Supersedes: AMCI 10-202V7, 12 March 2020

Pages: 25

This volume of Air Mobility Command Instruction (AMCI) 10-202 implements Air Force Policy Directive (DAFPD) 10-2, *Readiness*. It provides procedural guidance to meet the diversity of wartime, contingency, foreign humanitarian assistance (FHA), and exercise situations in which the DIRMOBFOR (also known as DM4) and AMC LNO may participate. It discusses roles and responsibilities, the DIRMOBFOR Council, the appointment & selection processes, and training as related to duties of the DIRMOBFOR and staff. This publication applies to all Air Mobility Command (AMC) units, AMC-gained Air Force Reserve Command (AFRC) and Air National Guard (ANG) units unless noted otherwise. This publication does not apply to the United States Space Force. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the DAF Form 847, *Recommendation for Change of Publication*; route DAF Forms 847 from the field through the appropriate functional chain of command. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFI 33-322, *Records Management and Information Governance Program*, and are disposed of in accordance with Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. The authorities to waive wing/unit level requirements in this publication are identified with a **(T-2)** following the compliance statement. See DAFMAN 90-161, *Publishing Processes and Procedures*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the publication Office of Primary Responsibility for non-tiered compliance items. This publication

may not be supplemented or further implemented/extended.

SUMMARY OF CHANGES

This document has been substantially revised and must be completely reviewed. Changes include updates to DIRMOBFOR Course quotas and class size, and DIRMOBFOR Council meeting requirements. All references to Humanitarian Assistance/Disaster Recovery (HA/DR) were changed to Foreign Humanitarian Assistance (FHA), references to Air Expeditionary Forces (AEF) were changed to Air Force Force Generation (AFFORGEN), and many HQ AMC office symbols were updated. Removes Air Mobility Command Senior Leadership Management Office (AMC/A1L) from the DIRMOBFOR Council and adds them as an enabler. Adds Deputy Commander, 18th Air Force (18 AF/CD), Chief of Staff, Air Mobility Command (AMC/CS), and Deputy Commander, USAF Expeditionary Center (USAFEC/CD) as new DIRMOBFOR Council members.

Chapter 1
INTRODUCTION

1.1. Purpose. This publication provides guidance for the DIRMOBFOR and staff; and utilization of the AMC LNO. It explains initial training and pre-deployment requirements, as well as quota allocation, appointment, selection, and tasking processes. It defines the roles and responsibilities of the DIRMOBFOR with respect to wartime, contingency, foreign humanitarian assistance (FHA) and exercise operations. It also defines the membership and duties of the DIRMOBFOR Council (DM4C). The supported theater retains responsibility for establishing policies and procedures applicable to theater forces.

1.2. Changes. Recommendations for improvements to this publication are encouraged. Submit recommendations for changes to Headquarters Air Mobility Command, Mobility Support Operations Division, Theater Command and Control Branch (HQ AMC/A345).

1.3. Supplements. Supplements to this volume are not authorized. Combatant Command (CCMD) Air Components may coordinate with AMC/A3 for additional theater requirements/instructions via Memorandum of Understanding/Memorandum of Agreement (MOU/MOA).

1.4. Distribution and Control. Distribution is authorized for all agencies requiring guidance on DIRMOBFOR and Air Mobility Command Liaison Officer (AMC LNO) policy and procedures.

Chapter 2
ROLES AND RESPONSIBILITIES

2.1. DIRMOBFOR. The DIRMOBFOR is appointed by the theater Commander, Air Force Forces (COMAFFOR) to function as the designated coordinating authority for air mobility with all commands and agencies both internal and external to the joint force. Together with the theater COMAFFOR and Joint Forces Air Component Commander (JFACC), the DIRMOBFOR ensures conventional intratheater air mobility forces are organized to properly interact with other intratheater and intertheater forces, coordinates/deconflicts intertheater movements with the intratheater movements controlled by the theater Air Operations Center (AOC) Air Mobility Division (AMD) and ensures intertheater movements are integrated into the air tasking order (ATO).

2.1.1. DIRMOBFOR Administrative Control. The DIRMOBFOR is under the administrative control (ADCON) and operational control (OPCON) of the theater COMAFFOR. Exception: unless involuntarily activated under 10 USC Sec 12301a, ADCON for ANG members is retained by the National Guard Bureau's 201st Mission Support Squadron (201 MSS) and by AFRC for AFRC members. The DIRMOBFOR is normally a senior officer with an extensive background in air mobility operations and is familiar with the area of responsibility (AOR). The DIRMOBFOR provides, on behalf of the theater COMAFFOR, guidance to the AMD on air mobility matters, but such guidance will be responsive to the timing and tempo of operations managed by the AOC commander. The AOC AMD remains under the control of the AOC commander who manages the execution of operations for the theater COMAFFOR. In absence of a DIRMOBFOR, the AOC/AMD chief fulfills the DIRMOBFOR duties during daily operations.

2.1.2. DIRMOBFOR Duties. Specific duties of the DIRMOBFOR include:

2.1.2.1. Coordinates the integration of intertheater air mobility capability provided by United States Transportation Command (USTRANSCOM).

