Attachment 1— GLOSSARY OF REFERENCES AND SUPPORTING INFORMATION 6

1. Why USAFA Has a Cadet Awards Program. The USAFA Cadet Awards Program offers incentives to USAFA cadets for higher achievements in academic, athletic, leadership, military training, and related activities; it rewards these achievements materially and through public recognition. The awards foster unit and individual competition and enhance morale.

2. Who Comprises the Cadet Awards Council (CAC) and What It Does:

2.1. The CAC consists of the following members:

2.1.1. One chair designated from the Dean of Faculty (HQ USAFA/DF).

2.1.2. One voting representative from the Dean of Faculty (HQ USAFA/DF).

2.1.3. One voting representative from the Commandant of Cadets (HQ USAFA/CW).

2.1.4. One voting representative from the Directorate of Athletics (HQ USAFA/AD).

2.1.5. Up to two additional at-large voting representatives from USAFA.

2.2. The CAC advises the Dean of Faculty on all aspects of coordination and administration of the USAFA Cadet Awards Program. It establishes procedures and coordinates guidelines for establishing and administering cadet awards. It recommends approval or disapproval on any request for a cadet award to memorialize or honor an individual. It designates one member to serve as a voting member of the USAFA Memorial Board.

3. How USAFA Establishes Awards:

3.1. The CAC evaluates all proposed cadet awards and forwards to the Dean of Faculty a recommendation for approval or disapproval of all organizational or individual cadet awards. The CAC evaluates and approves appropriate specialty awards. Activities or individuals desiring to establish a cadet award for any purpose must submit a written request to the CAC.

3.2. A cadet award may be established to memorialize a deceased person who has made a significant contribution to air and space power or, in some other way, contributed to national defense. The next-of-kin must concur, and the USAFA Memorial Board must approve all such memorializations.

3.3. A cadet award may also be established to honor or recognize a living person or organization who has made a significant contribution or sacrifice to air and space power or, in some other way, contributed to national defense.

3.4. Whenever possible, deceased USAFA graduates receive priority in memorializations to honor individuals whose records reflect outstanding accomplishments with special meaning to the Cadet Wing.

3.5. USAFA makes no cash awards, nor does it give as awards any form of commercial instrument such as bonds, shares of stock, drafts, or other similar instruments having present or future monetary value.

4. Organizational Awards and Presentation. These awards recognize a cadet squadron or group for outstanding unit achievement in academics, military training, athletics, extracurricular endeavors, or a combination thereof. The awards consist of trophies, plaques, and guidon streamers. Organizational awards are presented during the Graduation Awards Ceremony during graduation week and remain in USAFA custody for appropriate display. See Attachment 2 for specific titles and selection criteria.

5. Individual Awards and Presentations. These awards recognize individuals who achieve excellence in academics, military training, or athletics. The award consists of a bronze casting of the eagle and fledglings sculpture with a nameplate affixed to the base. In the case of the Graduation Tapping Ceremony, a nameplate is affixed to an honor plaque. A cadet may receive more than one award but will receive only one sculpture with appropriate identification plates added to its base. Individual awards are presented during the Graduation Awards Ceremony, Graduation Tapping Ceremony, or Mission Element Award Ceremonies. See Attachment 3 for specific categories, titles, and selection criteria.

6. Specialty Awards and Presentation. These awards recognize cadets who have distinguished themselves by outstanding performance and achievement in individual academic disciplines or specialized areas of interest. Specialty Awards are established for specific purposes and are presented at various times during the year. These awards are under the general jurisdiction of the CAC with the responsible departments or activities providing specific administration. See Attachment 4 for titles, selection criteria, and presentation details.

7. Selecting Award Winners. The department or activity with jurisdiction over the award selects the winner.

8. Financial Restrictions. Appropriated funds may be used to support administrative expenses of conducting the Cadet Awards Program and associated awards social functions as authorized by current Air Force directives. This includes utilizing Training Devices in Fairchild Hall to accomplish engravings of all outstanding cadet awards.

8.1. The award donor or presenter bears all travel costs and subsequent expenses while at USAFA to attend a Cadet Awards presentation ceremony. Individual government or military agencies will bear all costs for personnel or other government officials who travel to USAFA on official duty in connection with a Cadet Awards presentation ceremony.

9. HQ USAFA/CW will:

9.1. Provide one representative to the CAC.

9.2. Establish selection criteria for all military training awards.

9.3. Identify organizational and individual award winners to the CAC.
