Air Force Job Qualification Standard (AFJQS)
Special Tactics Materiel Management
(2S0X1)

ACCESSIBILITY: Publications and forms are available on the e-publishing website at www.e-publishing.af.mil for downloading or ordering.

RELEASABILITY: There are no releasability restrictions on this publication.

OPR: HAF/A4LR
Certified by: CMSgt Jilam D. Dickson, HAF/A4LR
Supersedes: AFJQS2S0X1-2, 1 October 2023
Pages: 12

1. PURPOSE. This AFJQS identifies competency requirements for individuals performing duties within a special tactics unit. This must be used to develop the master training list for Special Tactics Materiel Managers and any individual training plan. This AFJQS will be available on the Air Force e-Publishing Site and TBA 2.0. This AFJQS will remain in effect until superseded or rescinded.

JOB QUALIFICATION COMPETENCY MODEL

Competency	Sub-Competency	Sub-Competency Description
MANAGE SOCOM EQUIPMENT	SOCOM ELMS	LEVEL(S)
SPECIAL OPERATIONS FORCES EQUIPMENT ADVANCED REQUIREMENTS (SPEAR)	SPEAR STRUCTURE AND CAPABILITIES	SPEAR REPORTS
USSOCOM FINANCIAL LIABILITY INVESTIGATION OF PROPERTY LOSS (FLIPL)	FLIPL Process	PUBLICATION AND FORMS
JOINT OPERATING STOCKS (JOS)	JOS LIFE CYCLE	PUBLICATION AND FORMS

2. TASK QUALIFICATION. Personnel will be qualified to the GO/NO GO standard for all tasks listed in this AFJQS. GO means the individual can perform/identify the task, without assistance, utilizing appropriate instructions, training references, or other procedural guidance. If the required training listed in Part II of this AFJQS is provided, a supervisor/trainer from the 2S0 functionality will complete the trainer's block to document training completion. The behavior match column connects each training requirement to specific behaviors from the job qualification competency model. For ease of use, the required behaviors from the competency models are numbered and included in each section sub-header. This helps to identify how the training received directly contributes to developing the knowledge, skills, and abilities expected within the AFSC.

3. ADDITIONAL DUTY or TASK. If personnel are assigned an additional duty or task not listed in this AFJQS, the supervisor will develop an AF IMT 797, Job Qualification Standard Continuation/ Command JQS. The supervisor/trainer will then develop a plan for the UDM to receive training and become qualified for that duty position.

4. TRAINING DOCUMENTATION AND TRAINER/CERTIFIER IDENTIFICATION. Document training required by this AFJQS in accordance with DAFMAN 36-2689, Training Program. All trainers authorized to sign off tasks in Part II of this AFJQS will be identified in the identification block of this AFJQS. Trainer(s) and trainee(s) will use this AFJQS in conjunction with the Airman's respective Air Force Specialty Code (AFSC) Career Field Education and Training Plan (CFETP). Dual documentation is not required if the competency task is already accomplished for the member's primary AFSC. Training is to be conducted by the Airman's supervisor or applicable subject matter expert.

5. This AFJQS has been coordinated with all applicable CFMs. Overall POC for this AFJQS is HAF/A4LR, DSN 223-5021, AF.A4LRM.Workflow@us.af.mil.

JILAM D. DICKSON, CMSgt, USAF

PART I. AFJQS SPECIAL TACTICS MATERIEL MANAGEMENT TASK LIST

TOPIC		COMPLETION				
Task Number	Tasks, Knowledge and Technical References	Behavior Match	Start Date	Complete Date	Trainee Initials	Trainer Initials
1.	**MANAGE SOCOM EQUIPMENT**					
1.1.	**Enterprise Logistics Management System (ELMS)** **Description:** Enterprise Logistics Management System (ELMS) is application used to manage equipment **Supporting Competencies:** Accountability, Communication, System Management **References:** AFSOC/A4RM SOCOM ENTERPRISE LOGISTICS MANAGEMENT SYSTEM (ELMS)/USSOCOM DIRECTIVE 700-2/AFSOCI 23-111) *Criteria: Depth of Knowledge / Established practices with some workplace elements*					
1.1.1.	**Enterprise Logistics Management System (ELMS) (BASIC)** **Required Behaviors:** 1) Navigate and process transactions through Enterprise Logistics Management System (ELMS) 2) Identify roles and responsibilities as an equipment manager *Criteria: Depth of Knowledge / Established practices with some workplace elements*					
1.1.1.1.	Complete ELMS Training and Gain System Access	2				
1.1.1.2.	Perform an Asset Inquiry to locate specific equipment records	1				
1.1.1.3.	Process the receipt of new or transferred equipment	1				
1.1.1.4.	Process the return of equipment to the issuing agency	1				
1.1.1.5.	Attach Key Supporting Documents (KSDs) to equipment records	1				
1.1.2.	**Enterprise Logistics Management System (ELMS) (INTERMEDIATE)** **Required Behaviors:** 1) Manage equipment accountability and troubleshoot common data discrepancies. *Criteria: Depth of Knowledge / Established practices with some workplace elements*					
1.1.2.1.	Update the Date-of-Last-Inventory (DOLI) for assigned assets	1				
1.1.2.2.	Process the transfer of equipment to another custodian or account	1				

