3.8.2. DHA will be utilized as the appointing authority for current Permanent Air Force (AF) employees, to Non-Bargaining Positions, regardless of Grade/Broadband level.

3.8.2.1. While External Candidates may apply for these positions, consideration should be extended to Internal Candidates first.

3.8.3. DHA, as an appointing authority, will primarily be utilized for bargaining positions that have been deemed to have an unsatisfactory internal candidate pool available.

3.8.3.1. An internal candidate pool exists if there are internal Air Force (AF) employees on a position with a target grade lower than the position being filled. *Example: if filling a WG-10, employees with a target grade of WG-09, or lower, must be considered before sourcing externally.*

3.8.4. Internal Traditional recruitment through USA Jobs must first be utilized, and yield unsatisfactory results, before sourcing a Bargaining Unit position through DHA.

3.8.4.1. To obtain approval for an exception, documentation provided to OO-ALC/OBM must include, at a minimum, the USA Jobs Certificate, Completed Hiring Matrix, Resume Screening Criteria, and sufficient justification on why the certificate did not yield a suitable candidate pool.

3.8.4.2. All exceptions will be evaluated on a case-by-case basis, and approval to source externally for one fill does not extend its approval for subsequent fills. Justification will be provided by the HRL with approval of Group CL/DD for review and final approval by the OO-ALC/OBM or OO-ALC/OB Chief.

4. Vacancy Announcement and Public Notices:

4.1. Traditional internal job announcements are posted by AFMC/A1K-OL and candidates apply through USA Jobs for bargaining position fills, unless otherwise approved to go DHA by OO-ALC/OBM.

4.1.1. Traditional Status-Candidate (for internal employees and other special eligibilities) registers are valid for 120 days. If a valid register exists, the referral certificate WILL be issued to the manager from the 120-day register. Certificates consisting of 12 or more qualified and eligible applicants are considered a valid certificate. If no selection is made, the RPA will be cancelled and start the clock for a waiting period of 120 days, until re-announcement, will apply. If no selection is made from a register containing less than 12 eligible applicants, managers may elect to re-announce the position.

4.1.2. A request to re-announce a position prior to the register expiration requires justification from the Selecting Supervisor, demonstrating that the current register does not have a sufficient candidate pool. The justification must be approved by Group CC/CL or designee, with the understanding that the organization is opting out of goal timelines for the hiring process. Approval must be provided to OO-ALC/OBM who will coordinate with Staffing for the new announcement. Should a conflict arise, AFMC/A1K-OL Director is the deciding official.

4.2. Vacancies filled through Direct Hire Authority (DHA) and Expedited Hiring Authority (EHA), also known as Salesforce requisitions, are advertised on the AF Civilian Careers website (AFCivilianCareers.com) or the AFSC Job Board (**https://usaf.dps.mil/teams/TMCA19297/SitePages/AFSC-Job-Board.aspx**) IAW AFMC and AFSC DHA guidance. Applicants can browse and apply for open positions on this platform until the specified closing date.

4.2.1. Salesforce requisitions/AFSC Vacancy Postings/public notices will be drafted and posted by OO-ALC/OBM DHA Team HRLs. OO-ALC/OBM will send notice of open requisitions, via email, to all HRLs for distribution.

4.2.2. External resumes can be submitted at any time to **OO-ALC.Staff.Recruiting@us.af.mil**.

4.2.3. Salesforce derived certificates may be utilized up to 90 days from the announcement date, depending on exhaustion of the quality of candidate pool, as approved by OO-ALC/OBM. Candidates should be encouraged to apply for all vacancies, per the series and grade, regardless of duty location listed at the time of announcement.

4.2.4. Salesforce requisitions/AFSC Vacancy Postings/public notices will not be amended once advertised; if changes are requested, the action will be returned to announcement queue; thus, it is critical specifics are communicated to OO-ALC/OBM prior to announcement.

4.3. Additional candidates may not be added to the Referral Certificate by the Selecting Supervisor; candidates must apply/submit resume through the designated source in the job announcement or public notice and referred by OO-ALC/OBM. Thus, ample advertisement and communication to potential candidates must commence prior to announcement closing date.