2.1.2.2. Advises on the employment of assigned and attached Mobility Air Forces (MAF) supporting the joint force.

2.1.2.3. Coordinates with the AOC commander and AMD Chief to ensure all air mobility operations supporting the Joint Force Commander (JFC) are integrated into the air assessment, planning, and execution processes, and are deconflicted with other air operations. The AMD chief remains directly responsible to the AOC director for the planning and execution of allocated mobility forces IAW JFACC guidance. The DIRMOBFOR and Joint Air Operations Center (JAOC)/AMD chief will coordinate with the JAOC director to ensure the intertheater and intratheater air mobility scheme of maneuver meets the JFACC's guidance.

2.1.2.4. Assists in the integration and coordination of the multinational air mobility plan.

2.1.2.5. Coordinates with 618 AOC and AMC to ensure joint force air mobility support requirements are met.

2.1.2.6. Acts as member of the joint logistics coordination board, chaired by the Geographic Combatant Commander's (GCC) J4.

2.1.2.7. Acts as the senior air mobility officer point of contact for all air mobility operations with the theater's Joint Deployment Distribution Operations Center (JDDOC), USTRANSCOM, AMC, 618 AOC, GCC J4, and the USTRANSCOM Global Operations Center (GOC).

2.1.2.8. Communicates air mobility priorities to and advises/assists air mobility liaison officers (AMLOs), enabling their support to joint forces operating in theater during exercises, FHA, and/or combat operations.

2.1.2.9. Communicates theater air mobility priorities to Air Advisor teams regarding integration of ally and/or partner contributions during exercises, FHA, and/or combat operations.

2.1.2.10. In conjunction with the AOC director, coordinates with the theater COMAFFOR on the capabilities of, and requirements for, tankers assigned or attached to the theater to determine their ability to provide support to air bridge operations balanced against the theater's operation/campaign. If air bridge operations cannot be fully supported by theater-assigned/attached forces, the DIRMOBFOR will coordinate with USTRANSCOM for air bridge support using USTRANSCOM forces.

2.1.2.11. Once under OPCON of the theater COMAFFOR, the DIRMOBFOR may be delegated waiver authorities for theater OPCON missions IAW applicable AFI 11-2 (Series), existing and approved MOU/MOAs, and DAFMAN 90-161, *Publishing Process and Procedures,* Table A10.1., Tier Waiver Authorities. For forces where tactical control (TACON) and specified ADCON for waivers is transferred to the theater commander, the DIRMOBFOR may be delegated waiver authority. If the DIRMOBFOR is not under OPCON of the theater COMAFFOR, they cannot accept delegated command authorities.

2.1.2.12. As the air mobility working group chair, reviews and recommends for or against mobility operations into theater airfields. Recommends aircraft defensive system policy, flyaway security team (FAST) policy, operational support airlift (OSA) aircraft operating policy, aircraft armor policy/requirements, and tactical approach requirements, and advises commanders on proposed operations into high threat airfields. For some very high visibility/high threat missions, gives positive launch recommendations.

2.1.2.13. Participates in video teleconference (VTC) update briefs with USTRANSCOM, AMC and 618 AOC when scheduled.

2.1.2.14. Review and approve/disapprove DIRMOBFOR approval required airfields (DARA) coordination sheet for airdrop missions, missions to a currently unapproved airfield, or for special requirement missions.

2.2. Air Mobility Command Liaison Officer (AMC LNO). AMC LNOs support the gaining organization and enhance information sharing between organizations to ensure mutual understanding and unity of effort. Commanders may exchange liaison teams or individuals between higher, supporting, and subordinate commands as required. Liaison personnel generally represent the interests of the sending commander to the receiving commander but can often promote the understanding of the commander's intent at both the sending and receiving headquarters. LNOs should be assigned early during joint operational planning. LNOs from supporting to supported commanders are essential in determining needs and coordinating supporting actions (JP 3-0, *Joint Operations*). AMC LNOs are normally senior officers with an

extensive background in air mobility operations and are familiar with the AOR. They articulate the organization's capabilities, plans/concerns, provide operational level guidance on air mobility matters, and relay concerns to air mobility leadership. AMC LNOs remain ADCON to their parent organization and do not have the authority to make decisions for their commander without coordination and approval. AMC LNOs are the personal and official representatives of the AMC/CC and are given direct liaison authorized (DIRLAUTH) with the receiving organization's senior leadership (commander, director, etc.). AMC LNO authority will be specified in an AMC order.

2.2.1. AMC LNOs Functions. Whether individually or in teams, AMC LNOs perform several critical functions that are consistent across the range of military options. The extent to which these functions are performed depends on the mission and the direction established by the commander they represent. AMC LNOs are not full-time planners, watch officers, substitutes for delivering critical information through normal command and control channels, replacements for proper staff-to-staff coordination, or replacements for augmentees or representatives. A successful AMC LNO performs four basic functions (JP 3-33, *Joint Task Force Headquarters*).

2.2.1.1. Monitor. AMC LNOs monitor operations of the gaining organization and the sending organization and must understand how each influences the other. AMC LNOs must know the current situation and planned operations, understand pertinent staff issues, and understand their commander's intent.

