MAJCOMs/FLDCOMs/FOAs/DRUs

SUBJECT: Department of the Air Force Guidance Memorandum to DAFI 36-2903, Dress and Personal Appearance of Department of the Air Force Personnel

By Order of the Secretary of the Air Force, this Guidance Memorandum immediately implements changes to DAFI 36-2903*, Dress and Personnel Appearance of Department of the Air Force Personnel*. Compliance with this memorandum is mandatory. To the extent its directions are inconsistent with other publications, the information herein prevails, in accordance with Department of the Air Force Instruction (DAFI) 90-160, *Publications and Forms Management*.

This guidance is applicable to Regular Air Force, Air Force Reserve and Air National Guard personnel only. Other standards contained in DAFI 36-2903 continue to apply as outlined in the opening paragraph. The guidance reissues and changes instruction from DAFI 36-2903-DAFGM 2025-01, DAFGM 2025-02, and DAFGM 2025-03, as follows: 1) permits the wear of colored T-Shirts on Fridays with utility uniforms when authorized by the unit commander and 2) authorizes call signs for daily wear on flight duty and desert flight duty uniform nametags. This guidance incorporates instruction from DAFGM 2025-03 which 1) changed combat boot height requirement to 6-12 inches, 2) provided Airmen until 30 September 2026 to comply with new boot height requirement, 3) specified the date by which officers must obtain a full set of an OCP uniform to 9 October 2025, 4) changed shaving profile authority to unit commanders, 5) updated sideburns policy to reflect above the ear opening, and 6) updated mustache policy to prohibit mustaches beyond the corners of the mouth or into a respirator seal zone. Additionally, it incorporates instruction from DAFGM 2025-02 which 1) added the requirement for officers to maintain one complete set of an OCP uniform, 2) removed authorization for wear of eyelash extensions unless for medical reasons, 3) clarified folding of OCP shirt sleeves, 4) replaced the term "gender" with "sex" as (applicable) and removed all references to transgender. It further incorporates guidance from DAFGM 2025-01 which 1) removed the authorization to wear duty identifier patches, 2) changed authorized nail polish to be clear or French or American Manicure only, 3) clarified that male Airmen must be clean-shaven at the start of the duty day unless they have a current medical profile or religious accommodation, 4) clarified male hair will not touch the ears and 5) added the definition of a "gig line".

Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule which is located in the Air Force Records Information Management System.

This memorandum becomes void after one year has elapsed from the date of this memorandum, or upon publication of an interim change (IC) or rewrite of the affected publication, whichever is earlier**.**

Guidance Changes to DAFI 36-2903

Basic Philosophy

(Changed) 1.1.2. Pride in an Airman's personal appearance and uniform wear greatly enhances the discipline essential to an effective military force. Therefore, Airmen must maintain a high standard of dress and personal appearance through adherence to the five elements of this standard: neatness, cleanliness, safety, uniformity, and military image. The first four are absolute, objective criteria needed for the efficiency and well-being of the Air Force; the fifth, military image, is subjective, but still necessary. Appearance in uniform exemplifies one's military image. The American public and its elected representatives draw certain conclusions on military effectiveness based on the image Airmen present. The image of a disciplined and committed Airman instills public confidence that Airmen live by a common standard and respond to military order and discipline. Every Airman has a responsibility to maintain a professional military image as identified in this DAFI.

Acquiring Uniforms Items

1.5.1. Officer Personnel. Procure and maintain all items necessary to meet standards of dress for assigned duties and mission requirements. All Air Force officers, regardless of AFSC or career field, are required to maintain at least one complete set of an operational camouflage pattern (OCP) uniform, as referenced in Chapter 5 of this instruction. **Note:** Officers had until 9 October 2025 to comply with obtaining the OCP uniform.

Grooming and Appearance Standards

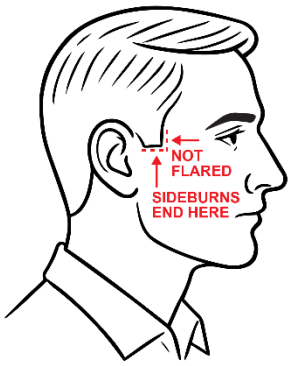

(Changed) **3.1. Personal Grooming Standards.** This chapter outlines personal grooming standards while wearing any Air Force uniform or civilian clothing in an official capacity. Commanders' discretion will be used to determine if an individual's personal grooming is within standards of this instruction. The personal grooming standards listed are minimum standards that represent common appearance issues and are not all-inclusive. The Air Force defines what is and what is not an acceptable, professional military image for Airmen. Except for minor variations based on differences in sex, all Air Force personnel must comply with the same personal grooming standards. Supervisors have the responsibility to determine

compliance with this DAFI and to correct obvious violations regardless of whether the situation identified is clearly defined in this DAFI.

(Changed) 3.1.2. Hair **(Male)**. Tapered appearance on both sides and the back of the head, both with and without headgear so that when viewed from any angle the member's hair conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twists, or spiking. A block-cut is permitted with tapered appearance. Hair will not exceed 2 ½ inches in bulk, regardless of length and 1/4-inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck to touch the collar (see **Figure 3.3**.). Hair will not touch the ears or protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flattop cuts are authorized. Airmen may have one (cut, clipped, or shaved) front to back, straight-line part, not slanted or curved, on either side of their head, above the temple. Part will not exceed 4-inches length or 1/4-inch width (See **Figure 3.5**.). See **Figure 3.4** for examples of appropriate sideburns, mustache, and male hair standards.

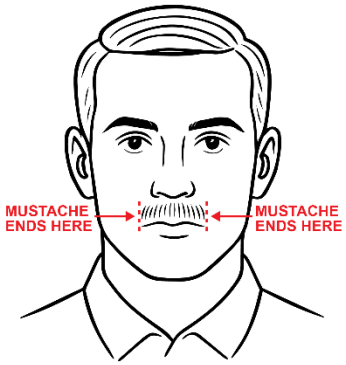

(Changed) 3.1.2.1. Sideburns. If worn, sideburns will be straight and even width (not flared) and will be above the ear opening. Sideburns will end in a clean-shaven horizontal line. See **Figure 3.4.**

(Changed) **Figure 3.4. Male Hair Standards Examples.**

(Changed) 3.1.2.2. Mustaches. Male members may wear mustaches. No portion of the mustache shall extend below the upper lip line, and it must not go beyond the corners of the mouth or into a respirator seal zone. Mustaches must be neatly trimmed and should match the natural hair color of the Airman's head. Handlebar styles, twists, curls, and goatees are strictly prohibited. See **Figure 3.6.**

(Changed) **Figure 3.6. Mustache.**

(Changed) 3.1.2.3. Beards. At the start of each duty day, male Airmen must be clean-shaven. Beards are not authorized unless for medical reasons, when recommended by a medical official and approved by the unit commander, or as authorized pursuant to a request for a religious accommodation. When authorized for medical reasons, members will keep all facial hair trimmed to the same length and it may not exceed 1/4-inch in length. Individuals granted a shaving profile may shave or trim their facial hair to present a neat, clean, professional military image (**Figure 3.7**). Members may not overly shave, shape, or taper beard to achieve different styles of beard (e.g., goatees, faded beards, etc. are not authorized). Beards must present a natural appearance to the Airman's hair color of the head. Beards are not authorized to be bleached or dyed. Beard wear authorized for religious reasons is governed by **Chapter 11** of this instruction.

(Changed) 3.1.4. Fingernails. Fingernails must not exceed 1/4-inch in length beyond the tip of the finger and must be clean and well groomed. Fingernails must not interfere with the performance of assigned duties or hinder proper fit of prescribed safety equipment or uniform items. Male Airmen are not authorized to wear nail polish. If worn by females, nail polish will be clear or French or American Manicure. French manicures include white tips with a base of clear and American manicures include ivory white or cream tips with a base of clear. Ombre manicure style is not authorized. Do not apply designs to nails.

(Changed) **Figure 3.14. DELETED**

(Changed) 3.1.5. Cosmetics. Male Airmen are not authorized to wear cosmetics. Female Airmen may wear conservatively styled cosmetics. Lipstick, if worn by female Airmen, will be a conservative shade that does not detract from the uniform. Eyeliner, if worn by female Airmen, cannot extend past the corners of eye opening (i.e., winged liner not authorized). Cosmetics will not be worn during field conditions. Eyelash extensions are not authorized unless for medical reasons and documented on an Air Force Form 469, *Duty Limiting Condition Report.* If medical authorization is obtained from a military medical treatment facility provider and documented on an Air Force Form 469, eyelash extensions will be Airman's natural eyelash color and will not exceed 12mm in length.

(Changed) **Figure 3.15. DELETED**

(Changed) 3.2.1. Unauthorized content/locations. Tattoos/brands/body markings will not be on the head, face, tongue, lips, eyes, and scalp. Tattoos/brands/body markings anywhere on the body that are obscene, commonly associated with gangs, extremist, and/or supremacist organizations, or that advocate sexual, racial, ethnic, or religious discrimination are prohibited in and out of uniform. Indecent tattoos/brands/body markings are grossly offensive to modesty, decency, or propriety, or shocks the moral sense, because of its vulgar, filthy, or disgusting nature, or its tendency to incite lustful thought. It is indecent if it tends reasonably to corrupt morals or incite libidinous thoughts. It must not violate community standards. Commanders should contact their servicing Air Force Office of Special Investigations (AFOSI) unit for additional information on potential identification of gang/hate group, tattoos/brands/body markings. Extremist tattoos/brands/body markings are those affiliated with, depicting, or symbolizing extremist philosophies, organizations, or activities. Sexually discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on sex. Racially discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on race, ethnicity, or national origin. Religiously discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on religion. Tattoos/brands/body markings with unauthorized content that are prejudicial to good order and discipline, or the content is of a nature that tends to bring discredit upon the DAF are prohibited both in and out of uniform. Airmen and Guardians may not cover up tattoos, brands, and/or body markings with bandages or make-up in order to comply with unauthorized content tattoo policy.

