BY ORDER OF THE
SECRETARY OF THE AIR FORCE

AIR FORCE MANUAL 13-1
BATTLE CONTROL CENTER (BCC)
VOLUME 2

11 MAY 2026

Nuclear, Space, Missile, or Command and Control Operations

BATTLE CONTROL CENTER (BCC) - EVALUATION CRITERIA

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

ACCESSIBILITY: This publication is available for downloading or ordering on the e-Publishing website at **www.e-Publishing.af.mil**.

RELEASABILITY: There are no releasability restrictions on this publication.

OPR: ACC/A3TV | Certified by: AF/A34

Supersedes: AFMAN 13-1 BCC Volume 2, 22 October 2020 | Pages: 76

This publication implements Department of the Air Force Policy Directive (DAFPD) 13-1, *Command and Control (C2) Enterprise*. This publication gives Standardization/Evaluation (Stan/Eval) examiners (SEE) and crewmembers performance standards and procedures for conducting positional evaluations. This publication applies to all civilian employees and uniformed members of the Regular Air Force, Air Force Reserve, and Air National Guard (ANG). It does not apply to the United States Space Force. This publication does not apply to Air Education and Training Command (AETC) formal training unit (FTU) operations. AETC may utilize this publication for reference to ensure equitable standards and commonality in development of evaluation criteria, policies, and programs. Ensure that all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed of in accordance with (IAW) the Air Force Records Disposition Schedule which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the Department of the Air Force (DAF) Form 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate functional chain of command. Major commands (MAJCOMs), Field Operating Agencies (FOAs), Headquarters Air Force (HAF) Direct Reporting Units (DRUs), and subordinate organizations may supplement this publication. MAJCOMs, FOAs, and DRUs will coordinate their supplements to this publication with the OPR for this publication before publishing; subordinate organizations will coordinate their supplements with parent organizations. The

authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, Table A10.1 for a description of the authorities associated with the Tier numbers. If delegated lower in general memorandum, T-2 is retained at ACC level to ensure uniformity of employment across the Weapons System. Submit requests for waivers through the chain of command to the appropriate tier waiver approval authority, or alternately to the publication OPR for non-tiered compliance items. For the purposes of this manual, Sector Commanders are equivalent to Wing Commanders (WG/CCs).

SUMMARY OF CHANGES

This updated manual incorporates substantial revisions and should be reviewed in its entirety. Evaluation areas have been updated to reflect the AFMAN 13-1GBMC2 Volume 2, *Ground Battle Management Command and Control (GBMC2) Standardization/Evaluation Program*, aligned evaluation areas. Qualification specific tables have been combined into one table. Separate chapters defining mission and qualification evaluations for each qualification have been condensed into one chapter.

Chapter 1

GENERAL INFORMATION

1.1. **General.** This volume, in conjunction with AFMAN 13-1GBMC2 Volume 2, *Ground Battle Management Command and Control (GBMC2) Standardization/Evaluation Program*, provides both the SEE and examinee with procedures and evaluation criteria for use during positional evaluations Initial Qualification (INIT), Qualification (QUAL), Mission Qualification (MSN), Requalification (RQ), Instructor (INSTR), and Spot Evaluations. Specific areas are prescribed to ensure an accurate assessment of the proficiency and capabilities of operations personnel. SEEs and examinees are to be thoroughly familiar with the prescribed rating criteria in both manuals.

1.1.1. The criteria apply to all Active Component, ANG, Air Force Reserve Command (AFRC), Combat Mission Ready (CMR), and Basic Mission Capable (BMC) operations crew members performing duties within the Battle Control Center (BCC) and DRUs. Throughout this AFMAN, Air Force Specialty Code 13B refers to Air Battle Manager (ABM), Air Force Specialty Code 1C5X1D refers to Weapons Directors (WDs), and Air Force Specialty Code 1C5X1 refers to Mission System Operator (MSO).

1.1.2. Offices of Collateral Responsibility (OCRs) for this publication are Pacific Air Forces (PACAF) Director of Operations (PACAF/A3) A3, National Guard Bureau Director of Operations (NGB/A3/10), AFRC Director of Operations, Strategic Deterrence, and Nuclear Integration (AFRC A3), and applicable Geographic Combatant Commands. All MAJCOMs, Service Component Commands (SCCs), Combatant Commanders (CCDR) must route all supplemental or evaluation related manuals for the BCC to the lead MAJCOM offices, Air Combat Command (ACC) Stan/Eval (ACC/A3TV) and carbon copy (Cc) ACC Command and Control, Intelligence, Surveillance and Reconnaissance (C2ISR) Operations Division (ACC/A3C), for coordination and approval prior to certification.

1.1.3. While units are transitioning from legacy qualifications to the qualifications outlined in this AFMAN, units will use **Attachment 3** for specific needs of legacy qualifications not covered in this volume (e.g., Surveillance Technician (ST), Air Surveillance Technician (AST), Air Weapons Officer (AWO), Senior Director (SD), and Mission Crew Commander (MCC)). The ability to supplement legacy crew positions expires on 1 July 2028 unless waived in writing by ACC Combat Integration Branch (ACC/A3CI) and ACC/A3TV.

1.1.3.1. WG/CCs will provide a memorandum to ACC/A3C with the updated unit conversion status 180 days after this document is published and recurring every 180 days thereafter unless directed otherwise by ACC/A3C.

1.1.3.2. The memorandum to ACC/A3C will contain the following information at a minimum: percentage of unit conversion completed, timeline to complete remaining unit conversion, roadblocks to conversion, and any additional support that is required to complete unit conversion.

1.2. **Roles and Responsibilities.**

1.2.1. **ACC Director of Operations (ACC/A3)** . ACC is designated Lead Command for the BCC. ACC/A3TV is the OPR for this volume and will:

1.2.1.1. Process and coordinate changes to this volume with user commands and forward for approval to Air Force (AF) Command and Control (AF/A34C).

1.2.1.2. Address time sensitive changes relating to risk of life, safety, property, or mission by AF Guidance Memorandum (AFGM). **(T-2)** Coordinate AFGM IAW Department of Air Force Instruction (DAFI) 90-160, *Publications and Forms Management* with NGB Operations Directorate (NGB A3/10), AFRC/A3, and relevant Geographic CCMDs so that appropriate guidance can be issued to those commands.

1.2.1.3. Provide overarching guidance and monitor the overall evaluation criteria.

1.2.1.4. Provide command assistance in the resolution of evaluation criteria problems.

1.2.1.5. Provide assistance, guidance, and resources to subordinate units for the implementation, direction, and monitoring of the evaluation criteria to include ACC-gained units.

1.2.2. **Offices of Collateral Responsibility (OCRs)** . NGB A3/10, AFRC A35, and applicable Numbered Air Forces (NAFs))/ SCCs are OCRs for this publication and will:

1.2.2.1. Route supplements to this volume to the ACC BCC Functional Manager (FAM) for coordination with ACC/A3C for review, endorsement, and formal coordination with AF Training and Force Management Directorate (AF/A34) for approval. **(T-2)**

1.2.2.2. Provide assistance, consultation, and support to ACC/A3TV and ACC/A3CI as the subject matter expert for Area of Responsibility (AOR) related requirements concerning evaluation criteria matters.

1.2.3. **Group Commanders (GP/CC) or equivalent** .

1.2.3.1. Manage unit Stan/Evals IAW AFMAN 13-1 GBMC2 V2 and this volume.

1.2.3.2. Conduct unit Stan/Evals IAW AFMAN 13-1 GBMC2V2 and this volume.

1.2.3.3. For organizations without a Group any item denoting an action or responsibility of the Group will automatically be elevated to the Wing.

1.2.4. **Squadron Commanders (SQ/CCs)** .

1.2.4.1. Ensure positional evaluations are conducted and documented IAW AFMAN 13-1 GBMC2V2 and this volume.

1.2.4.2. Ensure personnel/crews are evaluated to a level of mission/combat readiness that meets unit type code (UTC) mission capability statements and Missions Essential Task readiness requirements.

1.2.4.3. Ensure the Letter of Qualification/Certification (LoX) is maintained IAW AFMAN 13-1 GBMC2V2.

1.2.4.4. Ensure Qualification Transfers are executed IAW AFMAN 13-1 GBMC2V2.

1.3. **Supplements.**

1.3.1. **Supplement Review** . ACC/A3TV, in coordination with ACC/A3CI, will review and approve supplements. Supplements will not contain procedures that are contrary to this manual.

1.3.2. **Supplement Routing and Guidance** . Supplements will be forwarded through appropriate channels to the lead MAJCOM Weapons System FAM for review and coordination with ACC/A3TV for approval.

1.3.2.1. DRUs will specify their equivalent/unique duty positions and evaluation requirements in their unit supplement. **(T-2)**

1.3.2.2. Supplementary guidance will not be less restrictive than the basic publication but can be more restrictive. **(T-2)**

1.3.2.3. Supplemental guidance will not contradict the basic publication. **(T-2)**

1.4. **Waivers:** The waiver authorities for the guidance provided in this publication and the submission of waivers are IAW DAFMAN 90-161 guidance. All approved waivers to this volume must be sent to the Wing Inspector General office and ACC BCC FAM for retention and tracking. **(T-2)**

1.5. **Procedures**

1.5.1. **Evaluation Methods.** The primary methods of determining the examinees' level of job knowledge and proficiency are academic testing and observation of job performance. The questioning of examinees during the positional portion of the evaluation will be limited to items not determined by observation but related to the scenarios being employed for evaluation. **(T-3)**

1.5.2. Examiners shall conduct evaluations IAW AFMAN 13-1 GBMC2V2 and this document. **(T-2)** Examiners will only administer evaluations in skill sets they maintain a qualification, unless specifically authorized in this manual. **(T-3)**

1.5.2.1. Examiners will be qualified and current IAW the Ready Aircrew Program Tasking Memorandum (RTM) before performing positional evaluations. This excludes objectivity evaluations, as they are used to assess the skill of an examiner while administering an evaluation, requiring only a current certification as an examiner.

1.5.2.2. Evaluations, in whole or part, will not occur during operational missions in support of or executing CCDR Operations Plan (OPLAN), Contingency Plan (CONPLAN), or tasks.

1.5.3. **Evaluation Procedures** .

1.5.3.1. Prior to Evaluation. The SEE explains the purpose of the evaluation and how it is conducted. The examinee will accomplish all mission planning appropriate for the type of evaluation. **(T-3)**

1.5.3.2. During Evaluation. The SEE will evaluate the examinee’s performance for each graded area observed or discussed and note discrepancies when deviations from prescribed performance criteria occur during the evaluation. **(T-3)**

1.5.3.3. Post Evaluation. The SEE will match the examinee’s performance with the grading criteria and will assign an appropriate grade for each area. **(T-3)** The judgment of the SEE will be the determining factor in assigning an overall grade for the examinee's performance. **(T-3)** The SEE will consider cumulative momentary deviations. **(T-3)** The SEE will critique all aspects of the evaluation. **(T-3)** During this critique, the SEE will review the examinee's overall rating, specific deviations, area grades assigned, and any additional training which the examinee will be required to complete. **(T-3)**

1.5.3.4. The examiner will not occupy a crew position during the evaluation. **(T-3)**

1.5.3.5. Evaluations can be accepted between ACC and other MAJCOMs or Service Components IAW AFMAN 13-1 GBMC2V2. **(T-2)**

1.5.4. **Qualification Transfer** . Qualification transfers will be IAW AFMAN 13-1 GBMC2V2.

Chapter 2

EVALUATION REQUIREMENTS

2.1. **General.** All evaluations follow the guidelines set in AFMAN 13-1 GBMC2V2 and this volume. Evaluation requirements are depicted in each crew position's evaluation criteria section.

2.2. **Required Evaluation Areas.** Required evaluation areas are defined as all areas (and associated sub-areas) annotated with an "R" in **Table 4.1**. The examiner will evaluate the examinee's performance in all required areas. **(T-3)** In addition to the "R" annotation **Chapter 3** and **Table 4.1** incorporates qualification specific areas for ABM, WD, and MSO by annotating which qualification will be required to be evaluated for each specific evaluation area.

2.3. **Mission Profiles.** When conducting positional evaluations, the mission profiles used should accurately reflect the unit's wartime mission and Mission Essential Task readiness requirements, provide a realistic assessment of the examinee's skills, and evaluate the examinee's application of current tactics. The mission profile is preferred to be a 300 or 400 level but should be at a minimum level 200. Scenarios should strive to encompass higher levels of intensity than steady state or competition operations through execution of Battle Management Command and Control (BMC2) Functions. Reference AFI 10-401, *Aviation Management*, for descriptions of Level 100-400 events.

2.3.1. Level 400 events are such exercises that encompass the expeditionary and agile movement of forces. The BCC weapons system is a fixed entity and executes support of expeditionary and agile concepts through BMC2 of moving assets. The BCC does not conduct agile movements of the weapons system or its crews.

2.3.2. The BCC may conduct Continuity of Operations (COOP) operations during evals, but not expeditionary or agile concepts under the Agile Combat Employment (ACE) scheme of maneuver.

2.4. **Mission Simulator Evaluations.** Simulations (SIMs) should be used to administer positional evaluations. Unit SEEs will identify existing simulation scenarios which include adequate activity to meet the evaluation requirements for the required events. **(T-3)** If adequate scenarios do not exist, unit Stan/Eval personnel will develop scenario outlines for the SIM activity to be conducted that ensure standardization of both the level of activity and the difficulty for SIM evaluations. **(T-3)**

Chapter 3

CREW EVLAUATIONS

3.1. **General.** This chapter contains the criteria specifying the tasks required of a qualified crewmember (ABM, WD, and MSO) IAW AFMAN 13-1 GBMC2V2. Evaluation requirements are outlined in **Table 4.1** for ABM, WD, and MSOs and Instructor ABM, WD, and MSOs.

3.2. **Evaluation Objectives**

3.2.1. **QUAL Evaluation** . The examinee will be evaluated on their ability to accomplish required tasks safely and effectively, IAW technical orders, manuals, directives, and operating procedures applicable to the evaluated mission. **(T-3)**

3.2.1.1. QUAL evaluations will encompass areas identified in **Table 4.1**. **(T-3)** Crew composition will reflect BMT employment and will be such to meet the intent of the QUAL evaluation to ensure adequate crew coordination is accomplished. **(T-3)** This will be documented IAW AFMAN 13-1 GBMC2 V2. The examinee must demonstrate a degree of knowledge and proficiency essential for successful mission accomplishment and safety of flight to include asset emergencies. **(T-3)** ABM, WD, and MSO qualification evaluations are preferred to be accomplished in a virtual environment to allow for intense and complex scenarios. However, allotting for resource limitations, evaluations may be conducted in constructive or live missions. Tasks not observed and assessed during the normal course of the evaluation will be evaluated verbally while the examinee is on position. **(T-3)**

3.2.1.2. ABM, WD, and MSO QUAL evaluations will be conducted on blue air side only to properly evaluate blue control with assets operating blue air tactics. **(T-3)** When possible, the evaluation will be conducted in a controlled electronic attack environment; otherwise, electronic attack should be simulated. **(T-3) Note:** The intent of the QUAL evaluation is for the examinee to demonstrate proficiency with the system (for example sensor knowledge, system capabilities) and an ability to effectively employ that system. Detailed definitions of virtual and constructive events can be found in the BCC RTM.