2.2.1.2. Coordinate. AMC LNOs help synchronize current operations and future planning between the sending organizations and gaining organizations. They also accomplish this by coordinating with other LNOs and organizations.

2.2.1.3. Advise. AMC LNOs are the experts on the sending organization's capabilities and limitations. They advise the gaining organizations concerning capabilities of their organizations. They must be proactive in providing the supported staff with relevant information on their organization's capabilities. AMC LNOs are not decision makers and cannot commit their parent organizations to actions without coordination and approval.

2.2.1.4. Assist. AMC LNOs aid various centers, groups, bureaus, cells, offices, elements, boards, planning teams, and like organizations by providing their expertise and facilitating coordination between their organizations. They must not accept formal tasking from any other organization. Formal taskings should be accomplished through normal command and control channels or as agreed to by the respective organizations.

2.2.2. Mission Debrief. Within 14 days of redeployment from a contingency or FHA operation, the AMC LNO will contact the Air Mobility Command Director of Operations, Strategic Deterrence, and Nuclear Integration, Executive Officers (AMC/A3E) to determine if an after-action report (AAR) debrief with the Air Mobility Command Director of Operations, Strategic Deterrence, and Nuclear Integration (AMC/A3) is needed. See DIRMOBFOR Global SharePoint™ page for a sample AAR.

2.2.2.1. The AMC LNO will provide a copy of their AAR to Air Mobility Command Directorate of Analysis, Assessments, and Lessons Learned, Operational Analyses Division (AMC/A9A). AMC/A9A will facilitate posting of the report into the Joint Lessons Learned Information System (JLLIS). AMC/A9A's email address is

amc.a9a.operations@us.af.mil. If the AAR is classified or sensitive, email it to **usaf.scott.amc-a9.mbx.a9a@mail.smil.mil**.

2.3. DIRMOBFOR Council (DM4C). The DM4C is a collaboration of stakeholders that oversee the DIRMOBFOR program. The Air Mobility Command Deputy Director of Operations, Strategic Deterrence, and Nuclear Integration (AMC/DA3) chairs the DM4C when required, otherwise, the DM4C is chaired by Air Mobility Command Mobility Support Operations Division (AMC/A34). The DM4C meets monthly via teleconference to discuss and make decisions on future DIRMOBFOR course nominations, sourcing of DIRMOBFOR/DEPUTY DIRMOBFOR/AMC LNOs for AFFORGEN rotations, Chairman Joint Chiefs of Staff (CJCS) exercises, wargames, and contingency operations. Additionally, the DM4C will discuss and make decisions on DIRMOBFOR program and process improvements. See **Table 2.1.** and **Table 2.2.** for further information.

2.3.1. DM4C Members:

Table 2.1. DM4C Members.

Title	Office Symbol
Deputy Director of Operations, AMC	(AMC/DA3)
Chief, Mobility Support Operations Division	(AMC/A34)
DIRMOBFOR FAM Office	(AMC/A345)
18 AF Deputy Commander	(18 AF/CD)
AMC Chief of Staff	(AMC/CS)
ANG Advisor to the AMC/A3	(AMC/A3G)
AFRC Advisor to the AMC/A3	(AMC/A3H)
ANG Advisor to the AMC/CC	(AMC/CGA)
AFRC Advisor to the AMC/CC	(AMC/CRA)
USAFEC Deputy Commander	(USAFEC/CD)
USAFEC/EOS Commander	(EOS/CC)

2.3.2. DM4C Enablers:

Table 2.2. DM4C Enablers.

Title	Office Symbol
Chief, Senior Leader Management Office	(AMC/A1L)
Chief, Contingency Operations Division	(AMC/A35)
Chief, Exercises Division	(AMC/A37)
Chief, Plans and Strategy Division	(AMCA5/8X)

Chief, Nuclear Operations Division	(AMC/A10N)
18 AF Director of Operations	(18 AF/DO)
Director, USAFEC/A3459	(USAFEC/3459)

2.3.3. AMC/A1L will: Ensure active duty members information on the Bench Spreadsheet is updated semiannually (e.g., position, unit, retired, etc.). Accuracy of the active duty bench is essential to the DA3 approval process. Task will be sent by A3 to A1 via ETMS2 (TMT).

2.3.3.1. Provide AMC/A345 with an updated O-6 DM4 position roster upon request.

2.3.4. USAFEC will:

2.3.4.1. Ensure, through the Expeditionary Operations Squadron (EOS), that the 435th Training Squadron, Operating Location Alpha (435 TRS/OL-A) has a necessary budget to conduct the DIRMOBFOR Course.

2.3.4.2. Provide AMC/A345 with a class graduation roster after each class.

2.3.4.3. Conduct availability checks to identify nominees to attend the DIRMOBFOR course. Upon vetting and approval, will submit names to AMC/A345.

2.3.4.4. Conduct availability checks of qualified O-7s/O-6s to fill exercise, Defense Support to Civilian Authorities (DSCA)/Hurricane Immersion, United States Strategic Command (USSTRATCOM), contingency, and AFFORGEN rotational requirements as agreed upon in the DM4C.