Service Dress Uniform (Class A and B – Male and Female)

(Changed) 4.5.1. The service dress uniform is worn as Class A and the service blue uniform as Class B. The Class A uniform is worn with the service dress coat. The Class B uniform is worn without the service dress coat. Gig Line will be straight and neat.

Operational Camouflage Pattern Uniform

(Changed) **5.1. The Operational Camouflage Pattern (OCP), Male and Female.** The OCP may be worn off base for short convenience stops and when eating at restaurants where people wear comparable civilian attire. Do not wear OCPs off base to eat in restaurants where most diners wear business attire or at establishments that operate primarily to serve alcohol. Do not starch or hot press the OCP; Light ironing is authorized; however, repeated hot pressing or heavy ironing will accelerate the overall wear of the fabric. OCPs purchased by Air Force personnel through the Army Air Force Exchange Service (AAFES) Military Clothing Sales Stores (MCSS), or issued through Individual Equipment Elements or contract equivalent, are certified as fully compliant with all specifications. No other suppliers are approved for organizational/unit purchases, or any appropriated, or overseas contingency operation funds expenditures. If personnel choose to use personal funds to purchase from non-AAFES suppliers, the Air Force is not responsible if the uniform is not fully compliant. The non-fire-retardant and improved hot weather combat OCP uniforms are the only OCP uniforms authorized to be worn by all Airmen. (**Exception**: Airmen in jobs that have occupational safety and health administration (OSHA) requirements for wear of the

100% cotton fire-retardant OCP (e.g., deployed members operating in outside the wire mission sets) will be authorized to wear this distinctive uniform/equipment item.) Additionally, firefighters and explosive ordnance disposal (EOD) personnel are authorized to wear the two-piece flight duty uniform and their uniform will be worn in the same configuration and manner as instructed in **paragraph 9.12** within this instruction. (**Exception**: The firefighter badge will be worn in-lieu of the higher headquarters patch on the left sleeve.) All Air Force officers, regardless of AFSC or career field, are required to maintain at least one complete set of an operational camouflage pattern uniform, as referenced in **paragraph 1.5.1** of this instruction. **Note:** Officers had until 9 October 2025 to comply with obtaining the OCP uniform.

(Changed) 5.1.1. OCP Coat (Shirt). The coat is worn outside the trousers. **Note:** Commanders may authorize the coat to be tucked in for duty (e.g., Security Forces Airmen) if necessary. The coat will not extend below the top of the cargo pocket on the trousers and will not be higher than the bottom of the opening of the side (hip) pocket on the trousers. Airmen may roll up sleeves on the OCP coat; however, the cuffs will remain visible, and the sleeve will rest at, or within 1-inch of, the forearm when the arm is bent at a 90-degree angle. When sleeves are not rolled up, cuffs may remain visible or be folded inward up to twice. Commanders may prohibit rolling of sleeves and folding of cuffs. Patches or badges will not be affixed to the front pockets. Alterations that affect the functionality of the uniform are not authorized, (e.g., sewing down collars, or pockets). The OCP coat may be removed in the immediate work area as determined appropriate by local leadership, however, the OCP coat will be worn while interacting with customers or clients.

(Changed) 5.1.6. Patches. Patches will not extend past the boundary of the Velcro®. Airmen will comply with the shoulder patch placement configuration found in **paragraphs 5.1.6.1.1** through **5.1.6.1.2** and **paragraphs 5.1.6.2** through **5.1.6.2.4** of this instruction. Airmen assigned, attached, detailed, or activated in support of sister service units or joint organizations may wear the sister service's or joint organization's organizational badges/patches in accordance with their respective wear instructions. Sister service and joint organization badges/patches can be worn in their current color configuration and will not be converted to the spice brown color criteria. Additionally, Airmen assigned to Department of Air Force organizations that support both Air and Space Force are permitted to wear both Air Force spice brown and Space Force full color organization patches. Award criteria for other Services' qualification badges will be in accordance with awarding Service's directives. Temporary qualification badges are not authorized for wear on the uniform. **Note:** The Airborne tab is a temporary tab and is only authorized to be worn while assigned to an organization that prescribes wear as part of the organizations shoulder sleeve insignia. This instruction will take precedence if joint or sister service wear instructions will cause a conflict in Air Force patch configuration guidance (i.e., changes the location of the U.S. flag patch, switches a patch designated as a "left sleeve" patch to the right sleeve, etc.).

(Changed) 5.1.6.2.3. Duty/Qualification Tabs. Wear a spice brown subdued cloth tab centered at the top of the Velcro® area.

(Changed) Table 5.1. Authorized Duty/Qualification Tabs (Left Sleeve).

(Changed) 5.1.7. T-Shirt. T-Shirt will be Coyote Brown (Tan 499) and tucked into OCP trousers. Additionally, when authorized by the unit commander, USAF members may wear colored T-shirts on Fridays with utility uniforms, provided the member is not deployed, participating in an exercise, or assigned to a joint or Space Force unit. The color must reflect the authorized heraldry and heritage colors of the member's assigned unit. Commanders may authorize members of supporting units to wear the same-colored T-shirts. For example, maintainers and flight surgeons may wear the same T-shirts as the flying unit they support. Wing commanders will maintain a list of approved colors for wear within their wing. Wing or squadron commanders may approve display of organizational emblems, as officially and currently approved, not to exceed 5-inches in diameter, in cloth or silk screen on morale undershirts. If displayed, organizational emblems will be worn on the left side of chest of the Friday morale T-Shirt. The morale T-Shirt may also display the organizational emblem on the back of the undershirt in a larger diameter as authorized by commanders.

Footwear

(Changed) 7.4.2.1. Coyote Brown Combat Boots. Wear Coyote Brown combat boots only with the OCP. Athletic shoes may be worn if medically necessary, as determined by competent medical authorities at a civilian or military treatment facility and approved by the commander. **Exception:** Commanders may authorize wear of black combat boots in some situations. See **paragraph 7.4.2.3**. Boots must be between 6-12 inches in height (measured from the bottom of the heel tread to the top of the back of the boot) and soling material will not exceed 2 inches in height. **Note:** Airmen have until 30 September 2026 to comply with new boot height standard. Airmen may wear taps on their boots to preserve the heels as long as the taps do not change the intended appearance of the boots. Boots will be laced up with plain rounded toe or rounded capped toe with or without a perforated seam. Laces will either be tied and tucked in the boot or tied and wrapped around the boot. A zipper or elastic inserts may be worn; however, if worn, they will be without design. Boots can be either with or without a safety toe. Logos will be the same color as the boot. Designs are not authorized.

Authorized duty/qualification tabs are listed in Table 5.1 (**Note:** Only tabs listed in Table 5.1 are authorized. The tactical call sign patch should only be worn for tactical (radio) call signs assigned/ordered by the unit commander. When not required for operations or training, the Tactical Call Sign patch should not be worn.

(Changed) 9.12.2.9.2.2. The HHQ patch is mandatory and will use the spice brown color criteria (cloth) centered under the functional badges or duty/qualification tabs if worn, or under the top of Velcro® area reserved for functional badges or tabs. (Changed) 9.12.2.11.2. GLINT US Flags and Special Warfare Airman Tactical Call Sign patches may be worn in place of cloth patches in the deployed environment in accordance with mission or theater directives.

Flight Clothing Accoutrements

(Changed) 9.4.3.2. Nametags with call signs are authorized for daily wear on flight duty and desert flight duty uniform nametags. Officer nametags may incorporate the member's call sign or first name followed by last name. Enlisted personnel will incorporate rank, followed by the member's call sign and last name (Example: 'MSgt "Bat" Masterson').
Commanders will ensure that nametags are in good taste and reflect proper military order, discipline, morale, and professional image. When worn, patches must be consistent in color to patch configuration worn.

(Changed) 12.8. Duty/Qualification Tabs

(Changed) 12.8.1. MAJCOMS and/or Functional communities may request the creation of a new tab. New tab requests should follow guidance as outlined in **paragraph 12.7.3.1** through **12.7.3.4**. **Note:** Duty/qualification tabs differ from patches; a tab's design includes a small arch e.g., "AIR ADVISOR", "RAVEN" signifying a special, unique qualification and/or training.

(Changed) 12.8.3. DELETED

(Changed) 12.8.5. Functional communities proposing new tab development, or changes to their existing tab will fund all costs associated with proposed design and development. Organizations submit a DD Form 448, *Military Interdepartmental Purchase Request*, to the Institute of Heraldry for the amount required for initial development.

Chapter 1

GENERAL INFORMATION

1.1. Basic Philosophy.

1.1.1. The Air Force philosophy is that the uniform will be plain, distinctive, and standardized. This standardization includes a minimum and maximum number of authorized badges, insignia, and devices. Dress and personal appearance standards that are not listed as authorized in the publication are unauthorized.

1.1.2. Pride in an Airman's personal appearance and uniform wear greatly enhances the esprit-de-corps essential to an effective military force. Therefore, Airmen must maintain a high standard of dress and personal appearance through adherence to the five elements of this standard: neatness, cleanliness, safety, uniformity, and military image. The first four are absolute, objective criteria needed for the efficiency and well-being of the Air Force; the fifth, military image, is subjective, but still necessary. Appearance in uniform exemplifies one's military image. The American public and its elected representatives draw certain conclusions on military effectiveness based on the image Airmen present. The image of a disciplined and committed Airman instills public confidence that Airmen live by a common standard and respond to military order and discipline. Every Airman has a responsibility to maintain a professional military image as identified in this DAFI, as well as the right, within limits, to express individuality through his or her appearance without lessening the standards.

