)**. Cease all processing until guidance is received from HQ AFRC/RSOO.

8.3.4.2. Following waiver/review approval, if the applicant is enlisting into a different AFSC than listed on the Waiver Process form, the Flight Chief must coordinate this change with the HQ AFRC/RSOO. **(T-2)**. This does not pertain to a change in the skill level indicator. (If a previously approved waiver exists in AFRISS-TF, and the applicant changes AFSCs, a new waiver is required to be approved in AFRISS-TF).

8.3.4.3. After receiving a waiver or enlistment review approval, the recruiter may continue processing (provided the applicant is otherwise qualified).

8.4. Medical Waivers.

8.4.1. Medical Waivers will only be approved by AFRC/SG or AFRS/SG. **(T-1)**. Forward the medical waiver request to HQ AFRC/RSOO for coordination.

8.4.2. Minimum height for accession is 58 inches, waivers below 58 inches may be requested. Necessary medical evaluations must be accomplished before submission. MEPS or RMUs do not have authority to approve sub-standard height waivers for Flying Class III examinees or Air Force commissioning applicants. These waivers are granted on a case-by-case basis. Flight Chiefs should contact HQ AFRC/RSOO for guidance.

8.4.3. If a Military Treatment Facility, RMU or MEPS recommends a medical waiver in writing, the recruiter has no discretion in the matter; the waiver must be submitted unless the applicant is ineligible for some other reason. Flight Chiefs may request a waiver for disqualified physicals without a recommendation for a waiver. Exercise good judgment in these matters. Process these types of waiver requests as follows:

8.4.3.1. For Individual Reserve Program accessions, if the applicant is medically restricted from certain duties, the gaining HQ RIO/CC must annotate acknowledgement of the duty limiting condition and acceptance of the applicant for affiliation. **(T-2)**. The acknowledgement and acceptance must be uploaded in AFRISS-TF.

8.4.4. If a waiver is required or recommended by either the MTF, RMU or MEPS, the applicant cannot be processed at a different medical location without approval from HQ AFRC/RSOO. **Note:** Medical waivers are valid for 2 years, unless otherwise noted. If the applicant does not enlist, medical waivers will need to be re-certified in AFRISS-TF by HQ AFRC/RSOO after 1 year (due to system parameters-not a waiver requirement). **(T-2)**. The waiver expiration date is based upon waiver approval date not physical examination/completion date

8.5. Classification Waivers. Only submit if factors exist that warrant exceptional consideration.

8.6. Assignment Waivers. Members of the ANG or IRR who have conditions of ineligibility for assignment (e.g., assignment action reason, RE Code, character of service, etc.) must have assignment waivers approved prior to accession. **(T-1)**. This is not an enlistment waiver.

8.7. Mandatory Formal Technical Schools.

8.7.1. AFRC/A1K may approve waiver of mandatory technical schools when the individual has other training or experience, which may be applied to the training requirement. **(T-2)**.

8.7.2. A technical adviser for the requested AFS conducts the evaluation on subject and task knowledge levels as required by the Career Field Education and Training Plan (CFETP). The CFETP must show date completed, technical adviser's initials, and the applicant's initials certifying 3-skill level task completion. **(T-1)**.

8.7.2.1. Applicants will not demonstrate performance level tasks. Performance task items may be certified (by the technical adviser) if the applicant provides documentation (certificates, licenses, letters, etc.) showing the applicant previously performed these tasks.

8.8. Enlistment Determination for Family Care. HQ AFRC/RSOO is the approval authority for all enlistment family care determinations. See **Attachment 20** for family care determinations criteria.

8.9. After-the-Fact Waiver . Chapter 9

RECRUITING SERVICE ADVERTISNG AND MARKETING

9.1. Purpose. Advertising helps AFR recruiters meet production goals by generating leads, stimulating office traffic, and by creating public awareness of AFR programs.

9.2. Mission . HQ AFRC/RSAA is the AFR executive agent for creating, producing, distributing, and implementing advertising products and services necessary to support AFR personnel procurement programs. In addition, they are responsible for generating leads for recruiters sufficient to meet command manning requirements, creating awareness, and branding of the AFR.

9.3. Advertising and Promotion Planning.

9.3.1. HQ AFRC/RSAA plans and manages the national advertising program to maintain AFR awareness in the market place and encourage action by prospects. Advertising, promotional products, and services are developed to support all reserve recruiting programs.

9.3.2. The Annual Strategic Advertising Plan. The advertising plan provides detailed promotional strategies for the upcoming fiscal year. This advertising/marketing plan promotes the AFR as a high-tech military organization in support of Air Force Reserve Command (AFRC) strategic and long-range plans. This plan is designed to be specific in defining creative projects and promotional direction for near-term project work and yet flexible to meet AFRC's changing environment. It serves as a base from which to design and implement future promotional campaigns. The advertising plan is centrally administered at HQ AFRC/RSAA.

9.3.3. Local Advertising Strategy. Flight Chiefs, in coordination with their local wing public affairs office, should develop an annual local advertising strategy. This plan should include, but is not limited to, local events, civic leader and educator tours, center of influence (COI), employer support day, etc. In addition, Flight Chiefs should develop a plan to initiate local advertising programs using targeted advertising funds provided by HQ AFRC/RSAA not to exceed $5,000. Anything over $5,000 is not considered a Targeted Recruiting Request and should be sent directly to HQ AFRC/RSAA for consideration. All targeted recruiting activity requests will be forwarded to HQ AFRC/RSAA for evaluation and approval by the use of the Recruiter Dashboard (RDB) (**https://dashboard.afreserve.com/main.php**). HQ AFRC/RSAA tracks and maintain reports showing all recruiting activities by operating location to include national and local events, Public Service Announcements (PSA) airings, and media values.

9.3.4. Prohibited Advertising. Use of AFR advertising to promote a business is prohibited. In addition, the procurement and use of locally produced collateral material of any sort is prohibited without approval of HQ AFRC/RSAA. **(T-2)**.

9.4. Media Utilized . The types of media utilized by AFRCRSRSAA to promote the AFR include but are not limited to television, radio, print, promotional, public service announcements, interactive and internet. 9.5. AFRC Logo . The AFRC logo is recognized as one of the most important tools to identify and promote the AFR, its people, and mission. The logo proudly invokes a look and feel intended to promote and empower the public image of the AFR. The Air Force Trademark and Licensing,

establishes guidelines for the use and application of the logo, key lines and color standards. It is to be considered the final word whenever the logo is employed in print, video, specialty and interactive applications. Details can be found at **www.trademark.af.mil/symbol/displaying/index.asp**.

9.6. Direct Mail Program.

9.6.1. HQ AFRC/RSAA plans and manages this program.

9.6.2. Direct mail provides the recruiter with leads, using products that are distributed through the United States Postal Service.