2.3.4.5. Provide vetted name(s) and biographies to AMC/A345 for selection and approval process staffing.

2.3.4.6. Notify member when selection is approved.

2.3.5. 18 AF and AMC/CS will:

2.3.5.1. Conduct availability checks to identify nominees to attend the DIRMOBFOR course. Upon vetting and approval, will submit names to AMC/A345.

2.3.5.2. Conduct availability checks of DM4 trained active duty O-7s/O-6s to fill exercise, DSCA/Hurricane Immersion, USTRATCOM, contingency, and AFFORGEN rotational requirements as agreed upon in the DM4C.

2.3.5.3. Provide vetted name(s) and biographies to AMC/A345 for selection and approval process staffing.

2.3.5.4. Notify member when selection is approved.

2.3.6. AMC/A34 will:

2.3.6.1. Ensure A345 provides functional area management of the DIRMOBFOR program and has DIRLAUTH with A3 and Deputy A3 for DIRMOBFOR/DEPUTY DIRMOBFOR selection and approval process staffing.

2.3.6.2. Schedule Deputy A3 chaired DM4C meetings when required.

2.3.6.3. Schedule and lead monthly virtual DM4C meeting.

2.3.6.4. Initiate AMC DIRMOBFOR course seat allocations process with AMC/CS, 18 AF, USAFEC, AMC/A3G, and AMC/A3H no later than 120 days prior to class start date.

2.3.6.5. Ensure this instruction is reviewed and/or revised every two years.

2.3.6.6. Initiate and facilitate the Deliberate and Crisis Action Planning and Execution Segments (DCAPES) tasking and theater pre-deployment orientation processes.

2.3.6.7. Manage and maintain the AMC/A345 Director of Mobility Forces (AMC.A3CC.DIRMOBFOR@us.af.mil) NIPR email box.

2.3.6.8. Manage and maintain the Bench Spreadsheet on the AMC/A345 DIRMOBFOR Council Management SharePoint™ page. Add graduates to the spreadsheet after each class and update exercise and deployment information.

2.3.6.9. Manage and maintain the DIRMOBFOR NIPR SharePoint™ and SIPR Intelink pages. Keep the two-year exercise calendar and exercise roster updated.

2.3.6.10. Provide Air mobility Command Operations Management Division Policy Branch (AMC/A38P) the DIRMOBFOR program man-day forecast (to include staff) for each FY.

2.3.6.11. Schedule airdrop orientation/observation training (as required).

2.3.6.12. Schedule Scott AFB Orientation Visit (Office calls with USTRANSCOM, AMC, 618 AOC Staffs) when time allows.

2.3.6.13. Schedule DSCA/Hurricane Immersion training annually in early May.

2.3.7. AMC/A3G, AMC/A3H, AMC/CGA, and AMC/CRA will:

2.3.7.1. Provide advice to the DM4C on all applicable ANG and AFRC issues affecting the DIRMOBFOR program.

2.3.7.2. Conduct availability checks in coordination with established vetting processes within respective components to identify nominees to attend the DIRMOBFOR course. Upon approval, have component submit names to AMC/A345 and Air Force's Personnel Center (AFPC).

2.3.7.3. Conduct availability checks of DM4 trained ANG/AFRC O-7s/O-6s to fill exercise, DSCA/Hurricane Immersion, USSTRATCOM, contingency, and AFFORGEN rotational requirements agreed upon in the DM4C.

2.3.7.4. Provide vetted name(s) and biographies to AMC/A345 for selection approval process staffing.

2.3.7.5. Notify member when selection is approved.

2.3.7.6. Ensure ANG/AFRC members' information on the Bench Spreadsheet is updated semiannually (e.g., position, unit, retired, etc.).

2.3.8. AMC/A35 will:

2.3.8.1. In coordination with AMC/A345, include in AMC orders, DIRMOBFOR taskings to support exercises and real-world contingencies to expedite the DCAPES tasking process.

2.3.8.2. Support DIRMOBFOR team exercise spin-up training/orientations (Command Relationships (COMREL), etc.).

2.3.9. AMC/A37, A5/8X, and AMC/A10N will:

2.3.9.1. Identify exercises/wargames requiring DIRMOBFOR participation for each calendar/fiscal year and provide that information to AMC/A345.

2.3.9.2. Provide continuous updates to AMC/A345 on all DIRMOBFOR team requirements and exercise/wargame dates (to include travel and Joint Air Component Coordination Element (JACCE) training) status.

2.3.9.3. Support DIRMOBFOR team exercise/wargame spin-up training with an applicable exercise/wargame scenario briefing.

2.3.9.4. AMC/A10N will provide specific, focused training to DIRMOBFORs who are on the USSTRATCOM bench, or have been selected for USSTRATCOM Exercises or Operations, preparing them for the unique processes of USTRATCOM missions. This training is in addition to any training provided in the DIRMOBFOR Course and will be conducted as needed.

2.3.10. AMC A5/8X will:

2.3.10.1. Support DIRMOBFOR team exercise spin-up training/orientations (theater-aligned Operations Plan (OPLAN)/Contingency Plan (CONPLAN) study/mission analysis).