1.1.3. Members have a responsibility to keep their uniform clean, pressed (see instructions for Operational Camouflage Pattern (OCP) Uniforms) and in good repair. Members are responsible for knowing authorized uniform combinations and correct placement of ribbons, insignia, badges, and other uniform items.

1.1.4. Commanders do not have the authority to waive grooming and appearance standards except as identified within this instruction.

1.1.5. It is every Airman's responsibility, regardless of position or rank, to respectfully enforce the standards prescribed in this instruction.

1.2. When to Wear the Air Force Uniform.

1.2.1. Except when authorized to wear civilian clothes, Airmen will wear the appropriate Air Force uniform while performing military duties. Name tapes/tags will reflect the member's legal last name as spelled on the military identification card and may include diacritical accents and hyphens. If a diacritical accent is used, all letters should be the same height (e.g., PEÑA SANCHEZ, LEWIS-MILES, or MÜLLER).

1.2.2. Airmen assigned to non-Air Force organizations will wear the Air Force equivalent of the order of dress prescribed. For example, if the non-Air Force organization prescribes a utility uniform as the uniform of the day, assigned Airmen will wear the OCP uniform.

1.2.3. Airmen attending a military event, either social or official, must wear the appropriate uniform or civilian attire as requested by the host/hostess or directed by the commander.

1.2.4. Commanders will not direct the wear of optional items unless they are provided at no cost to Airmen. Commanders will not prohibit the wear of optional items, except when uniformity is required as identified in **paragraph 2.14.5** of this instruction.

1.2.5. While portraying a member of the Air Force, an actor in a theatrical or motion-picture production may wear the uniform of the Air Force if the portrayal does not tend to discredit the Armed Forces. Refer to Title 10 USC Section 772, *When wearing by persons not on active duty authorized.*

1.2.6. While attending a course of military instruction conducted by the Army, Navy, Air Force, Space Force, or Marine Corps, a civilian, in accordance with Title 10 USC Section 772 (h), may wear the Air Force uniform equivalent to the uniform prescribed by that armed force if the wear of such uniform is authorized by the Air Education and Training Command Commander or sister service equivalent. If worn, civilians will conform to the same standards of appearance, practices, and conduct in uniform prescribed for active members.

1.2.7. An instructor or member of the organized cadet corps of a university or college, a public high school, or an educational institution having a regular course of military instruction in military science and tactics from a member of the Air Force may prescribe wear of an Air Force uniform if it includes distinctive insignia prescribed by the Secretary of the Air Force (SecAF) to distinguish it from the uniform worn by Regular Air Force (RegAF), Air National Guard (ANG), and Air Force Reserve (AFR) Airmen. The uniform prescribed will not include insignia of rank the same as, or similar to, those prescribed for officers in the Army, Navy, Air Force, or Marine Corps.

1.2.8. Frocking. Officers may wear the rank insignia of the next higher rank if frocked to that rank. Refer to Title 10 United States Code Section 777 for details on being frocked to the next higher rank. For ANG State Adjutant Generals, see **paragraph 14.2.5**. Chief Master Sergeant selects may wear rank insignia of the higher grade if frocked" to that rank. Refer to DAFI 36-2502, *Enlisted Airman Promotion and Demotion Programs* for details on frocking Chief Master Sergeants. All other Airmen in a "Title 10" status will wear their federally recognized rank at all times.

1.2.9. Authorized headgear will be worn while outdoors unless in an area designated as a "no hat" area by the Installation Commander. Headgear should also be worn indoors by armed Security Forces personnel or others bearing arms while performing duties. **Note**: All DAF Child and Youth Program facilities to include Child Development Centers, School Age Care facilities and Youth Development Center areas are designated as "no-hat, no-salute" areas. Reference AFI 34-1201, Protocol regarding customs and courtesies, when a salute is or is not required.

1.3. Optional Wear of the Air Force Uniform.

1.3.1. During Travel. When traveling in an official or unofficial capacity on commercial air, in Continental United States (to include Alaska and Hawaii), the service dress uniform (Class A), blues uniform (Class B), and OCP uniform may be worn, as appropriate. Wear of the flight duty uniform is not authorized.

1.3.1.1. When traveling in an official capacity on commercial air overseas, Airmen should first consult the Department of Defense Foreign Clearance Guide before traveling in uniform.

1.3.1.2. If departing from and arriving at a military airfield via government aircraft or contracted United States government commercial flights, any authorized combination of the uniform is appropriate.

1.3.1.3. Those choosing to wear civilian clothing in lieu of a uniform during official travel will ensure it is neat, clean, and appropriate for the mode of travel and destination. Examples of inappropriate clothing include ripped, torn, frayed, or patched clothing, tank tops, extremely short shorts/skirts, undergarments worn as outer garments, bathing suits, and any garments which are revealing or contain obscene, profane, or lewd words or drawings.

1.3.2. Any uniform is authorized while attending off duty education conducted off a military installation.

1.4. When NOT to Wear the Air Force Uniform.

1.4.1. At a meeting of, or sponsored by, an organization, association, movement, or group that:

1.4.1.1. The Attorney General of the United States has named as totalitarian, fascist, communist or subversive.

1.4.1.2. Advocates for or approves acts of force or violence to deny others their rights under the Constitution of the United States.

1.4.1.3. Seeks to change the United States Government by unconstitutional means.

1.4.2. Except when authorized by the AF/A1, when participating in activities such as unofficial public speeches, interviews, picket lines, marches, rallies, or any public demonstration which may imply Air Force sanction of the cause for which the demonstration or activity is conducted.

1.4.3. At any public meeting, demonstration, march, rally, or interview if the purpose may be to advocate, express or approve opposition to the Armed Forces of the United States.

1.4.4. When it would discredit the Armed Forces.

1.4.5. When discharged for bad conduct, undesirability, unsuitability, inaptitude, or other than honorably, Airmen will not wear the Air Force uniform upon discharge.

1.4.6. While furthering political activities, private employment, or commercial interest**.**

1.4.7. While working in an off-duty, civilian capacity.

1.4.8. While participating in civilian court proceedings when the conviction would bring discredit to the Air Force.

1.4.9. While in civilian attire. Unless prescribed in this instruction, do not combine civilian and military clothing or unique uniform items e.g., rank insignia, cap devices, badges, and other United States or Air Force insignia, devices, buttons, etc. ***Exception:*** Tie tacks and lapel pins are authorized when wearing business attire.

1.4.10. When wearing combinations of uniform items not specifically prescribed in this Department of the Air Force instruction.

1.4.11. When uniform items do not meet Department of the Air Force (DAF) specifications.

1.4.12. Do not wear the OCP or the Flight Duty Uniform when eating at off base eating where most diners wear business attire or at establishments that operate primarily to serve alcohol.

1.4.13. DAF personnel may not wear their military uniforms when using frequent flyer miles to upgrade to business or first class, even when an upgrade is legitimate.

1.5. Acquiring Uniform Items. Purchase clothing items from the Army and Air Force Exchange Service (AAFES) Military Clothing Sales Stores (MCSS) and/or AAFES online. Items may also be issued through Individual Equipment Elements or contract equivalent as applicable. No other suppliers are approved for organizational/unit purchases unless otherwise authorized by this instruction. For optional items such as backpacks, briefcases, pumps, purses, etc., commercial vendors may be used.

1.5.1. Officer Personnel. Procure and maintain all items necessary to meet standards of dress for assigned duties and mission requirements.

2.14.1. Enforces dress and personal appearance standards in accordance with Department of Defense and Air Force instruction for wear of military uniforms or civilian clothes when authorized to be worn on-duty. Commander's discretion will be used to determine if individuals are within standards of this instruction and provide guidance when standards are reasonably unclear. Commanders are responsible for setting the dress and appearance standards not outlined in this instruction without lessening established standards.

2.14.2. Ensures uniform items are consistent and standardized throughout the organization. To maintain uniformity and good order, commanders determine their members' compliance and understanding of this instruction.

2.14.3. May authorize wear of civilian clothing on-duty per DAFI 36-3012.

2.14.4. Prohibits wear of offensive civilian clothing on a military installation or while the member is off the installation and is representing the DAF or the Department of Defense in an official capacity; may be more restrictive for tattoos, body ornaments and/or personal grooming based on legal, safety, sanitary, and/or host nation agreements. Consults with the serving legal office prior to implementing such policy.

2.14.5. May prohibit wear of optional items during formations, ceremonies, or other events when uniformity is required.

2.14.6. May mandate wear of optional clothing if provided at no cost to the member.

2.14.7. Will not waive personal grooming standards.

2.14.7.1. Will ensure Airmen who receive a Duty Limiting Condition (AF Form 422 or 469) are counseled and/or provided written instructions on duties and responsibilities as outlined in AFI 48-133, *Duty Limiting Conditions.*

2.14.7.2. For AF Form 469 actions which do not limit mobility, the commander is not required to sign the form and may delegate these requirements to the unit first sergeant.

2.14.7.3. For AF Form 469 actions which limit mobility, the commander must sign the AF Form 469 prior to release to the Airman.

2.15. First Sergeant. Will be knowledgeable on all dress and personal appearance standards outlined in this publication and all applicable supplements. Advises commanders and supervisors to ensure all Airmen comply. Sets the example and enforces dress and appearance standards.

2.16. Supervisor. Will set the example of acceptable standards and be knowledgeable of uniform and personal grooming and appearance standards. Supervisors may perform random uniform inspections to ensure subordinate Airmen comply with this instruction and all applicable supplements. Supervisors at all levels must ensure subordinate Airmen comply with this instruction and take appropriate corrective action when they do not meet standards.

2.17. Airmen/Individual Responsibilities. It is each Airman's individual duty and personal obligation to maintain a neat, clean appearance and professional military image while wearing the uniform.