3.2.2. **Mission Evaluation** . The examinee will be evaluated on their ability to accomplish required tasks safely and effectively, IAW technical orders, manuals, directives, and operating procedures applicable to **Table 4.1**. **(T-3)** Based on the examinee's experience level, the examinee may brief (to include tactics) and or lead certain phases of the mission. **(T-3)** Mission evaluations will encompass all areas identified in **Table 4.1** for the mission profile performed. **(T-3)** The examinee must demonstrate a degree of knowledge and proficiency essential for successful mission accomplishment, profile execution, and safety of flight to include asset emergencies. **(T-3)** MSN evaluations are preferred to be accomplished in a virtual environment to allow for intense and complex scenarios. However, accounting for resource limitations, evaluations may be conducted in constructive environments. Tasks not observed and assessed during the normal course of the evaluation will be evaluated verbally. **(T-3)** When possible, the evaluation will be conducted in a controlled electronic attack environment; otherwise, electronic attack will be simulated. **(T-3) Note:** The intent of the mission evaluation is for the examinee to demonstrate proficiency while employing the system in a virtual/constructive large force scenario (for example crew coordination, battle management, sensor employment).

3.2.2.1. **Air Battle Manager (ABM) and Weapons Director (WD)** . Examinee will conduct weapons activity as an Air-to-Air, planned Air-to-Ground/Surface, or Dynamic Air-to-Ground/Surface controller/supervision as determined by the examiner. Examples include but are not limited to Large Force Employments, Tanker Management Scenarios (4 or more tankers simultaneously with multiple fragged receivers). ABM evaluations will focus on BMC2 of assets while WDs focus on control of assets. **(T-3)**

3.2.2.1.1. Counterair missions will be conducted where examinees provide tactical control as briefed by the aircrew. **(T-3)** Control will be provided for at least one BMA. **(T-3)** The mission will incorporate real world or replicative theater documents. The examiner will ensure the examinee participates in all phases of the mission. **(T-3)**

3.2.2.1.2. Counterland missions require the examinee to direct/manage a strike package and mission activity with asset conducting air-to ground/surface tactics against a ground objective. The mission will incorporate real world or replicative theater documents. The examinee will control the strike package from check-in to the prosecution of at least one objective and include at least one dynamic or update to deliberate tasking. **(T-3)**

3.2.2.1.3. Air refueling missions require control of at least four tankers with simultaneous rendezvous. Tankers will have at least two receivers (dynamic or fragged) each per scenario. Controllers sitting the air refueling position will be required to provide picture updates, threat, and retrograde calls to assigned assets. **(T-3)**

3.2.2.1.4. Over the Horizon Kill Chain missions require control of long-range assets from takeoff ingress and egress. Scenarios should take place in a highly contested environment have no to limited sensor coverage and rely on management and deconfliction of intelligence data to determine real time force package and asset management against a highly capable adversary. Scenarios should include the explicit use and command of at least two distinct warfighting domains. **(T-3)**

3.2.2.1.5. **Mission System Operator (MSO).** MSOs MSN evaluations can be conducted on any of the above scenarios.

3.2.2.2. Crewmembers, regardless of designation as CMR or BMC will complete both QUAL and MSN evaluations. **(T-3)** A single mission can satisfy both QUAL and MSN requirements without having the examinee control separate events. In this case, the evaluation will be annotated as a QUAL/MSN evaluation. **(T-3)** Acceptability of required activity will be based on the SEE's determination that all areas required for a mission and a qualification evaluation have been met. **(T-3)**

3.2.2.3. ABM examiners may conduct evaluations on ABM and WD crewmembers at SQ/CC discretion.

Chapter 4

EVALUATION AREAS

4.1. **BCC Evaluation Areas.** The following areas will be used on evaluations in the BCC.

Table 4.1. Evaluation Areas.

Evaluation Areas	QUAL	INSTR	MSN
Section 1: General Knowledge, Checklists, and Positional Aids			
1. General/Operational Systems Knowledge	R		R
2. Positional Aids and Checklists	R		R
Section 2: Mission Setup			
3. Mission Planning	R		R
4. Briefing	R		R
5. COMSEC (CRITICAL)	R	R	R
6. Authentication Procedures			R
7. INFOSEC/OPSEC			R
8. Assuming Station Responsibilities	R		R
9. Transferring Station Responsibilities			R
10. Console/Equipment/Communications Setup and Checkout	R		R
Section 3: Orient/Pair Assets (Weapons/Sensors/Shooters)			
11. Assumption of Control	ABM, WD		ABM, WD
12. Continuum of Control	ABM, WD		ABM, WD
13. Track Identification Procedures	R		R
Section 4: Solve Problems			
14. Flight Safety (CRITICAL)	R	R	R
15. Asset Emergency and Recovery Procedures (CRITICAL)	R	R	R
16. Emergency Equipment and Procedures	R		R
17. Sensor Operations	R		R
18. Electronic Attack/Protection (EA/EP) Procedures			R
Section 5: Speed Decisions and Tactical Action			
19. Section Leadership	ABM		ABM
20. Rules of Engagement (ROE) and Authorities (CRITICAL)		R	R
21. Console/Equipment/System Operations and Displays	R		R
Section 6: Bring Order			
22. Battle Management	R		R
23. Airspace Control/Management & Coordination	ABM, WD		
24. Common Tactical Picture Maintenance	R		R
25. Crew Discipline (CRITICAL)	R	R	R
26a *or* 26b. Data Link Operations	MSO		MSO
27. Cockpit/Crew Resource Management (CRM)	R	R	R

Evaluation Areas	QUAL	INSTR	MSN
Section 7: Communication/Coordination and Mission			
28. Internal/External Communication/Coordination	R	R	R
29. Reporting and Post-Mission Documentation	R		R
Instructor Areas[1]			
30. Instructor Knowledge	R	R	R
31. Ability to Instruct	R	R	R
32. Briefing/Debriefing	R	R	R
33. Training Forms Preparation / Documentation	R	R	R

Notes:

R - Required evaluation area for all positions.
ABM – Required for ABM
WD – Required for WD
MSO - Required for MSO

1- Only required for instructor qualified crew members. A grade of "U" in these areas results in an overall grade of 3 for the instructor portion of the evaluation.

4.2. **Section 1. General Knowledge, Positional Aids, Displays.**

4.2.1. **Area 1: General/Operational Systems Knowledge.**

4.2.1.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.2.1.2. Q. Effectively demonstrated knowledge of mission employment roles/responsibilities and equipment sensors/radios. Understands general mission requirements and C2 organization/structure. Demonstrated proper management and operation of systems and equipment. Correctly identified and located system components, explained and interpreted their functions, capabilities, and limitations. Knowledgeable of assets and threats.

4.2.1.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.2.1.4. U. Failed to effectively demonstrate knowledge of mission employment roles/responsibilities and equipment sensors/radios. Failed to understand general mission requirements and C2 organization/structure. Failed to demonstrate proper management and operation of systems and equipment. Incorrectly identified and located system components, explained and interpreted their functions, capabilities, and limitations. Failed to effectively demonstrate knowledge of mission employment, roles, and responsibilities. Was not knowledgeable about assets and threats.

4.2.2. **Area 2: Positional Aids and Checklists**

4.2.2.1. QUAL/MSN Evaluation requirement for ABM, WD, and MSO

4.2.2.2. Q. Effectively used positional aids and utilized correct checklists (as applicable) during operations while providing timely and accurate responses as required.

4.2.2.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.2.2.4. U. Failed to use positional aids or utilize correct checklists during operations. Failed to provide timely and accurate responses as required. Committed errors or omissions that jeopardize mission accomplishment.

4.3. **Section 2: Mission Setup**

4.3.1. **Area 3: Mission Planning**

4.3.1.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.3.1.2. Q. Extracted information from mission planning documents required to plan and execute the tasked mission IAW Air Force Tactics, Techniques, and Procedures (AFTTP) 3-3.IPE, *Combat Fundamentals Integrated Planning and Employment (IPE)* and operations directives. Demonstrated knowledge of mission related friendly assets and external agencies capabilities/limitations as well as threats to mission accomplishment. ROE information and assisted in mission planning as applicable. Participated in and extracted pertinent information from a briefing with the aircrew as applicable. Read and initialed all items in the flight crew information file (FCIF) and/or read files.

4.3.1.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.1.4. U. Failed to extract information from mission planning documents required to plan and execute the tasked mission IAW AFTTP 3-3.IPE and operations directives. Failed to demonstrate knowledge of mission related friendly assets and external agencies capabilities/limitations as well

as threats to mission accomplishment. Failed to extract ROE information and assisted in mission planning as applicable. Failed to participate in and extract pertinent information from a briefing with the aircrew as applicable. Failed to read and initial all items in the FCIF and/or read files. Committed errors or omissions that jeopardized mission accomplishment.

4.3.2. **Area 4: Briefings**

4.3.2.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.3.2.2. Q. Effectively organized and/or participated in mission briefing and debriefing. Provided information relevant to crew preparation for the mission during the briefing. Provided positive and negative performance feedback during debriefing at appropriate times—improvement feedback was specific, objective, based on observable behavior, and given constructively. Offered mission reconstruction and analysis of events. Debrief re-capped key points/compared mission's results with objectives. When appropriate, took the initiative and time to share operational knowledge and experience.

4.3.2.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment

4.3.2.4. U. Failed to organize and/or participate in mission briefing and debriefing. Failed to contribute to briefing and/or provide positive and negative performance feedback at appropriate times—improvement feedback was not specific, objective, based on observable behavior, and given constructively. Failed to offer mission reconstruction and analysis of events. Failed to debrief/re-cap key points/compared mission's results with objectives. Committed errors of omission that jeopardized mission accomplishment.

4.3.3. **Area 5: Communications Security (COMSEC) (CRITICAL).**

4.3.3.1. QUAL/MSN/INSTR evaluation requirement for ABM, WD, and MSO.

4.3.3.2. Q. Maintained positive control of COMSEC materials. When required, performed inventory of COMSEC materials. Controlled and used COMSEC material IAW established procedures. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.3.3. U. Failed to maintain positive control of COMSEC materials. If required, failed to perform inventory of COMSEC materials. Failed to control and use COMSEC material IAW established procedures. Committed errors or omissions that jeopardized mission accomplishment.

4.3.4. **Area 6: Authentication Procedures.**

4.3.4.1. MSN evaluation requirement for ABM, WD, and MSO.

4.3.4.2. Q. Demonstrated knowledge of authenticators and authentication procedures (as applicable). Authenticated voice transmission within time limits specified on authenticators.

4.3.4.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.4.4. U. Failed to demonstrate knowledge of authenticators and authentication procedures. Failed to authenticate voice transmission within time limits specified on authenticators. Committed errors or omissions that jeopardized mission accomplishment.

4.3.5. **Area 7: INFOSEC/OPSEC** .

4.3.5.1. MSN evaluation requirement for ABM, WD, and MSO.

4.3.5.2. Q. Effectively employed Information Security (INFOSEC) and maintained Operations Security (OPSEC) controls IAW appropriate publications or directives. Used proper handling procedures and maintained positive control of classified materials as applicable. Demonstrated awareness of OPSEC risks and threats to operations.

4.3.5.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.5.4. U. Failed to effectively employ INFOSEC and maintain OPSEC controls IAW appropriate publications or directives. Failed to use proper handling procedures and maintain positive control of classified materials as applicable. Failed to demonstrate awareness of OPSEC risks and threats to operations. Committed errors or omissions that jeopardized mission accomplishment.

4.3.6. **Area 8: Assuming Station Responsibilities**

4.3.6.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.3.6.2. Q. [ABM, WD] Accomplished or confirmed sensor/systems checkout and assumed station responsibility according to applicable directives in a timely manner. Accomplished force accountability for Air Tasking Order (ATO) tasked assets. Ensured minimum mission requirements were met prior to assuming mission duties, to include assumption of additional area(s) of operations (AO(s)). Notified internal/external assets/agencies as required.

4.3.6.3. Q. [MSO] Accomplished or confirmed sensor/systems checkout and assumed station responsibility according to applicable directives in a timely manner. Ensured minimum mission requirements were met prior to assuming mission duties, to include assumption of additional AOs and link/sensor fidelity drills. Notified internal/external assets/agencies as required.

4.3.6.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.6.5. U. [ABM, WD] Failed to accomplish or confirm sensor/systems checkout and assumed station responsibilities according to applicable directives in a timely manner. Failed to accomplish force accountability for ATO tasked assets. Failed to ensure minimum mission requirements were met prior to assuming mission duties, to include assumption of additional AOs. Failed to notify internal/external assets/agencies. Committed errors or omissions that jeopardized mission accomplishment.

4.3.6.6. U. [MSO] Failed to accomplish or confirm sensor/systems checkout and assumed station responsibilities according to applicable directives in a timely manner. Failed to ensure minimum mission requirements were met prior to assuming mission duties, to include assumption of additional AOs and link/sensor fidelity drills. Failed to notify internal/external assets/agencies. Committed errors or omissions that jeopardized mission accomplishment.

4.3.7. **Area 9: Transferring Station Responsibilities**

4.3.7.1. MSN evaluation requirement for ABM, WD, and MSO.

4.3.7.2. Q. [ABM, WD] Established communications with relieving internal or external agencies/crewmembers (e.g., Airborne/Ground C2 elements) to include delegation of additional AOs. Established priorities and coordinated responsibilities for tactical action, briefed relieving agency/crewmembers on current operational situation, and/or confirmed relieving element had assumed station responsibilities. Conducted briefing IAW positional checklist as applicable.

4.3.7.3. Q. [MSO] Established communications with relieving internal or external agencies/crewmembers (e.g., Airborne/Ground C2 elements) to include delegation of additional AOs. Completed required external agency link/sensor fidelity drills. Established priorities and briefed relieving agency/crewmembers on current operational situation, and/or confirmed relieving element had assumed station responsibilities. Conducted briefing IAW positional checklist as applicable.

4.3.7.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.7.5. U. [ABM, WD] Failed to establish communications with relieving internal or external agencies/crewmembers (e.g., Airborne/Ground C2 elements) to include delegation of additional AOs. Failed to establish priorities and coordinate responsibilities for tactical action, brief relieving agency/crewmembers on current operational situation, and/or confirm relieving element had assumed station responsibilities. Failed to conduct briefing IAW positional checklist as applicable. Committed errors or omissions that jeopardized mission accomplishment.

4.3.7.6. U. [MSO] Failed to establish communications with relieving internal or external agencies/crewmembers (e.g., Airborne/Ground C2 elements) to include delegation of additional AOs. Failed to complete required external agency link/sensor fidelity drills. Failed to establish priorities and brief relieving agency/crewmembers on current operational situation, and or confirm relieving element had assumed station responsibilities. Failed to conduct briefing IAW positional checklist. Committed errors or omissions that jeopardized mission accomplishment as applicable.

4.3.8. **Area 10: Console/Equipment/Communications Setup and Checkout**

4.3.8.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.3.8.2. Q. Ensured operational checks were completed on all equipment before the mission. Ensured equipment outages were reported. Ensured required radios were available, configured, frequencies assigned, and cryptographic equipment loaded and configured. Set up and operated the display/workstation to optimize situational awareness IAW positional checklists. Initiated, modified, and managed the database as directed to meet operational needs. Selected, copied, deleted, reviewed, renamed, shared, and/or created entries, as necessary. Ensured database ATO /Airspace Control Order (ACO) information was correct. Recommended system configuration changes to the crew, as appropriate. Coordinated on computer problems and workarounds as required. Responded to alarms and alerts in a timely manner. Ensured sensors were configured and optimized as required to accomplish the mission.

4.3.8.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.3.8.4. U. Failed to ensure operational checks were completed on all equipment before the mission. Failed to ensure equipment outages were reported. Failed to ensure required radios were available, configured, frequencies assigned, and cryptographic equipment loaded and configured. Failed to set up and operate the display/workstation to optimize situational awareness IAW positional checklists. Failed to initiate, modify, and manage the database as directed to meet operational needs. Failed to select, copy, delete, review, rename, share, and/or create entries, as necessary. Failed to ensure database ATO/ACO information was correct. Failed to recommend system configuration changes to the crew, as appropriate. Failed to coordinate on computer problems and workarounds as required. Failed to respond to alarms and alerts in a timely manner. Failed to ensure sensors were configured and optimized as required to accomplish the mission. Committed errors or omissions that jeopardized mission accomplishment.