Chapter 3
TRAINING

3.1. USAF Expeditionary Center (USAFEC) DIRMOBFOR Course. The DIRMOBFOR Course is a 5-day course, normally conducted twice a year at the USAFEC – 435 TRS/OL-A at Hurlburt Field, FL. This is a formal USAF training course listed in the USAF Education and Training Course Announcements (ETCA), PDS Code X0Q. The DIRMOBFOR course prepares selected senior mobility officers to manage, monitor, and coordinate air mobility forces deploying in support of contingency, FHA, or JCS/command specific exercise operations. The course emphasizes specific DIRMOBFOR duties, command relationships, command and control (C2) concepts, and a myriad of potential contingencies. The course teaches the students how to manage the demands placed on available air mobility resources. Lessons learned from former DIRMOBFORs and JFACCs provide baseline knowledge and help educate students using practical applications.

3.1.1. DIRMOBFOR Course Class Size. The class size is restricted to 24 students due to limited classroom seating. Anyone wanting to audit the course will be approved on a case-by-case / space available basis by the Course Director and AMC/A345 and will not receive course completion credit.

3.1.2. DIRMOBFOR Course Target Audience. DIRMOBFOR Course nominees will be rated Colonel/O-6 Selects, Colonels/O-6s, or Brigadier Generals/O-7s with extensive air mobility expertise, and a high potential for serving as a DIRMOBFOR/DEPUTY DIRMOBFOR/AMC LNO. Typical nominees are AD, ANG, and AFRC wing commanders, deputy wing commanders, group commanders (i.e., Operations group Commanders (OG/CCs), Contingency Response Group Commanders (CRG/CCs) and Air Mobility Operations Group Commanders (AMOG/CCs), AMD Chiefs, and other select positions as authorized by AMC/DA3. Nominees may be submitted from Air Mobility Command (AMC), Air Combat Command (ACC), Pacific Air Forces (PACAF), United States Air Forces in Europe (USAFE), Air Forces Central (AFCENT), Air Forces Southern (AFSOUTH), Air Forces Northern (AFNORTH), HQ AFRC, and National Guard Bureau (NGB). All nominees should be properly vetted by their respective MAJCOM and loaded through their respective MAJCOM/A1 formal training section.

3.1.3. DIRMOBFOR Course Quota Allocation Process. AMC/A345 manages the overall allocation process. DIRMOBFOR Course quota allocations are distributed between AMC active duty units, ANG units, AFRC units, other MAJCOMs/C-NAFs, and Air Force Security Assistance Training (AFSAT) Squadron (for international officers) with priority given to operational requirements. The standard DIRMOBFOR Training Course quota allocation is: AMC: 9, ANG: 7, AFRC: 6, Other MAJCOMs/C-NAFs: 1, AFSAT: 1. In order to meet competing demands between components, AMC, ANG, and AFRC leadership can coordinate and deconflict through the DM4C as necessary to adjust the DIRMOBFOR Course quota allocations. AMC/DA3 is the final approval authority when determining priority of requirements. See **Attachment 2** (DIRMOBFOR Course Quota Allocation Process) for the detailed allocation process/timeline.

3.1.4. DIRMOBFOR Bench Assignment. DIRMOBFOR students will be provided a DIRMOBFOR Bench Preference Worksheet during the course. It must be filled out and

returned to the AMC/A345 DIRMOBFOR FAM prior to course graduation. The DIRMOBFOR FAM will review all preference worksheets, student biographies, their current/historical training, and operational experience/expertise, and then assign students to a bench ensuring it stays balanced. The bench is used as a starting point for availability checks and does not prohibit a graduate from being considered for a requirement outside of their designated bench.

3.1.5. DIRMOBFOR Mobility Mentor. DIRMOBFOR Mobility Mentors are highly experienced active duty, ANG, or AFRC O-7/O-8 Subject Matter Experts with previous exercise, contingency operation, and/or AFFORGEN deployment DIRMOBFOR experience. The role of DIRMOBFOR Mobility Mentor is to attend the DIRMOBFOR Training Courses to share experiences, guide discussions, provide application to doctrinal concepts, etc. Typically, there will be three to five DIRMOBFOR Mobility Mentors available to participate in each DIRMOBFOR Course. The 435 TRS/OL-A and AMC/A345 will collaborate when there is a Mobility Mentor vacancy. AMC/A345 will present a replacement recommendation to the DM4C for consideration and AMC/DA3 approval.

Chapter 4
SELECTION AND APPROVAL PROCESSES

4.1. DIRMOBFOR Pre-Designation Appointment Process.

4.1.1. Pre-designated DIRMOBFORs. AMC/A345 will maintain a Bench Spreadsheet of DIRMOBFORs for each CCMD. This list is updated by AMC/A1L, and A3G/A3H advisors semiannually.