Submit requests for collateral materials via RDB to HQ AFRC/RSAA. To request a RAN, contact HQ AFRC/RSAA. Notify HQ AFRC/RSAA of any change of address for your assigned RANs to ensure continued timely delivery of materials. An advertising program website is available for requisition of items currently available. Shipments are tracked through Industries of the Blind via tracking numbers within each order. Report all shipment discrepancies to HQ AFRC/RSAA. **(T-2)**.

9.7.3. Promotional items are for advertising and recruitment of prospective applicants. Promotional items can be located and ordered from the Recruiter Dashboard (**https://dashboard.afreserve.com/main.php**). HQ AFRC/RSAA manages the distribution of promotional items. 10.10.2. One-on-one training is the major part of the proficiency training process.

10.10.3. Document training and upload in the approved storage system.

10.10.4. Training meetings and workshops are also considered as part of proficiency training. Maintain this documentation in the approved storage system.

10.10.5. If the RCS identifies any certified recruiter as "at risk" the owning Flight Chief will provide documented monthly proficiency training until RCS determines the recruiter is no longer "at risk". **(T-2)**. This will be documented on the training metrics and provided to HQ AFRC/RSOT as required. **(T-2)**.

10.11. Decertification/Recertification Training.

10.11.1. Decertification is required when a certified recruiter falls below acceptable standards of job proficiency on any JQS 8R000 task items. The following individuals may decertify a certified recruiter: RCS or the designated HQ AFRC/RS staff. When a certified recruiter is decertified, a trainer must be assigned in writing by the Flight Chief and approved by the RCS. **(T-2)**. The RCS must report the decertification and upload the *Decertification Letter* (**See Attachment 23,** located on SharePoint) in the approved storage system. **(T-2)**. (Any decertification requires notification to HQ AFRC/RSOT).

10.11.1.1. The RCS Superintendent or Squadron Trainer formally enters a Flight Chief into recertification training and is documented in writing and uploaded in the approved storage system. **(T-2)**.

10.11.1.2. Recertification training must not exceed 90 days. **(T-2)**. Recertification will be completed within 30 days of training completion. **(T-2)**.

10.11.1.3. The supervisor must notify the trainee that they are being decertified. **(T-2)**. The decertified task items must be reviewed with the trainee immediately upon decertification. The trainer annotates in the approved storage system using the *Decertification Letter* (**See Attachment 23,** located on SharePoint) and records the effective date of placement into recertification training and items found deficient. **(T-2)**. The trainer and the trainee must sign each documented training session. **(T-2)**.

10.11.1.4. The trainer provides the recruiter with an outline of the recertification training timeline and identifies specific objectives to be met. The trainer and trainee acknowledge the plan in the approved storage system.

10.11.1.5. The trainer conducts evaluations at 15-day intervals to evaluate the recruiter's progress. These evaluations are documented in the approved storage system. The trainer and the trainee must sign each evaluation. **(T-2)**.

10.11.1.6. If the trainer/certifying official determines a trainee will not be recertified they complete the extension request (See **Attachment 23,** located on SharePoint) and provide it to HQ AFRC/RSOT and the RCS. **(T-2)**. The trainer/certifying official ensures the Flight Chief and RCS are notified immediately. The RCS will conduct an in depth evaluation of the training records. This evaluation should determine whether the training received was appropriate, if the trainee should be continued in training, reassigned to another recruiting position or if the trainee should be considered for tour curtailment. If the recommendation is tour curtailment, then the RCS must conduct a visit with the trainee as part of the final evaluation prior to forwarding the training records to HQ AFRC/RSOT for review. **(T-2)**. Final authority for a recommended tour curtailment is the HQ AFRC/RS. If recertification is warranted, the certification official certifies the recruiter as proficient/certified on the JQS 8R000 task items and upload in the approved storage system.

10.12. Newly Transferred Flight Chief/Recruiter.

10.12.1. Using JQS 8R000, the certification official evaluates a newly transferred recruiter within 30 days of arrival at the duty station. If the recruiter was found to be deficient, decertify the appropriate task items and enter into recertification training. If found proficient, document the evaluation on the *Certification Completion Letter* (see **Attachment 23,** located on SharePoint) and upload in the approved storage system.

10.12.2. Newly appointed or transferred Flight Chiefs review the previous training for assigned recruiters within 60 days of arrival on station. The Flight Chief completes *Certification Completion Letter* (see **Attachment 23,** located on SharePoint) and uploads it in the approved storage system for all assigned recruiters.

10.13. Training Meetings and Workshops.

10.13.1. Recruiting flight training events are required once a quarter and will be attended by assigned recruiters. **(T-2)**. If conducting a training meeting outside of the flight zone, RCS/CC must coordinate with HQ AFRC/RSX for approval request prior to the meeting.

10.13.2. RCS training events are held as necessary and will be attended by assigned recruiters.

10.13.3. HQ AFRC/RSOT training courses will be held as necessary and will be attended by selected recruiters. **(T-2)**.

10.13.4. HQ AFRC/RS annual training event will be attended by all HQ AFRC/RS personnel unless excused by the HQ AFRC/RS. HQ AFRC/RS annual training event can be used in lieu of the flight's first quarter training event. **(T-2)**.

10.13.5. All meetings and workshops must be held on government installations when practical, or where suitable facilities are available within flight zone. **(T-2)**.

10.14. Initial Entries to Assign/Certify JQS 8R000 Task Items.

10.14.1. All 8R000 JQS will be updated and tracked in the approved storage system unless otherwise directed. **(T-2)**.

10.14.2. The trainer enters the date training began as each task item is opened in the space provided. If recruiters are removed from qualification training due to extenuating circumstances, with RCS approval, adjust the date training started on the JQS 8R000 and include an explanation in the approved storage system.

10.14.3. Upon completion of each task item, the trainer enters the date completed in the space provided.

10.14.4. The trainee signs in the space provided when the task items are completed.

10.15. Publication of Revised JQS 8R000.

10.15.1. An 8R000 previously certified should be revalidated on the new revised JQS if they are found to be proficient on each item. The Flight Chief will enter the current date in the completion date block on the JQS. Trainee initials the "Trainee Initials" block. The certification official completes the *Certification Revalidation Letter* and uploads it into approved storage system (see **Attachment 23,** located on SharePoint).

10.15.2. For personnel currently in initial or supplemental qualification training, transcribe documentation from the previous JQS 8R000 to the new revised JQS 8R000 and make the following signed entry in the approved storage system: "Re-accomplished JQS 8R000 on (date)."

10.15.3. Personnel previously certified in a supplemental JQS 8R000 job series and not currently holding the position will not be recertified until they return to that series. **(T-2)**. Make the following signed entry in the approved storage system: "(Recruiter name) was previously certified as (Line, In-Service, Officer Accession, etc... Recruiter) on (date)." Recertification will take place upon reentry into a like position. **(T-2)**.

