Supersedes: AFI10-207_AETCSUP, 30 NOVEMBER 2015

Pages: 14

This supplement implements and extends the guidance in Air Force Manual (AFMAN) 10-207, *Command Posts*. It provides Air Force guidance for the establishment, organization, manning, operation, equipment, training and support of Command Posts (CP)/Command Center and Specialized Command and Control Elements (SC2E). It also establishes basic guidance for the 1C3 Air Force Specialty Code (AFSC). It applies to all Air Education and Training Command (AETC) Command and Control organizations and personnel, including Air Force Reserve Command (AFRC) and Air National Guard (ANG) forces gained through Command Post. Additional requirements such as facilities, manpower, and duty/workload standards will be coordinated between individual units and the ANG 1C3 Career Field Manager (CFM) to meet non-federal allocations. ANG will accomplish training standards/requirements as outlined by their gaining-Major Command (MAJCOM) in preparation for mobilization. This publication does not apply to the United States Space Force. Refer recommended changes and questions about this supplement to the office of primary responsibility (OPR) HQ Air Education and Training Command/Command and Control Policy & Procedures (AETC/A3OP), 1 F Street Suite 2, JBSA Randolph TX 78150-4325, using the DAF Form 847, *Recommendation for Change of Publication*. Ensure all records generated as a result of processes prescribed in this publication adhere to Air

Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with (IAW) the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. This publication may be supplemented at any level, but all direct Supplements must be routed to the OPR of this publication for coordination prior to certification and approval. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2 or T-3") number following the compliance statement. See Department of the Air Force Manual (DAFMAN) 90-161, *Publishing Processes and Procedures*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. See **Attachment 1** for a glossary of references and supporting information used in this publication. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Department of the Air Force.

SUMMARY OF CHANGES

This document has been substantially revised and should be completely reviewed. Major changes include: AETC Command Post requirement for after-hours contact to facilitate Federal Aviation Administration (FAA) unmanned aircraft systems (UAS) requests to operate an unmanned aircraft systems within established Special Security Instructions (SSI). The Command Post training program has been overhauled with major changes to certification timelines and testing requirements. Changes were also made to the Master Training Plan, Master Task List, Annual Training Plan, and Plan of Instruction requirements. The AETC Manning Reports (AETC Form 9) form has been updated. AETC Command Posts requiring clarification on HAF or MAJCOM guidance should submit request via email to AETC/A3OC workflow e-mail account (**AETC.A3OCinbox@us.af.mil**).

References throughout the supplement have been updated. A margin bar (|) indicates newly revised material.

1.1.3.2.1. **(Added)** AETC has three Command Post Associations, Keesler AFB, MS (81 Training Wing/403 Wing Command Post), Luke AFB, AZ (56 Fighter Wing/944 Fighter Wing Command Post) and Maxwell AFB, AL (42 Air Base Wing/908 Air Wing Command Post).

1.1.4. The AETC MAJCOM Command Center will ensure compliance with all requirements set forth for the Command Posts in AFMAN 10-207 (with the exception of Chapter 6) and AFMAN 10-207_AETCSUP unless otherwise noted as an exception **(T-2)**.

1.3.1. As part of the HQ AETC Command and Control system, the AETC Command Center is tasked with providing 24-hour command and control operational support to the AETC Commander, 19 AF, and Air Force Recruiting Service (AFRS) commander **(T-2)**.

1.3.1.1. **(Added)** The 81st Training Wing Command Post (81 TRW/CP) is the designated alternate to the AETC Command Center. If at any time the AETC Command Center would become unavailable to carry out its mission, the 81 TRW/CP would assume AETC Command Center responsibilities and authority **(T-2)**.

1.4.1. **Exception:** The AETC Command Center does not perform duties in support of readiness reporting.

2.4.7. **(Added)** Transmit Emergency Action Messages (EAMs) to AETC units and AETC-gained units using a secure and reliable SIPRNET message communication system. To facilitate message build/transmission procedures and command-wide controller proficiency, the AETC Command Center will build and transmit Exercise Emergency Action Messages. At no time will the AETC Command Center purposely send out invalid Emergency Action Messages **(T-2)**.

2.4.8. **(Added)** Monitor the status of AETC activities **(T-2)**.

2.4.8.1. **(Added)** Relay to the AETC protocol office any unscheduled arrivals and departures of a code 3 or higher distinguished visitor (DV) at AETC installations **(T-2)**.