4.1.1.1. All bench members should be prepared to participate in their aligned CCMD major/CJCS exercise(s).

4.1.2. Security Clearance. All DIRMOBFORs will have a Top Secret-SCI security clearance with caveats (SI/TK/G/HCS).

4.2. DIRMOBFOR Selection for Deployment Process.

4.2.1. DIRMOBFOR 9AAJE UTC. The 9AAJE Unit Type Code (UTC) consists of the following personnel (See **Table 4.1.**):

Table 4.1. DIRMOBFOR 9AAJE UTC

Recommended Number	AFSC	Rank	Job Title	Position
1	090GO	Brig Gen	Officer	DIRMOBFOR
2	011M3	Col	Mobility Pilot	Deputy DIRMOBFOR
1	011M3S	Maj	Mobility Pilot, Airlift	Staff - Future Operations Analyst
1	011M3T	Maj	Mobility Pilot, Tanker	Staff - Future Operations Analyst
1	3F5X1	Enlisted	Administrative Enlisted Personnel	Staff

4.2.2. Requirement. USTRANSCOM/J3 forwards validated Combatant Commander DIRMOBFOR UTC request to AMC/A3 for sourcing.

4.2.3. DIRMOBFOR Availability. 18 AF, USAFEC, and AMC/CS will check the availability of active duty members on the appropriate CCMD-aligned bench. AMC/CGA, CRA, A3G, and A3H (as required) will check the availability of their CCMD-aligned bench members using their vetting process. The finalized short list of those available for selection will be presented to AMC/A345 who will coordinate with the AMC/DA3 for approval.

4.2.3.1. If AFRC/ANG DIRMOBFORs are utilized to sustain an AFFORGEN rotational operation, members must be identified a minimum of 120 days prior to the required delivery date (RDD). This will ensure adequate time for orders processing, pre-deployment training, and orientation visits.

4.2.4. General Officer (GO) DIRMOBFOR and Colonel DIRMOBFOR/Deputy/AMC LNO requirements.

4.2.4.1. AMC/CC has delegated approval authority to the Deputy Commander, Air Mobility Command (AMC/CD) and AMC/A3 for all exercise and real-world events requiring a GO DIRMOBFOR.

4.2.4.1.1. AMC/A3G will coordinate with AMC/CGA and National Guard Bureau Human Resources (NGB/HR) to initiate a nomination process. A3G will inform A345 of the ANG nominee.

4.2.4.1.2. AMC/A3H will coordinate with AMC/CRA, AFRC/DA3, and AFRC/A3 to initiate a nomination process. AFRC/A3 will coordinate with applicable NAF and AFRC/REG and will inform AMC/A345 of the AFRC nominee.

4.2.4.2. AMC/DA3 is the approval authority for all exercises and real-world events requiring a Colonel DIRMOBFOR, Deputy DIRMOBFOR, or AMC LNO.

4.2.5. Training. AMC/DA3 will determine if the tasked DIRMOBFOR requires additional training (e.g., airdrop, additional exercise participation).

4.3. DIRMOBFOR Staff Selection Process.

4.3.1. Support Staff. Once identified, the DIRMOBFOR may identify a support staff, preferably knowledgeable in the operational C2 environment, from their home unit or notify AMC/A345 to initiate FAM sourcing. The DIRMOBFOR staff consists of two 011M3 rated officers (future operations analyst) and one 3F5X1 administration enlisted personnel. Liberal rank and Air Force specialty code (AFSC) substitutions are authorized as mission requirements dictate. The Deputy DIRMOBFORs are part of the staff but are selected by the same means as the DIRMOBFOR. Early selection of both the DIRMOBFOR and staff will facilitate the training and planning necessary for a successful operation or exercise.

4.4. DCAPES Tasking Process.

4.4.1. DIRMOBFOR. Normally, the DIRMOBFOR and staff are tasked in DCAPES using the 9AAJE UTC. The staff is usually tasked from resources in the DIRMOBFOR's home unit. If none are available, the DIRMOBFOR will notify AMC/A345 to initiate FAM sourcing.

4.4.2. AMC LNO. AMC/DA3 will notify AMC/A345 when an AMC LNO has been selected to deploy. An AMC LNO will be tasked on a USTRANSCOM G-series unit line number (ULN) in DCAPES using the 9AAJE UTC paired down to one O-6 (or until such time as an AMC LNO UTC is developed).

4.5. Pre-deployment Actions.

4.5.1. Exercises and Wargames. DIRMOBFORs selected for exercises will make every attempt to contact the previous/last DIRMOBFOR to participate in the exercise. A roster of DIRMOBFORs from prior exercises is maintained on the DIRMOBFOR Global SharePoint™ page.

4.5.1.1. Exercises. DIRMOBFORs will attend a one-to-two-day orientation at Scott AFB, IL. The orientation includes USTRANSCOM, AMC, and 618 AOC, functional area visits and briefings. This orientation visit is set up by AMC/A345 (AMC/DA3 is waiver authority).

4.5.1.1.1. DIRMOBFORs should receive theater focused pre-mission training with

subject matter experts. Topics may include the USTRANSCOM GOC, Lessons Learned, and various office calls.

4.5.1.1.2. DIRMOBFORs should be given an exercise specific scenario brief by the AMC/A37 or AMC/A10N exercise planner, as appropriate for the specific exercise.

4.5.1.2. Wargames. DIRMOBFORs should be given a wargame specific scenario brief by the A8XC wargame planner, as appropriate for the specific wargame.

4.5.2. AFFORGEN/Contingency Operational Deployments. DIRMOBFORs selected for an AFFORGEN or Contingency Operational Deployment will participate in a major/JCS exercise prior to deployment (AMC/DA3 is waiver authority).