4.4. **Section 3: Orient/Pair Assets.**

4.4.1. **Area 11: Assumption of Control.**

4.4.1.1. QUAL/MSN evaluation requirement for ABM and WD.

4.4.1.2. Q. Located mission asset using reported position, sensor and/or Identification Friend or Foe (IFF)/Selective Identification Feature (SIF), Precise Participant Location and Identification (PPLI), pilot maneuvering, and/or external sources. Identification was accomplished in a timely manner or negative contact was voiced. Authenticated, as required, and provided the aircrew with a working frequency and/or net and time of day (TOD) when applicable. Provided a brief situation update and provided requested/required information. Conducted IFF/SIF checks and advised aircrew of status. Conducted handoff/recovery (i.e., IAW OPLAN, ACO, ATO, Letters of Agreement (LOAs), and applicable directives) and in a timely manner. **Note:** ABMs supervising WD control of the items listed in this paragraph fulfills the intent of Area 11.

4.4.1.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.4.1.4. U. Failed to locate mission asset using reported position, sensor and/or IFF/SIF, PPLI, pilot maneuvering, and/or external sources. Identification was not accomplished in a timely manner or negative contact was not voiced. Failed to authenticate, as required, and failed to provide the aircrew with a working frequency and/or net TOD when applicable. Failed to provide a brief situation update and did not provide requested/required information. Failed to conduct IFF/SIF checks and advised aircrew of status. Failed to conduct handoff/recovery (i.e., IAW OPLAN, ACO, ATO, LOAs, and applicable directives) and in a timely manner. Committed errors or omissions that jeopardized mission accomplishment.

4.4.2. **Area 12: Continuum of Control.**

4.4.2.1. QUAL/MSN evaluation requirement for ABM and WD.

4.4.2.2. Q. Controlled asset consistent within the continuum of control. Kept controlled asset informed of the tactical situation (to include changes in targets and enemy order of battle (EOB)) IAW approved formats. Oriented/paired controlled asset to factor groups, threats, or ground targets. Threat information was timely and aided in mission accomplishment. Positioned asset to accomplish mission objectives IAW applicable air-to-air rules and consistent with asset capabilities, ROE, operations directives, and battle staff direction. Provided minimum risk/safe passage and aided flights to establish mutual support as required/requested. Employed radio/telephone (R/T) procedures IAW appropriate publications. When applicable, provided appropriate refueling updates to assets and positioned refueling assets to complete assigned mission. Recognized/interpreted asset backlink/crosstold data and sent/received data link messages as required.

4.4.2.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.4.2.4. U. Failed to control asset consistent within the continuum of control. Failed to keep controlled asset informed of the tactical situation (to include changes in targets and EOB) IAW approved formats. Failed to orient/pair controlled asset to factor groups, threats, or ground targets. Threat information was not timely or did not aid in mission accomplishment. Failed to position asset to accomplish mission objectives IAW applicable air-to-air rules and consistent with asset capabilities, ROE, operations directives, and battle staff direction. Failed to provide minimum risk/safe passage and failed to aid flights to establish mutual support as required/requested. Failed

to employ R/T procedures IAW appropriate publications. When applicable, failed to provide appropriate refueling updates to assets and did not position refueling assets to complete assigned mission. Failed to recognize/interpret asset backlink/crosstold data and sent/received data link messages as required. Committed errors or omissions that jeopardized mission accomplishment.

4.4.3. **Area 13: Track Identification Procedures.**

4.4.3.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.4.3.2. Q. Identified air, ground and surface tracks in the assigned area IAW identification procedures specified by governing documents. Located and used switch actions to identify tracks. Interpreted IFF/SIF and used switch actions required to display appropriate ID symbols. Ensured appropriate ID and accountability of all assigned assets. Recognized and analyzed sensor data to confirm presence of an air object that needs to be identified and mitigated.

4.4.3.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.4.3.4. U. Failed to identify air, ground and surface tracks in the assigned area IAW identification procedures specified by governing documents. Failed to locate and use switch actions to identify tracks. Failed to interpret IFF/SIF and use switch actions required to display appropriate ID symbols. Failed to ensure appropriate ID and accountability of all assigned assets. Committed errors or omissions that jeopardized mission accomplishment. Failed to recognize and analyze sensor data to confirm presence of an air object that needs to be identified and mitigated.

4.5. **Section 4: Solve Problems.**

4.5.1. **Area 14: Flight Safety (CRITICAL).**

4.5.1.1. QUAL/MSN/INSTR evaluation requirement for ABM, WD, and MSO.

4.5.1.2. Q. Effectively applied all flight safety procedures required for safe asset operation and mission accomplishment IAW directives. Knowledgeable of and effectively applied safety calls (e.g., traffic advisories, Air Traffic Control (ATC) clearances, airspace calls) and checks (e.g., weapons safety) as required. Ensured safe vertical and horizontal separation of mission asset and complied with all rules for the safe control of asset. Coordinated with crew to prevent unsafe acts by controlled asset as required.

4.5.1.3. U. Failed to effectively apply all flight safety procedures required for safe asset operation and mission accomplishment IAW directives. Was not knowledgeable of and did not effectively apply safety calls (e.g., traffic advisories, ATC clearances, airspace calls) and checks (e.g., weapons safety) as required. Failed to ensure safe vertical and horizontal separation of mission asset and failed to comply with all rules for the safe control of asset. Failed to coordinate with crew to prevent unsafe acts by controlled asset as required. Committed errors or omissions that jeopardized mission accomplishment.

4.5.2. **Area 15: Asset Emergency and Recovery Procedures (CRITICAL).**

4.5.2.1. QUAL/MSN/INSTR evaluation requirement for ABM, WD, and MSO.

4.5.2.2. Q. Recognized the existence of an asset emergency and assisted in a timely manner. Notified crewmembers of the asset emergency and assisted the crew in handling emergency actions. Entered the appropriate emergency point on the scope as required. Coordinated responses according to an emergency checklist. Assisted asset with airbase recovery instructions as required.

4.5.2.3. U. Failed to recognize the existence of an asset emergency and did not assist in a timely manner. Failed to notify crewmembers of the asset emergency and did not assist the crew in handling emergency actions. Failed to enter the appropriate emergency point on the scope as required. Failed to coordinate responses according to an emergency checklist. Failed to assist asset with airbase recovery instructions as required. Committed errors or omissions that jeopardized mission accomplishment.

4.5.3. **Area 16: Emergency Equipment and Procedures.**

4.5.3.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.5.3.2. Q. Demonstrated thorough knowledge of ground emergency procedures. Knew the location and was familiar with the utilization of ground safety equipment. Effectively performed primary emergency duties and/or was thoroughly familiar with emergency duties. Recognized actual/simulated emergency situations and implemented emergency procedures IAW directives. Effectively coordinated emergency actions with other crewmembers without delay or confusion. When required, demonstrated thorough knowledge of mission impact due to equipment failure/loss.

4.5.3.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.5.3.4. U. Failed to demonstrate thorough knowledge of emergency procedures. Did not know the location or was not familiar with the utilization of ground safety equipment. Failed to effectively perform primary emergency duties and/or was not thoroughly familiar with emergency duties. Failed to recognize actual/simulated emergency situations and failed to implement emergency procedures IAW directives. Failed to effectively coordinate emergency actions with other crewmembers without delay or confusion. When required, failed to demonstrate thorough knowledge of mission impact due to equipment failure/loss. Committed errors or omissions that jeopardized mission accomplishment.

4.5.4. **Area 17: Sensor Operations.**

4.5.4.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.5.4.2. Q. [ABM/MSO] Coordinated sensor requirements to optimize presentation for mission accomplishment. Demonstrated knowledge of sensor systems configurations, coverage, capabilities, and limitations relative to mission AOR. Recognized, analyzed and reported degraded sensor performance. Ensured corrective measures were taken to improve degraded sensor performance. Monitored corrective actions taken to improve degraded sensors. Ensured remote sensor data was correlated, and data was received on all tracks within the assigned area.

4.5.4.3. Q. [WD] Correctly interpreted sensor data to execute assigned battle management tasks. Demonstrated an understanding of sensor processing and optimization. Recognized, analyzed and reported degraded sensor performance.

4.5.4.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.5.4.5. U. [ABM/MSO] Failed to coordinate sensor requirements to optimize presentation for mission accomplishment. Failed to demonstrate knowledge of sensor systems configurations, coverage, capabilities, and limitations relative to mission AOR. Failed to recognize, analyze and report degraded sensor performance. Failed to ensure corrective measures were taken to improve degraded sensor performance. Failed to monitor corrective actions taken to improve degraded

sensors. Failed to ensure remote sensor data was correlated and data was received on all tracks within the assigned area. Committed errors or omissions that jeopardized mission accomplishment.

4.5.4.6. U. [WD] Failed to correctly interpret sensor data to execute assigned battle management tasks. Failed to demonstrate an understanding of sensor processing and optimization. Failed to recognize, analyze and report degraded sensor performance. Committed errors or omissions that jeopardized mission accomplishment.

4.5.5. **Area 18: Electronic Attack/Protection (EA/EP) Procedures.**

4.5.5.1. MSN evaluation requirement for ABM, WD, and MSO.

4.5.5.2. Q. [ABM] Supported or supervised electronic protection efforts to counter electronic attack. Recognized the presence of electronic or mechanical jamming or interference to sensor, IFF, and/or communications (voice and/or data link). Implemented notification and reporting procedures while employing/evaluating effects of electronic protection procedures according to mission tasking and directives.

4.5.5.3. Q. [MSO/WD] Recognized and reported the presence of electronic or mechanical jamming or interference to sensor, IFF, and/or communications (voice and/or data link). Accomplished counter measures as applicable.

4.5.5.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.5.5.5. U. [ABM] Failed to support or supervise electronic protection efforts to counter electronic attack. Failed to recognize the presence of electronic or mechanical jamming or interference to sensor, IFF, and/or communications (voice and/or data link). Failed to implement notification and reporting procedures while employing/evaluating effects of electronic protection procedures according to mission tasking and directives. Committed errors or omissions that jeopardized mission accomplishment.

4.5.5.6. U. [MSO/WD] Failed to recognize and report the presence of electronic or mechanical jamming or interference to sensor, IFF, and/or communications (voice and/or data link). Failed to accomplish counter measures as applicable. Committed errors or omissions that jeopardized mission accomplishment

4.6. **Section 5: Speed Decisions and Tactical Action.**

4.6.1. **Area 19: Section Leadership.**

4.6.1.1. Area required for ABMs that change with level of certification an examinee holds. Examinee will supervise a team conducting tactical control, link operations, and surveillance to include identification functions.

4.6.1.1.1. Examinees with a Mission Command (MC) or Section Lead (SL) certification will supervise at least one Battle Management Team (BMT) of no less than 4 team members providing battle management to a CCDR AOR or large Battle Management Area (BMA). MCs may supervise multiple BMTs led by one or more SLs. Example: The SL supervises a BMT of 6 crew members providing battle management of the Eastern Continental United States (CONUS) AOR. The crew members may include ABMs supervising smaller teams.

4.6.1.1.2. Examinees ABMs that do not hold a SL and/or MC certification will supervise a Tactical Team of no more than 3 team members (excluding the examinee), but at least one,

providing battle management to a constrained AOR or Specific Function. Example: The ABM supervises a WD/MSO 2-person team running check-in operations.

4.6.1.2. Q. Directed/supervised crew/section/team functions to ensure accomplishment of mission objectives (radios, sensors, airspace, etc.). Ensured the section controlled assigned missions to the level requested and/or followed the continuum of control to the maximum extent possible. Prioritized tasks and available resources to manage team member workload. Provided/updated threat information to the mission crew as required. Allocated/managed radio assignments IAW applicable publications. Provided/updated threat information to the mission crew as required. Coordinated for scheduled/unscheduled maintenance impacting mission execution. Ensured coordination and information flow within operations. Directed the crew through degraded operations levels during changing alert conditions.

4.6.1.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.6.1.4. U. Failed to direct/supervise crew/section/team functions to ensure accomplishment of mission objectives (radios, sensors, airspace, etc.). Failed to ensure the section controlled assigned missions to the level requested and/or followed the continuum of control to the maximum extent possible. Failed to prioritize tasks and available resources to manage section member workload. Failed to provide/update threat information to the mission crew as required. Failed to allocate/manage radio assignments IAW applicable publications. Failed to provide/update threat information to the mission crew as required. Failed to coordinate for scheduled/unscheduled maintenance impacting mission execution. Failed to ensure coordination and information flow within operations. Failed to direct the crew through degraded operations levels during changing alert conditions. Committed errors or omissions that jeopardized mission accomplishment.

4.6.2. **Area 20: Rules of Engagement (ROE) and Authorities (CRITICAL).**

4.6.2.1. MSN/INSTR evaluation requirement for ABM, WD, and MSO.

4.6.2.2. Q. Applied proper engagement authorization (e.g., hostile act or intent criteria) ROE and complied with appropriate levels of authority IAW directives. Implemented/adhered to Air Operations Directive (AOD), Special Instructions (SPINS), ACO and/or other tactical documents associated to support mission event, exercise or scenario. Maintained situational awareness on implemented procedures. Understood blue force readiness and posturing as required (e.g., defense alerts, warnings, and readiness states).

4.6.2.3. U. Failed to apply proper engagement authorization (e.g., hostile act or intent criteria) ROE and did not comply with appropriate levels of authority IAW directives. Failed to implement/adhere to AOD, SPINS, ACO and/or other tactical documents associated to support mission event, exercise or scenario. Failed to maintain situational awareness on implemented procedures. Failed to understand blue force readiness and posturing as required (e.g., defense alerts, warnings, and readiness states). Committed errors or omissions that jeopardized mission accomplishment.

4.6.3. **Area 21: Console/Equipment/System Operations and Displays.**

4.6.3.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.6.3.2. Q. [ABM, WD] Interpreted/updated data for console/system operations and displays according to applicable directives. Operated console to accomplish mission while utilizing the

appropriate displays to optimize situational awareness. Recognized and reported system degradation while responding to alarms and alerts as applicable.

4.6.3.3. Q. [MSO] Interpreted Link data from the console/system operations and/or workstation. Managed the database as directed to meet operational needs. Selected, copied, deleted, reviewed, renamed, shared, and/or created entries as necessary. Ensured database ATO/ACO information was correct. Recommended system configuration changes to the crew, as appropriate. Coordinated on computer problems and workarounds as required. Responded to alarms and alerts in a timely manner.

4.6.3.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.6.3.5. U. [ABM, WD] Failed to Interpret/update data for console/system operations and displays according to applicable directives. Failed to operate console to accomplish mission while utilizing the appropriate displays to optimize situational awareness. Failed to recognize and report system degradation while responding to alarms and alerts as applicable. Committed errors or omissions that jeopardized mission accomplishment.

4.6.3.6. U. [MSO] Failed to Interpreted Link data from the console/system operations and/or workstation. Failed to manage the database as directed to meet operational needs. Failed to select, copy, delete, review, rename, share, and/or create entries as necessary. Failed to ensure database ATO/ACO information was correct. Failed to recommend system configuration changes to the crew, as appropriate. Failed to coordinate on computer problems and workarounds as required. Failed to respond to alarms and alerts in a timely manner. Committed errors or omissions that jeopardized mission accomplishment.

