1. Mission. The Department of the Air Force, pursuant to Title 10 United States Code (U.S.C.) §§ 9011 and 9013, is organized under the Secretary of the Air Force (SecAF) who is appointed from civilian life by the President with the advice and consent of the Senate. It operates under the authority, direction, and control of the Secretary of Defense (referred to as Secretary of War) to prepare and provide air, space, and cyberspace forces for prompt and sustained combat operations, military engagement, and security cooperation in defense of the Nation, and to support the other Military Services and joint forces. The HQ DAF is the executive part of the Department of the Air Force, pursuant to 10 U.S.C. § 101, that supports and assists the SecAF in carrying out his or her responsibilities including the administration of the Department's activities, personnel, and organizations.

2. Organizational Relationships. The SecAF reports to the Secretary and Deputy Secretary of War. The chain of command for purposes other than operational direction of forces assigned to Combatant Commands, runs from the President through the Secretary of War to the SecAF and, as prescribed by SecAF, to the commanders of air and space forces. The commanders of all U.S. Air Force Major Commands report to the Chief of Staff of the Air Force and the commanders of all U.S. Space Force Field Commands report to the Chief of Space Operations.

2.1. The SecAF exercises authority, direction, and control primarily through senior officials appointed by the President and confirmed by the Senate, specifically, the Under Secretary of the Air Force, the Assistant Secretaries of the Air Force, and the General Counsel of the Department of the Air Force, as well as the Chief of the Staff of the Air Force and the Chief of Space Operations.

2.2. Except as expressly prohibited by law or the Secretary of War or the SecAF, the Under Secretary of the Air Force has full power and authority to act for the SecAF and to exercise the powers of the SecAF upon all matters concerning which the SecAF is authorized to act pursuant to law.

2.3. The Chief of Staff of the Air Force and the Chief of Space Operations are the principal military advisors to the SecAF. Except as otherwise prescribed by law, the Chief of Staff of the Air Force and the Chief of Space Operations perform their duties under the authority, direction, and control of the SecAF and are directly responsible to the Secretary. The Chief of Staff of the Air Force and the Chief of Space Operations also are members of the Joint Chiefs of Staff and are responsible to the President and the Secretary of War for the functions assigned to them when acting in their capacity as the Joint Chiefs of Staff. To the extent it does not impair independence in the performance of their duties as members of the Joint Chiefs of Staff, the Chief of Staff of the Air Force and the Chief of Space Operations will inform the Secretary regarding military advice rendered as members of the Joint Chiefs of Staff on matters affecting the Department of the Air Force.

2.4. The National Guard Bureau is a joint activity of the Department of Defense (referred to as Department of War). For matters pertaining to the responsibilities of the Department of the Air Force, the Secretary of War exercises authority, direction, and control over the National Guard Bureau through the SecAF.

2.5. The HQ DAF, pursuant to 10 U.S.C. §§ 9014, 9031, and 9083, is composed of the Office of the Secretary of the Air Force (known as the Secretariat), the Air Staff, and the Office of the Chief of Space Operations (known as the Space Staff) to assist the SecAF in carrying out the responsibilities of the Secretary.

2.5.1. Principal officials, their offices, and other entities of the HQ DAF, as described in **Attachment 2**, will cooperate and collaborate with each other to assist the SecAF, the Under Secretary of the Air Force, the Chief of Staff of the Air Force, and the Chief of Space Operations in carrying out their responsibilities and to exercise the authority, direction, and control of the SecAF effectively, efficiently, and economically.

2.5.2. The Secretariat is the integrator for the Department of the Air Force, aligning the activities of the U.S. Air Force and U.S. Space Force into Departmental plans, policies, programs, and budgets. Each Secretariat principal official is responsible to integrate within delegated authorities and functional areas. When there is no Secretariat official or office clearly established for a function, the lead principal officials from the Air Staff and Space Staff are responsible for producing an integrated solution.

3.5.3. The SecAF may assign aspects of research and development related to military requirements and test and evaluation to the Air Staff and Space Staff.

3.5.4. The vesting in the Secretariat of the responsibility to perform the functions specified in **paragraph 3.5.2** does not preclude other elements of the HQ DAF from providing advice or assistance to the Chief of Staff of the Air Force and the Chief of Space Operations or otherwise participating in that function within the HQ DAF under the direction of the Secretariat principal official assigned responsibility for that function.

3.6. **The Air Staff.**

3.6.1. Within their areas of responsibility, Air Staff principal officials are responsible for developing and recommending, through the appropriate Secretariat principal official, policies for SecAF approval, developing plans and programs to implement approved policies, and supervising the execution of those plans and programs within the U.S. Air Force.

3.6.2. Under the authority, direction, and control of the SecAF and as presided over by the Chief of Staff of the Air Force, the Air Staff will:

3.8. **Delineation of Responsibilities.** To the extent permitted by law, the SecAF will prevent duplication of functions within the HQ DAF. Officials with complementary responsibilities will coordinate their roles and activities to avoid unnecessary overlap and ensure accountability.

4. Assignments of Responsibility and Delegations of Authority. The SecAF may assign responsibility and may delegate authority for areas essential to the effective administration of the Department of the Air Force to and among HQ DAF principal officials. Assignments of responsibility and delegations of SecAF's authority should be consistent with Public Law 99-433, *Goldwater-Nichols Department of Defense Reorganization Act of 1986*, which was intended, in part, to strengthen and clarify civilian responsibility and authority in the Department of War. Accordingly, as well as to integrate the military advice and assistance provided to the SecAF and otherwise enhance the effectiveness of strategic decisions in pursuit of national security objectives and policies, the SecAF should first delegate authority to the Secretariat principal official responsible for a particular function, then redelegated to Air Staff or Space Staff principal officials or commanders, as necessary and otherwise consistent with law or Department of War policy. The HQ DAF principal officials to whom responsibilities are assigned and authorities delegated, unless otherwise restricted, may reassign responsibility and redelegate authority to other officials. Any reassignment or redelegation may further restrict or limit the responsibility or authority. Reassignments of responsibility and redelegations of SecAF authority must be in writing, legally defensible, consistent with applicable law and Department of War policy, and signed by the affected principal officials.

5. Order of Succession. Pursuant to 10 U.S.C. § 9017 and Executive Order 12909, if the SecAF dies, resigns, is removed from office, is absent, or is disabled, then the following person in the order designated (and who is not absent or disabled) will act for and exercise the powers of the SecAF until the President directs another person to act or perform those duties or until the absence or disability ceases: Under Secretary of the Air Force, the Assistant Secretaries of the Air Force (in the order in which they have been appointed to such office or if the same appointment date then by the order in which they have taken the oath to serve in that office), the General Counsel of the Department of the Air Force, Chief of Staff of the Air Force, or Chief of Space Operations. No person who is serving in the previously listed positions in an acting capacity, was not appointed by the President with the advice and consent of the Senate or is otherwise ineligible to so serve per the Federal Vacancies Reform Act of 1998 will act as SecAF.
