This manual implements Department of the Air Force Policy Directive (DAFPD) 36-21, *Utilization and Classification of Air Force Military Personnel*. This publication applies to uniformed members of the United States Space Force (USSF), the Regular Air Force (RegAF), the Air Force Reserve (AFR), and the Air National Guard (ANG). It does not apply to civilian employees. The Joint Travel Regulation (JTR) controls guidance in the event of a disagreement in policy. This Instruction requires the collection and or maintenance of information protected by the Privacy Act of 1974 authorized by Department of Defense Instruction 5400.11, DoD Privacy and Civil Liberties Programs. The applicable System of Record Notice (SORN) F036 AF PC K, Relocation Preparation Project Folders, and F036 AF PC I, Incoming Clearance Records are available at: **https://dpcld.defense.gov/Privacy/SORNs/**. Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using Department of the Air Force (DAF) Form 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all supplements that directly implement this publication should be routed to the Office of Primary Responsibility of this publication for coordination, and all Major Command (MAJCOM)/Field Command (FLDCOM)-level supplements should be approved by the Human Resource Management Strategic Board prior to certification and approval. The authorities to waive

wing/delta/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures,* Table A10.1, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the requestor's commander for non-tiered compliance items. This manual has been developed in collaboration between the Deputy Chief of Staff for Manpower, Personnel, and Services (AF/A1), the Chief of the Air Force Reserve (AF/RE), the Director of the Air National Guard (NGB/CF) and the Deputy Chief of Space Operations for Personnel (HQSF/S1).

PREPARING SERVICE MEMBERS FOR ASSIGNMENT RELOCATION

2.1. General Overview. This chapter explains how to prepare a member for assignment relocation.

2.2. Use of Virtual Out-Processing (vOP). The virtual out-processing (vOP) application is mandatory for all permanent party personnel on active duty status on installations where the capability exists. **(T-1)** AFPC Assignment Policy and Procedures (AFPC/DPPAM) must approve any deviation from using vOP. **(T-1)**

2.3. Assignment Notification. For procedural guidance, refer to AFPC/DPPAM.

2.3.1. Service Member. Upon receipt of the assignment notification email, the service member must acknowledge receipt of assignment via the virtual MPF (vMPF) Official Assignment Notification Page within seven calendar days. **(T-2)** In addition, the service member must complete the vMPF initial relocation briefing following the acknowledgment of assignment notification in vMPF. **(T-2)** Service members must also verify the data listed on the assignment selection information page and notify the MPF of any errors. **(T-2)**

2.3.2. The MPF Career Development. The MPF Career Development has seven calendar days to verify and complete actions to identify the service member's eligibility for reassignment per guidance found in Department of the Air Force Instruction (DAFI) 36-2110, *Total Force Assignments*.

2.3.2.1. The MPF will initiate reclama actions when notified by the service member's commander that service member is ineligible for reassignment. **(T-1)**

2.3.2.2. If official assignment notification is by email or letter, the commander and the service member must acknowledge receipt of the correspondence with date notified and return to MPF. **(T-1)**

2.3.2.3. If the service member elects not to accept the assignment and associated active duty service commitment (ADSC), the MPF must follow seven-day option procedures in DAFI 36-2110. For judge advocates, notify AF/JAX. **(T-1)**

2.4. Initial Relocation Briefing. The MPF Career Development Section conducts an initial relocation briefing within 15 calendar days after the service member has officially acknowledged assignment notification. **(T-2)** The MPF relocations counselors are responsible for ensuring service members have all required instructions and documentation for their reassignment and advise the service member to visit the Financial Services Office for relocation pay and entitlements counseling.

2.4.1. Service members with assignments to remote locations (e.g., Korea, Pituffik) must initiate medical clearance within ten days of assignment notification. If the report not later than date (RNTLD) is <180 days, service members must initiate medical clearance within five days of assignment notification. For non-remote locations, service members and/or dependents must initiate medical and dental clearance process within 15 days of assignment notification. **(T-3)**

2.5. Initial Processing Actions. Upon a service member's completion of the initial relocation briefing, the MPF Career Development Team prepares a relocation folder for each service member selected for reassignment. The Relocations Element will dispose of the relocation folder three months after report-not-later-than date (RNLTD) month, or when relocation action is cancelled in accordance with Air Force Records Disposition Schedule located in the Classification and Assignment Records Table at **https://afrims.cce.af.mil**. **(T-1)** The documents in the relocation folder may vary based on the relocation type. Do not use local clearance forms for out-processing. PCS memorandums are available in myFSS. The relocation folder requirements include the following documents:

2.5.1. Completed assignment selection notification letter, message, or Report on Individual Personnel (RIP).

2.5.2. Confirmation page of the vMPF initial relocation briefing.

2.5.3. DAF Form 907, *Relocation Preparation Checklist*.

2.5.4. Special Requirements. Annotate on DAF Form 907 when the assignment selection notification RIP indicates there are special requirements not otherwise covered by this manual (**Example:** Personnel Processing Codes); include a copy of the specific requirements in the relocation folder.