4.7. **Section 6: Bring Order.**

4.7.1. **Area 22: Battle Management.**

4.7.1.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.7.1.2. Q. [ABM] Led, BMT or assigned team, in the: Development/implementing the plan of execution providing support to crew/team and external agencies to employ resources and accomplish mission objectives in a timely/efficient manner. Supervised/performed required tasks and mission priorities according to applicable directives and acceptable levels of risk as required. Conducted the mission with a sense of understanding and comprehension. Recognized, directed, verbalized, and acted on unexpected events or in response to changing threat environment as required. Gave direction to bring order, speed decisions/information, pair assets to effects, and synergize organic and inorganic systems.

4.7.1.3. Q-. [ABM] Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.1.4. U. [ABM] Failed to lead, BMT or assigned team in the: Development/implementation of the plan of execution providing support to crew/team and external agencies to employ resources and accomplish mission objectives in a timely/efficient manner. Failed to supervise/perform required tasks and mission priorities according to applicable directives and acceptable levels of risk as required. Did not conduct the mission with a sense of understanding and comprehension. Failed to recognize, direct, verbalize, and act on unexpected events or in response to changing threat environment as required. Failed to give direction to bring order, speed decisions/information, pair assets to effects, and synergize organic and inorganic systems.

4.7.1.5. Q. [WD and MSO] Developed/implemented the plan of execution providing support to crew/team and external agencies to employ resources and accomplish mission objectives in a timely/efficient manner. Performed required tasks and mission priorities according to applicable directives and acceptable levels of risk as required. Conducted the mission with a sense of understanding and comprehension. Recognized, verbalized and acted on unexpected events or in response to changing threat environment as required.

4.7.1.6. Q-. [WD and MSO] Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.1.7. U. [WD and MSO] Failed to develop/implement the plan of execution providing support to crew/team and external agencies to employ resources and accomplish mission objectives in a timely/efficient manner. Failed to perform required tasks and mission priorities according to applicable directives and acceptable levels of risk as required. Failed to conduct the mission with a sense of understanding and comprehension. Failed to recognize, verbalize and act on unexpected events or in response to changing threat environment as required. Committed errors or omissions that jeopardized mission accomplishment.

4.7.2. **Area 23: Airspace Control/Management & Coordination.**

4.7.2.1. QUAL/MSN evaluation requirement for ABM and WD.

4.7.2.2. Q. Complied with airspace management requirements and restrictions according to mission directives/theater documentation (e.g., Airspace Control Plan (ACP), ACO, LOAs). Initiated airspace requests and verified airspace restrictions/limitations. Ensured all efforts were made to keep controlled asset inside the lateral confines of the airspace in a timely manner. Recognized and reported issues to external agencies to include ATC when necessary and applied corrective actions, as required. **Note:** ABMs supervising WD control of the items listed in this paragraph fulfills the intent of Area 23.

4.7.2.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.2.4. U. Failed to comply with airspace management requirements and restrictions according to mission directives/theater documentation (e.g., ACP, ACO, LOAs). Failed to initiate airspace requests and verify airspace restrictions/limitations. Failed to ensure all efforts were made to keep controlled asset inside the lateral confines of the airspace in a timely manner. Failed to recognize and report issues to external agencies to include ATC when necessary and did not apply corrective actions, as required. Committed errors or omissions that jeopardized mission accomplishment.

4.7.3. **Area 24: Common Tactical Picture Maintenance.**

4.7.3.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.7.3.2. Q. Coordinated/maintained accurate and identifiable common operating air/ground/surface picture IAW directives. Recognized air, ground, surface picture/symbols deviations and directed/accomplished corrective action, as necessary. Recognized, analyzed, and took corrective action on sensor returns not automatically initialized by the system.

4.7.3.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.3.4. U. Failed to coordinate/maintain accurate and identifiable common operating air/ground/surface picture IAW directives. Failed to recognized air, ground, surface picture/symbols deviations and directed/accomplished corrective action, as necessary. Failed to

recognize, analyze, and take corrective action on sensor returns not automatically initialized by the system. Committed errors or omissions that jeopardized mission accomplishment.

4.7.4. **Area 25: Crew Discipline (CRITICAL).**

4.7.4.1. QUAL/MSN/INSTR evaluation requirement for ABM, WD, and MSO.

4.7.4.2. Q. Correctly adapted to meet new situational demands. Demonstrated professional crew discipline throughout all phases of the mission.

4.7.4.3. U. Failed to correctly adapt to meet new situational demands. Failed to demonstrate professional crew discipline throughout all phases of the mission.

4.7.5. **Area 26a: Data Link Operations.**

4.7.5.1. QUAL/MSN evaluation requirement only for MSOs in units that do not utilize the RICC certification. Units that utilize the RICC certification will mark area 26a Not Applicable “N/A”.

4.7.5.2. Q. Coordinated, configured, operated, and terminated data links according to applicable directives. Ensured data links were established/maintained according to applicable directives as required. Analyzed/troubleshot data link operations as required. Assisted in troubleshooting link hardware problems as required. Monitored data link coordination net and/or track supervision net to coordinate with other data link agencies as required. Recommended changes in data link configurations to the SL as appropriate and interpreted/responded to data link messages in a timely manner. Implemented changes in interface configurations as directed. Displayed an understanding of data link operations.

4.7.5.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.5.4. U. Failed to coordinate, configure, operate, and terminate data links according to applicable directives. Failed to ensure data links were established/maintained according to applicable directives as required. Failed to analyze/troubleshoot data link operations as required. Failed to assist in troubleshooting link hardware problems as required. Failed to monitor data link coordination net and/or track supervision net to coordinate with other data link agencies as required. Failed to recommend changes in data link configurations to the SL as appropriate and interpret/respond to data link messages in a timely manner. Failed to implement changes in interface configurations as directed. Failed to display an understanding of data link operations. Committed errors or omissions that jeopardized mission accomplishment.

4.7.6. **Area 26b: Data Link Operations.**

4.7.6.1. QUAL/MSN evaluation requirement only for MSOs in units that utilize the RICC certification. Units that do not utilize the RICC certification will mark area 26b N/A. For units that utilize RICCs all MSOs will be evaluated to the following criteria, regardless of RICC certification.

4.7.6.2. Q.: MSOs have a detailed understanding of link operations and switch actions accessible from their primary workstation (e.g., Battle Control System-Fixed (BCSF), Battlespace Command and Control Center (BC3), Cloud-Based Command and Control (CBC2)). MSOs are not expected to have a proficient ability to manage data link operations and equipment.

4.7.6.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.6.4. U. Failed to demonstrate a detailed understanding of link operations and switch actions accessible from their primary workstation (e.g., BCSF, BC3, CBC2). Committed errors or omissions that jeopardized mission accomplishment.

4.7.7. **Area 27: Cockpit/Crew Resource Management (CRM).** At a minimum, the four skills listed below will be evaluated for all BCC crewmembers:

4.7.7.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.7.7.2. Q.: Effectively coordinated with other crew members. Demonstrated basic knowledge of other crewmembers' duties and responsibilities. Provided timely direction or information, as required, which clarified/rectified a situation. Efficiently used available resources to manage workload and maximize mission success.

4.7.7.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.7.7.4. U. Failed to coordinate with other crew members, which jeopardized mission accomplishment. Did not provide timely direction/information, which would have clarified/rectified a situation. Unsatisfactory knowledge of other crewmembers duties and responsibilities negatively affected mission accomplishment or safety of flight. Did not use available resources to manage workload.

4.8. **Section 7: Internal/External Communication/Coordination and Mission Analysis.**

4.8.1. **Area 28: Internal/External Communication/Coordination.**

4.8.1.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.8.1.2. Q. [ABM, WD] Effectively monitored, understood, and executed proper internal/external communications/coordination. Communications were standard, clear, and concise. Examinee effectively operated communication equipment (e.g., radios, tactical chat), acknowledged transmissions/messages, and ensured coordination and information flow within the section, cross-sections, and with external agencies as required. Coordinated and reported all requirements, mission changes, equipment discrepancies and limitations to lateral units and/or higher echelon elements IAW directives.

4.8.1.3. Q. [MSO] Effectively monitored, understood, and executed proper internal/external communications/coordination. Communications were standard, clear, and concise. Examinee effectively operated communication equipment (e.g., radios, tactical chat), acknowledged transmissions/messages, and ensured coordination and information flow within the section, cross-sections, and with external agencies as required. Coordinated and reported all requirements, mission changes, equipment discrepancies and limitations to lateral units and/or higher echelon elements IAW directives. Performed Voice Tell operations IAW appropriate publications as directed.

4.8.1.4. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.8.1.5. U. [ABM, WD] Failed to effectively monitor, understand, and execute proper internal/external communications/coordination. Communications were not standard, clear, and concise. Examinee failed to effectively operate communication equipment (e.g., radios, tactical chat), acknowledge transmissions/messages, and ensure coordination and information flow within the section, cross-sections, and with external agencies as required. Failed to coordinate and report all requirements, mission changes, equipment discrepancies and limitations to lateral units and/or

higher echelon elements IAW directives. Committed errors or omissions that jeopardized mission accomplishment.

4.8.1.6. U. [MSO] Failed to effectively monitor, understand, and execute proper internal/external communications/coordination. Communications were not standard, clear, and concise. Examinee failed to effectively operate communication equipment (e.g., radios, tactical chat), acknowledge transmissions/messages, and ensure coordination and information flow within the section, cross-sections, and with external agencies as required. Failed to coordinate and report all requirements, mission changes, equipment discrepancies and limitations to lateral units and/or higher echelon elements IAW directives. [MSO] Failed to perform Voice Tell operations IAW appropriate publications as directed. Failed to perform Voice Tell operations IAW appropriate publications as directed. Committed errors or omissions that jeopardized mission accomplishment.

4.8.2. **Area 29: Reporting and Post-Mission Documentation.**

4.8.2.1. QUAL/MSN evaluation requirement for ABM, WD, and MSO.

4.8.2.2. Q. Reconstructed mission events and extracted/provided necessary information to determine mission accomplishment relative to established objectives. Summarized mission execution, identified lessons learned, and compared mission results with crew objectives. Offered corrective guidance as appropriate. Effectively prepared and completed all required forms, reports, and logs accurately according to applicable directives. Demonstrated thorough knowledge in the use of operational logs/forms to support daily/contingency operations.

4.8.2.3. Q-. Committed errors or omissions that did not jeopardize mission accomplishment.

4.8.2.4. U. Failed to reconstruct mission events and extract/provide necessary information to determine mission accomplishment relative to established objectives. Failed to summarize mission execution, identify lessons learned, and compare mission results with crew objectives. Failed to offer corrective guidance as appropriate. Failed to effectively prepare and complete all required forms, reports, and logs accurately according to applicable directives. Failed to demonstrate thorough knowledge in the use of operational logs/forms to support daily/contingency operations.

4.9. **Instructor Evaluation.** All crewmembers selected for instructor duty must be evaluated to determine their judgment, technical knowledge, instructor ability (including error analysis of student activity), and use of grading documents as well as proficiency in their duty position. **(T-3)**

4.9.1. Instructors must demonstrate proficiency by instructing a student (or qualified individual acting as a student). Instructor examinees must demonstrate the ability to instruct during mission planning and mission execution. The examiner may require the examinee to present verbal explanations of equipment operations, procedures, and techniques pertinent to their crew position duties and responsibilities.

4.9.2. Instructor evaluations will be conducted with a student occupying the crew position whenever possible. **(T-3)** The student performs those duties prescribed by the instructor for the mission being accomplished. **(T-3)** The instructor examinee monitors all phases of the mission from an advantageous position and will be prepared to demonstrate or explain any area or procedure. **(T-3)** The SEE will particularly note the instructor’s ability to recognize student difficulties and provide effective, corrective action.

4.9.3. During qualification evaluations of qualified instructors, the examinee must assume the crew position for a period of sufficient length to demonstrate proficiency in the crew position.

(T-3) The determination of what represents a sufficient length of time is left to the judgment of the SEE. The portion of the mission during which the examinee will occupy the seat position can be determined by the SEE during mission planning or during the mission. All instructors will be graded using the criteria below. **(T-3)**

4.9.4. **Area 30: Instructor Knowledge.**

4.9.4.1. Q. Demonstrated thorough knowledge of procedures, regulations, requirements, mission systems/performance characteristics, and tactics beyond that expected of non-instructors.

4.9.4.2. Q-. Deficiencies in depth of knowledge, comprehension of procedures, regulations, requirements, mission systems/performance characteristics, and tactics. Minor discrepancies did not affect safety or adversely affect student progress.

4.9.4.3. U. Unfamiliar with procedures, regulations, requirements, mission systems/performance characteristics, and tactics. Lack of knowledge in certain areas seriously detracted from instructor effectiveness. Deviations affected safety or adversely affected student progress.

4.9.5. **Area 31: Ability to Instruct.**

4.9.5.1. Q. Demonstrated excellent instructor ability. Clearly defined all mission requirements and any required additional training/corrective action. Instruction was accurate, effective, and timely. Maintained mission situational awareness while communicating effectively to provide guidance or prevent mission degradations. Able to present information to students in a manner that was situation appropriate and facilitated comprehension and learning.

4.9.5.2. Q-. Deficiencies with instructor ability. Did not clearly define mission requirements and/or required additional training/corrective action. Provided untimely or inappropriate corrective guidance in minor areas or managed time poorly. Had difficulty planning and providing inputs/communicating to prevent mission degradation. Minor discrepancies did not adversely affect safety or mission accomplishment or adversely affect student progress.

4.9.5.3. U. Demonstrated inadequate ability to instruct. Unable to perform, teach or assess techniques, procedures, systems use or tactics. Did not provide corrective guidance where necessary. Did not plan or anticipate student problems. Did not maintain mission situational awareness. Failed to effectively communicate with the student. Deviations adversely affected safety or mission accomplishment or adversely affected student progress.

4.9.6. **Area 32: Briefing/Debriefing.**

4.9.6.1. Q. Briefings/debriefings and critiques were well organized, accurate, and thorough. Made excellent use of training aids as necessary. Clearly defined objectives. Gave corrective guidance with positive and negative performance feedback at appropriate times—improvement feedback was specific, objective, based on observable behavior, and given constructively. Offered effective mission reconstruction and analysis of events. Debrief summarized key points/compared mission's results with objectives. When appropriate, took the initiative and time to share operational knowledge and experience.

4.9.6.2. Q-. Minor errors or omissions in briefings/debriefings or critiques. Unclear objectives. Some corrective feedback guidance but was not always given constructively or at appropriate times. Offered poor mission reconstruction and/or analysis of events. Debrief covered objectives and mission highlights with minor errors or omissions. Minor discrepancies did not affect safety or adversely affect student progress.

4.9.6.3. U. Major errors or omissions in briefings/debriefing and critiques were marginal or nonexistent. Failed to utilize training aids/references correctly when necessary. Failed to define objectives. Feedback guidance not given, or given in a poorly timed, incomplete, inaccurate, and/or confusing manner. Failed to adequately provide mission reconstruction and/or analysis of events or elected not to debrief entirely. Major discrepancies adversely affected safety and/or student progress.

4.9.7. **Area 33: Training Forms Preparation\/Documentation.**

4.9.7.1. Q. Reviewed student's training folder, past performance, and assessed current training level of training. Accurately defined mission events to be performed as required. Comments were clear, comprehensive, pertinent, and adequately assessed recorded performance relative to standards/prescribed directives. Completed training documentation appropriately and accurately.

4.9.7.2. Q-. Reviewed student’s training folder, past performance, and assessed current level of training with minor errors or omissions. Defined mission events to be performed as required, but with minor errors or omissions. Comments were incomplete or slightly unclear. Completed training documentation with minor errors or omissions that did not adversely impact student training.

4.9.7.3. U. Did not review student’s training folder, past performance, or assess current level of training. Failed to define mission events to be performed when required or with major errors or omissions. Comments were incomplete, invalid, unclear, and/or did not accurately document performance. Assigned grades did not reflect actual student performance. Did not complete required forms and/or training documentation contained major discrepancies that adversely impacted student training.

