SUMMARY OF CHANGES

This supplement limits the amount of boxes in an accession that can be shipped by the Official Mail Center (OMC) to the Federal Records Center due to cost. It gives OMC personnel the authority to return mail received with no known recipient the next business day. Requires packages to be picked up within 15 workday or they will be returned to vendor. Customers must obtain tracking number from vendors in order for OMC personnel to locate their package.

Agencies must provide a justification memorandum signed by their flight commander when requesting the use of USPS Express Mail.

C1.10.2.1. (Added) USPS Express mail must arrive at the OMC not later than 1330 for next day delivery. Organizations will not use USPS Express Mail service on Friday or the day prior to a holiday.

These items must be stored in a GSA-approved container or an approved secure room. OMC personnel prepare a DD Form 2825, Internal Receipt, for each Accountable Mail package. Only individuals designated by the unit to receipt for accountable/classified mail may receipt for the package.

Restrictions for accountable mail are as follows: packages/parcels must not weigh more than 70 lbs. They cannot be more than 17" across, 33" long or 44" high. C1.16.1.1. Organizations having a requirement for permit mailing will contact the OMC for guidance and verification. Permit mailings require a minimum of 200 pieces. Organizations making a permit mailing will submit a request letter to 61 CS/SCOKE.

Each individual has been briefed on proper procedures for handling, transmitting, and safeguarding accountable mail/classified material in accordance with DODM5200.01 Vol 1-4 DoD Information Security Program and AFI 31-401, Information Security Program Management."
