This Directive states the mission, defines the command structure, and establishes the responsibilities for Air National Guard live Operational Training Infrastructure (OTI) facilities. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*; route AF Forms 847 from the field through the appropriate functional chain of command.

1. Mission. Live OTI provides a year-round, realistic training environment for units to enhance their combat capability while enabling users to conduct cost effective training that cannot be accomplished at home station. Live OTI provides facilities and multi domain support encompassing airspace, ground space, sea space enabling users to seamlessly integrate tactics essential for achieving the goals and objectives outlined in the National Defense Strategy (NDS). These facilities further Total Force Integration to support Air Task Force Construct, providing units with a multi-domain environment and an infrastructure capable of meeting pre-deployment training, certification, and validation requirements (IAW) Air Force Policy Directive (AFPD) 11-2, Aircrew Operations; Air Force Instruction (AFI) 11-2, Mission Design Series (MDS) Specific; DAFI 10-706, Electronic Warfare; AFI 10-201, Force Readiness Reporting; DAFMAN 32-1084, Standard Facility Requirements, DAFMAN 13-212 Range Planning and Operations. The four Air National Guard Combat Readiness Training Centers and additional live training elements are located as follows:

1.1. Combat Readiness Training Center (CRTC) and associated Air to Ground Range

1.1.1. Alpena CRTC (Grayling Range), Gulfport CRTC (Shelby Range), Savannah CRTC, and Volk Field CRTC (Hardwood Range)

1.2. The 174 Maintenance Group Detachment 1/Forward Operating Location

1.3. The 266th Range Squadron

1.4. Air to Ground Ranges

1.4.1. Adirondack, Airburst, Bollen, Jefferson, McMullin, Razorback, Smoky Hill, and Warren Grove

2. Command.

2.1. CRTC's report to their respective State JFHQ's for administrative control.

2.2. CRTC Commanders are responsible to their respective state Adjutant General.

2.3. The 174 MXG DET 1/FOL reports to 174ATKW.

2.4. The 266 RANS and non CRTC related ranges report to their respective Wings.

3. Responsibilities.

3.1. Provide ANG Wing Commanders and other visiting agencies operational training infrastructure to ensure units are trained and combat ready IAW wing mission tasking.

3.2. Perform operations IAW NGB A3/10T policies and procedures and other governing DoD, Air Force, and NGB directives, policies, and instructions as required.

3.3. CRTCs establish a training arena that approximates a deployed, combat-oriented operating location/target/electronic battlefield and provide a setting for mission brief/debrief capability, deployed training, exercises, evaluations, and inspections.

3.4. Ranges establish training arenas that approximate the combat-oriented operating target/electronic battlefield.

3.5. The 174MXG DET 1 provides effective combat readiness training to Combat Air Force (CAF) and Total Force units across aircraft maintenance, support, and aircrew combat training.

3.6. The 266 Range Squadron supports the DoD with threat emitter training and air battle management for US and coalition warfighters.

4. The NGB Air, Space, and Operations, OTI, Exercises Division (A3/10T). The NGB Air, Space, and Operations, OTI, Exercises Division (A3/10T) is designated the office of primary responsibility (OPR) for Live OTI and will provide policy and guidance to Training Centers for ANG requirements and coordinate CRTC issues with other ANG directorates through an ANG level working group.

Keith G. McDonald, Major General, USAF
Commander, ANGRC
