2.5.1.1. Adversely affect the health, safety, morale, welfare or discipline of personnel, regardless of status.

2.5.4. Records of board proceedings will be maintained by the board recorder as prescribed by records management policies.

2.6. Off-Limits Establishments and Areas

2.6.1. The establishment of off–limits areas is a function of command. It may be used by 319 RW/CC to help maintain good order and discipline, health, morale, safety and welfare of personnel assigned to the 319 RW. Off-limits action is also intended to prevent personnel from being exposed to or victimized by crime-conducive conditions. Where sufficient cause exists, the 319 RW/CC retains substantial discretion to declare establishments or areas temporarily off-limits to personnel assigned to the 319 RW. Temporary off-limits restrictions issued by the 319 RW/CC in an emergency situation will be acted upon by the GFDCB as a first priority. As a matter of policy, a change in ownership, management or name of any off-limits establishment does not, in and of itself, revoke the off-limits restriction.

2.6.2. Military members assigned to Grand Forks AFB are prohibited from entering establishments or areas declared off-limits according to this regulation. Violations may subject the member to disciplinary action per applicable Air Force instructions and the Uniform Code of Military Justice. Family members of military personnel and others associated with the installation should be made aware of off-limits restrictions. As a general policy, these establishments will not be visited by personnel in a law enforcement capacity unless specifically determined by the 319 RW/CC or board president that visits or surveillance is warranted.

2.6.3. Except when emergency situations exist, prior to initiating GFDCB action, the 319 RW/CC or board president will attempt to correct adverse conditions or situations through the assistance of civic leaders or officials.

2.6.4. Except when emergency situations exist, prior to recommending off-limits restriction, the GFDCB recorder will send a written notice (certified mail; return receipt requested) to the individual or firm responsible for the alleged condition or situation. In the notice, the GFDCB will specify a reasonable time for the condition or situation to be corrected, along with the opportunity to present any relevant information to the board. If subsequent investigation reveals the responsible person has failed to take corrective action, the board will recommend the imposition of the off-limits restriction (see **para 2.6.1**).

2.6.5. A specified time limit will not be established when an off-limits restriction is invoked. The adequacy of the corrective action taken by the responsible individual will be the determining factor in removing an off-limits restriction.

2.6.6. A person whose establishment or area has been declared off–limits may, at any time, petition the president of the board to remove the off–limits restriction. The petition will be in writing and will include a detailed report of action taken to eliminate the condition or situation that caused imposition of the restriction. The president of GFDCB may direct an investigation to determine the status of corrective actions noted in the petition. The board will either recommend removal or continuation of the off-limits restriction to the board president based on the results of the investigation.

2.6.7. Off-limits signs will not be posted on civilian establishments by US military authorities.

2.7. Meetings

2.7.1. The board will physically meet in October of each year and as often as needed as determined by the 319 RW/CC or GFDCB president. The president of the board may specify whether the meetings will be open or closed. Normally proceedings will be closed, but may be opened to the public.

2.7.2. Special meetings may be called by the president of the board when:

2.7.2.1. The president of the board is presented with information that is considered detrimental to the good order and discipline, health, morale, welfare, safety of installation personnel.

2.7.2.2. The president of the board is presented with information of circumstances involving discrimination based on race, color, gender, religion, age, sexual orientation or national origin.

2.7.2.3. The president receives a request from a proprietor placed on the off-limits restriction list, IAW **paragraph 2.11**

2.7.2.4. The president of the board receives new information that indicates restriction is no longer appropriate.

2.7.3. A majority of voting members constitutes a quorum for board proceedings.

2.7.4. Special meetings may occur through teleconference if a physical meeting in impracticable. The board recorder will note all members that are present in person and telephonically in the minutes of the meeting.

2.8. Attendance of Observers or Witnesses

2.8.1. The board may invite individual persons or organization representatives as witnesses or observers if they are necessary or appropriate for the conduct of board proceedings. The below listed authorities may assist in addressing installation concerns or issues.

2.8.1.1. Federal, State, local judicial, legislative and law enforcement officials.

2.8.1.2. Housing regulation and enforcement authorities.

2.8.1.3. Health and social service authorities.

2.8.1.4. Environmental protection authorities.

2.8.1.6. Equal employment opportunity authorities.

2.8.1.7. Consumer affairs advocates.

2.8.1.8. Chamber of Commerce representatives.

2.8.1.9. Public works or utility authorities.

2.8.1.12. Any other representation deemed appropriate by the sponsoring commander such as news media, union representatives and so forth.

2.8.2. Invited witnesses and observers will be listed in the minutes of the meeting.

2.9. Appropriate Areas for Board Consideration

2.9.1. The board will study and take appropriate action on all reports of conditions considered detrimental to the good order and discipline, health, morale, welfare, safety and morals of installation personnel. These adverse conditions include, but are not limited to, those identified in **paragraph 2.4.1.2**

2.9.2. The board will immediately forward to the 319 RW/CC reported circumstances involving discrimination based on race, color, sex, religion, age or national origin.

2.10. Off-Limits Procedures

2.10.1. The decision tree (see **Attachment 2**) is an example of how the off-limits decision making process should occur. Off-limits restrictions should be invoked only when there is substantive information indicating an establishment or area frequented by 319 RW personnel presents conditions which adversely affect their health, safety, welfare, morale or morals. It is essential that the board not act arbitrarily and actions must not be of a punitive nature. The board should work in close cooperation with local officials and proprietors of business establishments and seek to accomplish their mission through mutually cooperative efforts. The board should encourage personal visits by local military and civilian enforcement or health officials to establishments considered below standard. The GFDCB should point out unhealthy conditions or undesirable practices to establishment owners or operators to produce the desired corrective action.