2.5.5. Retainability requirements. Follow procedures directed in DAFI 36-2110.

2.5.6. DAF Form 63, *Active Duty Service Commitment (ADSC) Acknowledgment Statement*; follow procedures directed in DAFMAN 36-2139, *Active Duty Service Commitments and Reserve Service Commitments*.

2.5.7. Security Requirements, Security Clearance Memorandum. Required when the assignment requires a higher or more current security clearance than the one possessed, eligibility for special access, or eligibility for assignment to a special program.

2.5.8. Servicemembers' Group Life Insurance (SGLV) 8286, *Servicemembers' Group Life Insurance Election and Certificate*. Ensure the Service member has completed updates, if applicable.

2.5.9. Overseas Tour Election. DAF Form 965, *Overseas Tour Election Statement*, if applicable.

2.5.10. All documents pertaining to the service member's relocation: reassignment orders, special orders (North Atlantic Treaty Organization (NATO) travel orders), and respective amendments.

2.5.11. Immunization Memorandum. Immunizations for the service member and/or dependents, if required.

2.5.12. Medical and Dental Clearance Memorandum. Medical and dental clearances are required for relocating service members to overseas locations or when other requirements exist (**Example:** Personnel Processing Codes).

2.5.13. Initial Travel Screening Questionnaire (ITSQ) and/or Family Member Travel Screening (FMTS) Printout. Service members with dependents are required to complete the Initial Travel Screening Questionnaire in conjunction with PCS processing via MyVector and in accordance with the DoDI 1315.19, Exceptional Family Member Program and DoDI 6000.20, Family Member Travel Screening within 25 days of assignment notification. Members then transition into the Family Member Travel Screening application for one of the following reasons:

2.5.13.1. Family member(s) enrolled in the Exceptional Family Member Program (Assignment Limitation Code "Q").

2.5.13.2. Family members traveling to Outside Continental United States (OCONUS) assignment.

2.5.13.3. Answered "yes" to initial travel screening questions and traveling to CONUS.

2.5.13.4. The MPF will not release part 2 of the PCS orders prior to receipt of dependent's medical clearance results. **(T-2)**

2.6. Family Member Travel. Dependent travel to a designated place must be approved prior to any movement of dependents. **(T-1)** If applicable, follow procedures directed in accordance with DAFI 36-3012, *Military Entitlements*.

2.7. Exceptional Assignment Programs (EAP). EAP encompasses assignments such as EFMP reassignments, Humanitarian reassignments, and Expedited Transfers. For these assignments, AFPC/DPFX ensures the family member travel screening is completed during the application approval process; therefore, members are not required to complete the MyVector ITSQ and/or the FMTS. The Assignment Action Reason (AAR) and associated Personnel Processing Codes (PPCs) on the service member's assignment RIP identify these assignments as EAP. Examples include EFMP reassignments (AAR "AA, "PPC 9HE), Humanitarian reassignments (PPC 9HQ), and Expedited Transfers (PPC 9HQ) have been cleared to the projected location by AFPC/DPFX.

2.7.1. EFMP Reassignments (PPC 9HE).

2.7.2. Humanitarian Reassignment (PPC 9HQ).

2.7.3. Expedited Transfer Reassignment (PPC 9HQ).

2.8. Home-basing and Follow-on Assignments. When applicable, MPF relocations counselors will advise the service member on home-basing and follow-on assignments. **(T-2)** If applying for a home-basing or follow-on assignment, the service member will turn in his/her application within 15 days of initial relocation briefing or notification of in-place consecutive overseas tour approval. **(T-2)**

2.9. Weapons Training. Service members will complete weapons qualification according to DAFMAN 36-2655_DAFGM2024-01, *USAF Small Arms and Light Weapons Qualification Programs*, and the applicable assignment Personnel Processing Codes. **(T-1)**

2.10. Passport and/or Visa Requirements. Refer to the Foreign Clearance Guide to determine passport and visa requirements for the service member and their dependents. When required, the service member will initiate passport and/or visa requirements upon the receipt of PCS order.