2.4.8.2. **(Added)** Track the availability of AETC commanders according to Department of the Air Force Instruction (DAFI) 10-208, *Continuity of Operations (COOP) Program.* **(T-2)**

2.4.8.3. **(Added)** Immediately notify and relay (to AETC senior leadership and AETC/A4S) any command (CJCS, Combatant Command [COCOM], USAF, or MAJCOM) Force Protection Condition Alerting Message (FPCAM) issued affecting AETC operational organizations **(T-2)**.

2.5.6. AETC units on non-AETC installations will establish formal memorandums of understanding (MOU) or memorandums of agreement (MOA) with the host unit **(T-2)**. Units will ensure command and control support agreements are in writing and coordinated with HQ AETC/A3OC to ensure responsibilities, level of service, and operational requirements are specifically defined prior to implementation **(T-2)**.

2.5.11. **(Added)** Establish procedures to restrict both primary and alternate command post access to assigned command post controllers, wing senior staff, and other personnel with routine official command post business, according to AFI 31-101, *Integrated Defense (FOUO)* **(T-3)**.

2.6.20. **(Added)** Request temporary duty (TDY) manning assistance through the installation/unit commander, resource advisor, and HQ AETC 1C3 MAJCOM functional manager during reduced manning periods as determined by unit leadership **(T-2)**. The requesting unit is responsible for funding the TDY **(T-2)**. The message must include unit, inclusive dates of TDY, fund cite, justification, and any special requirements **(T-2)**. **Exception:** This does not apply to AFRC units.

2.6.21. **(Added)** Ensure controllers are trained and proficient in the operation of command post communications equipment **(T-3)**.

2.6.22. **(Added)** Establish and maintain a classified and unclassified command post organizational account **(T-2)**. All controllers must have and maintain access to command post organizational account profiles **(T-2)**.

2.6.22.1. **(Added)** Ensure classified account profiles (organizational and personal) are configured with an audible alarm that is always operational. **(T-2)** This includes, but is not limited to, synchronous means and SIPRNET e-mail (primary way of receiving emergency actions message notifications/traffic).

2.6.23. **(Added)** Be a primary member of the Commander's Senior Staff **(T-2)**. **Exception:** This does not apply to AFRC units.

2.6.24. **(Added)** Maintain a six-month history of controller shift duty schedules **(T-2)**. When directed by AETC/A3OC, command posts will submit controller duty schedules with monthly manning reports **(T-2)**. Duty schedules are used to validate current and projected manning shortfalls, waiver requests, and controller utilization.

2.6.25. **(Added)** Perform a quarterly back-up of all required electronic records (tests, events logs) documentation **(T-3)**.

3.2.1.3.1. **(Added)** Units requesting a single-controller waiver must include command post manager's shifts on duty schedule along with any additional wing/unit duties outside of the command post. All requests will be taken into consideration by AETC/1C3 MAJCOM functional manager prior to coordination **(T-2)**. AETC bases manned for single-controller operations do not require a single-controller waiver.

3.2.6.2.3.1. **(Added)** Quarterly contract reviews will be maintained for 1 year **(T-2).**

3.2.7.2.10.4.1. **(Added)** Track and monitor arrival and departures of AETC general officers and wing commanders, as well as the unscheduled arrival and departure of code 7 or higher distinguished visitor (DV) **(T-3)**.

3.2.7.2.10.4.2. **(Added)** For unscheduled arrival and departure of code 3 or higher, notify the AETC Command Center. **Exception:** This does not apply to AFRC units **(T-3)**.

3.2.7.2.10.4.3. **(Added)** Monitor location and status of local and cross-country aircraft training missions as determined locally **(T-3)**.

3.2.7.2.10.6.1. **(Added)** Monitor the location of the commander, key staff members (or their designated representatives), and those individuals designated by the commander **(T-3)**.

3.2.7.2.10.6.2. **(Added)** Maintain and report the commander's availability status according to AFI 10-205 **(T-2)**.

3.2.7.2.10.10. **(Added)** Operate as the after of hours contact to facilitate Federal Aviation Administration (FAA) unmanned aircraft systems (UAS) requests to operate in an official capacity within established Special Security Instructions (SSIs) which restricts UAS operations 400' feet and below over designated AETC installations or locations. Procedures for approving UAS SSI access are outlined in the Addendum to FAA / DOD Joint Standard Operating Procedures (J-SOP) for UAS-Specific SSI and the FAA / DOD J-SOP for UAS-Specific SSI, located on the AETC C2 Policy & Procedures SharePoint site. Unless otherwise directed, controllers will utilize the AETC UAS SSI point of contact (POC) listing or the FAA SSI Map web link, provided on the AETC C2 Policy & Procedures SharePoint site, to contact the appropriate SSI POC for access approval.