1.1.3.	**Enterprise Logistics Management System (ELMS) (ADVANCED)** **Required Behaviors:** 1) Oversee and manage complex equipment processes and validate system data integrity. *Criteria: Depth of Knowledge / Established practices with some workplace elements*					
1.1.3.1.	Oversee the end-to-end Repair & Return process for unserviceable assets.	1				
1.1.3.2.	Audit and validate Capital Asset Depreciation data for financial reporting.	1				
1.1.3.3.	Serve as a trainer for personnel on Basic and Intermediate ELMS tasks.	1				
1.1.3.4.	Found on Base (FOB) Process	1				
1.1.4.	**Enterprise Logistics Management System (ELMS) (EXPERT)** **Required Behaviors:** 1) Act as a subject matter expert, providing authoritative guidance, analyzing systemic trends, and designing unit-wide logistics plans *Criteria: Depth of Knowledge / Established practices with some workplace elements*					
1.1.4.1.	Analyze systemic inventory trends and recommend process improvements to leadership.	1				
1.1.4.2.	Develop and implement a comprehensive plan to remedy equipment shortages and overages.	1				
1.2.	**ROLES AND RESPONSIBILITIES** **Description:** **Supporting Competencies:** Accountability, Communication, System Management **References:** *Criteria: Depth of Knowledge / Established practices of all workplace elements*					
1.2.1.	**ROLES AND RESPONSIBILITIES (BASIC)** **Required Behaviors:** 1) Identify and describe the primary duties involved in property accountability. *Criteria: Depth of Knowledge / Established practices of all workplace elements*					
1.2.1.1.	Describe the basic duties and daily requirements of a Property Custodian (PC).	1				
1.1.2.2.	Explain the process, oversight scope, and legal role of an Accountable Property Officer (APO)	1				

1.2.3.	**ROLES AND RESPONSIBILITIES (ADVANCED)** **Required Behaviors:** 1) Understand, articulate, and audit the administrative and oversight differences within the property system. *Criteria: Depth of Knowledge / Established practices of all workplace elements*					
1.2.3.1	Explain the Accountable Property System of Record Administrator (APSR ADMIN) role and its impact on unit-wide data integrity	1				
1.2.3.2	Differentiate the responsibilities, liabilities, and approval authorities between a PC, APO, and APSR Admin	1				
1.2.4.	**ROLES AND RESPONSIBILITIES (EXPERT)** **Required Behaviors:** 1) Provide authoritative guidance on the application of roles and responsibilities in complex, multi-echelon deployment scenarios. *Criteria: Depth of Knowledge / Established practices of all workplace elements*					
1.2.4.1.	Develop and document local operating procedures defining the interaction, handoffs, and audits between PCs, APOs, and other logistics personnel	1				
2.	**SPECIAL OPERATIONS FORCES EQUIPMENT ADVANCED REQUIREMENTS (SPEAR)**					
2.1.	**SPEAR STRUCTURE AND CAPABILITIES** **Description:** The fundamentals and usage of SPEAR **Supporting Competencies:** Accountability, Communication, System Management **References:** SPEAR BUSINESS RULES/USSOCOM D 700-26/AFSOCI 23-100 *Criteria: Consistence of application / Sustained application of competency over time in complex situations*					
2.1.1.	**SPEAR STRUCTURE AND CAPABILITIES (BASIC)** **Required Behaviors:** 1) Perform fundamental systematic functions within SPEAR Navigate the virtual interface and execute fundamental transactional functions within SPEAR. 2) Demonstrate proficiency assessment and validate SPEAR Report 3) Demonstrate use of scanner and troubleshoot degradations. *Criteria: Consistence of application / Sustained application of competency over time in complex situations*					
2.1.1.1.	Access the Virtual Warehouse and navigate its main menu, search, and help functions.	1				
2.1.1.2.	Create and submit a new standard equipment requisition.	1				
2.1.1.3.	Pull, verify, and manage individual clothing records (ICR).	1				
2.1.1.4.	Issue/Cancel Items	1				
2.1.1.5.	Accept/Disapprove Equipment Transfer	1				
2.1.1.6.	Analyze Drumbeat Report	1				
2.1.1.7.	Manage Quarterly Validation	1				

