4.6. Private Organizations. Private Organizations cannot sell or serve alcoholic beverages on AF installations **(T-1)**.

4.6.1. At the discretion of the installation commander, Force Support programs may secure the aid of volunteers or persons providing gratuitous services to assist in the sale of Force Support procured alcoholic beverages. Force Support programs may also enter into contractual agreements with spouses clubs or other private organizations associated with military units or other on-installation private organizations, under which the private organization provides qualified personnel to assist the Force Support program in selling alcoholic beverages at Force Support events in exchange for a fee. Units will not require Airmen to participate in the event. **(T-3).** This arrangement may be used during family day events, Air Force Open Houses and other community relations. All personnel assisting the Force Support program to sell alcoholic beverages at such events will receive appropriate training as outlined within this instruction, Paragraphs **3.1.4 and 3.5**. **(T-1).**

4.6.2. **Exception:** Alcoholic beverages may be consumed and shared among adult members of a private organization (and their adult guests) in a potluck fashion at private organization social (non-business) events.

4.7. Air Force Sponsored Aircraft. Authorized distinguished visitors and their adult guests may consume alcoholic beverages on AF sponsored aircraft. Submit a log to AFSVC for headquarters oversight. If alcoholic beverages are sold, the Force Support unit must create a special nonappropriated fund instrumentality to manage the funds in accordance with AFMAN 34-201, *Use of Nonappropriated Funds (NAFs)*. **(T-1).**

4.8. Unauthorized Beverages.

4.8.1. Personal supplies of alcoholic beverages are not authorized in Force Support facilities or on the grounds of Force Support programs selling or serving alcohol. **(T-3).**

4.8.2. The sale of pre-mixed and packaged alcoholic energy drinks in Force Support activities is prohibited. **(T-3).**

4.9. Food 2.0 and other Concessionaire Contracts.

4.9.1. The contractor is required and responsible for executing their beverage program in accordance with this instruction. **(T-1).** Moreover, contractors are solely responsible for insuring their operations are in full compliance with alcohol guidelines and regulations associated with the maintenance of nonappropriated fund instrumentalities or contractor's alcohol license at each AF installation.

4.9.2. Any agreement entered with a contractor under a concessionaire contract must provide remuneration to the Force Support program. **(T-1).**

4.9.3. The Food 2.0 contractor is required to follow registration and taxation policy as detailed in **paragraph 3.10**.

4.9.4. Contractor employees must have all training as detailed in **paragraph 3.5** Upon a Force Support program request, the contractor shall provide proof of relevant employees' training and certification.

Chapter 5

SELLING ALCOHOLIC BEVERAGES FOR OFF-PREMISES CONSUMPTION

5.1. Off-Premises Alcohol Sales. AAFES is designated as the primary manager of packaged alcoholic beverage (Class Six) stores and the prime wholesaler of alcoholic beverages. Refer to Air Force Joint Instruction 34-203.

5.2. Force Support Programs Non-Compete. Force Support units and other AF programs must not compete with AAFES to sell packaged alcoholic beverages. **Exception:** Lodging, as provided in **paragraph 4.1.2**. **(T-0).**

5.2.1. When approved by the installation commander, Force Support programs may sell beer, wine coolers, and other commercially packaged alcoholic beverages with less than seven percent alcoholic content by volume for off-premises consumption, but should restrict these sales to time periods when AAFES operated retail outlets on the installation are closed. Force Support programs must not offer packaged alcohol for lower prices than AAFES charges for the same item. **(T-1).**

5.2.2. Packaged beer or wine sales that Force Support offers as part of a catering contract or takeout food and beverage operation are exempt from this restriction. Takeout operations normally can sell no more than 12-pack containers and similarly packaged products to include keg beer.

5.2.3. Force Support programs may sell bottled wines and champagnes listed on the dining room wine list for off-premises consumption under these conditions:

5.2.3.1. Force Support programs may not set up rooms separate from the dining room to display or sell for off-premises consumption.

5.2.3.2. Force Support programs ensure that dining room list prices comply with the pricing policy detailed in **paragraph 5.2**. **(T-3).**

5.2.4. Force Support programs and Class Six outlets must ensure that package alcohol sales are made only to patrons authorized to use the Force Support programs or Class Six store. **(T-0).** Refer to **paragraph 5.4**.