10.15.4. If a previously certified recruiter in any 8R000 job series is found to be deficient in one or more task items, or the individual is currently in recertification training, the following must be done:

10.15.4.1. Certification official initiates a new JQS 8R000 and enters date training actually began for the appropriate task items in the start date block. **(T-2)**.

10.15.4.2. Trainer continues to provide or initiate required training in the deficient areas. **(T-2)**.

10.15.4.3. In either instance, the certification official makes the following signed entry in the approved storage system: "Initiated new JQS 8R000 on (date). Individual was previously proficient as 8R000 on (date)." **(T-2)**.

10.15.5. Remove all previous editions of the recruiter JQS 8R000 from the training record after accomplishment of one of the above actions. The removed JQS is given to the respective recruiter (only if paper JQS is utilized).

10.15.6. Trainers for initial/supplemental JQS task items are the only individuals identified on the trainer/trainee identification page. Do not remove any previous identification pages.

10.16. Proper Documentation of Recruiter Training.

10.16.1. Proper documentation is essential and critical. Be specific. Take all aspects of the recruiter's progress into consideration when making evaluations. Answer the WHO, WHAT, WHEN, WHERE, WHY, and HOW while indicating the type of training provided. All training is documented in the approved storage system. Trainer must provide a detailed word picture of training provided. Training should be demonstrative based and is best performed in the recruiter's operating environment. Other types of training (ex: teleconferences, video conferencing) must be documented in the approved storage system.

10.16.2. Do not include information pertaining to Uniform Code of Military Justice (UCMJ) infractions or military personnel actions relating to anything other than specific performance of recruiting duties and training provided.

10.16.3. When a recruiter transfers to a new position and has a change in supervisor, the current supervisor, within five days of departure lets the losing squadron trainer know so they can transfer control of the members' training record to the gaining RSS trainer.

10.16.4. If a training entry is deemed invalid or inaccurate, the entry will be deleted and re-accomplished by trainer.

10.17. Joint Call Audit (JCA) Training and Documentation. JCA and IMPACT selling skill tools are designed to enhance the selling skills of all Air Force Reserve recruiters. JCA is a sales evaluation tool that is utilized to ensure the recruiters are using the IMPACT selling system throughout their appointment. (See **Attachment 26,** located on SharePoint).

10.17.1. JCAs should be conducted primarily by the Flight Chief, however, any IMPACT certified 8R000 may conduct JCAs.

10.17.2. JCA frequency:

10.17.2.1. If the recruiter is in initial or supplemental training then JCAs will be conducted on a monthly basis. **(T-2)**.

10.17.2.2. If the recruiter is certified and on track to make annual goal then JCAs will be conducted on a quarterly basis. **(T-2)**.

10.17.2.3. If the recruiter is certified and not on track to make annual goal then JCAs will be conducted on a monthly basis. **(T-2)**.

10.17.2.4. A recruiters IMPACT certification has no bearing on the frequency of JCA requirements. Flight Chiefs may assign more training if they feel it is warranted.

10.17.3. JCA Completion:

10.17.3.1. JCAs must be conducted with applicants in the recruiter's office when possible. **(T-2)** When not feasible use of telecommunication conferencing, (ex. Telephone, web cam, etc.) can be used to conduct a JCA.

10.17.3.2. JCAs will be completed on the AFRCRS approved form (see **Attachment 26**, located on SharePoint). **(T-2)**. The Flight Chief/Senior Recruiter/LEAD/recruiter/trainer (IMPACT certified is a requirement to conduct JCAs) will provide feedback immediately following the JCA. **(T-2)**.

10.17.3.3. The original JCA will be filed using the current approved storage system, and labeled using the format YYYYMMDD, Month/QTR (JCA). **(T-2)**.

10.17.3.4. JCA Reporting. RCS will provide JCA information to HQ AFRC/RSOT on the training metrics. **(T-2)**.

10.18. IMPACT Sales Training and Reporting.

10.18.1. Flight Chiefs are required to assign IMPACT selling skills training (or ensure IMPACT selling skills training is accomplished) and coaching for all assigned recruiters.

10.18.2. IMPACT selling skills training is required quarterly for Certified IMPACT Sales Professionals. IMPACT selling skills training is required monthly for those not IMPACT certified or enrolled in IMPACT Certification process. (Exception: IMPACT certified recruiters who are not achieving goal or have been designated "at risk" by HQ AFRC/RSOA, are required to perform IMPACT selling skills training and coaching each month).

10.18.3. Training performed or conducted during facilitation of the IMPACT Certification process satisfies the monthly requirement for IMPACT selling skills training.

10.18.4. Flight Chiefs may assign more training if they feel it is warranted.

10.18.5. The training may be accomplished in the form of one-on-one training with the Flight Chief, trainer or designated IMPACT certified recruiter. Training may also be accomplished via material from any Brooks Group resource or any other IMPACT selling skills training resource that the Flight Chief approves.

10.18.6. IMPACT Selling Skills Training Documentation.

10.18.6.1. IMPACT training will be documented in the approved storage system or training metrics. **(T-2)**.

10.18.6.2. Documentation may be all inclusive for the entire flight. All flight member's IMPACT training may be compiled on a single document and will be uploaded at the end of the month. IMPACT training will be verified and reported monthly on the training metrics (SOT). **(T-2)**.

10.18.6.3. Documentation must include the date and members name at a minimum. Since the entire entry is for IMPACT, it is implied that the training was IMPACT selling skills orientated.

10.18.6.4. IMPACT training will be labeled with the date first, using the following format YYYYMMDD, for example "20200730 3rd Qtr IMPACT". **(T-2)**.

10.18.6.5. JCA's do not satisfy the requirement to complete monthly or quarterly IMPACT training. IMPACT training is an entirely separate training requirement.

10.18.7. IMPACT Certifications.

10.18.7.1. Recruiters who choose to pursue IMPACT certification will comply with the following:

10.18.7.1.1. Certifications will be completed by an approved HQ AFRC/RSOT's facilitator from the approved IMPACT certifier list, who will assist with the module checkpoints. **(T-2)**. Any member of HQ AFRC/RS can pursue the certification process.

10.18.7.1.2. Once the checkpoints are completed, the facilitator/coach will request certification through squadron training. **(T-2)**.

10.18.7.1.3. The squadron will verify that the member has completed all checkpoints and verify that the assigned certifier is authorized by HQ AFRC/RSOT and is a warranted certifier (no conflict of interest—See **paragraph 10.18.12**). **(T-2)**.