4.5.2.1. AMC/A3 requires DIRMOBFORs selected for an AFFORGEN deployment to have airdrop familiarization. When an individual has minimal level, or no airdrop experience, AMC/A345 will coordinate airdrop orientation and observation training (AMC/DA3 is waiver authority).

4.5.2.1.1. Primary airdrop orientation and observation training venue is the Joint Readiness Training Center (JRTC) (Exercise Storm Flag). An alternate venue is the Advanced Airlift Tactics Training Center (AATTC) at St. Joseph, MO.

4.5.2.1.2. Airdrop orientation and observation training should be tailored for the individual. AMC/A345 will contact the selected DIRMOBFOR to determine the required level of training. The training may consist of C-130 and/or C-17 airdrop/airland capabilities, mission planning process, how airdrop loads are rigged/prepped, Aircraft Rescue & Firefighting (ARFF) requirements for LZ ops, and a familiarization flight (including night vision goggle (NVG) procedures).

4.5.2.2. Time permitting, the DIRMOBFORs will attend a two-day orientation at Scott AFB, IL. The orientation includes USTRANSCOM, AMC, and 618 AOC, functional area visits and briefings. This orientation visit is set-up by AMC/A345 (AMC/DA3 is waiver authority).

4.5.2.2.1. The visit should include a Mission Assurance Working Group – Air (MAWG-A) familiarization brief with AMC/A35.

4.5.2.2.2. The orientation may require program read-ins by USTRANSCOM and AMC.

4.5.2.3. The DIRMOBFORs may be required to visit a theater HQ/C-NAF for an orientation/briefing.

4.6. Post Deployment Actions.

4.6.1. Mission Debrief. Within 14 days of redeployment from a contingency or FHA operation, the DIRMOBFOR will contact AMC/A3E to determine if an after-action report (AAR) debrief with AMC/A3 is needed. See DIRMOBFOR Global SharePoint™ page for a sample AAR.

4.6.2. The DIRMOBFOR will provide a copy of their AAR to AMC/A9A. AMC/A9A will facilitate posting of the report into JLLIS. AMC/A9A's email address is amc.a9a.operations@us.af.mil. If the AAR is classified or sensitive, email it to usaf.scott.amc-a9.mbx.a9a@mail.smil.mil.

4.7. Funding and Man-days.

4.7.1. Theater ULN. Funding information will be IAW theater reporting instructions and the theater comptroller alert message. The Unit Deployment Manager (UDM) can find the reporting instructions in the Force Generation Reporting Instructions (FGRI) tool located on AFFORGEN Connect.

4.7.1.1. For an ARC member needing man-days to support a theater ULN, a Military Personnel Appropriation (MPA) request should be made through current man-day allocation system IAW theater reporting instructions and theater comptroller alert message.

4.7.2. G-Series ULN, Orientations, Immersions and Exercise Spin-Up Events. Travel and per diem funding for ARC members (on MPA man-days – Title 10) filling an AMC tasked ULN will be funded by AMC/FMAO, orders should reference the operation or exercise Emergency or Special Program (ESP) code identified in the Manpower MPA Man-Day Management System (M4S). Member should immediately contact their unit CPTS/FMA office for funding assistance.

4.7.2.1. For an ARC member needing man-days, an MPA request should be initiated through M4S by AMC/A38P (AMC/A3 man-day manager) with prior coordination from AMC/A345. AMC/A38P will ensure requirement is validated by AMC/A345 prior to initiating the request in M4S.

4.7.3. Mobilization Assistant. Mobilization Assistant (MA) orders should be worked through their appropriate general officer or colonel Readiness Management Group (RMG).

4.7.4. Individual Mobilization Augmentee. Individual Mobilization Augmentee (IMA) orders should be worked through their local Unit Reserve Coordinator (URC) and their servicing RMG.

4.7.5. DIRMOBFOR Launch Process Handbook. Additional deployment information can be found in the DIRMOBFOR Launch Process Handbook located on the DIRMOBFOR Global SharePoint™ Page.

Chapter 5
AFNORTH DEFENSE SUPPORT TO CIVIL AUTHORITY (DSCA) OPERATIONS

5.1. General. The AFNORTH DIRMOBFOR is one of the most challenging air mobility tours due to the unique nature of the AOR with the various levels of local, county, state, and federal authority. As the magnitude of a crisis escalates, a higher level of authority may come into play, however, certain lower levels of authority may still be in charge. This escalation/de-escalation process requires knowledge of civil-military support and the limitations of military authority. A thorough understanding of DSCA is a prerequisite.