3.2.10.1.1. Develop AETC Commander's Critical Information Requirements (CCIR) checklists for console controllers **(T-3)**.

3.2.10.1.2. Develop monthly Commander's Critical Information Requirements (CCIR) training scenarios, in concert with the command post Training Manager, to evaluate and validate controller proficiency **(T-3).**

3.2.11.1. AETC Command Posts waived as a single controller operation or as a Non-Conventional mission, IAW the Command Post Crew Size waiver paragraphs 2 or 6, may use 1C351 personnel to man senior controller positions.

3.2.11.1.1. **(Added)** IAW the Command Post Crew Size waiver paragraphs 2 or 6: Requiring AETC command posts, who are authorized for single controller operations who gain 1C331 personnel from technical training to fill up to three (3) of total funded authorized billets, to wait the entire 5 level upgrade time period (12 months), prior to allowing a certified controller to operate, causes a critical manning shortage to operate a 24/7 entity. Therefore, AETC command

posts authorized to operate with a single controller, may use certified 1C331 personnel to perform senior/single controller duties after meeting the following stipulations:

3.2.11.1.1.1. **(Added)** Certified 1C331 personnel must complete, with a passing score, the 5 level Distance Learning course. **(T-2)**

3.2.11.1.1.2. **(Added)** Certified 1C331 personnel complete all 1C351 Career Field Education and Training Plan (CFETP) specialty-wide training requirements (core tasks) **(T-2)**.

3.2.11.1.2. **(Added)** AETC command posts manned for single controller operations must annotate "This controller is certified to perform as a senior/single controller upon completing the required 1C351 requirements IAW AETC command post Senior Controller Waiver" on the AF Form 4374, *Command Post/Center Controller Certification Record* **(T-2)**.

3.2.11.1.3. **(Added)** AETC command posts manned for single controller operations must notify the AETC 1C3 Functional Manager in writing, prior to using a certified 1C331 to perform single controller operations **(T-2)**.

3.2.11.2.3. **(Added)** If required, command posts will maintain the minimum amount of certified command post augmentees to satisfy requirements under the commander directed augmentation program according to AFPAM 10-243*, Augmentation Duty* **(T-3)**. (**Exception:** This does not apply to AFRC units.)

3.2.11.2.4. **(Added)** Controller officer augmentees are authorized to fill single- controller positions after certification **(T-2)**. Controller enlisted augmentees are authorized to fill single-controller positions after completion of certification and award of 5 level in primary AFSC **(T-2)**.

3.2.11.2.4.1. **(Added)** Perform a minimum of two console shifts per calendar month to maintain certification **(T-2)**.

3.2.11.3. When additional replacement controllers are needed a qualified controller will be in the local area and on telephone standby, with a 15-minute response time to the Command Post **(T-2)**.

3.2.11.3.1. **(Added)** Single-controller command posts must have identified/written procedures (such as an operations instruction) when the console is unmanned, preventing controllers the ability to immediately respond to console phones (ie, restroom break, entry control procedures, etc). At a minimum, procedures will include notification to the AETC Command Center and local Security Forces Squadron (Base Defense Operations Center) **(T-2)**.

3.6.4. AETC units will submit manning reports according to the excel formatted template on AETC Share Point and contain the information IAW AFMAN 10-207. **(T-2)** Alternatively, the form AETC 9 in **Attachment 7** may be used if electronic media is unavailable. Units will upload monthly manning reports to the AETC C2 Policy & Procedures SharePoint site or e-mail to the AETC A3OP Inbox account (**AETC.A3OCinbox@us.af.mil**) no later than the 7th (calendar day) of each month. **(T-2)**

4.2.2.3.1. **Exception:** The AETC Command Center is not required to maintain Airfield operations instructions.

4.2.3. Checklists. Command posts must use AETC Form 706, *Command Post Checklist* or a Microsoft Word® version in lieu of the AETC Form 706. The Microsoft Word document must meet the intent and purpose of the AETC Form 706 **(T-2)**.