10.18.8. A "mock certification" is not required.

10.18.9. IMPACT Certification cannot be accomplished until IQT Training is completed.

10.18.10. The facilitator must be a certified IMPACT professional assigned to AFRCRS. **(T-2)**.

10.18.11. Prior Service Other recruiters who are/were trained in IMPACT but did not complete the checkpoints (on line or otherwise) and did not complete the certification process outlined in this instruction are not considered to be IMPACT Certified (Certified IMPACT Sales Professionals). Determinations will be made on a case-by-case basis by the Chief of Training, HQ AFRC/RS. **(T-2)**.

10.18.12. The certifier must NOT:

10.18.12.1. Be of the same flight (or other conflict of interest). **(T-2)**.

10.18.12.2. Be the facilitator of the member being certified. **(T-2)**.

10.18.13. The certifier must be the following: **(T-2)**.

10.18.13.1. Certified to certify (certified IMPACT and witnessed TWO certifications) unless squadron has stricter rules in place. Check with HQ AFRC/RSOT with confirmation requests.

10.18.13.2. The certifier must be one of the following in addition to above requirement: **(T-2)**.

10.18.13.2.1. A squadron staff member (certified to certify).

10.18.13.2.2. A HQ Staff member (certified to certify).

10.18.13.2.3. A certified Flight Chief (certified to certify) who currently sits as a Flight Chief.

10.18.13.2.4. A certified Flight Chief (certified to certify) who currently sits as a Senior Recruiter. **(T-2)**.

10.18.13.2.5. A certified Lead (certified to certify) who currently sits as a lead recruiter on their flight.

10.18.14. A score of 85 is required to be IMPACT Certified.

10.18.15. The squadron trainer will send all pages of the completed certification to HQ AFRC/RSOT (**afrc.rsot@us.af.mil**). **(T-2)**.

10.18.16. RCS/RSOT will verify that the facilitators and certifiers are authorized based off of the approved AFRCS/RSOT certifier list, to perform their specified roles and complete the certification. **(T-2)**.

10.18.17. RCS/RSOT will update the tracking database with the facilitator, certifier and any witnesses (as well as other pertinent information). **(T-2)**.

10.18.18. HQ AFRC/RSOT will mail the IMPACT certificate and The Brooks Group (TBG) coin to the members flight address listed in AFRISS-TF (unless otherwise noted). **(T-2)**.

10.18.19. In the event a score of 80-84 is reached, sections/questions re-fire can be done. Send completed score sheets to HQ AFRC/RSOT for coordination on “sections/questions” to re-fire. If second attempt does not result in an 85, a complete re-fire “on all questions” will take place after a 30-day waiting period. Any score below an 80 will require a complete re-fire after a 30-day waiting period.

Chapter 11

ANNUAL GOAL FOR 367 RCG

11.1. Purpose. The annual recruiting goal is developed to support the Air Force Reserve Command programmed end-strength for each fiscal year (FY). This goal is based on combined beginning strength of Unit, IMA, and Active Guard Reserve (AGR) requirements on 1 October, end-strength for 30 September, and loss rate. The annual goal is distributed to line, ISR, OA, and HP recruiters based on their zone classification. AFR structure changes; planning, program, and budgeting system adjustments or other unscheduled end-strength modifications may alter the initial fiscal year goal calculations. These situations will require an annual goal revision or review. **(T-2)**.

11.2. Annual Goal.

11.2.1. HQ AFRC/RSO determines the overall recruiting mission for each fiscal year and the goal band (A-E) required as outlined on the Zone Classification Tables in order to achieve the annual goal. (See **Table 11.1**, **Table 11.2**, **Table 11.3**).

11.2.2. The total of all flight goals or assigned mission may not exceed their squadron's goal or mission. The combined squadrons' mission will equal the 367 RCG mission. **(T-2)**.

11.3. Annual Goal Letters.

11.3.1. Flight Chiefs will provide a goal letter to each recruiter in writing. **(T-2)**. They will acknowledge receipt of this letter by signature. **(T-2)**.

11.3.2. Squadron superintendents will provide a goal letter to each Flight Chief in writing. They will acknowledge receipt of this letter by signature

11.3.3. Flight Chiefs and squadron superintendents will maintain a copy of all goal letters in the approved Air Force management internal control tool (MICT). **(T-2)**.

11.3.4. Although goals will not increase after being issued, sub-goals or production targets may be adjusted at the commander's discretion to meet mission requirements. **(T-2)**.

11.4. Zone Classification.

11.4.1. The goals assigned to each category of recruiters are carefully scrutinized on a continuous basis to ensure fairness and consistency throughout 367 RCG.

11.4.2. Group goal, squadron goal, and individual zone classification goals will be initially calculated by HQ AFRC/RSOA using the approved goal methodology. **(T-2)**.

11.4.3. HQ AFRC/RSOA will provide each squadron classification goals for each of their respective zones by 15 Sep of each FY barring unforeseen circumstances. **(T-2)**.

11.4.4. Squadrons will provide their recommended goals changes to HQ AFRC/RSOA within 7 business days of receipt of goals. ISR goals will not be changed. **(T-2)**.

11.4.5. All ISR goals are calculated using the five year average of eligible separatees multiplied by their zone classification.

11.4.6. Zone classification is determined by the five year average of the conversion ratio not to exceed a percentage determined by HQ AFRC/RSO.

11.4.7. All ISR goals will be adjusted at the end of the fiscal year based on the actual number of eligible separatees. **(T-2)**.

11.5. Accession Credit.

11.5.1. Accession credit is awarded if the enlistment, appointment, or assignment will be a gain to the Selected Reserve (SelRes) end strength. Credit is not awarded for individuals being assigned into the Participating Individual Ready Reserve (PIRR), Category E, or for individuals transferring from one pay category into another pay category.

11.5.2. Category E gains will qualify for award credit if the recruiter has achieved 100% or more of their annual goal. Credit will be awarded at the end of the fiscal year.

11.5.2.1. EXCEPTIONS:

11.5.2.1.1. Recruiters are given accession credit for gains to the Air Force Ready Reserve Stipend Program and Chaplain Candidacy Program.

11.5.2.1.2. Recruiters never receive accession credit for transfers from Category “A” or Category “B” to another Category “A” or “B.”

11.5.2.1.3. Dual credit will not be granted for the same gain during the same FY or within the same 365 day period; in rare cases when this may occur, forward documentation and justification to HQ 367th RCG/RSO for determination.

11.5.2.1.4. DEP discharged members may also require ACRB review (conducted by HQ 367th RCG/RSOO and Operations Superintendent.)

11.5.3. Clone requests must be reviewed by HQ AFRC/RSOO for final determination. Send all clone requests to HQ AFRC/RSOO (**afrc.rsoo.workflow@us.af.mil**). **(T-2)**

11.5.4. DET discharged members may also require ACRB review (conducted by HQ AFRC/RSOO and RSO Superintendent.)

11.5.5. Flight Chiefs and Senior Recruiters must ensure all enlistments, appointments, and assignments are gained into AFRISS-TF on the gain date or the next business day.