2.1.1.8.	Manage Turn-in Directives (Program Manager Office (PMO) Report)	1				
2.1.1.9.	Assess Activity Register Report	2				
2.1.1.10.	Assess Authority Listing Report	2				
2.1.1.11.	Manage Backorder Listing Report	1				
2.1.1.12.	Assess Clothing Records Requiring Digital Signature Report	2				
2.1.1.13.	Assess Audit Commodity Report	2				
2.1.1.14.	Validate Consumable Demand History Report	2				
2.1.1.15.	Validate Consumable Inventory Report	2				
2.1.1.16.	Analyze Delinquent Requisition Report	1				
2.1.1.17.	Analyze Disposal Report	1				
2.1.1.18.	Assess Equipment Issued Report	2				
2.1.1.19.	Manage Equipment on Order Report	1				
2.1.1.20.	Assess Fielding Report	1				
2.1.1.21.	Manage Found on Base (FOB)	1				
2.1.1.22.	Manage Bundle Content Report	1				
2.1.1.23.	Manage Non-Destructive Inspection (NDI) Reports	1				
2.1.1.24.	Analyze Service Member Requisition Extract Report	1				
2.1.1.25.	Validate Sizing Data Report	2				
2.1.1.26.	Validate Person Sizes	2				
2.1.1.27.	Assess Total for Sustainment Report	2				
2.1.1.28.	Assess Unit Readiness Report	2				
2.1.1.29.	Assess Unit Readiness Report - Administrator	2				
2.1.1.30	Program Scanners	3				
2.1.1.31.	Missing/Unreadable Serial Numbers	3				
2.1.1.32.	Research SPEAR Business Rules	1				
2.1.1.33.	Research AFSOCI 23-100	1				
2.1.1.34.	Research USSOCOM D 700-26	1				

2.1.2	**SPEAR STRUCTURE AND CAPABILITIES (INTERMEDIATE)** **Required Behaviors:** 1) Process and analyze routine warehouse transactions, transfers, and turn-ins. 2) Understand roles and responsibilities of the Admin UME Module within SPEARS 3) Demonstrate knowledge of Special Operations Forces Support Activity (SOFSA) transactions *Criteria: Consistence of application / Sustained application of competency over time in complex situations*					
2.1.2.1	Pull, process, and analyze Virtual Warehouse data for equipment transfers, disposals, and Return-to-Stock (RTS)	1				
2.1.2.2.	Use the Transfer Review Page to monitor and action pending outbound and inbound transfers	1				
2.1.2.3.	View and audit the historical transfer timeline for a specific asset or custodian account	1				
2.1.2.4.	Process disposals/turn-ins IAW current DLA and SOCOM	1				
2.1.2.5.	Adding UME - If Given Access	2				
2.1.2.6.	Adding Equipment List to UME (Admin) - If Given Access	2				
2.1.2.7.	Editing UME Information (Admin) - If Given Access	2				
2.1.2.8.	Account for all serialized assets	1				
2.1.2.9.	Submitting Trouble Ticket	2				
2.1.2.10.	Viewing Submitted Trouble Ticket	2				
2.1.2.11.	Trouble Ticket Report – SPEAR Ticket Processor Only	2				
2.1.2.12.	Initiating a Return to Special Operations Forces Support Activity (SOFSA) - Virtual Warehouse Managers	3				
2.1.2.13.	SOFSA User Accepting an RTS Discrepancy	3				

2.1.3.	**SPEAR STRUCTURE AND CAPABILITIES (ADVANCED)** **Required Behaviors:** 1) Manage and analyze complex warehouse functions, catalog hierarchies, and physical-to-virtual inventories. *Criteria: Consistence of application / Sustained application of competency over time in complex situations*					
2.1.3.1.	Analyze and reconcile discrepancies within the Virtual Warehouse Inventory Record against physical counts	1				
2.1.3.2.	Analyze catalog data, NSN changes, and unit allowances to prepare	1				
2.1.4.	**SPEAR STRUCTURE AND CAPABILITIES (EXPERT)** **Required Behaviors:** 1) Develop, implement, and oversee strategic warehouse operations and resolve complex structural lifecycle issues. *Criteria: Consistence of application / Sustained application of competency over time in complex situations*					
2.1.4.1.	Develop and execute a unit-level lifecycle strategy for SPEAR assets from initial requisition through field deployment to final disposal	1				
3.	**USSOCOM FINANCIAL LIABILITY INVESTIGATION OF PROPERTY LOSS (FLIPL)**					
3.1.	**Description:** FLIPL Process **Supporting Competencies:** Accountability, Communication, Decision Making **References:** USSOCOM DIRECTIVE 700 24/DOD 7000.14-R *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
3.1.1.	**USSOCOM FINANCIAL LIABILITY INVESTIGATION OF PROPERTY LOSS (FLIPL) (BASIC)** **Required Behaviors:** 1) Describe the fundamental purpose, triggers, and responsibilities involved in initiating a FLIPL. *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
3.1.1.1.	Describe the role and administrative duties of the Responsible Officer in initiating a FLIPL	1				
3.1.1.2.	Research USSOCOM D 700-24	1				
3.1.1.3.	Research DoD 7000.14-r, Volume 12, Chapter 7	1				
3.1.1.4.	Review DD Form 200	1				
3.1.1.5.	Understand DD Form 200 Processing Time Segments	1				

