This instruction prescribes policies and eligibility requirements for Federal recognition of officer promotions in the Air National Guard (ANG) and as a Reserve of the Air Force below the grade of brigadier general. It implements appropriate provisions of Title 10 and 32 United States Code (USC), The Reserve Officer Personnel Management Act (ROPMA), and AFI 36-2504, *Officer Promotion, Continuation and Selective Early Removal in the Reserve of the Air Force*, as applicable to the ANG. Requests for changes to this instruction must be sent to Officer Programs and Policy, NGB/A1PO, 3500 Fetchet Avenue, Joint Base Andrews, MD 20762. Copies of state supplements to this instruction must be provided to NGB/A1PO. Ensure all records generated as a result of processes prescribed in this publication adhere to AFI 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using the DAF Form 847, *Recommendation for Change of Publication*; route DAF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at the State Headquarters level only, but all supplements must be routed to the OPR of this publication for coordination prior to certification and approval. The authorities to waive wing, unit, delta or garrison level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. Submit

requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the publication OPR for non-tiered compliance items.

SUMMARY OF CHANGES

This document has been substantially revised and must be completely reviewed. Major changes include the modernization of administrative procedures and terminology, transitioning from paper-based systems to digital platforms such as the Automated Records Management System (ARMS), myFSS, and MyVector, alongside the updating of outdated office symbols (e.g., changing ANG/DP to NGB/A1PO). The revision introduces specific promotion guidelines for Chief Warrant Officers (CW2 through CW5) and expands the number of officer competitive and developmental categories from nine to thirteen. The promotion process for Captains has been streamlined through the introduction of the Captain All Fully Qualified Officer Listing (AFQOL), which considers officers unable to meet standard boards for non-performance-related reasons. Additionally, a new accelerated promotion authority allows states to request the accelerated promotion of officers already on a mandatory promotion list to fill vacant positions. Administrative timelines have been adjusted, notably extending the validity period for Federal Recognition Examination Board (FREB) results from 60 to 180 days. The instruction also clarifies rules governing Position Vacancy (PV) promotions and the Certificate of Eligibility (COE) program for Colonels, explicitly stating that a COE is valid for two years from Senate confirmation with no extensions permitted. Finally, a new chapter (**Chapter 5**) has been added to formalize and detail the procedures for handling Promotion Propriety Actions (PPA), including promotion delays and removals from selection lists.

Chapter 1

GENERAL INFORMATION/POLICY

1.1. Promotion Program Objectives. A promotion is not a reward for past performance or years of service. Only those officers who clearly show potential for increased responsibility should be promoted. Specific promotion program objectives are to:

1.1.1. Promote officers through a fair and equitable selection system that will satisfy the needs of the ANG for a viable officer force.

1.1.2. Provide the necessary career incentive to attract and maintain a high-quality officer force.

1.1.3. Provide reasonably stable, consistent, and visible career progression patterns for ANG officers within each competitive category.

1.1.4. Maintain the proper balance between mandatory and position vacancy promotions that clearly identifies the position vacancy nominees as officers with potential above that of their peers.

1.2. Promotion Policies. This instruction is applicable to all ANG officers below the grade of brigadier general regardless of status (traditional, technician, military duty, and statutory tour).

1.2.1. The promotion of officers in the ANG is a function of the State, as distinguished from Federal recognition of such promotions in accordance with (IAW) ANGI 36-2505, *Federal Recognition Examining Boards for Appointment in the ANG Below General Officer*.

1.2.2. Federal recognition of a promotion will be at the discretion of the CNGB, acting on behalf of the Secretary of the Air Force (SecAF). Federal recognition is extended upon receipt of an order announcing Federal recognition. An officer will not wear the insignia of a higher grade prior to Federal recognition.

1.2.3. The officer will be promoted as a Reserve of the Air Force effective on the date upon which Federal recognition in the higher grade is extended.

1.2.4. The results of a Federal Recognition Examination Board are good for 180 days. If Federal recognition has not been requested by the Adjutant General within 180 days of a Federal Recognition Examination Board, then a new board must be convened. Nominations that do not meet eligibility requirements will be returned without action by NGB/A1PO.

1.2.5. Posthumous Promotions. A posthumous promotion may be extended provided the member was on active duty or in a training status at the time of death and was either on a SecWar approved scroll for ROPB promotion or previously recommended for position vacancy promotion by a Federal Recognition Examination Board. **(T-2)**

1.2.5.1. The immediate commander submits the request for posthumous promotion through the Force Support Squadron (FSS) and State headquarters to NGB/A1PO. **NOTE**: A posthumous promotion must be processed as soon as possible after death. Immediate telephone contact from the State Headquarters with NGB/A1PO is desirable.)

1.2.5.2. The request must include the date of death, the circumstances of death, and a statement that the commander had not initiated and did not plan to initiate a promotion propriety action against the officer. NGB/A1PO processes the posthumous promotion order upon SecAF approval.

1.2.5.3. No person will receive any bonus, gratuity pay, or allowance because of a posthumous promotion. However, the officer's name will be carried on military records in the higher grade and that grade may be included upon the burial marker in recognition of the officer's lifetime accomplishments and contribution to the nation.

1.2.5.4. The effective date for the posthumous promotion is the day the board selecting the officer adjourned or the day the process convened. **(T-0)**

1.2.5.5. The officer must be approved for posthumous promotion by SecAF exercising delegated Presidential authority. **(T-0)**

1.3. Promotion Recognition. Appropriate recognition of an officer upon promotion is an integral part of military customs and traditions. It signifies leadership's faith in the officer's loyalty, integrity, and professionalism. Additionally, such recognition serves to remind the officer of increased responsibilities required from advancement.