CASE A. CUNNINGHAM, Lt Gen, USAF
Deputy Chief of Staff for Operations

Terms

Additional Training—Any training or action recommended by an examiner to remedy deficiencies identified during an evaluation.

Basic Mission Capable (BMC)—A crew member who has satisfactorily completed IQT and MQT, is qualified in some aspect(s) of the unit mission, but does not maintain CMR status. This status also applies to those individuals who are assigned to a unit that does not have a DOC tasking. BMC crewmembers do not maintain CMR status due to duty assignment or other reasons as determined by the appropriate authority.

Certification—Procedure used to document competency in a particular task. Not interchangeable with "qualification," which requires AF Form 8 documentation. A formal indication of an individual's ability to perform a task to required standards.

Combat Mission Ready (CMR)—The status of an individual who successfully completes IQT and MQT and maintains qualification and proficiency in the unit combat mission.

Constructive Missions—Constructive entities simulate real world or virtual systems automatically or manually driven by an operator or white force personnel supporting distributed training that operate as training aids for warfighters accomplishing readiness training. Models and simulations that involve simulated people operating simulated systems. Real people stimulate (make inputs) to such simulations. Constructive simulations can also be used to model natural processes without human involvement (e.g. weather [WX]).

Crewmembers—Includes members who are assigned, attached, or otherwise conducting operations at any BCC.

Grounding—Describes events or actions that prevent a member from sitting on crew for positional duties until the event/action is resolved. Members will not go Non-Combat Mission Ready (N-CMR) solely for a grounding event.

MAJCOM—Refers exclusively to HQ ACC located on Joint Base Langley-Eustis, VA.

Attachment 2

932D BATTLE MANAGEMENT CONTROL SQUADRON (932 BMCS)

A2.1. 932d Battle Management Control Squadron (932 BMCS). The 932 BMCS consists of 13Bs and 1C5Xs that will initially hold a BMC2 qualification IAW AFMAN 13-1 GBMC2 V2. At the publication of this volume the SQ/CC will start converting operators from a BMC2 to BCC qualification via administrative processes as recurring evals are accomplished.

A2.2. 13Bs. 13Bs will obtain the 13B3C AFSC.

A2.2.1. 13Bs and 1C5s will maintain AF Forms 8 associated with their qualification(s).

A2.2.2. The 932 BMCS will not provide evaluations for positions outlined in this volume to members other than 13Bs and 1C5s.

Attachment 3

LEGACY QUALIFICATION EVALUATION GUIDE

A3.1. Legacy Qualification. This attachment will be used for legacy qualification evaluations and will cease to be used once a unit has completed transitioning to ABM and MSO qualifications. All legacy evaluations will be conducted IAW **Chapter 3** of this publication. Where ABM/MSO qualification tables are referenced in chapter four, legacy positions should use the evaluation areas detailed below.

A3.2. Mission Crew Commander (MCC) Qualification Criteria.

A3.2.1. **Area 1 – Mission Planning.**

A3.2.1.1. Q. Conducted mission planning, accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAWIAW directives.

A3.2.1.2. Q-. Conducted mission planning; accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.1.3. U. Failed to conduct mission planning, account for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.2. **Area 2 – Briefings.**

A3.2.2.1. Q. Supervised, conducted or attended briefings and extracted or provided information consistent to mission accomplishment and safety IAW directives.

A3.2.2.2. Q-. Supervised, conducted or attended briefings, and extracted or provided information consistent to mission accomplishment and safety IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.2.3. U. Failed to supervise, conduct, or attend briefings and extract or provide information consistent to mission accomplishment and safety IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.2.3.1. Q. Configured, manipulated, controlled and interpreted displays. Utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives and reported outages.

A3.2.3.2. Q-. Configured, manipulated, controlled and interpreted displays. Utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives and reported outages. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.3.3. U. Failed to configure, manipulate, control and interpret displays. Failed to utilize mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives and report outages. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.4. **Area 4 – Communication Selection and Use.**

A3.2.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required.

A3.2.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.4.3. U. Failed to select, monitor, and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to ensure completion of communications checks and report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.2.5.1. Q. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications.

A3.2.5.2. Q-. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.5.3. U. Failed to employ INFOSEC or maintain OPSEC controls IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.6. **Area 6 – Communications Security.(COMSEC) (CRITICAL)**

A3.2.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.2.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.2.7. **Area 7 – Authentication Procedures. Not Applicable (N/A)**

A3.2.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.2.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.2.8.2. Q-. Errors or omissions in R/T procedures did not adversely affect mission accomplishment or safety.

A3.2.8.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Errors or omissions jeopardized mission accomplishment or safety.

A3.2.9. **Area 9 – Coordination.**

A3.2.9.1. Q. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives.

A3.2.9.2. Q-. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.9.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Errors or omissions jeopardized mission accomplishment or safety.

A3.2.10. **Area 10 – Ground Safety. (CRITICAL)**

A3.2.10.1. Q. Knew and or executed proper evacuation procedures. Knew the location and was familiar with the utilization of ground safety equipment.

A3.2.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.11. **Area 11 – Checklists.**

A3.2.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.2.11.2. Q-. Utilized positional checklist to perform tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.11.3. U. Failed to utilize positional checklist to perform tasks IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.12. **Area 12 – Sensors.**

A3.2.12.1. Q. Recognized and reported degraded sensor performance. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.2.12.2. Q-. Recognized and reported degraded sensor performance. Demonstrated knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.12.3. U. Failed to recognize and report degraded sensor performance. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.13. **Area 13 – Weather Information.**

A3.2.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.2.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.14. **Area 14 – Rules of Engagement (ROE). (CRITICAL)**

A3.2.14.1. Q. Applied ROE used hostile act or intent criteria and complied with appropriate levels of authority IAW directives.

A3.2.14.2. U. Failed to apply ROE, failed to use hostile act or intent criteria, or failed to comply with appropriate levels of authority IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.15. **Area 15 – Air Picture.**

A3.2.15.1. Q. Supervised maintenance of current air picture to include recognition of EA/EP. Supervised actions to ensure an accurate and identifiable air picture IAW directives.

A3.2.15.2. Q-. Supervised maintenance of current air picture to include recognition of EA/EP. Supervised actions to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.15.3. U. Failed to supervise maintenance of current air picture to include recognition of EA/EP. Failed to supervise actions to ensure accurate and identifiable air picture IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.2.16.1. Q. Recognized the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures.

A3.2.16.2. Q-. Recognized the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.16.3. U. Failed to recognize the presence of electronic or mechanical jamming or interference. Committed errors that jeopardized mission accomplishment or safety.

A3.2.17. **Area 17 – External Command and Control (C2) Assets.**

A3.2.17.1. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, IAW directives.

A3.2.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets, IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.18. **Area 18 – Expansion Procedures (Continental United States [CONUS]).**

A3.2.17.1. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.2.17.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.17.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.2.19.1. Q. Recognized aircraft emergencies, implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives.

A3.2.19.2. Q-. Recognized aircraft emergencies implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.19.3. U. Failed to recognize aircraft emergency situations, implement notification and recovery procedures, supervise emergency aircraft actions, and conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.20. **Area 20 – Battle Management.**

A3.2.20.1. Q. Executed or assisted with special instructions (SPINS), operations orders (OPORDs), and contingency plans (CONPLANs) IAW applicable directives. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment.

A3.2.20.2. Q-. Executed or assisted with SPINS, OPORDs and CONPLANs IAW applicable directives. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.20.3. U. Failed to execute or assist with SPINS, OPORDs and CONPLANs IAW applicable directives. Failed to supervise, control, or assist with employment of resources within the limitations and capabilities of assigned equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.21. **Area 21 – Mission Execution. (CRITICAL).**

A3.2.21.1. Q. Executed the assigned mission and/or provided assistance IAW directives.

A3.2.21.2. U. Failed to execute the assigned mission and/or provide assistance IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.22. **Area 22 – Reporting and Documentation Procedures.**

A3.2.22.1. Q. Reported and documented all required items IAW directives.

A3.2.22.2. Q-. Reported and documented all required items IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.22.3. U. Failed to report or document all required items IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.23. **Area 23 – Positional Changeover and Debriefing.**

A3.2.21.1. Q. Conducted changeover and/or debriefing IAW directives.

A3.2.21.2. Q-. Conducted changeover and/or debriefing IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.21.3. U. Failed to conduct changeover or debriefing IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.24. **Area 24 – Identification (ID) and Safe Passage Procedures.**

A3.2.24.1. Q. Supervised ID of all tracks within the assigned area of operations (AO) and the employment of safe passage procedures IAW directives.

A3.2.24.2. Q-. Supervised ID of all tracks within the assigned AO and the employment of safe passage procedures IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.24.3. U. Failed to supervise ID of all tracks within the assigned AO or the employment of safe passage procedures IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.25. **Area 25 – Aircraft Operations.**

A3.2.25.1. Q. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives.

A3.2.25.2. Q-. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.2.25.3. U. Failed to supervise, monitor, recommend, and/or assist with aircraft generation (to include commit action as required), dispersal, or recovery. Failed to ensure allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.26. **Area 26 – Safety of Flight. (CRITICAL)**

A3.2.26.1. Q. Ensured safety of flight IAW directives.

A3.2.26.2. U. Failed to ensure safety of flight IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.2.27. **Area 27 – Airspace Management/Air Traffic Control (ATC) Coordination.** N/A.

A3.2.28. **Area 28 – Continuum of Control.** N/A.

A3.2.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.2.29.1. Area 29 – Instructional Ability.

A3.2.29.2. Area 30 – Briefings and Critiques.

A3.2.29.3. Area 31 – Demonstration and Performance.

A3.3. Senior Director (SD). A.3.3.1. Area 1 – Mission Planning.

A.3.3.1.1. Q. Conducted mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Checked factors applicable to the mission (e.g. LOAs, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB and daily flying schedule). Read and initialed all items in applicable read files.

A.3.3.1.2. Q-. Conducted mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Checked factors applicable to the mission (e.g., LOA, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB, and daily flying schedule). Read and initialed items in applicable read files. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A.3.3.1.3. U. Failed to conduct mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Failed to check factors applicable to the mission (e.g., LOA, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB, and daily flying schedule). Failed to read and initial items in applicable read files. Committed errors or omissions that could jeopardize mission accomplishment or safety.

A3.3.2. **Area 2 – Briefings.**

A3.3.2.1. Q. Attended required briefings and extracted or provided necessary information. Conducted briefings in an organized, logical sequence IAW applicable directives. Ensured the weapons team was briefed on applicable aspects of the weapons mission. Participated in and extracted pertinent information from aircrew briefing(s) IAW directives.

A3.3.2.2. Q-. Attended required briefings and extracted or provided necessary information. Conducted briefings in an organized, logical sequence IAW applicable directives. Ensured the weapons team was briefed on applicable aspects of the weapons mission. Participated in and extracted pertinent information from aircrew briefing(s) IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A.3.3.2.3. U. Failed to attend required briefings and extract/provide necessary information. Failed to conduct briefings in an organized, logical sequence IAW applicable directives. Failed to ensure the weapons team was briefed on applicable aspects of the weapons mission. Failed to participate in and extract pertinent information from aircrew briefing(s) IAW directives. Committed errors or omissions that could negatively affect mission accomplishment or safety.

A3.3.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.3.3.1. Q. Configured, manipulated, controlled, interpreted displays, and report outages as required. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives.

A3.3.3.2. Q-. Configured, manipulated, controlled, interpreted displays, and report outages as required. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.3.3. U. Failed to configure, manipulate, control, interpret displays, and report outages as required. Failed to update/utilize mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives. Committed errors or omissions that could adversely affect mission accomplishment or safety.

A.3.3.4. Area 4 – Communication Selection and Use.

A.3.3.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Reported outages as required.

A.3.3.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A.3.3.4.3. U. Failed to select, monitor, and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.3.5.1. Q. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications.

A3.3.5.2. Q-. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.5.3. U. Failed to employ INFOSEC or maintain OPSEC controls IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.6. **Area 6 – Communications Security (COMSEC).(CRITICAL)**

A3.3.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.3.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.3.7. **Area 7 – Authentication Procedures.**

A3.3.7.1. Q. Authenticated voice transmission within time limits specified on authenticators.

A3.3.7.2. Q-. Authenticated voice transmission within time limits specified on authenticators. Committed errors or omissions that did not jeopardize mission accomplishment.

A3.3.7.3. U. Committed errors or omissions that jeopardized mission accomplishment.

A3.3.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.3.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.3.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.8.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.9. **Area 9 – Coordination.**

A3.3.9.1. Q. Coordinated and reported requirements, mission changes, equipment discrepancies, and limitations IAW directives.

A3.3.9.2. Q-. Coordinated and reported requirements, mission changes, equipment discrepancies, and limitations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.9.3. U. Failed to coordinate and report requirements, mission changes, equipment discrepancies, and limitations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.10. **Area 10 – Ground Safety.(CRITICAL)**

A3.3.10.1. Q. Knew or executed proper evacuation procedures. Knew the location of and is familiar with the utilization of ground safety equipment.

A3.3.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location of and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A.3.3.11. Area 11 – Checklists.

A3.3.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.3.11.2. Q-. Utilized positional checklist to perform tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.11.3. U. Failed to utilize positional checklist to perform tasks IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.12. **Area 12 – Sensors.**

A3.3.12.1. Q. Recognized and reported degraded sensor performance. Coordinated sensor requirements to optimize presentation for mission accomplishment. Understood impact of major sensor changes on the mission. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.3.12.2. Q-. Recognized and reported degraded sensor performance. Coordinated sensor requirements to optimize presentation for mission accomplishment. Understood impact of major sensor changes on the mission. Demonstrated knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.12.3. U. Failed to recognize and report degraded sensor performance. Failed to coordinate sensor requirements to optimize presentation for mission accomplishment. Failed to understand the impact of major sensor changes on the mission. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.13. **Area 13 – Weather Information.**

A3.3.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.3.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.14. **Area 14 – Rules of Engagement (ROE). (CRITICAL)**

A3.3.14.1. Q. Applied ROE, used hostile act or intent criteria, and complied with appropriate levels of authority IAW directives.

A3.3.14.2. U. Failed to apply ROE, use hostile act or intent criteria, or comply with appropriate levels of authority IAWIAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A.3.3.15. Area 15 – Air Picture.

A3.3.15.1. Q. Maintained current weapons air picture and took actions to ensure an accurate and identifiable air picture IAW directives.

A3.3.15.2. Q-. Maintained current weapons air picture and took actions to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.15.3. U. Failed to maintain current weapons air picture or take actions to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.3.16.1. Q. Recognized and reported the presence of electronic or mechanical jamming or interference.

A3.3.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.17. **Area 17 – External Command and Control Assets.**

A3.3.17.1. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets IAW directives.

A3.3.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.18. **Area 18 – Expansion Procedures (CONUS).**

A3.3.18.1. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.3.18.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.18.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.3.19.1. Q. Recognized emergency aircraft situations, implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives.

A3.3.19.2. Q-. Recognized emergency aircraft situations, implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.19.3. U. Failed to recognize emergency aircraft situations, implement notification and recovery procedures, supervise emergency aircraft actions, or conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.20. **Area 20 – Battle Management.**

A3.3.20.1. Q. Developed and implemented the weapons team plan of execution. Contracted with other sections of the crew and external agencies to execute an effective plan. Led the weapons team in tactical employment of assigned aircraft to successfully accomplish mission tasking. Directed or ensured crewmembers select proper tactics based on aircraft capabilities, the threat, ROE, CONPLAN, SPINS, and/or mission requirements IAW applicable directives.

