This supplement implements and extends the guidance of the AFI 40-701, *Medical Support to Family Member Relocation and Exceptional Family Member Program (EFMP)*. This instruction applies to Fairchild Air Force Base. This supplement establishes guidelines for the purpose of identifying family members with special needs and to identify the availability of medical and educational services required for family members prior to reassignment. The purpose of this supplement is to describe the procedures for managing the EFMP process to support Fairchild AFB and personnel assigned/attached. This supplement outlines additional Fairchild AFB procedures for processing travel clearances for active duty Air Force personnel and their family members who are making a PCS to an OCONUS or CONUS assignment.

Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with (IAW) Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW with the Records Disposition Schedule (RDS). Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the Air Force (AF) Form 847, *Recommendation for Change of Publication*; route AF Form 847 from the field through the appropriate functional's chain of command.This publication may be supplemented at

any level, but all supplements must be routed to the OPR of this publication for coordination prior to certification and approval.

1. Process Structure and Administrative Overview.

1.1. All active duty AF sponsors assigned to Fairchild Air Force Base, regardless of location of dependents, will go through the family member clearance process with the 92d Medical Group (MDG) EFMP-M office. This includes family members empanelled to Fairchild Air Force Base and civilian network providers.

2. Responsibilities and Duties of Key Positions.

2.1. The EFMP-M office will provide training to 92 ARW Military Personnel Section (MPS) personnel that process assignments as requested.

2.2. The MPS will direct members to the 92 MDG EFMP-M office for assistance when applying for Exceptional Family Member Program Reassignment/Deferment.

2.3. The 92 ARW Force Support Squadron (FSS) forwards the current Q-Code list to the 92d Medical Group 92 MDG/FMRCC monthly.

2.3.1. The 92 FSS ensures that members from GSUs are referred to 92 MDG/FMRCC for screening of family members prior to issuance of OCONUS orders.

2.3.2. The MPS will direct any sponsors with positive responses on AF Form 4380 to the EFMP-M office as soon as possible in order to avoid any delays to assignment processing.

2.3.3. The EFMP-M office will be added to the 92 FSS/MPF virtual out-processing checklist. All FMRC Coordinators and Special Needs Coordinator (SNC) will have access to the names of active duty members with pending duty assignment changes.

2.3.4. The 92 FSS ensures all active duty members receive notification via vMPF to initiate the FMRC review through 92 MDG/FMRCC immediately after receiving OCONUS assignment notification, to ensure receipt of orders in a timely manner.

2.3.5. The MPS will provide the AF Form 4380 to sponsors wishing to command sponsor dependents. All positive forms will be directed to the EFMP-M office for identification of any medical or educational needs.

2.4. The 92 MDG EFMP-M office will coordinate incoming facility determination inquiries (FDIs) for civilians in the same routing manner as active duty.

2.4.1. The EFMP-M office can provide documentation supporting EFMP enrollment in order to obtain resources.

2.5. Annual EFMP training for all 92 MDG medical providers may be completed via Computer Based Training or briefing and is tracked by both 92 MDG Education and Training Office as well as the FMRCC.

2.6. The policies, responsibilities, and procedures for all MDG personnel who have roles in the EFMP process are documented in MGI 41-30, *Processing* of *Family Member Relocation Clearances*.

2.7. The FMRCC reviews all positive AF Form 4380s received from 92 MDG Right Start and 92 FSS/MPS. This will initiate a contact to the sponsor in order to determine need for EFMP enrollment.

2.8. School Liaison Officer.

2.8.1. Families with concerns regarding educational issues will be referred to the Fairchild School Liaison Officer (SLO).

2.8.2. If the SLO becomes aware of a family with an individual education plan and/or individual family service plan, the family will be referred to the EFMP-M office if they are not enrolled in EFMP.

2.9. Family Housing Office.

2.9.1. When a FDI for a family has identified a requirement for modified housing, the EFMP-M office will contact the Family Housing Office in order to identify availability. The FMRCC or SNC will designate the response on the FDI coversheet.

3. Operating Procedures and Standards.

3.1. All sponsors with dependents will complete AF Form 4380 at Medical Right Start. All positive AF Form 4380s will be sent to the 92 MDG EFMP office for enrollment determination.

3.2. Currently enrolled EFMP sponsors will be contacted after 92 MDG Medical Right Start to update their contact information.

3.3. The SNC is able to assist the sponsor in navigating the EFMP reassignment process. However, only the sponsor can initiate an appeal. If a sponsor declares non-recommended family members will travel to the gaining location, the SNC will notify the gaining SNC, the losing SGH and MTF/CC.

3.4. Sponsors may contact the SNC in order to assist with processing.

BRIAN M. NEWBERRY, Colonel, USAF
Commander, 92d Air Refueling Wing