1.3.1. Promotion Ceremonies. Appropriate ceremonies to publicly recognize the importance of promotions are highly encouraged. Such ceremonies will not be held prior to the effective date of promotion. EXCEPTION: Promotion pin-on ceremonies may be held on the last duty day before the effective date of promotion if the effective date falls on a non-duty day. The officer being recognized is to be advised that although the pin-on ceremony is being held early, the promotion does not affect the member's pay, seniority, or entitlements. Promotion propriety actions may be initiated subsequent to the early pin-on ceremony but before the effective date of promotion. NOTE: Promotion ceremonies must not be held prior to Federal Recognition being extended by NGB/A1PO.

1.3.2. It is recommended that the following be read during the ceremony:

1.3.2.1. "ATTENTION TO ORDERS. SPECIAL ORDER (Number of Federal Recognition Order), DATED (Date of Order). THE PRESIDENT OF THE UNITED STATES, ACTING UPON THE RECOMMENDATION OF THE CHIEF, NATIONAL GUARD BUREAU, AND THE SECRETARY OF THE AIR FORCE HAS PLACED SPECIAL TRUST AND CONFIDENCE IN THE PATRIOTISM, INTEGRITY AND ABILITIES OF (Current Grade and Name). IN VIEW OF THE SPECIAL QUALITIES AND HIS/HER DEMONSTRATED POTENTIAL TO SERVE IN THE HIGHER GRADE (Current Grade and Name) IS PROMOTED AND FEDERALLY RECOGNIZED IN THE PERMANENT GRADE OF (New Grade), (State) AIR NATIONAL GUARD, EFFECTIVE (Effective Date Specified in Federal Recognition Order). BY ORDER OF THE SECRETARY OF THE AIR FORCE."

1.3.3. Oath of Office. Although not required by law, restating the Oath of Office provides the officer an opportunity to express his/her commitment to professionalism and officer-ship. Each officer should be given the opportunity to restate the Oath of Office using NGB Form 337, *Oaths of Office*, prepared to reflect the new grade. The NGB Form 337 executed for this reason will be filed in the Automated Records Management System (ARMS) per DAFI 36-2608, *Military Personnel Records System*. Individuals promoted in the ANG may take the oath before an officer of any component of an Armed Force of the United States (includes Reserve components), whether on active service or retired.

Chapter 2

MANDATORY PROMOTION

2.1. Promotion to First Lieutenant or Chief Warrant Officer Two.

2.1.1. An officer promoted to first lieutenant or chief warrant officer two may be extended Federal recognition without examination by a Federal Recognition Examination Board. A second lieutenant or warrant officer one will be promoted to first lieutenant or chief warrant officer two on the date when two years of promotion service is completed.

2.1.2. If an officer is found Not Qualified for Promotion (NQP), the request must be processed IAW AFI 36-2504, Chapter 8, Promotion Propriety Actions. A finding of NQP approved by the SecAF must be accomplished prior to separation/discharge of the officer.

2.1.2.1. Prior to the date on which the officer reaches two years' time in grade (with constructive service credit, if applicable), the unit commander informs the officer of the NQP recommendation in writing and places the member on a six-month withhold period. If the officer is found qualified for promotion during, or at the completion of the withhold period, the officer will be promoted.

2.1.2.2. At the end of the six-month withhold period, the unit commander has the following options:

2.1.2.2.1. Promote the officer to first lieutenant or chief warrant officer two, if not promoted earlier.

2.1.2.2.2. Request, through command channels, SecAF approval to extend the withhold period IAW AFI 36-2504, Chapter 8, Promotion Propriety Actions.

2.1.2.2.3. Request SecAF approval to separate the officer for being NQP IAW AFI 36-2504, Chapter 8, Promotion Propriety Actions. Refer to DAFI 36-3211, *Military Separations,* for guidance on how to separate such officers.

2.2. Promotion to Captain. First Lieutenants will be promoted to Captain on the date the officer completes the required two years' time in grade, attains a bachelor's degree, or upon SecWar approval of the promotion scroll, whichever is later.

2.2.1. Involuntary Delay of Promotion. In the event it becomes appropriate to involuntarily delay an officer's promotion or to remove an officer's name from a select list, comply with AFI 36-2504, Chapter 8 (for unit-initiated delays) and Chapter 10 (for officers serving as an AGR). Such actions must be initiated prior to the PED.

2.2.2. Declination of Promotion. Unless withheld, an officer selected for promotion is considered to have accepted the promotion on the PED unless the officer expressly declines the promotion. An officer must submit a declination statement using AF Form 3988, *Application for Voluntary Delay, Acceptance, or Declination of Promotion*, no later than 30 days before the DOR for mandatory promotions.

2.2.3. Captain All Fully Qualified Officer Listing (AFQOL). The AFQOL convenes twice annually to consider captains who were unable to meet the standard First-Half or Second-Half promotion processes for reasons unrelated to adverse action. Typical qualifying circumstances include accession processing errors, incorrect Date of Rank (DOR), absence from the Master Eligibility List (MEL), or lack of an initial Reserve of the Air Force appointment Federal Recognition at the time the standard process convened. Officers selected through AFQOL will receive a DOR and effective date equal to the date on which they would have otherwise been promoted had they met the appropriate standard convening process.

2.3. Promotion to Major and Lieutenant Colonel.

2.3.1. Each ANG Captain and Major, if not promoted under the provisions of position vacancy promotion, will be considered for promotion by a Reserve Officer Promotion Board (ROPB) convened at Headquarters Air Reserve Personnel Center (HQ ARPC). If recommended by the board, the officer will be promoted as a Reserve of the Air Force upon completing the following years of promotion service time in grade (TIG):

Table 2.1. Time in Grade (TIG) for Mandatory Promotions.

NOTES:

1. Including any constructive service credit awarded in accordance with 10 USC § 572.

2. Promotions to CW3, CW4, and CW5 will be based on AF and ANG requirements and limited to the best-qualified Warrant Officers. CW5 promotions may not exceed 5% of WOs in the ANG.

3. First Lieutenants will be promoted to Captain on the date the officer completes the required two years' time in grade (including any applicable constructive service credit), attains a bachelor's degree, or upon SecWar approval of the promotion scroll, whichever is later.