5.2. References. All DIRMOBFORs will be familiar with the following policies, procedures, instructions, and websites:

5.2.1. Joint Publication 3-28, *Defense Support of Civil Authorities*

5.2.2. Air Force Doctrine Publication 3-36, *Air Mobility Operations*

5.2.3. DAFI 10-801, *Defense Support of Civil Authorities*

5.2.4. J-CONOPS, *Joint Concept of Operations: Air Mobility Coordination for Crisis Response*

5.2.5. NORAD. https://www.norad.mil

5.2.6. FEMA. https://www.fema.gov/

5.2.7. USNORTHCOM. https://www.northcom.mil/

5.2.8. CONR-1AF (AFNORTH). https://www.1af.acc.af.mil/

5.2.9. ARNORTH. https://www.arnorth.army.mil/

5.3. Responsibilities. The AFNORTH DIRMOBFOR is an air mobility facilitator and air mobility advisor to the AFNORTH/JFACC. The 601 AOC/AMD is available to assist the DIRMOBFOR in facilitating air movement efficiency and effectiveness but does not fall under the direction of the DIRMOBFOR. DIRMOBFORs will coordinate with the AMD Chief or AOC Commander as necessary to facilitate effective air mobility operations. They are expected to establish necessary communications between AFNORTH, Air National Guard Crisis Action Team (ANG/CAT), USNORTHCOM/J3, AMC, 618 AOC, USTRANSCOM/J3, and other organizations to ensure a common operating picture for all agencies involved in air mobility operations conducted by AFNORTH as the air component to USNORTHCOM.

5.4. Training. In addition to the training requirements listed in **Chapter 3** and **Chapter 4**, the following will be accomplished:

5.4.1. Defense Support of Civil Authorities (DSCA) Course. The DSCA course consists of two phases; Phase I is a CBT and Phase II is a 4-day in-residence or virtual course. Go to the DIRMOBFOR Global SharePoint™ page for DSCA registration details. Completion dates will be forwarded to AMC/A345. See the DIRMOBFOR Global SharePoint™ page for links to the courses.

5.4.2. Hurricane Immersion Training. One-time Hurricane Immersion Training will be

conducted annually by AMC/A345 prior to the start of the hurricane season. This training typically lasts two days in early May. Attendance is a requirement for all DIRMOBFORs assigned to the DSCA/Hurricane Bench, which is a sub-bench of the USNORTHCOM/USSOUTHCOM Bench. The DM4C will inform the active duty, ANG, and AFRC with the number of O-7s and O-6s they will be required to provide for this annual bench requirement and identify those requiring attendance at the annual training event.

5.5. Reporting Instructions. DIRMOBFORs will utilize the latest reporting instructions from AFNORTH/A1. O-7 DSCA/Hurricane DIRMOBFORs should coordinate a visit to the 601 AOC and 1AF with the 1AF/CS. If possible, they should in-process through Personnel Support for Contingency Operations (PERSCO) to obtain computer accounts and security badges. This will facilitate rapid operational setup during short-notice contingencies.

5.6. Tasking. All AFNORTH visits by DIRMOBFORs must be coordinated through 1 AF/CS. Generally, 1AF/CC will request DIRMOBFOR support for exercises through Joint Training Information Management System (JTIMS), and through a standing NORTHCOM Execution Order (EXORD) for contingencies.

5.7. Availability Roster. AMC/A345 maintains the current DSCA/Hurricane sub-bench of all pre-designated AFNORTH DIRMOBFORs. To expedite call-up capability of the DIRMOBFORs who attended Hurricane Immersion Training, a schedule of availability will be produced by AMC/A345 prior to the start of hurricane season and continuously updated through the end of hurricane season.

5.8. Re-deployment. As the crisis or situation decreases to a level no longer requiring DIRMOBFOR support, the DIRMOBFOR will coordinate with 1AF/CS and AFNORTH/JFACC for re-deployment back to home station.

GERALD A. DONOHUE, Major General, USAF
Director of Operations, Strategic Deterrence and
Nuclear Integration

DIRMOBFOR COURSE QUOTA ALLOCATION PROCESS

Table A2.1. DIRMOBFOR Course Quota Allocation Process.

Action	Description	Timeline (NLT) D = Class Start Date	OPR	OCR(s)
AMC/A345 will initiate DIRMOBFOR Course Quota Allocation Process	Notify 18 AF, USAFEC, AMC/CS, A3G, & A3H via email	D-120 days	AMC/A345	18AF, USAFEC, AMC/CS, A3G, & A3H
18 AF, USAFEC, AMC/CS, A3G and A3H will begin their respective components' vetting process and compile a list of candidates	Review senior leader rosters, check availability, and determine primary and alternate candidates IAW para 3.1.3.	D-120 days	18 AF, USAFEC, AMC/CS, A3G, & A3H	18 AF/DO USAFEC/3/4/5/9
18 AF, USAFEC, AMC/CS, A3G and A3H will provide a list of primary candidates to A345		D-90 days	18 AF, USAFEC, AMC/CS, A3G, & A3H	AMC/A345
AMC/A345 will review any other MAJCOM and AFSAT seat requests and reallocate as necessary.		D-90 days	AMC/A345	MAJCOM/A1Ls AFSAT/DOX
AMC/A345 will ensure quota allocations are loaded with USAF EC/EOAR	Contact EC Registrar Office with allocations	D-75 days	AMC/A345	USAFEC/EOAR
AMC/A345 will coordinate with AMC/A1 Formal Training to load active duty and with A3G, & A3H to ensure their candidates are loaded into the course by AFPC		D-60 days	AMC/A345, A3G, & A3H	
If seats were reallocated, selected MAJCOM/A1Ls and AFSAT/DOX will ensure their candidates are properly vetted and loaded with AFPC		D-60 days	MAJCOM/A1Ls AFSAT/DOX
