This publication supplements AFI 32-6000, *Housing Management,* through the identification of Key and Essential (K&E) positions as defined by the 55th Wing Commander. The supplement supersedes all previous guidance regarding housing requirements as they pertain to K&E personnel at Offutt Air Force Base (AFB). The instruction applies to all personnel assigned to Offutt AFB, including United States Strategic Command (USSTRATCOM). This publication does not apply to the Air Force Reserve or Air National Guard units and members. Designated K&E personnel will be required to reside on the installation as a condition of employment in the interest of maintaining constant mission readiness. Refer recommended changes and questions about this publication to the OPR using the DAF Form 847, *Recommendation for Change of Publication;* route DAF Forms 847 from the field through the appropriate functional chain of command. The authority to waive non-tiered compliance items in this publication is the Commander, Offutt AFB. Submit requests for waivers through the chain of command to the publication OPR for consideration. Ensure that all records created via processes prescribed in this publication are maintained in accordance with AFI 33-322*, Records Management and Information Governance Program*, and disposed of in accordance with Air Force Records Information Management System Records Disposition Schedule (RDS). This publication may be supplemented at any level, but all supplements must be routed to the OPR of this publication for coordination prior to certification and approval.