4. Captains and Majors will be promoted on the day the officer completes the required seven years' time in grade or upon SecWar approval of the promotion scroll, whichever is later.

2.3.2. Promotion Board Notices and Eligibility

2.3.2.1. Board Criteria Notification – ROPB dates and promotion eligibility criteria will be released well in advance of each board. Approximately five months prior to convening, HQ ARPC will notify ANG FSSs via AFPROMS of eligible officers, based on MILPDS data.

2.3.2.2. Pre-Officer Selection Briefs (pOSBs) – FSSs will ensure eligible officers receive their pOSBs and accompanying review instructions. Officers are responsible for verifying the accuracy of their records. FSSs will facilitate updates in MILPDS or via MyFSS/MyVector as required.

2.3.2.3. Record Review – When possible, FSSs will conduct record reviews with eligible officers. If in-person reviews are not feasible, pOSBs will be forwarded to officers for review, update, and return, ensuring corrections are entered in MILPDS prior to the ARPC/PB suspense date.

2.3.2.4. Officer Board Letters – FSSs will inform officers that letters to the board may be submitted in accordance with instructions found on MyVector.

2.3.2.5. Master Eligibility List (MEL) Review – FSSs must provide MELs to senior raters for review and certification of officer eligibility. Senior raters must ensure SRID and position data are accurate, certify officer qualifications for promotion, or initiate corrective action per AFI 36-2504, Chapter 8.

2.3.2.6. Additions and Deletions – All additions or deletions to board eligibility must be submitted to HQ ARPC via MyVector in accordance with suspense dates, including:

2.3.2.6.1. State Position Vacancy Nominations – Submitted to NGB/A1PO no later than 105 days (August Position Vacancy Board) prior to board convening; NGB/A1PO will provide final approved list to HQ ARPC NLT 100 days prior.

2.3.2.6.2. Other Eligibility Changes – Submitted no later than 60 days prior to board convening. Changes after 60 days must be submitted via MyVector with supporting documentation.

2.3.3. Core Flag and Competitive Categories. The Air Reserve Component (ARC) uses core flags to determine the competitive category in which an officer competes for promotion. A list of core flags and associated competitive categories is provided in **Table 3.1**. Corrections to core flags must be completed no later than 45 days prior to the board convening. FSSs will assist officers with core flag corrections. NGB/HR will coordinate updates for STAT Tour members with NGB/A1Q.

2.3.4. Eligible officers may submit a letter to the board president to highlight matters they deem important for consideration, provided the content is not prohibited by SecAF guidance. IAW Title 10 USC, Chapter 1403, §14106, all letters must be received by HQ ARPC/PB no

later than 10 calendar days prior to the board convening. Guidelines and a template for personal letters are provided in MyVector.

2.4. Notification Procedures.

2.4.1. **Release of Promotion Results** – HQ ARPC/PB will provide senior rater release via ARPCM to each State/Territory Headquarters and FSS, listing officers selected or non-selected for promotion. Officers must not be informed of their status before the official public release date. On that date, the immediate commander or designee will personally notify officers. Commanders may delay a promotion or remove an officer from a recommended list per AFI 36-2504, Chapter 8, Promotion Propriety Actions.

2.4.2. Written Notification to Non-Selected Officers – Letters may be prepared by the servicing State/Territory Headquarters or FSS using **Attachment 2** (first-time non-selected). Letters are FOR OFFICIAL USE ONLY until the public release date, typed on wing/wing-equivalent letterhead, and signed by the wing/wing-equivalent commander. Officers must acknowledge receipt in writing, and the acknowledgment will be filed in the Unit Personnel Records Group (UPRG) at the FSS. Letters will be delivered as soon as practical after the public release date. NGB/A1PP will assist with calculating MSDs and NGB/A1PO will notify officers non-selected a second time (twice deferred) through the State/Territory MPMO/MPMA and file letters in ARMS.

2.4.3. Recognition Letters – Sample letters in Attachments **4 and 5** may be used at the Adjutant General's discretion to recognize promoted officers and their employers. Letters should reflect appreciation for the officer's achievement and employer support. Letters to employers require officer concurrence and must be signed by the Adjutant General or designated representative; this authority cannot be delegated below Wing or Group Commander.

2.5. Actions Upon Selection for Promotion.

2.5.1. Request Federal Recognition – State MPMO/MPMA will request federal recognition for Officers selected for promotion in accordance with **Chapter 4** of this instruction.

2.5.2. State Promotion Requirement – To maintain continued federal recognition in the ANG, officers placed on a recommended list by the ROPB must be promoted in their state/territory to the higher grade effective no later than the date established on the recommended list.

2.5.3. Acceptance of Promotion – Officers selected for a Reserve of the Air Force promotion are considered to have accepted it on the effective date unless they expressly decline or are granted a voluntary delay per AFI 36-2504, Chapter 10, Declination of Promotion, Involuntary & Voluntary Delays, or are subject to an involuntary delay under paragraph 10.6..

2.5.4. Promotion Orders – NGB/A1PO will publish Federal Recognition of Appointment to the higher grade (promotion orders) once the state MPMO/MPMA provides a state promotion order. Officers may obtain copies from their State MPMO/MPMA.

2.5.5. Federal Recognition Order Filing. NGB/A1PO will provide the official Federal Recognition order to AFPC/ARMS for inclusion in the member's master file.

2.6. Promotion Dates . Military Duty Personnel who are promoted after periods of involuntary delay will be granted a retroactive DOR to the original date but will not be entitled to retroactive pay IAW AFI 36-2504, *Officer Promotion, Continuation and Selective Early Removal in the Reserve of the Air Force.* See **Attachment 2**, *Date of Rank and Promotion Effective Date.*

2.7. Failure of Selection for Promotion.

2.7.1. Once Failed. An officer on the Reserve Active Status List (RASL), below the grade of lieutenant colonel, in or above the promotion zone established for their grade and competitive category, is considered once failed of selection for promotion if this is the first mandatory consideration and the officer:

2.7.1.1. Is not recommended for promotion by the ROPB; or

2.7.1.2. Declines a promotion for which selected.

2.7.2. Twice Failed. An officer on the RASL, below the grade of lieutenant colonel, in or above the promotion zone established for their grade and competitive category, is considered twice failed of selection for promotion if any of the following apply:

2.7.2.1. The officer is considered but not recommended for promotion a second time by a mandatory promotion board or a Special Selection Board (SSB).