3.1.2	**USSOCOM FINANCIAL LIABILITY INVESTIGATION OF PROPERTY LOSS (FLIPL) (INTERMEDIATE)** **Required Behaviors:** 1) Explain the exact workflow, paths of documentation, and statutory timelines of all key personnel involved in a FLIPL. *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
3.1.2.1	Understand MAJCOM (AFSOC/A4RM) role	1				
3.1.2.2.	Understand the Wing FLIPL Program Manager's monitoring and processing responsibilities	1				
3.1.2.3.	Understand investigative duties and legal constraints of the Financial Liability Officer (FLO)	1				
3.1.2.4.	Differentiate between the decision-making authorities of the Approving Authority and the Appointing Authority	1				
3.1.3.1.	Map and coordinate the end-to-end routing process using the (CSP) e-FLIPL system.	1				
3.1.3.2.	Review/validate, information on a DD Form 200 (Financial Liability Investigation of Property Loss)	1				
3.1.3.3.	Research USSOCOM D 700-24 and DoD 7000.14-R to resolve liability disputes and appeals.	1				
3.1.4.	**USSOCOM FINANCIAL LIABILITY INVESTIGATION OF PROPERTY LOSS (FLIPL) (EXPERT)** **Required Behaviors:** 1) Provide authoritative legal and regulatory guidance on FLIPL processing segments, appeals, and complex liability cases. *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
3.1.4.1.	Advise senior unit leadership on complex, high-value FLIPL investigations and monitor compliance with strict statutory processing timelines.	1				
4.	**JOINT OPERATING STOCKS (JOS)**					
4.1.	**Description:** Electronic tracking and lifecycle management containing repair, expiration, and accountability of Joint Operating Stock assets. **Supporting Competencies:** Accountability, Communication, Decision Making **References:** USSOCOM DIRECTIVE 70 8/AFSOCI 23-170 *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					

4.1.1.	**JOINT OPERATING STOCKS (JOS) (BASIC)** **Required Behaviors:** 1) Explain the fundamental purpose, scope, and basic custodian duties associated with borrowing JOS *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
4.1.1.1.	State the strategic purpose and operating rules of Joint Operating Stocks (JOS)	1				
4.1.1.2.	Identify the primary duties of the Property Custodian when receiving and storing JOS items.	1				
4.1.1.3.	Research USSOCOM D 70-8	1				
4.1.1.4.	Research AFSOCI 23-170	1				
4.1.2.	**JOINT OPERATING STOCKS (JOS) (INTERMEDIATE)** **Required Behaviors:** 1) Demonstrate proficiency in executing routine transaction processes, handoffs, and schedule tracking for JOS loans. *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
4.1.2.1	Initiate and submit a formal JOS equipment loan request through proper channels.	1				
4.1.2.2.	Establish and monitor a tracking timeline for borrowed JOS assets to prevent overdue returns	1				
4.1.3.	**JOINT OPERATING STOCKS (JOS) (ADVANCED)** **Required Behaviors:** 1) Manage non-routine operations, exceptions, extensions, and disposal coordination for JOS assets. *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
4.1.3.1.	Draft and justify a formal loan extension request for active JOS assets based on operational requirements	1				
4.1.3.2.	Coordinate with programmatic stakeholders to request and process final disposition instructions for expired or damaged JOS assets	1				
4.1.4.	**JOINT OPERATING STOCKS (JOS) (EXPERT)** **Required Behaviors:** 1) Establish unit compliance oversight, train subordinates, and resolve systemic accountability issues for JOS integrations *Criteria: Consistence of application / Sustained application of competency over time in a variety of situations*					
4.1.4.1.	Enforce full APSR accountability standards and audit trails across the unit for all assigned JOS assets	1				
4.1.4.2.	Interpret regulatory guidance from USSOCOM D 70-8 and AFSOCI 23-170 to resolve multi-organization custodial conflicts	1
