Pages: 7

This instruction implements Air Force Policy Directive (AFPD) 10-4, *Operations Planning: Air Expeditionary Force and Global Force Management*, and establishes local policies and procedures for the Kadena Reception Working Group (KRWG). It applies to all organizations assigned or attached to Kadena Air Base (KAB). Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed of in accordance with (IAW) the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility (OPR) using the Department of the Air Force (DAF) Form 847, *Recommendation for Change of Product*; route DAF Forms 847 from the field through the appropriate functional chain of command.

SUMMARY OF CHANGES

This document has been revised and needs to be completely reviewed. Major changes include the 18th Wing Commander (18 WG/CC) delegation authority to the KRWG chairs for specific missions and roles and responsibilities for KRWG members.

1. General. The KRWG coordinates support requirements for proposed deployments or temporary duties (TDY) to KAB. It also serves as an official communication conduit to ensure effective reception and bed-down of incoming units. The KRWG is co-chaired by the 18th Wing Installation Deployment Readiness Cell (IDRC) and the 18th Wing Plans Office (18 WG/A35). The KRWG provides a feasibility analysis to the 18 WG/CC regarding the installation's ability to support mission requirements.

1.1. The KRWG Does not approve requirements defined as a basing action by Department of the Air Force Instruction (DAFI) 10-503, *Strategic Basing*, paragraph 1.5 or paragraph 1.6..

1.2. Requirements that may meet the definition of a basing action should be submitted to 18 WG/A35 for coordination.

2. Missions Requiring Coordination. Units flying aircraft or deploying ground forces to KAB that intend to remain overnight, operate from, or make use of KAB facilities and resources must coordinate with the KRWG prior to arrival unless the mission meets the exception criteria outlined in **Paragraph 3**.

2.1. Use of KAB facilities by any foreign aircraft require prior authorization. Consult AFI 10-1801, *Foreign Governmental Aircraft Landings at United States Air Force Installations*, and applicable Status of Forces Agreement (SOFA) or International Agreements for processing.

3. Exceptions. The following types of deployments do not require KRWG coordination. These missions are not exempt from the Prior Permission Required (PPR) process and must submit a PPR request no later than 24 hours in advance. Airfield Management (18 OSS/OSAA) approves requests and assigns parking IAW Kadena Air Base Instruction 13-204, *Airfield Operating Instruction*.

3.1. Air Mobility Command (AMC) and Pacific Air Forces (PACAF) channel traffic.

3.2. AMC, PACAF, or Transportation Command (TRANSCOM) aeromedical evacuation flights.

3.3. AMC/PACAF special assignment airlift missions.

3.4. Aircraft deployed to SAFE HAVEN bases in support of typhoon evacuation plans.

3.5. Transient aircraft that are authorized to be on the ground for a maximum of 72 hours without conducting operations, as per the recommendation of 18 OSS/OSAA and with the approval of the KRWG Co-Chairs.

3.6. Distinguished Visitor (DV) designated aircraft (O-6 and above).

3.7. Any aircraft in support of activated OPLANS (e.g., OLYMPIC TITAN, COBRA BALL).

3.8. United Nations Command-Rear (UNC-R) rotations.

3.9. All Air National Guard (ANG)/Air Force Reserve Command (AFRC) on Annual Tours that are not bringing assets which require Base Defense oversight. These units do not need to follow the KRWG process but must be approved by the respective unit commander.

4. Delegation of Approval Authority. The 18 WG/CC is the approval authority for all non-HHQ-directed movements to KAB. The 18 WG/CC delegates approval authority to the Chair of the KRWG for the following visits to Kadena when all 18 WG Group Commanders concur with the visit:

4.1. Aircraft executing a one-time stop (i.e., one landing and one takeoff planned).

4.2. Four or fewer aircraft requesting to visit five nights or fewer.

4.3. Commander Fleet Activities Okinawa (CFAO) P-8, C-2, and CMV-22 rotational deployments.

4.4. Helicopter units assigned to Marine Corps Air Station (MCAS) Futenma conducting local sorties.

4.5. Department of War units requesting installation access for exercise participation that does not include airfield access and/or aircraft, and units are assigned facility space allocated to KRWG support by 18 CEG/CC.

5. Roles and Responsibilities.

5.1. KRWG Chairs. The 18 WG Installation Deployment Officer (IDO) and 18 WG/A35 will chair the KRWG. The Chairs are responsible for outlining the intent of the reception and executive sessions.

5.1.1. 18 WG IDRC serves as the subject matter experts (SME) for all contingency and exercise deployment taskings.

5.1.2. 18 WG/A35 is responsible for coordinating 18 WG/CC approvals and denials.

5.2. Executives. Group Commanders, or designated deputies, serve as the executive members of the KRWG. Executive sessions are used for approving and denying group-level support capabilities prior to 18 WG/CC decision for each request.

5.3. Action Officers. Installation and unit-appointed representatives that serve as SMEs for their functional areas participate as action officers for receptions. Members are expected to attend KRWG meetings and prepare inputs on support capabilities. Refer to **Table 1** for KRWG Action Officers.

5.4. Visiting Units. Units deploying to KAB will use established KAB points of contact (POC) from local functional areas listed in the 18 WG Reception Welcome Packet to coordinate support requirements, to include: lodging, workspace, aerospace ground equipment, communications, vehicles, fuel, munitions, and medical support as required. The requesting unit will complete the KRWG Reception Form and provide it to 18 WG/A35 (**18WG.A35.Plans@us.af.mil**) and 18 LRS IDRC (**18LRS.LGRDX.plansandprograms@us.af.mil**).