2.7.2.2. The officer declines a promotion when recommended by a mandatory promotion board or SSB, after previously failing or declining a promotion.

2.7.2.3. The officer's name was removed from the board report under 10 USC §§ 14111(b) or 14310 after prior recommendation and:

2.7.2.3.1. is not recommended for promotion by the next mandatory promotion board or SSB; or,

2.7.2.3.2. is again removed from the board report or from the promotion list.

2.7.3. **Effect of Twice Failing Promotion** . NGB/A1PO will notify State MPMOs/MPMAs of their officers that have been twice deferred via memorandum for record (MFR); letters will be filed in the officer's ARMS record. ANG State Headquarters will separate or reassign twice-deferred officers, who are not recommended for selective continuation (See AFI 36-2504, Chapter 13), or retained under any other provision of law (for example, sanctuary), according to DAFI 36-3211, *Military Separations.*

2.7.3.1. First lieutenants twice deferred for promotion to captain will be separated no later than the first day of the seventh month after the President or designee (delegated to SAF/MR) approves the promotion appointment scroll.

2.7.3.2. Captains twice deferred for promotion to major and not in continued status will be separated no later than the first day of the seventh month after SecWar approves the promotion appointment scroll.

2.7.3.3. Majors twice deferred for promotion to lieutenant colonel and not in continued status will be removed from the Reserve Active Status List (RASL) upon completing 20 years of commissioned service or separated no later than the first day of the seventh month after SecWar approval of the promotion appointment scroll if already at 20 years.

2.7.3.4. Officers having at least 18 but less than 20 years of satisfactory service (sanctuary) for Reserve retirement or active-duty retirement will not be involuntarily reassigned, separated, or released prior to meeting Title 10 U.S.C. §§ 12646 or 12686 requirements.

2.8. Voluntary Delay of Promotion. An officer may request a voluntary delay of promotion due to circumstances beyond their control IAW AFI 36-2504, Chapter 8. Delays may be requested in one-year increments, for a maximum of three years from the officer's original Date of Rank (DOR), with each year requiring separate approval.

2.8.1. Application Process – The officer must submit an AF Form 3988, *Application for Voluntary Delay, Acceptance, or Declination of Promotion*, to their unit commander before the promotion effective date. The unit commander will forward the application through command channels to the State Adjutant General (TAG) for approval.

2.8.2. Approval Authority – The SecAF delegates authority for voluntary delays to CNGB, who delegates to TAGs.

2.8.3. Recordkeeping – State headquarters will forward approved applications to NGB/A1PO for MILPDS updates. NGB/A1PO will maintain a copy in the officer's Unit Personnel Records Group (UPRG) and provide a copy to the respective state headquarters for the officer.

2.8.4. Additional Guidance – See AFI 36-2504, Chapter 10, Declination of Promotion, Involuntary & Voluntary Delays, for detailed guidance on processing voluntary delay applications.

2.9. Involuntary Promotion Delay. Officers whose promotion is delayed under this section will be assigned a pseudo Date of Rank (DOR) (e.g., 08 Aug 8888) in MILPDS upon public release until the delay is resolved.

2.9.1. Delay for Limitations in Officer Strength in Grade. Promotion of an officer on the RASL, serving on AD (10 USC § 12310), to a grade with strength limitations under 10 USC § 12011 may be delayed IAW 10 USC § 14311 to comply with authorized strength limits. The delay expires when the strength limitation no longer applies. Officers delayed under this provision may request release from AGR status; if approved, the DOR remains unchanged, and the promotion effective date becomes the date the officer is released from AGR status.

2.9.2. Title 32 AGR Officers. ANG Title 32 Active Guard/Reserve officers are managed under ANGI 36-101, *Air National Guard Active Guard and Reserve (AGR) Program*, and DAFI 36-2110, *Total Force Assignments*. Officers assume the higher grade only if strength limitations are not exceeded and they are approved to serve on AD in the higher grade. Approval authorities at the state level must verify end-strength prior to approving service in the higher grade.

2.9.3. Resumption of Promotion. Once the strength in grade limitation no longer applies, the officer's DOR remains as originally assigned, as if there had not been a delay. Promotion effective date becomes the date the limitation is resolved.

2.9.4. Retroactive DOR. Officers promoted after periods of involuntary delay will receive a retroactive DOR reflecting the original date of promotion; however, they are not entitled to retroactive pay.

2.10. Overgrade Promotion Processing.

2.10.1. When promotion results in an overgrade situation, the supporting FSS will enter the appropriate overgrade code and expiration date in MILPDS IAW DAFI 36-2110, *Total Force Assignments*.

2.10.2. Technician officers. Officers selected for a mandatory promotion to a grade exceeding their UMD authorized grade may be retained IAW DAFI 36-2110, Table 16.3.

2.10.3. Lieutenant Colonel Augmentation Program (LCAP). LCAP is used to create promotion opportunities for officers selected to lieutenant colonel, and to retain those same officers, who are overgrade, beyond current expiration dates. See DAFI 36-2110, for applicability. All required documents must be submitted together as a single PDF, following the order of the NGB LCAP Checklist, **Attachment 8**, for Mandatory Promotion (Maj/Lt Col).

2.11. Accelerated Promotion to Major or Lieutenant Colonel. States may request promotion Fed Rec of an officer in advance of the effective date established by a ROPB. Requests must follow the format in **Attachment 9.** Automated formats provided by NGB/A1PO, **Attachment 7**, will be used in lieu of separate documentation for these promotions.