11.5.6. All accessions are subject to HQ AFRC/RSO review.

11.6. Goal Adjustments. Recruiting goals are reduced under certain circumstances to ensure consistence and fairness to the recruiter or maintain morale.

11.6.1. Rookie recruiters are graduates from AFR Recruiting School who sign in to their first assignment on or before 15 April. They will have no goal for the first three months, then ½ of classification goal for the next three months, then full goal thereafter.

11.6.2. Rising stars are graduates from AFR Recruiting School who report to their duty location on or after 16 April of the current FY. They receive the same goal adjustments as rookies but will have some reduction carry over to the following FY when they will be considered rookie recruiters for award purposes.

11.6.3. Individuals who PCA or PCS to an ISR or ISR-Line position will have no goal for the first two months on station and assume full goal thereafter. **(T-2)**.

11.6.4. Recruiters transferring from Air Force Recruiting Service and Air National Guard Recruiting will have no goal the first 2 months and be on full zone classification recruiting goal thereafter. Prior active duty or Air National Guard recruiters who have not performed recruiting duties within the past 3 years will be given the rookie goal reduction as outlined in **paragraph 11.6.1**.

11.6.5. Line recruiters who Permanent Change of Station (PCS) will receive a goal reduction equivalent to 1 month of full goal for their new office location. **(T-2)** The goal at the departing location will be adjusted based on recruiter's arrival date at the new location. Recruiters do not get a goal reduction for Permanent Change of Assignment (PCA).

11.6.6. New HP recruiters in training will have the first 5 months with no goal, then 3 months at ½ of zone classification goal for the next 3 months, and full zone classification goal thereafter. **(T-2)** Certified HP recruiters PCSing to a new HP zone will have the first 2 months goal free.

11.6.7. Officer Accessions recruiter. A new OA recruiter in training will have no goal for the first 4 months, then ½ zone classification goal for the next 3 months, then full zone classification goal thereafter. Certified OA recruiters PCSing to a new OA zone will have the first 2 months goal free.

11.6.8. Lead recruiters or recruiters with any additional duty do not receive goal reductions from their zone classification or annual goal.

11.6.9. Recruiters attending PME in-residence receive a goal reduction of 10% of AFRISS-TF goal. Recruiters will not receive a reduction for correspondence courses.

11.6.10. Recruiters will receive a goal reduction equivalent of 10% of AFRISS-TF goal for every 30 days they are on convalescent/sick leave up to 120 days. **(T-1)**. Leave in excess of 120 days will be reviewed on a case by case basis and HQ AFRC/RSOA will determine the appropriate goal reduction.

11.6.11. Goal reductions for maternity and paternity leave will be granted using the same considerations as convalescent/sick leave.

11.6.12. Retiring recruiters' goals will be reduced by ½ for the last 4 months they are on production. **(T-2)**. The reduction will be based on the recruiter's first day of terminal leave or their DOS. **(T-2)**.

11.6.13. Curtailing recruiters' goals will be adjusted according to their DOS or first day of terminal leave. **(T-2)**.

11.6.14. Recruiters who are removed from production will have their goals adjusted according to the date they were ordered removed.

11.6.15. All goal adjustment requests for Professional Military Education (PME), convalescent/maternity leave, retirement or curtailment must be submitted to HQ AFRC/RSOA with appropriate supporting documentation including but not limited to AF 988, *Request and Authorization for Separation* (AF 100), DD 214, LeaveWeb screenshot or in-residence PME certificate.

11.6.16. All goal adjustments for PCA/PCS or goal calculations for a new recruiter will occur by the next business day only upon receipt by HQ AFRC/RSOA of a completed In-Processing worksheet from the CSS.

11.6.17. For goaling purposes, when recruiters PCS from one production desk the day they left their previous assignment will be one day prior to the day they sign in to their new assignment.

11.6.18. Recruiters who PCA/PCS and sign in on or after the 16th of the month will not be charged for that month at their new location.

11.6.19. Recruiters who retire, curtail or are removed from production on or before the 15th of the month will not be charged for that month but will be charged if the aforementioned occurs on or after the 16th of the month.

11.6.20. HQ AFRC/RSOA may at their discretion make additional adjustments to recruiters' goals in the event there is overlap between an incoming and outgoing recruiter responsible for the same zone or if a zone was not yet mapped when a plus up recruiter reports for duty. In these cases, HQ AFRC/RSOA will adjust the date upon which the incoming recruiter will be charged for goal and apply all applicable and enumerated goal adjustments set forth in this instruction.

11.6.21. The HQ AFRC/RSO Superintendent is the final approving authority for all goal adjustments not otherwise covered by this instruction.

Chapter 12

Terms

Administrative Punishment—Actions typically imposed in the military by a commander or supervisor in a face-to-face setting with a member in his or her chain of command for minor infractions of rules, procedures, or other directives. They include oral and written counseling, admonitions, reprimands, and the like. They may or may not lead to the establishment of an Unfavorable Information File (UIF), usually based upon a separate decision of the commander or supervisor.

Adult/Alternative Diploma—Issued to a graduate of a public or private non- traditional school using alternative methods of instruction to complete graduation credit requirements based on state law (i.e., all alternative, accelerated, or high school completion programs to include the GED Test Option, where applicant earns a high school diploma for completing GED).

Adverse Adjudication (adult or juvenile)—A finding, decision, sentence, or judgment that was other than unconditionally dropped, dismissed, or acquitted. If the adjudicating authority places a condition or restraint that leads to dismissal or is dismissed after a certain period of time, drops the charges, acquits, or the records are later expunged, the adjudication is still adverse. Suspension of sentence, pardon, not processed, or dismissal after compliance with imposed conditions is also adverse adjudication. If a person is charged and convicted of violating any federal (including UCMJ offenses), state, or municipal law or ordinance, that conviction is considered an adverse adjudication.

Air Force Officer Qualifying Test (AFOQT)—A written test administered to applicants who are applying for certain commissioning programs. Test results are used for qualification and classification and it consists of five parts: Pilot, Navigator, Academic Aptitude, Verbal, and Quantitative.

Air Force Ready Reserve Stipend Program (AFRRSP)—A program in which selected health professionals may receive a monthly stipend while in training for agreeing to participate in the Air Force Reserve upon completion of training.

Air Reserve Components (ARC)—All units, organizations, and members of the Air National Guard of the United States and the Air Force Reserve. This item is not used to identify an Air Force component or organization. (Also known as the Air Reserve Forces).