2.17.1. Procures and maintains all mandatory clothing items per DAFI 36-3012**.**

2.17.2. Must always adhere to this instruction and supplement(s), unless authorized an approved waiver, exception to policy, or accommodation. While assigned to another military service's installation and when standards are more restrictive than DAF, Airmen will comply with local order of dress. Temporary duty personnel will comply with local policies established at each temporary duty location, within DAF standards.

2.17.3. Ensures uniform items and civilian clothing (in official capacity) are maintained, clean, and in serviceable condition (that is, not frayed, worn out, torn, faded, patched, etc.), correct in design and specifications, and fit properly. Zip, snap, or button all uniform items unless otherwise defined in this instruction. Airmen may alter uniform clothing to improve fit.

2.17.4. Complies with personal grooming standards while in uniform and when authorized and/or directed to wear civilian clothing in an official capacity in lieu of uniform.

2.17.5. Addresses violations of uniform and appearance standards by other DAF members in a professional manner.

2.17.6. When in uniform or civilian clothes (in an official capacity), Airmen will not engage in public displays of affection including, but not limited to, holding hands (except when holding a young child's hand), walking arm-in-arm, embracing, caressing, and kissing. Public displays of affection are inappropriate as they violate a long-standing custom of the service and may be service discrediting since indiscriminate displays of affection detract from the professional military image the DAF intends to project to the public. Brief displays of affection, such as a modest kiss or embrace, may be permitted in situations where physical

contact is commonly accepted etiquette such as weddings, graduations, promotions, or retirement ceremonies; and upon departure for or return from deployments.

2.17.7. When in uniform or civilian clothes (in an official capacity) the following actions are *prohibited* while walking or in a formation, including organized or unit physical training. **Note:** Members should also consult AFI 34-1201, *Protocol,* for protocol, customs, and courtesies.

2.17.7.1. Will not smoke or use smokeless products in other than designated smoking areas.

2.17.7.2. Will not consume food while walking in uniform. Beverage consumption is authorized. Commanders may authorize food consumption while walking in uniform during special functions. Military customs and courtesies take precedence.

Chapter 3

GROOMING AND APPEARANCE STANDARDS

3.1. Personal Grooming Standards. This chapter outlines personal grooming standards while wearing any Air Force uniform or civilian clothing in an official capacity. Commander's discretion will be used to determine if individual's personal grooming is within standards of this instruction. The personal grooming standards listed are minimum standards that represent common appearance issues and are not all-inclusive. Although Airmen have the right, within established limits, to express their individuality through their appearance, the Air Force defines what is and what is not an acceptable, professional military image for Airmen. Except for minor variations based on gender differences, all Air Force personnel must comply with the same personal grooming standards. Supervisors have the responsibility to determine compliance with this DAFI and to correct the obvious violations regardless of whether the situation identified is clearly written in this DAFI.

3.1.1. Hair **(General)**. Will be conservative, clean, well-groomed, present a professional appearance. Regardless of hairstyle, hair must not exceed length and bulk standard, and ensure proper wear of headgear, helmet, or chemical mask to conform to safety requirements. Will *not* contain excessive amounts of grooming aids (e.g., gel, mousse, pomade, or moisturizer), appear lopsided, touch either eyebrow (**Exception**: female bangs), or end below an imaginary line across the forehead at the top of the eyebrows that is parallel to the ground. If applied, dyes, tints, bleaches, and frostings must result in natural hair colors, present a natural appearance and be complementary to facial hair e.g., eyebrows, lashes, beards (if authorized for medical or religious reasons), etc. Examples of natural hair colors are brown, blonde, brunette, natural red, gray, or black. All Airmen are authorized to wear natural color hair regardless of their natural born hair color, but when highlighted or frosted, the colors must blend as to naturally. **Example:** Hair colors may be displayed as a "salt-and-pepper" look as this presents a naturally blended hair color and is, therefore, authorized.

3.1.1.1. Wigs/Hairpieces/Extensions. Are authorized and will meet the same standards required for natural hair, be of good quality, fit properly, and comply with safety, functionality, and professional military standards. If synthetic hair or extensions are added to hair, they will be natural hair colors, and must blend with Airmen's hair, as to not create an unnatural appearance (**Note:** Extensions are prohibited for males). Wigs/Hairpieces/Extensions will *not* be used to cover unauthorized hair styles. Synthetic hair or other materials are *not* authorized when prohibited by safety and mission requirements. Commanders may authorize Airmen to wear plain (single color, without additional ornamentation, frills/ruffles, excess fabric that extends down the back) caps (black, navy, or tan) while indoors due to a medical condition (e.g., Alopecia, radiation and/or chemotherapy). Airmen are still required to wear appropriate headgear while outdoors. **Note:** Head scarves are not authorized.

3.1.1.2. Hairnets. Worn as required for health or safety reasons. Made of natural or a synthetic material; must be conservative (plain and moderate, being within reasonable limits; not excessive or extreme), solid color similar to the member's hair color, also strong enough to support and control hair and contain no metal fasteners. Hairnets are only authorized when performing related duties as determined by applicable commander.

3.1.1.3. Unauthorized Hair Colors. Hair will not be burgundy, purple, orange, fluorescent, or neon (not all inclusive). Ombre (a gradual lightening or darkening along the lengths of the hair) or black hair with blonde highlights and blonde hair with black are unnatural in appearance and not authorized for wear. Other unauthorized examples include instances where hair and facial hair drastically contrast.

3.1.1.4. Unauthorized Styles: Mohawk, mullet, or etched design. Other cultural or societal trends that reasonably appear unnatural or that display vastly different shades of natural colors, regardless of the universally applied name. Males only: dreadlocks, coils, braids, twists, designs, and/or hair extensions are not authorized; see **Figure 3.1** for examples. Females only: Partially shaved sides and/or back of the head with long hair on the top (requiring the wear of a ponytail, bun, or braid) is prohibited. See **Figure 3.2** for examples of unauthorized hairstyles.

Figure 3.1. Male – Unauthorized Hair Examples.

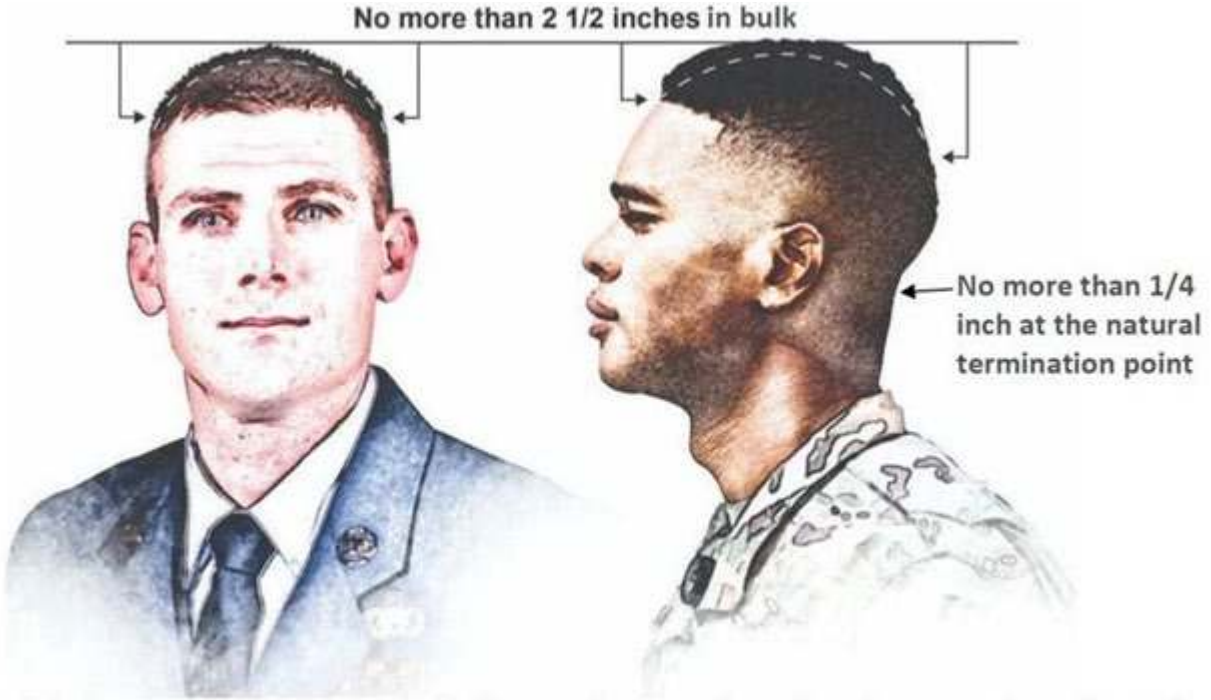

Figure 3.2. Female – Unauthorized Hair Examples.

3.1.2. Hair **(Male)**. Tapered appearance on both sides and the back of the head, both with and without headgear so that when viewed from any angle the member's hair conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twists, or spiking. A block-cut is permitted with tapered appearance. Hair will not exceed 2 ½ inches in bulk, regardless of length and 1/4-inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck to touch the collar (see **Figure 3.3**.). Hair will not protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flattop cuts are authorized. Airmen may have one (cut, clipped, or shaved) front to

back, straight-line part, not slanted or curved, on either side of their head, above the temple. Part will not exceed 4-inches length or 1/4-inch width (See **Figure 3.5**.). See **Figure 3.4** for examples of appropriate sideburns, mustache, and male hair standards.

Figure 3.3. How to Measure Hair Bulk.

Bulk is the distance that the mass of hair protrudes from the scalp. It is measured starting at the scalp and outward at a 90 degree angle.

Figure 3.4. Male Hair Standards Examples.

Figure 3.5. Cut, Clipped, or Shaved Part.