2.11.1. An officer on a promotion list from a mandatory promotion board may be promoted at any time to fill a vacant position, provided they meet the same vacancy requirements as the position vacancy program in **Chapter 3**. **(T-0)**

2.11.2. The accelerated Date of Rank (DOR) will be the ***later of***: the date of SecWar approval (if the officer occupies the position at that time) or the date the officer is placed in the higher-graded position. The DOR must be a future date relative to submittal to NGB/A1PO.

2.11.3. The senior rater or commander will initiate the request using the NGB Accelerated Promotion Checklist for Mandatory Promotion (Maj/Lt Col), **Attachment 9**. The senior rater must approve the completed request, which is sent to NGB/A1PO via the MPMO for verification against SecAF eligibility guidelines. Requests not meeting eligibility requirements will be returned to the state without action.

2.11.4. Required Documents. The following documents must accompany all accelerated promotion requests:

2.11.4.1. The five most recent officer evaluations. Officers should present a minimum of five evaluations that include consistent stratifications or narrative justification demonstrating sustained progression, increased responsibility, and upward mobility appropriate for accelerated promotion consideration.

2.11.4.2. Certification of required PME completion for the grade IAW **Table 4.3** (only if not reflecting in RAW).

2.11.4.3. State promotion order.

2.11.4.4. Commander's recommendation letter (with command channel endorsements). Must include an accelerated promotion date endorsed by command.

2.12. Transferring Promotions to a Reserve Active Status List (RASL)

2.12.1. Officers must provide NGB/A1PO documentation verifying their selection for promotion to the higher grade before any transfer-related promotion action may be processed.

2.12.2. ADL to RASL Transfers. An officer selected for promotion on the Active-Duty List (ADL) who subsequently transfers to the Reserve Active Status List (RASL) within the same armed force will retain their promotion eligibility provided all of the following conditions are met: 1. the officer remains in the same competitive category; 2. the transfer occurs after the officer is placed on an approved promotion list (i.e., the date the selection board report is approved); 3. the officer receives an approved appointment in the ANG; 4. the officer incurs no break in service during the transfer; and, 5. the officer has served one continuous year on the ADL, RASL, or a combination of both immediately preceding promotion eligibility.

2.12.2.1. Projected DOR/PED. The officer's Date of Rank (DOR) and Promotion Effective Date (PED) will be established using the projected date provided by NGB/A1PO based on the original ADL promotion timeline.

2.12.2.2. Document Submission Requirements. All required documents must be submitted as a single PDF, organized in accordance with the *Request Promotion Selection Transfer: ADL to RASL checklist*, **Attachment 16.**

2.12.3. RASL-to-RASL Transfers. Officers transferring between Reserve Components who already have a pending promotion will retain their promotion and DOR if: 1. there is no break in service, and 2. the officer receives an approved appointment in the ANG.

2.12.3.1. Officers on a sister-service promotion list may carry that approved promotion into the ANG under the same conditions. Only mandatory promotions are transferrable under this provision. Position Vacancy (PV) promotions and Certificates of Eligibility (COE) do not transfer into the ANG.

2.12.3.2. Document Submission Requirements. All required documents must be submitted as a single PDF, organized in accordance with the *Request Promotion Selection Transfer: RASL to RASL checklist*, **Attachment 17**.

Chapter 3

POSITION VACANCY PROMOTION

3.1. General. The ANG Position Vacancy Promotion program provides advanced promotion opportunities to officers who demonstrate exceptional potential and abilities. These promotions are reserved for a limited number of truly outstanding officers and are not routinely offered to all officers.

3.1.1. Officers under consideration by a ROPB are not eligible for position vacancy promotion (see **Chapter 2**). Requests received by NGB/A1PO after the Mandatory Promotion Eligibility List is certified to HQ ARPC will be returned without action, even if Federal Recognition Examination Boards occurred prior to certification.

3.1.2. Officers may be promoted through the grade of major, regardless of the strength limitations within competitive category and are not required to be the sole occupant of the UMD position.

3.1.3. Lieutenant Colonel. Position vacancy promotion to lieutenant colonel requires the officer to be the sole occupant of the UMD position. Projected losses cannot be used to justify the promotion.

3.1.4. Colonel. Officers considered for position vacancy promotion to colonel must be assigned to an appropriate UMD position, but do not have to be the sole occupant. The position incumbent will be designated excess and projected for loss/reassignment prior to the promotion effective date. Promotions must align with the state's overall authorized colonel strength. States must provide a memorandum signed by the Adjutant General (TAG) or delegated authority detailing total O6 authorizations and assigned officers. Promotions will only be granted against validated authorizations; UMDs will not be changed, and colonel ceilings cannot be exceeded.

3.1.5. Excess requests are routed to NGB/A1P for approval through NGB/A1PP.

3.1.6. Officers will not be promoted against UMD position scheduled for deletion or grade reduction in an approved programming plan.

3.1.7. Statutory (STAT) Tour officers. The officer's supervisor will forward the request for promotion recommendation, using the same considerations above, through the functional director to National Guard Bureau, Human Resource Office (NGB/HR). NGB/HR will request concurrence from the appropriate state Adjutant General (TAG). If TAG concurs with the promotion action, the state will forward state promotion orders to NGB/HR. If TAG does not concur with the promotion, appropriate comments will be provided to NGB/HR.

3.2. Position Vacancy Determination.

3.2.1. The position vacancy must fall within the officer's competitive promotion category, as determined by Core ID. Grade vacancies in one category cannot be used to promote officers in another category. Officers may only be promoted within the competitive/developmental category where they are physically qualified (see **Table 3.1**) **(T-2).**

3.2.2. All officers within a competitive/developmental category will be included in assigned strength figures per the Personnel Accounting Symbol (PAS) code, as reported in the wing/group commander's endorsement or Automated Promotion Recommendation Format, **Attachment 7.** Officers in excess or overgrade status are counted when determining if a vacancy exists, except as noted below. All officers must be assigned to positions commensurate with their grade and DAFSC before promoting another officer via position vacancy.

