This revision updates the previous base operating instruction dated 31 March 2009 to correspond with current guidance.

1.10.1. **(RAMSTEIN)** The 786 Force Support Squadron (FSS) is responsible for administering the Casualty Services Program on Ramstein Air Base. All functions of the Casualty Services Program are managed and controlled by the Casualty Assistance Representative (CAR). The 786 FSS/CC will ensure a Casualty Augmentation Support Team (CAST) is appointed to support and assist the CAR.

1.11.1.1.1. **(RAMSTEIN) Installation Command Post will:**

1.11.1.1.1.1. **(RAMSTEIN)** Immediately notify the CAR, in accordance with appointment letter on file, when an Active Duty (AD) casualty occurs and the member is assigned to Ramstein Air Base. The Air Force Personnel Center Casualty Services Branch (AFPC/DPFCS) may also direct the Ramstein CAR to provide support for AD casualties not assigned to Ramstein Air Base, but whose Next of Kin (NOK) are in the assigned casualty area. Casualty includes AD members who are declared dead, Seriously Ill (SI), Very Seriously Ill (VSI), Duty Status Whereabouts Unknown (DUSTWUN), or missing.

1.11.1.1.1.2. **(RAMSTEIN)** During nonduty hours, if the Casualty stand-by phone cannot be reached, contact the 786 FSS/CD or designated individuals on the casualty stand-by roster.

1.11.1.1.1.5. **(RAMSTEIN)** Notify the CAR when an aircraft incident occurs, both on and off base, even if no casualties occur.

Contact the 86 AW/CP for CAR contact information after duty hours. Assist in positive identification of a casualty, when required. Ensure rumor control to the fullest extent possible until all NOK have been notified.

1.11.1.1.2.2. **(RAMSTEIN)** Prepare initial and subsequent circumstance/condolence letters as required by AFI 36-3002, **Paragraph 5.2.** and **Paragraph 5.12.** respectively, for mailing to the NOK listed in the Relative Information blocks of the deceased virtual Record of Emergency Data (vRED). Coordinate the letters through the CAR before release. The letters are required only if the commander did not make the notification in person. **Note:** If death is due to a military aircraft accident, the CAR will coordinate letters through Wing Safety and Legal.

1.11.1.1.2.3. **(RAMSTEIN)** Only after coordination and training with the CAR, perform duties as the Casualty Notification Officer for casualties assigned to the unit whose NOK reside in the area as required per AFI 36-3002, **Paragraph 3.9.3.2.**

1.11.1.1.2.7. **(RAMSTEIN)** If a qualified family member dies, ensure the member is advised of the opportunity to apply for a humanitarian reassignment. Discuss humanitarian reassignment with the member at an appropriate time and place.

1.11.1.1.2.8. **(RAMSTEIN)** Immediately upon approval of Emergency Family Member Travel (EFMT) orders, request a family liaison officer (FLO) be appointed for the arriving NOK, and relay the FLO's contact information to the CAR. The appointed FLO, along with the member's unit, is responsible for duties contained in AFI 36-3002, **Paragraph 2.27.4.3.2.**