4.2.3.4. **Exception:** The AETC Command Center is not required to maintain 200, 500 and 600 series QRCs.

4.2.6. Changeover Briefing. The changeover briefing will be maintained on the SIPRNET **(T-3)**. **Exception:** AETC Command Center is not required to include the minimum items paragraghs 4.2.6.2 – 4.2.6.5 in the shift changeover brief.

5.2.9.1.4. AETC Command Posts/Command Centers will create a semi-annual activation memorandum for record (MFR) **(T-2)**. A copy of the memorandum must be maintained for 2 years. The memorandum will include the following paragraphs **(T-2)**:

5.2.9.1.4.1. **(Added)** Paragraph 1: Identify the date, time and personnel that conducted the semi-annual activation.

5.2.9.1.4.2. **(Added)** Paragraph 2: Identify all systems tested and duration of test.

5.2.9.1.4.3. **(Added)** Paragraph 3: Identify work orders submitted as a result of the semiannual activation and any work orders not related to semiannual activation that are required to maintain an operational alternate command post.

5.3.6. The AETC Command Center will be the lead Emergency Mass Notification System operator, with the primary Emergency Mass Notification System activation node located on console in support of Air Force Recruiting Service (AFRS) and Air Force Reserve Officer Training Corps (ROTC) personnel.

7.1.1. **(Added)** AETC units will utilize a myTraining journal entry anytime Chapter 7 requires a DAF Form 623a, *On-the-Job Training Record-Continuation Sheet*, entry. **(T-2)** Anytime Chapter 7 refers to DAF Form 623, *Individual Training Record Folder*, units will enter the required information or documentation into myTraining or the Unit Training Records Binder respectively. **(T-2)**

7.2.1. Task(s) labeled as AFRC, AETC and/or Unit must be trained to all AETC 1-CP personnel prior to certification **(T-2)**.

7.2.1.2. If a DAF Form 797, *Job Qualification Standard Continuation/Command (JQS)*, is required, units must submit request for approval via email to AETC/A3OP workflow e-mail account (**AETC.A3OCinbox@us.af.mil**). **(T-2)** MAJCOM correspondence for approved or denied DAF Form 797 requests will be filed IAW 7.10.4. **(T-2)**

7.2.2.1. **(Added)** Units will document the annual mission requirements verification of the Annual Training Plan on an AF Form 4436, Command Post Publications Review Log. The AF Form 4436 must be filed IAW paragraph 7.10.3 **(T-2)**.

7.2.5. Task(s) labeled as AFRC, AETC and/or Unit must be trained IAW 7.2.1. When tailoring the Unit Training Plan (UTP) as outlined below, the Training NCOIC or alternate will identify all "Unit" added information by adding the unit identifier in parenthesis. **(T-2)** Once unit training plans have been validated by the Command Post Managers, the training manager will upload the unit training plan to the AETC C2 Policy & Procedures SharePoint site (**https://usaf.dps.mil/sites/aetc-hq-a36/A3O/A3OP/SitePages/Home.aspx**) for approval. **(T-2)** Units will retain MAJCOM approval notification for their records IAW 7.10.4. **(T-2)**

7.2.5.1.1.1. **(Added)** The Training NCOIC or alternate will be assigned the Workcenter Supervisor role (at the least) to ensure they are able to manage myTraining. **(T-2)** All roles for

personnel to perform Trainee, Trainer, Supervisor or Workcenter Supervisor roles will be assigned by the Base Unit Training Manager. **(T-2)** These roles are considered a "duty position" and will meet requirements as outlined in DAFMAN 36-2689, *Training Program*. **(T-2)**

7.2.5.1.2. Units will manage the Master Specialty Training Standard by creating task groups in myTraining. **(T-2)**

7.2.5.3.1.4. **DELETED**

7.2.5.3.1.5. Unit added objectives must be identified either by adding the unit identifier in parenthesis, after the bullet and before the objective, or by changing the font color of the information added **(T-2)**.

7.2.5.3.1.6. Units added instructional aids and equipment must be identified either by adding the unit identifier in parenthesis, before each listed instructional aid and equipment, or by changing the font color of the instructional aids and equipment added **(T-3)**.

7.2.5.3.1.7. Units must identify unit added instructional guidance either by adding the unit identifier in parenthesis, before the added instructional guidance, or by changing the font color of the added instructional guidance **(T-3)**.