3.2.2.1. Military technician promoted via a mandatory board before becoming eligible for an immediate civil service annuity are excluded **only** if retained in a UMD position at least one grade below their current grade.

3.2.2.2. Overgrade officers promoted via the mandatory system with 18 but less than 20 years of satisfactory service or less than three years TIG will be retained, released or reassigned per IAW DAFI 36-3211, *Military Separations* or DAFI 36-2110, *Total Force Assignments* upon completion of required service TIG.

3.2.2.3. Additional exceptions may be announced by NGB/A1PO to manage officer force structure within the ANG. Competitive/developmental category exceptions will be published in implementing instructions.

3.3. Eligibility Requirements. Nominees for federal recognition of a position vacancy promotion who do not meet these requirements will be returned to the state without action. The requirements are:

3.3.1. Appointment. Nominees must hold an Initial Reserve of the Air Force Appointment Federal Recognition IAW 10 USC § 12201, 32 USC § 305, and 32 USC § 307 issued by Chief, National Guard Bureau through NGB/A1PO.

3.3.2. Recommendation. Nominees must be recommended for position vacancy promotion by their immediate commander. The commander must justify the recommendation for promotion in the third paragraph of the commander’s promotion recommendation letter (**Attachment 6**).

3.3.3. Evaluations. Evaluations used for Position Vacancy promotion consideration must meet all performance standards, contain substantive comments, and must not be referral. Officers must present the minimum number of evaluations or training reports identified in **Table 3.2**.

3.3.4. For all Position Vacancy promotions, officers should present a minimum of five evaluations that include consistent stratifications or narrative justification demonstrating: Sustained Progression, Increased Responsibility, and, Clear Upward Mobility. These elements must collectively support the officer’s readiness to serve in the next higher grade. Officers appointed from other services must have at least one ANG, AFR, or RegAF evaluation containing substantive comments before they may be recommended for PV promotion consideration.

For Position Vacancy promotions, officers should present five evaluations demonstrating consistent stratification, performance progression, and upward mobility.

2. Professional officers (except Medical Service Corps) who received **constructive service credit** and have not been in service long enough to accrue the required number of evaluations may request a waiver to NGB/A1P through NGB/A1PO.

3. The requirement for the most recent ANG, AFR, or USAF evaluations may be waived by NGB/A1P for officers who transferred from another service component. To be considered:

- Recent ANG Appointment — Appointed in the ANG within the preceding two years
- One ARC/USAF Evaluation — Must have one ARC or USAF evaluation containing substantive comments

Previous Service Reports — Must attach the last two or three performance reports from the previous service. Enlisted performance reports are not authorized to meet this requirement.

3.3.4.1. Additional Eligibility Requirements.

3.3.5. Professional Military Education (PME) Exceptions and Waivers.

3.3.5.1. Nonresident PME courses of another service in which a member enrolled after 1 April 1985 **are not** acceptable for position vacancy promotion if an equivalent Air Force nonresident course exists. Waivers will not be granted. PME courses (resident or nonresident) from another service, completed while serving in another service **are acceptable**.

3.3.5.2. Chaplains, lawyers, and health professionals are exempt from PME for promotion to lieutenant colonel and below, provided their commander verifies completion of equivalent training related to their specialty. Senior Development Education (SDE) **is required** for promotion to colonel. Commanders must review evidence of continuing education or professional training to maintain proficiency and/or credentials. Professional officers are encouraged to pursue PME to enhance their promotion potential.

3.3.6. Duty Qualification. Nominees must hold the fully qualified DAFSC of the UMD position, unless reassigned within the last six months and hold a fully qualified primary AFSC (PAFSC) in another career field. No waivers are authorized.

6.	Colonel	Three (3) Years

3.3.9. Active Status. Nominees must have been in an active status in the Selected Reserve (Sel Res) for at least one year immediately preceding the promotion recommendation. For promotions to CW3 through CW5, nominees must have at least 24 months in the Sel Res at their current grade before being eligible to meet a position vacancy promotion board. Periods on the Inactive Status List Reserve Section (ISLRS) or retired status are not counted.

3.3.10. Satisfactory Service. Nominees must have trained satisfactorily for the two years immediately preceding the Federal Recognition Examination Board (FREB). A satisfactory year is one in which the officer has satisfied the requirements for a satisfactory year for retirement. Waivers will not be considered.

3.3.11. Federal Recognition Examination. Nominees must be examined and found qualified by an FREB IAW ANGI 36-2505, *Federal Recognition Examining Boards for Appointment or Promotion in the ANG Below General Officer*.

3.3.12. Adjutant General Recommendation. Nominees must be recommended for federal recognition by the state Adjutant General. This authority may be delegated no lower than Director of Staff (DoS) for recommendations to grades below colonel.

3.3.13. State Promotion Order. Nominees must be promoted in the ANG of their state. A valid state promotion order is required (except for COE nominees).

3.3.14. Prior non-selection. Nominees must not have failed selection for promotion by a ROPB or an Active Air Force Selection Board to the grade currently being recommended. Waivers are considered only for officers on an active-duty list who were non-selected by an active AF selection board. Submit waiver requests to NGB/A1P through NGB/A1PO and include all of the officer's evaluations. Waivers are not automatic. Twice deferred officers are not eligible for waivers.

3.3.15. Retainability. Officers recommended for promotion to lieutenant colonel or colonel must have at least three years' retainability from the effective date of promotion before any mandatory separation from the ANG. Federal Recognition Examination Boards should be held at least three and one-half years prior to any mandatory separation date to allow sufficient processing time.

3.3.16. Physical Qualifications. Nominees must be physically qualified for worldwide duty and must have a current, passing fitness assessment (Excellent or Satisfactory) in accordance with DAFMAN 36-2905, *Department of the Air Force Physical Fitness Program*. The State Air Surgeon may waive any 4T profile determined by competent military medical authority to be self-limited, non-systemic, and expected to be resolved within one year (e.g., pregnancy or sprained ankle).