Air Reserve Personnel Center (ARPC)—A MAJCOM direct reporting unit of HQ Air Force Reserve Command. Administers the personnel management and mobilization of individual Air Force reservists not assigned to units or on extended active duty. Maintains the master personnel records for all members of the Air Reserve Components who are not on extended active duty.

Air Reserve Technician (ART)—A civilian employee of the United States Air Force Reserve who provides permanent support to a USAFR unit and occupies a comparable Reserve unit manpower document (UMD) military position in the unit in which employed.

Alcohol Abuse—Alcohol use confirmed by competent medical authority that the individual is emotionally, mentally, or physically dependent on alcohol. NOTE: When not confirmed by medical authority, self-admitted alcohol use that leads to a person's misconduct or unacceptable behavior, to the impairment of work performance, physical or mental health, financial responsibility or personal relationships, must be reported during the medical examination for determination of alcohol abuse.

Armed Services Vocational Aptitude Battery (ASVAB)—A battery (or series) of 10 tests, administered to an enlisted program applicant. ASVAB results are used to qualify and classify applicants for enlistment and skill training. The ASVAB provides grades in five areas: Mechanical (M), Administrative (A), General (G), Electronic (E), and the Armed Forces Qualification Test (AFQT) score.

Basic Attributes Test (BAT)—A written test administered to applicants who are applying for rated officer training programs.

Central Managers—Are selected HQ RIO Detachments that have selection and hiring authority to manage their respective Individual Reserve Program. Central Managers include Chaplain, Judge Advocate, and Surgeon General (RIO Det 5), and AF Office of Special Investigations (AFOSI) (RIO Det 7). For accession purposes, Central Managers grant AFR recruiters the authority to access IMA applicants into the Central Manager's program (if otherwise qualified).

Conditional Release—An approval from a reserve component of the Armed Forces or USPHS releasing the individual from that particular branch of service for the purpose of enlisting or accepting a commission in another branch.

Conscientious Objector, Citizenship, Morals, Age, Prior Service, Physical Condition, Education, Dependent status, Drugs, Social Security Number (CCMAPPEDDS)—A recruiting acronym used as a tool, which identifies essential areas of an applicant's background that must be reviewed by the recruiter to determine initial eligibility before processing for the AFR. This acronym is used to prescreen all AFR applicants prior to any processing. Each area may have a direct bearing on the applicant's initial qualification for application. These areas are: Conscientious Objector, Citizenship, Moral conduct, Age, Prior service, Physical condition, Education, Dependent status, Drugs and SSN, and (as it applies, e.g. HP recruiting, etc.) Service credit.

Conscientious Objector—An individual who has, or ever had, a firm, fixed, and sincere objection to participation in war in any form or to the performance of military service because of religious or moral beliefs.

Conviction or Adverse Adjudication—For the purpose of determining accession eligibility, concern is with the conviction or final adjudication and not the actual charge.

Conviction—The act of finding a person guilty of a crime, offense, or other violation of the law by a court, judge, or other authorized adjudication authority (this includes fines and forfeiture of bond in lieu of trial).

Covered Graduates—Applies to a person who receives a diploma from a secondary school that is legally operating; or otherwise completes a program of secondary education in compliance with the education laws of the state in which the person resides.

Disposition—Final disposition for a given charge should reflect the date and specific charge against the person and exact sentence, fine, decision, or adjudication of the court, judge, or other authorized adjudication authority. "No Record" is not a disposition. If disposition is unavailable to the recruiter through normal procedures, the burden of proof falls on the applicant.

Documented Offenses—Offenses that are a matter of official record with entities such as police agencies, criminal courts, probation offices, and the National Crime Information Center (NCIC). Youth Offenders (YO) adjudications and sealed or expunged records are also a matter of official record and considered documented offenses, even though subsequent police, court, and probation office record checks may come back labeled "no record," "YO," "sealed record," or "expunged.

(**NOTE:** A family member, legally given up for permanent adoption, or legally emancipated is no longer categorized as a family member).

High School Certificate of Attendance, Completion or Special Education—An attendance-based high school certificate issued to students based on an Individualized Education Program (IEP) that involves community experiences, employment, training, daily living skills and post-school transition skills which differ from the traditional high school graduation requirements.

Home School Diploma—Issued to a graduate of a home school program in accordance with State requirements, administered by a parent, teacher/school district, or umbrella association.

The IRR is subdivided into four sections: the Obligated Reserve Section (ORS); the Ready Reinforcement Personnel Section (RRPS); the Non-obligated Nonparticipating Ready Reserve Section (NNRPS); mobilization filler resources in the Air Reserve Squadrons (ARS).

Judicial Military Justice Action—Exclusively refers to trial by court-martial (that is, a "summary court-martial", "special court-martial", or "general court-martial"). Although NPS enlistments are not MPF Controlled Accessions, MPFs are responsible for signing the AF Form 40A authorizing the IADT. Only a commander may impose punishment under Article 15 and then only after advising the alleged offender of specific rights, including the right to consult a lawyer and the right to decline punishment under Article 15 and demand a trial by court—martial. An acceptance of Article 15 processing by the alleged offender is not necessarily an admission of guilt (though the offender's response may admit the offense.) Acceptance by the alleged offender of Article 15 processing and/or the imposition of punishment by the commander does not constitute a "criminal conviction." Imposition of non-judicial punishment by the commander indicates that the commander concluded the member committed the offense.

Transcripts issued to students must be in an original sealed unopened envelope from the issuing institution, not maintained by the student

APPLICANT BRIEFING ITEM ON SEPARATION POLICY

A3.1. As military members, you occupy a unique position in society. You represent the military establishment. This special status brings with it the responsibility to uphold and maintain the dignity and high standards of the U.S. Armed Forces at all times and in all places. The Armed Forces must also be ready at all times for world-wide deployment. This fact carries with it the requirements for military units and their members to possess high standards of morale, good order and discipline, and cohesion. As a result, military laws, rules, customs and traditions include restrictions on your personal behavior that may be different from civilian life. Members of the Armed Forces may be involuntarily separated before their enlistment or term of service ends for various reasons established by law and military regulations. Some unacceptable conduct may be grounds for involuntary separation, such as:

A3.1.1. You establish a pattern of disciplinary infractions, discreditable involvement with civil or military authorities or you cause dissent, or disrupt or degrade the mission of your unit. This may also include conduct of any nature that would bring discredit on the Armed Forces in the view of the civilian community.

A3.1.2. Because of parental responsibilities, you are unable to perform your duties satisfactorily or you are unavailable for worldwide assignment or deployment.

A3.1.3. You fail to meet the Fit to Fight standards.

FINANCIAL HARDSHIP SEPARATION CHECKLIST

A7.1. Financial Hardships of Member.