7.2.5.3.1.9. Unit numbering will continue on from MAJCOM numbering, and must either add the unit identifier in parenthesis, after the sequence number and before the statement, or change the font color to identify unit added teaching steps **(T-3)**. Ensure the task standard (Knowledge, Performance, Both) is listed after the step. Units are authorized to adjust numbering of the [Upon successful completion…] step for formatting purposes.

7.2.5.3.1.9.1. **(Added)** Units may alter MAJCOM task standard(s) (Knowledge, Performance, Both) to ensure the task is trained (e.g., Instead of "Submit OPREP-3 Synchronous Report", use "Identify OPREP-3 Synchronous Report submission procedures"). A Tier-2 **(T-2)** waiver is required if mandatory tasks need to be waived in their entirety. Units must submit requests via email to AETC/A3OC workflow e-mail account (**AETC.A3OCinbox@us.af.mil**). Approved or denied waiver requests will be filed IAW paragraph 7.10.4..

7.2.5.3.1.9.2. **(Added)** Units may "N" teaching steps not applicable to the unit's mission.

7.3.1. AETC units will create a myTraining journal entry for each controller who has met the task-trainer requirements per DAFI 36-2670, *Total Force Development*. **(T-2)** The Memorandum For Record listing all certified Command Post controllers who have met the task-trainer, will be filed IAW 7.10.4. **(T-2)**

7.3.2. Within 5 duty days of PCS/PCA, the Training NCOIC will contact the Unit Training Manager or Base Training Manager to gain the new individual into the unit's Workcenter. **(T-3)** Once a supervisor has been assigned, myTraining automatically creates the entry for initial evaluation and work center orientation. The supervisor/rater will need to initial the journal entry.

7.3.2.1. **(Added)** Tasks that have been identified for initial certification or recertification will be documented as a separate journal entry and will include the following information **(T-3)**:

7.3.2.1.1. **(Added)** Initial certification: The Training NCOIC is not required to list all tasks, but will include a statement annotating that a review was conducted, member has entered initial training and all duty position tasks identified in the MTL have been assigned in the controller ITP **(T-3)**.

7.3.2.1.2. **(Added)** Recertification: List only the tasks that are required to be opened/reopened for recertification IAW paragraphs 7.3.4.1 – 7.3.4.2. Previously certified tasks not required in the current duty location or duty position will be archived in myTraining. **(T-2)**

7.3.4.2. Controllers going through recertification training must review all training minutes, pertinent publication changes and Quick Reaction Checklist changes that occurred during their absence, but are not required to make up missed training meetings, evaluations or training scenario rides **(T-3).**

7.3.6.3.1. **(Added)** AETC personnel assigned to a command post duty position, other than console position, (i.e., Superintendent, Command Post NCOIC, Training NCOIC, etc.) as outlined in Chapter 3, will complete MAJCOM and Unit training requirements based off the MTL within 30 calendar days of assuming their newly assigned positions. For duty positions requiring an official training course, if a class date is not available within 30 days of being assigned the new duty positions, a journal entry in Training Business Area will be made detailing the break in training **(T-3)**.

7.3.6.3.2. **(Added)** Units must notify the AETC MFM of personnel certification delays. Submit notifications via email to AETC/A3OC workflow e-mail account (**AETC.A3OCinbox@us.af.mil**) **(T-2).**

7.3.7.1. At the MAJCOM level, the certifying official is the A3/6 Director; this duty will not be delegated below the A3/6 Deputy Directors. The A3O Division Chief or Deputy has recertifying authority for controllers who have been absent for 60 days or more, performing command post related duties (i.e., deployments) or due to maternity leave. **Note:** Superintendents (regardless if command and control Operations Chief is assigned or available) are not authorized to recertify controllers.

7.3.8.5. The Training NCOIC will ensure DAF Form 797 tasks are identified and trained in accordance with duty position. **(T-2)**

7.3.8.5.1.2.1. **(Added)** The Training Manager will archive myTraining tasks as needed IAW 7.3.2.1.2. **(T-2)**

7.3.9.1.1. The Training NCOIC will annotate task decertification/recertification in the individual's training plan (ITP). Ensure remarks for the journal entry are specific and describe the rational for task decertification. The individual will complete task recertification training using the POI and be evaluated on the task by the Training NCOIC. Upon recertification ensure the remarks for the journal entry are specific and detail how the individual was recertified on the task(s).