2.11. Fitness/Human Performance Assessment. PCSing members must have a current Physical Fitness Assessment (PFA) (USAF only) or Human Performance Assessment (HPA) (USSF only) that does not expire through the RNLTD. **(T-2)** If the current PFA/HPA expires prior to the member's RNLTD, the member must complete a PFA/HPA before departing their losing duty station. **(T-2)** Graduated BMT service members are advised to hand-carry their DAF Form 4446, *Department of the Air Force Fitness Assessment Scorecard*, to their first duty station or technical training, whichever location they report to first. Upon arrival, the Fitness Assessment Cell (USAF only) or Unit Fitness Cell (USSF only) will input the DAF Form 4446 into myFITNESS, in accordance with DAFMAN 36-2905, *Department of the Air Force Physical Fitness Program* (USAF only) and SPFMAN 36-2905, *Human Performance and Readiness* (USSF only). **(T-2)** This paragraph does not apply to personnel with an approved waiver or profile. Guardians enrolled in the USSF Continuous Fitness Assessment Study (CFA) may not have a current PFA and may not be required to take PFA prior to PCS. Guardians in CFA Study will submit their study enrollment status to the gaining unit.

2.12. Intermediate Processing Actions. The MPF Career Development Team or the authorized servicing CSS as determined by the MPF creates the service member's vOP checklist. **Note:** vOP checklist initiation can be utilized by the ANG, however, it is not mandatory. The MPF will instruct agencies that their documentation or actions in the vOP checklist must be completed not later than seven calendar days prior to the service member's projected departure date. **(T-1)** The MPF may establish local agreements with agencies to have the service member acquire documents for out-processing or to have documents sent electronically not later than seven calendar days prior to the service member's projected departure date.

2.13. Departure Notification. The MPF will notify the Financial Services Office; Army and Air Force Exchange Service; Commissary; Transportation Management Office; Medical Treatment Facility; Air Force Office of Special Investigations; FSS; and all interested base agencies of projected PCS departures using a computer-generated listing of departees, or virtual MPF, not later than 30 calendar days before scheduled departure date or as-soon-as-known (for short-notice). **(T-0)** Since the Privacy Act requires protection of social security numbers (SSNs), the MPF will ensure the SSN is only disclosed to offices with the Department of Defense (DoD) who have an official need to know. **(T-0)** (**Note:** Do not send listings including SSN to any agency outside of the DoD in accordance with the Privacy Act of 1974). The MPF will ensure listing includes: SSN, projected base of assignment, reporting month, projected departure date, names of service members relocating to short-tour areas (for the base medical treatment facility), and names of service members relocating on short-notice, even if already departed. **(T-0)**

2.14. Assignment Processing Updates. The MPF will update Military Personnel Data System (MilPDS) as required in accordance with related assignment instructions and execution guidance available in myFSS. **(T-1)** These updates include projected departure date changes, RNLTD extensions, administrative actions and assignment holds, assignment cancellations, join spouse applications, and Defense Enrollment Eligibility Reporting System (DEERS) updates as required.

2.15. Out-Processing Unavailable/Non-Compliant Service Members. The MPF will coordinate with unit commanders or equivalent when processing actions for service members unable to accomplish their own relocation actions. **(T-1)** The unit commander will appoint someone to accomplish out-processing actions for the unavailable/non-compliant service member or assign an escort to accompany the service member to comply with out-processing requirements. **(T-1)**

2.16. Travel Requirements. The MPF will instruct service members to begin these actions upon completion of their initial relocation briefing, unless otherwise directed by assignment authority to accomplish earlier. **(T-2)** Refer relocating service members to the Traffic Management office to receive counseling on PCS travel, dependent travel, shipment of household goods, accompanied or unaccompanied baggage, non-temporary storage, shipment of a mobile home (if applicable), circuitous travel (if applicable), additional weight allowance (if applicable), and shipment and/or storage of privately owned vehicle. **(T-0)** The MPF will use the JTR for processing personnel to overseas locations. **(T-1)**

2.17. Dependent Travel. Service members denied dependent travel may be authorized to request a waiver for Family Separation Allowance in accordance with DAFI 36-3012. Service members who elect to serve an unaccompanied tour in lieu of an accompanied tour are not eligible for Family Separation Allowance. **(T-1)**

2.18. Travel by Trainees. Basic Military Training (BMT) and Technical Training Centers may establish local procedures instead of requiring personal visits to the Transportation Management Office.