A7.1.1. Ultimately, the decision to approve or disapprove an application for financial hardship separation is a subjective one. However, to the extent possible, objective considerations should be used as an aid in the decision process. In this manner, each application may be more fairly evaluated in the interest of the applicant and the Air Force Reserve. The following checklist has been developed as an aid in preparing and evaluating applications based on a claim of financial hardship. Not all items will be applicable in every case. Likewise, there will be instances when information, although applicable and important, is not provided.

DATE AND AGE COMPUTATIONS FOR PRIOR SERVICE (PS) ACCESSIONS

A9.1. Basic Rules for Date Computations:

A9.1.1. When converting months into days and days into months, consider each month as 30 days.

A9.1.2. When subtracting inclusive dates, add 1 day to the remainder. "Inclusive dates" means the first and last days count for credit.

A9.1.3. If a computed date is 30 February, record it as 1 March. If a computed service date is 29 February, record it as 29 February even if the year is not a leap year.

A9.1.4. In computing service between two dates, change the ending date to 30 if it is the last day of the month and it is other than 30. In a leap year, change 29 February to 30 February, but do not change 28 February. In other than a leap year, change 28 February to 30 February. The beginning date is never changed.

A9.1.5. When subtracting a date from a date, add 1 day back if the first and last day are counted. When subtracting time from a date, or adding time to a date, the computed date (answer) that you receive is correct without any additional adding of a day, that is, computing DOR, date entered DEP, etc.

Figure A9.1. Computation EXAMPLE:

3	**4**	**5**	**6**	**7**	**8**	**9**

A9.1.5.1. If the first date that counted was the 4th and the last date was the 8th, simple subtraction would show 8-4=4. But, if you count the actual days, to include the 4th and the 8th, you will find that this inclusive period covers 5 days. In doing the calculation 8- 4=4, you would have to add 1 day back to the result (8-4=4+1=5).

A9.1.5.2. If source documents show that an individual spent 3 days in the DEP and entered active duty on the 8th, to determine the date the individual entered the DEP, subtract the date entered the DEP from the date entered active duty (8-3=5). The 5th would be the date entered DEP (Count back 3 days but do not count the 8th, since it is the first day of active duty).

A9.2. Age Computations:

A9.2.1. This example shows how to compute current age, one of the initial steps in determining prior service eligibility. Subtract the current or converted date from the prospects date of birth.

Figure A9.2. Computation EXAMPLE:

Current Date:	95 04 18
Converted Date: (see **paragraph A9.2.3.**)	94 16 18
Minus Date of Birth:	49 05 05
Equals Current Age:	45 11 13

A9.2.2. The following example shows how to compute age for prior service eligibility by subtracting total active federal military service (TAFMS) and total satisfactory reserve service from current age (age at time of enlistment). Use the bottom entry from AF Form 526 or Statement of Service to acquire service time. These documents will reflect satisfactory service years. See **Attachment 1** for the definition of "satisfactory service." NOTE: IRR nonparticipation does not count as satisfactory reserve service. ***Computation EXAMPLE:***

A9.2.3. To perform subtractions, it may be necessary to convert 1 year to 12 months and 1 month to 30 days. That is, 2 years, 13 months, and 34 days converts to 3 years, 2 months, and 04 days.

A9.2.4. Satisfactory reserve service only accrues in 1 year increments. Months and days do not count for satisfactory service.

Notes: Prior Service Applicant Eligibility (Rule 8 applies to all)

1.For individuals with an RE Code reflecting separation under a force management program (codes including 3K, 3S and 3V), a master records purge is required to determine if the individual has derogatory information on file. Derogatory information (LOR or higher) requires a waiver. The records purge must be dated within 180 days of the date of any waiver submission.

2. All necessary documentation and required signatures for an assignment waiver are assembled and filed according to AFI 36-2110, *Total Force Assignments*. Do not use the Waiver Process form. Other conditions could result in the restriction of assignments from the IRR. Refer to AFI 36-2110 for Assignment Limitation Codes (ALC) and Assignment Availability Codes (AAC) that are restrictive in nature. Individuals having a current source document showing this RE Code must have their body fat checked and documented. The applicant's current weight is not a qualifying factor in this case. If the individual is within body fat standards, assignment processing may proceed. If not, no further processing may take place. To continue processing, have the gaining unit commander or designated representative (RIO/CC for IMA gains) endorse this statement (which is placed on the AF Form 1288): "I am aware of the member's prior reassignment for failure to maintain weight standards and certify that he or she is currently within body fat standards.

3. Other conditions could result in the restriction of assignments from the IRR. Refer to AFI 36- 2110 for Assignment Limitation Codes or Assignment Availability Codes that are restrictive in nature.

4. AFRC/CC has the final approval/disapproval authority to assign retired personnel per United States Code (U.S.C.) Title 10, Chapter 1005, Section 10145 and exemption signed by SecAF, placement in the Ready Reserve. Retired enlisted personnel will be

approved/disapproved by the AFRC/CC. There is no waiver for AFRC/CC disapproved applications.

5. For Unit programs, process application through the gaining MPF to the gaining Wing/CC. Recruiters must maintain a complete copy of the application prior to submission to the MPF. The MPF will forward the application to the appropriate NAF/DPMF, ARPC/DPAA, AFRC/CV or AFRC/CC.

NOTES: (Note 1 applies to all)

1. Recruiters must directly question applicants concerning any changes, or expected changes in family status (that is, pregnancy of wife or female companion, pending divorce, voluntary or legal separation, etc.). Any change or expected change that renders or could render the applicant ineligible at a later date is disqualifying and may require an approved enlistment waiver/review before the applicant is eligible to enter the AFR.

2. Two separate disqualification issues may apply if applicant has two or more family members incapable of self-care. A basic family care waiver which uses **Attachment 20**, Rule 12, and a disqualification for financial reasons due to family care responsibilities (E-3 or below with 2 or more family members) which uses **Attachment 20**, Rule 13. If an applicant falls into both categories, process one waiver for approval. The waiver/review code is BBA.

3. If a court order is issued due to legal separation proceedings, this order is temporary in nature and in no way constitutes a final decree, also rendering the applicant ineligible. If the separation is involuntary due to employment or attendance at school, the applicant must obtain a notarized statement from the spouse stating reason for separation. The applicant is considered "married" in this case. Include the notarized statement with the appropriate family care waiver.

4. This rule applies if family member status was not a factor in their separation. If they separated or were separated due to a situation involving a family member, family care or pregnancy, then a waiver is required. Contact HQ AFRC/RSOO for specific requirements.

5. Military married to military require a family care determination regardless of rank (enlisted only) when one or more family members are incapable of self-care.

Notes: Applicant Eligibility -- Drug and Alcohol Use (cont.)