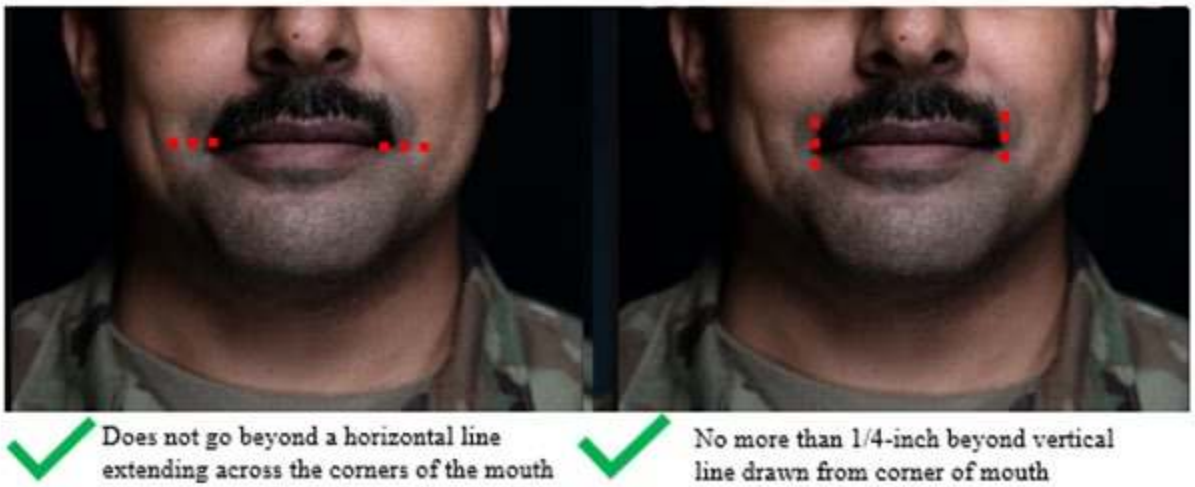

Part will not exceed 4 inches in length or 1/4 inch in width.

3.1.2.1. Sideburns. If worn, sideburns will be straight and even width (not flared) and will not extend below the bottom of the orifice of the ear opening. Sideburns will end in a clean-shaven horizontal line. See **Figure 3.4**.

3.1.2.2. Mustaches. Male members may have mustaches; No portion of the mustache will extend below the lip line of the upper lip. The mustache will not go beyond a horizontal line extending across the corners of the mouth and no more than 1/4-inch beyond a vertical line drawn from the corner of the mouth (Figure **3.4 and 3.6**.). Mustaches must present a natural appearance to the Airman's hair color of the head. Mustache handlebars, twist, curls, and goatee are prohibited.

Figure 3.6. Mustache.

Does not go beyond a horizontal line extending across the corners of the mouth

No more than 1/4-inch beyond vertical line drawn from corner of mouth

3.1.2.3. Beards. Beards are not authorized unless for medical reasons, when authorized by a medical official, or as authorized pursuant to a request for a religious accommodation. When authorized for medical reasons, members will keep all facial hair trimmed to the same length and it may not to exceed 1/4-inch in length. Individuals granted a shaving profile may shave or trim their facial hair to present a neat, clean, professional military image (**Figure 3.7**.). Members may not overly shave, shape, or taper beard to achieve

different styles of beard (e.g., goatees, faded beards, etc. are not authorized). Beards must present a natural appearance to the Airman's hair color of the head. Beards are not authorized to be bleached or dyed. Beard wear authorized for religious reasons are governed by **Chapter 11** of this instruction.

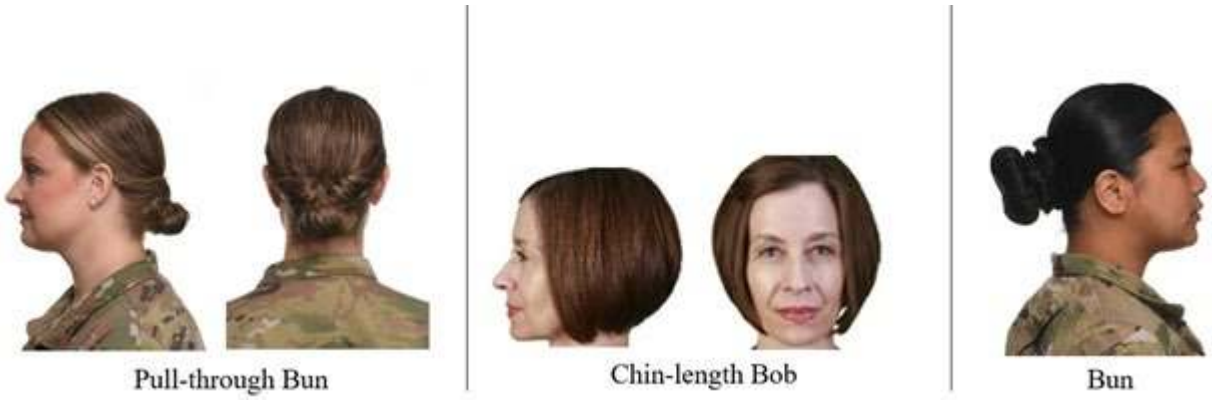

Figure 3.7. Shaving Waiver Example.

Facial Hair neatly trimmed to present neat, clean, professional image.

3.1.3. Hair **(Female and Male with approved unshorn hair religious accommodations).** No minimum hair length, to a maximum bulk of 4-inches from scalp and allows proper wear of headgear. Minimum hair standards must present a symmetric (around the axis of the head) or tapered appearance when viewed from all angles. Hair will end above the bottom edge of collar and will not extend below an invisible line drawn parallel to the ground, both front to back and side to side unless pulled back and secured or worn in an authorized ponytail or equivalent or long braid(s). When hair is pulled back and secured behind the head (will not be gathered at the crown or worn on the top of the head), radius will not exceed 6-inches to the left or right from the point where the hair is gathered for a total of 12-inches in width, 6-inches in bulk and must allow for proper wear of headgear. One or two braids or a single ponytail or equivalent may be worn down the member's back with length not extending below a horizontal line running between the top of each sleeve inseam at the under arm through the shoulder blades. The braid(s), ponytail or equivalent shall extend down the member's back and cannot be worn over the shoulder or pulled in front of the body. Bangs, or side-swiped hair, may touch eyebrows but will not touch or cover eyes. When in doubt, assess the correct length of hair with the Airman standing in the position of attention. See **Figure 3.8.**, **Figure 3.10**, and **Figure 3.11** for examples of female hair standards. **Exception**: While wearing the Physical Training Gear (PTG), long hair will be secured but may have loose ends and may extend below a horizontal line running between the top of each sleeve inseam at the under arm through the shoulder blades.

Figure 3.8. Female Hair Examples.

3.1.3.1. Pinned-up hair should be styled in a manner that prevents loose ends from extending upward on the head and may not start at the crown of the head or be worn on the top of the head. When hair is in a bun, the bun must be a single bun; all loose ends must be tucked in and secured. Hair must allow for proper wear of headgear.

3.1.3.2. Hair accessories. If worn, hair accessories (e.g., fabric scrunches, hairpins, combs, clips, headbands, elastic bands, barrettes, etc.) must be black or match hair color. Invisible hairnets and hairnets that match hair color are authorized. Headbands or fabric scrunches will not exceed 2-inches in width. Ornaments are *not* authorized (i.e., ribbons, beads, jeweled pins). See **Figure 3.9**.

Figure 3.9. Female Hair Accessories.

3.1.3.3. Locs, braids, twists, micro-braids, french braids, dutch braids, and cornrows are authorized. A braid or twist is two or more portions of interwoven hair. If adding additional hair, it must be a natural-looking color, matching the individual's hair color. Multiple locs, braids, twists or cornrows may come together down the back in one or two braids, or a single ponytail as described in **paragraph 3.1.3**. All locs, braids and twists, when worn will be of uniform dimension, no wider than one-inch, with natural spacing between the locs, braids, and twists and must be tightly interwoven to present a neat, professional, and well-groomed appearance. When worn, multiple locs, braids, or twists shall be of uniform dimension, no larger than a 1/4 in diameter, show no more than 1/4-inch of scalp between the locs, braids, or twists and must be tightly interwoven to present a neat appearance.

3.1.3.4. A braid/twist must continue to the end of the hair without design and following the contour of the head and may be worn loose or in a secured style within hair standards

in **paragraph 3.1.3** above. ***Exception***: Micro-braids or twists are not required to continue to the end of the hair. See **Figure 3.10** for examples of braids, twists, micro-braids.

3.1.4. Fingernails. Fingernails must not exceed 1/4-inch in length beyond the tip of the finger and must be clean and well groomed. Fingernails must not interfere with the performance of assigned duties or hinder proper fit of prescribed safety equipment or uniform items. Male Airmen are not authorized to wear nail polish. If worn by females, nail polish will be a single conservative color that does not detract from the uniform. Do not apply designs to nails or apply two-tone or multi-tone colors; **Exception:** white-tip French manicures are authorized. See **Figure 3.14** for examples of authorized and unauthorized nail colors**.**

Figure 3.14. Authorized and Unauthorized Nail Polish Colors (Not All-Inclusive).

3.1.5. Cosmetics. Male Airmen are not authorized to wear cosmetics. Female Airmen may wear conservatively styled cosmetics. Eyelash extensions, if worn, will be female Airman's natural eyelash color, will not exceed 14 millimeters in total length or touch the member's eyebrow, and must present a natural appearance. Eyelash extensions will not hinder wear of protective eye wear or any type of headgear. Lipstick, if worn by female Airmen, will be a conservative shade that does not detract from the uniform. Eyeliner, if worn by female Airmen, cannot extend past the corners of eye opening (i.e., winged liner not authorized). Cosmetics will not be worn during field conditions.

Figure 3.15. Authorized and Unauthorized Eyelash Extension Examples.

