2.10.6.1. **(Added) K&E Positions at JB MDL.** Commanders on the Joint Base should strictly limit nominations for K&E positions to those necessary to reside on the installation to perform their mission. The Installation Commander establishes a K&E position only when there is a compelling need for a member, based on position, to live on base. For example, the incumbent is required to respond to continual operational requirements or emergencies, or when off-base residency would adversely impact the installation readiness, safety, security, or health and welfare of the base population. Listed below in Tables **2.3** and **2.4** are K&E positions with designated quarters. Listed below in **Table 2.5** are K&E positions with a designated housing area, but no designated quarters. Listed below in Tables **2.6**, **2.7**, **2.8**, and **2.9** are K&E positions required to live on the installation, but do not have a designated housing area or designated quarters. The following Quarters in the Scott Plaza housing area are categorized as Senior Officer Quarters and may be assigned to K&E Senior Officers: 5414A, 5414B, 5415A, 5415B, 5416A, and 5416B.

2.10.6.2. **(Added)** There is value added to the missions of JB MDL by having members of different services interspersed throughout the different housing areas and neighborhoods; therefore, consideration should be given to ensure that areas do not become service specific. However, based on the number of positions that are designated K&E and availability of open units, mission needs will be the determining assignment factor.

2.10.6.3. **(Added)** Positions noted in Tables **2.3** - **2.9** are required to live on the installation. These K&E personnel must notify the Government Housing Office as soon as they receive orders to the Joint Base if they intend to request a waiver to live off the installation. Incumbents should share this information with their replacements/relief, so the expectation is known and understood. Waiver requests (**Attachment 2**) must be approved prior to arrival at the Joint Base to ease household good shipments. Waiver requests must include all pertinent information to justify hardship conditions. The waiver request must also be endorsed by the first O-6 in the requestor's chain of command or wing commander/equivalent for O-6 waivers.

2.10.6.4. **(Added) Single or Unaccompanied Members.** K&E military members who come to the Joint Base unaccompanied (either with dependents living elsewhere or without dependents entirely), are still required to live on the installation. Only the Installation Commander can waive their requirement to live on the installation. For officer's senior in rank to the Installation Commander, officer housing determination will be the USAF EC/CC or higher, as appropriate.

2.10.6.5. **(Added) Application for Privatized Family Housing for K&E Personnel.** For planning purposes, personnel who will be filling a K&E position may submit an advance notification and application to the Government Housing Office and the Privatized Housing Office no earlier than 90 days prior to their projected arrival. This application will place them on the waiting list for the category of housing they are authorized. However, the arrival date for K&E positions takes precedence over length of time on the wait list. The first available quarters will go to the earlier K&E arrival, even if they signed up at a later date. The Privatized Housing Office will not offer a lease on a designated housing unit without first receiving approval from the Installation Commander.

2.10.6.6. **(Added)** For designated housing areas, outbound senior leaders should expect to clear the house two weeks prior to Change of Responsibility/Change of Command. Inbound senior leaders should expect to move into the designated housing area on or about the Change of Responsibility/Change of Command date. If the outbound senior leader is retiring, separating, or PCSing, those orders would pay for the move from housing. For general or flag officer senior to Installation Commander, housing determination authority will be the USAF EC/CC or higher, as appropriate.

3.4.12.1.1. Waiting lists will be executed in the following order:

2.10.5.2. The only suitable, adequate FH for incumbent is geographically separated from the installation at which the K&E position assigned.
2.10.5.3. The incumbent owns or is purchasing housing in the local community at the time of assignment to the position. Incumbents with this waiver who subsequently apply for government housing are placed on the waiting list, compete with other members in their grade and bedroom category, and are not given priority assignment."
