## OVERVIEW

**1.1. Purpose.** International education programs at USAFA prepare cadets to operate successfully as officers in international environments by providing opportunities to develop skills in language, regional expertise, and culture (LREC). These opportunities build on formal classroom instruction and bridge toward operational relevance, thus following a basic model: "From the Classroom – to the Field – to the Air Force and Space Force." Key programs outlined in this instruction include:

1.1.1. Cadet Summer Language Immersion Program (CSLIP).

1.1.2. Cadet Semester Exchange Abroad Program (CSEAP).

1.1.3. Cadet Semester Study Abroad Program (CSSAP).

1.1.4. Cultural Immersion Program (CIP).

1.1.5. Foreign Academy Visits (FAV).

1.1.6. USAFA visits.

1.1.7. Military Personnel Exchange Program (MPEP).

1.1.8. Four-Year International Cadet Program.

**1.2. Objectives.** The objectives of USAFA's international education programs align with USAFA Institutional Outcomes. In particular, LREC development in cadets directly supports the proficiencies of the Human Condition, Cultures, and Societies Outcome, which guides the cadets toward improved intercultural and cross-cultural competence through its three fundamental pillars: "Know oneself," "Know others," and "Constructive engagement." The following objectives support this outcome:

1.2.1. To prepare cadets for service in a multicultural environment by targeting elements of the core academic and military curriculum toward greater global awareness and foreign language skills.

1.2.2. To support the educational and professional development of cadets who have chosen to focus on Foreign Area Studies (FAS) and language skills in their academic studies.

1.2.3. To enhance cadets' intercultural understanding through foreign military and cross-cultural interactions.

1.2.4. To inspire cadets by providing high-impact learning activities for all personnel at USAFA to learn leadership skills, forge character, strengthen cooperation, and enhance long-term international relationships.

1.2.5. To provide professional enrichment and development for faculty and staff members related to the above objectives.

## Chapter 3

## OPERATIONS MANAGEMENT

**3.1. Overview.** DFFLP operates international education programs in an annual academic cycle that spans two fiscal years. Annual funding from multiple sources enables standard operations and maintenance items across the spectrum for the purpose of LREC development and overall cross-cultural competency. This chapter outlines the core processes that affect the majority of international education programs. Program-specific objectives, eligibility, and accountability are outlined in the applicable chapters.

**3.2. Application and Selection.**

3.2.1. Interested cadets, faculty, and staff must apply in the fall semester for all international education programs via DFFLP's on-line application. The window for application is typically for 30 days, starting in mid-August and ending in mid-September. All cadet applicants must be in good standing (no probations) at the time of participation in the program. Other program-specific eligibility criteria are outlined in the applicable chapters of this instruction. In most cases, cadets will only be selected for one program per selection cycle. Exceptions will be approved by the DFFLP Director on a case-by-case basis.

3.2.2. In the case of CLSIP, CSEAP, and CSSAP, DFFL Language Division Chiefs will appoint a Chair to coordinate the activities of a selection board for each language.

3.2.2.1. Under the authority of the DFFLP Director, the Selection Board Chair, in concert with the DFFLP PM, will convene a selection board comprised of at least three members. Selection boards should normally include representatives from DFFLP and faculty members from DF. Committees may also include a USAFA/CW representative.

3.2.2.2. Selection boards may invite some or all of the pre-qualified cadets to interview based on initial eligibility as well as demonstrated commitment and ability in the target language.

3.2.2.3. Selection boards will require a short essay from CSEAP and CSSAP applicants. This essay will address the cadet's intent to participate and will be written in the target language of study.

3.2.2.4. Selection boards will consider AOC comments in the application. The DFFLP Director may also screen pre-qualified cadets based on AOC comments.

3.2.2.5. Selection boards should consider cadets' maturity and capacity to succeed in CSSAP due to the less-structured environment of a civilian university.

3.2.2.6. Selection boards will review and prioritize cadet applications IAW DFFLP-directed selection rubrics that prioritize academic achievement, military performance, and demonstrated ability and commitment in the target language. Each Selection Board Chair will provide these results with selection nominations to DFFLP.

3.2.3. For all programs, DFFLP will confirm eligility of nominations and submit the proposed traveler list to DFV and CWV for approval.

3.2.4. Upon approval, the DFFLP PM will notify all applicants of their selection or non-selection for their respective program, normally prior to Thanksgiving break.

3.2.5. Cadets on probation or not meeting other specific program eligibility criteria may only be designated as alternates for travel; they will not be selected as a primary participant. The DFFLP Operations Manager will decide, based on the risk factors identified by Troop Commanders, AOCs, and academic advisors, whether or not to make financial commitments for cadets who anticipate their probations being lifted prior to travel.

3.2.6. Faculty and staff members must apply for participation as a Troop Commander for CSLIP, CIP, or FAV using DFFLP's on-line application. Specific eligibility requirements are outlined in the applicable program chapters. Potential Troop Commanders are responsible for both completing the application and for securing endorsement or approval by their department head, group commander or agency head. Application to participate is indication of this endorsement.

3.2.7. DFFL Language Division Chiefs will review and prioritize USAFA faculty and staff applications for CSLIP Troop Commanders, and recommend the selections to the DFFLP PM.

3.2.8. The DFFLP Director will serve as approval authority for all Troop Commanders and, in coordination with the DFFL Language Division Chief, may adjust the recommendations based on prior program participation experience of the applicant and other DFFL-directed priorities.

3.2.9. The DFFLP PM will notify Troop Commanders of their selection/non-selection.

3.2.10. Once notified of selection for international travel, the DFFLP PM will provide cadet and Troop Commander selectees (primaries and alternates) a checklist of mandatory pre- and post-travel requirements.

**3.3. Budgeting and Planning.** The DFFLP PM and designated Troop Commander for each program will coordinate all budgeting and planning with the DFFLP Operations Manager, who is the final authority in determining allowable expenses in consultation with the appropriate regulations. The following are considerations for planning and accounting for the programs:

3.3.1. In building a budget proposal, Troop Commanders should consider airfare, lodging, per diem for meals and incidental expenses, cost of cultural activities, visa fees, etc. The DFFLP Operations Manager may authorize proportional per diem, as opposed to full per diem, as a cost saving measure when applicable.

3.3.2. Group travel arrangements to and from the foreign destination will be made through the Traffic Management Contract (TMC) through the Defense Travel System (DTS).

3.3.3. If travel will require use of a rental car driven by USAFA travelers, it should be booked through the TMC using a government-issued credit card.

3.3.4. The TMC may also assist with lodging and air or ground transportation arrangements within the region if the Troop Commander requests this assistance.

3.3.5. For cultural activities, lodging, and transportation within the region that are not covered by the host institution or foreign academy, Troop Commanders must compare programs and prices from two or more sources and choose the best value.

3.3.6. Troop Commanders must confirm whether expenses are reimbursable for their group prior to expending resources. Any expenses that are not reimbursable are the responsibility of the individual traveler.

3.3.7. The DFFLP Corporate Travel Card, and/or USAFA/FM-established wire transfer procedures are the default payment method for appropriate program elements to be paid in advance. This normally includes airfare and any program costs established with the hosting institution. Troop Commanders will coordinate with the DFFLP PM and Operations Manager for the best payment method.

3.3.8. When travel or pre-travel obligations will require cadets to miss class or other required events, Troop Commanders will submit for SCA approval in coordination with the DFFLP PM.