2.19. Dependency Determination. Refer any questions relating to dependency determination to the Financial Services Office. Service members with dependents in the following categories may be required to complete a dependency determination: children born outside of marriage; dependent parents (includes step, adopted, or parents-in-law); and incapacitated children over age 21 who do not reside in the service member's household or who are not in possession of a valid Department of Defense (DD) Form 1173, *Uniformed Services Identification and Privilege Card*, or enrolled in DEERS. MPF orders processing officials are not authorized to include the above dependents on the service member's PCS orders until the dependency determination is approved and completed. **(T-1)** The MPF will coordinate with the Financial Services Office or request dependency determination approval letter from the service member prior to completing PCS orders and DD Form 1172-2, *Application for Identification Card/DEERS Enrollment*. **(T-1)**

2.20. Permanent Change of Station Orders. The MPF order processing official completes PCS order(s) in the orders processing application after the service member has completed all retainability, medical and dental (including dependents) clearances, security clearance, active duty service commitment (if applicable), and personnel processing code requirements related to the reassignment. **(T-2)**

2.20.1. The orders publishing authority maintains all record sets of service members orders according to AFI 33-322, and the Records Distribution Schedule. **(T-1)**

2.20.2. Orders processing officials will provide PCS orders, if required by assignment instructions, to the member, agencies requesting the orders as a source document, or to the assignment authority. **(T-2)**

2.20.3. Submit PCS orders for authentication not later than 60 days prior to projected departure date. **(T-2)**

2.20.3.1. Service member with dependents traveling to overseas locations **Note:** Family Member Travel Screening clearance is required prior to issuance of PCS orders.

Chapter 3

AIRMAN AND GUARDIAN LIAISON (AGL) DUTY AND STREAMLINED OUT-PROCESSING FOR SERVICE MEMBERS WITH ORDERS TO AN AIRMAN GUARDIAN MEDICAL TRANSITION UNIT (AGMTU)

3.1. General Overview. This chapter explains the AGL role in assisting service members with orders to an AGMTU, as well as streamlined out-processing procedures for service members with orders to an AGMTU.

3.1.1. The AGL is an individual temporarily assigned to assist seriously ill and injured service members who, due to their illness or injury, need assistance during transition to an AGMTU or similar unit for continued care.

3.1.2. This includes service members who may suffer from an invisible wound – such as Post Traumatic Stress Disorder, Traumatic Brain Injury, and other cognitive behavioral disorders – which could impede their ability to effectively out-process and coordinate PCS transition to receive care.

3.1.3. The AGL is designed to provide these injured service members with compassionate care and peer support from the home unit to ease the burden associated with the transition, specifically with mandated out-processing or administrative activities.

3.2. Airman or Guardian Liaison (AGL) Assignment and Squadron Commander Responsibilities. The AGL role is assigned by the squadron commander (Sq/CC), in collaboration with the medical care team, to be performed as a temporary duty for a limited amount of time until the injured service member's transition is complete.

3.2.1. Commander Actions. The Sq/CC at the losing or home unit is responsible for assigning an AL if he/she or the medical official determines an injured service member is unable of his/her own accord to complete administrative activities associated with the PCS transition to an AMTU or similar unit.

3.2.2. Support Activities. The Sq/CC will sign off upon completion of all support activities after the service member's transition is complete to end the AL's temporary role. **(T-2)**

3.3. Airman or Guardian Liaison (AGL) Medical Transition Unit (AGMTU) Squadron Commander Responsibilities. Once the service member arrives at the AGMTU, the receiving Sq/CC at the AGMTU will confirm with the losing Sq/CC that the service member has safely arrived at the AGMTU and the transition has been completed. **(T-2)** The AGMTU Sq/CC will also provide notification of the service member's arrival to the AGMTU Chief of Medical Staff and the wing or delta commander. **(T-1)**

3.4. Airman or Guardian Liaison Duty (AGL) Description.

3.4.1. Role Requirements. The AGL must be of equal grade or higher than the member being assisted, but in no case will the AGL be lower in grade than E-7. **(T-1)** The role will end after all duties have been signed off by the Sq/CC. **(T-1)**

3.4.2. Permanent Change of Station Assistance. The AGL will support an injured service member on PCS orders to an AGMTU with completing out-processing items. **(T-2)** This will include the AL meeting with the FSS Outbound Section and completing travel management office, finance, and orders from the MPF. **(T-2)** The AGL must complete checklist items before the member PCSs to the AGMTU and must close out all other out-processing actions within 30 days of the member departing the home unit. **(T-2)**