A3.3.20.2. Q-. Developed and implemented the weapons team plan of execution. Contracted with other sections of the crew and external agencies to execute an effective plan. Led the weapons team in tactical employment of assigned aircraft to successfully accomplish mission tasking. Directed or ensured crewmembers select proper tactics based on aircraft capabilities, the threat, ROE, CONPLAN, SPINS, and/or mission requirements IAW applicable directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.20.3. U. Failed to develop and implement the weapons team plan of execution. Failed to contract with other sections of the crew and external agencies to execute an effective plan. Failed to lead the weapons team in tactical employment of assigned aircraft to successfully accomplish mission tasking. Failed to direct or ensure crewmembers select proper tactics based on aircraft capabilities, the threat, ROE, CONPLAN, SPINS, and/or mission requirements IAW applicable directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.21. **Area 21 – Mission Execution. (CRITICAL)**

A3.3.21.1. Q. Executed the assigned mission and/or provided assistance IAW directives. Conducted the mission with a sense of understanding and comprehension. Decisions resulted in mission accomplishment and effectively used resources to achieve mission objectives.

A3.3.21.2. U. Failed to execute the assigned mission or provide assistance IAWIAW directives. Failed to conduct the mission with a sense of understanding and comprehension. Failed to make decisions that result in mission accomplishment and failed to use resources effectively to achieve mission objectives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.22. **Area 22 – Reporting and Documentation Procedures.**

A3.3.22.1. Q. Reported and documented required items IAW directives.

A3.3.22.2. Q-. Reported and documented required items IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.22.3. U. Failed to report and document required items IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.23. **Area 23 – Positional Changeover and Debriefing.**

A3.3.23.1. Q. Briefed the relieving operator on the current operational situation IAW directives. Prepared and participated in mission objectives-based weapons section and crew debriefings. Prepared for and participated in aircrew debriefings IAW directives.

A3.3.23.2. Q-. Briefed the relieving operator on the current operational situation IAW directives. Prepared and participated in mission objectives-based weapons section and crew debriefings. Prepared for and participated in aircrew debriefings IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.23.3. U. Failed to brief the relieving operator on the current operational situation IAW directives. Failed to prepare and participate in mission objectives-based weapons section and crew debriefings. Failed to prepare for and participate in aircrew debriefings IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.24. **Area 24 – Identification (ID) and Safe Passage Procedures.**

A3.3.24.1. Q. Ensured appropriate ID of assigned assets. Accomplished or directed unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators.

A3.3.24.2. Q-. Ensured appropriate ID of assigned assets. Accomplished or directed unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.24.3. U. Failed to ensure appropriate ID of assigned assets. Failed to accomplish or direct unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.25. **Area 25 – Aircraft Operations.**

A3.3.25.1. Q. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives.

A3.3.25.2. Q-. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.25.3. U. Failed to supervise, monitor, recommend, and/or assist with aircraft generation (to include commit action as required), dispersal, and recovery. Failed to ensure allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.26. **Area 26 – Safety of Flight. (CRITICAL)**

A3.3.26.1. Q. Ensured safety of flight IAW directives.

A3.3.26.2. U. Failed to ensure safety of flight IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.27. **Area 27 – Airspace Management and Air Traffic Control (ATC) Coordination.**

A3.3.27.1. Q. Coordinated and/or performed actions IAW directives.

A3.3.27.2. Q-. Coordinated and/or performed actions IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.27.3. U. Failed to coordinate and/or perform actions IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.28. **Area 28 – Continuum of Control.**

A3.3.28.1. Q. Supervised and directed fighters using radar and IFF/SIF presentations. Used the continuum of control to position assets to accomplish missions consistent with briefed objectives; AFI 11-214, *Air Operations Rules and Procedures*; AFTTP 3-1, *General Planning*; aircraft capabilities; ROE; threat; EOB and/or leadership direction.

A3.3.28.2. Q-. Supervised and directed fighters using radar and IFF/SIF presentations. Used the continuum of control to position assets to accomplish missions consistent with briefed objectives, AFI 11-214, AFTTP 3-1, aircraft capabilities, ROE, threat, EOB, and/or leadership direction. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.3.28.3. U. Failed to supervise and direct fighters using radar and IFF/SIF presentations. Failed to use the continuum of control to accomplish missions consistent with briefed objectives, AFI 11-214 and AFTTP 3-1, aircraft capabilities, ROE, threat, EOB, and/or leadership direction. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.3.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.3.29.1. Area 29 – Instructional Ability.

A3.3.29.2. Area 30 – Briefings and Critique.

A3.3.29.3. Area 31 – Demonstration and Performance.

A3.4. Air Weapons Officer (AWO)/Weapons Director (WD).

A3.4.1. **Area 1 – Mission Planning.**

A3.4.1.1. Q. Conducted mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Checked factors applicable to the mission (i.e., LOAs, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB and daily flying schedule). Read and initialed all items in applicable read files.

A3.4.1.2. Q-. Conducted mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Checked factors applicable to the mission (i.e., LOAs, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB and daily flying schedule). Read and initialed items in applicable read files. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.1.3. U. Failed to conduct mission planning that accounted for known mission requirements, limitations, and approved operating procedures IAW applicable directives. Failed to check factors applicable to the mission (i.e., LOAs, SPINS, ROE, ATO, lessons learned, training requirements, employment capabilities, WX, EOB and daily flying schedule). Failed to read and initial items in applicable read files. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.2. **Area 2 – Briefings.**

A3.4.2.1. Q. Attended required briefings and extracted or provided necessary information. Conducted briefings in an organized, logical sequence IAW applicable directives. Ensured the weapons team was briefed on applicable aspects of the weapons mission. Participated in and extracts pertinent information from aircrew briefing(s) IAW directives.

A3.4.2.2. Q-. Attended required briefings and extracted or provided necessary information. Conducted briefings in an organized, logical sequence IAW applicable directives. Ensured the weapons team was briefed on applicable aspects of the weapons mission. Participated in and extracts pertinent information from aircrew briefing(s) IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.2.3. U. Failed to attend required briefings and extract/provide necessary information. Failed to conduct briefings in an organized, logical sequence IAW applicable directives. Failed to ensure the weapons team was briefed on applicable aspects of the weapons mission. Failed to participate in and extract pertinent information from aircrew briefing(s) IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.4.3.1. Q. Configured, manipulated, controlled, interpreted displays and reported outages as required. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives.

A3.4.3.2. Q-. Configured, manipulated, controlled, interpreted displays and reported outages as required. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.3.3. U. Failed to configure, manipulate, control, interpret displays and report outages as required. Failed to update/utilize mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.4. **Area 4 – Communication Selection and Use.**

A3.4.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Reported outages as required.

A3.4.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.4.3. U. Failed to select, monitor, and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.4.5.1. Q. Employed INFOSEC and maintained OPSEC control IAW appropriate publications.

A3.4.5.2. Q-. Employed INFOSEC and maintained OPSEC control IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.5.3. U. Failed to employ INFOSEC or maintain OPSEC control IAW appropriate publications. Committed errors or omissions that jeopardize INFOSEC/OPSEC.

A3.4.6. **Area 6 – COMSEC. (CRITICAL)**

A3.4.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.4.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.4.7. **Area 7 – Authentication Procedures.**

A3.4.7.1. Q. Authenticated voice transmission within time limits specified on authenticators.

A3.4.7.2. Q-. Authenticated voice transmission within time limits specified on authenticators. Committed errors or omissions that did not jeopardize mission accomplishment.

A3.4.7.3. U. Committed errors or omissions that jeopardized mission accomplishment.

A3.4.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.4.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.4.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.8.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.9. **Area 9 – Coordination.**

A3.4.9.1. Q. Coordinated and reported requirements, mission changes, equipment discrepancies, and limitations IAW directives.

A3.4.9.2. Q-. Coordinated and reported requirements, mission changes, equipment discrepancies, and limitations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.9.3. U. Failed to coordinate and report requirements, mission changes, equipment discrepancies, and limitations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.10. **Area 10 – Ground Safety. (CRITICAL)**

A3.4.10.1. Q. Knew or executed proper evacuation procedures. Knew the location and was familiar with the utilization of ground safety equipment.

A3.4.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.11. **Area 11 – Checklists.**

A3.4.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.4.11.2. Q-. Utilized positional checklist to perform tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.11.3. U. Failed to utilize positional checklist to perform tasks IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.12. **Area 12 – Sensors.**

A3.4.12.1. Q. Recognized and reported degraded sensor performance. Coordinated sensor requirements to optimize presentation for mission accomplishment. Understood impact of major sensor changes on the mission. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.4.12.2. Q-. Recognized and reported degraded sensor performance. Coordinated sensor requirements to optimize presentation for mission accomplishment. Understood impact of major sensor changes on the mission. Demonstrated knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.12.3. U. Failed to recognize and report degraded sensor performance. Failed to coordinate sensor requirements to optimize presentation for mission accomplishment. Failed to understand the impact of major sensor changes on the mission. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.13. **Area 13 – Weather Information.**

A3.4.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.4.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.14. **Area 14 – Rules of Engagement (ROE). (CRITICAL)**

A3.4.14.1. Q. Applied ROE, used hostile act or intent criteria, and complied with appropriate levels of authority IAW directives.

A3.4.14.2. U. Failed to apply ROE, failed to use hostile act or failed to intent criteria, or comply with appropriate levels of authority IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.15. **Area 15 – Air Picture.**

A3.4.15.1. Q. Maintained current weapons air picture and took actions to ensure an accurate and identifiable air picture IAW directives.

A3.4.15.2. Q-. Maintained current weapons air picture and took actions to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.15.3. U. Failed to maintain current weapons air picture or take actions to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.4.16.1. Q. Recognized and reported the presence of electronic or mechanical jamming or interference.

A3.4.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Committed errors or omissions that negatively affect the recognition and reporting of electronic attack/interference.

A3.4.17. **Area 17 – External Command and Control Assets.**

A3.4.17.1. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets IAW directives.

A3.4.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.18. **Area 18 – Expansion Procedures (CONUS).**

A3.4.18. A3. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.4.18.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.18.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.4.19.1. Q. Recognized emergency aircraft situations, implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives.

A3.4.19.2. Q-. Recognized emergency aircraft situations, implemented notification and recovery procedures, supervised emergency aircraft actions, and conducted PR operations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety

A3.4.19.3. U. Failed to recognize emergency aircraft situations, implement notification and recovery procedures, supervise emergency aircraft actions, or conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.20. **Area 20 – Battle Management. N/A.**

A3.4.21. **Area 21 – Mission Execution. (CRITICAL)**

A3.4.21.1. Q. Executed the assigned mission and/or provided assistance IAWIAW directives. Conducted the mission with a sense of understanding and comprehension. Decisions resulted in mission accomplishment and resources were effectively used to achieve mission objectives.

A3.4.21.2. U. Failed to execute the assigned mission and/or provides assistance IAW directives. Failed to conduct the mission with a sense of understanding and comprehension. Failed to make decisions that result in mission accomplishment and failed to use resources effectively to achieve mission objectives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.22. **Area 22 – Reporting and Documentation Procedures.**

A3.4.22.1. Q. Reported and documented required items IAW directives.

A3.4.22.2. Q-. Reported and documented required items IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.22.3. U. Failed to report and document required items IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.23. **Area 23 – Positional Changeover and Debriefing.**

A3.4.23.1. Q. Briefed the relieving operator on the current operational situation IAW directives. Prepared and participated in mission objectives-based weapons section and crew debriefings. Prepared for and participated in aircrew debriefings IAW directives.

A3.4.23.2. Q-. Briefed the relieving operator on the current operational situation IAW directives. Prepared and participated in mission objectives-based weapons section and crew debriefings. Prepared for and participated in aircrew debriefings IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.23.3. U. Failed to brief the relieving operator on the current operational situation IAW directives. Failed to prepare and participate in mission objectives-based weapons section and crew debriefings. Failed to prepare for and participate in aircrew debriefings IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.24. **Area 24 – ID and Safe Passage Procedures.**

A3.4.24.1. Q. Ensured appropriate ID of assigned assets. Accomplished or directed unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators.

A3.4.24.2. Q-. Ensured appropriate ID of assigned assets. Accomplished or directed unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.24.3. U. Failed to ensure appropriate ID of assigned assets. Failed to accomplish or direct unknown rider and/or unknown cowboy procedures (N/A PACAF units) IAW applicable authenticators. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.25. **Area 25 – Aircraft Operations.**

A3.4.25.1. Q. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives.

A3.4.25.2. Q-. Supervised, monitored, recommended, and/or assisted with aircraft generation (to include commit action as required), dispersal, and recovery. Ensured allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.25.3. U. Failed to supervise, monitor, recommend, and/or assist with aircraft generation (to include commit action as required), dispersal, and recovery. Failed to ensure allocation of resources to cope with tactical situations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.26. **Area 26 – Safety of Flight. (CRITICAL)**

A3.4.26.1. Q. Ensured safety of flight IAW directives.

A3.4.26.2. U. Failed to ensure safety of flight IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.27. **Area 27 – Airspace Management and Air Traffic Control (ATC) Coordination.**

A3.4.27.1. Q. Coordinated and/or performed actions IAW directives.

A3.4.27.2. Q-. Coordinated and/or performed actions IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.27.3. U. Failed to coordinate and/or perform actions IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.28. **Area 28 – Continuum of Control.**

A3.4.28.1. Q. Supervised and directed fighters using radar and IFF/SIF presentations. Used the continuum of control to position assets to accomplish missions consistent with briefed objectives, AFI 11-214, AFTTP 3-1, aircraft capabilities, ROE, threat, EOB, and/or leadership direction.

A3.4.28.2. Q-. Supervised and directed fighters using radar and IFF/SIF presentations. Used the continuum of control to position assets to accomplish missions consistent with briefed objectives, AFI 11-214, AFTTP 3-1, aircraft capabilities, ROE, threat, EOB, and/or leadership direction. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.4.28.3. U. Failed to supervise/direct fighters using radar and IFF/SIF presentations. Failed to use the continuum of control to accomplish missions consistent with briefed objectives, AFI 11-214, AFTTP 3-1, aircraft capabilities, ROE, threat, EOB, and/or leadership direction. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.4.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.4.29.1. Area 29 – Instructional Ability.

A3.4.29.2. Area 30 – Briefings and Critiques.

A3.4.29.3. Area 31 – Demonstration and Performance.

A3.5. Air Surveillance Officer Evaluation (ASO).

A3.5.1. **Area 1 – Mission Planning.**

A3.5.1.1. Q. Conducted mission planning, accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAW directives.

A3.5.1.2. Q-. Conducted mission planning, accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.1.3. U. Failed to conduct mission planning, account for known mission capabilities, requirements, EOB, limitations, and approved operating procedures. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.2. **Area 2 – Briefings.**

A3.5.2.1. Q. Supervised, conducted and/or attended briefings and extracted or provided information consistent to mission accomplishment IAW directives.

A3.5.2.2. Q-. Supervised, conducted and/or attended briefings and extracted or provided information consistent to mission accomplishment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.2.3. U. Failed to supervise, conduct and/or attend briefings and extract/provide information consistent to mission accomplishment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.5.3.1. Q. Configured, manipulated, controlled, interpreted displays and responded to alerts. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives and report outages.

A3.5.3.2. Q-. Configured, manipulated, controlled, interpreted displays and responded to alerts. Updated/utilized mission auxiliary and other computer equipment to accomplish assigned tasks and reported outages. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.3.3. U. Failed to configure, manipulate, control, interpret displays or respond to alerts. Did not update/utilize mission/auxiliary and other computer equipment to accomplish assigned tasks and reported outages. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.4. **Area 4 – Communications Selection and Use.**

A3.5.4.1. Q. Selected, monitored and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required.