5.2.5. Authorized AF alcohol resale stores selling alcohol for off-premises consumption must inform patrons of the maximum quantities that an individual may legally transport into or through the state, district, territory, or country where the installation-of-purchase is located. **(T-3).**

5.3. Establishing Class Six Outlets. In the United States, installations may operate Class Six outlets when approved by the Secretary of the Air Force. **(T-1).** AFI 34-211(I) contains procedures for establishing a Class Six store. In foreign areas overseas, installations shall operate Class Six outlets where there is no contradictory status-of-forces or other country-to-country or local government agreement. **(T-0).** AFSVC commander with Major Command concurrence approves such operations if requested by AAFES.

5.4. Authorized Patronage. Inter-service publication AFI 34-211(I) contains AAFES Class Six patronage restrictions and identification procedures. Authorized patronage in overseas areas must comply with the provisions of the status-of-forces or other country-to-country agreement. **(T-0).**

5.4.1. **(Added-Lakenheath)** In accordance with AFI 34-211(I), Morale, Welfare and Recreation Army and Air Force Exchange Service Operations, Army in Europe Regulation 600-702/CNE-CNA-C6F Instruction 10110.1G/USAFE-AFAFRICA Instruction 34-101and bilateral agreements

between the United States and the United Kingdom, the purchase of rationed and non-rationed Class VI items is limited to sponsors and their spouses. All other family members and retired military personnel are not authorized Class VI purchases (rationed or non-rationed items) unless they have other authorizing status. Possession of Class VI merchandise by an unauthorized person is a violation of United Kingdom law. Sponsors include military members, US government civilian employees, and US civilians employed full time as US government contractors.

5.5. Controlling Sales. Authorized patrons will not sell, exchange, or otherwise divert packaged alcoholic beverages to unauthorized personnel or for purposes that violate federal, state or local laws, or status-of-forces or other country-to-country agreements. **(T-0).**

5.6. Pricing. Force Support programs ensure their prices for packaged alcoholic beverages are not lower than those charged by AAFES **(T-1)** and are substantially uniform with other military service outlets in the same geographic area.

5.7. Wholesale Sales. AAFES is the prime wholesaler of alcoholic beverages on AF installations **(T-0)** and may provide all requested alcoholic beverage products to authorized Force Support and non-appropriated fund supported installation activities. If AAFES has stock shortages, activities selling alcoholic beverages by the drink should have first priority.

5.7.1. AAFES sets wholesale prices based on the landed cost. Landed cost includes the purchase price adjusted for vendor and invoice discounts, plus costs incurred to bring goods to the point of sale. AAFES assesses no additional transportation, warehousing distribution or handling charges and other costs up to the destination. AAFES should consult with the AFSVC commander if exceptional conditions (national disasters, transportation strikes, etc.) arise that affect wholesale prices.

5.7.2. Force Support programs and other nonappropriated fund supported activities may purchase alcoholic beverages from sources other than AAFES, when more competitive prices exist from a commercial supplier.

5.8. Labeling Packaged Alcoholic Beverages. 27 USC § 213, *Alcoholic Beverages Labeling Act of 1988*, requires all packaged containers of alcoholic beverages for resale on military installations bear this statement: "GOVERNMENT WARNING: (1) According to the Surgeon General, women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. (2) Consumption of alcoholic beverages impairs your ability to drive a car or operate machinery and may cause health problems." **(T-0).** This requirement also applies to foreign packaged beverages that AF activities serve or sell overseas. The selling activity's manager must label all beverages that the producer doesn't label. **(T-0).** Follow these labeling requirements.

5.8.1. Design all labels to make the health warning statement readily legible under ordinary conditions on a contrasting background. **(T-0).**

5.8.2. Containers of 237 milliliters (8 ounces) or less: must be labeled with 1 millimeter (0.04 inches) sized lettering. **(T-0).**

5.8.3. Containers of more than 237 milliliters (8 ounces): must be labeled with 2 millimeters (0.08 inches) sized lettering. **(T-0).**

5.8.4. Affix labels on the container so they cannot be removed without thorough application of water or other solvents. **(T-0).**