3.4.3. Personal Property. The AGL may assist the service member with the coordination of packaging, shipment, and/or storage of personal property. To every extent possible, the owner of the property (or a designated representative other than the AGL) is required to be present as property is packaged or moved. The AGL is required to maintain contact with the Sq/CC until all personal property is received by the appropriate storage or shipment organization/agency. Personal property found in off-base housing may only be shipped by the AGL upon receipt of a Power-of-Attorney by the owning service member or designated representative. **Note:** The service member must authorize assistance with the coordination of packaging, shipment, and/or storage of personal property. **(T-1)** See the local Staff Judge Advocate for guidance on obtaining proper authorization. The AGL cannot assume responsibility of personal property without the proper legal authority.

3.5. Streamlined Out-processing for Service Members with Orders to Airman Guardian Medical Transition Unit (AGMTU). Streamlined out-processing reduces the number of required administrative steps to PCS from an installation. This option is available to commanders in order to support qualifying service members with a faster transition and reduced burdens before PCS to the gaining installation.

3.5.1. Eligibility: Service members who receive PCS orders to an AGMTU for purposes of receiving treatment for a complex medical condition and/or representing AGL.

3.5.2. Responsibilities:

3.5.2.1. Squadron commanders coordinate with the eligible service member, the AL, and the service member's medical care team to determine which out-processing actions are minimally required according to the service member's condition and the urgency required for transfer. Although requirements may vary by installation and by case, minimum requirements will include FSS outbound assignments for orders and final out-processing verification, Transportation Management Office for household good shipments, and finance for monetary affairs. **(T-1)**

3.5.2.2. Squadron commanders and/or the eligible service member may designate an AGL representative to perform these functions on behalf of the service member as necessary based on the circumstances of the service member's PCS and medical conditions.

Chapter 4

PREPARING SERVICE MEMBERS FOR SEPARATION OR RETIREMENT

4.1. General Overview. This chapter explains how to prepare a service member for relocation because of separation, discharge, or retirement. AFPC will provide procedural guidance for the retirement and separation relocation process.

4.1.1. The vOP application is mandatory for all permanent party personnel on installations where the capability exists. The MPF must seek approval from AFPC/DPPAM for any exception to this requirement. **(T-1)**

4.1.2. The MPF prepares a relocation folder to hold all documents relating to the relocation, conducts the necessary preparation interviews outlined in the Relocations Section on myFSS, and disposes of records in accordance with the Air Force Records Disposition Schedule located at **https://afrims.cce.af.mil**.

4.2. Standard Medical Examination for Regular Air Force (RegAF), United States Space Force (USSF) Air Force Reserve (AFR) and Air National Guard (ANG). All separating and retiring service members must take a comprehensive separation history and physical examination. This includes reserve component service members who are separating or retiring from active duty after serving 180 days or more, or after serving on active duty for a period of more than 30 days in support of a contingency operation. Service members who are separating or retiring after being found unfit for continued military service through the disability evaluation process do not have to take the separating history and physical examination if they have completed the exams during the disability evaluation process DAFI 36-3212, *Physical Evaluation for Retention, Retirement and Separation*. **(T-0)** Reserve component service members serving on active duty for less than 180 days of continuous service on active duty orders or less than 30 days of continuous service on active duty orders in support of a contingency operation are not required to complete a separation history physical examination but will document their health status and complete a medical assessment prior to separation from active duty. **(T-1)** The service member may elect to have the separation history and physical exam accomplished through a DoD medical treatment facility or through the Veterans Administration.

4.2.1. The separation history and physical exam must be accomplished at least 30 days prior to the scheduled departure date, but no more than 180 days prior to the approved retirement or retirement date. **(T-0)**

4.2.2. The service member obtains the separation history and physical exam clearance memorandum from the myFSS website. The MPF must ensure the service member is cleared by the medical treatment facility prior to out-processing. **(T-1)**

4.3. Transition Assistance Program for Military Personnel. Military and Family Readiness Center personnel will counsel separating service members and retirees in accordance with DoDI1332.35_AFI36-3037, *Transition Assistance Program (TAP) for Military Personnel*, and DAFI 36-3009, *Military and Family Readiness Centers*. Separating members who have a remaining military service obligation (MSO) will be transferred to the Individual Ready Reserve. Acknowledgement of this continuing service obligation must be obtained on DAF 3655 and included with the member's completed DD Form 2648 in the member's Automated Record Management System (ARMS) file.