2.10.2. In cases involving discrimination, the board should not rely solely on letters written by the Equal Opportunity Office and Military Affairs Committee or investigations of alleged racial discrimination and should review underlying evidence from complainants (e.g. letters, emails, or other information).

2.10.3. If the board decides to attempt to investigate or inspect an establishment, the president or a designee will prepare and submit a report of findings and recommendations at the next meeting. This procedure will ensure complete and documented information concerning questionable adverse conditions.

2.10.4. When the board concludes that conditions are adverse to military members, the owner or manager will be sent a letter of notification (see **Attachment 3**). This letter will advise him or her to raise standards by a specified date and if such conditions or practices continue, off-limits proceedings will be initiated. Any correspondence with the individuals responsible for adverse conditions which may lead to off-limits action will be by certified mail.

2.10.5. If a proprietor takes remedial action to correct undesirable conditions previously noted, the board should send a letter of appreciation (see **Attachment 4**) recognizing this cooperation.

2.10.6. If undesirable conditions are not corrected, the proprietor will be invited to appear before the GFDCB to explain why the establishment should not be placed off-limits (see **Attachment 5**). Any proprietor may designate, in writing, a representative to appear before the board on his or her behalf.

2.10.7. In cases where proprietors have been invited to appear before the board, the president of the board will perform the following:

2.10.7.1. Prior to calling the proprietor:

2.10.7.1.1. Review the findings and decision of the previous meeting.

2.10.7.1.2. Call for inspection reports.

2.10.7.1.3. Allow those present to ask questions and discuss the case.

2.10.7.2. When the proprietor or his or her representative is called before the board:

2.10.7.2.1. Present the proprietor with a brief summary of the complaint concerning the establishment.

2.10.7.2.2. Afford the proprietor an opportunity to present matters in defense.

2.10.7.2.3. Invite those present to question the proprietor. After the questioning period, provide the proprietor an opportunity to make a final statement before being dismissed.

2.10.8. Deliberations on recommended actions will be in closed session, attended only by board members.

2.10.9. The board should recommend off-limits restriction only after the following:

2.10.9.1. The letter of notification (see **Attachment 3**) has been sent.

2.10.9.2. An opportunity for the proprietor to appear before the board has been extended.

2.10.9.3. Further investigation indicates that improvements have not been made.

2.10.10. The minutes will indicate the GFDCB's action in each case. When a recommendation is made to place an establishment off-limits, the minutes will show the procedural steps followed in reaching the decision.

2.10.11. Recommendations of the GFDCB will be submitted to the 319 RW/CC for approval.

2.10.12. Upon approval of the GFDCB's recommendations, the president will write the proprietor that the off–limits restriction has been imposed (see **Attachment 6**).

2.10.13. A time limit should not be specified when an off–limits restriction is imposed. The adequacy of the corrective action taken by the proprietor of the establishment must be the determining factor in removing the off-limits restriction.

2.10.14. In emergencies, the 319 RW/CC may temporarily declare establishments or areas off-limits to personnel assigned to the 319 RW (see **Attachment 7**). The circumstances for the action will be reported as soon as possible to the GFDCB. Detailed justification for this emergency action will be provided to the board for its deliberations.

2.10.15. The GFDCB will publish a list of off-limits establishments and areas using 319 RW/PA media channels or other available means to ensure the widest possible dissemination.

2.11. Removal of Off–Limits Restrictions

2.11.1. Removal of an off–limits restriction requires GFDCB action and approval by the 319 RW/CC. Proprietors of establishments declared off-limits should be advised that they may petition the appropriate GFDCB at any time. In their petition, they should submit the reason why the restriction should be removed. A letter of notification for continuance of the off-limits restriction should be sent to the proprietor, if the sponsoring commander does not remove the off-limits restriction (see **Attachment 8**). The proprietor may appeal to the next higher commander after exhausting all appeals at the local sponsoring commander level. The GFDCB shall appoint a designee who should make at least quarterly inspections of off-limits establishments. A statement that an inspection has been completed should be included in GFDCB minutes.

2.11.2. When the board learns the proprietor has taken adequate corrective measures, the GFDCB will take the following actions:

2.11.2.1. Discussthematteratthenextmeetingandmakeanappropriate recommendation.

2.11.2.2. Forward a recommendation for removal of the off-limits restriction to the board president. If approved, a letter removing the restriction (see **Attachment 9** or **Attachment 10**) will be sent to the proprietor.

2.11.2.3. Reflect action taken in the minutes.

2.12. Minutes

2.12.1. Minutes will be prepared by the board recorder in accordance with administrative formats for minutes of meetings prescribed by the sponsoring commander (see **Attachment 11**). The written minutes of GFDCB meetings will constitute the official record of the GFDCB proceedings. Verbatim transcripts of board meetings are not required. The reasons for approving or removing an off-limits restriction, including a complete address of the establishment or area involved, should be indicated in the order of business. In addition, the GFDCB's action will be shown in the order or sequence of actions taken. A change in the name of an establishment or areas in an off-limits restriction will also be included.

2.12.2. Distribution of the minutes of GFDCB meetings will be limited to the following:

2.12.2.1. Each voting member.

2.12.2.2. Civilian and governmental agencies within the State of North Dakota in which member installations are located having an official interest in the functions of the board, if appropriate, in accordance with the Freedom of Information Act and the Privacy Act.

2.12.3. The GFDCB minutes are subject to release and disclosure in accordance with applicable federal laws, Air Force instructions and Department of Defense directives.

2.12.4. Minutes and recommendations of the board will be forwarded to the board president for approval.