4.4. Non-Competitive reassignments for NH-04 and NH-03/NJ-04 supervisory positions must be approved by the Human Capital Development (HCD) board. Out-of-cycle requests requiring approval may be submitted via email to OO-ALC/OBM.

4.4.1. All other non-competitive reassignments will be approved by Group Commander, Director, or Deputy Director and provided to HRL for RPA processing.

5.1.1.3. Recommend utilizing the *'Resume Score'* tab selecting official comments column as much as possible for scoring justification.

5.1.2. Upon submission of selection, documentation must be included on the Hiring Matrix and justification provided to OO-ALC/OBM if the selecting official bypasses a candidate for interview or selection.

5.1.3. The OO-ALC Hiring Matrix is designed for a 1/3 resume score and 2/3 interview score. Thus, the maximum resume and interview points must be utilized according to the issued Hiring Matrix point system.

5.1.4. OBM will conduct all external DHA resume reviews and determine minimally qualified candidates to be scheduled for an interview.

5.2. For functionally aligned positions, Supervisors must follow the functional office's guidance and required coordination IAW AFMCI 36-2645.

5.3. It is critical for Selecting Supervisors to contribute positively to hiring process timelines by conducting timely pre-screening and scheduling interviews immediately. Thus, extensions to the 10-day suspense to make selections must be approved by Group Commander, Director, Deputy Director, or MXDS and sent to OO-ALC/OBM HRL for further action.

5.3.1. Traditional fill extensions up to 5 additional calendar days will require approval from AFMC Staffing. Anything >5- day extension requires AFSC/A1 approval.

5.3.2. DHA and EHA fill extension approvals will add up to 5 additional calendar days. Anything >5-day extension requires OO-ALC/OBM approval.

6. Interviews:

6.1. Competition and interviews are required for all recruit fills. Reassignments must follow Master Labor Agreement (MLA), if applicable, and **Chapter 4** of this instruction.

6.1.1. Exception: Professional degree required positions functionally aligned to EN and Cybersecurity positions functionally aligned to COS may be processed as a By-Name-Request (BNR) using the Competitive DHA/EHA BNR personnel action type within MAT.

6.1.3. To waive interviews for Lead and Supervisory positions, OO-ALC/CC/DD/CV approval is required. The request must be sent by eSSS, with Group Commander, Director, or Deputy Director concurrence (not to be further delegated) to OO-ALC/OBM for coordination.

6.1.4. Approval to waive the panel interview does not preclude the requirement to complete the Hiring Matrix – Mandatory for all fills, without exception.

6.2. If interviews are conducted the panel should be just, fair, and equitable, i.e., the same screening criterion, interview questions, and time allotted for response must be the same for all applicants. Electronic methods to accommodate candidates out of the local area is encouraged.

6.2.1. Interview questions and score weighted value will be included in the Hiring Matrix submission.

6.2.2. All applicants will be given equal consideration and opportunity.

6.2.3. Resume screening criteria, interview questions, and cut-off line for number of interviewees must be clearly indicated within the Hiring Matrix.

6.3. Hiring panel must include the following:

6.3.1. Member outside the position's Supervisory chain.

6.3.1.1. At a minimum one panel member must from outside of the squadron or unit. OO- ALC/DD recommends the panel chair seeks an outside panel member from customer base. *Example: A personnel support office would benefit from having an MXDS Supervisor on the panel; or a Program Office Supervisor would likely provide valuable insight for a production squadron supporting that Program Office's workload.*

6.3.1.1.1. Exception: GSU's that are unable to secure a panel member from outside the Squadron or Unit to participate in person or virtually, may utilize a panel member from outside of the flight of the position being filled.

6.3.1.2. Functional Member: Positions functionally aligned IAW AFMCI 36-2645, Senior Functional Roles and Responsibilities, require at least one panel member to be functionally aligned to the position (Reference: UMD, Position Structure Code (PSC).

6.3.2. Hiring and interview panels may not include members in the organization that are subordinate to the position being selected.

6.3.3. Panel members must be equal to or senior in grade/role than the position being filled.