3.3.9. Work with DFFLP Operations Manager to determine the best method to pay for programs. Payments may be made in advance using the DFFLP Corporate Travel Card, USAFA/FM-established wire transfer procedures, or by the travelers in-country.

3.3.10. Troop Commanders or DFFLP PMs will coordinate ground transportation to and from local airports in Colorado Springs and Denver for groups of sufficient size. Individuals and small groups may, on a case-by-case basis, be reimbursed for airport shuttles or mileage parking expenses for a minimum number of vehicles.

3.3.11. While hosting international visitors during short-term exchanges, Language, Regional Expertise and Culture (LREC) funds will be used IAW Title 10 USC, Section 312, *Payment of personnel expenses necessary for theater security cooperation*, and Section 347, *Foreign and cultural exchange activities*. Actual use of funds for these events will be accounted for IAW AFI 65-603, *Emergency and Extraordinary Expense Authority*.

3.3.11.1. In the absence of gift funds, the DFFLP Operations Manager may authorize the use of LREC funds to purchase official mementos IAW AFI 65-603.

**3.4. Pre-travel.**

3.4.1. Expectations and requirements. Travelers will sign a memo from the DFFLP Director outlining pre- and post-travel requirements, to include standards of conduct and accountability during execution. This memo is not an exhaustive checklist, nor does it replace the common sense required for certain situations; it serves as a reminder of some the responsibilities of the travelers.

3.4.2. Country Clearance. All travelers must adhere to country-specific entry requirements IAW the DoD *Foreign Clearance Guide (FCG)*. These requirements are updated periodically via the *FCG* website, **https://www.fcg.pentagon.mil**.

3.4.2.1. Troop Commanders or the applicable DFFLP PM (CSEAP/CSSAP) will submit a Country Clearance request via the Aircraft and Personnel Automated Clearance System (APACS) website, **https://apacs.milcloud.mil**, IAW *FCG* submission deadlines, normally NLT 30 days prior to departure.

3.4.2.2. As applicable, DFFLP will assist travelers in applying for official passports and visas for DFFLP-sponsored travel. As processing time for official passports may vary, travelers should plan for a minimum of 60 days for submission prior to departure, and potentially longer depending on the destination

3.4.2.3. For regions where U.S. authorities require additional documentation (e.g., Individual Anti-Terrorism Plans (IATPs) or additional required documentation, Troop

Commanders will submit these plans and provide a copy to the DFFLP PM and Operations Manager.

3.4.2.4. Air Attaché, Defense Attaché, or Chargé d'Affaires at the U.S. Embassy in country may authorize deviation from *FCG* requirements in writing (including email correspondence); e.g., to authorize travel on tourist passport in lieu of an official passport.

3.4.2.5. All travelers in program group must travel on the same type of passport.

3.4.3. Isolated Personnel Report (ISOPREP). All travelers must complete an ISOPREP card. DFFLP will coordinate appointments with the Cadet Wing security manager and with the Photo Lab to allow travelers to obtain ISOPREP photos. DFFLP will provide an electronic copy of all photos to the Cadet Wing Security Manager.

3.4.4. Travel authorizations. Travelers must submit travel authorizations through DTS prior to travel. Troop Commanders will determine the appropriate per diem and reimbursements IAW DFFLP guidance.

3.4.5. Medical briefing. Travelers will receive mandatory briefings concerning regional health concerns from Cadet Preventative Medicine (10 MDG/SGXJ) and Public Health (10 MDG/SGPM). The Troop Commander or DFFLP PM may arrange for any required immunizations during mandatory pre-deployment style processing lines, or individually, depending on the group size and timing of departure.

3.4.6. Security briefing. Travelers will receive a general and, as applicable, country-specific security briefing from the local OSI detachment. IAW AFI 10-701, *Operations Security (OPSEC)*, travelers will also receive an OPSEC briefing from either the Cadet Wing OPSEC Coordinator or the Unit Deployment Manager, as applicable.

3.4.7. Institutional gifts. As applicable, the DFFLP Operations Manager will identify any institutional gifts to be presented by Troop Commanders or CICs during travel. This is particularly pertinent for CSEAP and FAV.

3.4.8. DFFLP out-brief. The DFFLP Director, Operations Manager, and PM will brief outgoing groups prior to departure in order to emphasize risk management, logistics, and reporting procedures. The Operations Manager will provide a Go-pack with the following information, as a minimum:

3.4.8.1. Country brief

3.4.8.2. Emergency Action Checklists

3.4.8.3. Expectations and Requirements

3.4.8.4. Travel Tips

3.4.8.5. Travel business card

3.4.8.6. Orders, NATO orders (as applicable)

3.4.8.7. Airline tickets

**3.5. Execution.**

3.5.1. Accountability.

3.5.1.1. Cadets will notify academic year (AY) or summer program AOCs of departure from and return to USAFA. This may occur as part of the normally scheduled cadet transition guidelines during the return from various break periods and the transition from one summer training period to another. Before and after the program, cadets report to their AY AOC or training program AOC as appropriate.

3.5.1.2. During the international education program, cadets report to their Troop Commander or DFFLP PM.

3.5.1.3. Troop Commanders or CICs will notify DFFLP within 24 hours of arrival in country and immediately upon return to USAFA. During travel, cadets will follow all orders, directions and instructions given by the Troop Commander.

3.5.1.4. Other than planned travel as part of the program, cadets will not travel outside of the local area (city where the program is held) unless specifically approved by their Troop Commander or DFFLP PM. Travel outside of the local area will only be approved on non-duty days (e.g., weekends). This travel should be of limited distance (normally within 100 kilometers), and will be complete prior to local sunset. Cadets must observe all applicable force protection measures, always travel in pairs and immediately report departure and return to their Troop Commander or DFFLP PM. Cadets will remain within the country to which they are sent for their program.

3.5.1.5. CSEAP/CSSAP cadets must notify both DFFLP and their AOCs of their departure from and return to USAFA. The CIC may report to DFFLP on behalf of the group. During the semester, cadets may travel within the country during weekends or vacation periods with approval by the DFFLP PM, provided their presence is not required or expected for academic or other duties. Cadets must provide the DFFLP PM location and contact information at any time when they will be away from their primary TDY location (i.e., their normal 'operating area', and where they normally sleep).

3.5.1.6. CSEAP/CSSAP cadets must request approval from the DFFLP PM for any travel prior to departure (normally two weeks in advance) and must adhere to *FCG* requirements for leave travel (e.g., submitting appropriate APACS request for travel outside of the assigned country).

3.5.1.7. Cadets seeking leave before or after their program will report to their AY or summer program AOCs for command and control functions pursuant to leave status. CSEAP/CSSAP cadets will also coordinate with the DFFLP PM prior to seeking AOC approval.

3.5.1.8. Troop Commanders will maintain positive control and accountability of their group throughout the duration of the program and will report any significant concerns as identified by the DFFLP risk management plan that may arise during program execution.

3.5.1.9. Troop Commanders will ensure that cadets and group members adhere to all standards and rules throughout the duration of travel.

3.5.1.10. Outside parties (e.g. family members) are not allowed to accompany the group or Troop Commanders for CSLIP, CIP, or FAV, unless granted specific approval by the

DFFLP Director and the DFFL Head. This approval is strictly reserved for exceptional circumstances only.

