Alternative Dispute Resolution

Breaking Barriers; Building Bridges

Do you have a dispute, conflict or misunderstanding with your supervisor, co-worker, or other colleague?

Alternative Dispute Resolution (ADR) can help civilian and military personnel resolve work related issues in a timely, private, and confidential manner; creating a professional work environment. A neutral third party can help members find common ground and reach an agreeable solution to resolve differences and/or misunderstandings.

To obtain the services of a mediator or for more information, contact the JB MDL ADR Manager at (609) 754-2255.