7.3.9.2.2.1.1. **(Added)** Controllers failing to maintain proficiency on written emergency actions exams will be required to complete remedial/supplemental training. This training will take place on their next non-shift/duty day. The failing member cannot be utilized as one of the on-duty controllers during this remedial/supplemental training. This training will be documented as a journal entry. ARC members will follow MAJCOM guidance. Command Post Managers and Training NCOIC will determine the amount of time required to complete the remedial/supplemental training. After retraining is complete on deficient tasks, member must take and pass a retest **(T-3).**

7.3.9.2.2.2.1. **(Added)** Controllers failing to maintain proficiency on a performance evaluation will be required to complete remedial/supplemental training. This training will take place on their next non-shift/duty day. The failing member cannot be utilized as one of the on-duty controllers during this remedial/supplemental training. This training will be documented as a journal entry. ARC members will follow MAJCOM guidance. Command Post Managers and Training NCOIC will determine the amount of time required to complete the remedial/supplemental training. After retraining is complete on deficient tasks, member must complete and pass a performance evaluation **(T-3).**

7.3.9.2.4.1. **(Added)** At the MAJCOM level, the A3O Division Chief or Deputy may decertify a deployed controller as outlined in paragraph 7.3.9.2.4 **(T-2)**.

7.7.1.2. The Training NCOIC or alternate will document monthly examination scores in myTraining using the following standard journal entry titles: Month/Year Emergency Actions test or Month/Year General Knowledge test. **(T-2)** Retests will be titled as Month/Year Emergency Actions retest or Month/Year General Knowledge retest. **(T-2)**

7.7.1.5. AETC will not use a Master Question File for AETC Units.

7.7.1.6.1.1. **(Added)** AETC units will incorporate verbal knowledge assessment questions, covering "Knowledge", "Performance", and "Both" based tasks/subtasks identified on the annual training plan, into the monthly scenario training. Questions will be documented in the monthly scenario script **(T-2)**.

7.7.1.7.1.3.1. **(Added)** Training managers should have more than one version of the monthly written emergency actions exams proficiency test. An A and B test will allow for retest after test failure and remedial training is complete.

7.7.2. The individual writing the required scenario (monthly training scenario or performance evaluation scenario) is exempt from accomplishing the scenario **(T-3)**. The Training NCOIC and Alternate will rotate developing the required scenario with the goal of not developing scenarios in back-to-back months **(T-2)**. This will be documented by editing the meta data in Microsoft Word by selecting File at the top of the screen and editing "Author" under Related People and "Date" when saving the scenario **(T-2)**.

7.8.1.2. AETC C2 Operations Policy and Procedures will derive 20 questions from the AFNORTH-EAP and AETC Appendix based on the AETC Master Training Plan STS requirements **(T-2)**.

7.9.2.3. Evaluations will be documented IAW paragraph 7.7.2.7.2 **(T-2).**

7.9.3. When indicated by deployment reporting instructions, units can print the electronic individual training records and upon return to homestation deployed tasks will be transcribed into myTraining.

WILLIAM A. SPANGENTHAL
Brigadier General, USAF
Director of Operations and Communications

Figure A7.2. Manning Reports Example (Back)

MONTHLY MANNING REPORT

FORECASTED MANNING

MONTH	YEAR	AUTH	ASGN	AVAIL	PERCENTAGE	REMARKS
September	18	8	8	6	100%	1 deployed / 1 term leave
October	18	8	7	6	88%	1 deployed
November	18	8	7	6	88%	1 deployed
December	18	8	7	6	88%	1 deployed
January	19	8	6	5	75%	1 deployed / 1 PCS
February	19	8	6	5	75%	1 deployed

READY CONTROLLERS

GRADE/NAME/OFFICE	CAFSC	DATE CERTIFIED	ESTIMATED COMPLETION DATE
1Lt Gregory Miller	11KIP	20171020	20190501

ADDITIONAL REMARKS

Forecasted 1C3X1 Manning. Use this section to accurately project a 6-month forecast of CP manning based on current and projected manning.

Authorized. Use the number authorized from your UMD.
Assigned. Use the number assigned to include projected inbounds.
Available. Use the number of personnel available for duty, less formal schools and deployments, etc.
Percentage. Divide the number assigned by the number authorized, then multiply by 100 to get your percentage.

(Assigned/Authorized x 100 = Percentage)

Augmentee Personnel Information (Ready Controllers. Include grade, name, office, current AFSC, date certified, and estimated completion date of augmentee duty for each augmentee, as applicable.)