3.5.1.11. All DFFLP-sponsored programs begin and end at USAFA or a local area airport for both cadets and Troop Commanders. Any exceptions must be coordinated by each cadet's AOC and approved by the DFFLP Director. Exceptions are normally granted solely in exceptional circumstances (e.g. death in the family), and not for convenience (e.g., starting leave or attending a family function).

3.5.2. Standards.

3.5.2.1. Cadets will abide by alcohol policy referenced in Air Force Cadet Wing Instruction 36-3501, *Cadet Standards and Duties*. The DFFLP Director or program Troop Commander may issue more restrictive guidance.

3.5.2.2. Cadets will maintain USAFA standards for grooming, appearance, and behavior to include prescribed wear and maintenance of the appropriate uniform(s) IAW DAFI 36-2903, *Dress and Personal Appearance of Air Force Personnel and United States Space Force Personnel*.

**3.6. Post-Travel** . The Troop Commander or CICs will promptly submit the following:

3.6.1. Travel Vouchers. Troop Commanders will ensure that all travelers promptly submit travel vouchers through DTS.

3.6.2. After Action Report (AAR). This report highlights recommendations addressing academics, logistics, location, security, vendor(s) used, financial, and suggestions for improvement. Include in the AAR photos with captions, an assessment of the educational program and of accomplishment of the program goals, statements of cultural learning and the impact of the experience on the cadets, both professionally and personally. DFFLP will maintain the AAR for a minimum of two years, or longer if determined useful by the DFFLP Director or PM.

3.6.3. Any applicable cadet assessments. These assessments may be a part of course credit requirements or a gauge of improvement in LREC skills.

**3.7. New program locations.**

3.7.1. In developing new international education programs, the DFFLP Director, in coordination with the DFFL Head and DFFL Language Division Chiefs, will first consider safety, security, and program compatibility.

3.7.2. DFFLP will also consider the following criteria: quality of academic instruction, available lodging and home-stay options, cultural programs and their integration into the academic lessons.

3.7.3. Establishing new CSEAP locations is part of strategic planning in coordination with SAF/IA and in-country representatives.

3.7.4. Available budget allocations will help determine feasibility of a new program location.

## Chapter 4

## CADET SUMMER LANGUAGE IMMERSION PROGRAM

**4.1. Overview.** CSLIP enables cadets to rapidly improve foreign language skills in authentic country settings.

4.1.1. Cadets commit to speaking only the target language in class, on cultural excursions, with local business people, and with their host family.

4.1.2. Cadets generally spend half of each day in a classroom environment learning new foreign language skills, and the rest of the day immersed in the foreign culture in order to optimize opportunities to practice the target language.

4.1.3. The programs normally begin after spring semester final exams and prior to graduation, lasting through the first summer period. USAFA/CC may stipulate a shorter program duration due to graduation week requirements. Cadets participating in the immersion may be required to do so in lieu of summer leave due to CW cadet staffing considerations.

**4.2. Objectives.**

4.2.1. To develop cadets' language skills through as complete a linguistic immersion.

4.2.2. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

4.2.3. To promote professional development that will serve the United States and our allies.

4.2.4. To enhance faculty/staff professional development.

**4.3. Eligibility.**

4.3.8. Troop Commanders must attain approval by their department head, group commander or agency head.

**4.4. Accountability.**

4.4.1. Programs will provide 60-80 hours of structured language instruction (20 per week) from qualified instructors. Any exceptions to this requirement must be approved by the DFFLP Director.

4.4.2. Troop Commanders will also ensure cultural education activities are a part of each weekly program. These activities will create opportunities for cadets to meaningfully engage the local culture and use the target language.

4.4.3. USAFA cadets who successfully complete the program will receive academic credit specific to their program IAW the USAFA COI Handbook. DFFL Language Division Chiefs will consolidate foreign language course credit recommendations from each Troop Commander and review prior to forwarding to the DFFLP PM. The DFFLP PM will compile course credit recommendations from each language and forward those to the Registrar for course credit.

## CADET SEMESTER EXCHANGE ABROAD PROGRAM

**5.1. Overview.** IAW AFI 16-111, *The USAF Academy Cadet Semester Exchange Abroad Program (C-SEAP)*:

5.1.1. "is designed to respond to Air Force requirements for foreign language proficient and cross-culturally competent officer personnel in furtherance of U.S. global interests. In-country language and cultural immersion programs are the most successful approaches to achieving language fluency. Such programs, conducted at foreign military academies, have the added benefit of educating USAFA cadets on the armed forces of friendly nations."

5.1.2. "At the same time, the program affords international cadets from foreign military academies the opportunity to study at USAFA for one semester, which contributes to the increased engagement and close cooperation between air forces and provides rich, mutually beneficial educational experiences for USAFA and participating foreign military academies."

5.1.3. Most exchange agreements are established with international academies where English is not a primary or official language. However, USAFA recognizes that CSEAP at certain English-speaking academies may foster strategic cross-cultural competence and strengthen alliances.

**5.2. Objectives.**

5.2.1. To develop cadets' language skills through as complete a linguistic immersion.

5.2.2. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

5.2.3. To promote professional development and enduring professional relationships that will serve the United States and our allies.

**5.3. Eligibility.**

5.3.1. Second or Third Class cadets at the time of application.

5.3.2. Meets eligibility requirements IAW the USAFA COI Handbook.

5.3.3. Minimum cumulative foreign language GPA of 3.0 in the target language.

5.3.4. International cadets are not eligible for this program.

**5.4. Accountability.**

5.4.1. The DFFLP PM will make available any course catalogs or course descriptions from the international institution prior to the semester, subject to availability from the host institution.

5.4.2. At the end of the semester program, DFFLP will consolidate and review the course credit recommendations and forward a request to the Registrar for course credit. This credit request may include credit for any foreign language courses taken and FAS 495 for the cadets' experiential learning and/or successful completion of DFFLP's culture education curriculum.

5.4.3. Cadets will not coordinate directly with academic departments without prior approval from the DFFLP PM.

5.4.4. The total course credit transfer will not exceed six classes unless the academic advisor requests special consideration and receives approval from the DFFLP Director in coordination with the Registrar.

5.4.5. Unless previously arranged otherwise, each host academy is responsible for cadet transportation, billeting, and meals once cadets arrive in country. Transportation costs and arrangements to/from the host country are the responsibility of the parent academy.

5.4.6. DFFLP will be responsible for providing lodging and meals during SECOP.

5.4.7. USAFA cadets, while participating in CSEAP, will serve in the grade assigned by CW Training (CWT), commensurate with cadets participating in exchange programs with U.S. sister academies.

5.4.8. During the execution of CSEAP, cadets report to the DFFLP PM for OPCON.

5.4.9. AY AOCs will execute ADCON.

5.4.10. International semester exchange cadets will have First Class, Superintendent's List privileges and responsibilities. DFFLP will conduct a SECOP for incoming international semester exchange cadets to include in-processing with Cadet Personnel. During SECOP, DFFLP may sponsor immersion opportunities to help the cadets become acclimated to American or regional culture. Pending individual AOC approval, they should be granted opportunities to participate in training and afforded additional time off from duties to travel and experience America. Moreover, they are to be granted one special pass which extends a 3-day weekend into a 4-day weekend during the semester. One or two USAFA cadets may accompany them (with AOC, instructor, and DFFLP approval). In addition, international semester exchange cadets will be given a 6-day pass in conjunction with Thanksgiving or spring break for DFFLP-approved cultural travel.

5.4.11. The last day of classes for international semester exchange cadets attending USAFA is lesson T-39. They are excused from Final Examinations. Grades are determined by points earned through lesson T-39.

