-FPCON-ALERT-

CURRENT
FORCE PROTECTION CONDITION

ALPHA

FPCON ALPHA: THIS CONDITION APPLIES WHEN THERE IS AN INCREASED GENERAL THREAT OF POSSIBLE TERRORIST ACTIVITY AGAINST PERSONNEL OR FACILITIES, THE NATURE AND EXTENT OF WHICH ARE UNPREDICTABLE, AND CIRCUMSTANCES DO NOT JUSTIFY FULL IMPLEMENTATION OF FPCON BRAVO MEASURES. HOWEVER, IT MAY BE NECESSARY TO IMPLEMENT CERTAIN MEASURES FROM HIGHER FPCONS RESULTING FROM INTELLIGENCE RECEIVED OR AS A DETERRENT. UNITS SHOULD BE CAPABLE OF SUSTAINING THE MEASURES IN THIS FPCON INDEFINITELY

Immediate Actions to be taken during FPCON ALPHA:

1. Were FPCON "ALPHA" signs posted appropriately on all entry/exit doors?
2. At regular intervals, brief personnel on the updated threat and inform/remind personnel of the effect of FPCON "ALPHA" and the measures to be taken. Ensure personnel arriving for duty are briefed on the threat. Also, remind them to be alert for and to report suspicious activities, such as the presence of unfamiliar personnel and vehicles, suspicious parcels, and possible surveillance attempts.
3. Were key personnel briefed on the threat received from intelligence sources?
4. Were key personnel with access to building plans as well as the plan for area evacuations kept available at all times?
5. Were all buildings, rooms, storage areas, and offices secured when not in use?
6. Are all windows locked and only opened if existing emergency or condition dictates (i.e., air condition failure) and are access points limited to the reasonable flow of traffic?
7. Did you secure all access to heating, ventilation, and air conditioning (HVAC) Mechanical Rooms? Lock and control the access to all interior and exterior doors that contain HVAC equipment?
8. Did you secure all access to hazardous and flammable material storage areas, especially storage areas where bulk quantities of hazardous or flammable materials are stored?
9. Have you reviewed all higher FPCON measures?

All FPCON Measures can be found in Tab _____ of the Emergency Response Notebook