3.3.17. CNGB Approval. Nominees must be approved for federal recognition by the CNGB following review of the Federal Recognition Examination Board proceedings and other pertinent records.

3.4. Promotion Effective Dates. Promotion effective dates will be determined by NGB/A1PO, announced in Federal Recognition Orders, and entered into MILPDS. Promotion dates are not effective until published by such orders and recorded in MILPDS.

3.5. Promotion to Colonel. All nominations (**paragraph 3.1.4**) for promotion to colonel will be forwarded to the CNGB, through NGB/A1PO, for review and action as follows:

3.5.1. Federal Recognition Review Board (FRRB).

3.5.1.1. The complete recommendation package will be forwarded to NGB/A1PO for officers found qualified by a Federal Recognition Examination Board and **paragraph 3.1.4** of this instruction.

3.5.1.2. NGB/A1PO will review and validate the package prior to the convening of the ANG Colonel FRRB at Headquarters Air Reserve Personnel Center (HQ ARPC).

3.5.1.3. The FRRB, composed of both active-duty Air Force and ANG officers, determines if nominees meet the standard for Federal recognition.

3.5.1.4. Officers not recommended by the FRRB may be resubmitted to a future FRRB, provided the officer remains eligible.

3.5.2. Timeliness. Packages received by NGB/A1PO after the established final suspense date will be returned without action. States may resubmit to a future FRRB, provided the officer remains eligible.

3.5.3. Certificate of Eligibility (COE). The COE program assists the state and NGB (STAT Tour Officers) force management planning by pre-qualifying officers for a colonel position and subsequent federal recognition. A COE reduces the time required to promote officers once assigned to a vacant colonel position. Possession of a COE does not mandate promotion or assignment to a colonel position.

3.5.3.1. Eligibility. Candidates for a COE must meet all requirements for consideration for position vacancy promotion to colonel.

3.5.3.2. Submission. Upon release of the ANG Colonel FRRB convening notice by NGB/A1PO, states and NGB/HR (STAT Tour Officers) will submit required documentation outlined in the announcement, along with a force management plan specifying the candidate's projected assignment, current incumbent, and anticipated date and reason for vacancy. NOTE: STAT Tour Officers can be nominated by their States.

3.5.3.3. Validity.

3.5.3.3.1. A COE is valid for two years from the date of Senate confirmation, provided the officer remains otherwise qualified.

3.5.3.3.2. There are no extensions. Officers must be renominated once their COE expires. A COE must expire prior to meeting a subsequent FREB. **(T-2)**. Waivers may be considered only if the COE expires before the FRRB convening date. No other waivers will be considered.

3.5.3.3.3. A COE becomes invalid if:

3.5.3.3.3.1. Officer is no longer physically qualified;

3.5.3.3.3.2. Officer is removed IAW this instruction;

3.5.3.3.3.3. Officer has reached their MSD without assignment to an authorized colonel position. (MSD extensions to qualify for civil service retirement annuity will not invalidate an existing COE.); or

3.5.3.3.3.4. Officer has not received new appointment Federal Recognition

3.5.3.4. Execution. Forty-five days prior to assigning an officer holding a valid COE to a colonel position, the state must submit the following to NGB/A1PO:

3.5.3.4.1. State assignment order or completed and signed DAF Form 2096, *Classification/On-The-Job Training Action*, assigning the officer to the vacant colonel position.

3.5.3.4.2. State promotion order.

3.5.3.4.3. Updated Adverse Memorandum (**Attachment 13**).

3.5.3.4.4. Copies of new evaluations rendered since the FRRB convening with current, official fitness assessment score IAW DAFMAN 36-2905, *Department of the Air Force Physical Fitness Program,* and documented on the Officer Performance Brief (OPB) IAW AFI 36-2406, *Officer and Enlisted Evaluations Systems*.

3.5.3.4.5. Medical Squadron Commander or State Air Surgeon statement certifying: *"Examinee denies, and review of medical records fail to reveal, any other significant medical or surgical history since last physical examination dated _____. The officer is worldwide qualified."* (**Attachment 14**)

3.5.3.5. Effective Date of Promotion. For officers holding a valid COE, the date of rank and promotion effective date is the date the officer is assigned to a valid Colonel position but cannot be prior to the Senate Confirmation date. For AGR officers, CNGB approval is subject to statutory limitation of controlled grades.

3.5.3.6. Delay of Execution. If an officer holding a valid COE is the subject of an open investigation, federal recognition will be withheld, and promotion will be delayed until resolution. If unresolved within 6 months, the COE execution request will be returned to state or NGB/HR (STAT Tour Officers). If adverse information is substantiated as existing at the time of selection, nomination, and confirmation, NGB/CF, in coordination with the officer's TAG, will:

3.5.3.6.1. Initiate removal from the promotion list IAW AFI 36-2504, or

3.5.3.6.2. Recommend to the SecAF that the officer be Federally recognized and granted Reserve of the Air Force promotion, with full disclosure of the adverse information.

5.1. General. If an officer fails to meet the exemplary conduct requirements of 10 U.S.C. § 9233, or is not mentally, physically, morally, or professionally qualified to perform the duties of the next higher grade, the appropriate authority must initiate a Promotion Propriety Action (PPA). 5.1.1. Commander initiated PPA. When credible information indicates an officer may not be suited for promotion, commanders must initiate a PPA. Commanders must not wait for the completion of investigations, disciplinary actions, trials, or other administrative processes before initiating a PPA. The standard of proof is a preponderance of credible evidence.

5.1.1.1. Types of Commander Actions. Commanders may recommend either:

Active Guard/Reserve (AGR)—Full-time military duty personnel under Title 32 USC 502(I).

Adverse Information—A substantiated adverse finding or conclusion from an officially documented investigation or inquiry or any credible information of an adverse nature. To be credible, the information must be resolved and supported by a preponderance of the evidence. To be adverse, the information must be derogatory, unfavorable, or of a nature that reflects unacceptable conduct, or a lack of integrity or judgement on the part of the individual.