5.4.12. International semester exchange cadets must attend at least one home football game (Army or Navy game suggested). Additionally, these cadets are highly encouraged to travel on weekends and during time off for cultural immersion. For all travel, international semester exchange cadets must sign out IAW applicable Cadet Wing guidelines.

5.4.13. International semester exchange cadets and designated USAFA cadet escorts, where possible, will be counted with the official contingent and attend the Army or Navy away football games. These slots are not expected to count against cadet squadron allocations.

5.4.14. International semester exchange cadets will not be eligible for Element Leader responsibilities but will be permitted to hold other 2-degree positions in their squadrons to facilitate their learning about Cadet Wing leadership. International semester exchange cadets will be required to participate in one military training weekend, to be coordinated with the AOC. AOCs are expected to release international semester exchange cadets from the remaining military training weekends. These cadets are required to participate in commissioning education and all military training during the duty week.

5.4.15. International semester exchange cadets are not eligible for Tricare, although they must be enrolled into the system at the USAFA Main Clinic as part of their in-processing. They

must first seek care at the USAFA medical clinic. Medical and dental care outside of the Academy not pre-coordinated or approved by USAFA medical clinic must be paid for by the respective countries' embassy. Cadets seeking care outside of the USAFA medical clinic must follow the guidelines outlined in the DoD *Reciprocal Health Care Agreement for Active Duty Foreign Force Members*.

5.4.16. International semester exchange cadets will be admonished for infractions of discipline IAW current Cadet Wing instructions and under the agreed MOU guidelines.

5.4.17. International semester exchange cadets may participate in SCUBA, Armnshp 201 (Powered Flight Fundamentals), Armnshp 251 (Basic Soaring), and/or Armnshp 490 (Basic Parachuting), and be afforded opportunities for incentive/familiarization flights.

5.4.18. International semester exchange cadets may enroll in English for Academic Purposes (EAP) 209: Academic Communication for English as a Second Language (ESL) Semester Exchange Cadets, offered by the Academic Success Center (DFRL). The DFFLP PM may also refer certain cadets to this course based on identified need. For further details concerning ESL courses and instructions, refer to the USAFA COI Handbook.

5.4.19. During their semester at USAFA, international semester exchange cadets will tour USAF units or U.S. cultural sites with DFFLP. These programs could include DFFLP-coordinated and organized trips to military installations, properly coordinated per foreign disclosure requirements, or to sites of cultural interest.

## Chapter 6

## CADET SEMESTER STUDY ABROAD PROGRAM

**6.1. Overview.** Similar to CSEAP, CSSAP is designed to respond to U.S. Air Force requirements for culturally aware and foreign language proficient officers possessing global skills. However, CSSAP is an outbound program only, conducted at civilian institutions. CSSAP cadets integrate into the academic, cultural, and social environment of the host country by completing disciplinary coursework in the target language and participating in extra-curricular activities approved by DFFLP.

**6.2. Objectives.**

6.2.1. To develop cadets' language skills through as complete a linguistic immersion.

6.2.2. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

6.2.3. To promote professional development that will serve the United States and our allies.

**6.3. Eligibility.**

6.3.1. Second or Third Class cadets at the time of application.

6.3.2. Meets eligibility requirements IAW the USAFA COI Handbook.

6.3.3. Minimum cumulative foreign language GPA of 3.0 in the target language.

6.3.4. International cadets are not eligible for this program.

**6.4. Accountability.**

6.4.1. The DFFLP PM will make available any course catalogs or course descriptions from the international institution prior to the semester, subject to availability from the host institution.

6.4.2. At the end of the semester program, DFFLP will consolidate and review the course credit recommendations and forward a request to the Registrar for course credit. This credit request may include credit for any foreign language courses taken and FAS 495 for the cadets' experiential learning and/or successful completion of DFFLP's culture education curriculum.

6.4.3. Cadets will not coordinate directly with academic departments without prior approval from the DFFLP PM.

6.4.4. The total course credit transfer will not exceed six classes unless the academic advisor requests special consideration and receives approval from DFFLP in coordination with the Registrar.

6.4.5. USAFA cadets, while participating in CSSAP, will serve in the grade assigned by CW Training (CWT), commensurate with cadets participating in exchange programs with U.S. sister academies.

6.4.6. During the execution of CSSAP, cadets report to the DFFLP PM for OPCON.

6.4.7. AY AOCs will execute ADCON.

## Chapter 7

## CULTURAL IMMERSION PROGRAM

**7.1. Overview.** CIP provides cadets the opportunity to experience a foreign culture firsthand using a multi-disciplinary approach. Troop Commanders and cadets plan and execute programs, normally from one to three weeks in duration, during spring break or summer training periods. These programs enable in-the-field application of specific, advanced academic research. Each cultural immersion takes place in one or more foreign countries (not more than three).

**7.2. Objectives.**

7.2.1. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

7.2.2. To promote professional development that will serve the United States and our allies.

7.2.3. To enhance faculty/staff professional development.

**7.3. Eligibility.**

7.3.1. Third Class cadets or higher at the time of application.

7.3.2. Minimum cumulative GPA, MPA and PEA of 2.4.

7.3.3. Enrollment in foreign language courses is not required.

7.3.4. Troop Commanders must be assigned to USAFA and must attain approval by their department head, unit commander or agency equivalent.

**7.4. Selection.**

7.4.1. DFFLP will issue a call for proposals as part of the annual announcement of international programs in the fall semester.

7.4.2. The DFFLP PM will convene selection boards for the applicable geographic regions to evaluate each proposal. Boards should include three members with regional expertise, preferably faculty from FAS departments. Boards should not include members who have submitted a proposal in the same region.

7.4.3. Selection boards will pass recommendations to the DFFLP PM with a rank order all proposals.

7.4.4. Proposals will be reviewed and prioritized for approval based on a rubric of selection criteria including the following:

7.4.4.1. Well-designed and intentional syllabus. The rigor of the program objectives, both in pre-travel preparation and in execution must be clearly articulated and allow for accountable completion.

7.4.4.2. Program educational objectives and its contribution to the development of cross-cultural competency. Immersion programs with an academic, thematic approach and alignment with one or more of USAFA's institutional outcomes will result in stronger learning opportunities. The itinerary should support the stated objectives.

7.4.4.3. Strategic importance of region in the proposal. DFFLP will ensure that the distribution of immersion programs around the world is balanced with DoD and AF objectives.

7.4.4.4. Overall cost and accuracy of budget. All foreseeable and standard costs should be included in the proposal.

7.4.4.5. Experience and qualifications of proposing Troop Commander. As faculty development is an objective of the program, Troop Commanders without previous DFFLP experience will receive fair consideration. Troop Commanders are encouraged to highlight operational or other leadership experience that might reliably indicate the potential for success.

7.4.5. The DFFLP Director will review recommendations and select programs for final approval in coordination with the DFFL Head and IPC Chair.

7.4.6. The DFFLP PM will notify all Troop Commanders of the status of their proposal once the selection process is complete. The DFFLP PM will include a vetted list of potential cadet candidates from the eligible pool of applicants from the online application.

7.4.7. The Troop Commander will nominate cadets for their approved program. These cadets may have helped in the proposal development.

