Vision

Every Airman and family member thrives

Mission

Provide strategic solutions to optimize resilience and to maximize prevention and response to social and family violence

Dr. Mamie Futrell
Community Support Coordinator (CSC)

- Primary point of contact for master resilience trainers (MRTs), Resilience Training Assistants (RTAs), Wingman Days, and Employee Assistance Program (EAP).
- Serves as the installation subject matter expert (SME) for resilience program and activities, the Community Action Team (CAT) and the Community Action Board (CAB).
- **Community Action Team (CAT)**: Comprised of installation and community helping agencies who meet monthly to gather, analyze and develop solutions on community issues related to resilience, quality of life, community needs and gaps in services.
- **Community Action Board (CAB)**: Senior leader driven forum organized to identify and resolve quality of life issues impacting Total Force (TF) readiness. This forum promotes CAT initiatives and assists in the development and implementation of local solutions to support the TF. This board meets 4 tines throughout the year.