Air Force Specialty Code (AFSC)—A combination of numbers and letters used to identify an Air Force Specialty.

Air National Guard (ANG)—A Reserve component of the United States Air Force consisting of all Federally recognized units, organizations, and members of the ANG of the states, the District of Columbia, Puerto Rico, the Virgin Islands and Guam.

All Fully Qualified Officers List—A supplemental promotion board for Captains who were not initially qualified to meet the first or second half promotion board.

Appointment as a Reserve of the Air Force—Appointment to the permanent grade in which Federally recognized as a member of the ANG.

Air Reserve Personnel Center (ARPC)—Also HQ ARPC.

Certificate of Eligibility (COE)—A certificate issued in accordance with 32 USC Section 307, to individuals found qualified for Federal recognition in a particular office prior to it becoming vacant.

Competitive Category—A grouping of officers who compete among themselves for promotion. The SecAF establishes categories, as required, to manage the career development and promotion of certain groups of officers. In relation to the requirements of these officer categories, their specialized education, training, or experience, and often relatively narrow career field utilization, make separate career management desirable. (References 10 USC § 14005 (AFR) and DoDI 1320.14.)

Date of Rank (DOR)—The statutory language for establishment of the date an officer begins time in grade. Formerly equivalent to the term Promotion Service Date (PSD), which is no longer used.

Failure of Selection for Promotion—An officer in the Reserve grade of first lieutenant, captain, or major who is on the reserve active-status list and who:

1. Is considered but not recommended for promotion (other than by a position vacancy board); or,

2. Declines to accept a promotion for which selected (other than by a position vacancy board), will be considered to have failed of selection for promotion and is considered a failed of selection for promotion officer or a deferred officer; or,

3. Recommended for promotion, but who is not promoted because CNGB declines to Federally recognize the person or because the President declines to appoint the person or because the Senate does not consent to the person's promotion. For promotion delays, removals, declinations, see AFI 36-2504.

Effective date of promotion—The date announced in Federal recognition orders and entered into the MILPDS on which an officer can begin to wear a higher-grade insignia. Same as Promotion Effective Date (PED).

Federal recognition—Acknowledgment by the Federal government that an officer assigned within the ANG meets the prescribed Federal standards for the grade and position to which assigned. The authority to grant Federal recognition has been delegated to the CNGB.

Involuntary Promotion Deferral—Promotions involuntarily delayed because: (1) Promotion of a statutory tour officer or AGR officer when the promotion will result in exceeding lawful grade ceilings; or (2) when promotion of AGR officer will result in the officer's grade exceeding that authorized under grade comparability authorized by NGB/A1.

Military Duty Personnel—Those members of the ANG in AGR status under Title 32 USC 502(I); same as full-time military duty personnel.

Military Technician—Federal employees of the military department who occupy technician positions under Title 32 U.S.C 709.

Position Vacancy Board—A promotion board convened to select officers nominated to fill a position vacancy.

Pre Officer Selection Brief (pOSB)—A computer product produced at base level that contains selection data from the Headquarters USAF Master Personnel File.

Preponderance of the Evidence—a preponderance of the evidence merely means that it is more likely than not that a fact exists. Preponderance of the evidence is not determined solely by the volume of witnesses or documentary evidence supporting or refuting the allegation. Rather, it is based on the totality of the circumstances, the inherent probability or improbability of the evidence, and a determination as the weight and significance of evidence and the credibility of the witnesses.

Promotion Propriety Action—A commander's actions to delay, remove, or find an officer not qualified for promotion IAW AFI 36-2504.

Promotion Recommendation Form (PRF)—For the purpose of the PRF, the senior rater for lieutenant colonels and below must be at least a colonel serving as a wing commander or equivalent, as determined by the management level.

Promotion Service—Service in an active status in the current permanent grade. Promotion service upon appointment may also include constructive credit (see AFI 36-2504 and DAFMAN 36-2032). Time spent in ISLRS or in the Retired Reserve is not creditable for promotion service.

Recommended List—A list of ANG officers who have been considered by a ROPB, found qualified, and recommended for promotion to a higher grade as a Reserve of the Air Force.

Report on Individual Personnel (RIP)—A computer-generated product reflecting selected data on an individual service member that is maintained in the Personnel Data System.

Reserve Active Status List (RASL)—A single list that includes all Air Reserve officers in an active status. The RASL is used to determine seniority in grade, determine eligibility for promotion and determine the sequence in timing of promotion.

Reserve of the Air Force—The common Federal status possessed by members of the ANG and the United States Air Force Reserve. This term is not used to identify an Air Force component or organization.

Reserve Officer Personnel Management Act (ROPMA)—Congressional legislation passed into law that directs the career management of Reserve of the Air Force officers, including officers of the ANG. The ROPMA was effective 1 October 1996.

NAME
Mailing Address (if available) Dear (Grade) (Last Name)

A Reserve Officer Promotion Board that convened at the Air Reserve Personnel Center recently considered you for permanent promotion. The board reviewed all documents in each officer's selection folder using the best-qualified method of selection. Unfortunately, you were not among those recommended for promotion.

As long as you remain eligible, a Reserve Officer Promotion Board composed of entirely different members, which will convene next year, will again consider you for promotion. You cannot be considered for a position vacancy promotion while in a failed of selection for promotion status. If the next Reserve Officer Promotion Board does not select you for promotion, you must be separated from the ANG unless authorized retention by law. In the event SecAF determines a critical need for officers in your grade and AFSC, you will be notified and may be eligible to apply for continuation. You are encouraged to review AFI 36-2504, Officer Promotion and Continuation in the Reserve of the Air Force and use every opportunity to enhance your promotion potential prior to being considered again.

Request you acknowledge receipt of one copy of this letter and provide it to the Force Support Squadron for inclusion in your unit personnel records group.

Sincerely,

Wing/Group or Installation Commander