7.4.8. Cadets who have not previously traveled with DFFLP will receive higher consideration.

**7.5. Accountability.**

7.5.1. During the execution of CIP, cadets report to their Troop Commander as a delegated authority of DFFLP for OPCON.

7.5.2. Summer or AY AOCs will execute ADCON.

## Chapter 8

## FOREIGN ACADEMY VISITS

**8.1. Overview.** FAVs are reciprocal programs that promote bonds of understanding between forces; they serve as return visits to the countries hosted during USAFA's International Week. These visits are coordinated through the Defense Attaché Office. Delegations of cadets and Troop Commanders that participate in this program are expected to contribute significantly to program execution during International Week and Colombia Week.

**8.2. Objectives.**

8.2.1. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

8.2.2. To promote professional development that will serve the United States and our allies.

8.2.3. To enhance faculty/staff professional development.

**8.3. Eligibility.**

8.3.1. Third Class cadets or higher at the time of application.

8.3.2. Minimum cumulative GPA, MPA and PEA of 2.4.

8.3.3. Enrollment in foreign language courses is not required.

8.3.4. International cadets are not eligible for this program.

8.3.5. Cadets should normally only participate in one FAV during their four years at USAFA.

8.3.6. Troop Commanders must be uniformed military officers. NCOs are not eligible for participation.

8.3.7. Troop Commanders must be currently assigned to USAFA and must attain approval by their department head, unit commander or agency equivalent.

8.3.8. Officers must be willing to support DFFLP-sponsored events such as International Week or Colombia Week to the maximum extent possible, and should review USAFA host officer responsibilities before applying or accepting responsibility for leading a program to a foreign academy.

**8.4. Selection.**

8.4.1. Interested cadets and officers must submit applications via DFFLP's online application.

8.4.2. Selection priority of Troop Commanders for FAV will go to faculty, AOCs, and staff members with a demonstrated specialty or interest in the region and who can maximize the benefits of the experience for the cadets.

8.4.3. The DFFLP PM will select participants using a rubric of selection criteria based on cadet performance in all mission elements. Selection criteria will emphasize qualities that will best represent USAFA at foreign service academies.

8.4.4. Cadets who have not previously traveled with DFFLP will receive higher consideration.

8.4.5. During the fall semester, the DFFLP PM identifies primary and alternate cadet and officer Troop Commander candidates for each FAV. DFFLP reserves the right to adjust cadet rosters for each program in order to offer opportunities across the Cadet Wing.

**8.5. Accountability.**

8.5.1. During the execution of FAVs, cadets report to their Troop Commander as a delegated authority of DFFLP for OPCON.

8.5.2. Summer or AY AOCs will execute ADCON.

## Chapter 9

## USAFA VISITS

**9.1. Overview.** USAFA hosts the visits of international cadets and officers during various events, most notably International Week and Colombia Week. During these visits, USAFA showcases its approach to higher education and its leader of character framework for officer development through exposure to its facilities and administration across military, academic, and athletic mission elements.

**9.2. Objectives.**

9.2.1. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

9.2.2. To promote professional development and mutual understanding that will serve the United States and our allies and partners.

9.2.3. To build partnership capacity and interoperability with our allies and partners.

9.2.4. To enhance USAFA's reputation as a premier institution of military training and higher education.

**9.3. Scope of Responsibility.**

9.3.1. In coordination with USAFA/IP, DFFLP assists in facilitating foreign visits. This includes advising on requirements for vetting and access; e.g. Foreign Visit Requests (FVRs), Security Plans, and Entry Access Lists.

9.3.2. The USAFA mission element, agency, laboratory, or department that invites, or is most closely associated with the primary area of interest identified by the foreign service academy, takes the lead on the visit and coordinates briefings, tours, and activities with other mission elements or agencies. DFFLP will review and sign the Security Plan to be implimented during the visit.

9.3.3. USAFA/IP is the installation authority for granting official foreign visit request approvals and for coordinating with the office of the Under Secretary of the Air Force for International Affairs, Visits and Special Projects Branch (SAF/IAD). DFFLP assists in this effort by providing support to USAFA/IP in IP vetting of international visitors to USAFA, and providing USAFA/IP recommendations concerning approval/disapproval of visits.

**9.4. Information Protection.**

9.4.1. The USAFA Information Protection office (USAFA/IP) serves as the primary Foreign Disclosure Office (FDO) for USAFA.

9.4.2. Access to USAFA will be controlled IAW the USAFA Supplement to DoDM5200.08V3_AFMAN 31-101V3, *Installation Perimeter Access Control (FOUO)*, and DAFI 31-101, *Integrated Defense*.

9.4.3. In conjunction with the Office of Research (DFQ), DFFLP serves as an assistant FDO. While DFQ has a greater focus on technology transfer and foreign disclosure, DFFLP supports USAFA/IP vetting official and unofficial visits to the cadet area.

9.4.4. Every USAFA-assigned military, U.S. Government civilian, and civilian contractor employee is required to monitor and comply with foreign disclosure and foreign visit approval directives. This compliance is important in ensuring access to materials identified as Controlled Unclassified Information (CUI) or higher are restricted from all foreign nationals (FNs) unless appropriately and specifically approved for release.

9.4.5. DFFLP may consult with USAFA/IP for expertise in foreign disclosure issues.

9.4.6. USAFA personnel may not disclose any official information (classified or controlled unclassified) to FNs without prior coordination with USAFA/IP or DFQ as specified in this instruction. Depending on the information to be disclosed, it may require approval from the office of the Under Secretary of the Air Force for International Affairs, Foreign Disclosure Branch (SAF/IAPD).

**9.5. Official Visits.**

9.5.1. All visits to USAFA by FNs in an official capacity require advance coordination with DFFLP, regardless of the duration of the visit. This includes any visits (regardless of duration) by FNs, representing their foreign government, to conduct business with any USAFA-assigned/employed individual, attend conferences, or to tour any USAFA facility except private homes on-base and those facilities normally open to the general public (e.g., Visitors Center, Chapel, etc.).

9.5.2. Planning.

9.5.2.1. The commander or designated representative of the organization to be visited (the USAFA host or OPR) will review the proposed information to be exchanged.

9.5.2.2. If CUI or classified information might be released or discussed, the host must notify USAFA/IP and DFFLP immediately.

9.5.2.3. The host may contact OSI for security briefings to all individuals participating in the planning of foreign visits.

9.5.2.4. The host will appoint a USAFA OPR for the visit. If no USAFA host has been designated, DFFLP may appoint one based on the visitors' area(s) of interest. As warranted, DFFLP may recommend a USAFA host to the Vice Dean (DFV), Vice Commandant (CWV) or Vice Superintendent (USAFA/CV), who may designate an OPR for the visit.

9.5.2.5. The host must await DFFLP coordination and USAFA/IP approval before agreeing to or conducting the visit.

9.5.2.6. The host will plan for the visitor(s) to be escorted at all times.

9.5.2.7. With the exception of certain OSD, USAF-initiated events, or DFFLP's annual International Week, official visits to USAFA must be pre-approved (at least 30 days in advance is advised) by USAFA/IP (through DFFLP coordination) and SAF/IA through the foreign visit system.

9.5.2.8. For assistance with the FVR and any required security plan, the host should provide details concerning the visit to DFFLP in writing, to include a comprehensive list of visitors (date of birth, passport number and nationality) and the details of the visit (what, when, where, purpose, and the level of information to be released).

9.5.2.9. A representative of the foreign government must submit an FVR through the defense attaché office at their embassy in the United States. The visitor must initiate the request through their official channels. USAFA cannot initiate a foreign visit request to a foreign embassy.