A3.5.4.2. Q-. Selected, monitored and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.4.3. U. Failed to select, monitor and operate communications equipment IAW system manuals, mission tasking, and directives. Did not ensure completion of communications checks

and report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.5.5.1. Q. Employed INFOSEC and ensured OPSEC controls are maintained IAW appropriate publications.

A3.5.5.2. Q-. Employed INFOSEC and ensured OPSEC controls are maintained IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.5.3. U. Failed to employ INFOSEC and ensure OPSEC controls are maintained IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.6. **Area 6 – COMSEC. (CRITICAL).**

A3.5.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.5.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.5.7. **Area 7 – Authentication Procedures. N/A.**

A3.5.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.5.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.5.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.8.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.9. **Area 9 – Coordination.**

A3.5.9.1. Q. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives.

A3.5.9.2. Q-. Coordinated and reported mission requirements, mission changes, equipment discrepancies, and limitations. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.9.3. U. Failed to coordinate and report requirements, mission changes, equipment discrepancies, and limitations. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.10. **Area 10 – Ground Safety. (CRITICAL).**

A3.5.10.1. Q. Knew or executed proper evacuation procedures. Knew the location and was familiar with the utilization of ground safety equipment.

A3.5.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.11. **Area 11 – Checklists.**

A3.5.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.5.1.2. Q-. Utilized positional checklist to perform tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.13. U. Failed to utilize positional checklist to perform tasks. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.12. **Area 12 – Sensors. (CRITICAL).**

A3.5.12.1. Q. Recognized and reported degraded sensor performance. Implemented sensor changes to optimize presentation based on equipment availability capabilities, limitations, and/or mission tasking IAW directives. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.5.12.2. U. Failed to recognize and report degraded sensor performance. Unable to implement sensor changes to optimize presentation based on equipment availability capabilities, limitations, and/or mission tasking IAW directives. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.13. **Area 13 – Weather Information.**

A3.5.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.5.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.14. **Area 14 – Rules of Engagement (ROE).**

A3.5.14.1. Q. Demonstrated basic knowledge of the ROE with appropriate levels of authority IAW directives.

A3.5.14.2. Q-. Demonstrated basic knowledge of the ROE with appropriate levels of authority. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.14.3. U. Failed to demonstrate basic knowledge of the ROE with appropriate levels of authority. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.15. **Area 15 – Air Picture. (CRITICAL).**

A3.5.15.1. Q. Maintained current air picture and took actions to ensure an accurate and identifiable air picture IAW directives. Detected, tracked, updated, and reported tracks. Monitored link operations and took action to ensure effective data exchange is achieved.

A3.5.15.2. U. Failed to maintain current air picture and ensure an accurate and identifiable air picture IAW directives. Failed to monitor link operations to ensure effective data exchange. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.5.16.1. Q. Recognized and reported the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and applied EP IAW directives.

A3.5.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and applied EP IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Failed to implement notification and reporting procedures IAW directives. Failed to take action to correlate source of EA or EP as appropriate. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.17. **Area 17 – External Command and Control Assets.**

A3.5.17. A3. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required, IAW directives.

A3.5.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.18. **Area 18 – Expansion Procedures (CONUS).**

A3.5.18. A3. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.5.18.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.18.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.5.19.1. Q. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations IAW directives.

A3.5.19.2. Q-. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.19.3. U. Failed to recognize emergency aircraft situations, implement reporting procedures, monitor emergency aircraft actions, and conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.20. **Area 20 – Battle Management.**

A3.5.20.1. Q. Executed or assisted with SPINS, OPORDs, and CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment IAW directives.

A3.5.20.2. Q-. Executed or assisted with SPINS, OPORDs, and CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.20.3. U. Failed to execute or assist with SPINS, OPORDs, and CONPLANs. Did not supervise, control, or assist with employment of resources within the limitations and capabilities of assigned equipment with IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.21. **Area 21 – Mission Execution.(CRITICAL).**

A3.5.21.1. . Q. Executed the assigned mission IAW directives. Conducted the mission with a sense of understanding and comprehension. Decisions resulted in mission accomplishment and effectively used resources to achieve mission objectives.

A3.5.21.2. U. Failed to execute the assigned mission IAW directives. Did not conduct the mission with a sense of understanding and comprehension. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.22. **Area 22 – Reporting and Documentation Procedures.**

A3.5.22.1. Q. Reported and documented all required items to include radar outages and EA IAW directives.

A3.5.22.2. Q-. Reported and documented all required items to include radar outages and EA. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.22.3. U. Failed to report and document all required items to include radar outages and EA IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.23. **Area 23 – Positional Changeover and Debriefing.**

A3.5.23. A3. Q. Conducted changeover and/or debriefing IAW directives.

A3.5.23.2. Q-. Conducted changeover and/or debriefing. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.5.23.3. U. Failed to conduct changeover and/or debriefing. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.5.24. **Area 24 – Identification/Safe Passage. N/A.**

A3.5.25. **Area 25 – Aircraft Operations. N/A.**

A3.5.26. **Area 26 – Safety of Flight. N/A.**

A3.5.27. **Area 27 – Airspace Management/ATC Coordination. N/A.**

A3.5.28. **Area 28 – Continuum of Control. N/A.**

A3.5.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.5.29.1. Area 29 – Instructional Ability.

A3.5.29. 2 Area 30 – Briefings and Critiques.

A3.5.29. 3 Area 31 – Demonstration and Performance.

A3.6. Air Surveillance Technician Qualification Evaluation.

A3.6.1. **Area 1 – Mission Planning.**

A3.6.1.1. Q. Conducted mission planning, accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAW directives.

A3.6.1.2. Q-. Conducted mission planning, accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.1.3. U. Failed to conduct mission planning, account for known mission capabilities, requirements, EOB, limitations, and approved operating procedures. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.2. **Area 2 – Briefings.**

A3.6.2.1. Q. Supervised, conducted and/or attended briefings and extracted or provided information consistent to mission accomplishment IAW directives.

A3.6.2.2. Q-. Supervised, conducted and/or attended briefings and extracted or provided information consistent to mission accomplishment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.2.3. U. Failed to supervise, conduct and/or attend briefings and extract/provide information consistent to mission accomplishment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.6.3.1. Q. Configured, manipulated, controlled, interpreted displays and responded to alerts. Updated/utilized mission, auxiliary and other computer equipment to accomplish assigned tasks IAW directives and reported outages.

A3.6.3.2. Q-. Configured, manipulated, controlled, interpreted displays and responded to alerts. Updated/utilized mission auxiliary and other computer equipment to accomplish assigned tasks and reported outages. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.3.3. U. Failed to configure, manipulate, control, interpret displays or respond to alerts. Failed to update/utilize mission/auxiliary and other computer equipment to accomplish assigned tasks and/or failed to report outages. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.4. **Area 4 – Communication Selection and Use.**

A3.6.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required.

A3.6.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and report outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.4.3. U. Failed to select, monitor, and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to ensure completion of communications checks and/or report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.6.5.1. Q. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications.

A3.6.5.2. Q-. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.5.3. U. Failed to employ INFOSEC and maintain OPSEC controls IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.6. **Area 6 – COMSEC. (CRITICAL).**

A3.6.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.6.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.6.7. **Area 7 – Authentication Procedures. N/A.**

A3.6.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.6.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.6.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.8.3. U. Failed to employ R/T procedures and or committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.9. **Area 9 – Coordination.**

A3.6.9.1. Q. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives.

A3.6.9.2. Q-. Coordinated and reported mission requirements, mission changes, equipment discrepancies, and limitations. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.9.3. U. Failed to coordinate and report requirements, mission changes, equipment discrepancies, and limitations. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.10. **Area 10 – Ground Safety. (CRITICAL).**

A3.6.10.1. Q. Knew or executed proper evacuation procedures. Knew the location and is familiar with the utilization of ground safety equipment.

A3.6.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.11. **Area 11 – Checklists.**

A3.6.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.6.11.2. Q-. Utilized positional checklist to perform tasks. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.11.3. U. Failed to utilize positional checklist to perform tasks. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.12. **Area 12 – Sensors. (CRITICAL).**

A3.6.12.1. Q. Recognized and reported degraded sensor performance. Implemented sensor changes to optimize presentation based on equipment availability, capabilities limitations, and/or mission tasking IAW directives. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.6.12.2. U. Failed to recognize and report degraded sensor performance. Failed to implement sensor changes to optimize presentation based on equipment availability, capabilities, limitations, and/or mission tasking IAW directives. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.13. **Area 13 – Weather Information.**

A3.6.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.6.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.14. **Area 14 – Rules of Engagement (ROE).**

A3.6.14.1. Q. Demonstrated basic knowledge of the ROE with appropriate levels of authority IAW directives.

A3.6.14.2. Q-. Demonstrated basic knowledge of the ROE with appropriate levels of authority. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.14.3. U. Failed to demonstrate basic knowledge of the ROE with appropriate levels of authority. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.15. **Area 15 – Air Picture. (CRITICAL).**

A3.6.15.1. Q. Maintained current air picture and took actions to ensure an accurate and identifiable air picture IAW directives. Detected, tracked, updated, and reported tracks. Monitored link operations and took action to ensure effective data exchange is achieved.

A3.6.15.2. U. Failed to maintain current air picture and take actions to ensure an accurate and identifiable air picture IAW directives. Failed to detect, track, update, or report tracks. Failed to monitor link operations to ensure effective data exchange. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.6.16.1. Q. Recognized the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and applied EP IAW directives.

A3.6.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and applied EP. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Failed to implement notification and reporting procedures IAW directives. Failed to take actions to correlate source of EA or EP. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.17. **Area 17 – External Command and Control Assets.**

A3.6.17.1. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required, IAW directives.

A3.6.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.18. **Area 18 – Expansion Procedures (CONUS).**

A3.6.18.1. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.6.18.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.18.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.6.19.1. Q. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations IAW directives.

A3.6.19.2. Q-. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.19.3. U. Failed to recognize emergency aircraft situations, implement reporting procedures, monitor emergency aircraft actions, and conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.20. **Area 20 – Battle Management.**

A3.6.20.1. Q. Executed or assisted with SPINS, OPORDs, and CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment IAW directives.

A3.6.20.2. Q-. Executed or assisted with SPINS, OPORDs, and CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.20.3. U. Failed to execute or assist with SPINS, OPORDs, and CONPLANs. Did not supervise, control, or assist with employment of resources within the limitations and capabilities of assigned equipment with IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.21. **Area 21 – Mission Execution. (CRITICAL)**

A3.6.21.1. Q. Executed the assigned mission IAW directives. Conducted the mission with a sense of understanding and comprehension. Decisions resulted in mission accomplishment; effectively used resources to achieve mission objectives.

A3.6.21.2. U. Failed to execute the assigned mission IAW directives. Did not conduct the mission with a sense of understanding and comprehension. Decisions jeopardized mission accomplishment and ineffectively used resources to achieve mission objectives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.22. **Area 22 – Reporting and Documentation Procedures.**

A3.6.22.1. Q. Reported and documented all required items to include radar outages and EA IAW directives.

A3.6.22.2. Q-. Reported and documented required items to include radar outages and EA IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.22.3. U. Failed to report and document all required items to include radar outages and EA IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.6.23. **Area 23 – Positional Changeover and Debriefing.**

A3.6.23.1. Q. Conducted changeover and/or debriefing IAW directives.

A3.6.23.2. Q-. Conducted changeover and/or debriefing. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.6.23.3. U. Failed to conduct changeover and/or debriefing, or briefings contained errors or omissions that jeopardized mission accomplishment or safety.

A3.6.24. **Area 24 - Identification/Safe Passage. N/A.**

A3.6.25. **Area 25 – Aircraft Operations. N/A.**

A3.6.26. **Area 26 – Safety of Flight. N/A.**

A3.6.27. **Area 27 – Airspace Management and Air Traffic Control (ATC) Coordination. N/A.**

A3.6.28. **Area 28 – Continuum of Control. N/A.**

A3.6.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.6.29.1. Area 29 – Instructional Ability.

A3.6.29.2. Area 30 – Briefings and Critiques.

A3.6.29.3. Area 31 – Demonstration and Performance.

A3.7. Surveillance Technician Qualification Evaluation.

A3.7.1. **Area 1 – Mission Planning.**

A3.7.1.1. Q. Conducted mission planning. Accounted for known mission capabilities, requirements, EOB, limitations, and approved operating procedures IAW directives. Obtained or developed, coordinated and communicated an ID plan that met mission needs. Ensured all required materials were available and on position.

A3.7.1.2. Q-. Conducted mission planning. Accounted for known mission capabilities, requirements, EOB, limitations, materials, ID plan and approved operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.1.3. U. Failed to conduct mission planning, account for known mission capabilities, requirements, EOB, limitations, or approved operating procedures. Failed to obtain or develop, coordinate or communicate an ID plan. Did not ensure all required materials were available and on position. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.2. **Area 2 – Briefings.**

A3.7.2.1. Q. Conducted or attended briefings and extracted and/or provided information consistent to mission accomplishment IAW directives.

A3.7.2.2. Q-. Conducted or attended briefings and extracted and/or provided information consistent to mission accomplishment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.2.3. U. Failed to conduct or attend briefings and extract and/or provide information consistent to mission accomplishment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.7.3.1. Q. Configured, manipulated, controlled, and interpreted displays; responded to alerts; reported outages; updated and utilized mission, auxiliary, and other equipment to accomplish assigned tasks IAW directives.

A3.7.3.2. Q-. Configured, manipulated, controlled, and interpreted displays; responded to alerts; reported outages; updated and utilized mission, auxiliary, and other equipment to accomplish assigned tasks. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.3.3. U. Failed to configure, manipulate, control, and interpret displays or respond to alerts. Failed to report outages and update and utilize mission, auxiliary, or other equipment to accomplish assigned tasks. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.4. **Area 4 – Communications Selection and Use.**

A3.7.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required.

A3.7.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.4.3. U. Failed to select, monitor, and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to ensure completion of communications checks and/or report outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.7.5.1. Q. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications.

A3.7.5.2. Q-. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.5.3. U. Failed to employ INFOSEC and maintain OPSEC controls IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.6. **Area 6 – COMSEC.(CRITICAL).**

A3.7.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.7.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.7.7. **Area 7 – Authentication Procedures. N/A.**

A3.7.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.7.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures.

A3.7.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.8.3. U. Failed to employ R/T procedures, or contained errors or omissions that jeopardized mission or safety. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.9. **Area 9 – Coordination.**

A3.7.9.1. Q. Q. Coordinated and reported tracks, mission changes, equipment discrepancies, and limitations IAW directives. Provided timely and accurate information to all necessary internal positions and external agencies IAW directives.

A3.7.9.2. Q-. Coordinated and reported requirements, mission changes, equipment discrepancies, and limitations. Provided timely and accurate information to all necessary internal positions and external agencies IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.9.3. U. Failed to coordinate and report mission requirements, mission changes, equipment discrepancies, or limitations. Failed to provide timely and/or accurate information to all necessary internal positions and external agencies IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.10. **Area 10 – Ground Safety. (CRITICAL).**

A3.7.10.1. Q. Knew or executed proper evacuation, emergency and local duress procedures. Knew the location of and is familiar with the utilization of ground safety equipment.

A3.7.10.2. U. Failed to know or execute proper evacuation, emergency and local duress procedures. Did not know the location of and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.11. **Area 11 – Checklists.**

A3.7.11.1. Q. Utilized positional checklist to perform tasks IAW directives.

A3.7.11.2. Q-. Utilized positional checklist to perform tasks. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.11.3. U. Failed to utilize positional checklist to perform tasks. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.12. **Area 12 – Sensors.**

A3.7.12.1. Q. Recognized and reported degraded sensor performance. Demonstrated knowledge of radar locations and capabilities.