3.2. Tattoos/Brands/Body Markings. For purposes of this instruction, a tattoo is defined as a picture, design, or marking made on the skin or other areas of the body by staining it with an indelible dye, or by any other method, including pictures, designs, or markings only detectible or visible under certain conditions (such as ultraviolet or invisible ink tattoos). A brand is defined as a picture, design, or other marking that is burned into the skin or other areas of the body. Body markings are pictures, designs, or other markings as a result of using means other than burning to permanently scar or mark the skin. Failure to obey the mandatory provisions in paragraphs **3.2.1**, **3.2.1.1**, and **3.2.2** constitutes a violation of Article 92(1), UCMJ—failure to obey lawful general order or regulation. Article 92(1) of the UCMJ does not apply to members while in Title 32 status (that is, activated for state duty under state command), but ANG members may be subject to an equivalent article under a state military justice code. Violations may also result in administrative disciplinary action without regard to otherwise applicable criminal or civil sanctions for violations of related laws.

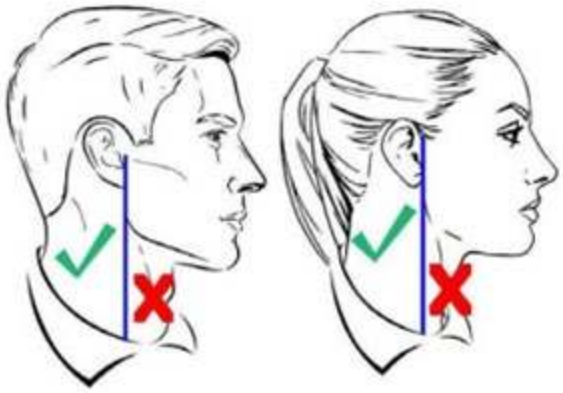

3.2.1. Unauthorized content/locations. Tattoos/brands/body markings will not be on the head, face, tongue, lips, eyes, and scalp. Tattoos/brands/body markings anywhere on the body that are obscene, commonly associated with gangs, extremist, and/or supremacist organizations, or that advocate sexual, racial, ethnic, or religious discrimination are prohibited in and out of uniform. Indecent tattoos/brands/body markings are grossly offensive to modesty, decency, or propriety, or shocks the moral sense, because of its vulgar, filthy, or disgusting nature, or its tendency to incite lustful thought. It is indecent if it tends reasonably to corrupt morals or incite libidinous thoughts. It must not violate community standards. Commanders should contact their servicing Air Force Office of Special Investigations (AFOSI) unit for additional information on potential identification of gang/hate group, tattoos/brands/body markings.

Extremist tattoos/brands/body markings are those affiliated with, depicting, or symbolizing extremist philosophies, organizations, or activities. Sexually discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on gender. Racially discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on race, ethnicity, or national origin. Religiously discriminative tattoos/brands/body markings are those that advocate a philosophy that degrades or demeans a person based on religion. Tattoos/brands/body markings with unauthorized content that are prejudicial to good order and discipline, or the content is of a nature that tends to bring discredit upon the DAF are prohibited both in and out of uniform. Airmen and Guardians may not cover up tattoos, brands, and/or body markings with bandages or make-up in order to comply with unauthorized content tattoo policy.

3.2.1.1. Members who have or receive unauthorized content tattoos/brands/body markings are required to initiate tattoo/brand/body marking removal/alteration. At the commander's discretion, members may be seen, on a space and resource available basis, in a Department of Defense (DoD) medical treatment facility for voluntary tattoo/brand/body marking removal. When DoD resources are not available, members may have the tattoo/brand removed/altered at their own expense outside of DoD medical treatment facilities. Permissive Temporary Duty is not authorized for this purpose.

3.2.2. Authorized content/locations. Tattoos are authorized on the chest and back (below the open collar uniform), arms, legs, feet, hands, and neck. One tattoo on the neck is authorized and will not exceed 1-inch in measurement in any direction. The neck tattoo will only be placed behind a vertical line at the opening of the ear orifice around the back to a vertical line at the opening of the other ear orifice and includes behind the ear (See **Figure 3.16**.). Ring tattoos are limited to a single band on one finger of each hand, no more than 3/8-inch in width below the knuckle and above the finger joint (portion closest to the palm). In addition to the ring tattoo, a single tattoo is authorized on each hand; the tattoo will not exceed the size of 1-inch measured in any direction. Hand, arm, leg, neck, and ring tattoos can be exposed and visible while wearing any uniform combination(s). Chest and back tattoos will not be visible through any uniform combination(s) or visible while wearing an open collar uniform. Members may request an exception to policy (ETP) for location or size of tattoos in accordance with **paragraph 15.5** prior to receiving applicable tattoo. Approved tattoo ETPs will be documented on the DAF Form 4428, *Tattoo/Brand/Body Marking Screening/Verification*. An ETP request for tattoos with unauthorized content will not be considered.

Figure 3.16. Neck Tattoo Approved Location.

3.2.3. Cosmetic tattooing. Tattooing for cosmetic purposes is authorized when directed by licensed, qualified medical personnel to correct a medical condition, illness, or injury for both men and women. When not medically directed, cosmetic tattooing is permitted for women if done to apply permanent facial makeup (i.e., eyebrows, eyeliner) and for men if for permanent cosmetics for scalp only (micropigmentation) to create a natural hair appearance. The cosmetic tattooing must have a natural and conservative appearance.

3.2.4. Individuals who are initially accessed must disclose any tattoos or brands not meeting the above criteria and receive appropriate Air Force Component Recruiting Service review (AFRS, AFRCRS, ANG) to determine eligibility when questionable for enlistment or appointment. Complete removal or alteration of unauthorized content and/or excessive tattoos/brands/body markings is otherwise required prior to being accepted in the Air Force.

3.2.4.1. Each component's senior waiver authority as defined by the Air Force Accessions and Training Division (AF/A1PT), per **paragraph 3.2.4**, may allow for individual exceptions to policy to potential Air Force applicants with hand tattoos (anywhere on the hand) that are no more than 25% of the hand. The hand is defined as the end part of a person's arm beyond the wrist, including the palm, fingers, and thumb. All content tattoo restrictions still apply. This authority may be further delegated at the discretion of the Senior Waiver Authority but no lower than Recruiting Squadron Commanders (RCS/CCs) (RegAF/Reserve) and Recruiting & Retention Chiefs (ANG). This authority will only be used for exceptionally qualified applicants as determined by the Waiver Authority and is limited to undermanned critical career fields/specialties unable to fill shortages with applicants unless an ETP is granted to the applicant. Exceptionally qualified applicants include those with critical skill sets, degrees, certifications, or experience directly related to the specialty for which they are being considered.

3.2.4.2. Approved hand tattoo ETPs will be documented on the DAF Form 4428, *Tattoo/Brand/Body Marking Screening/Verification*.

3.2.5. Commanders will use these provisions in determining the acceptability of tattoos, brands, and body markings displayed by members in uniform.

3.2.6. Per **paragraph 2.14.4**, commanders will retain the authority to be more restrictive for covering tattoos, body ornaments and personal grooming based on legal, safety, sanitary, and/or host nation agreements.

3.3. Body Piercing/Ornamentation.

3.3.1. In civilian attire on official duty and in uniform on or off a military installation: With the exception of earrings as listed in **paragraph 7.3.1.1**, all members are prohibited from attaching, affixing, or displaying objects, articles, jewelry, or ornamentation to or through the ear, nose, tongue, eyebrows, lips, or any exposed body part (includes visible through the uniform).

3.3.2. Dental ornamentation: Teeth, whether natural, capped, or veneered, will not be ornamented with designs, jewels, initials, etc. The use of yellow gold, white gold, or platinum caps (permanent or temporary) merely to add ornamentation to the teeth and not required by dental/medical necessity is prohibited. Waivers are not required for Air Force members or recruits with permanent yellow gold, white gold or platinum caps that were applied as a result of dental/medical necessity. Members with official documentation that they received permanent yellow gold, white gold, or platinum caps which were not applied as a result of dental/medical necessity, prior to 13 June 2011, are exempted. No other dental ornamentation is exempted.

3.4. Alteration/Modification. Intentional alterations and/or modifications to a member's body that result in a visible, physical effect that disfigures, deforms, or otherwise detracts from a professional military image are prohibited. Examples of prohibited conduct include (but are not limited to) tongue splitting or forking, tooth filing, acquiring visible, disfiguring skin implants, and gauging (piercing holes large enough to permit light to shine through). Members who intentionally alter and/or modify any part of their bodies in order to achieve a visible, physical effect that disfigures, deforms, or otherwise detracts from a professional military image may be subject to disciplinary action or involuntary separation, as determined appropriate by the member's commander. Failure by RegAF members, AFR members on active duty or inactive duty for training, and ANG members in Title 10 status to obey the mandatory provisions in this paragraph constitutes a violation of Article 92 (1), UCMJ – failure to obey lawful order or regulation. ANG members in Title 32 status performing full-time National Guard duty or inactive duty for training, who violate the mandatory provisions of this instruction, may be held accountable through similar provisions of their respective state military codes.

OCP UNIFORMS

5.1. The Operational Camouflage Pattern (OCP), Male and Female. The OCP may be worn off base for short convenience stops and when eating at restaurants where people wear comparable civilian attire. Do not wear OCPs off base to eat in restaurants where most diners wear business attire or at establishments that operate primarily to serve alcohol. Do not starch or hot press the OCP; Light ironing is authorized; however, repeated hot pressing or heavy ironing will accelerate the overall wear of the fabric. OCPs purchased by Air Force personnel through the Army Air Force Exchange Service (AAFES) Military Clothing Sales Stores (MCSS), or issued through Individual Equipment Elements or contract equivalent, are certified as fully compliant with all specifications. No other suppliers are approved for organizational/unit purchases, or any appropriated, or overseas contingency operation funds expenditures. If personnel choose to use personal funds to purchase from non-AAFES suppliers, the Air Force is not responsible if the uniform is not fully compliant. The non-fire-retardant and improved hot weather combat OCP uniforms are the only OCP uniforms authorized to be worn by all Airmen. (**Exception**: Airmen in jobs that have occupational safety and health administration (OSHA) requirements for wear of the 100% cotton fire-retardant OCP (e.g., deployed members operating in outside the wire mission sets) will be authorized to wear this distinctive uniform/equipment item.) Additionally, firefighters and explosive ordnance disposal (EOD) personnel are authorized to wear the two-piece flight duty uniform and their uniform will be worn in the same configuration and manner as instructed in **paragraph 9.12** within this instruction. (**Exception**: The firefighter badge will be worn in-lieu of the higher headquarters patch on the left sleeve.)