9.5.2.10. In cases of USAFA/CC invitations to foreign visitors, the Protocol Office (USAFA/DSP) coordinates with USAFA/IP and DFFLP for clearance.

9.5.2.11. If the visit includes the airfield, the USAFA FDO will notify the Air Education and Training Command FDO (AETC/IAD) for coordination to visit the airfield. Even though the 306 FTG operates on USAFA as a tenant, the unit reports to AETC, and the coordination will occur to assure no disruption of operations.

9.5.2.12. Official visit requests are forwarded from SAF/IAD to DFFLP. Following review, DFFLP will issue an approval or disapproval recommendation to USAFA/IP for coordination through SAF/IA.

9.5.2.13. The host OPR must await DFFLP coordination and SAF/IA approval before agreeing to or conducting the official visit.

9.5.2.14. USAFA/IP processes all official FVRs to USAFA. FVRs originate from the foreign government's defense attaché office at their embassy in the United States and go through SAF/IA to USAFA/IP. DFFLP supports IP by reviewing FVRs submitted to USAFA for approval.

9.5.2.15. DFFLP helps coordinate security plans and Entry Access Lists (EALs) with the USAFA OPR for the FN visit, DFQ, Dean's Security Manager, and Information Protection.

9.5.2.16. DFQ manages the Engineering and Scientist Exchange Program, Administrative Personnel Exchange Program, research TDYs for FNs, conference presentations, international research collaborations, and any other items related to export control of technology, in conjunction with USAFA/IP.

9.5.3. Execution.

9.5.3.1. The USAFA OPR must ensure compliance with all current USAFA security and access requirements. Unless approved by DFQ as an employee or extended-stay researcher, foreign visitors will not be given access codes or proximity cards to any USAFA facility.

9.5.3.2. Approved short-term FN visitors must be escorted at all times, by U.S. personnel only. USAFA-assigned FNs may accompany the visit, in coordination with the USAFA OPR.

9.5.3.3. Extended-stay personnel are authorized to be properly badged. In these cases, proximity badges will indicate that individual is a FN IAW AFPD 31-1, *Integrated Defense*.

9.5.3.4. Extended-stay FN visits (e.g., long-term contractors, researchers, and exchange cadets and officers) must receive advance approval from USAFA/IP following coordination with DFFLP and DFQ, as applicable.

9.5.3.5. The proper form of identification for extended-stay visitors is the USAFA-issued proximity badge. For four-year International Cadets, USAFA/CW will specify appropriate

name tags for all cadet uniform combinations that clearly identify the individual's name and country. Additional requirements may be imposed, depending on the current security situation and commander's guidance.

9.5.3.6. If approved by USAFA/IP and following coordination with DFQ, international visitors may be granted unescorted access during normal duty hours within the common use and classroom areas of Fairchild Hall (building 2354, floors 3, 4 and 5 and hallways, elevators, and stairs leading to these floors) only.

9.5.3.7. Foreign visitors must be escorted while in all other USAFA locations (to include the 2nd and 6th floors of Fairchild Hall, the library, and all labs and research facilities). Upon request by the USAFA OPR to the DFQ Assistant FDO, specific access exceptions may be made by DFQ after review of the visit request.

9.5.3.8. Foreign visitors (regardless of the duration of stay) will not be allowed access to any USAFA network computer system without proper approval from the 10th Communication Squadron Director (10 CS/CL). USAFA personnel will not give their personal computer passwords, nor allow foreign visitors to use their USAFA accounts to access the USAFANet or the Internet.

9.5.3.9. The USAFA OPR must ensure that all briefings, presentations, materials, data, and U.S. Government documents given to the foreign visitor clearly indicate their purpose. Mark any such materials with the following statement: "This briefing/ presentation/ document is for information only. No U.S. Government commitment to sell, loan, lease, co-develop or co-produce defense articles is implied or intended." This includes USAFA-generated academic and informational materials, but excludes publicly available textbooks, courseware, brochures and pamphlets.

9.5.4. Extended-stay, Official Business Foreign Nationals. This section encompasses FN researchers, faculty members, contractors, proposed employees (to include Non-Appropriated Fund (NAF) employees), the Administrative Personnel Exchange Program (APEP), and Engineer and Scientist Exchange Program (ESEP) participants.

9.5.4.1. DFQ is the OPR for all extended-stay FNs on official business.

9.5.4.2. The requestor is the office, department, or laboratory desiring to host a foreign visitor.

9.5.4.3. The requestor will await DFQ approval through USAFA/IP before committing to the potential extended-stay employee, researcher or visitor.

9.5.4.4. Requestors must evaluate the level of information that may be disclosed as a part of their guest's duties, and establish procedures to protect sensitive information.

9.5.4.5. Before making any binding commitments, the requestor will prepare an approval package and submit to DFQ for approval. Approval packages will including the following: Foreign Employee/Researcher Position Description, Foreign Employee/Researcher Security Plan, and any additional information deemed pertinent that clarifies the responsibilities of the position and the level of information to be disclosed.

9.5.4.6. For proposed DF-assigned faculty and researchers, requestors will coordinate the package through the appropriate DF Department Head, the DF Security Manager, and USAFA/IP, to DFQ for approval.

9.5.4.7. For proposed USAFA personnel who will be assigned to organizations other than DF, requestors will coordinate the package through the supervisor, appropriate unit commander, and unit security manager to DFQ for approval.

9.5.5. Official Visitors Arriving Without Advance SAF/IA Approval. Official visitors arriving at USAFA without prior clearance will not be granted access to the non-public areas of the installation, and may have to depart without completing the visit. If contacted by a foreign official visitor who has arrived without prior visit approval coordinated through USAFA/IP, the USAFA OPR must comply with the following:

9.5.5.1. Coordinate immediately with USAFA/IP.

9.5.5.2. Have the visitor contact his/her embassy's defense attaché office in Washington, D.C. to coordinate a short-notice FVR with SAF/IA. Each foreign embassy should know the procedures for FVRs.

9.5.5.3. Until approved by SAF/IA, treat the visitor as an unofficial visitor; deny access to any of the non-public access areas of USAFA.

9.5.5.4. Adequately care for the visitor (tour the local area, ensure billeting/lodging, etc.) until an official visit clearance is received.

9.5.5.5. In limited circumstances, USAFA/IP may authorize restricted and controlled participation in an event within Fairchild Hall or the Cadet Area.

**9.6. Unofficial Visits.** Foreign visitors who are strictly tourists, personal guests of on-base residents, or guests of USAFA employees who do not represent their government in any capacity may visit USAFA facilities that are commonly accessible to the public, also referred to as the Visitor Cordon, without prior approval.

9.6.1. If a FVR is required for an unofficial visit, DFFLP provides a recommendation to USAFA/IP concerning visit approval/disapproval.

9.6.2. If these guests visit the Cadet Area in an unofficial capacity, then a FVR may not be required. In all cases, coordination with USAFA/IP, which DFFLP can facilitate, is mandatory.

9.6.3. Unofficial visitors must carry proper identification (passport preferred) at all times while on USAFA.

9.6.4. Unofficial visitors staying in on-base residences must comply with all applicable base policies.

9.6.5. Unofficial visitors are not permitted access to areas of USAFA not normally open to the public without prior coordination with DFFLP and approval from USAFA/IP, and then only while escorted.

9.6.6. On-base residents hosting foreign visitors must comply with all applicable USAFA regulations and instructions regarding access to the installation and regarding visitors in base housing. They may contact the Base Housing Office (10 CES/CEH) for more information.