A3.7.12.2. Q-. Recognized and reported degraded sensor performance and demonstrated knowledge of radar locations and capabilities. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.12.3. U. Failed to recognize and report degraded sensor performance. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.13. **Area 13 – Weather Information.**

A3.7.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.7.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.14. **Area 14 – Rules of Engagement (ROE). (CRITICAL).**

A3.7.14.1. Q. Implemented ROE procedures for peacetime, transition and wartime conditions as required. Recognized hostile or harassing acts, and accomplished safe passage procedures as required. Responded to ROE situation according to directives.

A3.7.14.2. U. Failed to or incorrectly implemented ROE for peacetime, transition, and wartime conditions that could result in mission failure. Failed to recognize hostile or harassing acts, and accomplish safe passage procedures as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.15. **Area 15 – Air Picture. (CRITICAL).**

A3.7.15.1. Q. Detected, tracked, updated, and reported tracks. Initiated track symbology IAW directives. Assisted with peacetime procedural ID methods. Maintained current air picture and took actions to ensure an accurate and identifiable air picture IAW directives.

A3.7.15.2. U. Failed to detect, track, update, or report tracks. Failed to initiate tracked symbology IAW directives. Did not accurately assist with peacetime procedural ID methods. Did not take action to ensure an accurate and identifiable air picture IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.7.16.1. Q. Recognized the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and performed active and passive tracking procedures as necessary to maintain tracking continuity.

A3.7.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Implemented notification and reporting procedures. Took actions to correlate source of EA and performed active and passive tracking procedures as necessary to maintain tracking continuity. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Failed to implement notification and reporting procedures IAW directives. Failed to take actions to correlate source of EA and/or did not perform active and passive tracking procedures as necessary to maintain tracking continuity. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.17. **Area 17 – External Command and Control Assets.**

A3.7.17.1. Q. Assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required, IAW directives. Monitored link operations and took action to ensure effective data exchange is achieved.

A3.7.17.2. Q-. Assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Monitored link operations and took action to ensure effective data exchange is achieved. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.17.3. U. Failed to assist with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Did not monitor link operations and did not take action to ensure effective data exchange is achieved. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.18. **Area 18 – Expansion Procedures (CONUS).**

A3.7.18.1. Q. Performed expansion and expansion recovery procedures as required IAW directives.

A3.7.18.2. Q-. Performed expansion and expansion recovery procedures. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.18.3. U. Failed to perform expansion and expansion recovery procedures as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.7.19.1. Q. Recognized emergency, NORDO and hijack aircraft situations, implemented reporting procedures, and monitored emergency aircraft actions IAW directives.

A3.7.19.2. Q-. Recognized emergency, NORDO and hijack aircraft situations, implemented reporting procedures, and monitored emergency aircraft actions IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.19.3. U. Failed to recognize emergency, NORDO and hijack aircraft situations, implement reporting procedures, and monitor emergency aircraft actions IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.20. **Area 20 – Battle Management. N/A.**

A3.7.21. **Area 21 – Mission Execution. (CRITICAL).**

A3.7.21.1. Q. Executed the assigned mission IAW directives. Actions resulted in mission accomplishment; used resources effectively to achieve mission objectives.

A3.7.21.2. U. Failed to execute the assigned mission IAW directives. Actions jeopardized mission accomplishment and/or ineffectively used resources to achieve mission objectives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.22. **Area 22 – Reporting and Documentation Procedures.**

A3.7.22.1. Q. Reported and documented all required information IAW directives.

A3.7.22.2. Q-. Reported and documented all required information IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.22.3. U. Failed to report and document all required information IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.23. **Area 23 – Positional Changeover and Debriefing.**

A3.7.23.1. Q. Conducted changeover and/or debriefing IAW directives.

A3.7.23.2. Q-. Conducted changeover and/or debriefing. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.23.3. U. Failed to conduct changeover and/or debriefing, or briefings contained errors or omissions that jeopardized mission accomplishment or safety.

A3.7.24. **Area 24 – ID/Safe Passage. (CRITICAL).**

A3.7.24.1. Q. Accurately identified all air traffic in the assigned AO and employed safe passage procedures in a timely and efficient manner IAW directives. Accomplished or directed unknown rider and/or unknown cowboy procedures IAW applicable authenticators.

A3.7.24.2. U. Failed to identify all air traffic in the assigned AO or employ safe passage procedures correctly IAW directives. Failed to accomplish or direct unknown rider and/or unknown cowboy procedures IAW applicable authenticators. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.25. **Area 25 – Aircraft Operations. N/A.**

A3.7.26. **Area 26 – Safety of Flight. N/A.**

A3.7.27. **Area 27 – Airspace Management and Air Traffic Control (ATC) Coordination.**

A3.7.27.1. Q. Coordinated with ATC agencies resulting in timely ID of aircraft IAW directives.

A3.7.27.2. Q-. Coordinated with ATC agencies resulting in timely ID of aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.7.27.3. U. Failed to coordinate with ATC agencies resulting in untimely ID of aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.7.28. **Area 28 – Continuum of Control. N/A.**

A3.7.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.7.29.1. **Area 29 – Instructional Ability.**

A3.7.29.2. **Area 30 – Briefings and Critiques.**

A3.7.29.3. **Area 31 – Demonstration and Performance.**

A3.8. Interface Control Officer/Technician Positional Qualification Evaluation.

A3.8.1. **Area 1 – Mission Planning.**

A3.8.1.1. Q. Conducted mission planning and accounted for known mission capabilities, requirements, limitations, and approved operating procedures IAW directives.

A3.8.1.2. Q-. Conducted mission planning and accounted for known mission capabilities, requirements, limitations, and approved operating procedures IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.1.3. U. Failed to conduct mission planning and account for known mission capabilities, requirements, limitations, and approved operating procedures IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.2. **Area 2 – Briefings.**

A3.8.2.1. Q. Supervised, conducted or attended briefings and extracted or provided information consistent to mission accomplishment or safety IAW directives.

A3.8.2.2. Q-. Supervised, conducted or attended briefings and extracted or provided information consistent to mission accomplishment or safety IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.2.3. U. Failed to supervise, conduct or attend briefings and extract or provide information consistent to mission accomplishment or safety IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.3. **Area 3 – Utilization of Equipment and Interpretation of Displays.**

A3.8.3.1. Q. Configured, manipulated, controlled, and interpreted displays. Utilized mission, auxiliary and other equipment to accomplish assigned tasks IAW directives and reported outages. As appropriate, ensured subordinates comply with this requirement.

A3.8.3.2. Q-. Configured, manipulated, controlled, and interpreted displays. Utilized mission, auxiliary and other equipment to accomplish assigned tasks IAW directives and report outages. As appropriate, ensured subordinates comply with this requirement. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.3.3. U. Failed to configure, manipulate, control, and interpret displays. Failed to utilize mission, auxiliary and other equipment to accomplish assigned tasks IAW directives and report outages. Failed to, as appropriate, ensure subordinates comply with this requirement. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.4. **Area 4 – Communications Selection and Use.**

A3.8.4.1. Q. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required.

A3.8.4.2. Q-. Selected, monitored, and operated communications equipment IAW system manuals, mission tasking, and directives. Ensured completion of communications checks and reported outages as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.4.3. U. Failed to select, monitor and operate communications equipment IAW system manuals, mission tasking, and directives. Failed to ensure completion of communications checks and reported outages as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.5. **Area 5 – Information Security/Operations Security (INFOSEC/OPSEC).**

A3.8.5.1. Q. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications.

A3.8.5.2. Q-. Employed INFOSEC and maintained OPSEC controls IAW appropriate publications. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.5.3. U. Failed to employ INFOSEC and maintain OPSEC controls IAW appropriate publications. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.6. **Area 6 – COMSEC. (CRITICAL).**

A3.8.6.1. Q. Used and controlled COMSEC IAW established procedures.

A3.8.6.2. U. Failed to use and control COMSEC IAW established procedures.

A3.8.7. **Area 7 – Authentication Procedures.**

A3.8.7.1. Q. Authenticated voice transmission within time limits specified on authenticators.

A3.8.7.2. Q-. Authenticated voice transmission within time limits specified on authenticators. Committed errors or omissions that did not jeopardize mission accomplishment.

A3.8.7.3. U. Committed errors or omissions that jeopardized mission accomplishment.

A3.8.8. **Area 8 – Radio/Telephone (R/T) Procedures.**

A3.8.8.1. Q. Employed R/T procedures IAW directives and local standard operating procedures. As appropriate, ensured subordinates comply with this requirement.

A3.8.8.2. Q-. Employed R/T procedures IAW directives and local standard operating procedures. As appropriate, ensured subordinates comply with this requirement. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.8.3. U. Failed to employ R/T procedures IAW directives and local standard operating procedures. Failed to ensure subordinates complied with this requirement, as appropriate. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.9. **Area 9 – Coordination.**

A3.8.9.1. Q. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives. As appropriate, ensured subordinates comply with this requirement.

A3.8.9.2. Q-. Coordinated and reported all requirements, mission changes, equipment discrepancies, and limitations IAW directives. As appropriate, ensured subordinates comply with this requirement. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.9.3. U. Failed to coordinate and report all requirements, mission changes, equipment discrepancies, and limitations IAW directives. Failed to, as appropriate, ensure subordinates comply with this requirement. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.10. **Area 10 – Ground Safety. (CRITICAL).**

A3.8.10.1. Q. Knew or executed proper evacuation procedures. Knew the location and is familiar with the utilization of ground safety equipment.

A3.8.10.2. U. Failed to know or execute proper evacuation procedures. Did not know the location and was not familiar with the utilization of ground safety equipment. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.11. **Area 11 – Checklists.**

A3.8.11.1. Q. Complied with positional checklist to perform tasks IAW directives.

A3.8.11.2. Q-. Complied with positional checklist to perform tasks IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.11.3. U. Failed to comply with positional checklist to perform tasks IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.12. **Area 12 – Sensors.**

A3.8.12.1. Q. Recognized and reported degraded sensor performance. Demonstrated knowledge of theoretical radar configurations and capabilities.

A3.8.12.2. Q-. Recognized and reported degraded sensor performance. Demonstrated knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.12.3. U. Failed to recognize and report degraded sensor performance. Failed to demonstrate knowledge of theoretical radar configurations and capabilities. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.13. **Area 13 – Weather Information.**

A3.8.13.1. Q. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives.

A3.8.13.2. Q-. Interpreted and disseminated WX information. Updated and provided notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.13.3. U. Failed to interpret and disseminate WX information. Failed to update or provide notification of WX changes affecting mission aircraft IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.14. **Area 14 – Rules of Engagement (ROE).**

A3.8.14.1. Q. Demonstrated basic knowledge of the ROE with appropriate levels of authority IAW directives.

A3.8.14.2. Q-. Demonstrated basic knowledge of the ROE with appropriate levels of authority. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.14.3. U. Failed to demonstrate basic knowledge of the ROE with appropriate levels of authority.

A3.8.15. **Area 15 – Air Picture.(CRITICAL).**

A3.8.15.1. Q. Maintained current air picture and took actions to ensure an accurate and identifiable air picture IAW directives. Detected, tracked, updated, and reported tracks. Monitored link operations and took action to ensure effective data exchange is achieved.

A3.8.15.2. U. Failed to maintain current air picture and take actions to ensure an accurate and identifiable air picture IAW directives. Failed to detect, track, update, or report tracks. Failed to monitor link operations to ensure effective data exchange. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.16. **Area 16 – Electronic Attack/Electronic Protection (EA/EP).**

A3.8.16.1. Q. Recognized and reported the presence of electronic or mechanical jamming or interference. Ensured notification and reporting procedures are implemented. Took actions to correlate source of EA and applies EP IAW directives.

A3.8.16.2. Q-. Recognized and reported the presence of electronic or mechanical jamming or interference. Ensured notification and reporting procedures are implemented. Took actions to correlate source of EA and applies EP. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.16.3. U. Failed to recognize and report the presence of electronic or mechanical jamming or interference. Failed to implement notification and reporting procedures IAW directives. Failed to correlate source of EA or EP as appropriate. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.17. **Area 17 – External Command and Control Assets.**

A3.8.17.1. Q. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required, IAW directives.

A3.8.17.2. Q-. Directed, controlled, supervised, or assisted with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.17.3. U. Failed to direct, control, supervise, or assist with the employment of assigned C2 and sensor assets, to include voicetell accomplishment as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.18. **Area 18 – Expansion Procedures (CONUS).**

A3.8.18.1. Q. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required IAW directives.

A3.8.18.2. Q-. Supervised, controlled, or assisted with expansion and expansion recovery procedures as required. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.18.3. U. Failed to supervise, control, or assist with expansion and expansion recovery procedures as required. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.19. **Area 19 – Aircraft Emergency and Personnel Recovery (PR) Procedures.**

A3.8.19.1. Q. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations IAW directives.

A3.8.19.2. Q-. Recognized emergency aircraft situations, implemented reporting procedures, monitored emergency aircraft actions, and conducted PR operations. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.19.3. U. Failed to recognize emergency aircraft situations, implement reporting procedures, monitor emergency aircraft actions, and conduct PR operations IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.20. **Area 20 – Battle Management.**

A3.8.20.1. Q. Executed or assisted with SPINS, OPORDs, and/or CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment IAW directives.

A3.8.20.2. Q-. Executed or assisted with SPINS, OPORDs, and/or CONPLANs. Supervised, controlled, or assisted with employment of resources within the limitations and capabilities of assigned equipment. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.20.3. U. Failed to execute or assist with SPINS, OPORDs, and/or CONPLANs. Did not supervise, control, or assist with employment of resources within the limitations and capabilities of assigned equipment with IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.21. **Area 21 – Mission Execution. (CRITICAL).**

A3.8.21.1. Q. Executed the assigned mission IAW directives. Decisions resulted in mission accomplishment or safety and effectively used resources to achieve mission objectives.

A3.8.21.2. U. Failed to execute the assigned mission IAW directives. Decisions may have jeopardized mission accomplishment and failed to effectively use resources to achieve mission objectives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.22. **Area 22 – Reporting and Documentation Procedures.**

A3.8.22.1. Q. Reported and documented all required items to include radar outages and EA IAW directives.

A3.8.22. .2. Q-. Reported and documented all required items to include radar outages and EA IAW directives. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.22. .3. U. Failed to report and document all required items to include radar outages and EA IAW directives. Committed errors or omissions that jeopardized mission accomplishment or safety.

A3.8.23. **Area 23 – Positional Changeover and Debriefing.**

A3.8.23.1. Q. Conducted changeover and/or debriefing IAW directives.

A3.8.23.2. Q-. Conducted changeover and/or debriefing. Committed errors or omissions that did not adversely affect mission accomplishment or safety.

A3.8.23.3. U. Failed to conduct changeover and/or debriefing, or briefings contained errors or omissions that jeopardized mission accomplishment or safety.

A3.8.24. **Area 24 – ID/Safe Passage. N/A.**

A3.8.25. **Area 25 – Aircraft Operations. N/A.**

A3.8.26. **Area 26 – Safety of Flight. N/A.**

A3.8.27. **Area 27 – Airspace Management/ATC Coordination. N/A.**

A3.8.28. **Area 28 – Continuum of Control. N/A.**

A3.8.29. **Additional Instructor Areas.** The following areas are applicable to periodic evaluations of instructors. Specific criteria are included in **Paragraph 3.9** and subsequent paragraphs.

A3.8.29.1.1. Area 29 – Instructional Ability.

A3.8.29.2. Area 30 – Briefings and Critiques.

A3.8.29.3. Area 31 – Demonstration and Performance.