5.1.1. OCP Coat (Shirt). The coat is worn outside the trousers. **Note**: Commanders may authorize the coat to be tucked in for duty (e.g., Security Forces Airmen) if necessary. The coat will not extend below the top of the cargo pocket on the trousers and will not be higher than the bottom of the opening of the side (hip) pocket on the trousers. Airmen may roll up sleeves on the OCP coat; however, the cuffs will remain visible, and the sleeve will rest at, or within 1-inch of, the forearm when the arm is bent at a 90-degree angle. When sleeves are not rolled up, cuffs may remain visible or be folded inward twice. Commanders may prohibit rolling of sleeves and folding of cuffs. Patches or badges will not be affixed to the front pockets. Alterations that affect the functionality of the uniform are not authorized, (e.g., sewing down collars, or pockets). The OCP coat may be removed in the immediate work area as determined appropriate by local leadership, however, the OCP coat will be worn while interacting with customers or clients.

5.1.2. Accoutrements. Airmen will wear a basic configuration consisting of name and USAF tapes, subdued U.S. Flag, and subdued rank. Airmen may sew-on or use Velcro® backing for nametape, USAF tape, and rank. Tapes and rank must be either all sewn-on or all Velcro®; Airmen are not authorized to mix sewn-on and Velcro® tapes or rank. **Note:** Occupational badges may be either sewn-on or Velcro® (metal pin on type badges not authorized on OCP), if more than one is worn you must

sew or Velcro® all badges. Only Velcro® patches are authorized on the left and right sleeves of the OCP coat. An OCP Velcro® sleeve pen/pencil holder may be worn on either sleeve but will not impede the proper wear of required patches and/or duty badges.

Badges stacked one on top of the other are centered on each other with the smaller badge centered above or below (according to precedence) the larger badge. Vertical spacing is measured between the larger badges (see **Figure 5.2**.).

5.1.5.1.5. Occupational, qualification or skill badge order of precedence:

5.1.5.1.5.1. Group 1 (mandatory badges). Chaplain, aeronautical, space, cyberspace, multi-domain warfare and missile operations badges. Wing commanders may authorize the wear of morale patches in the subdued spice brown color scheme on Fridays or during special events. AFR and ANG commanders may authorize wear during weekend drills on Friday, Saturday, or

Sunday or during special events. Wing commanders will maintain a list of approved morale patches authorized to be worn within their wing.

A maximum of two patches may be worn. **Exception:** Awarded joint qualification tabs (subdued) may be worn above the HHQ patch as a third patch (e.g., Army Ranger, Sapper, Special Forces, Air Advisor, etc.). The graduated commander's insignia does not count as one of two patches (i.e., it may be worn in addition to two patches.)

5.1.6.2.1. The HHQ patch in the subdued spice brown color scheme is mandatory except as provided in **paragraph 5.1.6.2.4** and worn centered in the middle of the Velcro® area. Air Force Specialty Codes (AFSCs) identified in **Table 5.1** are authorized wear of applicable duty identifier. USAF Weapons School Graduate Patch (graduate or instructor), USAF (or joint/international equivalent) Test Pilot School graduate patches, service level advanced studies groups patches (e.g., School of Advanced Air and Space Studies (SAASS), School of Advanced Military Studies (SAMS), Maritime Advanced Warfighting School (MAWS), School of Advanced Warfighting (SAW), etc.), and Critical Care Air Transport Team patch are authorized on the left sleeve using subdued spice brown color criteria. Additional patches may be authorized as outlined by criteria in **paragraph 5.1.6.2.4.1**. Patches may be worn in-lieu of the HHQ patch.

If both HHQ and graduate patches are worn (fit on Velcro® without hanging off the edges) the graduate patch will be worn in the top position.

5.1.6.2.4.1. Additional graduate patches may be authorized for courses if they meet at least one of the following: 1) functionally aligned graduate-level courses identified in the career field's continuum of learning or career field education and training plans, 2) are development team competitively-boarded courses, or 3) otherwise identified by career field as a critical developmental education milestone in the Airmen's career progression resulting in a subject matter expertise that distinguishes them from their peers. Request for new patches should follow guidance outlined in **paragraph 12.7**. Do not request graduate patches for initial and intermediate skills training courses, skill-level upgrade courses, or other mandatory functional courses.

5.1.7. T-Shirt. T-Shirt will be Coyote Brown (Tan 499) and tucked into OCP trousers. Additionally, wing or squadron commanders may approve display of organizational emblems, as officially and currently approved, not to exceed 5-inches in diameter, in cloth or silk screen on morale undershirts. RELIGIOUS ACCOMMODATION

11.1. See DAFI 52-201,*Religious Freedom In The Department of The Air Force*for guidance on how to make a religious accommodation request from Grooming and Personal Appearance standards.

11.2. Dress and Appearance Waivers. Only AF/A1, AF/RE, NGB/CF or USSF/S1 as applicable may grant exception to policy of dress and personal appearance standards for religious accommodation not otherwise delegated to lower commanders. The approval memorandum will outline any conditions or limitations. Religious accommodation and appearance exception to policy waivers extend to temporary duty and subsequent permanent duty assignment locations.

11.3. Airman and Guardian's home station wing or garrison commanders or headquarters Air Force (HAF), MAJCOM, Field Command, Numbered Air Force (NAF), Field Operating Agency (FOA) and Direct Reporting Unit (DRU) Directors (O-6/GS-15 and above) are the approval authority for only the following dress and appearance religious accommodation requests: 1) hijab; 2) beard; 3) indoor/outdoor head coverings; 4) turban or underturban/patka worn with unshorn beard and with unshorn hair and 5) the wear of religious regalia wear for honoree during military ceremonies (e.g. retirements, promotions, re-enlistments) or during community outreach events. All other requests require AF/A1, SF/S1, AF/RE or NGB/CF decision as applicable.

11.4. All approved religious accommodations should be worn in a neat and conservative manner (defined as, discreet, tidy, and not dissonant or showy in style, size, design, brightness, or color). Airmen and Guardians with an accommodation permitting the following faith practices must adhere to the following standards:

11.4.1. Hijab (Head Scarf). An accommodated Airman may wear a hijab (head scarf) made of a subdued material in a color that closely resembles the assigned uniform (generally black, brown, green, tan, or navy blue as appropriate). The material will be free of designs or markings, except that an Airmen wearing the OCP may wear a hijab in a camouflage pattern matching the uniform. When directed by a commander, the Airman may be required to wear a hijab made of fire-resistant material. The hijab will be worn in a neat and conservative manner that presents a professional military image and well-groomed appearance. The hijab must be closely fitted to the contours of the head and neck and may not cover the eyebrows, eyes, cheeks, nose, mouth, or chin. The bottom edges of the hijab will be tucked under the Airman's uniform top and all required headgear will still be worn. Hair underneath the hijab must be worn in a hairstyle authorized for the Airman according to **paragraph 3.1.3**. The bulk of the Airman's hair and hijab may not impair the ability to wear protective equipment; impede the ability to operate an assigned weapon, military equipment, or machinery; or interfere with the ability to perform the assigned military duties.

Figure 11.1. Hijab.

11.4.2. Beards. An accommodated Airmen or Guardian's beard (which include facial and neck hair) must be maintained to a bulk not to exceed 2-inches when measured from any point on the neck, chin, or cheeks. Beard hair exceeding 2-inches in bulk, when measured from the bottom of the chin, must be rolled and/or tied to achieve the required 2-inch bulk. Beards should follow the natural contours of the face and be groomed in a neat and conservative manner that presents a professional military image and well-groomed appearance (e.g., reduce fly-aways, hairs smoothed in a downward direction). Airmen and Guardians may use styling products to groom or hold the beard in place and may use accessories such as a clear plastic band, hair tie, or bobby pin to roll or tie the beard in place. If used, hair accessories should be clear or match the wearer's beard color, should not be visible when rolled or tied, and present no safety concerns (e.g., Scrunchies are not authorized). Do not use petroleum-based products if wearing a protective mask. The bulk of an Airman or Guardian's beard may not impair the ability to operate an assigned weapon, military equipment, or machinery. A mustache worn with a beard may extend sideways beyond the corners of the mouth to connect with the beard but must be trimmed or groomed to not cover the upper lip.

Figure 11.2. Beard.

11.4.3. Turban and Under-Turban. An accommodated Airman may wear a turban (or under-turban or patka, as appropriate) made of a subdued material in a color that closely resembles the headgear for an assigned uniform. Wing commanders may designate conditions where the under-turban will be worn instead of the turban. The turban or under-turban will be worn in a neat and conservative manner that presents a professional military image and well-groomed appearance. The material will be free of designs or markings. **Exception:** Airmen and Guardians wearing an OCP uniform are authorized to wear a turban or under-turban in a camouflage pattern matching the uniform. When directed by a commander, the Airman may be required to wear an under-turban made of fire-resistant material. Unless duties, position, or assignment require an Airman to wear protective headgear, Airmen granted this accommodation are not required to wear military headgear in addition to the turban or under-turban. For officers only, pin-on rank will be displayed on the turban or under-turban when worn in circumstances where military headgear is customarily worn and removed in circumstances where military headgear is not customarily worn, such as indoors or in no-hat/no-salute designated areas. Hair worn under the turban or under-turban is not subject to **paragraph 3.1.2** standards but may not fall over the ears or eyebrows or touch the collar while in uniform. When Airmen wear protective headgear with the under-turban, reposition the bulk of the hair to ensure proper fit.