**9.7. USAFA-assigned Foreign Nationals.** This section pertains to four-year international cadets, international semester exchange cadets, MPEP officers, extended-stay researchers, and contractor personnel.

9.7.1. When visiting other U.S. military installations (including research and development facilities, and laboratories), a FVR is required. The following information is required when submitting a FVR to the appropriate MAJCOM FDO: Name, Grade, and SSNs of travelers, itinerary, purpose of the visit, POC at the host unit (and phone number), and responsible USAFA escort officer (if applicable). The USAFA unit commander of any international personnel who is sponsoring a trip is responsible to submit such a request and may contact DFFLP for assistance.

9.7.2. The commander or designated representative will contact the appropriate MAJCOM FDO and requests approval for the visit.

9.7.3. If incentive/orientation flights are planned, the commander or representative must inform the MAJCOM FDO and host-base representative that FNs will participate in the visit so that classified, NOFORN, and proprietary equipment/information on military aircraft can be adequately protected.

9.7.4. These requirements also apply to all visits to Colorado Springs-area installations (Peterson Space Force Base, Cheyenne Mountain Space Force Station, Schriever Space Force Base, and Fort Carson). With proper U.S. military identification, however, USAFA-assigned FN may visit Peterson AFB and/or Fort Carson without advance clearance to use the commissary, exchange, recreational facilities, hospital, and public-access facilities. FN cadets do not need visit clearance for Peterson AFB when participating in a scheduled cadet orientation/incentive flight.

**9.8. Planning large events.**

9.8.1. Normally held in the fall semester, USAFA hosts International Week for a list of countries approved by SAF/IA and USAFA/CC. Each foreign delegation normally consists of three cadets and one escort officer.

9.8.2. Normally held in the fall semester, Colombia Week hosts a delegation of leadership and the graduating class of the Colombian Air Force Academy, Escuela Militar de Aviación (EMAVI), as part of its multi-stop trip to the United States.

9.8.3. DFFLP serves as the OPR for these events on behalf of the Dean of Faculty. DFFLP prepares itineraries, coordinates logistics, and oversees execution to include the following:

9.8.3.1. Selects host officers from the faculty and staff to assist with the visit.

9.8.3.2. Directs the International Programs Cadet Staff to assist with the visit. 9.8.3.3. Notifies the Commander's Action Group (USAFA/CCX) of visits for Master Schedule of Events planning.

9.8.3.3. Arranges ground transportation with Vehicle Operations (10 LRS/LGRDDO) for foreign delegations while visiting USAFA and vicinity.

9.8.3.4. Coordinates USAFA flag-officer participation with USAFA/CCP, Command Section Executive Officer (USAFA/CCE), and DF Executive Officer (USAFA/DFXO) as appropriate.

9.8.3.5. Arranges billeting and messing for the visitors with 10 Air Base Wing, Lodging and Officers Club or off-base merchants, and USAFA/CW.

## Chapter 10

## FOUR-YEAR INTERNATIONAL CADET PROGRAM

**10.1. Overview.** Public Law 98-94, first enacted in 1983, Title 10 USC, Chapters 403, 603, and 903, and DoDI 1322.22, *Service Academies*, prescribe the admission of foreign nationals to USAFA's four-year cadet program. Each year, the Office of the Under Secretary of Defense, Policy (OUSDP), Internal Security Affairs (ISA), and Financial Management Review and Analysis (FMRA), after consultation with the Department of State and SAF/IA, solicit, through American Embassy U.S. Defense Attaché Offices (USDAO), to foreign defense ministries, nominations for applicants to USAFA. Shortly thereafter, the Air Force Academy Admissions Office (USAFA/RR) provides USDAOs specific qualification guidelines and application procedures. USAFA/RR then screens international applicants as a part of the admissions process. After SAF/IA coordination, the Academy Board offers appointments to selected international applicants in the spring of each year.

**10.2. Objectives.**

10.2.1. To provide opportunities for cadets to learn world languages from native speakers.

10.2.2. To strengthen international ties across air forces via mutual understanding and trust.

10.2.3. To foster a deeper understanding of foreign cultures, including cultural norms and sensitivities that may affect military operations.

10.2.4. To promote professional development and enduring professional relationships that will serve the United States and our allies.

10.2.5. To build partnership capacity and interoperability with our allies.

**10.3. Admissions.**

10.3.1. International cadet admission packages are coordinated and staffed by USAFA/RR. Once accepted, USAFA/RR forwards certificates of appointment to American Embassy USDAOs for presentation to the prospective international cadets.

10.3.2. Once the cadet and his/her country accept the appointment, USAFA/RR notifies DFFLP and includes the cadet on all rosters for the incoming class.

10.3.3. DFFLP will establish a USAFA arrival date for new international cadets approximately 7-10 days prior to the commencement of Basic Cadet Training (BCT) so that they may attend the International Cadet Orientation Program (ICOP). USAFA/RR will coordinate the arrival date, publish orders, and issue tickets as required for the newly appointed international cadets.

**10.4. Accountability.**

10.4.1. Upon arrival at USAFA, DFFLP is the OPR for most matters for international cadets. Among its responsibilities, DFFLP will:

10.4.1.1. Serves as ombudsman and special advisers for international cadets.

10.4.1.2. Assist international cadet in resolving issues with instructors, AOCs, academic advisors, etc.

10.4.1.3. Monitors cadet academic and military progress, and counsel international cadets on a regular basis.

10.4.1.4. At "prog" or mid-semester, identify deficient international cadets. If warranted, DFFLP will contact instructors, academic advisors, and AOCs to discuss each cadet's situation.

10.4.1.5. At the end of each semester, notify SAF/IA of international cadets' status, highlighting upcoming graduations, cadets who achieve special honors, and those who are at risk.

10.4.1.6. In cases where it appears an international cadet is in danger of being dismissed from USAFA for academic, honor, aptitude, conduct, or physical fitness shortcomings, notify SAF/IA. DFFLP obtains background on the political and social implications of a cadet's dismissal and makes recommendations to CW and DF. DFFLP also contacts the individual cadet to ascertain his/her perspective. DFFLP does not contact foreign embassy personnel or foreign government personnel directly regarding specific cadet issues. SAF/IA makes initial contact with the foreign embassy/government personnel and passes contact information to DFFLP as necessary.

10.4.1.7. Maintain historical documentation of international cadets' participation in the four-year international cadet program.

10.4.1.8. Assist the Airman and Family Readiness Flight Casualty Notification Officer (10 FSS/FSFR) with notification of next of kin in emergencies involving international cadets.

10.4.1.9. Encourage opportunities to recognize and learn from four-year international cadets.

10.4.1.10. Provide Officer Accessions Division (USAFA/A1A) a list of incoming international cadets and schedules, in coordination with USAFA/A1A, an in-processing briefing for them prior to arrival of the remainder of the new class.

10.4.1.11. Coordinate with USAFA/CW staff for formal invites to Air/Defense Attaches of any graduating international cadets with family members or any Distinguished Visitors (DV) attending graduation. Coordinate with the Superintendent's Staff for formal invitation to any Air Chief or equivalent.

10.4.2. USAFA/CW will exercise day-to-day oversight and accountability for the international cadets. With few exceptions as specified in this chapter, international cadets will participate in all facets of cadet training and education and will be treated the same as U.S. cadets in all matters to include academic and military requirements, honor, and other similar matters.