4.4. Transition Assistance Program Requirements. The MPF will refer all service members to the Military and Family Readiness Center not later than 18 months from the anticipated date of separation (the anticipated date of separation is the ETS date reflected in the Military Personnel Data System) or 24 months from the service member's High Year Tenure.

4.5. Survivor Benefit Plan. The MPF will direct all retiring service members to the Military and Family Readiness Center Survivor Benefit Plan Counselor, as soon as possible to receive information and a mandatory one-on-one briefing on the Survivor Benefit Plan. **(T-1)** Do not out-process a retiring service member before the service member is cleared by the Survivor Benefit Plan Counselor. The Survivor Benefit Plan Counselor provides originals of the service member's DD Form 2656, *Data For Payment of Retired Personnel* **(T-1)**; AFPC must file these documents in the Automatic Records Management System.

4.6. Place of Separation or Retirement. A service member may separate or retire in:

4.6.1. CONUS. Service members assigned to a duty station in the CONUS separate or retire at their present duty station. **(T-1)**

4.6.2. Service members serving overseas (excluding Alaska, Hawaii, Guam) separate or retire at the overseas duty station or, if approved, at a separation processing base in the CONUS. **(T-1)**

4.7. Overseas Duty Station. Service members may separate or retire at the overseas base to:

4.7.1. Live permanently in that country. Prior to the date of separation or retirement, service members and their dependents must comply with command and host government residency rules. **(T-0)**

4.7.2. Live temporarily in that country and later move to a final overseas location, CONUS Home of Selection (HOS), Home of Record (HOR), or place of entry to active duty (as applicable) within the one-year time limit set in the Joint Travel Regulations. Service members and their dependents must comply with command and host government residency rules. **(T-0)**

4.7.3. Move immediately to another overseas site as a final HOR place of entry to active duty or HOS (as applicable), by the most direct route as determined by the Traffic Management Office. Service members and their dependents must comply with the overseas HOS command and host government residency rules. **(T-0)**

4.7.4. Move directly to their final HOR, Place Entered Active Duty or HOS (as applicable) in the CONUS. Service members must take at least five days of permissive TDY or terminal leave to use this option. **(T-1)**

4.8. Separation Processing Base. Service members assigned overseas will complete processing at their current location unless approval is granted for travel to a separation processing base. **(T-2)** A separation processing base is an active duty Air Force Base in the United States with a MPF and Financial Services Office nearest to the service member's projected HOS or leave address. Dependents are not authorized travel and transportation allowances to the separation processing base. Dependent allowances will come from the last Permanent Duty Station to the service member's HOS. **(T-1)**

4.8.1. If support facilities do not exist at the service member's overseas location, a hardship exists that warrants travel to a separation processing base, or travel to a separation processing base would be in the best interest of the service, the service member will submit a travel request in accordance with the separation processing base guidance on myFSS. **(T-2)** The request will include full justification and concurrence of the service member's commander. If approved, the approving authority will determine the appropriate separation processing base closest to the service member's HOR, place of entry to active duty or HOS (as applicable) and prepare travel orders directing movement. **(T-2)**

4.8.2. The appropriate agency publishes PCS without Permanent Change of Assignment (PCA) orders on separating or retiring service members approved for travel to a separation processing base. For all other service members separating or retiring from overseas, the orders publishing authority includes appropriate travel authorizations on the separation or retirement order.

4.8.3. A separating or retiring service member who is authorized HOS has one year from the retirement or separation date to make a final HOS move from the area of the separation processing base.

4.8.4. A service member not authorized HOS allowances may receive travel and transportation allowances from their last base to the place they actually travel, with reimbursement limited to their HOR or the place they entered active component.

4.9. Selective Service Registration. The MPF will counsel male separating service members on the requirement to register with Selective Service in accordance with Title 50 United States Code, Section 3802, *Registration*, if he is separated from the military before turning 26. **(T-0)** The member can register at any United States Post Office, or through the Selective Service website.

4.10. Orders Requirement. Prepare separation orders (DAF Form 100, *Request and Authorization for Separation*) in accordance with procedural guidance provided in the Separation Orders Processing personnel services delivery guide on the AFPC website. Servicing MPF will provide the FSO a copy of Separation Order. Orders for retiring members are generated via MilPDS and available in a member's personnel record within 48 hours of retirement approval.