1. Non-experimental marijuana use must be identified to competent medical authority for example, to the MEPS CMO or the unit CMO on the appropriate medical prescreening form, etc., for an evaluation to determine the applicant's eligibility. The appropriate CMO or competent medical authority makes the final determination of an applicants' use of marijuana as being experimental or non-experimental. Applicants are eligible if they are certified medically qualified for accession by competent medical authority (that is, the MEPS CMO or unit CMO, etc.). If the medical authority determines the applicant is psychologically dependent on or a chronic user of marijuana, Rule 8 applies. The recruiter must obtain documentation from this authority verifying the applicant's eligibility and include it in the case file. NOTE: Non-experimental marijuana use does not have to be identified to competent medical authority for PS individuals if:

1.1. All non-experimental use was previously revealed to an authorized medical authority. That authority determined the individual was eligible to enlist.

1.2. The individual had subsequent military service.

2. Individuals who have a record of, or admit to, inhalant usage must be identified to an authorized medical authority for an evaluation to determine their eligibility. Applicants are eligible if they are certified medically qualified for accession by an authorized medical authority that is, the MEPS CMO or unit CMO, etc. The recruiter must obtain documentation from this authority verifying the applicant's eligibility and include it in the case file. NOTE: Inhalant usage does not have to be identified to medical authority for PS individuals if:

2.1. All inhalant usage was previously revealed to competent medical authority and

2.2. That authority determined the individual was eligible to enlist and

2.3. The individual had subsequent military service

3. Individuals who have a record of, or admit to, alcohol abuse or dependency must be identified to an authorized medical authority for an evaluation of their alcohol dependency to determine their eligibility. Applicants are eligible if they are certified medically qualified for accession by an authorized medical authority that is MEPS CMO or Unit CMO, etc.

4. Applicants in this category may be denied classification in certain skills see the Air Force Officer Classification Directory (AFOCD) and Air Force Enlisted Classification Directory (AFECD).

5. Submit waivers to this rule as conduct waivers.

6. If member is a PS AF who has signed an AF Form 2030 then no waiver is authorized per AFMAN 36-2032.

7. If CMO deems member qualified "drug problem not habitual" waiver is authorized.

Transcripts must be translated into English (when required). These evaluations may be obtained (at the applicant's own expense) through a state department of education, college or university listed in the AIPE guide or from an independent evaluation service that is a member of the National Association of Credential Evaluation Services, Inc. (NACES). A list of independent evaluation services is listed on the NACES website (link in the current HQ AFRCRS approved lead management system). To be valid, the evaluation must rank the applicant's educational level (high school diploma graduate or higher).

6. Applicants possessing a certificate of proficiency issued by the California State Board of Education are considered equivalent to state GED holders. A completed GEDTS Form 30 is acceptable when accompanied by a letter of intent to issue a GED certificate, or when authorized by the applicant's state or jurisdiction in lieu of a "letter of intent." 7. Applicants who are not high school graduates that obtain subsequent education in an accredited college or university are still classified as non-high school graduates until they present proper documentation showing satisfactory completion of 15 or more semester hours or 22.5 or more quarter hours of post-secondary credit. For classification purposes, they are considered aliens. See the DD Form 1966 instructions for the special statement that must be entered in the remarks block of the DD Form 1966. A letter or other document from the tribal chief, council, or other reservation official will be used to verify the Canadian born American Indians' age, name and place of birth.

12. This letter must be accompanied by a list of completed coursework.

13. If the document does not have the full SS# then you can use two of the following to verify the SSN: Internal Revenue Service (IRS) Form W-2, Employment pay stub or statement, Local /State /Federal student ID, Official school transcript containing the SSN. Table A20.5. WAIVER AND REVIEW REQUIREMENTS – ENLISTMENT WAIVERS (CONT.)

RULE	If The Applicant Requests A Waiver Or Review Of	Physical Exam Prior To Waiver	Documents Required Are	Forward Through	Final Approval Authority Is	See Notes

Provide as much information as possible to make the determination	Flight Chief	AFRCRS/ RSOO	13

Notes: 1. If RE or SPD code reflects a medical condition, submit a waiver using Rule 15. If RE or SPD code reflects separation under the weight management program, submit a waiver using this rule and include a height and weight/BFM statement. Separation under the weight management program is an administrative discharge, not a medical discharge. If RE or SPD reflects hardship based on family care an enlistment waiver may be required and processed prior to submission of the RE/SPD code waiver.

2. The authority shown is recruiting point of contact. The actual final approval authority is the appropriate Air Force Career Field Manager for the requested AFS.

3. When the final authority is the Wing/CC, this refers to the gaining Wing/CC (unit enlistment) or RIO/CC (IR enlistment) and recommendation is required.

4. Waivers of medical standards must include duty title of the AFSC.

5. The Waiver Summary is prepared at the Flight Office for all waivers/reviews for which a commander is the approval authority.

6. ANG has the authority to discharge members (for unsatisfactory participation – giving them a general discharge) from their state enlistment and assign them to the IRR under their remaining federal obligations. Other guard and reserve components have also exercised this action. These are the only circumstances under AFR accession standards where a general discharge may be waived. If the individual holds AFR IRR status see Rule 22.

7. Applicants are ineligible for processing or enlistment if their I-551 has an expiration date within two years of enlistment date. Applicants must have more than 24 months of retainability on their citizenship verification documents. This waiver pertains to all individuals who have an I-551.

Notes: Waiver and Review Requirements – Enlistment Waivers (cont.)

8. Waiver to remove weight management code that is a bar to assignment will include only the following documents: Current height and weight statement, BFM and AF Form 1288 with Wing/CC's endorsement.

9. Individuals who were assigned to the IRR with a code for pregnancy require a waiver to remove the code. Provide only the following documents: Statement of uncomplicated pregnancy, approval for worldwide duty and current height and weight statement.

10. Classification Waivers should focus on the justification for bringing quality personnel into the units and not solely on ASVAB scores. Thus, aerial port commanders or designated representatives must interface with the recruiters and become proactive in their screening process to ensure personnel who do not meet the current mechanical score, can fit into their organizations without creating undue training deficiencies. Unit commanders must interview potential candidates and initiate the waiver request if appropriate. They should provide comments why an individual who does not meet the required composite score would be a solid candidate for waiver consideration into the aerial port career field. Include supporting documentation i.e., education, civilian employment, and other experience, as appropriate.

11. Accession source commanders (Wing/CC for unit and RIO/CC for IR) have waiver authority for those enlisted and officer recruits who admit to experimental use after signing the AF Form 2030 and before entry into an enlistment or commission program. Waiver authority is only for experimental marijuana use.

12. When submitting DD Form 2808, HIV and DAT results must be posted. Do not submit working copy of physicals.

13. A Credit Report or Security clearance verification (JPAS) is required for all waivers except medical. The report must be less than 60 days old.