10.4.3. IAW Title 10 USC, Sec. 347 (a)(7)(a), foreign cadets are "subject to the same regulations governing admission, attendance, discipline, resignation, discharge, dismissal, and graduation as a cadet at that Academy appointed from the United States."

10.4.4. Legal, military, honor, or academic sanctions that may result in incarceration or dismissal from the academy, if reasonable, will not be administered without prior coordination by DFFLP with appropriate SAF/IA, DoD, State Department, and parent government agencies, as required. If not reasonable prior to administration of incarceration or dismissal, DFFLP will coordinate with the appropriate named agencies in a timely manner. USAFA mission elements

and agencies will notify DFFLP as soon as an incident/event is reported and keep DFFLP up-to-date on progress of proceedings and the proposed resolution.

10.4.5. USAFA/CW will notify DFFLP of any military conduct or honor infractions on the part of international cadets, and send copies of placement documents to DFFLP for any probation.

10.4.6. USAFA/CW will notify DFFLP of any international cadet's intent to disenroll or initiation of disenrollment procedures. DFFLP may counsel the cadet and if the cadet disenrolls, must update the cadet's immigration status.

10.4.7. No official/final legal action/sanctions outside of the current MOU/SOFA may be taken against the cadet until coordination is complete.

10.4.8. DFFLP will keep appropriate SAF/IA, State Department, and foreign government agencies informed, as required.

10.4.9. International cadets may be included in all drug testing. Failure to comply with testing and test failures will be reported immediately to DFFLP, who will contact USAFA/JA, SAF/IA, State Department, and/or the appropriate foreign government agencies for guidance.

10.4.10. Contact with foreign governments or parents should only be made after careful consideration of language differences, protocol, etc. In all cases, DFFLP is the only USAFA agency authorized to contact parent government entities or family members. DFFLP will initiate necessary contact with the home government or parents through SAF/IA and/or the appropriate U.S. Embassy Defense Attaché.

10.4.11. En route travel delays experienced by a 4- year international cadet returning to USAFA from their home country (summer/winter break, etc.) can result in a significantly late return to USAFA. International cadets who travel to their home country on leave are not considered overdue until after 48 hours has elapsed. These cadets, however, are required to notify USAFA/CW of the delay IAW applicable cadet instructions, if at all possible.

10.4.12. USAFA/CW should notify DFFLP of the delay or late arrival notification.

10.4.13. In order to give international cadets similar leave opportunity to U.S. cadets over winter break (with special consideration for the distance international cadets must travel home), they may request additional leave days. This request (via SCA) must be made in advance and must receive approval before the cadet may take advantage of any additional leave days.

**10.5. In-processing.**

10.5.1. DFFLP will conduct ICOP for incoming cadets approximately 7-10 days prior to the start of BCT. This program will include a series of briefings and in-processing actions to help prepare international cadets for BCT and life at USAFA.

10.5.2. ICOP may include, but is not limited to: arranging for ICOP home sponsors, an official welcome, dormitory and Mitchell Hall dining arrangements, the USAFA Mission Briefing, finance/tax briefing, cadet personnel briefing, EAP 109 requirement briefing, Cadet Honor Code briefing, library services briefing, ID Card issue, Social Security Card issue, chapel services briefing, BCT pre-brief, tour of athletic facilities, set up of bank accounts, and question and answer sessions.

10.5.3. When the new Social Security Card is received, DFFLP will provide a copy to Officer Accessions Division (USAFA/A1A) and the 10th Medical Group (10 MDG) for medical and dental care.

10.5.4. During ICOP, DFFLP may sponsor local immersion opportunities to help the cadets become acclimated to American or regional culture.

10.5.5. DFFLP will be responsible for providing lodging and meals during ICOP.

10.5.6. In coordination with the Cadet Sponsor Office, DFFLP will solicit volunteer sponsor families to host the new cadets and help them acclimate to American and USAF culture during ICOP. These same families can continue to sponsor the cadet throughout their time at USAFA, if desired.

10.5.7. DFFLP will ensure the international cadets report as directed for BCT in-processing.

**10.6. Academic Year programs.**

10.6.1. Once international cadets complete BCT, they are fully integrated into USAFA's academic, military, athletic, and social life. There are only a few exceptions:

10.6.2. The DFFLP Director, or designee, serves as special advisor to the four-year international cadets, monitoring their academic program performance and coordinating with academic advisors as needed.

10.6.3. In the fall semester of their Fourth Class year, DFRL identifies four-year international cadets requiring EAP 109: Academic Communication for English as a Second Language Four-Year Exchange Cadets. For further details concerning ESL courses and instructions, refer to the USAFA COI Handbook.

10.6.4. International cadets are not required to study a foreign language in order to meet core academic curricular requirements. However, they may do so voluntarily.

10.6.5. As outlined in this instruction international cadet may not participate in most DFFLP-sponsored international education programs (CSLIP, CSEAP, CSSAP, FAV).

10.6.6. International cadets may participate in Ops Air Force at approved CONUS bases at the discretion of USAFA/CW and in coordination with the host installation FDO.

10.6.7. DFFLP may sponsor immersion opportunities to help the cadets become acclimated to American or regional culture.

10.6.8. International cadets may not take the Defense Language Proficiency Test.

10.6.9. International cadets must conform to time allocated to the Dean of Faculty IAW the current schedule of calls or have advance SCA approval.

**10.7. Summer programs.**

10.7.1. International cadets must receive the same military credit for summer programs as U.S. cadets and may participate in all facets of USAFA summer training. It is important, however, to afford international cadets every opportunity to engage with their parent Air Force and the officers and peers with whom they will eventually serve.

10.7.2. To the maximum extent possible, international cadets will be afforded the opportunity to substitute all USAFA summer military training with pre-coordinated training with their parent Air Force, subject to the following conditions:

10.7.2.1. To have an international cadet return to their parent country in the summer for training, a military representative of the parent country must submit a request. International cadets are encouraged to work with their Defense Attaché or other official to coordinate this request. The request must include the dates and overview of the type of training in which the cadet will participate.

10.7.2.2. International cadets are encouraged to participate in parent country military training programs for up to six weeks each summer and may receive credit for two USAFA summer training programs annually.

10.7.2.3. Cadets may not participate in more than six weeks of training with their parent Air Force during any summer. The third summer three-week period may be afforded to the cadet for leave (in-country leave is permissible). In certain instances, where the academic success and graduation of the cadet depends upon it, USAFA may direct the cadet to return to the Academy to fulfill academic requirements, as required.

10.7.2.4. International cadets remain bound by the USAFA Cadet Honor Code while participating in training with their parent Air Force.

10.7.3. DFFLP is the approval authority for international cadet participation in parent Air Force summer training and will coordinate the individual programs through USAFA/CW.

**10.8. Graduation/departure from USAFA.**

10.8.1. USAFA's responsibility for the international cadet ceases upon graduation, dismissal, or self-initiated departure. International cadets are out-processed IAW standard USAFA procedures. The appropriate AOC will ensure that the departing cadets turn in USAF and USAFA identification cards prior to departure.

10.8.2. Orders, shipment of personal effects, and departure travel arrangements to any destination outside of the international cadets' home country must receive advance approval from DFFLP with concurrence from SAF/IA and the appropriate parent government's defense attaché, as appropriate.

10.8.3. DFFLP will terminate international cadets' student status through the appropriate U.S. Citizenship and Immigration Services system in a timely manner.