Figure 11.3. Turban/Under Turban.

11.4.4. Regalia. May be worn in uniform by honoree during military ceremonies, including but not limited to re-enlistments, retirements, special award ceremonies, promotions, and for attendees during community outreach events. If the event is outdoors, accommodated Airmen wearing regalia headgear (e.g., beaded medicine wheel with Eagle Plum, beaded headband, etc.) are not required to wear military headgear if it interferes with the wearing of the regalia.

Chapter 15

UNIFORM POLICY CHANGES

15.1. Supplements. MAJCOMs may supplement this publication. Organizations not reporting to a MAJCOM may supplement this publication. DAFMAN 90-161 outlines guidance supplementation to this publication.

15.2. Air Force Uniform Board (AFUB). Uniform Change Requests (UCRs) will be submitted through the Guardians and Airmen Innovation Network (GAIN). Submissions that are recommended for the AFUB consideration will be reviewed by the AFUB which consists of the following members: AF/A1, CMSAF, representative from each Air Staff Directorate and each MAJCOM. Board recommendations are submitted to the CSAF for final decision. Approved changes will be incorporated into policy via a DAF Guidance Memorandum, an Interim Change or DAFI re-write.

15.2.1. The AFUB Process.

15.2.1.1. UCRs must be submitted via the GAIN platform.

15.2.1.2. Each UCR may only have one uniform proposal. Every proposed change or new item element must be its own individual UCR.

15.2.1.3. Duplicate UCRs will be consolidated into a single the same Uniform Board session.

15.2.1.4. The Air Force Uniform Policy Office (AF/A1PA) will determination eligibility on all UCRs, by eliminating exact duplications.

15.2.1.5. Eligible UCRs, as determined by AF/A1PA, will be forwarded to a group of advisors, consisting of representatives from the Defense Logistics Agency-Troop Support Philadelphia, the Army Air Force Exchange Service (AAFES), Air Force Uniform Office, and the Air Force Materiel Support Division. These advisors are responsible for determining if there is a capability to support a recommendation or to make it a reality over time.

15.2.1.6. After the advisor's initial review and comments, the UCRs and advisor's comments will be consolidated, and quality reviewed prior to forwarding to the AFUB members. The AFUB evaluates each UCR and makes a recommendation to the CSAF.

15.2.2. New UCRs submitted after the cut-off date and/or during an active AFUB will be held over and considered by the next AFUB.

15.2.3. All UCRs are considered outside the submitter(s) job responsibility.

15.2.4. Submitters do not retain ownership rights for UCRs.

15.2.5. General responsibilities and authorities:

15.2.5.1. AF/A1 administers the change process through the AFUB, serves as AFUB chairperson, establishes military dress and appearance policies, and establishes uniform clothing allowance.

15.2.5.1.1. Notifies AFMC/A4/10 of recommendations approved by the Chief of Staff that require follow-up.

15.2.5.1.2. Coordinates with the Institute of Heraldry to design and develop badges and insignia resulting from the AFUB.

15.3. Out-of-Cycle Request. Out-of-cycle requests are requests received from MAJCOM Commanders and 2-digit Air Staff/Secretariat Principals. Requests are submitted via an electronic Staff Summary Sheet to the AF/A1PA Workflow Box, **af.a1pa.workflow@.af.mil** for processing. Changes will either be reviewed by the AF/A1 or CSAF for a final decision. Approved changes will be made via a guidance memorandum until an Interim Change or re-write is published.

15.4. Functional Clothing Items. Changes impacting Air Force uniforms by either removing or replacing a uniform item with a functional clothing item will receive coordination from the AF/A1 prior to approval.

15.5. Exception to Policy. All exception to policy requests will be submitted through MAJCOM/A1 channels (chain of command) for recommendations then to the AF/A1PA Workflow Box **AF.A1PA.workflow@us.af.mil** for processing (**Exception:** Transgender dress and appearance ETP requests).

15.5.1. Transgender Dress and Appearance ETP Requests: Service members must adhere to applicable dress and appearance standards outlined in this instruction of their gender reflected in the Defense Enrollment Eligibility Reporting System (DEERS). An exception to this policy may be appropriate when altered physical characteristics during gender transition make dress and appearance standard changes appropriate prior to gender marker changes in Military Personnel Data System (MILPDS), which flow to DEERS."

15.5.1.1. Service members may submit an exception to policy (ETP) request for real life experience (RLE) to their commander to adhere to their preferred gender identity dress and appearance standards prior to their official gender marker change in MilPDS, and in turn, DEERS. See sample ETP request memorandum, **Attachment 2**.

15.5.1.2. The ETP request package will require 1) a memorandum from the service member requesting to adhere to the preferred gender's dress and appearance standards, 2) a signed DD Form 2870, *Authorization for Disclosure of Medical or Dental Information* and, 3) a medical treatment plan (MTP) signed by the transgender health medical evaluation unit (THMEU) that shows (a) evidence of a medical diagnosis of gender dysphoria from a military medical provider confirmed by the THMEU (or the diagnosis of a civilian provider validated by a military medical provider and the THMEU), and (b) confirmation that the ETP request is a component of the service member's gender transition plan, and (c) an estimated gender marker change date that has not yet expired, and (d) unit commander, or equivalent, assessment of dress and appearance that includes information about the service member's professional military image in current and preferred gender's dress and appearance standards, fit and/or function of the uniforms, and potential impact on unit cohesion, good order and discipline (if any).

15.5.1.3. For service members who are transitioning and have an approved MTP, authority to approve dress and appearance ETPs is delegated to the wing commander or USSF equivalent.

15.5.1.4. The Service member's immediate commander or equivalent will recommend approval or disapproval and forward the request through the member's chain of command to the wing commander for approval. Upon receiving an ETP request, commander or

directors must approve the member's request or forward the disapproval recommendation to the next higher authority within 30 calendar days for regular Service members and no later than 90-calendar days for Guard and Reserve.

15.5.1.5. AF/A1 or SF/S1 as applicable retains the disapproval authority for ETPs. Commanders recommending disapproval, after Staff Judge Advocate review, will forward the request to the appropriate MAJCOM, Field Command (FLDCOM), FOA or DRU A1 or S1. The MAJCOM, FLDCOM, FOA, DRU A1 or S1 will recommend approval or disapproval and forward the request, to the commander or director for approval or to recommend disapproval. MAJCOM/FLDCOM/CC recommending disapproval forwards the request to the service central coordination cell (SCCC) at **DAF.Service_Central.Coordination_Cell@us.af.mil** to route for AF/A1 or SF/S1 decision.

15.5.1.6. Wing commanders or HAF, MAJCOM, FLDCOM, NAF, FOA and DRU directors or USSF equivalents receiving a request for a dress and appearance ETP will provide a completed, approved request package to SCCC at **DAF.Service_Central.Coordination_cell@us.af.mil**.

15.5.1.7. Approved exception to policy (ETP) will apply to both the wear of the preferred gender's dress and appearance standards at current and subsequent duty stations, unless modified by the service member's commander. Service members approved for an ETP prior to their gender marker change must ensure they carry a copy of their approved ETP on their person until gender marker is changed in MilPDS. Once the ETP is approved, the member will provide the ETP to the member's medical provider.

15.5.1.8. This guidance applies to Air Reserve Technicians (ARTs) who are required to wear the military uniform while performing civilian duties as an ART as outlined in AFI 36-128, *Pay Setting and Allowances*. ARTs must adhere to applicable dress and appearance standards in accordance with the gender reflected in their military personnel record until the exception to policy request has been approved.

15.5.1.9. Service members attached to a unit belonging to another military department or a joint or combined environment will coordinate with their service senior representative regarding the dress and appearance requirements applicable to personnel attached to that unit.

15.6. Air Force Academy Uniform Board. The Superintendent, United States Air Force Academy (USAFA), appoints an Air Force Academy Cadet Uniform Board to review all proposed changes to Air Force cadet and preparatory school student uniforms. The Superintendent may approve changes regarding USAFA cadet and preparatory student uniform accessories and insignia, but must send other proposed changes to the CSAF, for final approval. Proposed changes to the standard Air Force uniform or wear criteria are submitted directly to the AFUB.

15.7. Test Uniforms. Airmen wear test uniform items as part of an AF/A1 or Air Force Life Cycle Management Center authorized test program. Individuals, units, groups, wings, etc. are not authorized to initiate test programs for uniform items. Unless otherwise directed, Airmen may wear approved test uniform items provided for Air Force use after the test period. AF/A1 determines which individuals, units, or commands will test new uniform items.

Gender Identity—An individual's internal or personal sense of gender, which may or may not match the individual's biological sex.

This process may involve:

Social transition—, also known as "real life experience," that allows the service member to live and work in their preferred gender with or without any cross-sex hormone treatment, including a legal change of gender, such as changing gender on a passport, birth certificate, or through a court order; **Medical transition** to align secondary sex characteristics with a service member's preferred gender using any combinations of cross-sex hormone therapy, surgical/cosmetic procedures; or **Surgical transition**, (also known as sex reassignment surgery, gender affirming surgery, or gender confirmation surgery) to make the physical body, both primary and secondary sex characteristics, resemble as closely as possible the service member's preferred gender.

Full time continuous RLE, daily and across all settings of life, is required before any gender transition surgery that affects fertility. If a service member's MTP identifies gender-affirming surgeries, then an ETP or gender marker change (GMC) is a required to track the duration of full-time continuous RLE. RLE generally encompasses dressing in the preferred gender, as well as using bathrooms, locker rooms, dormitory areas, and showers of the preferred gender.
